

Regional Consortium Program Recommendations August 2022 Update

San Diego City College

Eight (8) program modifications submitted. All were endorsed by the Deans Council. Based on submitted labor market information, the programs received cautionary comments by the Centers of Excellence (COE). COE comments are noted below.

- **Media Production, Modification, A.S.**
 - COE Comments: *SD City college submitted the appropriate LMI from the COE. The COE does not recommend developing a *new* program for this occupation 1) entry-level wages are below the living wage; 2) there is an estimated oversupply in the region; and 3) there is a high number of institutions that train for these occupations. However, because this is a program modification, the COE defers to the region*
- **Radio and Podcast, Modification, CoA**
 - COE Comments: *SD City college submitted the appropriate LMI from the COE. The COE does not recommend developing a *new* program for this occupation 1) entry-level wages are below the living wage; 2) there is an estimated oversupply in the region; and 3) there is a high number of institutions that train for these occupations.
