Welcome to San Diego Mesa College! As the Leading College of Equity and Excellence, Mesa College creates a welcoming and inclusive environment—one that specializes in helping our students not only succeed academically, but have a sense of belonging. Mesa has a reputation of being the region's go-to college if you are looking to transfer. In 2020-21, Mesa College was named as a Top Producing Institution of Associates Degrees and as a 2021 Equity Champion of Higher Education for awarding Associate Degrees for Transfer (AD-T) to Black and Latinx students. With nearly thirty career education degrees and certificate programs, we also specialize in preparing graduates to enter the workforce and earn an excellent salary.

At Mesa College, students will find a wide and diverse array of day, evening, weekend, and online courses leading to 196 Associate in Arts degrees, Associate in Science degrees, and certificate programs. Students may also pursue courses and programs of general interest. As one of the largest and most successful of California's 116 community colleges, Mesa College takes pride in its high academic standards, its excellent programs and services, and commitment to student success and equity. You can be a Mesa student on campus or from wherever you study. Counselors and tutors are available in person and online, and you can access us when you have time.

Mesa College offers one of 15 Bachelor's degree programs in California's Community Colleges – ours is in Health Information Management. You can enter the two-year program in Health Information Technology and move right into the 4-year program after completion.

Mesa College also has a vibrant campus life. The College has 21 sports, a speech and debate team, dance and a theatre arts companies, literature and writing, and an honors program. We are a proud Hispanic and Asian American and Native American Pacific Islander Serving Institution and military friendly, with specific facilities and support programs to serve these students.

The College has excellent programs in STEM, and a STEM Center focused on supporting students in those majors. We have multiple new buildings to support student success – including our Exercise Science Center, Mesa Commons, Computer and Business Technology Center and our Fine Arts Building. All of these spaces were designed with student success in mind.

This catalog will provide you with complete information about the college's programs, courses, requirements, and policies. You will find information about the college's services for students; counseling, basic needs, library and media services, tutorial services, child care, financial aid, health services, and special services for students with disabilities. The college counselors will answer any questions you may have about programs and services and will assist you in making your educational plans. To contact a counselor, call 619-388-2672.

Once again, welcome to San Diego Mesa College. We are dedicated to making your Mesa College experience a memorable and rewarding one, focused on your needs and supporting you in reaching your goals.

Accreditation

San Diego Mesa College is accredited by the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges, 331 J St., Suite 200, Sacramento, CA 95814, (415) 506-0234, an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education. Additional information about accreditation, including the filing of complaints against member institutions, can be found on ACCJC’s website (https://accjc.org) under the Resources dropdown menu. Mesa College is also approved by the California State Department of Education. In addition, certain programs at Mesa College hold special accreditation:

Dental Assisting—American Dental Association Commission on Dental Accreditation

Health Information Management—Commission on Accreditation for Health Informatics and Information Management (CAHIIM)

Health Information Technology—Commission on Accreditation for Health Informatics and Information Management
Welcome to Mesa College

Physical Therapist Assistant—Commission on Accreditation in Physical Therapy Education (American Physical Therapy Association)

Radiologic Technology—Joint Review Committee on Education in Radiologic Technology

Veterinary Technology—American Veterinary Medical Association (AVMA) and Committee on Veterinary Technician Education and Activities (CVTEA)

Mesa College is approved by the Office of Private Postsecondary Education for the training of veterans as well as by the U. S. Department of State and the U.S. Immigration Services for international student education. Courses paralleling university level work are accepted by the University of California, the California State Universities, and by other universities and colleges.

Persons interested in the institution’s accreditation and program approvals may review documents describing these activities in the President’s Office. These documents will be available for such review at a mutually convenient time during regular business hours, and an appropriate interpretation of their contents will be provided if requested.

Disclaimer

The San Diego Community College District is governed by its Board of Trustees. No oral or written representation by any employee of the college is binding on the San Diego Community College District without the express approval of the Board of Trustees.

Academic Freedom & Freedom of Expression

(Board of Trustees Policy – BP 5030)

The San Diego Community College District is committed to an academic environment that embraces the principles of academic freedom and freedom of expression. This commitment is based upon the value that free expression is essential to excellence in teaching, learning, critical inquiry and service to the community.

You may view a full copy of the policy by accessing the following website: http://www.sdccd.edu/public/district/policies/.

1. ACADEMIC FREEDOM

a. Academic freedom affords the faculty the right to speak and write freely, without unreasonable restrictions or prejudices.

b. In accordance with the doctrine of academic freedom, faculty have the following fundamental rights:

1. Faculty primacy as a collective body in designing and approving curriculum and instructional methods regardless of delivery modality;

2. Individual faculty member determination of instructional materials, course content, and presentation, and student evaluation methods, in concert with colleagues, so as to assure consistency of instruction and academic standards;

3. Individual faculty member freedom to discuss subject matter of the course, as appropriate to the standards of the discipline and academic community, even when that material is controversial;

4. Individual faculty member authority to evaluate enrolled students on the basis of the academic merit of the students’ performance;

5. Individual faculty member freedom to choose of professional research topics and methods of investigation—subject to professional and peer-determined standards—as well as unconditional freedom to publish their work; and

6. Individual faculty member right to participate in curriculum review, accreditation processes, and other forms of participatory governance.

2. FREEDOM OF EXPRESSION

a. Freedom of expression affords the faculty, staff, and students the right to speak and write freely in accordance with the constitutional protections of free speech—without fear of retaliation. In particular:

1. The District shall protect the rights of faculty to express their views in the classroom that pertain to class content. While it is understood that controversy
is often at the core of inquiry, such controversy should be addressed in a mutually respectful manner;

2. The District shall protect the rights of faculty, staff, and students to speak freely on matters of public concern;

3. Faculty, staff, and students are free to explore a wide range of views and judge the merits of competing ideas;

4. As outlined in board policies and administrative procedures, faculty, staff, and students have responsibilities which are based upon principles of fairness, integrity, confidentiality, safety, professionalism, and respect for others;

5. Faculty, staff, and students have the right to join or form organizations in accordance with District policy and procedures; and

6. Faculty, staff, and students have the right to participate in governance in accordance to District policy and procedures.

The San Diego Community College District

The San Diego Community College District is charged with educating all adults 18 years of age and older in the City of San Diego. The District provides education at several levels, from adult basic education through sophomore level college degree programs. The District has three fully accredited colleges, City, Mesa, and Miramar. The District also has a separately accredited noncredit Continuing Education Program. The District is governed by a Board of Trustees consisting of five voting members elected by the people of San Diego and a student trustee elected by District college students. The Chancellor is the Chief Executive Officer in charge of day to day operations.

Note: Holidays apply to all sessions.
General Information
History
San Diego City College, San Diego Mesa College and San Diego Miramar College are public two-year community colleges administered by the San Diego Community College District. Also under the auspices of this district are the Continuing Education division with six major centers throughout San Diego, and the Educational Cultural Complex which offers both college and continuing education courses. These educational programs carry out the charge made by the voters of San Diego in 1972, that the San Diego Community College District provide education for all high school graduates and adults 18 years of age and older in the district. This charge includes providing adult basic education through sophomore-level college degree programs, with both academic and vocational curricula.

Community college education in San Diego can be traced to 1914 when the Board of Education of the San Diego City Schools authorized postsecondary classes for the youth of San Diego. Classes opened that fall at San Diego High School with four faculty members and 35 students.

City College was first established in 1916 and was located at San Diego High School. For 25 years the Junior College program was located at San Diego State University. In 1938, the San Diego Vocational Junior College was established to offer training in technical-vocational skills to post high school students. The following year the San Diego Evening Junior college was set up to provide college classes in the evening for adults unable to attend day classes.

In 1964, San Diego Mesa College was opened to 1,800 students. Five years later, in 1969, San Diego Miramar College opened on 140 acres in what was then undeveloped land north of the Miramar Naval Air Station, now known as Mira Mesa. Unlike City and Mesa Colleges which offered a range of general education classes, Miramar College began by concentrating on law enforcement and fire science training. It has since broadened its curriculum to include the general education college courses needed by students in the rapidly growing northern area of the city.

In November 1972, the voters approved separating the San Diego Community College District from the San Diego Unified School District. The first election of community college district trustees was held in November 1973. The year 1976 brought the opening of a unique district campus, the Educational Cultural Complex, dedicated to offering both college and continuing education classes to the multicultural population surrounding its Ocean View Boulevard site. In 1979-80 the administration of the Evening College program was merged with those of the day college programs at San Diego City, San Diego Mesa, and San Diego Miramar Colleges.

With both college and continuing education programs, the San Diego Community College District is the second largest community college district in California and offers a choice of educational programs unparalleled in the region.

Statement of Philosophy
The general education program at the colleges in the San Diego Community College District is designed to broaden students’ knowledge and their understanding of methods of gaining knowledge in a variety of disciplines and to develop students’ abilities in critical thinking, in oral and written communication, and in mathematics.

The awarding of an Associate Degree symbolizes the intent of the college to lead students through patterns of learning experiences designed to develop an awareness of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for self-understanding. In addition to these accomplishments, students should possess sufficient depth in some field of knowledge to contribute to lifetime interest.

Institutional Learning Outcomes
Communication
- Respond appropriately to incoming information in a variety of ways, including: written, oral, visual, auditory, and kinesthetic
- Communicate awareness of how diversity and multiple perspectives shape and impact individual experiences and society as a whole
• Converse with civility and appropriateness for situational context

Critical Thinking
• Effectively interpret, analyze, synthesize, explain, and infer concepts and ideas
• Construct and deconstruct arguments
• Demonstrate quantitative or qualitative competency
• Apply problem-solving methods in appropriate context toward making decisions
• Come to rational conclusions based on evidence
• Think independently, creatively, and logically

Information Literacy
• Gather, analyze, evaluate, and disseminate appropriate information using multiple modalities
• Utilize 21st-century tools effectively, ethically, and responsibly in information acquisition and distribution
• Cultivate the skills necessary for life-long learning

Professional and Ethical Behavior
• Practice responsible, professional, and civil conduct in the classroom, workplace, community, digital world, and the natural environment
• Demonstrate the ability to work both independently and collaboratively
• Develop the cultural sensitivity needed to resolve conflicts and build alliances

Global Consciousness
• Recognize the interconnectedness of global, national, and local concerns from multiple perspectives
• Exhibit awareness, appreciation, and respect for the diversity of individuals in one’s immediate environment as well as in the global community
• Apply knowledge of diversity and multicultural competencies to promote equity and social justice in our communities

Vision, Mission Statement, Values and Strategic Directions

Vision
What we strive to be
To be the leading college of equity and excellence, educating students to shape the future.

Mission
Why we exist
San Diego Mesa College is a comprehensive community college committed to access, success, and equity. We honor those commitments as a diverse community of faculty, students, professional staff, and administrators who collaborate to foster scholarship, leadership, innovation, and excellence in an inclusive learning environment. By promoting student learning and achievement that leads to degrees and certificates, transfer, workforce training, and lifelong learning, we empower our students to reach their educational goals and shape their future.

Values
What we believe in
• Access
• Accountability
• Diversity
• Equity
• Excellence
• Freedom of Expression
• Integrity
• Respect
• Scholarship
• Sustainability
Strategic Directions

How we assess effectiveness

1. Deliver, advance, and support an inclusive teaching and learning environment that enables all students to achieve their educational goals.

2. Build and sustain a sense of community that extends across campus and constituencies, nurturing collaboration, learning, growth, and diversity.

3. Build and sustain pathways in support of the comprehensive community college mission.

4. Support innovation in our practices.

5. Support personal growth and professional development of our employees.

6. Serve as stewards of our resources and advance effective practices in support of accountability.

Disclaimer

Students should consult the appropriate campus or department for current information, as well as for any special rules or requirements imposed.
We are Mesa...
student access and success
Student Success and Support Program
(formerly the College Matriculation Program)

The goals of the Student Success and Support Program (SSSP) are to ensure that all students complete their college courses, persist to the next academic term, and achieve their educational objectives through admissions, orientation, assessment, educational planning with a counselor, and student follow-up.

Steps to Student Success

Step 1 – Admission Application
Step 2 – Apply for Financial Aid
Step 3 – Orientation
Step 4 – Assessment
Step 5 – Educational Plan
Step 6 – Register and Pay
Step 7 – Follow up with a counselor

These services have been designed especially for students who intend to earn a certificate or degree at the college or to transfer to a four-year college or university. However, the services are available to all students admitted to the college, and all students are encouraged to participate in the various services of the program.

1. Admission Application

Admission is open to anyone who meets one of the following criteria:

• Persons who possess a high school diploma or California high school proficiency exam certification or a high school equivalency certificate.

• Persons 18 years of age or older or emancipated minors who do not possess a high school diploma or equivalent may be admitted by the college under provisional admission status.

• High school students requesting concurrent enrollment may be admitted as "special part-time" students subject to the following criteria:
  a. Students must have completed the 10th grade.
  b. Students may enroll in fewer than 12 units and have their enrollment fees waived.
  c. Students will be assessed ALL enrollment fees if enrolled in 12 or more units for classes taught on college campus.
  d. All holds must be cleared prior to registration.
  e. High school students must satisfy course prerequisites and eligibility requirements.
  f. Enrollment in Physical Education classes will not be permitted.
  g. The course is advanced scholastic or technical (college degree applicable).
  h. The course is not available at the school of attendance.
  i. Students will be given college credit for all courses. Grades will be part of the student’s permanent college record.
  j. Students must maintain a 2.0 grade point average each semester in all college work.
  k. If the number of units of W, I and NP reaches 50%, in any semester or session, the student will be academically disqualified. Students whose grade point average falls below a 2.0, or who do not complete more than 50% of all units attempted, will not be permitted to re-enroll without approval from a college counselor.

• Persons who are under 18 years of age who do not have a high school diploma and are not enrolled in a high school may be admitted as a special full-time student pursuant to Education Code §48800.5 subject to approval of the high school governing board and the college President where the student is planning to attend. Special full-time students will be admitted under provisional admission status.

• Persons who do not meet one of the admission criteria stated above will not be admitted under any circumstances.

In accordance with §76038 of the California Education Code, students seeking admission who have been previously expelled from a California community college within the past five years, or who are currently in the process of a formal expulsion hearing for any offense listed in AP 5010, Student Admission Status, 2.a.1-7, are required to inform the
Admissions and Registration

District. Admission eligibility shall be determined in accordance with AP 5010, Student Admission Status.

All new students must file an application for admission. Students who have previously attended, but have not been in continuous attendance for one year must file a new application for admission.

Apply Online
Applications for admission to San Diego City, Mesa, and Miramar Colleges are available online. Students access the online application at: https://www.sdccd.edu/apply/.

Social Security Number
Your Social Security Number (SSN) or Individual Tax Identification Number (ITIN) is required for Federal and State reporting, and for students applying for Financial Aid. It is maintained in a secure manner and WILL NOT be visible or released to third parties for identification purposes for any reason.

Section 483 and 484 of the Higher Education Act of 1965, as amended, also gives the Financial Aid Office the authority to collect your SSN. The U.S. Department of Education uses your Social Security Number to verify your identity and retrieve your records. Providing incorrect information may result in penalties from the IRS.

All students will be assigned a unique 10-digit Student Identification number upon successful submission of their application that will be required to conduct all college business.

Important Reminder
Every male citizen of the U.S. and male immigrant residing in the U.S., ages 18 through 25, must register with the Selective Service.

2. Apply for Financial Aid
To apply for financial aid applicants must complete the Free Application for Federal Student Aid (FAFSA), or a California Dream Act application for all financial aid, including the California College Promise Grant – CCPG. To complete your FAFSA, go to https://studentaid.gov/h/apply-for-aid/fafsa. To complete a California Dream Act application, go to https://dream.csac.ca.gov. FAFSA Application materials are available on October 1st for the following academic year. The priority filing deadline for aid is April 15th. Students filing their application by this date will be considered first in the award process. Deadline to apply: The Central Processing System (CPS) must receive your application by your last day of classes for the term or June 30, 2023 whichever date comes first. The Deadline for Cal Grant application is March 2nd.

3. Orientation
The orientation provides important information to students about the programs and services available at the college as well as strategies for student success. Orientation includes program planning. Non-Exempt students who have been admitted to the college are expected to attend an assessment/orientation session before registering for classes.

Get started with the New Student Orientation at: http://orientation.sdmesa.edu

Student Service Outcomes (SSOs)
The Assessment and Orientation faculty and staff have identified the following Student Service Outcomes (SSOs) for the various services available in the Assessment Office:

- Students will identify the appropriate English and Math courses in which to begin college studies.
- Students will produce a first semester educational plan based on identified goals, skills and resources.
- Students will be able to identify, at least, three college resources available to help achieve identified goals.

4. Assessment
Assessment is a process that is designed to assist students in determining which English or English Language Acquisition (ELAC) and math courses they should start with, specifically identifying milestones (formerly known as skill levels) in these areas. Assessment also helps students in meeting course prerequisites. Students may also meet course prerequisites based on other factors such as English or ELAC and math course completion or other standardized tests.

Assessment via College Application
Students who have graduated from a U.S. high school within the last 10 years will receive the placement levels based upon high school performance information that is provided on the application for admission. The college application (CCCApply) will identify English and math courses
that students can enroll in using prior high school history. Students will report cumulative, unweighted high school GPA, courses completed, and grades received in English and math courses.

**Assessment via Placement Assistant**

Students who have graduated from a U.S. high school more than 10 years ago, completed the GED, or HiSet exam are eligible for this assessment. The Placement Assistant will identify courses that students can enroll in using prior academic history. Students will report cumulative, unweighted high school GPA, courses completed, and grades received in English and math courses. Based on the information reported, students will receive an English and math placement milestone. Students who graduated from a foreign high school should contact the Assessment Center for guidance.

**English Language Acquisition (ELAC) Assessment**

The ELAC placement process is designed for students primarily educated outside of the United States in a language other than English. Students who feel they may benefit from taking an ELAC class before a college-level English class are eligible via placement through a self-guided assessment, which will identify courses that students can enroll in. Students will receive an ELAC placement milestone – L19, L20, L30, or L40 – based on the self-guided assessment.

Students placed into credit ELAC coursework prior to Fall 2020 may access the newly adopted placement process. Students who have completed a United States high school diploma or equivalent shall receive an English and math placement milestone. Students that may benefit from taking an ELAC class may enroll after completing the ELAC self-guided placement tool. Please contact your campus Assessment Center for guidance.

San Diego College of Continuing Education (SDCCE) students should use the SDCCE to College bridge as a guide to which ELAC and English courses they may be eligible to enroll in. They should then take the ELAC self-guided placement tool to receive an ELAC placement milestone.

Students who believe they have sufficient grounds may challenge a prerequisite, corequisite, or limitation on enrollment. A student may obtain a Petition to Challenge online via the mySDCCD Support Desk and then selecting the Petition To Challenge form: https://mysdccd.atlassian.net/servicedesk/customer/portal/4/group/73/create/71.

### Assessment Exemptions

Students are exempt from assessment if they have earned an Associate degree or higher, have completed English and math courses, have received a qualifying score on an SAT, ACT, or CAASPP/EAP, or have taken an assessment test at another California community college.

Students should bring or send official copies of the SAT, ACT, or EAP test scores directly to the District Student Services Office to determine readiness for English 101 or 105 or for courses with a Math 96 prerequisite. **All tests must have been completed within the past two years.** Students who have assessment scores from another California community college can have those sent directly to the college Assessment Office.

Approved High School Senior Year-Long Courses

English:
- Expository Reading & Writing Course (ERWC)
- IB English
- AP Language and Composition
- AP Literature and Composition
- Weighted Honors English

Math:
- Trigonometry
- Math Analysis

- Pre-Calculus or Calculus
- AP Calculus AB or BC
- AP Statistics
- AP Physics

A qualifying score from the College Board Advanced Placement English or Math Exam may be taken directly to the college Counseling office for consideration. Please refer to the College Catalog for AP exam score requirements.

5. Educational Plan

An education plan is an important tool to assist students in successfully attaining their goals without wasted time and effort. Counseling and career planning services are available to help students make informed choices concerning the programs and courses available.

The education plan is an agreement which contains the official requirements for graduation and/or transfer. All official transcripts of prior college work must be on file and evaluated before an official education plan can be prepared. Transcripts from foreign institutions are not required. See the Graduation section on page 123 for graduation filing requirements.

Education plans outline a suggested pathway for a student to take based on their major, transfer plans, or other pertinent objectives. These plans allow students to determine how long it will take to complete a program of study and to be sure that all program requirements can be met within a particular period of time. The student should review their education plan periodically with a counselor as goals or objectives change.

Career, interest, and aptitudes assessments are available for students who wish to explore other options or who are undecided on their educational goal.

6. Register and Pay

Students who submit an application before the application deadline will be able to register on or after their assigned enrollment date and time. Enrollment appointments are emailed and posted in the mySDCCD portal at https://myportal.sdccd.edu/. Students who submit an application after the deadline may register during open enrollment. Online Registration Steps and Tips can be found at
Students are responsible for ensuring that all fees, including the Health Fee (which is not covered by the California College Promise Grant – CCPG waiver) are paid in full by the deadline or they may be dropped for nonpayment. Pay online or in person at the Accounting Office.

7. Follow up with a counselor

Follow-up services are available to all students as part of the college's commitment to student success. These services include a periodic review of student progress and education plans to assist students in reaching their educational goal. Students who need additional support services will be referred to those services.

Exemptions

Students who meet the following criteria are exempt from components of the matriculation process:

1. Admission Application
   - No exemptions
2. Apply for Financial Aid
   - No exemptions
3. Orientation
   - Students with the following educational goals:
     - Maintenance of a certificate or license, educational development, or completion of credits for high school diploma
     - Students who have an associate degree or higher
     - Students concurrently enrolled at a four-year college or university
     - Students concurrently enrolled in high school
4. Assessment
   - Students with the following educational goals:
     - Maintenance of a certificate or license, educational development, or completion of credits for high school diploma
     - Students who have an associate degree or higher
     - Students concurrently enrolled at a four-year college
5. Educational Plan
   - Students concurrently enrolled in high school
6. Register and Pay
   - No exemptions
7. Follow up with a counselor
   - No exemptions

Registration

With the exception of Special-Admit High School students, all students receive a registration appointment. Students can enroll in classes on or after this date and time within the San Diego Community College District’s online registration system, mySDCCD. Special Part-Time High School students must complete the Supplemental Application for High School Students online, instructions can be found here:

https://www.sdccd.edu/future-students/high-school-students.aspx

By using the online class schedule and the online registration system (my.sdccd.edu), a student can enroll in any available course offered at ECC, City, Mesa, or Miramar Colleges. Instructions for the class schedule and online registration are available on campus and online at: https://www.sdccd.edu/students/class-search/search.html.

