

# SAN DIEGO COMMUNITY COLLEGE DISTRICT

## Administrative Procedure

### Chapter 5 – Student Services

#### AP 5700 – ATHLETICS

---

The District is a member of the California Community College Athletic Association (CCCAA) and is governed by the rules of the CCCAA constitution and bylaws. The colleges will provide an athletics program and physical education curriculum based on the most recent constitution and bylaws of CCCAA and conference(s) in which the colleges are members.

The Athletics Department is committed to student-athlete academic success and shall monitor and track student-athlete academic performance.

The Athletics Department is committed to nondiscrimination and providing equitable opportunities, benefits, and resources to all students. This commitment promotes an atmosphere that is free from harassment or discrimination within all athletic program activities and classes.

Changes to the Intercollegiate Athletics program curriculum will follow the procedures outlined in AP 5300.2, *Courses of Instruction and Educational Program Approval*. Athletic programmatic procedures are contained in the Athletics Department Staff Handbook and information kept in the Athletics Director's Office.

The District shall submit conference, state, and federal compliance reports as required.

Any fundraising activities conducted by a member of the Athletics Department shall follow approval procedures prior to the proposed event as outlined in the Athletics Department Staff Handbook. All fundraising and trust account activities shall follow the procedures established by the District Fiscal Services Office.
