Introduction
The San Diego Community College District is committed to providing a safe and equitable learning and working environment for all students and employees, free from sexual harassment, sexual violence, dating violence, domestic violence, stalking, and any other sex-based or gender-based misconduct.

Any incident committed on District property or at a District sponsored event or activity may be reported directly to the Title IX Coordinator:

The District’s Response to Reported Incidents
The Title IX Coordinator will determine the appropriate response, which may include informal options such as mediation or facilitated dialogue, or which may include an investigation conducted in accordance with District policies and procedures.

Sexual violence will never be mediated. Where it is determined that a violation of policy occurred, the District will impose appropriate sanctions, up to and including expulsion of students and termination of employees. In addition, the Title IX Coordinator will determine whether interim protective measures should be implemented pending any determination.

### Definitions

**Consent** – Affirmative, conscious and voluntary agreement to engage in sexual activity. Affirmative consent must be ongoing and can be revoked at any time. Silence, the existence of a dating relationship or past sexual relations, is not by itself assumed to be an indicator of consent.

**Sexual Assault** – A sex offense directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

**Domestic Violence** – A crime or violence committed by a current or former spouse or intimate partner of the victim, a person with whom the victim shares a child in common, a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

**Dating Violence** – Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

**Stalking** – Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person’s safety or the safety of others, or suffer substantial emotional distress.