The online services offered in my.sdccd.edu include:

- Enrollment – add, drop & withdraw from classes
- Student’s current class schedule and waitlisted classes
- Pay fees and view payment records
- Enroll in a Payment Plan
- Purchase a parking permit or Bus Pass
- Purchase an Associated Students Membership
- Wait List activities – adding, dropping and view
- Wait List status
- Pass/No Pass grading options
- View Financial Aid
- View attendance hours for tracking classes
- View Milestones (formerly Skill Levels)
- Academic deadlines and calendar

**Note:** You may only access one semester at a time.

The portal also grants access to:
- Grade information
- Academic history
- Petitions to graduate
- Ordering transcripts
- View 1098-T tax information

**My Planner**

Students now have access to **My Planner**, a tool to help you select classes from your education plan (academic requirements) and assign them to a specific term(s)/semester(s). Log into the mySDCCD Student Portal, under the My Classes banner, click on the **My Planner** link to get started. [http://myportal.sdccd.edu](http://myportal.sdccd.edu)

**Audit Policy**

Auditing courses is not permitted under any circumstances. Students must be officially enrolled in all classes which they attend.

**Online Class Restrictions**

In accordance with federal regulations City, Mesa, and Miramar colleges may not permit students residing outside of California to enroll in online classes without approval of the state where the student resides. Students residing in a non-approved state/territory are not permitted to enroll in online classes and will be dropped. Go to [https://www.sdccd.edu/docs/StudentServices/OnlineStatesNotAllowed.pdf](https://www.sdccd.edu/docs/StudentServices/OnlineStatesNotAllowed.pdf) for an up-to-date list of restricted states and territories.

**Responsibility for Maintaining Accurate Registration**

It is the student’s obligation to add, drop, or withdraw from classes before the deadlines stated in the class schedule. This applies even if the student has never attended class. Any student who anticipates difficulty in paying fees should check with the Financial Aid Office about eligibility and sources of assistance. Registration may be canceled for nonpayment of fees.

**Time/Schedule Conflicts**

- Students may not register for classes with times that overlap (includes 10 minute passing period).
- Students may not enroll in two classes of the same subject and course number if the start and/or end date of one class, overlaps with the other class.

**Online Class Schedule**

Up-to-date class schedule information and course descriptions for each college and CE campus are available online at [https://www.sdccd.edu/students/class-search/search.html](https://www.sdccd.edu/students/class-search/search.html). A search engine allows students to search for classes by many factors including: academic subject, time and day, Instructor or a keyword.

**Wait List**

Students may place themselves on a class Wait List before the class start date, if the class is full with a status of 'Wait List'.

After a class has started, students will only be able to add the class with a permission number from the instructor. Students wanting to enroll in an ONLINE course after it has started, must contact the instructor via email if they wish to have their Wait List priority considered. Faculty Directory: [https://www.sdccd.edu mysdccd/faculty-directory.aspx](https://www.sdccd.edu/mysdccd/faculty-directory.aspx)

**Criteria:**

- Students may place their name on **only one Wait List** for a specific subject and course number.
- Students must meet course prerequisites to be placed on the Wait List.
- Students who are on a Wait List and later choose to enroll in another class section of the same
subject and course number will be required to remove themselves from the Wait Listed class before they can ADD the similar class section.

- Students can check their position number on the Wait List on mySDCCD.
- Students have the option to remove themselves from the Wait List at any time.
- There is a limit to the number of students allowed on each Wait List.
- When a space becomes available in the Wait Listed class:
  - Wait Listed students will automatically be added to the class if a space becomes available and they are eligible to enroll. An email will be sent to students after they have been added to the class. It is the student’s responsibility to monitor the payment schedule.
  - When students are not eligible to enroll due to a hold or time conflict or a failed requisite, they will be notified of the conflict and will be given three (3) business days, including the day of notification, to resolve the issue. If students do not add their Wait Listed class within the 3-day period, they will be removed from the Wait List.
  - It is the student’s responsibility to check their email or mySDCCD for the status of their Wait Listed class(es) in order to pay fees in a timely manner. (Fees will need to be paid immediately, prior to the class start date and before the drop for non-payment date.)
  - Students remaining on the Wait List after classes begin MUST attend the first class meeting (or email their Online Instructor) to have their Wait List priority considered by the instructor.

Adding Classes

Students may add classes online until the deadline date published in the schedule of classes. Students will not be allowed to add classes beyond the published deadline.

To add a class once the semester has begun, students must obtain an permission number from the instructor, then must process and pay for the added class online or in person at the Accounting Office, I4-106.

Students are not officially enrolled until the permission number is processed through the online registration system and fees are paid in full. Permission number for Special Admit part-time high school and Joint Diploma students must submit an online form: Supplemental Application for High School Students at https://mysdccd.atlassian.net/servicedesk/customer/portal/4/group/11/create/77 and will be registered by the college Admissions Office prior to the add deadline.

If an instructor finds that a student has given his or her permission number to another student, the instructor should administratively drop the student who was not issued the permission number.

Class Attendance

Students who do not attend the first class meeting may be dropped by the instructor. Students, who cannot attend because of illness, religious observation, or a serious problem, should notify the instructor. Students who miss the first class meeting and do not plan to attend must log-in online and drop the class to avoid receiving an “F” grade.

It is the student’s responsibility to drop by the published deadlines.

Drop/Withdrawal from Classes

Students may drop or withdraw from classes online until the published deadline dates. Deadline dates are available in the Admissions Office, online at: http://classschedule.sdccd.edu/ in “My Classes” under the calendar icon, or at: https://www.sdccd.edu/students/dates-and-deadlines/ under “Deadlines”.

- It is the student’s responsibility to drop all classes in which he/she is no longer participating.
- Students who remain enrolled in a class beyond the published withdrawal deadline, as stated in the online class schedule, will receive an evaluative letter grade.
- Final grades may be affected by attendance as described in the class syllabus.

DROP—ending enrollment in a class prior to about the 20% point of class meetings. A drop is not recorded on the student’s academic record.

WITHDRAWAL—ending enrollment in a class between about the 20% point and up to about the 60% point of class meetings. A withdrawal is a permanent symbol on the student’s academic record and is included in progress probation and disqualification determination.
**Administrative Drop**

Registration may be administratively canceled for the following reasons:

1. Failure to pay all mandatory fees in accordance with the fee payment schedule;
2. Using a permission number issued to another student;
3. Failure to meet the terms and conditions of a fee deferment or payment plan;
4. Failure to meet academic or progress standards;
5. Denial of a “Petition to Challenge a Prerequisite”;
6. Failure to meet a prerequisite or co-requisite Requirement;
7. Enrolling in an online course while residing in a state not approved by the department of education;
8. Students who do not show proof of immunizations on the first day of class for select Child Development courses.

**Exclusion from Classes**

A student may be excluded from class or the college whenever the student:

1. Exhibits behavior which interferes with the educational process. An instructor may remove a student from two class sessions for disruptive behavior. (Refer to BP 5500: Student Rights, Responsibilities, Campus Safety and Administrative Due Process); or
2. Is found to have a communicable disease which requires isolation pursuant to a directive from the County Department of Public Health.

**Study Load Limit**

The maximum study load for a semester is 20 academic units including Exercise Science activity units.

Students are reminded that each unit of credit is calculated to involve a total of at least three hours of classroom and outside time per week. Thus, a 20-unit study load represents a minimum 60-hour work load each week. Students working full-time are advised NOT to attempt a full-time college program.

Twelve units of credit is considered a minimum full-time program during a semester; nine units is three-quarters time, and six units, half-time.

The maximum study load for summer session is 12 academic units including Exercise Science activity units.

Six units of credit is considered a minimum full-time during the summer session; four units is three-quarters time, and three units, half time.

**Note:** Study load requirements may vary at each college for financial aid purposes. Inquire at your college Financial Aid Office for detailed information.

**Basic Skills Unit Limit**

Title 5, 55035 states: “...no student shall receive more than 30 semester units of credit for basic skills coursework.” Registration will be blocked prior to students reaching this limit so that students can meet with a counselor to ensure that they are successful when this unit limit is met. Students with a verified learning disability are exempt from this limitation (contact the DSPS office for more information).

**Priority Enrollment System**

Consistent with state law and the goal of providing a fair and equitable registration system for all students, the San Diego Community College District has established the following priority system for assigning registration appointments.

**Priority Groups**

**Group 1**
- Active Military & Veterans who meet the eligibility criteria*, Current and Former Foster or Homeless Youth**, CalWorks, EOPS and DSPS students, Intercollegiate Athletes***. Non-matriculated students are placed at the end of this group.

**Group 2**
- Continuing Students who have completed orientation, assessment, and have an education plan (Abbreviated education plans only grant a student priority for 2 semesters.)
- Continuing CE Advantage Students

**Group 3**
- New & Returning Students who have completed orientation, assessment, and have an education
plan (Abbreviated education plans only grant a student priority for 2 semesters.)

**Group 4**
- Continuing, New & Returning Students who have **not** completed all three services: orientation, assessment, and have an education plan.

**Group 5**
- Students with 100+ Units (Does NOT include Basic Skills units.)
  (Active Military & Veterans, Current and Former Foster or Homeless Youth, Intercollegiate Athletes, CalWorks, DSPS & EOPS students will receive first priority within this group.)

**Group 6**
- Students with a Baccalaureate Degree
  (Active Military & Veterans, Current and Former Foster or Homeless Youth, Intercollegiate Athletes, CalWorks, DSPS & EOPS students will receive first priority within this group.)

**Group 7**
- Students who are academically disqualified or disqualified for lack of progress or who have not yet returned to good academic standing.
  (Active Military & Veterans, Current and Former Foster or Homeless Youth, Intercollegiate Athletes, CalWorks, DSPS & EOPS students will receive first priority within this group.)

**Group 8**
- Students concurrently enrolled in High School

Within each priority group above, students are prioritized according to cumulative units, including transfer units.

**Range**
- 50.0 – 72.0 units
- 30.0 – 49.9 units
- 15.0 – 29.9 units
- 00.0 – 14.9 units
- 72.1 – 89.9 units
- 90.0+ units

* Students who are Active Duty Military or Veterans, discharged within the past fifteen (15) years, may be eligible for up to 4 years of priority registration.

Students should contact the Admissions Office for additional information. A military ID card or DD214 will be required for verification.

** Current and Former Foster or Homeless Youth under 25 years of age may be eligible for priority registration. For information, contact the College Admissions Office or Financial Aid offices.

**Intercollegiate Athletes participating and registered on a team roster may be eligible for priority registration. For information, contact the College Athletic Department.

**Change of Name, Mailing or Email Address**

All students must report immediately any change of address to the college Admissions Office or online at: https://myportal.sdccd.edu/. Failure to provide this information will result in delays in registration, and other important information sent by the college. Name changes must be supported with legal documentation and a picture ID and reported in person at the Admissions Office.

**Prerequisites, Corequisites, Limitations on Enrollment and Advisories**

PLAN AHEAD! All prerequisites, corequisites, and limitations on enrollment stated in the course descriptions listed in this catalog will be strictly enforced at the time of registration. Students who do not meet the prerequisite requirements according to college records will not be permitted to register for the course. Students who believe they have met the prerequisite at another institution are strongly advised to have all transcripts of prior college work evaluated and on file well in advance of registration to minimize registration delays.

**Note: Unofficial transcripts are accepted for prerequisite clearance.**

Students should plan their schedules early and see a counselor for assistance.
**PREREQUISITES** are courses that must be completed with a “C” or better prior to registration in a specific course.

**COREQUISITES** are courses that are required to be taken the same semester as another course.

**LIMITATIONS ON ENROLLMENT** are other restrictions that are stated in the course description such as “not open to students with credit in...”

**ADVISORIES** are departmental recommendations to be completed prior to enrolling in the course. Advisories do not prevent a student from enrolling, but are strongly encouraged by the department for a student’s academic success.

**Challenge Procedures**

Students who believe they have sufficient grounds may challenge a prerequisite, corequisite, or limitation on enrollment in a specific course (the student does not get units for a challenged class). A student may obtain a petition to Challenge online via the mySDCCD Support Desk and then selecting the Petition to Challenge form: https://mysdccd.atlassian.net/servicedesk/customer/portal/4/group/73/create/71. The completed petition with supporting documentation must be filed in the Admissions Office AT LEAST 10 working days prior to the start of the primary term/semester. Contact the Admissions Office for additional information. For credit by examination, please refer to page 93.

**Residency**

I4-102 619-388-2688

Residency is determined when a student applies for admission to the College. The following paragraphs summarize the rules and regulations related to student residency for tuition purposes. Details are found in the CA Education Code Section 68000, Title 5, sections 54000-54072.

**Residency Status**

Every person who is married or is age 18 or older and under no legal restriction may establish residence. Certain minors may also establish residence.

- A California “resident” is a person who has resided in the state for more than one year prior to the residence determination date and shows "intent" to make the state of California their permanent residence.
- An undocumented student is precluded from establishing residency. Restrictions also apply to some visas; please see the Admissions Office.
- The residence determination date is the day immediately preceding the first day of classes for each semester.

**Factors Considered to Determine Residency**

No one factor determines residency. The following factors are called “indices of intent.” They, along with a person’s presence in California, are among the factors considered in determining California residency:

- Filing California state and federal tax returns with W-2 form (required)
- Possessing a California driver’s license and a vehicle registered in California
- Voting in California
- Owning residential property in California for personal use
- Being licensed to practice a profession in California
- Having an active checking and/or savings account in a California bank
- Showing California on military records (Leave and Earnings Statement)
- Possessing a marriage license or a divorce decree issued in California
- Having paid nonresident tuition in another state

**Exceptions to Residency Requirements**

Several exceptions to the residency rules apply. They include, but are not limited to, the following:

- Active duty military personnel and their dependents stationed in California
- Active military and dependents previously stationed in California, who are currently enrolled, and subsequently receive orders to change their duty station to out-of-state
• A Veteran or dependent using or intending to use their GI Bill® benefits while currently living in California and has enrolled at San Diego City, Mesa or Miramar College. “GI Bill®” is a registered trademark of the U.S. Department of Veterans Affairs (VA). Information on the clause is located on the GI Bill Trademark form included in the application.

Nonresident Students
A student’s residency status is determined at the time of application. Nonresident students must pay nonresident tuition in addition to the enrollment fee and other fees for credit classes. Tuition must be paid in full at the time of registration.

Assembly Bill (AB) 540
Assembly Bill 540 exempts nonresident students who meet the following criteria, from paying nonresident tuition:

• have attended a California school full-time for three or more years.
• have received a high school diploma or equivalent, or an Associate Degree or fulfillment of transfer requirements for CSU/UC Institutions.
• have registered as an entering student at, or concurrent enrollment at an accredited institution of higher education in California.

Students who meet the criteria must file an affidavit with the college stating that he or she has filed an application to legalize his or her immigration status.

Incorrect Classification
A student incorrectly classified as a California resident is subject to reclassification as a nonresident and payment of all nonresident tuition. If incorrect classification results from false or misleading facts, a student may be excluded from classes or the college upon notification.

Reclassification
Reclassification to resident status must be requested by the student. Financial independence during the current year and preceding two years will be considered at the time the student requests reclassification. Information regarding requirements for reclassification is available in the Admissions Office.

Tuition may not be refunded to a student classified as a nonresident due to lack of documentation if, at a later date, documentation is presented for a previous semester.

Appeals
To appeal a residency determination decision, a student may file a Residency Determination Appeal form with the college Admissions and Records Supervisor.

Limitation of Residency Rules
Students are cautioned that this summary of rules regarding residency determination is by no means a complete explanation of their meaning or content.

For further information, contact the residency clerk in the Admissions Office. Changes may have been made in the statutes and in the regulations since this catalog was published.

False Information
Providing false information necessary for establishing residency will result in disciplinary action up to and including dismissal from the college.

Contact the Admissions Office for more details.

International Students
(F-1 Visa Students)

San Diego Mesa College welcomes applications from nonimmigrant F-1 visa students. Acceptance into a program at the college is necessary before U.S. Citizenship and Immigration Services (formerly INS) Form I-20 (certificate of eligibility) is issued by the International Student Admissions Office.

The decision to grant an acceptance will be based on all evidence received prior to the deadlines. Students may contact the International Student Admissions Office at the following address to request forms or information:

I-4102
619-388-2717
San Diego MeSa College • 2022–2023

Admissions and Registration

International Student Admissions Office,
I4-102
San Diego Mesa College
7250 Mesa College Drive
San Diego, CA 92111-4998

General Information

1. An international student must register for and maintain a minimum of 12 units each semester while at Mesa College. Part-time F-1 status will not be approved. The registration status and academic performance of all international students will be monitored by the college.

2. A recent photograph must be submitted with an application (passport size is acceptable).

3. Prospective international students are advised that they must comply with all requirements of the U.S. Citizenship and Immigration Services and of San Diego Mesa College to be admitted as international students.

4. Restriction on Aviation Program. The Federal government prohibits all F-visa (F-1 and F-2) students from enrolling in any Aviation Maintenance Technology (AVIM) and/or Aviation Operations (AVIA) classes and programs. No exceptions will be made. Student enrollment is monitored and students will be administratively dropped. The Transportation Security Administration (TSA) requires all students that are enrolled in AVIA 101L, 195L, or 196L to either provide documentation of their US citizenship OR complete a background check. For more information refer to https://www.flightschoolcandidates.gov.

5. A transfer student from another accredited United States college or university must:
   a. Follow set transfer procedures of the U.S. Citizenship and Immigration Services; and
   b. Have pursued a full-time course of study with a minimum GPA of 2.0 (“C”) at the college the student was last authorized to attend (an official transcript must be filed).

Admission Requirements

Application Fee: All international students are required to pay a $100.00 non-refundable application fee. Upon admission to the college, the fee will be applied toward the first semester nonresident tuition. The fee is valid for up to one year from the date processed.

Admission for Fall Semester: Students must complete all admissions requirements no later than May 15 to be admitted for the fall semester. The processing of an application normally requires a minimum of three to five months. Students who meet the May 15 deadline will be notified as soon as possible of their admission status.

Admission for Spring Semester: Students must complete all admissions requirements no later than October 15 to be admitted for the Spring semester. Students who meet the October 15 deadline will be notified as soon as possible of their admission status.

Academic Achievement

1. An international student must have graduated from high school (or its equivalent) with a GPA of 2.0 (“C”) or better, or have obtained a GED® certificate (General Education Development).

2. Official transcripts of all previous secondary and college/university education must be submitted, including an English translation of the transcript, before an application will be considered.

English Proficiency Requirements

To be considered for admission, an international student whose native language is not English must take an International Test of English as a Foreign Language (TOEFL) and score a minimum of 500 on the paper-based test, 173 on the computerized version, or 61 on the internet-based test. For questions regarding the TOEFL test, please visit the Educational Testing Service website at: www.ets.org/toefl/. Institutional reports or photocopies will not be accepted. Students may petition to waive the TOEFL requirement under one of the following conditions:

1. completion of a transfer level college English composition course at an accredited United States institution with a grade of “C” or higher;

2. completion of ELAC assessment and placement at a level of ELAC 45 or ELAC 145; in addition, the student must take the prescribed course work at the level of assessment; or

3. a minimum SAT verbal score of 450.

Advanced Degrees: An international student in possession of an associate degree or its equivalent,
or higher (completion of about 60 semester units) may be determined to be beyond the course offerings of Mesa College and is encouraged to apply to a four-year college or university.

Financial Resources

1. Each international student must submit verification of sufficient financial resources. The verification must indicate the ability of the student to finance each year’s education and living expenses. Minimum of $31,654 required for one school year (two semesters).

2. An international student attending the college must pay all mandatory fees, including nonresident tuition, enrollment fees and health services fees.

3. Financial aid is not available to international students.

4. An international student may not accept off-campus employment while attending college unless approval is granted by the U.S. Citizenship and Immigration Services and the International Student Advisor.

Health Clearance

1. Students must be in good health and free of communicable diseases. The “Report of Health Examination” form or a medical examination report by a physician must be submitted prior to admission. The medical examination must certify immunization against polio, diphtheria, measles, rubella, and tetanus, and must provide tuberculosis clearance.

2. Mandatory Health Insurance: Each student is required to provide a notarized letter (in English) certifying that he/she has secured a health insurance coverage in the United States for the duration of their studies.

Housing

The college is located near public transportation and housing. The college does not provide or assist with housing. Housing is the responsibility of the student.

Visa Students (other than F-1)

All other visa categories or immigrant classifications must see the Admissions Office.

Students who are residing in the United States on other than F-1 student visas must comply with all restrictions on total units enrolled as specified by the U.S. Citizenship and Immigration Services.

Fees

Community College Enrollment Fee

The enrollment fee is assessed of all students, including nonresidents. The fee is currently $46.00 per unit. Enrollment fees subject to change.

- Waiver of the enrollment fee is available to students who petition and qualify as recipients of benefits under the Temporary Assistance to Needy Families (TANF) program, the Supplemental Security Income/State Supplementary (SSI) program, or the General Assistance program.

- Indentured apprentices are exempt from enrollment fees for Apprenticeship Program classes only.

- Financial Aid may be available to students who qualify for assistance.

Health Services Fee

All students are assessed a mandatory fee for health services and accident insurance, whether or not they choose to use the health services available to them. The health services fee is currently $20.00 per semester for Fall and Spring semesters, and $17.00 for the Summer session. The following students are exempt from the health fee:

- Students who meet the income standards for the California College Promise Grant – CCPG-A Only. Contact the Financial Aid Office for eligibility determination.

- Students attending under an approved apprenticeship program, enrolled only in apprenticeship courses.

- Students who depend on prayer for healing, in accordance with the teachings of a bona fide religious sect, denomination, or organization, may petition to have the fees waived. To apply for an exemption contact the Admissions Office.

For more information, contact the Admissions Office.
Nonresident Tuition
In addition to the enrollment fee and health fee, tuition is charged to students who are not legal residents of California for tuition purposes. The 2022–2023 nonresident tuition fee is $304.00 per unit.

Library
Overdue fines and fees apply to late and lost library materials.

