

# Equity in Focus: Using Data to Facilitate Change

**Workshop - May 16, 2025**

Credit Colleges Flex: 26349 | SDCCE Flex: 36468

# Bienvenidas/ os/ es

Natalia  
Córdoba-Velásquez  
Alarcón

*(she/her/ella)*  
Director OIER

**If you are comfortable, please introduce  
yourself in the chat!  
(Name, Pronouns, Title)**

# Session Learning Outcomes

1. Differentiate between reality, equality, and equity in educational contexts
2. Interpret data to uncover equity gaps and guide improvement strategies
3. Explore how disaggregated data can reveal disparities in student access, success, and completion
4. Understand how to translate data insights into equity-focused actions and decisions

# Educational Journey

- **Challenges**
- **Opportunities**
- **Goals**
- **Support Networks**

# Context

## Video 1

# Reality, Equality, and Equity: Understanding the Differences

# Key Concepts

**Equity:** impartial, and fair.

It is more than a value. It must be built into systems and structures to be truly achieved and sustained.

**Systematic Equity:** A purposeful system designed to promote fairness and social justice by guiding how ideas, power, resources, and outcomes are shared, so everyone has a fair chance to succeed.

**Racial Justice:** fair treatment for all races, leading to equal opportunities and outcomes. It is not just about being against racism, but about being for equity and ensuring everyone can reach their full potential.

# Equity Imperative

1

EQUALITY

imagines an  
equal world.

*"I care about all  
students equally"*

CENTER *for* URBAN  
EDUCATION

# Equity Imperative

2

But the world  
**ISN'T EQUAL.**

# Equity Imperative

3

Within this same picture, a **DIVERSITY** lens focuses only on bringing more students into an unequal pathway.

# Equity Imperative

4

And it has  
**BIAS AND  
SYSTEMIC  
RACISM.**

  
CENTER for URBAN  
EDUCATION

# Equity Imperative

5

In contrast, **EQUITY** redirects resources to the pathways with greatest need to fix barriers and intentionally provide support.

# Using Data to Reveal Equity Gaps and Drive Change

## Video 2

# Equity Imperative

**ENTERING STUDENT  
POPULATION**

**=  
EQUITY**

**GRADUATING STUDENT  
POPULATION**

# Disaggregated Data: Identifying Disparities in Access, Success, and Completion

# Equity Minded Competence

- Uses quantitative and qualitative data to identified patterns of practice and outcomes.
- Reflects on data and potential racial consequences.
- Exercise agency to produce racial equity.
- Actively self-monitors interactions with racially minoritized students

Image from : Minnesota State University

# Disproportionate Impact (DI)

- Indicator to assess significant gaps
- Compares one group to other groups
- Many methodologies. Example: 80% Rule

# Disproportionate Impact (DI)

**80% index = cohort group rate ÷ reference group rate**

*Table 2.* Course Success Rates by Ethnicity with 80% Rule Indices

Ethnicity	Cohort Count	Outcome Count	Success Rate	80% Index
African American	2,547	1,388	54.5%	74.8%
American Indian	213	144	67.6%	92.8%
Asian	9,834	7,166	72.9%	100%
Hispanic/Latina/o/x	35,055	22,304	63.6%	87.3%
Multi-Ethnic	2,261	1,468	64.9%	89.1%
Pacific Islander	286	153	53.5%	73.4%
White	16,696	11,878	71.1%	97.6%
Unknown	2,508	1,509	60.2%	82.6%
Total	69,400	46,010	66.3%	
<i>Note:</i> Red font is used to denote disproportionately impacted groups. <i>Source:</i> Vurdien et al. (2014)				

