PHIL 131:
Parker reported Mesa would like to activate PHIL 131 with an effective date of spring 2017. She requested UCTCA, District General Education (DGE) and Transfer General Education (TGE) approval. She explained if PHIL 131 does not receive DGE and TGE in time, Mesa would at least like to have UCTCA approval.

City:
ARTF 156A and ARTF 179A
Shelton reported ARTF 156A is preparation for Multimedia Fine Arts. The course is part of City’s Associate Degree.

ARTF 179A
Shelton reported ARTF 179A is a reactivation that was created with a revision name. This is an occupational course for the Associate’s Degree.

HUMS 111 and HUMS 114
Shelton reported HUMS 111 is for the Community Health Workers Certificate and was revised to meet industry standards.
She reported HUMS 114 is a foundational course for the Youth Development Certificate and is needed to meet the industry needs for those working with the youth, corrections and mental health.
INWT 135 and INWT 200
Shelton explained both courses are new and for Certificates of Performance. She mentioned they are to meet the state-wide information communication technology initiative. INWT 135 is on the Distance Education proposal.

PHOT 070
Shelton reported PHOT 070 is for Distance Education only. It is a marketing promotional course. Going into Cosmetology Degree. City would like an effective date of Fall 2016.

SOCO 145
Shelton proposed SOCO 145 for General Education in the following areas: UCTCA, District G.E., CSU G.E. and IGETC.

NRSE: 140, 141, 142, 143, 144, 145, 146, 147, 235, 240, 241, 242, 243, 244, 245, 246, 270

Math 092; Math 119
Shelton reported City would like to activate MATH 092 as an entry to MATH 119. MATH 119 requires updates for C-ID and was now has updated DE components.

Short reported Miramar’s Curriculum Review Committee believes the course should be a 4-unit course or should have an additional lab course to help teach the additional content required by C-ID. Short made clear that Miramar will vote to approve the course only because MATH 119 is under pressure to gain C-ID approval. However, Miramar does not agree with the MATH 119 proposal. Miramar
San Diego Community College District  
Curriculum and Instructional Council

requested their disapproval of the proposal of MATH 119 in the minutes to continue the discussion when the issue is revisited.

Norvell mentioned City’s math faculty agrees with the class being 4 units, but does not agree with the idea of having an additional lab course.

Parker reported the C-ID for MATH 119 is stuck. She explained the CSU G-AC committee would like to keep the one descriptor and to allow different intermediate algebra courses to be included as prerequisites. However, a resolution did not come to pass. Parker explained to the C-ID committee that institutions are in a holding pattern and how some of their programs are unable to move forward. Hopkins presented two options: 1. Wait until MATH 092 is approved. 2. Pull the course and allow other programs to be approved.

Norvell mentioned City will submit the course once the new descriptor is finalized.

Hess wanted to clarify if there will be an articulation issue with City offering MATH 119 as fully-online since Mesa is offering it fully-online and City offers it a partially online. Norvell explained Mesa did that so the exams can take place in the classroom and that there is not an issue with offering the course fully online.