Baccalaureate Degree Program Fee
A baccalaureate degree program fee will be charged for all upper division coursework. The fee is $84.00 per unit and will be assessed in addition to the $46.00 per unit enrollment fee. Nonresident students in upper division coursework will be charged the $84.00 per unit in addition to the $46.00 enrollment fee, and the nonresident tuition fee of $304.00 per unit.

Additional Fees
Automobile permits per semester
(Fall and Spring)....................................................... $40.00
Automobile permits per semester (Summer) ... $29.00
Carpool permits per semester ......................... $30.00
Motorcycle permits per semester .................. $17.50
Transcript of Record ...................................................... $5.00
(above two have been issued free of charge)
Loss or damage of equipment and books............Cost
A.S. College Membership (per academic year) .... $8.00
Student Representation Fee ........................................ $2.00

Note: Students receiving public assistance, or who are determined eligible for financial aid, may purchase a single car permit for $25.00.

All fees are subject to change.
Students are expected to buy all books and supplies needed for their courses. Certain occupational programs may require additional expenditures for tools, uniforms.

Student Representation Fee: All students attending classes are required to pay a $2.00 student representation fee per semester. This fee is expended equally to support the: (1) Student Senate of California Community Colleges (SSCCC) and (2) colleges for the purpose of student advocacy efforts to Federal, State and Local governments. Students have the right to refuse to pay the fee for religious, moral, political, or financial reasons.

Returned Check Fee: A $25.00 fee will be assessed for any returned checks.

Debt Owed to the College
In alignment with Assembly bill 1313 (Chaptered October, 2019) and California Education Code 66022 and 76225, diplomas, and registration privileges, or any combination thereof, may be withheld from any student or former student who has been provided with written notice that he or she has failed to pay a proper financial obligation. Any item(s) withheld shall be released when the student satisfactorily meets the financial obligation. A service fee may be charged for all delinquent loans; any service fee would be determined by the total cost required to collect the delinquent loans.

Refunds
1. Fees will be refunded to students who reduce their program in accordance with the following schedule:
   - Refunds for Fall and Spring Primary (16 Week Session) is Friday of the second week
   - Refund deadlines for all other classes are located in the class search under the calendar icon (“Deadlines”)
   - Refund deadlines are also located for a specific term at https://www.sdccd.edu/students/dates-and-deadlines/ under “Dates and Deadlines"
   - No refund is given for classes dropped after the published deadline.

2. Students who are administratively dropped when a Petition to Challenge is denied will receive a full refund of the class(es) petitioned.

3. Students who are academically disqualified and administratively dropped will receive a full refund.
   No refund is given for classes dropped after the deadline.

4. In order to receive a refund, parking permits must be returned to College Police or the Accounting Office within the refund deadlines described in #1.
Students with a valid address on file and who do not have an outstanding financial obligation to the district will receive a refund in the mail or credit to their credit card. Refunds will be sent to students after the add/drop deadline. For payments by check, there is a five week waiting period for checks to clear the bank before refunds will be processed. For more information contact the Accounting Office on campus.

NOTE: Students who drop all classes and wish to receive a refund must also submit their parking permit before the refund will be granted. If the permit is not returned within the two-week refund period, the student will not receive a refund for the permit.
Student Services
The Career Center offers a variety of career development services including assistance with exploration of program of study and career options, job search readiness, resources for finding part-time and full-time jobs, and internship opportunities for students and graduates of Mesa College.

Student Services Outcomes
The Career Center faculty and staff have identified the following Student Learning Outcomes for the various services provided by the Career Center:

- Students will be able to utilize employment preparation strategies for career engagement.
- Students will be able to identify career services and events on campus and online.
- Students will be able to recognize available job search resources and career exploration tools.
- Students will be able to interpret their personality type, skills, values and goals as they relate to their career visions.

The following services are provided:
- Career assessments
- Career and industry exploration
- Labor market information
- Resume assistance
- Interview techniques
- Job seeking skills
- Assessment of transferable skills
- Annual job fair events
- Current local and nation-wide job listings
- Online job board
- Internships
- Computer Lab for career activities
- Career counseling appointment
- Online career preparation videos

All services are free and provide support for students and alumni seeking job and career assistance.

Academic, career, and personal counseling services are provided in the Counseling Department.

Student Service Outcomes
The Counseling Department faculty and staff have identified the following Student Learning Outcomes for the various services available in the Counseling Center:

1. Utilize intellectual growth in decision making to develop personal, educational, career and athletic goals.
2. Justify major and career choices based on accumulated information or data.

3. Adopt behaviors of satisfying and productive lifestyles and communicate the effects of these behaviors on goal accomplishment.

The following services are provided:

Services include academic skills assessment and development of a Student Education Plan (SEP), which outlines what courses are needed for graduation and/or transfer and provides a checklist for requirements completed and those remaining. Students should have official transcripts from other colleges on file and evaluated before seeking to obtain an official SEP. Once students initiate the filing of their transcript(s) and confirm its arrival at the Mesa College Records Office (I4-403), a request for the evaluation must be made in the Counseling Department. The entire process may take up to 3 months to complete. Students are advised to review the catalog and schedule for program and general information prior to meeting with a counselor. The Counseling Department offers college success and career planning through courses in Personal Growth listed in the schedule of classes.

Academic, Vocational & Support Services Programs

Mesa Academy

The Mesa Academy is designed to support the academic success of Mesa College students. In addition, the program is designed to encourage and assist students earning a Certificate of Achievement, Associate Degree, and/or a Transfer Studies Degree while attending San Diego Mesa College. Students participating in the Mesa Academy are provided with writing, counseling, and mentoring services throughout their Mesa College career. Discussions, activities, and materials utilized in the program are from an African American perspective. The Mesa Academy is open to all students.

Mesa Academy students participate in the following learning components:

- **Mentoring:** Students receive educational and career advice from Mesa College Faculty/Staff and members of the community through mentorship.

- **Counseling:** Academic, career, and personal counseling is offered by the Mesa Academy Program Counselor and mentors. Mesa Academy Program students develop and complete a career plan and an educational plan.

- **Personal Growth/English:** Mesa Academy Program students enroll in Personal Growth 120 and Personal Growth 140. Personal Growth 120 is paired with English 051 and Personal Growth 140 is paired with English 101 as part of the Mesa College Learning Community Program.

- **Campus Tours:** Mesa Academy Program students participate in a “Transfer-for-a-Day” Program.

- **Cultural Events:** Mesa Academy Program participates in the planning of Historical Black College University (HBCU) Transfer Day, African American Heritage Events, and the African American/Latino Male Leadership Summit.

- **Study Skills:** STAR Tutoring program provides tutorial services for Mesa Academy Program students in all subjects. Mesa Academy Program students are encouraged to utilize the College Tutorial Services especially the Writing Center.

- **Peer Support:** Mesa Academy students get an opportunity to develop leadership skills, and conduct campus programs through the Mesa Academy Club. Previous Academy students act as mentors to current Mesa Academy Program students.

For more information, contact the Mesa Academy Coordinator in the Counseling Office.

Puente Project

The Puente Project, co-sponsored by the University of California and the California Community Colleges, is an academic preparation, retention and transfer program. Puente is a year-long program in which students participate in three components:

- **Writing**—students enroll in English 47A for the Fall and English 101 for the Spring semester. Course materials focus on Latino/Chicano literature and experience to enhance writing skills.

- **Counseling**—academic, personal, transfer and career counseling is offered. Students enroll in PERG 120 for the Fall semester and PERG 140 for the Spring semester.
• **Mentoring**—students are exposed to various career options through their close involvement with mentors.

Materials utilized in the Puente Project come from the Latino/Chicano perspective. Classes are open to all students. If interested in participating, please stop by the Counseling Office, I4-403, and speak to the Puente Counselor.

**Puente Counselor**: Raul Rodriguez, 619-388-2834

For more information please visit the Puente website at: [www.sdmesa.edu/puente/](http://www.sdmesa.edu/puente/)

**ADVOC8 SYE (Second Year Experience) – Advancing Diverse Vocational Opportunities and Community**

ADVOC8 is San Diego Mesa College’s second and continuing year(s) program. The mission of ADVOC8 is to serve and prepare students in the areas of personal development, leadership, career, transfer success and equity through the Olympian character. Students involved in the program will benefit from the close interpersonal relationships they create, personalized counseling services and other various incentives. Students will maintain eligibility by fulfilling Fall and Spring requirements. Throughout the ADVOC8 year each cohort will meet for various organized events and check-ins. This program is for all students looking for a closer connection to the San Diego Mesa campus and a stronger sense of career direction.

**Financial Incentives**: ADVOC8 students may qualify for book voucher assistance and other incentives during the academic year.

**Mentoring**: Students receive educational planning and career guidance from San Diego Mesa College faculty and staff. Students will create accountability partners in the program that serve as peer to peer support throughout the year.

**Counseling**: Academic, Career and personal counseling is available by the ADVOC8 coordinator and General Counseling office.

**Career Guidance**: Students will have an opportunity to attend workshops and trainings to support Career identity and guidance.

**Campus Community**: ADVOC8 students will be required to attend two campus events in the Fall semester. The approved events are targeted to support campus involvement and intentional discovery of personal goals and career exploration.

**Internship/Job Shadowing/Informational Interviews**: During the Spring semester students will identify an internship site OR job shadow site OR conduct and informational interview as a part of the cohorts requirements. These strategies will be used to help students identify their unique career pathway.

**Program Coordinator**: Adam Erlenbusch, MA, LMFT, Assistant Professor/Counselor

**Contact information**: aerlenbu@sdccd.edu

619-388-2663

**Mesa Academics and Athletics Program (MAAP)**

**Mission Statement**

The Mesa Academics and Athletics Program (MAAP) at San Diego Mesa College empowers student-athletes to identify and achieve their educational, career, athletic and personal goals. The support program guides student-athletes to obtain an educational degree while meeting California community college and/or transfer eligibility requirements. MAAP aims to motivate student-athletes to succeed in the classroom, the athletic arena and in the community.

**MAAP Goals:**

- To assist student-athletes in the identification of educational, career, athletic and personal goals
- To empower student-athletes to reach academic, career, personal and athletic success
- To increase retention, graduation and transfer rates of student athletes
- To encourage each student-athlete to develop independence, self-advocacy and to mature mentally, emotionally, physically, and athletically
- To create an environment within the intercollegiate athletic program that promotes academic achievement
- To provide CCCAA, NCAA, and NAIA resources
- To maximize the academic potential of student-athletes by providing an atmosphere that
enhances learning skills, career development, and personal development. This will be done by encouraging the student-athletes to:

- Enroll in a Personal Growth course, utilize free tutoring services through the Mesa Tutoring and Computing Centers, and use the student services on campus (i.e. Transfer Center, Career Center, Counseling and others).

MAAP Counselor: Valerie Pallares-Herrera,
619-388-2672
For more information please visit the MAAP website at: www.sdmesa.edu/MAAP.

CalWORKs/TANF Program
I4-410 619-388-2709
The CalWORKs Program offers support services to students who receive TANF/CalWORKs funding. Specialized services have been designed to support students in their education, career and personal goals while meeting their welfare to work requirements. Services include academic/vocational counseling, job placement, workshops, work study placement and verification of welfare to work hours. For more information, contact the office of Student Success and Equity.

CRUISE and Peer Navigator Programs

San Diego Mesa College CRUISE (Creating Rich Unique Intellectual Student Experiences) program focuses on student preparation and engagement through peer mentoring and support workshops. CRUISE is an innovative way for new, incoming high school students, returning Adult Learners, Veterans, and Continuing Education students to connect with San Diego Mesa College. The three day program exposes students to all necessary resources to ensure academic success and present the opportunity to connect students to faculty and Peer Navigators.

Housed in the AVANZA Engagement Center and unique to Mesa College, Peer Navigators mentor and guide students during CRUISE and offer ongoing support throughout the academic year. Monthly contacts, workshops, and mentoring are just a few of the components available to participants.

Student Learning Outcomes:
- Help students feel connected to the college
- Provide instructional workshops and connect students with academic support
- Offer peer mentoring throughout the academic year
- Present students with community-building opportunities
- Personal and leadership development

Disability Support Programs and Services (DSPS)

Telephone 619-388-2780
Video Phone 619-403-9547
Location I4-405
Website www.sdmesa.edu/dsps

Mesa College provides academic accommodations and services for students with disabilities in compliance with State and Federal legislation including Section 504 and 508 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act Amendments Act (ADAAA).

Students who have a verified disability qualify for academic accommodations and services through the Disability Support Programs and Services (DSPS) department. Student participation in the DSPS program is voluntary. Academic accommodations and services are designed to support students enrolled in on-campus, online, and clinical setting courses in the achievement of their academic and vocational goals.

Educational Assistance classes for students with disabilities may be available to support the college academic and vocational programs through DSPS and the High Tech Center. Academic accommodations provided may include, but are not
limited to: priority enrollment, assistive technology and alternate media, interpreters and captioning for students who are deaf or hard of hearing, note taking materials, test taking accommodations, audio recorders, use of specialized equipment and adaptive devices, and disability related counseling and referral.

Liaison with community agencies is also an important component of the program. The campus is physically accessible. Students are encouraged to apply early for timely services.

Service Animals
The San Diego Community College District will permit qualified students with disabilities to use service animals in district facilities and on district campuses (Procedure 3105.2) in compliance with state and federal law.

Animals are not permitted on campus with the exception of service animals for persons with disabilities. Refer to Administrative Procedure (AP 3105.2) Service Animals.

Student Learning Outcomes
- Identify and request appropriate academic accommodations in a timely manner through the interactive process with a DSPS Counselor.
- Apply and adapt individual accommodations
- Communicate and self-advocate with campus faculty, staff and administrators.

English Language Acquisition (ELAC)
The English Language Acquisition (ELAC) program is committed to supporting non-native speakers of English in developing their academic English language skills to enable them to succeed in college courses. We offer a range of courses designed to engage students from low-intermediate to advanced levels of English. Core courses consist of integrated academic reading, writing, and grammar as well as academic listening and speaking. Specialized courses in areas such as pronunciation and focused grammar are also offered to support the individual needs of each student.

The ELAC program consists of four levels. For more information, students should contact elac@mesa.edu.

For more information on the English Language Acquisition Program, students should contact the college Counseling Office.

Extended Opportunity Programs and Services (EOPS) and Cooperative Agencies Resources for Education (CARE)

What is EOPS?
EOPS is a state-funded program. The purpose of the program is to increase the access, academic achievement, retention and overall personal success for economically and educationally disadvantaged students by providing a supportive, student-centered environment. Our program is committed to enhancing the students’ educational experience by empowering them to define and pursue their academic, career and personal goals. The services offered are “over and above” those offered by the college’s Student Services division. The primary services include assistance in the following areas: priority enrollment, counseling and preparation for transition to four-year universities or the workplace. Services may also include book grants and other financial assistance, depending on funding. For detailed information on all services offered and application procedures, please contact the EOPS Office.

EOPS students who are single head of household and receiving CalWorks for themselves and/or their children are encouraged to apply for the program’s
Cooperative Agencies Resources for Education (CARE) component. CARE provides additional counseling support services including specialized workshops, meal cards, gas cards, emergency bus passes, and supplies to address those needs that are unique to single parents.

Students that are formerly incarcerated may receive service in the EOPS office. Please visit our office and ask to meet with Jesus Gaytan for more information, I4-309.

NextUP
NextUp is a supplemental component of EOPS. It provides resources and services to students who have experienced foster care. Services may include counseling, books and supplies, grants, childcare and transportation assistance, financial literacy and independent living skills support, and housing assistance. Students must meet eligibility requirements for EOPS, be under the age of 26, and in foster care on or after their 13th birthday.

Fostering Academic Success and Transitions (FAST) Scholars
FAST Scholars provides services to students who experienced foster care. Students do not need to qualify for EOPS to be eligible of FAST. FAST Scholars’ services include: priority registration, intrusive counseling and case management services, assistance applying for financial aid opportunities such as CHAFEE grant and scholarships, life skills and success seminars and book vouchers (when funding available).

Borderless Scholars
Borderless Scholars serves students who are undocumented. Students do not need to qualify for EOPS to be part of the program. Borderless Scholars’ services include: personalized academic counseling, scholarship assistance, community resources and referrals, mentoring, workshops and other cohort-building events.

Student Learning Outcomes
The Extended Opportunity Programs and Services (EOPS) faculty and staff have identified the following Student Learning Outcomes for the various services provided by EOPS:

- Students will be able to identify requirements necessary to meet EOPS compliance and program expectations
- Students will be able to explain the content of their education plan and identify the general education and major prep courses needed to reach their educational goal

Eligibility
Students may be eligible to receive EOPS services if they meet all of the following criteria:

1. Must be a California resident or AB540
2. Must be enrolled in 12 units or more
3. Must be eligible to receive the California College Promise Grant A or B at Mesa College
4. Have less than 70 degree applicable units

Additionally, students must meet one of the following criteria:

- Currently or previously enrolled in a developmental level course
- No high school Diploma/GED or are a high school graduate with overall GPA below 2.5
- Are the first one in your family to attend college
- Are an emancipated foster youth
- English is/was not the primary Language spoken at home
- Belong to a group that is part of Mesa College’s student equity goals

How to Apply
Students interested in applying for the EOPS program must complete an EOPS application and the Free Application for Federal Student Aid (FAFSA) or the California College Promise Grant. Students may apply online through the EOPS website or by visiting the EOPS Office located in I4-309. Students should apply early to ensure that they receive consideration for all services. It is recommended that students complete the FAFSA by the priority filing date published by the Financial Aid Office.

Services for Homeless Students under age of 25
San Diego City, Mesa and Miramar Colleges are committed to ensuring that all students have a fair
and equal opportunity to obtain a high-quality education and complete their educational goals. As part of this commitment, the colleges provide referral services for homeless youth through the Extended Opportunity Programs and Services (EOPS) office. Effective Spring 2017, the following services will be provided:

- Access to shower facilities on-campus during designated hours
- Referrals to student support services including financial aid, Cal WORKs, DSPS, food pantries, and mental health services
- Referrals to outside agencies that support homeless shelters, housing referrals, etc. as needed
- Priority Registration, if eligible, starting Summer 2017 registration (requires submission of FAFSA or California College Promise Grant – CCPG application and verification of status)

Students that are homeless, formerly homeless or at-risk are encouraged to visit your college’s EOPS office for more information.

**Evaluations**

**Telephone** 619-388-2680  
**Location** I4-306  
**Website** [www.sdmesa.edu/evaluations](http://www.sdmesa.edu/evaluations)

The Mesa College Evaluations office provides services, including information and technical support, to help students achieve their certificate, degree, and transfer goals. Working closely with students and in coordination with the District, Mesa Evaluations processes graduation applications, general education certifications for transfer and other petitions related to academic standards and program completion.

**Financial Aid**

**Telephone** 619-388-2817  
**Location** I4-107  
**Website** [www.sdmesa.edu/financial-aid](http://www.sdmesa.edu/financial-aid)

The Financial Aid Office is committed to assisting students who might otherwise be unable to continue their education because of a financial disadvantage.

Financial Aid funds are administered in accordance with a nationally established policy of financial assistance for education. The basis of this policy is the belief that students and their parents have the primary responsibility for meeting educational costs. The amount of the contribution expected from students and their family is determined by careful analysis of family financial strength taking into consideration net income, household size, allowable expenses, and assets. The U.S. Department of Education, in cooperation with Congress and educational agencies, has established procedures which are used in making an evaluation of the amount families can be expected to contribute.

**Student Learning Outcomes**

The Financial Aid faculty and staff have identified the following Student Learning Outcomes for the various services provided by the Financial Aid Office:

- Students will learn to analyze, describe and explain issues related to their lack of academic progress.
- Student will successfully complete their Financial Aid file.
- Students will demonstrate basic knowledge of financial aid principles, rules, and regulations by completing a brief survey during the Financial Aid Information Fair.

**Application**

On a yearly basis, all financial aid applicants must complete the Free Application for Federal Student Aid (FAFSA), or a California Dream Act application for all financial aid, including the California College Promise Grant – CCPG. To complete your FAFSA, go to [https://studentaid.gov/h/apply-for-aid/fafsa](https://studentaid.gov/h/apply-for-aid/fafsa). To complete a California Dream Act application, go to [https://dream.csac.ca.gov](https://dream.csac.ca.gov). FAFSA Application materials are available on October 1st for the following academic year. The priority filing deadline for aid is April 15th. Students filing their application by this date will be considered first in the award process. Deadline to apply: The Central Processing System (CPS) must receive your application by your last day of classes for the term or June 30, 2023 whichever date comes first. The Deadline for Cal Grant application is March 2nd.
A current Admission’s Application to the College must be on file before we can process your FAFSA application. Complete the application using your personal information as it appears on your Social Security card or our office will not be able to process your financial aid application.

Academic transcripts from prior colleges attended are not required to be submitted before processing a financial aid application. Academic transcripts must be submitted directly to the District Records Office.

All inquiries such as disbursement of funds, document submission, appeals, etc., MUST be made on or before the deadline date. After the close of the academic year, we will no longer be able to process any financial aid application or disbursements.

Eligibility
In order to be eligible to apply for financial aid, a student must be a citizen or permanent resident of the United States or be in the country for other than a temporary purpose with the intention of becoming a permanent resident.

Eligible non-citizens may be required to provide proof of permanent residency for Federal Aid. F-1, M5, R1, or R2 Visa students are not eligible for financial aid at San Diego Mesa College. For further information regarding other eligible immigration statuses, contact the Financial Aid Office.

Students must have a high school diploma, GED or equivalent in order to apply and qualify for Financial Aid. Contact the Financial Aid office for additional information.

Awards
Awards take the form of a “package” of financial aid, usually consisting of grant money and work-study, depending on the financial need of the applicant and the availability of funds. Awards may be adjusted at any time upon notice of receipt of resources not previously reported. Revisions to awards are always possible because personal financial circumstances can be very unpredictable. If funding is available, aid for valid educational expenses not already covered in the student’s budget may be offered.

Financial aid funds are usually ready for disbursement approximately four or five weeks after the start of classes. Pell Grant and Cal Grant disbursements are based on enrollment levels at the time of payment and will not be adjusted. However, SEOG and loan payments will be adjusted according to enrollment status. If you withdraw from classes after aid has been disbursed to you, you may be required to repay all or part of this aid (see “Return of Title IV Funds” on page 40).

