

San Diego's community colleges urgently need to upgrade and repair outdated educational facilities

If approved, a **2024 BOND MEASURE** would provide new state-of-the-art facilities and technology upgrades to better prepare students for successful careers that would support their families and contribute to our region's economic growth.

Preparing San Diego's workforce and the local economy for a bright future

For more than 50 years, the San Diego Community College District has been the foundation for building better futures for its students. If approved, a 2024 BOND MEASURE would enable us to keep that foundation strong and vibrant.

Visit sdccd.edu/bond2024 for information on the bond process and timeline.

The SDCCD has consistently maintained high ratings from Standard and Poor's, Moody's, and Fitch rating agencies for its management of existing bonded indebtedness.

Through the Citizens' Oversight Committee, the SDCCD has worked to ensure transparency and accountability, and to be good stewards of taxpayer funds through bond refinancing that saved taxpayers \$340 million.

"This summer, the Board of Trustees of the San Diego Community College District will consider placing a bond measure on the November 2024 ballot. This ballot measure, if approved by the voters, would provide critical funding to upgrade, repair, and renovate aging classrooms and facilities at our local community colleges."

—SDCCD Chancellor Gregory Smith

Board of Trustees: Geysil Arroyo, Mary Graham, Craig Milgrim, Bernie Rhinerson, Maria Nieto Senour, Ph.D.

Chancellor: Gregory Smith

Presidents: Ricky Shabazz, Ed.D., San Diego City College; Ashanti T. Hands, Ed.D., San Diego Mesa College; P. Wesley Lundburg, Ph.D., San Diego Miramar College; Tina M. King, Ed.D., San Diego College of Continuing Education

The San Diego Community College District includes San Diego City College, San Diego Mesa College, San Diego Miramar College, and the San Diego College of Continuing Education. The SDCCD is governed by its Board of Trustees. No oral or written agreement is binding on the San Diego Community College District without the express approval of the Board of Trustees.

SAN DIEGO
COMMUNITY COLLEGE DISTRICT

PROPOSED
2024 BOND MEASURE
PURPOSE & NEED

Each of the San Diego Community College District's four colleges — City, Mesa, Miramar, and Continuing Education — has developed a comprehensive facility plan identifying priority projects that could be funded by a 2024 bond measure.

Our community and our economy depend on the colleges of the San Diego Community College District

As San Diego's leading provider of job training — including for first responders, nurses, emergency medical technicians, and for careers in biotechnology, cyber defense and sustainability — our community and our economy depend on San Diego's community colleges to provide cutting-edge facilities and programs that respond to changing industry needs.

FIRE PROTECTION TECHNOLOGY PROGRAM

The San Diego Community College District has not had a bond measure on the ballot for more than 18 years. During that time, while some infrastructure investments have been made, District facilities have continued to age, and there is a growing need for new facilities to house advanced job training and educational programs.

**SAN DIEGO
COMMUNITY COLLEGE
DISTRICT**

If approved, a 2024 bond measure would focus on the most needed facilities.

- Upgrade job training facilities for high-wage jobs in construction, electrical, manufacturing, auto technology, and computer technology.
- Upgrade classrooms and labs to train nurses and other health care workers.
- Upgrade instructional technology for Science, Engineering, Arts, and Math programs.
- Upgrade classrooms and labs for firefighter/paramedic and other first responder programs.
- Repair outdated, deteriorating classrooms, labs, and college buildings.
- Create facilities for training veterans and active-duty military.
- Increase the use of solar/renewable energy to reduce energy costs and benefit the environment.
- Create new affordable student housing to help address San Diego's housing shortage.
- Create new childcare facilities for student families.
