INTRODUCTION

This report is intended to provide information regarding Extended Opportunity Programs and Services (EOPS) students and their course-taking behaviors. This report is divided into two sections: 1) college demographics and 2) student outcomes. Where possible the all student population is used as a comparison group. This report also includes benchmarks that may be used as a point of reference, including averages for the EOPS student population and all student population.

The data for this report are generated by SDCCD Information Systems. Students are measured as of Census and unless otherwise noted, college affiliation is determined on a course by course basis by the college offering the course. Where possible, outcomes are presented individually for each college and overall by all colleges. ECC students are included in the City College data. Please note that because students may take classes at multiple colleges, summed college totals may not match the all college total. Additionally, some percentages may not total 100% due to rounding.

Student demographics, academic standing, GPA and certificate/degree information are provided separately for each primary term (fall and spring) in the 2007-08 academic year. Course success and retention rates are calculated for Fall 07 and Spring 08 primary terms. Student persistence is calculated using Fall 06 students as the cohort persisting to the Fall 07 term. Completion of the ESL series is presented for all colleges only and is a cohort-based analysis.

Several of the measures used in this report warrant description.

- *Census Enrollments OR Valid Enrollment* - All students who are enrolled as of the course designated Census (excludes Drops and Never Attends but includes Withdrawals). Characterized or marked by the week nearest to 20% of the number of weeks in the primary term and generally the Monday of census week.
- *Retention Rate* - The percentage of students who complete a course with a grade of A, B, C, D, F, CR, NC, I or RD out of total census enrollments.
- *Success Rate* - The percentage of students who complete a course with a grade of A, B, C, or CR out of total census enrollments.

- *Cumulative GPA* – Student cumulative GPA measured at the completion of each term.
- *Term-to Term Persistence* - The percentage of census enrolled students in a fall term who received a grade notation of A, B, C, D, F, CR, NC, I or RD (cohort) and who enrolled in at least one course in the subsequent spring term and received a grade notation of A, B, C, D, F, CR, NC, I or RD.
- *Annual Persistence* - The percentage of census enrolled students in a fall term who received a grade notation of A, B, C, D, F, CR, NC, I or RD and who enrolled in at least one course in *both* the subsequent spring and fall terms and received a grade notation of A, B, C, D, F, CR, NC, I or RD.