An automated system is available in the college bookstores to allow California Resident students, who are enrolled in at least six units, to use a portion of their estimated Pell Grant to purchase books and supplies one week prior, and two weeks after the start of the semester. Funds will be set aside from each eligible student’s Pell Grant or Cal Grant C, and placed in a special account in the bookstore. This account may be used for the purchase of books and supplies until the funds are exhausted or by the end of the bookstore window, whichever comes first. The account is valid at the City, Mesa, and Miramar College, and ECC bookstores, regardless of where students are taking classes.

The student will be responsible for paying back the Bookstore the Pell Grant used if the student does not attend classes or, if the student loses eligibility at any time after being offered the award.

Students who elect not to purchase books from the college bookstore, or have any funds remaining on account, will receive the funds in the mail or by direct deposit with the remainder of their Pell Grant award according to the Pell Grant payment schedule for the semester.

Students must be making satisfactory academic progress as determined by the Standards of Satisfactory Academic Progress for Financial Aid Recipients. Copies are available in the Financial Aid Office, and on our website: www.sdmesa.edu/financial-aid/information.cfm.

Scholarships
Students are encouraged to apply for scholarships, which are available for students who meet the qualifications. These awards are donated by individual contributors, clubs and organizations both on campus and in the community. Amounts are determined by the donors and vary. Qualifying criteria may include financial need, a designated grade point average or other requirements to be eligible for consideration. Scholarship applications may be obtained from the Mesa College Office of Student Affairs, I-400 Room 408 and www.sdmesa.edu/financial-aid/information.cfm.
Return of Title IV Funds

Federal law requires that if a student receives a Federal grant and then drops/withdraws from all of his/her classes, he/she may owe money back to the Federal Government.

Note that the earlier a student drops/withdraws, the more money he/she may have to pay back.

- If a student receives LOAN money and withdraws, he/she must pay back the money according to the normal rules of the loan program.
- If a student receives WORK STUDY money and withdraws, he/she does not owe anything back and may keep the salary earned; but must stop working immediately.

For more information about the timeframe to repay, the consequences of not paying and a sample Return of Funds calculation, go to: http://sdmesa.edu/students/services/financial-aid/return-to-title-iv-policy/

Financial Aid Programs Available

Following is a basic description of the programs available. Contact the Financial Aid Office for detailed descriptions and eligibility requirements, or visit our website.

Enrollment Fee Assistance: California College Promise Grant – CCPG

State law requires that students attending the college pay an enrollment fee. Students enrolled in credit classes are currently required to pay $46.00 per unit.

The college offers the California College Promise Grant (CCPG), a state-funded program which will waive the enrollment fee for all eligible applicants. **Students who are eligible for a California College Promise Grant (CCPG) will be required to pay the health fee.** The health fee will no longer be waived for students who are eligible for a CCPG other than students who are eligible for a CCPGA (TANF/CalWorks, SSI/SSP, or General Assistance).

Students may apply for the CCPG one of two ways:

- Submit a FAFSA (https://studentaid.gov/h/apply-for-aid/fafsa) or a California Dream Act Application (https://dream.csac.ca.gov), or
- Apply for the CCPG online, please visit http://www.sdccd.edu/students/financial-aid-scholarship/ for more information. Apply via: https://www.opencccapply.net/gateway/apply?cccMisCode=072

If you are a California resident or have been designated an AB-540 student, you may qualify for a CCPG if any ONE of the following statements applies to your current status:

- You have already qualified for financial aid, such as a Federal Pell Grant or a Cal Grant, which demonstrates that you have need as determined by Federal Methodology or California DREAM Act application. You must have at least $1,104 on “unmet” need to qualify.
- You, or your parents in the case of a dependent student, are receiving TANF (Temporary Aid for Needy Families), SSI (Supplemental Security Income), or General Assistance/General Relief as main source of income at the time of enrollment.
- You have a letter from the Department of Veterans Affairs certifying that you meet the eligibility requirements of “certain disabled veterans, dependents of certain deceased or disabled veterans.”
- You are a dependent of a deceased or disabled veteran of the California National Guard. You must submit a letter of certification from the California National Guard Adjutant General’s Office.
- You are a recipient of the Congressional Medal of Honor or a child of a recipient. You must submit documentation from the Department of Veterans Affairs.
- You are a dependent of a victim of the September 11, 2001, terrorist attack. Must submit documentation from the CA Victim Compensation and Government Claims Board.
- You are dependent of a deceased law enforcement/fire suppression personnel killed in the line of duty. You must submit documentation from the public agency employer of record.
- You have been exonerated of a crime by writ of habeas corpus or pardon. You must submit documentation from the Department of Corrections and Rehabilitation.
• You meet the following income standards:

<table>
<thead>
<tr>
<th>Number In Household (including yourself)</th>
<th>Total Family Income for 2020 (adjusted gross income and/or untaxed income)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>$19,320.00 or less</td>
</tr>
<tr>
<td>2</td>
<td>$26,130.00 or less</td>
</tr>
<tr>
<td>3</td>
<td>$32,940.00 or less</td>
</tr>
<tr>
<td>4</td>
<td>$39,750.00 or less</td>
</tr>
<tr>
<td>5</td>
<td>$46,560.00 or less</td>
</tr>
<tr>
<td>6</td>
<td>$53,370.00 or less</td>
</tr>
<tr>
<td>7</td>
<td>$60,180.00 or less</td>
</tr>
<tr>
<td>8</td>
<td>$66,990.00 or less</td>
</tr>
<tr>
<td>Each Additional Family Member</td>
<td>$6,810</td>
</tr>
</tbody>
</table>

To determine your eligibility for the California College Promise Grant (CCPG) based on the above income standards, you will be considered independent if:

• You do not live with your parents or your parent’s registered domestic partner.

• You were not claimed as an exemption on any federal income tax filed by your parents or your parent’s registered domestic partner in 2020.

New State regulations have changed eligibility requirements for the CCPG. Starting Fall 2016, in addition to income and residency requirements, students must maintain academic and progress standards to maintain California College Promise Grant (CCPG) eligibility.

These income standards are for the 2022–2023 academic year and are used to determine California Promise Grant Part B eligibility EFFECTIVE July 1, 2022.

Appeal Process for Loss of CCPG
Students will maintain their CCPG eligibility as long as they are in good academic standing. Students who believe their recent academic performance is based on circumstances outside their control, or believe they have made substantial academic improvement, may appeal the loss of CCPG eligibility by submitting a Loss of CCPG/Enrollment Priority Petition to the Dean of Student Development five (5) business days prior to the Application and Registration Deadline posted on the Academic Calendar. Petitions will be reviewed in the order they are received by the Dean of Student Matriculation.

Federal Pell Grant
The Federal Pell Grant is the largest federal grant program and is the foundation of a student’s total “aid package.” Eligibility is determined by the federal government using a standard formula for all applicants.

Effective July 1st, 2012, all financial aid applicants are subject to 6 years maximum of Pell Grant lifetime eligibility or 600%.

Enrollment status will be frozen at the time of disbursement after the add/drop period and will be the basis for Pell award. Once the Pell Grant award has been processed it will not be adjusted for additional units added during the semester. If you have a bachelor’s degree, you are not eligible for a Pell Grant.

Federal Supplemental Educational Opportunity Grant (FSEOG)
FSEOG is a federal grant program designed to assist students who have the greatest demonstrated financial need. Awarding of FSEOG funds is determined by the Financial Aid Office based on available resources. If you have a bachelor’s degree, you are not eligible for FSEOG.

Cal Grants
The Cal Grant program is administered by the California Student Aid Commission to help low-income students attend college. Students at the college may receive Cal Grant A, B, or C.

• A – Cal Grant A helps low- and middle-income students with tuition/fee costs. Cal Grant A funds are not available until you transfer to a four-year college, unless you are enrolled in Mesa College’s B.S. HIM Program. Must be a California resident or eligible AB-540 designated student.

• B – To be eligible for Cal Grant B a student must be a California resident, eligible AB-540 designated student and pursuing an undergraduate academic program of not less than one academic year.
• C — Cal Grant C is designed for students enrolled in a vocational program who are California residents or eligible AB-540 designated students from a low- or middle-income family.

• Additional Cal Grant Access Funds for Students With Dependents (SWD) Independent Students with dependent children under 18 years of age by July 1st of the award year (start of the financial aid award year) and for whom the student will provide more than half of their support between July 1st and June 30th of the award year may be eligible for the following: Cal Grant Access awards up to $6,000 & $6,024 for qualifying Cal Grant A and B recipients and up to $4,000 for eligible Cal Grant C recipients. Actual award will be based on remaining unmet need.

• See the Financial Aid Bulletin for important dates and deadlines.

• Cal Grant Program is not available for students accepted into the Comprehensive Transitional Program C2C.

• If you have a bachelor’s degree, you are not eligible for a Cal Grant.

**Chafee Grant Program**

The Chafee Grant is a federal program that is administered by the California Student Aid Commission to provide financial assistance to former Foster Youth. The applicant must be certified by the State Department of Social Services of their Foster Youth status prior to reaching age 16. The grant has no citizenship requirement; however, non-citizens without a valid Social Security Number must call the CSAC for additional steps and information. The program awards a maximum of $5,000 per academic year. Renewal applicants must maintain satisfactory academic progress as defined by the school.

**Student Success Completion Grant**

**Prerequisite: Be a full time Cal Grant recipient**

– The SSCG is a California Community Colleges financial aid program designated for Cal Grant B and Cal Grant C recipients who are carrying an academic load of at least full time (12 units or more) by the semester financial aid enrollment freeze/census date. The purpose of the SSCG grant is to provide eligible students with additional financial aid to help offset the total cost of community college attendance, to encourage full-time attendance, and assist in the successful on-time completion of the student’s degree objective. Due to limited funding, the awards are made on a first-come-first-served basis. In order to be eligible for this grant, the student must be registered in ALL planned units for the semester by the published census/freeze date. The grant pays up to $4000 annually based on the number of units: if the student’s enrollment is between 12 – 14.99 units, the award is $649 for the semester; if the student’s enrollment is 15 units or more, the award $2,000 for the semester. Eligibility is determined every semester after the financial aid census/freeze date and based on available funds.

**Federal Work Study**

Federal Work Study (FWS) allows students the opportunity to earn part of their financial aid by working in assigned jobs, both on and off campus. The salary received is at least equal to the current minimum wage, but many Federal Work Study jobs pay more than minimum wage. Federal Work Study differs from the other financial aid programs in that a student is allocated a certain amount of money to earn. As work on the job is completed, a time card is submitted for the hours worked just as at a regular job. Once a month the student receives a paycheck for the hours worked. Once the amount allocated in the financial aid package is earned, the job ends.

**Student Loans**

Applicants for student loans will be subject to college policy requirements regarding enrollment status, length of attendance, the number of units completed, and the total amount of previous loans. Student Loans are not available for students accepted into the comprehensive Transitional Program C2C. Student Loans are not auto-awarded to any student.

Student Loans are not auto-awarded at City and Miramar colleges, and the students must apply for the loan at the Financial Aid office. However, At Mesa College, students who meet specific requirements and program eligibility rules will see a Direct Subsidized loan auto-awarded that the students have the choice to accept or decline.

Contact the Financial Aid Office for other requirements.
William D. Ford Federal Direct Loan Program

The Federal Direct Loan is a federal loan program where you borrow directly from the Federal Government. The interest rate for new loans is a fixed rate which is currently 3.73% for loans disbursed from July 1, 2021 to June 30, 2022. You are required to pay the Department of Education loan processing fees that are currently 1.057%. The fees are deducted from the proceeds of your loan. The origination fee will change for any loan disbursed after October 1, 2022.

New Federal regulations require schools to disburse loans only after the signed Promissory Note has been accepted.

For first-time student borrowers, the funds will not disburse until at least 30 days after the start of the student’s active enrollment in 6 (six) units

1. Direct Subsidized loan

To qualify, a student must be enrolled in at least six units, demonstrate Satisfactory Academic Progress for Aid recipients and must demonstrate financial need through the federal methodology using the FAFSA Application. Students must complete a mandatory loan entrance counseling session.

You may complete the entrance counseling session online at: https://studentaid.gov/entrance-counseling/

You must complete an online multi-year Master Promissory Note at: www.studentloans.gov

On August 13, 2021, the Secretary removes and amends regulations to conform with changes made by the Consolidated Appropriations Act, 2021. Specifically, the Secretary removes the subsidized usage loan limit restriction (SULA) for any borrower who receives a Federal Direct Stafford Subsidized Loan first disbursed on or after July 1, 2021, regardless of the award year associated with the loan. The Financial Aid Office will be notified when the session has successfully been completed. In addition, you must fill out a Loan Request Form from your Financial Aid Office. You must complete an online multi-year Master Promissory Note at: www.studentloans.gov. You may also be required to submit an Educational Plan and be enrolled at the campus of your declared major. Please ask your Financial Aid Office for more information. The actual loan amount for which you are eligible will be determined by the Financial Aid Office. Checks will be disbursed twice per loan period. If you are a first-time student or borrower, your check will not be disbursed until at least 30 days after the start of the semester. If you have “Late Start” classes, you must be actively attending classes in at least six units, before your loan can be disbursed. For additional information, please refer to the Financial Aid Bulletin or call the Financial Aid Office at 619-388-2817

2. Direct Unsubsidized loan

An unsubsidized student loan is a type of loan in which interest begins accruing on the disbursement date. The accrued interest is capitalized and added to the loan balance until the repayment process begins, which is also charged during in-school, deferment, and grace periods. A student must be actively enrolled in at least six units, have a valid FAFSA on File, and demonstrate Satisfactory Academic Progress for Aid recipients. The students do not need to demonstrate financial need through the FAFSA’s federal methodology, and the loan award cannot exceed the Federal Annual borrowing limit. The actual eligible amount of the loan will be determined by the Financial Aid Office once the application has been reviewed. Students must complete and submit the paper loan application to the Financial Aid office, along with all the required documentation described in the loan steps disclosed in the loan application. In addition, a copy of the Educational Academic plan may be required.

PLUS Loan

Parents of dependent undergraduate students may borrow from the PLUS loan program. The amount borrowed may be up to the cost of attendance minus any financial aid. Parents must begin repayment within 60 days of receiving the full disbursement of the loan. The interest rate is a fixed rate. Student and borrower must meet all other financial aid eligibility requirements, including completing the FAFSA.

National Student Clearinghouse

All current SDCCD student’s enrollment levels are automatically sent to the National Student Clearinghouse. Submission and disclosure of enrollment levels is a federal requirement for students with current and past student loans according to regulations. Enrollment information for students with no prior or current student loan history is protected from disclosure by the contractual agreement between the National
Hispanic Serving Institution (HSI)

San Diego Mesa College is proud to be formally designated a Hispanic Serving Institution by the United States Department of Education. The purpose of this designation is to provide Mesa College the opportunity to improve the academic attainment of Latino/a, Chicano/a, Hispanic, or similar identities, and low-income students. Being an HSI means we are a reflection of our students, their cultures, values, and life experiences. It guides the direction of the college and how we go about the work that we do. Every student deserves to feel connected and safe on campus and to have access to the programs and services to successfully reach their goals. As an Hispanic Serving Institution, Mesa is committed to be the Leading College of Equity and Excellence.

- **PROYECTO EXITO GRANT** – In Fall 2014, Mesa College was awarded a “Developing Hispanic-Serving Institutions–Title V” five-year grant in the amount of $2.62 million. The purpose of the grant is to improve the retention and graduation rates of Mesa’s diverse population, particularly its Latin students, through systemic, institutional changes and improvements. Mesa’s HSI / Title V program is entitled Proyecto Éxito, a name that combines the idea of successfully exiting with a degree, certificate, or transfer-readiness with the Spanish word for “success.” Mesa will use grant funds to help a higher proportion of its low-income and Latin students experience academic success, allowing them to “exit” Mesa with their goals met. For more information, contact the Title V HSI Program Manager, Dr. Leticia Lopez, at llopez@sdccd.edu.

- **CONEXIONES (STEM) GRANT** – In Fall 2016, Mesa College was awarded a 5-year, $5 million Title III HSI STEM Grant. The initiative, entitled “STEM Conexiones” (STEM Connections) supports a number of instructional and student support practices aimed at strengthening the college’s capacity to support Hispanic and low-income students. Specifically the grant aims to increase student connections in STEM through enhanced counseling services, workshops, peer mentoring and outreach; faculty connections through professional learning and STEM curriculum redesign; and pathway connections working directly with high schools and adult learners to prepare them for STEM majors. Through this grant the college will establish a STEM Center and a STEM Research Innovation Lab for students to begin undergraduate research projects. For more information, contact the Title III HSI STEM Acting Program Manager, Dr. Leticia P López, at llopez@sdccd.edu.

- **STEM Center**: The STEM Center aims to provide Mesa students with a centralized community hub for their math and science education. Beyond providing students with an open collaborative study space, we support students in the STEM Center with a team of Instructional Assistants, Educational Technicians, STEM Tutors, STEM Peer Mentors, and a dedicated STEM Counselor. We also provide students with software, kits, models, books, and materials that they would normally not have access to outside of the classroom - including materials for their Math, Chemistry, Biology, Physical Science, and Computer Science courses. Additionally, we host a technology loan program that provides students access to laptops and calculators. Students can also find a place to join a science club or attend a number of STEM events and workshops held throughout the year. We believe that by promoting access to collaborative instructional support and community building, we will enable students from all backgrounds to succeed their STEM courses.

- **The Innovation Research Lab**: The Innovation lab aims to empower our diverse student population to obtain their academic goals by providing educational access, support, inclusion, and lifelong learning opportunities at San Diego Mesa College. As a community college research center, we promote student success by linking faculty with student mentees to develop exciting research ideas, encourage scholarship, and nurture scientific identity. Our team believes that research experience is extremely fundamental for academic achievement and we welcome all students regardless of age, gender, or social and cultural background.

- **The STEM Peer Mentoring**: The San Diego Mesa College STEM Peer Mentoring program is aimed to help students develop and support STEM related studying and time management skills,
while promoting collaborative peer mentoring related to STEM discipline and career. The STEM Peer Mentoring program aims to build a community of STEM majors and faculty that can support each other in their academic and professional goals. The intended outcome of this program is that students are more successful in their STEM classes and successfully move forward along their STEM pathway with increased confidence and motivation. Our program plays an important role in student success and equity at San Diego Mesa College.

Learning Resource Center

Location: The Library, and the Mesa Tutoring and Computing Centers are located in the Learning Resource Center (LRC) building. The Library is housed on floors one and three of the four-story structure: Floor One: Reference, Periodicals, Library classroom, Checkout services; MT2C Computing/Printing, STEM Center; Floor Two: Writing Center, Language Center, language classrooms and group study rooms; Floor Three: Quiet study, Circulating book collection; Floor Four: MT2C computing/printing and group study rooms, Think Tank, School of Learning Resources and Academic Support School Office, and the LOFT).

Library Services

| Telephone | 619-388-2696 |
| Location  | Learning Resource Center (LRC) |
| Website   | www.sdmesa.edu/library |

Student Learning Outcomes

The Library Faculty have identified the following Student Learning Outcomes (SLOs) for the various services available in the Library:

- Students will be able to complete the procedures necessary to borrow materials (Library Circulation).
- Students will be able to locate materials they are seeking using appropriate Library resources (Library Public Service, including Reference Services and Library Instruction; and Library Collections.)

Special Features:

- Reference assistance provided by campus librarians is available on the First floor.
- Coffee shop on the First floor.
- 24/7 Live Chat Reference Service accessible from the library website.
- Copier/Printers are located on all 4 floors.

Important Library Resources:

The library offers an extensive collection of scholarly books, e-books, streaming videos, periodicals, and a robust selection of databases available on site and online to currently enrolled students. San Diego Mesa College students find help with their research and information needs at the library’s reference desk (First floor) by phone, or 24/7 online chat. Instructor requested class research session, access to reserves, circulation services, and inter-library loan services between district colleges are also available.

Outreach

| Telephone | 619-388-2230 |
| Location  | I4-101 |
| Website   | www.sdmesa.edu/outreach |

Outreach works with students in our feeder high schools, Continuing Education campuses, and the larger community to provide assistance with the admissions application, information on programs and services available at Mesa College, and general support to students as they make their transition to college. We participate in community events, career fairs, and college nights to help educate our community about educational opportunities through Mesa College. Campus tours are also facilitated through our office. If you have questions about the college, your steps to becoming a Mesa student, or would like to schedule a campus tour, please contact us.

Student Learning Outcomes

The Outreach faculty and staff have identified the following Student Learning Outcomes for the various services provided by the Outreach Program.
• Identify the resources available at Mesa and articulate how those resources help students succeed in college.

• Demonstrate increased inclination to attend Mesa/college after high school.

• Students we serve will successfully complete the pre-enrollment steps to become students at Mesa.

San Diego Promise Program

I4-101  619-388-2230
(Student Services Building, First Floor)

The San Diego Promise is a two-year completion program for recent high school graduates enrolled full-time (12 units per semester). The program provides up to two years of FREE tuition to eligible students. Participation in the San Diego Promise Program comes with a variety of benefits: an assigned peer mentor/success coach, specialized counseling and guidance support, and additional campus engagement opportunities. For detailed information on all services offered and application procedures, please contact the San Diego Promise Program located in I4-101 or visit our website: https://sdmesa.edu/promise.

Eligibility

To be eligible for the San Diego Promise Program, students must meet all of the following criteria:

• Must be a first-time to college student*

• Must be a class of 2022 high school graduate** (H.S. Diploma or GED) OR identify with one of the following groups:
  • Foster Youth Student
  • Veteran of U.S. Armed Forces
  • Formerly Incarcerated Student
  • Undocumented Student
  • Must be a California resident or AB 540 eligible
  • Must Complete a 2022-2023 financial aid application (FAFSA or CA Dream Act)
  • Must be prepared to enroll in a minimum of 12 units each semester (does not apply to students with disability (DSPS) accommodation on file)

*Student who completed college courses while in high school are eligible

** First time to college, class of 2022 high school graduates (H.S. Diploma or GED) maybe eligible

To find out if you may qualify to participate in the San Diego Promise, please contact us via email at sdpromisemesa@sdccd.edu or call us at 619-388-2230.

STAR TRIO

Telephone  619-388-2481
Location  I4-308
Website  www.sdmesa.edu/star

STAR is a federally funded TRIO Student Support Services program that provides opportunities for academic development, assists students with basic college requirements, and serves to motivate students towards the successful completion of their postsecondary education. The goal of STAR is to increase the college retention and graduation rates of its participants and to facilitate the process of transition to the four-year university. Services include tutoring, academic advisement and counseling, economic and financial literacy, and transfer assistance. All services are free to eligible students. For an application or additional information, visit the website or come into the office.