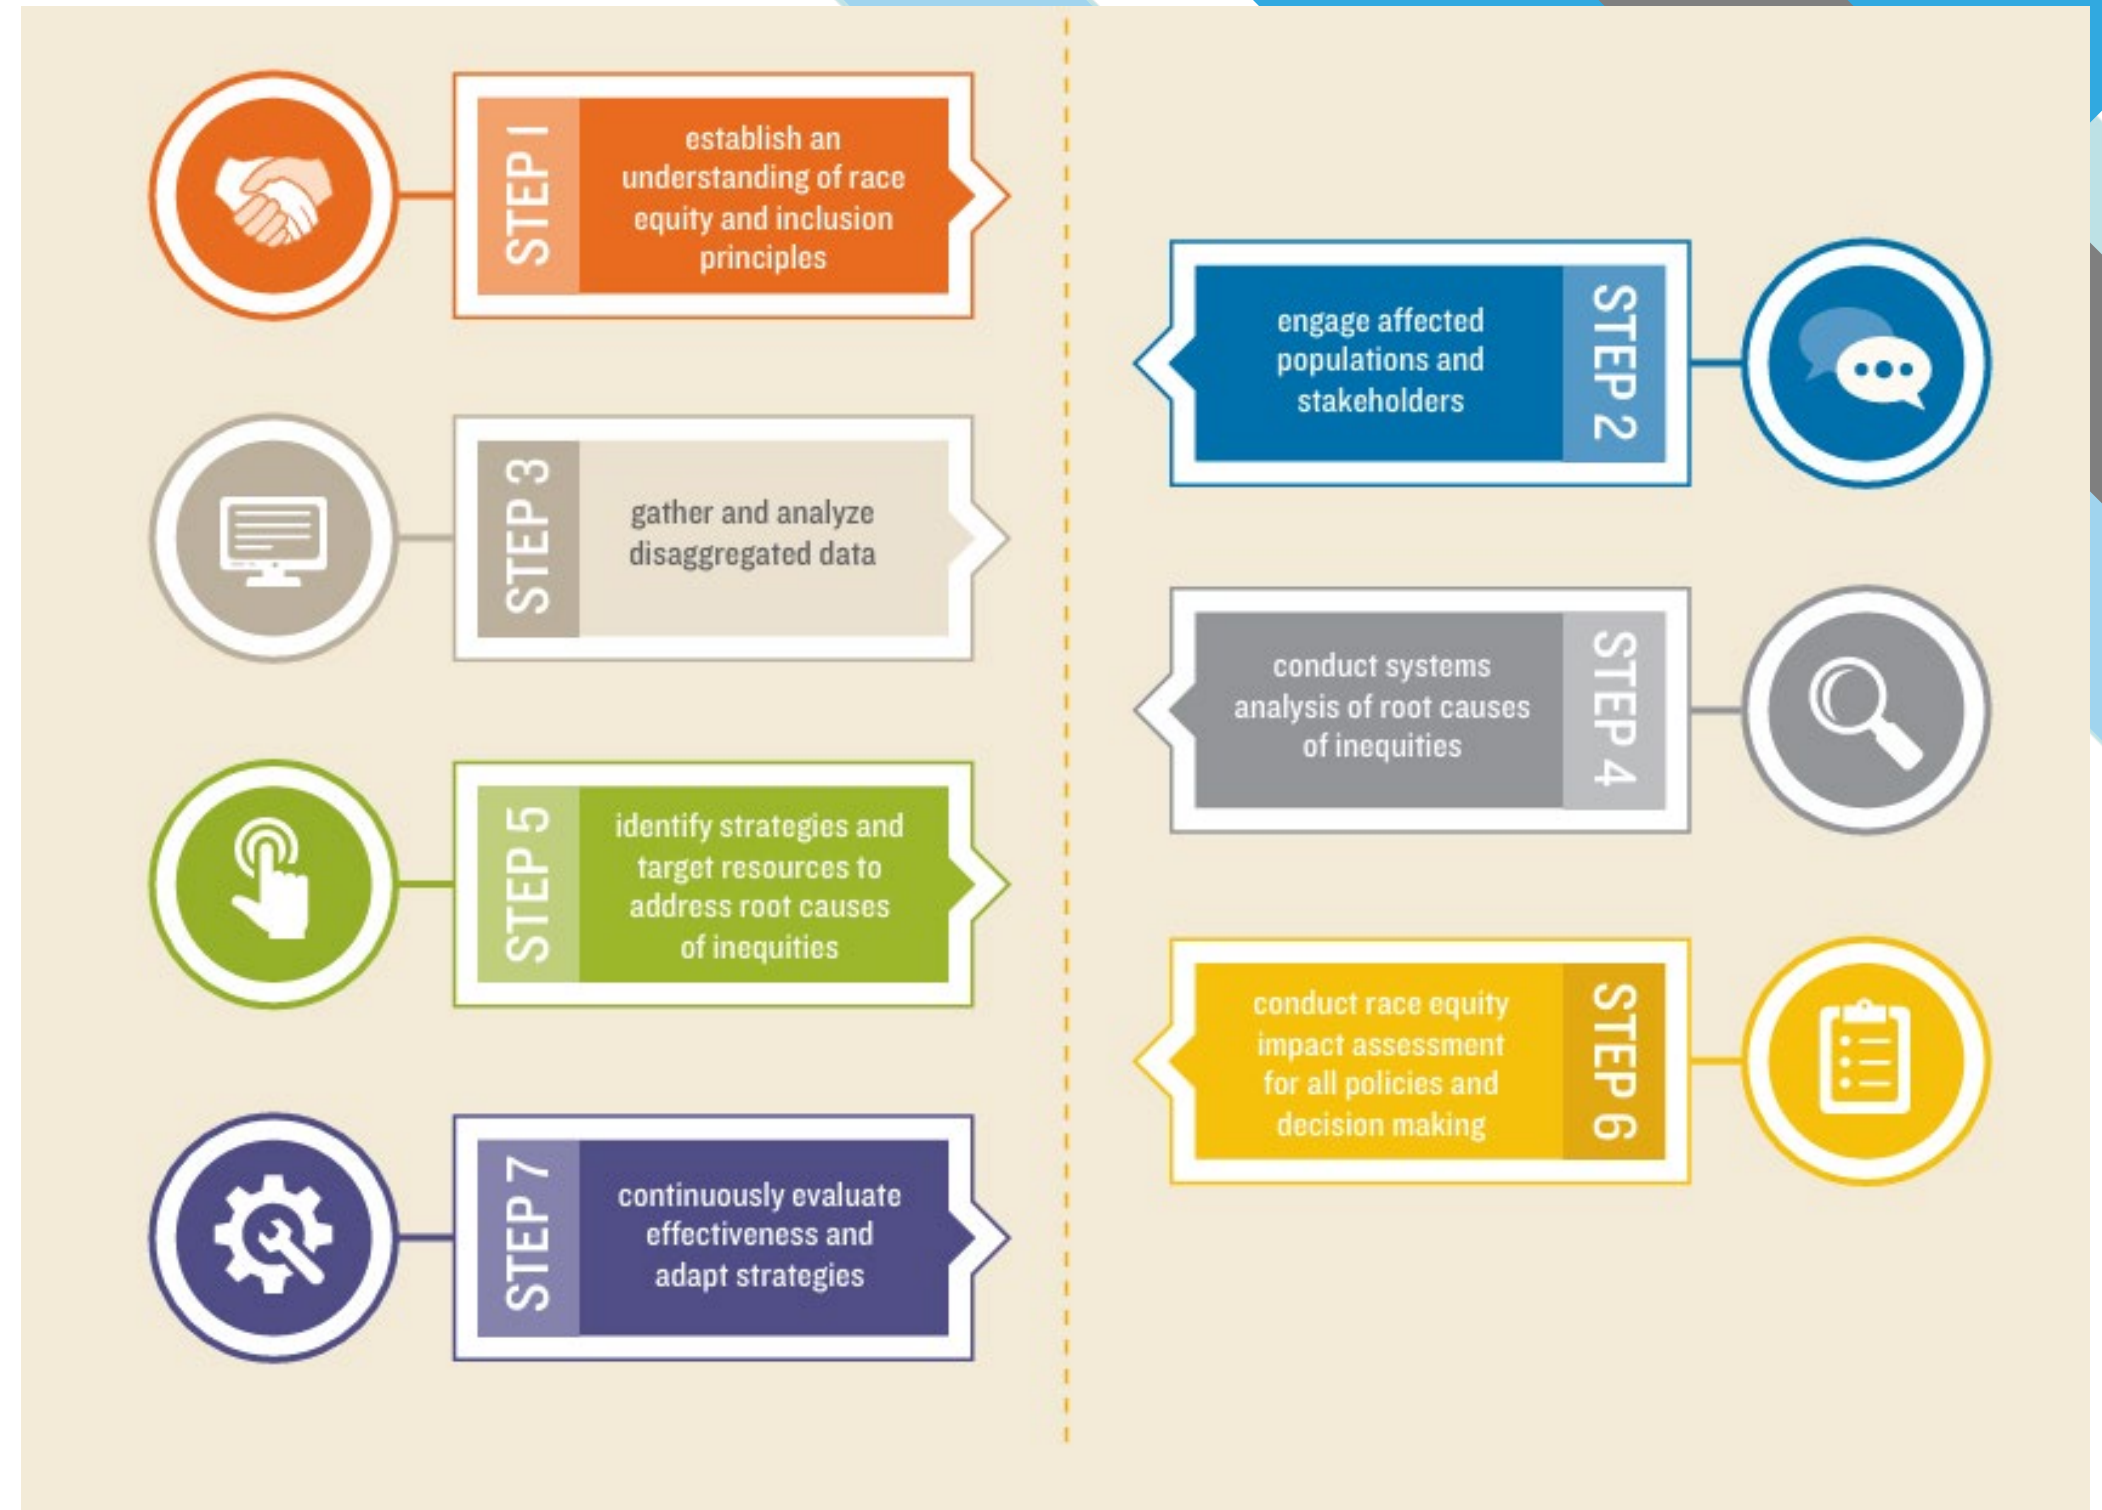

# Turning Data into Action: Advancing