

# Associate in Science in Geology for Transfer Degree:

The Associate in Science in Geology for Transfer is intended for students who plan to complete a bachelor's degree in Geology or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

**Note:** Students who plan to complete this degree should consult a counselor and visit [www.assist.org](http://www.assist.org) for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

## Award Notes:

Students are required to complete a maximum of 60 CSU-transferable units with a minimum overall grade point average of 2.0.

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
  - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
  - b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
2. Obtainment of a minimum grade point average of 2.0.

ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis.

**Note:** Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

## Program Goals:

The purpose of this Associate in Science in Geology for Transfer degree program is to offer an organized course of study that will prepare students intending to major in Geology at the California State University.

## Program Emphasis:

The Associate in Science in Geology for Transfer program emphasizes preparation for the major in Geology at the California State University.

<b>Courses Required for the Major:</b>		<b>Units</b>
GEOL 100	Physical Geology	3
GEOL 101	Physical Geology Laboratory	1
GEOL 111	The Earth Through Time	4
CHEM 200	General Chemistry I – Lecture	3
CHEM 200L	General Chemistry I – Laboratory	2
CHEM 201	General Chemistry II – Lecture	3
CHEM 201L	General Chemistry II – Laboratory	2
MATH 150	Calculus with Analytic Geometry I	5
MATH 151	Calculus with Analytic Geometry II	4
<b>Total Units = 27</b>		

**Electives as needed to meet maximum of 60 units required for the degree.**
