

BCC is proud to announce that the My SmartCare mobile app for Flexible Spending Account debit card participants will be available January 1, 2014!

- Participants will be able to download the **free** My SmartCare app to any Android or iOS powered mobile device.
 - The app will be available in the Google Play store and the Apple iTunes store.
- No additional usernames or passwords to remember!
 - Participants will use their existing My SmartCare Portal credentials to log in to the app.
- Participants will have access anytime, anywhere to:
 - View detailed account information,
 - Check real-time account balances,
 - View recent transactions, and
 - Receive alerts and communications from BCC.
- A secure log in protects participant's personal information.
- An option to remember the user on a specific device will allow for faster access to account information.

BCC will provide employee communications and guidance regarding the app and its usage in coming weeks.

My SmartCare Portal is BCC's easy-to-use website for Flexible Spending Account debit card participants. They can securely manage their FSA funds and view their specific account information all in one convenient website.
