

5 STEPS TO REGISTRATION

1 APPLY FOR ADMISSION

Who May Attend?

Admission to the San Diego Community College District is open to anyone meeting one of the following criteria:

- Persons who possess a high school diploma or California high school proficiency exam certification or a high school equivalency certificate.
- Persons 18 years of age or older, or emancipated minors who do not possess a high school diploma or equivalent, may be admitted by the college under provisional admissions status.
- High school students requesting concurrent enrollment may be admitted as “special part-time” students subject to special criteria. See details on the Students webpage at <https://www.sdccd.edu/students>. Click on *Student Guide to College* on the left side menu.

Who Should Apply?

- New students who have never attended one of the San Diego Community Colleges MUST file an application for admission online at <https://applyonline.communitycollege.net/> or in person in the college Admissions Office.
- Returning students who have missed at least two consecutive semesters (excluding summer) must file a new application for admission.

2 ATTEND ORIENTATION, ASSESSMENT AND COUNSELING SESSION FOR ASSISTANCE WITH EDUCATIONAL PLANNING

- Students admitted to the college are expected to attend an orientation session before registering for classes. The orientation program includes assessment and provides information about the programs and services available at the college.
- Reading, writing, ELAC, and mathematics assessment tests help students enroll in the right courses and meet prerequisites. It is recommended that students planning to enroll in English, math or ELAC courses, or classes with English or math prerequisites, take the assessment test to ensure proper placement.

Note: Placement test results are available on Student Web Services at <https://studentweb.sdccd.edu/reg-e/>. Click on the Registration link and select *View Your Placement Level*.

- Students should meet with a counselor to complete an Education Plan.

3 REQUEST TRANSCRIPTS FROM PREVIOUS INSTITUTIONS

- All transcripts from previous institutions must be on file to have your records evaluated or to have an Education Plan developed.
- Students who believe they have met a prerequisite at another institution are strongly advised to have all official transcripts of prior college work and other documentation on file well in advance of registration. ‘In-Progress’ class work not at City, Mesa, or Miramar Colleges will NOT be used to meet prerequisite or corequisite requirements unless a final grade has been issued.
- Students may FAX copies of **unofficial** transcripts or grade reports from prior institutions **strictly for the purpose of clearing prerequisites prior to registration** to the San Diego Community College District, Student Services Office at 619-388-6946.

For more details about prerequisites, see the Students webpage at <https://www.sdccd.edu/students/>. Click on *Student Guide to College* on the left side menu.

Transfer of Credits

Credits from other regionally accredited institutions, and credits for nontraditional education may be accepted for transfer credit after evaluation by the District evaluators. The District will not accept transfer credits from another institution that do not meet the equivalent standards and student learning outcomes of an equivalent course taken at City, Mesa or Miramar colleges. For more information refer to the policies and procedures in the catalog or online at: <http://www.sdccd.edu/public/district/policies/>
