 Course Success and Retention..... 24

 Persistence 26

 Degrees and Certificates..... 30

INTRODUCTION

This report is intended to provide information regarding Extended Opportunity Programs and Services (EOPS) students and their course-taking behaviors. This report is divided into two sections: 1) college demographics and 2) student outcomes. Where possible the all student population is used as a comparison group. This report also includes benchmarks that may be used as a point of reference, including averages for the EOPS student population and all student population.

The data for this report are generated by SDCCD Information Systems. Students are measured as of Census and unless otherwise noted, college affiliation is determined on a course by course basis by the college offering the course. Where possible, outcomes are presented individually for each college and overall by all colleges. ECC students are included in the City College data. Please note that because students may take classes at multiple colleges, summed college totals may not match the all college total. Additionally, some percentages may not total 100% due to rounding.

Student demographics, academic standing, GPA and certificate/degree information are provided separately for each primary term (fall and spring) in the 2008-09 academic year. Course success and retention rates are calculated for Fall 08 and Spring 09 primary terms. Student persistence is calculated using Fall 07 students as the cohort persisting to the Fall 08 term.

Several of the measures used in this report warrant description.

- *Census Enrollment* - The headcount or enrollment counts as of census day (excludes those students who dropped or never attended prior to census day).
- *Retention Rate* - The percentage of students who complete a course with a grade of A, B, C, D, F, P, NP, I or RD out of total census enrollments. (Note: tutoring, noncredit positive attendance, and in-service are excluded).
- *Success Rate* - The percentage of students who complete a course with a grade of A, B, C, or P out of total census enrollments. (Note: noncredit positive attendance and in-service are excluded).
- *Cumulative GPA* – Student cumulative GPA measured at the completion of each term.
- *Term-to Term Persistence* - The percentage of census enrolled students in a fall term who received a grade notation of A, B, C, D, F, P, NP, I or RD (cohort) and who enrolled in at least one course in the subsequent spring term and received a grade notation of A, B, C, D, F, P, NP, I or RD.
- *Annual Persistence* - The percentage of census enrolled students in a fall term who received a grade notation of A, B, C, D, F, P, NP, I or RD and who enrolled in at least one course in *both* the subsequent spring and fall terms and received a grade notation of A, B, C, D, F, P, NP, I or RD.