Student Learning Outcomes

The STAR TRIO faculty and staff have identified the following Student Learning Outcomes for the various services available in STAR TRIO.

After using STAR TRIO services, students will be able to:

• Students will indicate increased confidence to be successful.

• Hourly staff and tutors will indicate confidence in their ability to assess student needs and direct them to the appropriate resources.

• Students will be able to list three requirements for transfer.
Student Health Services

Telephone  619-388-2774
Location     I400-209
Website      www.sdmesa.edu/health-services

Student Health Services supports the success of students by attending to their physical and psychological well-being. Visits with the Physician, Nurse Practitioner and Mental Health Clinicians are free.

Student Learning Outcomes

Student Health Services faculty and staff have identified the following Student Learning Outcomes for the various services available in Student Health.

After using Student Health Services, students will be able to:

• Articulate their knowledge about their physical and psychological health and wellness.
• Verbalize information about culturally diverse practices and beliefs and empathic understanding of stereotypes and discrimination in our society from an experiential viewpoint.

Student Health provides general medical and nursing care to students currently enrolled and attending classes. Our office services are similar to a typical urgent care office. Visits with a provider are free.

Nurse Practitioners are on duty daily. A Medical Doctor and Mental Health Clinicians are available by appointment. Mental Health Clinicians are licensed Marriage Family Therapists or Licensed Clinical Social Workers. Intern Mental Health providers (AFT, ACSW) provide care under the supervision of the mental health coordinator. Therapists provide free individual, family and group care. Some medical procedures, laboratory tests or medications may require a fee. Student Health Services promotes wellness through prevention/education events on campus including: drug and alcohol abuse, sexual assault, domestic violence, sexually transmitted infections, pregnancy, stress, depression, suicide, drunk driving, texting while driving, racism/discrimination. Events are free.

For the protection of college students and personnel, students may be asked to supply health records. In addition, the college may require health consultations and physical examinations when they appear necessary. Legal injection of prescribed medications must occur in the Health Center for safety purposes. All students are strongly encouraged to obtain immunizations against communicable diseases as recommended by the California and San Diego Public Health Departments.

Student Accident Insurance

The Student Accident Insurance Plan provides coverage for on-campus or college-related injuries. This insurance covers most reasonable charges. The student, however, is ultimately responsible for any medical expenses incurred. Evening students taking physical education or designated “hazardous” classes are also covered.

Student Accident Insurance is co-insurance. Students covered by a primary health organization or any other type of medical insurance should first seek treatment and payment from the provider or insurance company. All student claims are made through the Student Health Services office. The student, however, is ultimately responsible for any medical expenses incurred.

Student Success and Equity

Telephone  619-388-5940
Location     I4-401
Website      www.sdmesa.edu/student-services/student-success-equity/

San Diego Mesa College is committed to becoming the leading college of equity and excellence. We have aligned our Educational Master, Student Success, Title III, Title V, and Student Equity plans to ensure that our movement to close achievement gaps in access and success for underrepresented student groups is intentional, institutional, transformational, and rooted in access to equitable outcomes for all of our students.

To foundationaly support Mesa’s commitment to becoming the “leading college of equity and excellence” and to support the implementation
of activities that will lead to that designation, we developed the Office of Student Success and Equity.

The mission of this office is to strategically align equity efforts with the mission and goals of the college, serve the college’s goal of institutionalizing equity approaches and standards in everything that we do, to lead the college in the development and implementation of practices to address disproportionate impact and to ensure the employment of equity funding across a varied spectrum throughout the institution. And to ensure the assessment of the impact of equity funding on closing equity gaps.

**Success, Equity, and Transformation Committee**

**Purpose & Objectives**

The Success, Equity, and Transformation Committee reports directly to President’s Cabinet. The primary purpose of the Committee is to support and lead innovative campus initiatives that strengthen student access, success, and equity. The Committee makes recommendations to the President regarding student success and equity initiatives, including those outlined in the Student Success and Support Program (SSSP) Plan, the Student Equity Plan, and the Developing Hispanic-Serving Institutions (DHSI) Program- Title V Plan.

The Success, Equity, and Transformation Committee will provide a platform for collaboration and communication across the College that will result in the integration of student success and equity efforts campus-wide.

The Success, Equity, and Transformation Committee may establish workgroups to carry out specific objectives, such as the writing, monitoring, and updating of the SSSP, Student Equity, and DHS/Title V Plans. These workgroups will report directly back to the Student Success & Equity Committee.

The objectives of the Success, Equity, and Transformation Committee are to:

- Develop a shared vision for the College’s student success and equity efforts
- Advise in the development and implementation of the Student Success and Support Program (SSSP) Plan, Student Equity Plan, and the Developing Hispanic-Serving Institutions Program- Title V Plan
- Use student success and equity data and research to inform College practices
- Provide a venue to dialogue and integrate student success and equity efforts campus-wide
- Support the College’s professional development efforts related to student access, success, and equity

</table>

San Diego Mesa College Bookstore stocks textbooks and supplies required for classes. The Bookstore sells study aids, snacks, school supplies, clothing, software, backpacks, gift items, greeting cards, emblematic items and general books. The bookstore also buys back textbooks for cash.
Extended hours are offered at the beginning of each semester. Textbooks can also be purchased online at: www.bookstore.sdccd.edu/mesa. For additional information please contact the bookstore or visit our website listed above.

Hours of operation are extended during the first few weeks of each semester.

**Mesa Bookstore Hours:**
- Monday–Thursday  7:45 am–7:00 pm
- Friday  7:45 am–12:00 pm
- Saturday  9:00 am–1:00 pm

Summer hours vary. Contact the bookstore for additional information.

**Cafeteria**
The cafeteria serves both day and evening students.

**Fall & Spring Hours**
- 7:00 am–8:45 pm  Monday–Thursday
- 7:00 am–1:30 pm  Friday

Intersession and Summer hours may vary depending on term. See the summer class schedule for more information.

**Child Development Center**
The Child Development Center is a campus laboratory school that provides students with the opportunity to observe and study growth and development patterns in young children. The Center offers an educational program for children 2–5 years of age. The Center also participates in a collaboration with Neighborhood House Association (NHA) Head Start for children 3–5 years of age.

Due to limited space, priority is given based on eligibility as defined by the Child Development Division (CDD) and Head Start income guidelines, California State Department of Education.

The Center’s CDD program operates during the Fall and Spring semesters. The Center’s Head Start program operates during the Fall and Spring sessions.

**Hours of Operation:**
- 7:30 am–4:00 pm, M–Th
- 7:30 am–12:00 pm, F

License #372005155
This institution is an equal opportunity provider.

**College Police Department**
The College Police Department is responsible for providing public safety, law enforcement and crime prevention services. Its mission is to maintain peace and order and a safe learning environment throughout our District. It is also responsible for administering the campus parking program, lost and found and the building security program.

The police business office is located in Q-100. Emergency services are provided 24 hours a day 7 days a week. Learn more about College Police at our website: [http://police.sdccd.edu](http://police.sdccd.edu)

**Police Escort and Related Services**
The college police are available to provide escort, vehicle battery jumps, and vehicle lockout services during regular hours of operation. Students who wish to use these services should call College Police Dispatch at 619-388-6405 or go any of the College Police Offices for assistance.

**Emergency Calls**
The college will not interrupt classroom instruction to deliver messages, except in an extreme emergency. All calls/inquiries should be referred to the College Police Dispatch at 619-388-6405.

**Parking**
1. Student parking permits are available for purchase during online registration or at the campus accounting office. Permits paid for before classes begin are generally mailed and those purchased after classes begin must be picked up. Parking permits are required the first day of each semester; fall, spring, and summer. There is no grace period.

2. Students may not utilize staff/faculty parking areas unless they are the owner of a valid, state issued disabled placard. Owners of a valid disabled placard are not required to buy a parking permit.

3. There are time limited visitor parking spaces at each campus reserved for visitors’ use only. Students, except owners of a valid state issued disabled placards, may not utilize visitor parking. All campuses have pay and display machines for visitor and student use. Visitors and students can also download the MobileNow! mobile app to pay by credit card. Pay and display permits and
MobileNow! payments are only valid in student parking spaces.

4. **Motorcycles** must display a valid motorcycle permit and be parked in designated motorcycle parking only.

5. **Bicycles** must be parked only in designated bicycle racks. Students are not allowed to ride bicycles, motorized bikes, scooters or skateboards on campus. Violators are subject to citation and/or disciplinary action.

**Transportation for Students with Disabilities**

Paratransit (curb-to-curb) service is available for a fee to persons with disabilities who cannot use public transportation. ADA certification is required. Please contact DSPS for additional information or forms for certification. Students may also contact MTS (Metropolitan Transit System) at 888-517-9627.

**Vehicle Immobilization/Booting/Towing/Hold**

Vehicles that accumulate five (5) or more unpaid parking citations are subject to immobilization (booting) of their vehicle and/or impound (towing) at owners expense. In addition a hold may be placed on the vehicle registration. If a vehicle accumulates $100 or more in outstanding fines a hold may be placed on the student’s registration and/or diploma.

**Emergency Cell Phone Numbers**

The College encourages students to provide cell phone numbers to communicate with them in the event of a college or district-wide emergency. Students can provide this important information at: https://myportal.sdccd.edu.

**Transfer Center**

**Telephone** 619-388-2473  
**Location** I4-306  
**Website** www.sdmesa.edu/transfer-center

The Transfer Center is the focal point of transfer activities on campus. The Transfer Center serves as a resource center for students to become experts of their transfer goals and to successfully transfer.

**Student Services Outcomes**

The Transfer Center faculty and staff have identified the following Student Learning Outcomes for the various services available in the Transfer Center:

- Students will be able to recognize and use transfer tools and resources for their transfer decision making processes.
- Students will be able to recognize transfer application deadlines as they relate to their transfer goals.
- Students will be able to identify transfer programs and general transfer pathways as they relate to their transfer goals.
- Students will be able to recognize the multiple steps of the transfer process to their first choice four-year Universities.

**The following services are provided:**

- Academic and admissions advising from university representatives
- Guarantee Admissions programs to many universities
- Group sessions on transfer requirements, application workshops, transfer updates, transitioning to universities and other
- A library of reference materials and catalogs
- University brochures and handouts
- Computer stations for college research, transfer information and applications
- Annual Transfer Day and Transfer Night
- Campus visits
- Transfer counseling appointments and drop-ins

All students are encouraged to visit the transfer center I4-306 in person or visit the Transfer Center website to research colleges and majors, browse through catalogs, access online advising sheets and sign up for group sessions. For more information, use the Transfer Guide section of this catalog.
Tutorial Services

Mesa Tutoring and Computing Centers (MT2C)

**Telephone**  619-388-2898  
**Location**  LRC – First, Second, Fourth Floors, Online, and Embedded  
**Website**  www.sdmesa.edu/mt2c

The Mesa Tutoring and Computing Centers provides assistance on an appointment and walk-in basis. Tutoring is free and available for all SDCCD students. Mesa College tutors are trained professionals who are eager to help students succeed in their classes. Our tutors empower students to become independent learners and contribute to their overall academic and professional success and personal growth. All of our tutors are trained to learn about the tutoring cycle: how to (1) greet, (2) have students self-diagnose why they need assistance, (3) tutor [not edit] students’ assignments, (4) have students reflect, and (5) create next steps for student success. This process helps to support the MT2C philosophy of creating independent learners, increasing metacognition, enhancing study skills, and supporting student success.

**Student Service Outcomes**

The Mesa Tutoring and Computing Centers’ faculty and staff have identified the following Student Learning Outcomes for the various services available in the Center.

Students accessing the services of the Mesa Tutoring and Computing Centers will be able to:

- Improve their abilities in critical thinking, specifically analyzing problems, conceptualizing theses, and deriving conclusions. Students will enhance both inductive and deductive reasoning.
- Improve their communication in writing, speaking, and/or other modes of communication.
- Enhance their ability to take responsibility for their learning and become independent learners.
- Gain experience in collaborating with students from diverse cultural and ethnic backgrounds, both in small groups and one-on-one.
- Expand their experiences and knowledge in using technology as part of the learning process, including information competency skills.

**Types of Tutoring**

**Face-to-Face**

Located on the first, second, and fourth floors of the Learning Resources Center, Mesa Tutoring and Computing Centers (MT2C) offers a wide variety of support for students across the curriculum.

**MT2C STEM Tutoring and Computing: LRC 1st Floor**

The first floor of the Learning Resources Center provides:

- Computers for student usage/Pay-4 Print services
- Phone: (619) 388-2898
- High Tech Center Tutoring
- STEM Center Tutoring

**MT2C Writing & Languages Tutoring: LRC 2nd Floor**

Our Writing Center offers 30-minute face-to-face appointment-based tutoring sessions. We assist ELAC students and all Basic Skills and transfer-level English classes as well as writing across the curriculum. The Writing Center also holds regular weekly workshops led by instructors and tutors to help students on specific just-in-time tutoring skills (e.g., sentence-level errors, MLA citation, etc).

The Language Center currently offers tutoring assistance in multiple languages.

- Languages may include, but are not limited to: Chinese, German, Spanish, Japanese, French, Russian, and ASL.
- Appointments, Drop-in, and Online [http://sdmesa.edu/MT2C](http://sdmesa.edu/MT2C)
  Phone: (619) 388-5049

**MT2C Tutoring and Computing: LRC 4th Floor**

- Computers and printers for student usage
- Embedded tutoring
- Study rooms and models

**Online Tutoring**

MT2C offers online assistance in several subjects, including Mathematics, English, English Language Acquisition, Accounting, Astronomy, Chemistry, Computer and Information Sciences, Music,
Personal Growth, Physics, foreign language, via Net Tutor. Students can ask real-time questions as well as receive asynchronous assistance. For more information, please call (619) 388-5049 or go to: http://www.sdmesa.edu/MT2C.

Embedded Tutoring

**Classroom Tutor (CT) Program:** The Classroom Tutor Program is an academic assistance program that increases student performance and retention. Classroom Tutors (CTs) are assigned to historically difficult courses and serve to reinforce material presented by faculty members by giving students learning strategies and opportunity for peer interaction. This is accomplished through “CT sessions,” which are one-hour tutoring sessions after each class meeting. CT sessions are interactive and incorporate course content (what to learn) and study strategies (how to learn). Through such approaches, the Classroom Tutor Program aims to increase the retention, success, and graduation rates of students. [www.sdmesa.edu/MT2C](http://www.sdmesa.edu/MT2C)

**Graduate Tutor (GT) Program:** Graduate Tutors (GTs) work both inside and outside the classroom under the direction and supervision of a faculty member for one semester. This position supports English/ELAC students and provides GTs with classroom experience to complement their graduate curriculum/training program/own experience, and strengthens their preparation to teach in the future. GTs (1) Assist students in their coursework, (2) Support faculty inside the classroom as well as in our Writing Center, and (3) Mentor students in the successful completion of their educational goals. [www.sdmesa.edu/MT2C](http://www.sdmesa.edu/MT2C)

**Additional Tutoring:** Tutoring is also available in the STEM Center, High Tech Center, Honors Center, the Veteran’s Resource Center, and EOPS. Please check the website for details: [www.sdmesa.edu/MT2C](http://www.sdmesa.edu/MT2C)

</tr>
</thead>
<tbody>
<tr>
<td>Location</td>
<td>I4-102</td>
</tr>
</tbody>
</table>

The San Diego Community Colleges have been approved to offer military service connected benefit programs leading to a Certificate of Achievement, Associate Degree or transfer to a four-year institution. The Veterans Affairs Office staff provides guidance and a mandatory orientation to veterans and assists them in the selection of educational programs which qualify for veterans benefits. The final responsibility for monitoring the process of qualification for educational benefits resides with the individual. Each veteran must read, understand, and comply with the many rules, regulations, and procedures that influence the benefit process. All paperwork must be submitted in person.

Students on active duty and veterans who have been discharged within the past 15 years may be eligible for up to 4 years priority registration. Check with the college Admissions Office for eligibility. An Active Duty Military ID card or DD214 are required for verification.

**Failure to take the proper classes may result in an overpayment and the reduction or termination of benefits.**

**Student Service Outcomes**

The Admissions, Records and Veterans faculty and staff have identified the following Student Learning Outcomes for the various services available in Admissions, Records and the Veterans Office:

- Ability to locate, apply, analyze problems, synthesize, conceptualize and evaluate information utilizing a variety of resources to make decisions. The outcome includes both inductive and deductive logical reasoning and methodological processes.

- Critical Thinking: Ability to locate, apply, analyze problems, synthesize, conceptualize and evaluate information utilizing a variety of resources to
make decisions. The outcome includes both inductive and deductive logical reasoning and methodological processes.

- Ability to articulate thoughts, goals, processes and make decisions.
- The ability to identify one’s own needs, determine resources and access appropriate services.
- Ability to understand one’s role in society, take responsibility for one’s own actions, make ethical decisions in complex situations, and participate actively in a diverse democracy.
- Ability to use various methods of technology.
- Demonstrate the ability to adhere to VA Guidelines.

**Disabled Veterans**

Veterans who qualify for educational benefits as disabled veterans may be entitled to special educational benefits. Veterans with disabilities are encouraged to pursue services offered through the campus Disabled Students Programs and Services. For more information see the Veterans Affairs Office on campus.

Veterans should visit the Veterans Administration Regional Office, 8810 Rio San Diego Dr., San Diego, CA 92108, to determine their eligibility for disabled status.

Telephone: 1-800-827-1000

**Veteran Dependent Exemption**

Children and spouses of U.S. Veterans with service connected disabilities may be eligible for waiver of college fees and/or for a small monthly payment. For more information see the Veterans Affairs Office or the Cal Vet website: [https://www.calvet.ca.gov/VetServices/Pages/College-Fee-Waiver.aspx](https://www.calvet.ca.gov/VetServices/Pages/College-Fee-Waiver.aspx).

**Liability**

The veteran assumes full liability for any overpayment of veterans benefits.

All persons receiving educational benefits must report to the Veterans Affairs Office after enrollment every semester to continue their benefits. In addition, a Student Educational Plan (SEP) must be on file by the end of the first semester; otherwise, certification of VA benefits will be delayed for the second semester. This plan must be developed and reviewed by a counselor.

**Number of Units Required**

For students enrolled in a degree program under CH: 30, 31, 35, 1606/1607, the following number of units are required each semester to qualify for educational and training allowance:

- **12 units or more** full allowance
- **9 – 11.5 units** three-fourths allowance
- **6 – 8.5 units** one-half allowance
- **2 – 5.5 units** one-quarter allowance*

* Chapters 32 and 1606 only. All other chapters, tuition and fees only.

Short-term and summer session courses are computed proportionately for payment purposes.

**Rate of Pursuit (Chapter 33)**

The Chapter 33 housing allowance is paid if the rate of pursuit is more than 50%. The Department of Veterans Affairs calculates the rate of pursuit by dividing the benefit-eligible credit hours/units (or credit hour equivalent) enrolled by the number of credit hours/units considered to be full-time by the school. The resulting percentage is the student’s rate of pursuit.

Please visit [www.gibill.va.gov](http://www.gibill.va.gov) for additional information and updates.

**Withdrawal/Change of Classes**

Veterans are required to notify the campus Veterans Affairs Office when they stop attending class, withdraw from the college, or add or drop a class. Such changes should be reported immediately after completing the add/drop procedure. Failure to comply with this regulation will be grounds for decertification of VA benefits.

**Veterans Academic Progress**

A veteran student on Academic probation status will be disqualified when his/her semester grade point average (GPA) falls below 2.0 the subsequent semester. A veteran student on Lack of Progress probation status will be disqualified if he/she does not complete over 50% of attempted units in the subsequent semester. The College Veterans Affairs Office is required to notify the Department of
Veterans Affairs (DVA) of this status. The DVA will terminate benefits unless it can be shown that the student is pursuing an appropriate objective and has a reasonable chance for success in the chosen program. Please contact the Veterans Affairs Office for more information.

Readmissions After Termination Status
Students who wish to be considered for readmissions after the VA termination will be required to meet with a VA counselor and develop a Student Success Plan prior to being readmitted.

Repeated Classes
Veterans may not receive benefits for a repeat of a course in which a grade of “A,” “B,” “C,” “D,” or “P” has already been earned. Although District policy allows a students to repeat a course in which a “D” grade has been received; the course may be certified for benefits only if this catalog states that a grade of “C” or better in that course is required to earn a degree or meet a prerequisite.

VA Orientations
All first time veterans and/or dependants receiving educational benefits must attend a mandatory VA orientation within 90 days of the first semester. If a VA orientation is not attended all benefits will be terminated effective the first day of the semester.

Work Experience
Veterans may be approved for Work Experience classes only if work experience is required in their major or if they have electives available according to their education plan.

Transcripts
All official transcripts of prior college work and military schools, including copies of form DD214, DD2685, Joint Services Transcript, or Smart Transcript covering all periods of military service, must be on file in the Records Office by the end of the first semester of attendance at this college. Certification for benefits for the second semester will be withheld if transcripts are not received. Visit the Veterans Affairs Office for necessary forms.

Veterans Success Center
K-103, K-104
The San Diego Mesa College Veterans Services Program promotes a culture of collaboration within the campus and surrounding community. The program aims to increase awareness and sensitivity to matters concerning veterans, active duty and their dependents. As part of this effort, the San Diego Mesa College’s Veterans Success Center was established for student veterans as a place to study, relax, and provide resources, support and advocacy needed to achieve their educational and professional goals.

The Student Affairs Office provides programs and services that promote the success of students, enrich the quality of campus life and support classroom instruction.

Student Services Outcomes

The Student Affairs staff have identified the following Student Learning Outcomes for the various services provided by Student Affairs:

• Through participation in Associated Students and Inter Club Council students will develop and fulfill self-identified goals for their personal development.

• Through participation in civility projects, students will be able to demonstrate an understanding of civility and the place it has on our campus.

• Clubs and organizations that participate in Club Rush will be able to determine the most effective methods for generating interest in student groups and implementing those methods.

Campus Life

Life on the Mesa College campus is rich and dynamic. Students and staff have a variety of educational, leadership, social, and cultural events and activities in which to engage according to their needs and interests.

Associated Students (A.S.)

The Associated Students is the representative body of the students in the shared governance process at Mesa College. The Associated Students provides students with practical leadership experience in the area of budget/financial planning, parliamentary procedures, and in the development of programs and services which are designed to meet the students’ needs. The student leaders and the staff of the Student Affairs Office encourage you to get involved and take part in the many leadership opportunities available at Mesa College.

