

Dear SDCCD Employees:

National University (NUS) has an articulation agreement with California Community Colleges, in particular with SCCC, and works closely with the Transfer Centers at SDCCD by creating program pathways for SDCCD transfer students through offering the [ADT scholarship](#). In addition to the articulation agreement, National University offers employees (part-time & full-time) of the community colleges and their dependents a tuition reduction scholarship. With this scholarship, Community College employees and their dependents can pursue a degree (AS, BA, MA or PhD) at one of the affiliates of NUS: [National University](#), [City University of Seattle](#), and [Northcentral University](#).

National University is hosting webinars on a weekly basis.
Below are the links for the webinars:
