### Partnership Reflection

What does it mean to be in a Partnership?

*A partnership is a collaborative relationship between two or more parties based on trust, equality, and mutual understanding of the achievement of a specified goal. Partnerships involve risks as well as benefits, making shared accountability critical.*

**Original Goal:** To strengthen partnership opportunities districtwide

- **Objective:** Provide a formalized structure to help support college-specific and districtwide collaborations

**Roundtable Discussion - Impact Reflection:** *What did you get out of this first year together?*

### Discussion Highlights

- Participants expressed appreciation for the committee structure, opportunity to connect and get to know each other – which has supported improved, more intentional and more productive engagement outside of the committee meetings
- Meeting participants expressed appreciation for the resources and information shared during the meeting; meeting participants shared how they brought the information back internally to their college and improve programming, develop new partnership opportunities, etc.
- “It takes time, but it is working”
