INDEPENDENT AUDITORS' REPORT

Board of Directors
San Diego Community College Auxiliary Organization
San Diego, California

Report on the Financial Statements

We have audited the accompanying statement of net position of San Diego Community College Auxiliary Organization (the Organization), a nonprofit organization and a component unit of the San Diego Community College District (the District), as of June 30, 2020, and the related statements of revenues, expenses, and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, which collectively comprise the Organization's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of June 30, 2020, and the changes in financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated January 21, 2021 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness on the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

**SAN DIEGO COMMUNITY COLLEGE AUXILIARY ORGANIZATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2020**

INTRODUCTION

This section of the San Diego Community College Auxiliary Organization's (the Organization) financial statements presents the analysis of the Organization's financial performance during the fiscal year that ended on June 30, 2020. Please read it in conjunction with the financial statements, which follow this section.

The Organization's general operations are supported by distributions from the Organization's endowment trust. These funds are used for District and campus support activities.

FINANCIAL HIGHLIGHTS

- The Organization's current liabilities increased \$135,876 or 14% during the course of the fiscal year ended June 30, 2020, due primarily to an increase in contributions to San Diego Promise Endowment in support of student scholarships and other scholarship funds.

OVERVIEW OF THE FINANCIAL STATEMENTS

The component unit financial statements include the Independent Auditors' Report, Management's Discussion and Analysis (MD&A) and financial statements with accompanying notes. Operating activities and nonoperating activities are presented separately on the Statement of Revenues, Expenses, and Changes in Net Position and the Statements of Cash Flows are presented using the direct method.

REQUIRED FINANCIAL STATEMENTS

The financial statements of the Organization report information about the Organization using accounting methods similar to those used by private sector companies. The following statements offer short-term and long-term financial information about its activities:

- The *Statement of Net Position* includes all of the Organization's assets and liabilities for the year ended June 30, 2020, and provides information about the nature and amounts of investments in resources (assets) and the obligation to the Organization's creditors (liabilities). It also provides the basis for computing rates of return, evaluating the capital structure, and assessing the liquidity and financial flexibility of the Organization.
- The *Statement of Revenues, Expenses, and Changes in Net Position* accounts for all of the Organization's revenues and expenses for the year ended June 30, 2020. This statement reflects the results of the Organization's operations over the year and can be used to determine the Organization's creditworthiness and its ability to successfully recover all its costs through service fees and other charges.
- The *Statement of Cash Flows* is required to provide information about the Organization's cash receipts and cash payments during the year ended June 30, 2020. This statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing and financing activities and provides answers to the questions of where cash came from, what cash was used for and what the changes in cash were for the reporting period covered.

**SAN DIEGO COMMUNITY COLLEGE AUXILIARY ORGANIZATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The financial statements of the San Diego Community College Auxiliary Organization (the Organization) have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as applied to governmental agencies. The Governmental Accounting Standard Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the Organization are described below:

The San Diego Community College Auxiliary Organization was formed as a California nonprofit public benefit corporation in 1990 pursuant to the general nonprofit corporation laws of the state of California as an auxiliary organization of the San Diego Community College District (the District) in accordance with the provisions of §72670 of the California Education Code for the primary purpose of promoting and assisting the programs of the District.

The Organization has its own Board of Directors composed of District faculty and administrators; however, the District maintains oversight responsibility for the Organization as carried out by the District Chancellor in accordance with the provisions of §72670 of the California Education Code. Since the District significantly influences its operations, the Organization's financial statements are included in the District's financial statements as a blended component unit. Should the Organization be dissolved, its assets remaining after payment of liabilities shall be distributed to the District.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, such as depreciation expense and the net book value of capital assets. Accordingly, actual results could differ from those estimates.

Financial Statement Presentation

The Organization's financial statements include a statement of net position, a statement of revenues, expenses, and changes in net position, and a statement of cash flows.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the statement of net position. The statement of revenues, expenses, and changes in net position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which they are incurred.

Operating revenues are those revenues that are generated from the primary operations of the organization. All other revenues are reported as nonoperating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as nonoperating expenses.

**SAN DIEGO COMMUNITY COLLEGE AUXILIARY ORGANIZATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Organization is a 509(a)(1) publicly supported nonprofit organization that is exempt from income taxes under Section 501(a) and 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private organization. The Organization is also exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code and is registered with the California Attorney General as a charity.

