Associate in Science in Agriculture Plant Science for Transfer Degree:

Program Description:
The Associate in Science in Agriculture Plant Science for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Agriculture Plant Science or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree. Students who plan to complete this degree should consult a counselor for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

NOTE: Students intending to transfer into this major at a CSU should consult with a counselor and visit www.assist.org for guidance on appropriate transfer coursework.

Award Notes:
General Education: In addition to the courses listed above, students must complete one of the following general education options:

- The IGETC pattern is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.
- It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.
- Electives as needed to meet minimum of 60 CSU-transferable units required for the degree.

The following is required for all AA-T or AS-T degrees:

- Completion of 60 CSU-transferable semester units. No more than 60 units are required.
- Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some CSU campuses and majors may require a higher GPA. Please see a counselor for more information.
- Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major (see list below). All courses in the major must be completed with a grade of C or better.
- Certified completion of the California State University General Education-Breadth pattern (CSU GE; see catalog for more information); OR the Intersegmental General Education Transfer Curriculum pattern (IGETC; see catalog for more information).

Program Emphasis:
Careers related to this field typically require education beyond the associate degree level and some may require a graduate degree.

Courses Required for the Major:  Units
AGRI 125  Introduction to Soil Science  3
AGRI 114  Plant Propagation  3
AGRI 107  Introduction to Agricultural Plant Science  4
CHEM 100  Fundamentals of Chemistry  3
CHEM 100L  Fundamentals of Chemistry Laboratory  1
ECON 121  Principles of Microeconomics  3
MATH 119  Elementary Statistics or
BIOL 200  Biological Statistics  3

Total Units = 20
