Accommodations for Nursing Mothers

In accordance with Assembly Bill 2785, students with infant children have the right to express milk or breast-feed their child while on campus. Students who need to miss class for this purpose must be allowed a reasonable amount of time to attend to such needs with no academic penalties imposed. Additionally, instructors must grant students a reasonable time to make up any missed work.

Students who need this accommodation will be required to provide their instructor advanced notice with verification of this need from DSPS.
