III. OLD BUSINESS

1.0 Catalog Production Timeline (HO)

Discussion: The revised catalog production timeline was distributed to the Council. The last date for curriculum to be approved for inclusion the 2002-2003 catalog is the April 11, 2002 CIC meeting. Curriculum proposals must be delivered to Instructional Services by March 22, 2002 for the April meeting.

2.0 Integrated Outline Update (HO)

Discussion: Libby Andersen gave an update on the integration of City College courses. Yvonne Bergland distributed copies of the Mesa College integration update.

3.0 Validation of Prerequisites (Myra Harada)

Discussion: In response to a question from the previous CIC meeting about prerequisite validation, Myra Harada clarified that W’s are included in the calculation of “Not Successful.” According to a District Research and Planning validation report on Biology 105/106 “Course success is defined as grades A, B, C, or Credit and no success is defined as D, F, No Credit, Incomplete or Withdraw.” In the report, percentages were presented in tables with columns labeled “Successful” and “Not Successful.”

IV. STANDING REPORTS

1.0 Information Technology Council – No report given.

2.0 Student Services Council (Myra Harada)

• Joint CIC/Student Services Council meeting. The date of the Joint Meeting was confirmed for February 7, 2002 at 10:00 a.m. in Room 272.
• Health care. Children at the college children’s centers cannot be treated by campus health services, which provides restricted health care for students. The vice presidents of instruction and Child Development departments will be responsible for creating procedures to handle emergencies that arise at the Children’s Centers.
• Drop sheets. A control number is currently placed on the rosters so that faculty can use their passwords to access online drop sheets. However, since faculty are not remembering their passwords, Student Services will assign the faculty new passwords every semester beginning in Spring 2002. The passwords will continue to be printed on the roster.

2.0 State Academic Senate – No report given.

3.0 CIO (Chief Instructional Officers) – No report given.
4.0 CurricUNET Update – (Charlotta Grant)

- Adjunct faculty access. Charlotta Grant distributed copies of the procedure to give CurricUNET access to Adjunct faculty and Technical Writers.
- Default timelines. CurricUNET now allows the college curriculum committee to view curriculum without default. The curriculum will proceed until curriculum committee approval.
- Southwestern presentation. A demonstration at Southwestern College on December 6, 2001 went well and the product was well received. Instructional Services has received more than 15 inquiries about the product.
- There will be no activity on CurricUNET between December 21, 2001 and January 17, 2002. Faculty will be able to continue work on course proposals but the approval process will not be activated until the start of the Spring Semester, 2002.