Current district policy allows the elected Associated Student President to share the responsibility of the Student Trustee. The Student Trustee is a non-voting member of the Board of Trustees of the San Diego Community College District and represents the student voice on the Board.

Any student who participates in student government may not have any BP 5500 violations of suspension or greater, as stated on their official student record.

You may view a full copy of the policy by accessing the following website: http://www.sdccd.edu/public/district/policies/.

Associated Students Membership

While purchase of this membership is voluntary, students are strongly encouraged to purchase it in order to gain access to valuable benefits. You can purchase your A.S. membership online.

With Your A.S. Membership Fee You Receive:

• Admission to Athletic Events
• A.S. Fax Machine
• Book Loans
• Discounts
• Emergency Loans
• Entertainment & Guest Speakers
• Free Gift (Academic Planner)
• Free Scantrons
• Free Transcript
• Scholarship Opportunities

Your A.S. Membership Card Supports:
• All Student Clubs & Organizations
• Associated Students
• Cultural Events
• Leadership Opportunities (including conferences and workshops)
• Mesa College Departments and Programs
• Scholarships & Awards

Want to Get Involved?
The Associated Students meets every Monday and Wednesday, from 12:45 pm–1:45 pm. Meeting agendas are posted outside of I4-409. Please keep these times open and become part of Associated Students.

We need leaders, planners, recorders, and student representatives. We offer experience in student governance and opportunities for you to express your ideas.

For more information about getting involved and leadership opportunities at Mesa College, please come to the Student Affairs Office.

Community Events
Mesa College actively supports various community events. Students and staff are invited and encouraged to participate in these events as representatives of the college and as concerned community members.

Student Clubs and Organizations
The many activities sponsored by student clubs and organizations provide a rich and exciting multicultural dimension to college life at Mesa. All clubs contribute to a lively and student-oriented environment on campus. Examples of student activities include:
• Asian-American/Pacific Islander History Month
• Black History Month Celebration
• Cinco de Mayo Celebration
• Club-Rush
• Community Service activities
• Cultural Events
• Holiday Fair
• Leadership Retreats/Workshops/Conferences
• Scholarship Workshops
• Spring Fling
• Student Appreciation Day
• Women’s History Month

An alphabetical listing of the active and inactive clubs at Mesa is available in the Student Affairs Office. Students who do not find a club that interests them are encouraged to start a new club.

Honors Program
The Honors Program is designed for highly motivated students. The program encourages the cultivation of curiosity and makes possible the exploration of ideas and subjects beyond customary coursework. Honors Students have the opportunity to work closely with faculty through honors contracts and/or courses. Students engage in intellectual and academically challenging learning environments for a richer educational experience.

Anyone can become an Honors Student! For more information about the Honors Program, please visit www.sdmesa.edu/honors.

Honors Program Coordinators: Ranmali Rodrigo (rrodrigo@sdccd.edu) and Rosiangela Escamilla (rescamil@sdccd.edu)

Honor Societies
San Diego Mesa College has two active honor societies on campus.

Phi Theta Kappa (ΦθΚ)
The Beta Beta Upsilon Chapter of Phi Theta Kappa is an international honor society. To be eligible, students must have completed 12 semester units and have a 3.5 GPA. PTK provides international recognition for academic excellence.

Advisors: Scott Plambek, splambek@sdccd.edu
Psi Beta (ΨΒ)

Psi Beta is a National Honor Society in Psychology for Community and Junior Colleges. It is a national honor society for students enrolled in or majoring in Psychology. To be eligible for membership, students must have a cumulative GPA of 3.0, or range in the top 35% of enrollment, and completion of one Psychology course and 12 semester hours.

Advisor: Jaye Van Kirk

Honors Club

The Honors Club is a Mesa College student organization that unites honors students to network and share volunteer opportunities, scholarship information, and transfer support.

Advisor: Gary Carter

Student Rights and Responsibilities

In accordance with Board of Trustees Policy, BP 5500, Student Rights, Responsibilities, Campus Safety and Administrative Due Process, Section 3, Student Code of Conduct, all students shall have the right to a safe campus learning environment free from interference or disruption. As such, all students are expected to follow the Student Code of Conduct at all times to ensure an orderly educational environment, conducive to teaching and learning. This expectation includes students taking online courses.

If you have any questions, please phone Student Affairs at 619-388-2699.

San Diego Mesa College Art Gallery

Located next to the Learning Resource Center, the Art Gallery presents outstanding artwork by established and emerging artists.

Exhibitions change every month and feature a wide range of media reflecting our Art Program: painting, photography, sculpture, ceramics, digital art, installation and video. Our college offers San Diego’s only hands-on program in Museum Studies and Gallery Management. Take our credit courses and learn from local arts professionals.

Students completing two semesters of coursework are placed in a supervised internship at a local museum or arts organizations. For more information go to www.sdmesa.edu/art-gallery/museum.html and check the college schedule and catalog.

The San Diego Mesa College Art Gallery is open to the public and admission is FREE. Hours of operation are Monday, Tuesday, Wednesday from 11 AM – 4 PM, Thursday 11 AM – 8 PM. Closed Weekends, Fridays and School Holidays. For exhibit information call us at (619) 388-2829, visit our website www.sdmesa.edu/art-gallery, or view our Facebook page.
Administrative Services
Office of the Vice President of Administrative Services

The Office of the Vice President of Administrative Services’ role is to provide leadership, coordination, and assistance for the overall administrative functions of the College. These College functions include: business services (budget, purchasing, finance), employment services and payroll, facilities planning, construction and operations, printing services and mail, shipping and receiving, student accounting, college technology services, public safety and parking, food services, and bookstore.

Administrative Unit Outcomes

- Demonstrate the use of efficient business processes and practices through the integration of technology and the implementation of the PeopleSoft Enterprise Resource Planning System.
- Demonstrate the development of long term planning for technology replacement, equipment service maintenance agreements, and program equipment replacement.
- Campus clients will receive high-quality administrative services in support of the college-wide mission.

Business Office Support

The Division provides complete, accurate, and timely Employment, Payroll Services, and information for Mesa College to the District Office. Using well defined processes, the knowledgeable and customer-focused staff provide excellent customer service, collaborating with employees, departments and business offices.

Administrative Unit Outcomes

- Demonstrate the use of efficient business processes and practices through the integration of technology and the implementation of the PeopleSoft Enterprise Resource Planning System over the next three years.
- Deans, Managers, and Supervisors will be educated on the PeopleSoft system related to employment services and will be able to utilize reports and data to make informed decisions.

Business Services

The Business Services office provides timely and accurate financial information and services to support and assist students, faculty, staff, the District, and external entities by utilizing sound accounting practices and adhering to proper internal controls which ensures accountability, fiscal compliance, and proper use of public funds. We strive to maintain and enforce professional and ethical standards, while adhering to SDCCD policies and procedures.

Administrative Unit Outcomes

- Assist with the development of budget and financial training programs for College management.
- Refine chargeback process to eliminate manual processing and improve accuracy.
- Campus clients will receive high-quality business services in support of the college-wide mission.

College Events and Operations

Oversees the planning, organizing, and managing of programs and services of campus operations and events including: facilities operations, maintenance coordination and planning, facilities rental, event coordination, project management, campus office moves, stockroom functions, safety program, and space inventory activities.

Administrative Unit Outcomes

The San Diego Mesa College Events and Operations team will efficiently connect with our campus partners and students to provide timely, safe and equitable support for events and operations.
College Technology Services

The College Technology Services Division oversees and manages Mesa College’s technology infrastructure. This infrastructure includes, but is not limited to Computers, peripherals, audiovisual equipment, computer servers, networks and wireless internet access systems.

Administrative Unit Outcomes

- The Technology Services group will ensure students, faculty, and staff have access to reliable academic computing services and systems.
- The Technology Services group will provide technical support for Audio Visual and Computational systems for students, faculty, and staff.

Printing and Mail Services

Printing and Mail Services provide various printing and graphic services to faculty and staff; provide U.S. and interoffice mail delivery to campus.

Administrative Unit Outcomes

The Printing and Mail Services staff has identified the following Administrative Unit Outcomes for the various services provided by the Printing and Mail Services.

- San Diego Mesa College Reprographics Center/ Mail Services will provide high quality online digital services to faculty, staff, administrators and students.
- San Diego Mesa College Reprographics Center/ Mail Services will employ current industry practices in order to provide its services to the college.
- San Diego Mesa College Reprographics Center/ Mail Services will provide training, engage in effective communication and deliver exceptional customer service to faculty, staff and students.

Student Accounting Office

The mission of the Student Accounting Office is to provide efficient, professional support services and to ensure fiscal accountability to our customers within and beyond our campus community while adhering to District’s policies and procedures and supporting the college’s educational mission.

Administrative Unit Outcomes

- The Student Accounting Office will provide information for interested parties to improve understanding of mandated processing requirements.
- The Student Accounting Office will provide online information to improve campus community’s understanding and use of the process.
- The Student Accounting Office will increase communication to assist students with understanding of the registration payment process.
- The Student Accounting Office will collaborate with District Student Services to improve student registration process through our integrated information system in support of the college-wide mission.
Academic Information and Regulations
Academic Information

Statement of Open Courses
It is the policy of the San Diego Community College District that, unless specifically exempted by statute, every course, section, or class offered by the District and reported for state aid shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets course prerequisites.

Honest Academic Conduct
Honesty and integrity are integral components of the academic process. Students are expected to be honest and ethical at all times in their pursuit of academic goals in accordance with Policy 5500, Student Rights, Responsibilities, Campus Safety and Administrative Due Process.

Academic dishonesty occurs when a student attempts to show possession of a level of knowledge or skill which he or she does not possess. The two most common kinds of academic dishonesty are cheating and plagiarism. Cheating is defined as the act of obtaining or attempting to obtain credit for academic work by the use of any dishonest, deceptive, or fraudulent means. Plagiarism is defined as the act of incorporating ideas, words, or specific substance of another, whether purchased, borrowed or otherwise obtained, and submitting the same as one's own work to fulfill academic requirements without giving credit to the appropriate source.

Students who engage in practices of cheating or plagiarism may warrant two separate and distinct courses of disciplinary action which may be applied concurrently in response to a violation of this policy. Students are responsible for knowing what constitutes academic dishonesty and for consulting with instructors about questions or concerns. Procedure 3100.3 describes the Academic and Administrative Sanctions for Students who are found to be cheating or Plagiarizing. Copies of the procedures can be obtained in the Office of the Vice President of Student Services and online at http://www.sdccd.edu/public/district/policies/.

Responsibility for Meeting Requirements
Each student must assume responsibility for compliance with the regulations of the college set forth in this catalog, for satisfying prerequisites for any course, and for selecting courses which will facilitate attainment of educational objectives. The college does not assume responsibility for misinterpretation of policies and procedures as presented in this catalog. Counselors and advisors are available to assist in planning students’ programs. Any questions or doubts concerning this catalog material should be referred to the Office of the Vice President, Student Services.

Dean's List
A Dean’s Honor List is compiled after each spring term for the academic year (fall to spring). To be eligible for the Dean’s Honor List, a student must complete 12 units or more during the academic year and have earned a grade point average of 3.5 or better.

Honors Program
I-109 619-388-2341
The Honors Program serves self-motivated and qualified students by providing exceptional and intense learning experiences in classes that are usually highly interactive. Topics are explored in depth; typical assignments emphasize critical thinking, extensive reading and writing, and student presentations and critiques. Activities may also include opportunities for individual research projects, close interaction with faculty and participation in community and cultural events. In addition to honors class sections, the program also offers honors contracts through which individuals can pursue honors-level course work in a non-honors section.

The Honors Program offers enhanced transferability to our partner institutions which include University of California campuses: Los Angeles and Irvine; Chapman University; Pitzer and Pomona Colleges; Loyola Marymount University, Occidental College, San Diego State University, and more.

The Honors Program is open to all students (part-time or full-time, day or evening) and can be found in all disciplines (vocational, liberal arts, fine arts, sciences, business, etc.). For specific criteria and
other information, please consult the schedule of classes or contact the campus Honors Coordinator.

Students enrolled in an honors section (including an honors contract), may not transfer to a regular section after the deadline to make a schedule adjustment for the class. Petition for honors credit after the course has been completed will not be permitted.

For more information about the Honors Program, visit the website: www.sdmesa.edu/honors/.

**SDCCD Online Learning Pathways**

San Diego City, Mesa, and Miramar Colleges

**QUALITY ONLINE LEARNING**

Learn anytime, anywhere with our convenient, flexible online courses that fit your busy schedule. Enjoy interactive communication with your classmates and instructor as you complete your coursework in an engaging, supportive learning environment. Our quality online courses are developed and taught by experienced instructors from our three colleges—City College, Mesa College, and Miramar College.

Want to get started? Find out if online learning is for you at: www.sdccdonline.net/newstudents.htm.

Get ready for online learning success! Visit: www.sdccdonline.net/students/training/.

Online students receive 24/7 Technical Support at https://www.sdccdonline.net/help or by calling toll free 844-612-7421. For login instructions visit: www.sdccdonline.net/login.

**Accelerated College Program**

Transferable community college courses in calculus and political science are provided for qualified high school students at local high schools. The Accelerated College Program (ACP), located at Mesa College, is the districtwide program responsible for providing and administering these classes, following guidelines established by a joint agreement between the San Diego Community College District and San Diego Unified School District. When an ACP student becomes a first-year or transfer student, credits transfer and are widely applicable in fulfilling general education and pre-major requirements at most universities.

**Learning Community**

In a Learning Community, a group of students take two or more courses together. Instructors come together to coordinate class activities and assignments, so that coursework is broad, deep, relevant, and meaningful. Because students work through the classes together to complete assignments, sometimes forming study groups, they forge close bonds. It has been shown that participation in Learning Community courses contributes to improved student success. Learning Communities are open to all Mesa students. There are a variety of Learning Communities at Mesa College: Mesa Academy, Puente Program, and English. Search “Learning Community” (LCOM) in the class schedule for linked courses.

**Work Experience**

S-300 619-388-2789

Work Experience students can receive academic credit for their current employment or internship through work experience courses. For registration information refer to the class schedule or contact the Work Experience website: www.sdmesa.edu/work-exp.

**Distance Education**

The San Diego Community College District offers students the opportunity to take online credit courses at San Diego City College, San Diego Mesa College, and San Diego Miramar College. Online courses offer the same curriculum as traditional courses except that lectures and course materials are accessed via the district’s web-based learning management system. Students engage in classroom discussions and online collaborations with other students and the instructor. Online registration, counseling, tutoring, and library services are available. SDCCD offers a variety of courses including general education and transfer requirements online. Courses offered meet the Americans with Disabilities Act (42 U.S.C. §12100 et seq.) and section 508 of the Rehabilitation Act of 1973, as amended, (29 U.S.C. §794d).

To ensure student authentication and academic integrity, students have secure logins and are required to perform activities that demonstrate meaningful participation on a weekly basis. Students must logon the first day of class.
In accordance with federal regulations there are restrictions on enrollment in online classes for students residing outside of California. For more information go to https://www.sdccd.edu/docs/SSDept/SSDocs/OnlineStatesNotPermitted.pdf.

Grading System

Unit of Credit: A unit of credit represents one hour of lecture or recitation and two hours of preparation per week, or three hours of laboratory per week for one semester.

Academic Grades

<table>

</tr>
<tr>
<td>NP</td>
<td>No Pass</td>
<td>Units not counted in GPA</td>
</tr>
</tbody>
</table>

The grade point average (GPA) is determined by dividing the total grade points earned by the total grade point units completed as listed in the chart above.

Administrative symbols: P/NP—Pass/No Pass; I—Incomplete; W—Withdrawal; IP—In Progress; EW—Excused Withdrawal; RD—Report Delayed. Administrative symbols are not used in the computation of GPA. See below for further explanation.

Pass/No Pass (P/NP) is a non-punitive grading system where such units earned will be counted in satisfaction of curricular requirements but will be disregarded in determining a student’s grade point average. For more specific information, refer to the discussion of the Pass/No Pass Grading Policy on page 67.

Incomplete: A symbol of “I,” Incomplete, may be assigned by an instructor when a student has been unable to complete academic work for unforeseeable emergency and/or justifiable reason at the end of term. A copy of the “Assignment of Incomplete” form will be mailed to the student and the original retained in the District Records Office. A final grade will be assigned when the work stipulated has been completed and evaluated by the instructor or when the time limit for completion of the work has passed. An “I” must be made up no later than one year following the end of the term in which it was assigned. In the event of unusual, verifiable circumstances beyond the student’s control, a petition may be filed in the Office of the Vice President, Student Services for extension of the one-year time limit. Course repetition is not permitted to remove an Incomplete.

Withdrawal: An official withdrawal from classes may be requested by the student or initiated on his/her behalf by the instructor or Vice President, Student Services.

The following conditions apply to official withdrawal:

1. No record of the class will be entered on the student’s permanent record if the official withdrawal is made by the deadline to drop without a “W” being recorded as published in the schedule of classes.

2. If the withdrawal is made after the deadline for withdrawing without a “W” and prior to the deadline for withdrawal published in the class schedule for that session, a “W” will be recorded on the student’s permanent record. No exceptions to this policy will be made. Petitions will not be accepted for exception to policy.

3. A student attending a session after the deadline for withdrawal will not be eligible to receive a “W” and must be assigned an academic grade or other administrative symbol by the instructor. Exceptions to this policy will be made only upon verification of extreme circumstances beyond the control of the student. Petitions requesting exception must be filed in the Admissions Office.

4. Withdrawal (W) symbols will be used in the calculation of lack of progress probation and disqualification status.

5. Students on active duty or reserve duty may petition for a “military” withdrawal. This withdrawal is not calculated in the determination of academic progress and is noted on the student’s academic record.
6. Students will be allowed a maximum of three withdrawals in any course.

In Progress: A symbol of “IP,” In Progress, will be assigned when a class extends beyond the normal end of a semester or summer session, that is, when the class “carries over” from one term to the next. The “IP” will appear on a student’s record for the term during which the course is completed until the appropriate grade is assigned by the instructor. The “IP” shall not be used in the calculation of a student’s grade point average.

Excused Withdrawal: A symbol of “EW”, Excused Withdrawal, may be assigned when a student is permitted to withdraw from a course(s) due to specific circumstances beyond the control of the student affecting his or her ability to complete a course(s).

- Excused withdrawal will not be counted in progress probation and dismissal calculations.
- Excused withdrawal will not be counted as an enrollment attempt.

Students requesting an Excused Withdrawal can obtain a Petition for Excused Withdrawal (EW) via: https://mysdccd.atlassian.net/servicedesk/customer/portal/4/group/73/create/71.

- All petitions must be accompanied by supporting documentation substantiating the student’s extenuating circumstances, including pertinent dates and times.
- It is recommended that students visit with a counselor to discuss alternative options to an Excused Withdrawal to be sure that this choice is the best course of action for the student’s academic career.

Grade Challenge

Final grades will be issued at the end of each semester. In the absence of mistake, fraud, incompetence, or bad faith, the determination of the student’s grade by the instructor shall be final once it has been recorded by the Registrar’s Office.

A student may challenge a grade or request a change to his/her academic record within two years from the date of issuance. Requests beyond two years will not be accepted. Students wishing to challenge a grade should first attempt to resolve the challenge informally with the instructor. Grade challenges must be processed under District Procedure 3001.2, Grade Challenge Procedure.

Copies of Procedure 3001.2 are available in the Office of the Vice President, Instruction.

Pass/No Pass Grading Policy

There are courses in which Pass/No Pass grades are used exclusively; these are designated in the catalog course description by the statement “Pass/No Pass Only.” In addition, there are courses which cannot be taken on a Pass/No Pass basis; these are designated in the course description by the statement “Letter Grade Only.” Some courses may be taken for either “Pass/No Pass” or “Letter Grade.

Consistent with District policy, a student in good standing may elect to be graded on a Pass/No Pass basis in courses where there is an option. A grade of “Pass” (P) shall be awarded only for work which otherwise would have received a grade of “C” or better. Work that would have received a “D” or “F” will be graded “No Pass” (NP). The units earned will be counted in satisfaction of program requirements, but will be disregarded in determining a student’s grade point average.

Students who plan to transfer to a four-year institution should review the Pass/No Pass acceptance policy of the transfer institution prior to requesting this grade option.

Conditions:

1. Students may change from a ‘Letter Grade’ option to a ‘Pass/No Pass’ option during registration or up until the published deadline. To select a Pass/No Pass option for the course go to the ‘EDIT Class Enrollment Options’ page on the mySDCCD portal. The deadline is listed in the class search details page when you click the calendar icon (“Deadlines”). After the Pass/No Pass Deadline, the ‘Letter Grade’ or ‘Pass/No Pass’ option may not be changed for that class.

2. No exceptions to this condition will be made.

Petitions will not be accepted for exception to policy.

Standards of Academic Progress

Students are in good academic standing when they have a 2.0 grade point average or higher and have completed more than 50% of units they have attempted. There are two kinds of probation and
disqualification, one based upon GPA (Academic Performance) and the other based upon the number of units completed (Progress Performance).

Certain programs may have more stringent standards for academic progress. Consult the program director for more information.

Students enrolled in the core curriculum of medically-related programs will be governed by the probation and disqualification policies as outlined in the program policy manuals that reflect the tenets of safe medical practice and respond to program accreditation guidelines.

**Academic Probation***

A student whose cumulative grade point average falls below a 2.0. A student on academic probation will return to good standing once his/her cumulative grade point average reaches or exceeds 2.0.

**Academic Disqualification**

A student on academic probation status will be disqualified when his/her semester GPA falls below 2.0 in a subsequent semester. An enrollment hold will be placed on the student’s record. Students who are disqualified after registering for the subsequent semester will be administratively dropped from all classes.

**Lack of Progress Probation***

A student shall be placed on lack of progress probation when the percentage of all (cumulative) units for which entries of “W,” “I,” and “NP” are recorded reaches or exceeds 50%.

**Lack of Progress Disqualification**

A student who has been placed on lack of progress probation shall be disqualified and an enrollment hold placed on the student’s record when the percentage of units for which entries of “W,” “I,” and “NP” are recorded in a subsequent semester (non-cumulative), reaches or exceeds 50%. Students who are disqualified after registering for the subsequent semester will be administratively dropped from all classes.

