California School Employee Tuberculosis (TB) Risk Assessment Questionnaire

(for pre-K, K-12 schools and community college employees, volunteers and contractors)

- Use of this questionnaire is required by California Education Code sections 49406 and 87408.6, and Health and Safety Code sections 1597.055 and 121525-121555.^
- The purpose of this tool is to identify <u>adults</u> with infectious tuberculosis (TB) to prevent them from spreading disease.
- Do not repeat testing unless there are <u>new risk factors since the last negative test</u>.
- Do not treat for latent TB infection (LTBI) until active TB disease has been excluded:

 For individuals with signs or symptoms of TB disease or abnormal chest x-ray consistent with TB disease, evaluate for active TB disease with a chest x-ray, symptom screen, and if indicated, sputum AFB smears, cultures and nucleic acid amplification testing.

 A negative tuberculin skin test (TST) or interferon gamma release assay (IGRA) does not rule out active TB disease.

Name of Person Assessed for TB Risk Factors:						
Assessment Date: Date of Birth:						
	History of Tuberculosis Disease or Infection (Check appropriate box below)					
	Yes • If there is a <u>documented</u> history of positive TB test or TB disease, then a symptom review and chest x-ray (if none performed in the previous 6 months) should be performed at initial hire by a physician, physician assistant, or nurse practitioner. If the x-ray does not have evidence of TB, the person is no longer required to submit to a TB risk assessment or repeat chest x-rays.					
	No (Assess for Risk Factors for Tuberculosis using box below)					
TB testing is recommended if any of the 3 boxes below are checked						
	One or more sign(s) or symptom(s) of TB disease • TB symptoms include prolonged cough, coughing up blood, fever, night sweats, weight loss, or excessive fatigue.					
	 Birth, travel, or residence in a country with an elevated TB rate for at least 1 month Includes countries other than the United States, Canada, Australia, New Zealand, or Western and North European countries. Interferon gamma release assay (IGRA) is preferred over tuberculin skin test (TST) for non-US-born persons. 					
	Close contact to someone with infectious TB disease during lifetime					
	Treat for LTBI if TB test result is positive and active TB disease is ruled out					

^The law requires that a health care provider administer this questionnaire. A health care provider, as defined for this purpose, is any organization, facility, institution or person licensed, certified or otherwise authorized or permitted by state law to deliver or furnish health services. A Certificate of Completion should be completed after screening is completed (page 3).

Certificate of Completion Tuberculosis Risk Assessment and/or Examination

To satisfy **job-related requirements** in the California Education Code, Sections 49406 and 87408.6 and the California Health and Safety Code, Sections 1597.055, 121525, 121545 and 121555.

All sections of this authorization must be completely filled out before Sharp is permitted to disclose your protected health information.

<u>EXPLANATION</u>: This form authorizes the use or disclosure of protected health information in the manner described below and is voluntary. Sharp HealthCare will still provide medical treatment for you if you do not sign this authorization, except under limited circumstances that are described in our Notice of Privacy Practices. Please be aware that once your information leaves Sharp HealthCare, Sharp HealthCare will no longer be able to protect that information, and the recipients of your information may not be legally required to protect your information.

NOTICE TO OCCUPATIONAL MEDICINE PATIENTS: California law allows your employer to access your health records only if you authorize the disclosure in writing, or for certain specific reasons. Some of the reasons include situations when your employer is required to do so by law; when you're involved in a lawsuit (or similar process) with your employer and your medical history is at issue; when the information requested was requested or paid for by your employer; when the information is required to evaluate your need for medical leave or disability related benefits; or when it is necessary to administer your employee benefits plan. If you have questions or concerns about whether any of the above situations apply to you, please notify your provider before beginning any procedure and consider notifying your employer.

AUTHORIZATION TO DISCLOSE SPECIFIC PROTECTED HEALTH INFORMATION:

Federal and State laws require us to obtain specific authorization from patients to release especially sensitive information. Sensitive information is defined as treatment or documentation related to HIV and AIDS test results; Psychiatric care, and Treatment for Alcohol or Drug Abuse. Be aware that we will automatically try to exclude these types of information unless you specifically identify them for release.

RESTRICTIONS: I understand that Sharp HealthCare may not further use or disclose the information described on the reverse side of this form unless another authorization is obtained from me or unless such use or disclosure is specifically required or permitted by law. I hereby release Sharp HealthCare from any/all liability that may arise from the release of this information to the party named on the reverse side of this form.

ADDITIONAL COPY: I further understand that I have a right to receive a copy of this authorization upon my request.

<u>DURATION:</u> I understand that I may revoke this authorization in writing at any time (see the Sharp HealthCare Notice of Privacy Practices for instructions), except to the extent that action has already been taken. Unless otherwise noted, this authorization will expire <u>one year</u> from the date of my signature.

CHARGES: If your health information is being released directly to you, you may be responsible for payment of a reasonable, cost based processing fee. The fee covers clerical costs as well as any/all costs associated with copying of the information.
