**Title:** Broadcast Technician

**Unit:** Non-Academic/Non-Classified Service

**Page:** 1 of 1

**Job Code:** N1130

**Original Date:** 04/2018

**Last Revision:** 04/2018

**Staff Type:** NANCE

**FLSA status:** Non-Exempt

---

### **FUNCTION:**

Under the direction of an assigned supervisor or manager, perform a variety of technical duties in support of KSDS radio station programming and operations.

### **DESIRABLE QUALIFICATIONS:**

Knowledge of radio station programming and production; procedures and techniques of operating and maintaining radio station production equipment; modern office practices, procedures, and equipment, including computer hardware and software; and record-keeping techniques. Ability to train and provide work direction to others; perform routine preventive maintenance on radio station production equipment; operate computer hardware and software; communicate effectively both orally and in writing; establish and maintain effective working relationships with others; and understand and follow oral and written directions. Sufficient training and experience to satisfactorily perform assigned duties.

### **TYPICAL DUTIES INCLUDE:**

- Train and provide work direction to others in the proper operation and care of radio station equipment.
- Assist on-air personnel with any problems encountered in the operation of equipment.
- Perform routine preventive maintenance on radio station production equipment.
- Maintain radio station operating log, program files, music library, and public inspection files required by the Federal Communications Commission
- Order and store equipment and supplies.
- Operate computers to access, create, update, and maintain files.