Equity Through Informed Decisions

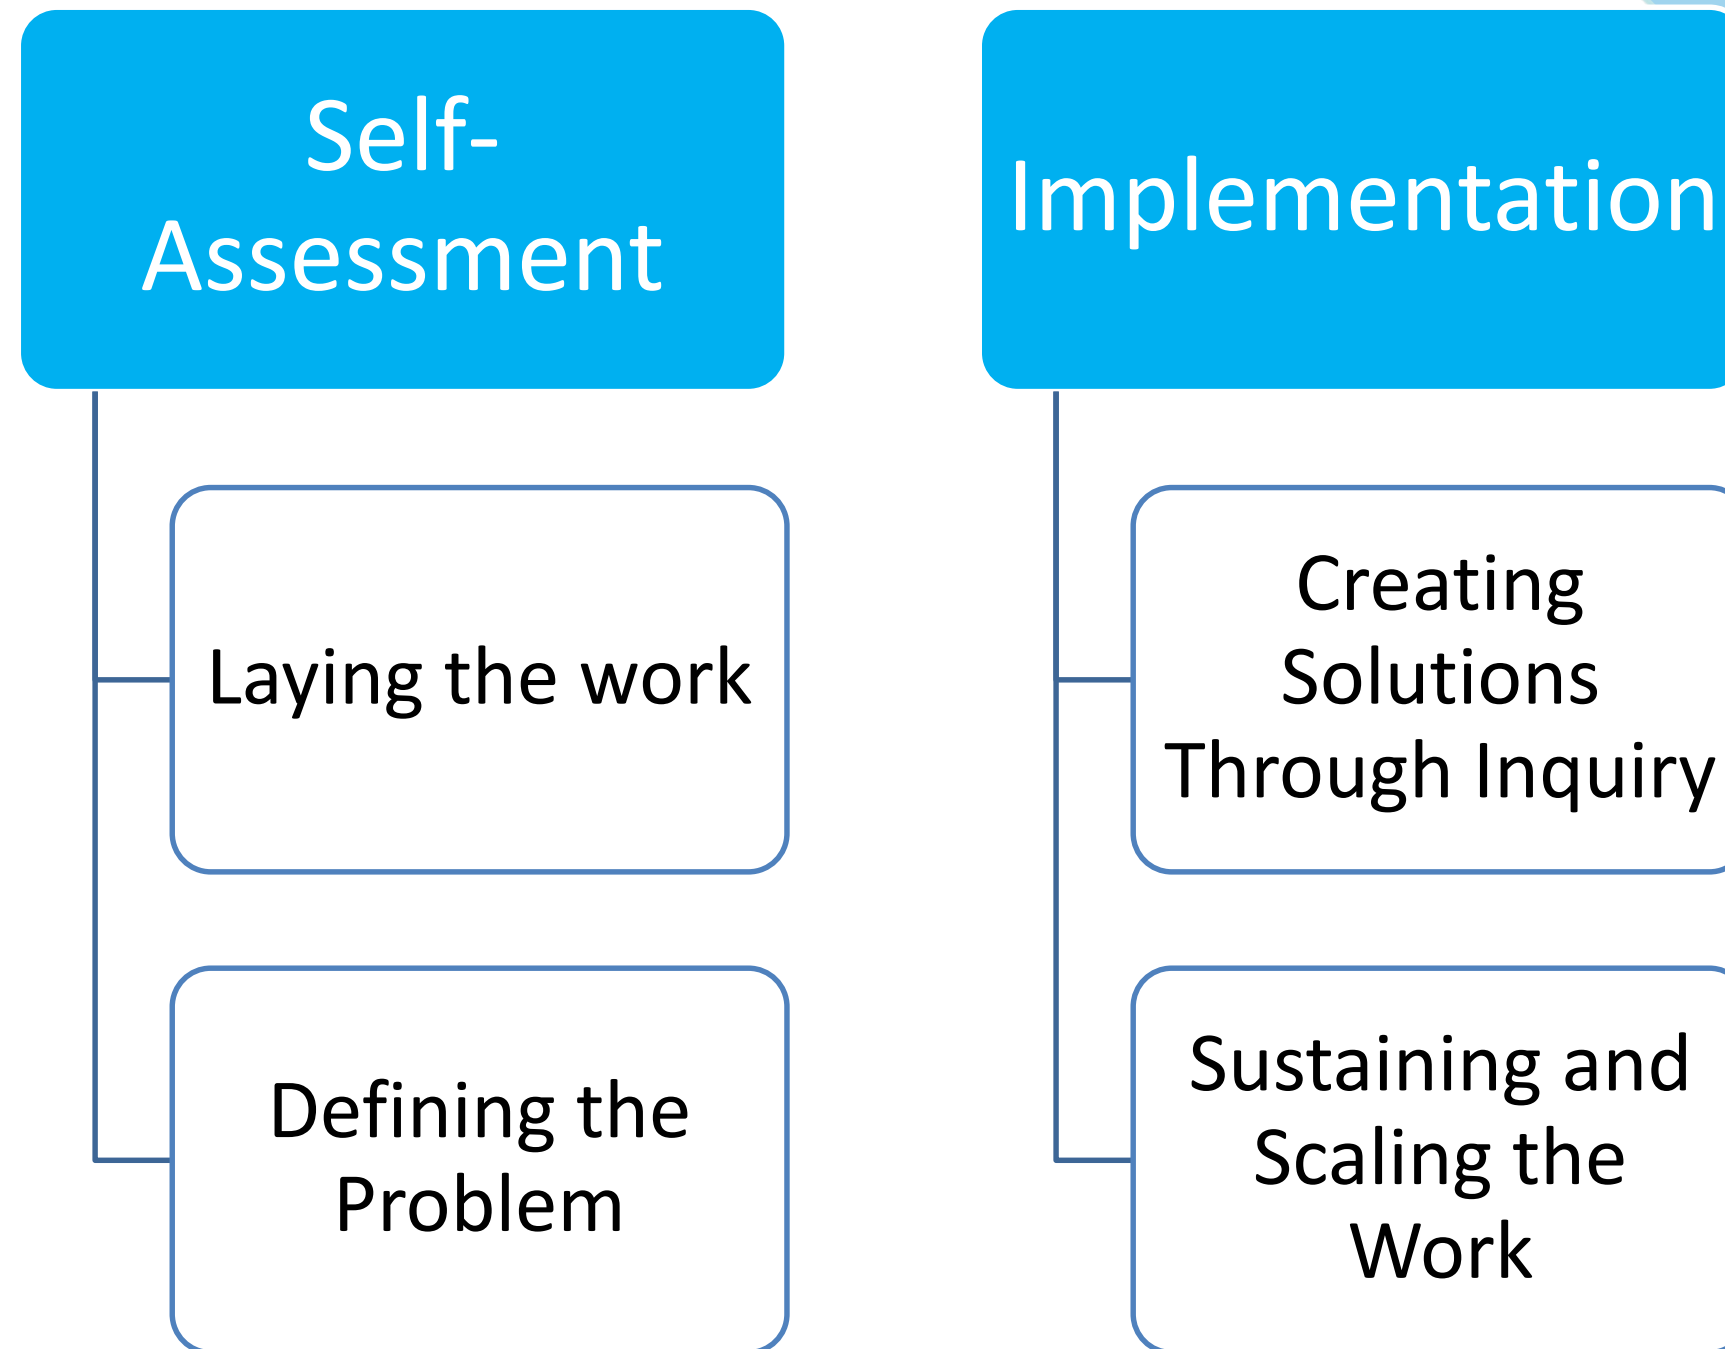

# Data Practices

- Analyzing Disproportionate Impact
- Data Inquiry, Reflection, and Continuous Improvement
- Sharing Results and Facilitating Debrief Discussions
