

SAN DIEGO COMMUNITY COLLEGE DISTRICT

CITY COLLEGE • MESA COLLEGE • MIRAMAR COLLEGE • COLLEGE OF CONTINUING EDUCATION

Board of Trustees Meeting Date: 6/10/2021

The following curriculum changes are proposed for the San Diego Community College District for City College, Mesa College, Miramar College, or College of Continuing Education. There is no additional cost to the District.

New Programs

San Diego City College

1. Studio Arts Entrepreneurship, Certificate of Achievement

The Certificate of Achievement in Studio Arts Entrepreneurship provides students with the skills and knowledge to foster self-employment or a small business. The curriculum is designed to maximize students' art experience while providing basic skills required for self-employment and employment in art-related fields. This program expands student education in entrepreneurship and small business management. The primary aim is to prepare students to create advanced artwork and pursue a career in art-related fields.

Justification:

The Fine Art major at San Diego City College is one of six options in the Visual and Performing Arts division. The program provides the opportunity for students to develop fundamental skills in art studio and art history for transferring to a four-year institution. The program inspires creative and technological innovation while preparing students for advanced artwork and pursuing entrepreneurial careers in art. Students learn to think critically, collaborate, research, and express artistic ideas in state-of-the-art facilities. The on-campus City Gallery engages students with contemporary art while broadening their cultural, social, economic, and political perspectives.

Labor Market Information:

San Diego Occupational Projection of Employment 2019 – 2024

Occupation	Employment		Employment Change		Annual Avg Openings
	Estimated	Projected	Number	Percent	
Fine Artists, Including Painters, Sculptors, and Illustrators (SOC 27-1013)	636	661	25	4%	76

Advisory Committee Approval: 11/02/2020
Regional Consortia Recommendation: 02/19/2021

San Diego Mesa College

1. Pathway to Law School, Certificate of Achievement

The Pathway to Law School Certificate of Achievement recognizes students who have completed the coursework which is one of the requirements to be named a “Cal-LAW Scholar” by the statewide California Law Pathway Program. This program seeks to help students from diverse backgrounds acquire the skills and knowledge necessary for a career in the legal profession.

Justification:

The Pathway to Law School Certificate of Achievement aims to support students who wish to begin their preparation for law school or other legal professions at Mesa College. The long term goal of the California Law Pathway Initiative is to ensure that the legal profession reflects the diverse population of the State of California. Legal Careers for those with a law degree include private practice, government, judicial clerkship, public interest, and in-house lawyers. Non-legal careers for those with a law degree include law firm administration, politics, legal publishing and journalism, higher education administration and academia, and careers such as financial planning, investment banking, and estate planning.

San Diego College of Continuing Education

1. Intro to Digital Design Career, Certificate of Completion

The Intro to Digital Design Careers program is designed to provide students with an overview of the graphic design industry and the qualifications necessary to match career opportunities. The program focuses on the knowledge and essential skills required to execute the basic design principles and best industry practices. The courses provide a hands-on approach to planning, designing, and creating raster and vector-based documents for the development of a portfolio. Students who successfully complete the program can use the skills acquired in a variety of introductory digital design positions. This program also serves as a foundation for further instruction in digital design.

Justification:

Students who successfully complete the program can use the skills acquired in a variety of introductory digital design positions. This program also serves as a foundation for further instruction in digital design.