Income that is not related to exempt purposes, less applicable deductions, is subject to federal and state income taxes. The Organization did not have any net unrelated business income for the period ended June 30, 2020. It is management's belief that the Organization does not hold any uncertain tax positions that would materially impact the financial statements. The Organization's information and/or tax returns are subject to examination by the regulatory authorities for up to four years from the date of filing.

Cash and Cash Equivalents

The Organization considers all highly liquid deposits and investments with an original maturity of less than ninety days to be cash equivalents.

Investments

The Organization's method of accounting for investments is the fair value method. Fair value is determined by published quotes when they are readily available.

Capital Assets – Operations

The Organization has not adopted a policy to capitalize significant asset purchases in conformance with generally accepted accounting principles because the facilities and equipment used by the Organization for its operation are provided by the District.

Transfers from the San Diego Foundation

The San Diego Foundation makes annual transfers from its endowment trust funds to the Organization in accordance with the San Diego Foundation's investment and distribution policies. The trust funds at the San Diego Foundation were valued at \$28,511,929 as of June 30, 2020.

The San Diego Foundation's investment policy is to invest endowment funds in a diversified portfolio, which is structured for a long-term total return. To provide diversification and to moderate risk, investments are divided into carefully defined asset classes.

The San Diego Foundation's distribution policy allows for a 5% distribution annually, based upon endowment principal market value over the last 36 months at the request of the organization. The eligible distribution calculations are made on a monthly basis. If the market value of the endowment principal of any fund, at the end of each month, is less than the initial value of the contributions made to the endowment principal, then distributions will be limited only to interest and dividends received.

SAN DIEGO COMMUNITY COLLEGE AUXILIARY ORGANIZATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties

The COVID-19 Pandemic has recently affected global markets, supply chains, employees of companies and our communities. Management of the organization is taking appropriate actions to mitigate the impact. However, the economic impact of COVID-19 is unknown and cannot be reasonably estimated as of June 30, 2020.

NOTE 2 CASH AND INVESTMENTS

Cash and cash equivalents as of June 30, 2020 consisted of the following:

Checking	\$	34,539
Savings and Money Market Funds		646,245
Petty Cash		300
Total	\$	<u>681,084</u>

Cash and Cash Equivalents

Custodial credit risk is the risk that in the event of a bank failure, the Organization's deposits may not be returned to it. The Organization does not have a policy for custodial credit risk for deposits. The Organization's deposits at California Coast Credit Union and San Diego County Credit Union, inclusive of all cash and cash equivalents, are federally insured by the National Credit Union Administration (NCUA). The Organization's deposits at CitiBank and in the Union Bank checking account, inclusive of all cash and cash equivalents, are federally insured by the Federal Deposit Insurance Corporation (FDIC). As of June 30, 2020, the Organization's deposits were not exposed to custodial credit risk as deposits held in interest-bearing accounts did not exceed the \$250,000 insurance limit. The Organization's savings account at Union Bank is held as public funds in their Government Services unit, and is fully insured up to an unlimited amount. The Organization's certificate of deposits at Union Bank are brokered CDs insured by the FDIC, and do not exceed the \$250,000 insurance limit.

Investments

For the year ended June 30, 2020, all investments held in brokerage accounts were certificates of deposit.

NOTE 3 ACCOUNTS RECEIVABLE

The accounts receivable balance as of June 30, 2020 was \$3,998.

The Organization has not historically had difficulty collecting amounts due; accordingly, no allowance for uncollectible accounts has been recorded.

**SAN DIEGO COMMUNITY COLLEGE AUXILIARY ORGANIZATION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020**

NOTE 4 RELATED PARTY TRANSACTIONS

As described in Note 1, the Organization's purpose is to support the District's campuses and programs; therefore, transactions between the Organization and the District are expected. Per the Organization's Bylaws, certain colleges, continuing education, and district office personnel serve as members of the Organization's board of directors by virtue of their position at the San Diego Community College District.

NOTE 5 RISK MANAGEMENT

The Organization is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions and natural disasters. The Organization does not have any employees, therefore does not carry worker's compensation insurance. For general liabilities, the Organization is covered under the District's self-insurance program.

NOTE 6 SUBSEQUENT EVENTS

San Diego Community College Auxiliary Organization has evaluated subsequent events through January 21, 2021, the date the financial statements were available to be issued. Management did not identify any transactions that require disclosure or that would have an impact on the financial statements.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
San Diego Community College Auxiliary Organization
San Diego, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of San Diego Community College Auxiliary Organization (the Organization), which comprise the statement of net position as of June 30, 2020, and the related statements of revenues, expenses, and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 21, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the basic financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the basic financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