*Exceptions:*

Provisional, Joint Diploma and Special Admit High School students who receive a substandard grade (D, F, NP) or lack of progress (W, I, NP) in any class will be automatically disqualified. **PROBATIONARY STATUS WILL NOT APPLY!**

If disqualified:

- Special Admit High School students will not be permitted to re-enroll without approval from a high school counselor.
- Special Admit High School students who attempt/earn 12 units or more-must meet with a college counselor and complete a student academic contract.
- Joint Diploma students must see a JD counselor for readmission.

**Readmission after Disqualification**

Note: Disqualification status is determined based upon Progress Performance, Academic Performance, or a combination of both.

1st Disqualification

- Student must meet with a counselor and complete a Student Academic Contract.
- Readmission will be based upon meeting contract conditions.
- Student will lose registration priority until they return to ‘Good’ Standing.
- Student will lose eligibility for the California College Promise Grant (CCPG) until they return to ‘Good’ Standing or sit out one full academic year.

2nd Disqualification

- Student will be required to sit out for one semester.
- Student must meet with a counselor and complete a Student Academic Contract.
- Readmission is based upon meeting contract conditions.
- Student will lose registration priority until they return to ‘Good’ Standing.
- Exceptions must be approved by the Dean of Student Development.

3rd Disqualification

- Student will be required to sit out for one full academic year.
- Student initiates a petition for readmission.
• If the petition is accepted for further consideration, the student will meet with a Hearing panel to present his/her case for readmission.
• If the petition is approved, the student will enter into a “last chance” agreement.
• If you are permitted to return, your registration priority will not resume until you return to ‘Good’ Standing.

Readmission after disqualification
• Students who have been disqualified three or more times must file a Petition for Readmission. Students must provide supporting documentation of how circumstances have changed to allow for academic success. If the Petition is accepted for consideration, the student will be invited to present his/her case to a hearing panel. Information for filing a Petition for Readmission are available online under Standards of Academic Progress at: https://www.sdccd.edu/students/college-policies/standards-of-academic-progress.aspx. Deadline dates for filing a Petition for Readmission are available online at: https://www.sdccd.edu/students/dates-and-deadlines/index.aspx.

Academic Regulations

Course Repetition Policy
• No course in which a “C” or better grade has been earned may be repeated, unless students meet the following exception criteria:
  • Legally Mandated Training Requirement
  • Disabled Student as part of a Disability-Related Accommodation
  • Extenuating Circumstances beyond the control of the student (documentation required)
  • Significant Lapse of Time
• Students will not be allowed more than four enrollments in similar active participatory courses in Exercise Science and Visual and Performing Arts, regardless of grade or symbol earned.
• Academic renewal is not allowed for work experience courses.
• Each course in which an unsatisfactory grade (“D,” “F,” or “NP”) has been earned may be repeated twice without a petition. The course being repeated must be the same as the original course, not its equivalent. Only the newly-earned units and grades will be used in computing the grade point average.
• Students will not be allowed more than three enrollments in any course, regardless of grade or symbol earned.
• Academic renewal by course repetition for the second substandard course will only be applicable if the third attempt was completed Spring 2010 or later.

Course Repetition—Limitations on Active Participatory Courses
Due to changes in the regulations that govern community colleges, enrollment limits have been placed on certain types of active participatory courses that are related in content. Active participatory courses include courses in exercise science, visual arts, and performing arts (e.g., music, art, photography, theatre arts). These courses have been put into groups of courses related in content. A student may enroll in active participatory courses in exercise science, visual arts, or performing arts that are in a group of related content for no more than four (4) courses in each content area (group). All grades, including “W’s,” will count toward the four course enrollment maximum for each group of courses. See the current listing of groups of courses related in content in the Students section under “Course Repetition - Limitations on Active Participatory Courses” online at: https://www.sdccd.edu/students/forms-and-documents.aspx. For further information regarding course groupings, please consult with a counselor.

Academic Renewal Without Course Repetition
A student with substandard academic performance (GPA below 2.0) that is not reflective of present demonstrated ability may petition to have a maximum of 12 units or one full semester, whichever is greater, of substandard performance disregarded in computation of grade point average.
The following conditions apply:

1. To be eligible for academic renewal without course repetition a student must:
   a. have transcripts from all institutions attended officially on file.
   b. successfully complete, in an accredited college or university, 15 units with a grade point average of at least 2.0 subsequent to the work to be disregarded. All courses taken during the semester/session in which the student reaches or exceeds the 15-unit minimum will be used in computing the 2.0 grade point average.
   c. have one year elapsed since the coursework to be disregarded was completed.

2. A maximum of 12 units or one semester or summer sessions, may be disregarded, whichever is greater. For purposes of academic renewal for summer session work, a summer session will be defined as all courses which commence after the termination of the Spring semester and end prior to the commencement of the Fall semester. Inter session work will be included in the Spring semester. Short-term or carry-over classes will be considered to be part of the semester or session in which credit is awarded or a grade is posted to the student’s permanent academic record.

3. If grade alleviation has already been applied two times for a course, the course will not be eligible for academic renewal without repetition and will remain on the academic record.

4. If previous action for academic renewal has been applied to coursework included in the semester to be disregarded, the course will not be eligible for academic renewal without repetition and will remain on the academic record.

5. Academic renewal without course repetition may be applied to substandard course(s)/semester(s) from another accredited institution.

6. The permanent academic record will be annotated in such a manner that the record of all work remains legible, ensuring a true and complete academic record.

7. Recalculation of the grade point average will be used toward qualification for graduation with honors.

8. Academic standing for the semester/session(s) will not be adjusted.

9. Once the petition is approved, the action is not reversible.

10. Once an associate degree has been posted to the student’s academic record, academic renewal without course repetition may only be applied to classes with an evaluative symbol of “F”.

Course Repetition—Lapse of Time

Academic departments may require that courses for the major be completed within a specified number of years prior to the granting of the Associate Degree, Certificate of Achievement, or Certificate of Performance. Students may be required to repeat a course in which a satisfactory (A, B, C, or P) grade has already been earned. Students with questions about the applicability of previous coursework are advised to consult the department as early as possible.

Disability Support Programs and Services (DSPS) Repeat

Additional repetitions of a DSPS course to accommodate a student’s disability-related needs may be permitted. For students with disabilities, course repetition is determined on an individual student basis. Contact the DSPS Office on campus for more information.

Mandated Training

Students who are required to meet a legally mandated training requirement as a condition of continued paid or volunteer employment may repeat a credit course any number of times. Students should complete the Mandated Training Course Repetition form.

For more information on course repetition, consult the Counseling Office at your college.

Academic Transcripts

Transcripts of Record

A student may order an official transcript of record online, in person, by mail or via fax. To order an official transcript online, visit: https://www.sdccd.edu/students/transcripts/.
Transcripts ordered online will be mailed within 1–2 business days.

To order a transcript in person, a student may complete a request at the Accounting Office at the college, or in person at the District Office of the Registrar, San Diego Community College District, Administrative Office, 3375 Camino del Rio South, San Diego, CA 92108.

Payment of fees must be made prior to processing a request for transcripts.

The following policy has been adopted by the San Diego Community College District Board of Trustees regarding the issuance of transcripts of record:

1. The first two transcripts will be issued without charge.
2. There will be a charge of $5.00 for each additional transcript.
3. A $10.00 special handling fee will be charged for all “RUSH” order transcript requests, including hand carried transcript requests ordered at the District Office. Rushed transcripts are processed immediately upon receipt. The special handling fee will be charged per request.

Requests will not be processed if students have outstanding holds preventing the release of the official transcript.

All official copies of the student’s permanent record are in the Office of the Registrar. The Office of the Registrar will certify only to the accuracy of the records prepared by and issued directly from that office to another institution.

More information on ordering transcripts is available at: https://www.sdccd.edu/students/transcripts/.

Transfer of Credits

Transcripts of Prior Academic Credit

Students with credit from other colleges and universities must have official transcripts on file with the college.

- Official transcripts are those sent directly from one institution to another.
- Transcripts will only be accepted for one year after issuance.

- Transcripts brought in by students not in an official, sealed envelope will be considered unofficial.
- Transcripts are required even if prior credits do not appear relevant or if units were taken years ago.
- Students receiving veterans benefits must have transcripts on file within one semester.
- Certain programs require transcripts before admission to the program.
- Official transcripts from other institutions become the property of the college and will not be duplicated or returned.
- Official transcripts should be sent to the following address:
  San Diego Community College District
  3375 Camino del Rio South, Rm. 100
  San Diego, CA 92108-3883

Upper Division Coursework

The San Diego Community College District (SDCCD) accepts all lower division courses taken at U.S. regionally accredited colleges. All lower division courses will be counted toward the Associate degree. The SDCCD does not accept upper division coursework. Petitions to use upper division courses from U.S. regionally accredited colleges will only be accepted if needed to meet minimum Associate degree requirements for the major or district requirements. All petitions must be approved by the faculty in the discipline, or an appropriate designee, and/or college committee.

International Transfer Credits

Students who elect to submit transcripts from international colleges and universities must submit their transcripts to an approved credential evaluation service, and request a comprehensive evaluation be sent to San Diego City, Mesa, or Miramar College. Credit for transfer courses taken at an institution outside the United States are evaluated dependent upon course equivalency and student learning outcomes on a course by course basis. Coursework from foreign institutions will not made equivalent to SDCCD courses, and cannot be used to meet transfer major (ADT) or transfer general education requirements. International transcripts are not required. For more information contact the College Evaluations Office.
Credits from Other Regionally Accredited Institutions

Credits from other regionally accredited institutions may be accepted for transfer credit after evaluation by District evaluators. San Diego Mesa College will not accept the transfer credits from another institution if the evaluation by the District evaluators determines that the credits received from another accredited institution do not meet the equivalent standards for a similar course taken at San Diego Mesa College.

Credit for Prior Learning
(Administrative Procedure AP-3900.4)

Credit for Prior Learning (CPL) is college credit awarded for validated college-level skills and knowledge gained outside of a college classroom. Credit for prior learning may be earned for eligible courses approved by the faculty for students who satisfactorily pass an authorized assessment. Authorized assessments may include the evaluation of approved external standardized examinations, military service/training, the evaluation of industry recognized credentials, student-created portfolios, and credit by examination. Students should meet with a Counselor for specific information regarding CPL and the petition process. Details may be found in administrative procedure 5235.

Students may demonstrate proficiency in a course eligible for Credit for Prior Learning and receive college credit through the approved alternative methods for awarding credit listed below:

- Achievement of a satisfactory score on an Advanced Placement (AP) examination
- Achievement of a satisfactory score on a higher-level International Baccalaureate (IB) examination
- Achievement of a satisfactory score on the College Level Examination Program (CLEP)
- Achievement of a satisfactory score on DANTES Subject Standardization Test (DANTES/DSST)
- Satisfactory completion of an institutional examination, known as Credit by Examination, administered by the college in lieu of completion of an active course listed in the current college catalog
- Evaluation of Military Transcripts
- Evaluation of industry recognized credential documentation
- Evaluation of student-created portfolios

Determination of Eligibility for Credit for Prior Learning

- The course is on the approved credit for prior learning list at the college
- The student must have previous academic history (previously earned credit or noncredit from the District) or be currently enrolled in a college at the San Diego Community College District and in good standing
- All student holds must be cleared prior to verification of eligibility
- Official transcripts from all prior colleges are on file
- Official test scores must be submitted for the processing of AP, IB, CLEP, and/or DANTES
- A student education plan is on file
- The student is not currently enrolled in the course
- The student has not received credit on their academic record(s) for an equivalent course

High school students enrolled in CTE transitions should refer to page 94, High School Courses for College Credit (Credit by Examination)

Limitations on Credit for Prior Learning

- Credits acquired by Credit for Prior Learning are not applicable to meeting of such unit load requirements as Selective Service deferment, Veterans, or Social Security benefits.
- Credits acquired by Credit for Prior Learning shall not be counted in determining the 12 semester hours of credit in residence required for an Associate degree.

Note: CPL may be used to fulfill the District requirement for six units in the major.

- Credit granted by SDCCD does not necessarily transfer to other institutions. Final determination regarding transfer of credit rests with the receiving institution. Students intending to transfer to a four-year institution should consult a counselor or the individual university regarding their credit for prior learning policy.
- Credit awarded through credit for prior learning may not be used for grade alleviation.
Students may petition for credit for prior learning at https://www.sdccd.edu/students/forms-and-documents.aspx.

**Academic Credit for AP, IB, CLEP, and DANTES/DSST**

The tables below indicate the score necessary, the credit allowed, and the area(s) satisfied for each of the examinations accepted for credit.

You may view a full copy of the policy by accessing the following website: [http://www.sdccd.edu/public/district/policies/](http://www.sdccd.edu/public/district/policies/)

In addition to the CPL requirements listed in this section, limitations on AP, IB, CLEP, and DANTES/DSST include:

- Grades are not assigned, nor is the credit used in calculating grade point average.
- Credit awarded through credit for prior learning may not be used for grade alleviation.

*Credit may not be awarded for exams which duplicate credit for the same content earned through other means.*

1. If a student passes more than one exam in calculus or computer science, only one exam may be applied to UC / CSU baccalaureate or SDCCD associate degree / certificate requirements.
2. Students passing both English AP exams will receive a maximum of 8 quarter units / 5.3 semester units toward UC baccalaureate degree requirements.
3. Students passing more than one AP exam in physics will receive a maximum of 6 units of credit toward CSU baccalaureate or SDCCD associate degree / certificate requirements and a maximum of 4 units of credit toward CSU GE certification or SDCCD associate degree GE requirements.
4. Students passing either of the Physics C exams will be required to complete at least 4 additional semester units in IGETC Area 5 coursework to meet the IGETC Area 5 unit requirement.
5. Students passing more than one physics AP exam will receive a maximum of 8 quarter units / 5.3 semester units toward UC baccalaureate degree requirements.
6. Students passing more than one AP exam in studio art will receive a maximum of 8 quarter units / 5.3 semester units of credit toward UC baccalaureate degree requirements.
7. Students who have completed the American Institutions requirement except for the California government portion must complete one course approved in Area US-3.
8. Students who pass AP Environmental Science earn 4 units of credit. Tests prior to Fall 2009 may apply to either B1+B3 or B2+B3 of GE Breadth. Fall of 2009 or later, those credits may only apply to B1+B3.

* Credit may not be awarded for exams which duplicate credit for the same content earned through other means.

1. Students who pass the Language A or A1 Higher Level exam in a language other than English with a score of 5 or higher will also receive credit for IGETC area 6A.

2. If a student passes more than one test in the same language other than English (e.g., two exams in French) then only one examination may be applied.

Credit is not awarded for the following exams: Art.

IB transcripts may be requested from your high school.

* Credit may not be awarded for exams which duplicate credit for the same content earned through other means.

1. If a student passes more than one exam in the same language other than English (e.g. two exams in French), then only one examination may be applied toward CSU baccalaureate degree requirements.
2. Students who have completed the American Institutions requirement except for the California government portion must complete one course approved in Area US-3.

Credit is not awarded for the following exams: College Composition, College Composition Modular, College Mathematics, English Composition (with or without Essay), Freshman College Composition and Social Sciences and History.

To request an official CLEP transcript, write to: Educational Testing Service, P.O. Box 6600, Princeton, NJ 08541-6600

Credit by Examination
(Administrative Procedure AP-3900.1)

Students interested in Credit for Prior Learning using credit by examination shall receive credit as recommended by the appropriate department chair or faculty designee. The term "examination" means any written, oral or performance standards determined by the individual departments. Students must meet specific credit for prior learning criteria listed on page 72. Approved list of courses are available in the College Evaluations Office.

Students may petition for credit for prior learning at https://www.sdccd.edu/students/forms-and-documents.aspx

You may view a full copy of the policy by accessing the following website: http://www.sdccd.edu/public/district/policies/

See eligibility requirements and limitations on credit for prior learning listed on page 72.

High School and Noncredit Courses for College Credit (Credit by Examination)
(Administrative Procedure AP-3900.1)

As part of an early college program called Career Technical Education (CTE) Transitions (formerly known as Tech Prep), high school and noncredit students may earn college credit equivalent to the courses in the table on page 94. To receive credit, students must be enrolled in a high school or noncredit CTE course tied to an active agreement, meet overall course and final assessment grade requirements, and complete related paperwork including the submission of a SDCCD online college application. Full eligibility and process requirements are available online. For questions and more information, contact the CTE Transitions Program at 619-388-6572.

For the most up-to-date listing of active agreements and student requirements, please go online at: https://bit.ly/2UPkEUG

See Limitations on credit for prior learning listed on page 72.

Acceptance and Application of Military Credit
(Administrative Procedure AP-3900.3 and 3900.5)

San Diego City, Mesa, and Miramar Colleges apply credit for educational experience completed during military service toward the associate degree in accordance with the associate/baccalaureate credit recommendations contained in “A Guide to the Evaluation of Educational Experiences in the Armed Services” published by the American Council on Education (ACE). Students must submit documentation of educational experiences during military service. Acceptable documents include:

- Joint Services Transcript
- AARTS or SMART Transcript
- DD-214
- DD-295
Military service credit may be granted upon verification of six (6) months of continuous active duty, or completion of basic training for National Guard/Reservists. Four (4) units of credit may be awarded to meet the district graduation requirements in Health and PE. Three (3) of those units may also be used to satisfy Area E of the CSU General Education Breadth pattern.

Other educational experiences during military service may also fulfill additional major, general education, or elective degree requirements. More specific information is available in the San Diego Community College District Evaluations Office.

You may view a full copy of the policy by accessing the following website: http://www.sdccd.edu/public/district/policies/.

U.S. Air Force and U.S. Army ROTC Programs

Under the provisions of a special agreement, students may participate in the Army or Air Force Reserve Officers Training Program (ROTC) at SDSU. San Diego City, Mesa and Miramar College students may enroll and attend ROTC classes at SDSU by contacting the SDSU Military Science Department 619-594-5545. Financial assistance may also be available. The credits earned in these classes may be transferred as electives to meet the degree requirements of City, Mesa and Miramar Colleges.

See eligibility requirements and limitations on credit for prior learning listed on page 72.

Industry Recognized Credentials

Students interested in Credit for Prior Learning using industry recognized credential(s) shall receive credit as recommended by the appropriate department chair or faculty designee. Approved list of courses are available in the College Evaluations Office.

Students may petition for credit for prior learning: at https://www.sdccd.edu/students/forms-and-documents.aspx

See eligibility requirements and limitations on credit for prior learning listed on page 72.

Student-Created Portfolio Assessment

Students interested in Credit for Prior Learning using a student-created portfolio shall receive credit as recommended by the appropriate department chair or faculty designee. Approved list of courses are available in the College Evaluations Office.

Students may petition for credit for prior learning: student-created portfolio assessment at https://www.sdccd.edu/students/forms-and-documents.aspx.

See eligibility requirements and limitations on credit for prior learning listed on page 72.

Academic Accommodations and Disability Discrimination for Students with Disabilities

(Board of Trustees Policy – BP 3105)

The San Diego Community College District (SDCCD) is committed to all provisions of Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 and Section 508 of the Rehabilitation Act of 1973. The fundamental principles of nondiscrimination and accommodation in academic programs provide that:

1. No student with a qualified disability shall, on the basis of the disability, be excluded from participation in, be denied the benefit of, or otherwise be subjected to discrimination under any post-secondary education activity or program; and

2. Reasonable accommodations to academic activities or requirements shall be made as are necessary to ensure that such requirements do not discriminate or have the effect of discrimination on a student with a qualified disability; and

3. The institution shall create an educational environment where students with disabilities may request and utilize academic accommodations, including those that take place in a clinical setting, without compromising the essential components of the course, educational program or degree.

SDCCD identifies Disability Support Programs and Services (DSPS), or the campus 504 officer, as the office to determine academic accommodations under Section 504 of the 1973 Rehabilitation Act.
The Site Compliance Officer (SCO) is identified as the campus individual to handle all discrimination grievances under the Americans with Disabilities Act or the District’s Equal Employment Opportunity and Diversity Office, BP 3410.

The intent of this policy is to ensure compliance with state and federal laws. SDCCD Procedure 3105.1 is intended to provide consistent and fair review of all academic adjustments requests and dispute resolution.

You may view a full copy of the Student Services policy and administrative procedure by accessing the following website: http://www.sdccd.edu/public/district/policies/

Students with verified disabilities who may require academic accommodations or auxiliary aids are strongly recommended to contact the Disability Support Programs and Services (DSPS) Department, Room I4-405, 619-388-2780 and complete the orientation procedures well before classes begin to ensure timely provision of services. Students are encouraged to identify themselves to the appropriate instructors to discuss the details and time lines necessary to provide appropriate accommodations. Students enrolled in online courses are encouraged to contact the college DSPS department where the courses are being offered to request academic accommodation. Questions regarding academic accommodations and disability discrimination, including how to file a complaint or a formal grievance with regards to academic accommodations should be directed to the college 504 Officer, Claudia Perkins cperkins@sdccd.edu at 619-388-2770 in LRC - Room 464.

Students may file a complaint with the Chancellor of the California Community Colleges within thirty calendar days of the event or following the completion of the college Accommodation Grievance process. (http://californiacommunitycolleges.cccco.edu).

Students may file a complaint with the Federal Office of Civil Rights in San Francisco, California, if he or she believes that the college or one of its representatives is violating his or her rights. (www.2ed.gov/about/offices/list/ocr/doc/howto.pdf)

### Exclusion from Classes

A student may be excluded from class or the college whenever the student:

1. Exhibits behavior which interferes with the educational process. An instructor may remove a student from two class sessions for disruptive behavior. (Refer to BP 5500: Student Rights, Responsibilities, Campus Safety and Administrative Due Process). You may view a full copy of the policy by accessing the following website: http://www.sdccd.edu/public/district/policies/ or

2. Is found to have a communicable disease which requires isolation pursuant to a directive from the County Department of Public Health.

### Minor Children on Campus

Minor children who are not enrolled are not permitted in any classroom at any time. Minor children who are not enrolled are not to be left unattended at any time while on the campus.

### Consumer Information

The Student Consumer Information Regulations of the United States Department of Education require all colleges and universities to provide their students access to certain information to which they are entitled to as consumers. Under these regulations, San Diego City, Mesa, and Miramar College and Continuing Education annually distributes to all students a notice of the availability of consumer information. Please visit our webpage at http://www.sdccd.edu/consumer to review the information outlined for consumer disclosure by the Higher Education Opportunity Act (HEOA).

This information is available in a hard-copy form upon request.

