

San Diego Community College District

NANC JOB DESCRIPTION

Title: Airframe/Power Technician

Unit: Non-Academic/Non-Classified Service

Page: 1 of 1

Job Code: N1050

Original Date: 04/2018

Last Revision: 04/2018

Staff Type: NANCE

FLSA status: Non-Exempt

FUNCTION:

Under the direction of an assigned supervisor, assist in the instructional program by performing complex technical work in the Aviation Technician Program.

DESIRABLE QUALIFICATIONS:

Knowledge and skills necessary to research, inspect, repair, and maintain aircraft in accordance with regulations, policies, and procedures set forth by the Federal Aviation Administration and the aeronautical manufacturers and maintenance organizations of the aviation industry. Mechanic's Certificate with Airframe and/or Powerplant Ratings.

TYPICAL DUTIES INCLUDE:

- Provide training to students who are interested in maintaining aircraft, seeking to develop the skills required to meet FAA recognized construction standards, or seeking to upgrade their job skills.
- Operate and maintain equipment, machinery, and tools.
- Assist instructors and students in the use of a variety of equipment, materials, and tools.
- Provide appropriate safety training when necessary.
- Maintain instructional spaces in a safe, clean, and orderly condition.
