Note from the Chancellor's Office

In 2006, the Chancellor's Office became aware that a statement in "The Program and Course Approval Handbook" (2003) contradicted the requirements for a major in Title 5 Section 55063. The statement allowed community colleges to offer "transfer studies degrees." which were intended to provide transfer students with associate degrees after they satisfied the lower-division general education requirements for a CSU or UC. Once it was determined "General Education Transfer Patterns" did not, by themselves, satisfy the requirements for a major, the programs were no longer allowed. The change impacted virtually every California community college.

In 2007, Title 5 Section 55063 (a), was revised to allow community colleges to develop associate degrees requiring 18 or more semester units in a major or area of emphasis. California community colleges were provided with an opportunity to request to convert a "non-compliant degree" to a "compliant degree or certificate of achievement."

Research Note

This report includes degrees and certificates conferred Summer 2010, Fall 2010 and Spring 2011 to align with MIS reporting. Summer 2011 awards will be included in the 2011/12 report.
