CHAPTER 4—Instructional Services

BP 5160 HEALTH OCCUPATION INSTRUCTION—USE of CLINICAL FACILITIES

The Board of Trustees directs the Chancellor to assure through implementing procedures that the use of off-campus resources and facilities expands the career technical educational capability of health occupations instruction when such use is in conformance with the educational objectives of the San Diego Community College District Colleges and Continuing Education. The Chancellor is directed to develop and implement procedures based upon the following standards:

- 1) A fully executed agreement between the District and a clinical facility must be approved by the Board of Trustees and be on file at the District Office prior to assignment of any health occupations program students.
- 2) A clinical facility must be licensed by the State of California to operate as a health care facility.
- 3) The clinical facility must be willing to assist the District in helping to accomplish its educational objectives.

The district shall keep and submit such records and reports concerning approved clinical placement sites.