### Student Right to Know

In compliance with the federal Student-Right-to-Know and Campus Security Act of 1990, it is the policy of the college district to make available completion and transfer rates for all certificate, degree and transfer seeking first-time, full-time students who began in Fall 2017, a three year tracking period.
The completion and transfer rates are listed below:

<table>
<thead>
<tr>
<th>Location</th>
<th>Completion Rate</th>
<th>Transfer-Out Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>City</td>
<td>22.72%</td>
<td>10.15%</td>
</tr>
<tr>
<td>Mesa</td>
<td>28.71%</td>
<td>14.36%</td>
</tr>
<tr>
<td>Miramar</td>
<td>41.78%</td>
<td>14.02%</td>
</tr>
</tbody>
</table>

These rates do not represent the success rates of the entire student population at the college. Our statewide completion indicators for student success include a six-year tracking period for all first-time students. Current information can be found at: [http://scorecard.cccco.edu/scorecard.aspx](http://scorecard.cccco.edu/scorecard.aspx).

## Athlete Graduation Rate for Fall 2017 Cohort

<table>
<thead>
<tr>
<th>Location</th>
<th>Initial Cohort</th>
<th>Completion Rate</th>
<th>Transfer Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>City College/ECC</td>
<td>10</td>
<td>10%</td>
<td>0%</td>
</tr>
<tr>
<td>Mesa College</td>
<td>15</td>
<td>27%</td>
<td>0%</td>
</tr>
<tr>
<td>Miramar College</td>
<td>9</td>
<td>33%</td>
<td>0%</td>
</tr>
</tbody>
</table>

Source: SDCCD Information System and National Student Clearinghouse

The cohort includes first-time athletes who are enrolled full-time. Athletes are identified in a fall term based on enrollment in intercollegiate athletic courses. Student athletes are tracked for three years to measure their outcomes. Two measures are provided. The first measure, completion rate, is the total number of students who earn a degree, certificate, or reach transfer prepared status (60 transferable units with a GPA greater than or equal to 2.0). The second measure is transfer rate, which includes all non-completers who transferred to a four-year institution. These definitions match the methodology used for the Student Right-To-Know (SRTK) graduation rates, which are also consistent with how the NCAA reports Athlete graduation rates.

## Nondiscrimination Policy (Board of Trustees Policy – BP 3410)

San Diego Community College District Board of Trustees Policy BP 3410 prohibits discrimination in accordance with state and federal laws. The San Diego Community College District is committed to equal opportunity in educational programs, employment, and all access to institutional programs and activities.

The District, and each individual who represents the District, shall provide access to its services, classes, and programs without regard to national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, military or veteran status, or because he/she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics. No qualified student with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs or activities of the district or be subjected to discrimination by it. Lack of English speaking skills and/or visual/hearing impairment will not be a barrier to admission or participation in Career Technical Education programs.

Students wishing to file complaints based upon discrimination should contact the campus Equal Employment Opportunity (EEO) Site Compliance Officer, Claudia Perkins at 619-388-2699 in I 4-408. Appeals may be made to the District Equal Opportunity & Diversity Officer at the District Administrative Office, 3375 Camino del Rio South, San Diego, CA 92108.

Students with disabilities who want to file a grievance under Section 504 of the 1973 Federal Rehabilitation Act should contact the campus 504 Officer Claudia Perkins at 619-388-2699 in I 4-408. Students who want to file a disability discrimination grievance under the Americans with Disabilities Act (ADA) should contact the campus Site Compliance Officer (SCO) Claudia Perkins at 619-388-2699.

You may view a full copy of the policy by accessing the following website: [http://www.sdccd.edu/public/district/policies/](http://www.sdccd.edu/public/district/policies/).

## Free Speech

Free speech areas have been designated on the college campuses to maximize the opportunity for free discussion and expression, while minimizing the potential for disruption of classroom and college activities.

Information concerning free speech areas is available in the office of the Dean of Student Affairs office in I 4-408.
**Gender Equity**

The Gender Equity Coordinator facilitates the development or updating of the campus Gender Equity Plans in cooperation with committees that are responsible for equity concerns. The Title IX Coordinator can be reached at 619-388-6660.

**Additional Information on Policies**

- **Nondiscrimination**  I4-408  619-388-2699
- **Sex Discrimination**  District  619-388-6660
- **Sexual Harassment**  District  619-388-6660
- **Academic Accommodation/504 Officer**  I4-408  619-388-2699
- **Student Right to Know**  I4-408  619-388-2699
- **Substance Abuse**  L-504  619-388-2774
- **Crime Awareness**  Q-100  619-388-2749

**Title IX. Prohibiting Gender Discrimination and Sexual Harassment**

San Diego City, Mesa, and Miramar College are committed to support all regulations under Title IX. Title IX states: “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.” – 20 USC 1681

San Diego City, Mesa, and Miramar Colleges do not discriminate on the basis of sex, gender, or sexual orientation in its education programs or activities. Title IX of the Education Amendments of 1972, and certain other federal and state laws, prohibit discrimination on the basis of gender, gender identity, or sexual orientation in employment, as well as all education programs and activities, and protect all people regardless of their gender or gender identity from sex discrimination, which includes sexual harassment and sexual violence. These procedures are used when a complaint concerns discrimination on the basis of gender, including sexual harassment.

The sexual harassment of students, including sexual coercion, sexual assault, domestic violence, dating violence and stalking, is a form of sex discrimination and interferes with students’ right to receive an education free from discrimination and harassment.

Sexual assault, as that term is used in this section, encompasses several physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent. A person may be unable to give consent due to their use of drugs or alcohol or because of an intellectual or other disability.

A number of different conduct falls into the category of sexual assault, including rape, sodomy, fondling, and sexual assault with an object. All such acts of sexual assault are forms of sexual harassment covered under Title IX.

Further information and procedures for filing a formal complaint of discrimination on the basis of sex, gender, or sexual harassment are found online at [http://www.sdccd.edu/titleix](http://www.sdccd.edu/titleix)

Drug Abuse and Alcohol Prevention Program (DAAPP)

The Drug-Free Schools and Communities Act and Drug and Alcohol Abuse Prevention Regulations (Education Department General Administrative Regulations [EDGAR]), specifies that no institution of higher education shall be eligible to receive funds or any other form of financial assistance under any Federal program, including participation in any federally funded or guaranteed student loan program, unless the institution certifies to the Secretary that the institution has adopted and has implemented a program to prevent the use of illicit drugs and the abuse of alcohol by students and employees. In response, the San Diego Community College District (SDCCD) has adopted and implemented a program to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees.

The San Diego Community College District (San Diego City College, San Diego Mesa College, San Diego Miramar College and Continuing Education) is committed to providing a drug free environment. The institutions also prohibit the use of tobacco products and electronic delivery devices on campus or at college/district sponsored events. Any type of drug use, including alcohol, is dangerous and potentially life threatening. Drugs and alcohol adversely affect the body, mind and behavior. The effects vary from person to person and from usage to usage. Even low doses of drugs and alcohol can impair judgment and coordination. If you use drugs or alcohol, you risk overdose, accidents, dependence, ill health, as well as legal, financial and personal problems. The federal laws against drugs are divided into two categories: possession and distribution. The penalties are severe depending upon the type of drug, quantity of the drug, and any prior offenses. Possession will earn up to one year in prison and a $5,000 fine. Distribution will earn up to life in prison and an $8 million fine. State laws vary and may be more severe.

For more information, please visit the Drug Abuse and Alcohol Prevention Program (DAAPP) webpage at: http://www.sdccd.edu/daapp.

Smoking Regulation

(Board of Trustees Policy – BP 0505)

MESA COLLEGE IS A SMOKE AND TOBACCO-FREE CAMPUS

All campuses and facilities of the San Diego Community College District, City College, Mesa College, Miramar College, and Continuing Education operate in compliance with the provisions of Government Code 7597 and San Diego Municipal Code section 43.1003(a) regulating smoking in a public place or place of employment. In accordance with Board Policy (BP 0505) Smoke and Tobacco Free District Property smoking and the use of any tobacco product are prohibited on all properties owned or controlled by the District.

Mesa College is committed to creating a clean, healthy working and learning environment for students, faculty, staff and visitors. All students, employees and visitors on the Mesa College property are subject to BP 0505 regulations, which will be strictly enforced at all times. Student Health Services at Mesa College offers Cessation Program Referrals to educate the college community about the risks of tobacco and the availability of Smoking Control Programs. Visit or call the Student Health Services on campus for additional information at 619-388-2774.

Additional information is available in the Campus Police Office. For complete SDCCD Policy 0505 and Procedure 0505.2 information, please visit: http://www.sdccd.edu/public/district/policies/.

Crime Awareness and Campus Security

Q-100 619-388-2749

Jeanne Clery Act Crime Statistics

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is the landmark federal law, originally known as the Campus Security Act, which requires colleges and universities across the United States to disclose information about crime on and around their campuses.

The San Diego Community College District Annual Security Report, titled “Safe and Sound, a guide to safety and security in the San Diego Community College District”, includes statistics for the previous three years concerning reported crimes.
that occurred on campus; in certain off-campus buildings or property owned or controlled by the San Diego Community College District; and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, such as policies on drug use, crime prevention, the reporting of crimes, sexual assault and other matters. You can obtain a copy of this report by contacting any campus admissions office, Vice President of Student Services (I-422) office or college police business office. At any time you may view a full copy by accessing the following website: https://www.sdccd.edu/about/departments-and-offices/police-department/clery-act.aspx.

Pursuant to State and Federal Law information concerning registered sex offenders enrolled or employed by the college may be obtained through the College Police Office.

Elder and Dependent Adult Abuse
An elder is defined as a resident of the State of California who is 65 years of age or older; or a dependent adult, defined as a resident of the State of California between the ages of 18 and 64 years, who has a physical or mental limitation that restricts his or her ability to carry out normal activities or to protect his/her rights.

Post-secondary educational institutions serving dependent adults are designated as mandated reporters with an individual, personal responsibility to comply with the reporting requirements.

Any mandated reporter, who, in his or her professional capacity, or within the scope of his or her employment, has observed or had knowledge of an incident that reasonably appears to be physical abuse, abandonment, isolation, financial abuse, or neglect, or is told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, abandonment, isolation, financial abuse, or neglect, or reasonably suspects abuse shall report the known or suspected instance of abuse immediately to Adult Protective Services at 1-800-510-2020.

Copyright Responsibility
Any duplication request of copyrighted materials for use in the college’s instructional programs must be accompanied by written permission from the copyright owner. Any duplication of copyrighted materials by student, staff, or faculty is to be for the sole purpose of private scholarly study. Since the liability for infringement of statutory or common-law copyright occurs during misuse of duplicated materials, the duplicated copies cannot be sold or distributed. A designated portion of the duplicated copy cannot be included in another’s work without the written permission of the copyright owner. All copyright responsibility is assumed by the individual requesting the duplication. San Diego Mesa College, its agents, representatives, and employees are held harmless against all claims, suits, damage costs, and expenses of charges of statutory or common-law infringement resulting from the college’s efforts to provide services, materials, and equipment to the requester.

Student Rights, Responsibilities, Campus Safety and Administrative Due Process
(Board of Trustees Policy – BP 5500)
This policy specifies that students are subject to adhering to the policies and procedures of the San Diego Community College District, as well as all federal, state, and local laws. Students are subject to charges of misconduct concerning acts committed on District-owned or controlled property or the District-sponsored activities as specified in the policy.

You may view a full copy of the policy by accessing the following website: http://www.sdccd.edu/public/district/policies/.

Student Grievance Procedures
The purpose of this procedure is to provide a prompt and equitable means for resolving student grievances. The procedures enumerated in Student Grievance Procedures AP 5530 shall be available to any student who believes a district decision or action has adversely affected his/her rights as a student as specified in Student Rights and Responsibilities, Policy 5500, Section a through j. Note that grades are not grievable under this policy. Refer to the Grade Challenge section, page 67, of this catalog.

You may view a full copy of the policy by accessing the following website: http://www.sdccd.edu/public/district/policies/.
Volunteer/Visitor Conduct Expectations

In accordance with Procedure 3100.4, all visitors and volunteers are expected to adhere to the policies and procedures of the San Diego Community College District, as well as all federal, state and local laws. Visitors and volunteers will be subject to removal from classrooms, service areas, and activities of the campus for any of the following acts (but not limited to) while on campus. Any violation may be subject to permanent removal from campus. Violations of state, federal, or local laws or ordinances, while on district premises, will be addressed by college police in accordance with the California Penal Code.

- Act or threat of damage to or theft of property belonging to or located on District-controlled property or facilities.
- The physical or verbal intimidation or harassment of such severity or pervasiveness as to have the purpose or effect of unreasonably interfering with a student’s academic performance, or a District employee’s work performance, or of creating an intimidating, hostile, or offensive educational or work environment.
- Physical or verbal disruption that is incompatible with instructional or student services activities, administrative procedures, public service functions, authorized curricular or co-curricular activities or prevention of authorized guests from carrying out the purpose for which they are on campus when such a disruption occurs inside of any classroom or facility or in such proximity as to appear reasonably likely to interfere with activities inside of the classroom or facility, or the substantial and material disruption of any other regular campus activity which occurs in any other portion of District-controlled property.
- Disorderly, lewd, indecent or obscene conduct or expression or habitual profanity or vulgarity; any expression which is obscene, libelous or slanderous according to current legal standards or which so incites students as to create a clear and present danger of the commission of unlawful acts, or the substantial disruption of the orderly operation of the community college. (Ed. Code 76120)
- Assault or battery upon a student or district personnel on district premises or at any time or place while under the authority of District personnel.
- Possession of weapons, explosives, unlicensed dangerous chemicals or objects which may be used as weapons or to threaten bodily harm, as specified in District Policy, the California Penal Code, or other applicable laws.

Failure to comply with the reasonable directions of staff members of the district who are acting within the scope of their employment. Continued and willful disobedience or open and persistent defiance of the authority of district personnel, provided such authority is related to district activities or college/center attendance.

You may view a full copy of the policy by accessing the following website: http://www.sdccd.edu/public/district/policies/

Student Records, Release, Correction and Challenge (Administrative Procedure AP-5040)

San Diego Community College District strictly adheres to the Family Education Rights and Privacy (FERPA). This procedure specifies limitations on Federal and State law, and ensures that appropriate record maintenance and destruction systems are in place.

Pursuant to the “Family Rights and Privacy Act of 1974” (Public Law 93-380) and the California Education Code, a student may request to inspect all his/her official school records, files, and related data that are classified as Student Records. The records will be available for review at a mutually convenient time during regular working hours. Contact the Vice President, Student Services. If information in the file is inaccurate, misleading, or inappropriate, a student may request removal of the information or include a statement disputing the material that is challenged.

The law provides that no individual, agency or organization shall have access to a student’s records without the written consent of the student, except under very specific conditions:
You may view a full copy of the policy by accessing the following website: http://www.sdcdd.edu/public/district/policies/.

Complaint Processes
San Diego City, Mesa, and Miramar Colleges are committed to an educational environment that is free from interference and disruption, and that fosters equity and mutual respect.

Students may file a complaint when they believe that a College faculty or staff member has violated the following Board Policies and Administrative Procedures:

1. Student Rights, Responsibilities, Campus Safety and Administrative Due Process: Policy 5500
2. Student Grievance: Procedure 5530
3. Student Discipline: Procedure 5520
4. Honest Academic Conduct: Procedure 3100.3
5. Academic Accommodations and Disability Discrimination for Students with Disabilities: Procedure 3105.1
6. Prohibition of Harassment: Policy 3430
7. Prohibition of Sexual Harassment under Title IX Policy 3433
8. Nondiscrimination: Policy 3410
9. Fraud/Whistle Blower: Policy 6125
10. Grade Challenge: Procedure 3001.2

Board Policies and Administrative Procedures are available to Individuals online at: http://www.sdcdd.edu/public/district/policies/.

Most complaints, grievances or disciplinary matters should be resolved at the campus level. Individuals are strongly encouraged to make every attempt to resolve matters through the appropriate administrative processes.

More information on the complaint processes can be found online at: https://www.sdcdd.edu/students/complaint-process/index.aspx.

Academic Complaint
An academic complaint may be filed with the department chair or instructional dean when a student feels that a faculty member has violated state law, federal law, or College policies and procedures relative to grading or other academic matters*. Students may directly contact the department chair or instructional dean or submit their complaint online at: https://www.sdcdd.edu/students/complaint-process/index.aspx.

*Please note: All grades awarded by the instructor of record shall be final. The California Code of Regulations, Title 5 §55025, states "the determination of the student's grade by the instructor shall be final in the absence of mistake, fraud, bad faith, or incompetency."

Academic Accommodation Due to Disability Complaint (Section 504/ADA)
Students who have a complaint regarding access to, or quality of, their academic accommodations may contact the DSPS counselor.

Students may submit a complaint online at https://www.sdcdd.edu/students/complaint-process/index.aspx or contact the campus 504 Officer.

Students with disabilities who want to file a complaint regarding access to or quality of their academic accommodation under Section 504 and/or the American Disabilities Act (ADA) may go through the informal process with the DSPS counselor, if no agreement is reached with the informal process, students may submit a complaint online or contact the campus 504 Officer:

General Complaint

A general student complaint may be filed by a student who feels an action of a College staff member, office, or group violates existing College rules, policy, or procedures or other local, state, and federal laws. A complaint of gender discrimination or sexual assault or harassment is not included in this category; please see Title IX complaint below.

The complaint procedures are formalized procedures to ensure timely resolution at the lowest possible level. The first step is the informal resolution stage, which involves the student who has a complaint and the faculty/staff member or specific group with whom the student has a complaint. The student must notify the faculty/staff person or representative of a group that he or she wishes to make an appointment for an informal meeting to review an action. In the absence of the instructor or staff person and after a good faith effort to make contact, the student may directly contact the instructional dean or appropriate administrator or submit their complaint online at: https://www.sdccd.edu/students/complaint-process/index.aspx.

Unlawful Harassment or Discrimination Complaint not Based on Sex or Gender

San Diego City, Mesa and Miramar Colleges are committed to providing an academic environment free of unlawful harassment and unlawful discrimination. Board Policy 5500 defines verbal, physical, visual or written, environmental and harassment and other forms of harassment on campus, and sets forth a procedure for the investigation and resolution of complaints of harassment by or against any staff, or faculty member, or student within the District.

You may view a full copy of the policy by accessing the following website: http://www.sdccd.edu/public/district/policies/.

These procedures are used when a complaint concerns matters of discrimination or failure to comply with College policy or procedures or federal and/or state regulations including the Civil Rights Act; Executive Orders 11246 and 11375; the Vietnam Era Veterans Readjustment Act of 1974; the Age Discrimination and Employment Act of 1967; Section 504 of the 1973 Federal Rehabilitation Act and Americans with Disabilities Act (ADA); and the nondiscrimination laws of the State of California.

Students who wish to file a complaint may do so online at: https://www.sdccd.edu/students/complaint-process/index.aspx or contact your college Site Compliance Officer (SCO):

</tr>
</tbody>
</table>

Students wishing to pursue a civil rights complaint beyond the college/district level should direct their inquiries to the Office of Civil Rights, United States Department of Education, 50 Beale Street, Suite 7200, San Francisco, CA 94105-1813.

Other Complaint Process

If your complaint is associated with the institution's compliance with academic program quality and accrediting standards, you may contact the Accrediting Commission for Community and Junior Colleges (ACCJC) at http://www.accjc.org/complaint-process ACCJC is the agency that accredits the academic programs of the California Community Colleges.

If your complaint does not concern the California Community College’s compliance with academic program quality and
accrediting standards, you may contact the California Community College Chancellor’s Office by completing the web form found at: http://californiacommunitycolleges.cccco.edu/ComplaintsForm.aspx.
Academic Requirements
The Baccalaureate Degree

The Bachelor of Science degree in Health Information Management (HIM)

The Bachelor of Science degree in Health Information Management (HIM) program provides accessible, high-quality industry-approved instruction designed to prepare students to work at a management level in a variety of healthcare settings including acute and subacute hospitals, outpatient clinics, government health agencies, and electronic health records industry vendors.

The Health Information Management program is accredited through the Commission on Accreditation for Health Informatics and Information Management (CAHIIM). Graduates are eligible to sit for the national certification exam. The HIM program is one of the fifteen community college baccalaureate degree pilot programs offered in the state.

The HIM program has the following requirements:

• A combination of lower division and upper division courses totaling a minimum of 120 semester (180 quarter) units that are applicable to a baccalaureate degree as prescribed in The California Community College Chancellor’s Office Baccalaureate Degree Pilot Program Handbook.

• Completion of the CSU General Education Breadth listed on page 135 or Intersegmental General Education Transfer Curriculum pattern listed on page 133.

• Completion of a minimum of 54 semester units of upper division courses, including a minimum of 10 semester units of upper division general education.

• An identified major that includes a minimum of 30 semester units of lower division courses and 44 semester units of upper division courses.

• A minimum of 12 degree applicable units must be completed in residence at Mesa College.

Upper Division General Education*

ENGL 401 Advanced Writing for Healthcare Professionals

CISC 401 Database Management and Design for Healthcare Professionals

PSYC 401 Organizational Psychology for the Healthcare Professional

*Limitation on Enrollment: Must be admitted to the Health Information Management program.

The Associate Degree

On the recommendation of the faculty, the colleges of the San Diego Community College District award the Associate of Arts degree or the Associate of Science degree.

The Associate of Arts degree is awarded in the social sciences, humanities, the arts, and similar disciplines.

The Associate of Science degree is awarded in engineering, physical and biological sciences, and occupational curricula.

Proactive Award Degree

Students who have an official education plan on file and meet degree requirements may be awarded an associate degree.

All Degrees Have the Following Requirements in Common

Minimum Units in Residence

A minimum of 12 degree applicable units must be completed in residence at the college granting the degree.

The 12-unit in residence requirement is effective for all degrees awarded regardless of catalog year.

Courses completed via credit for prior learning, including credit by exam, do not qualify for the 12-unit in residence requirement.

Major/Area of Emphasis Requirements

• Eighteen semester units or more are required.

• Six semester units must be completed at City, Mesa, or Miramar College. Refer to the Degree
Curricula and Certificate Programs section of this catalog for specific requirements for each major.

**Recency of Coursework Limitation:**

Academic departments may require that courses for the major be completed within a specified period of time prior to the granting of the Associate Degree, Certificate of Achievement, or Certificate of Performance. Students with questions about the applicability of previous coursework are advised to consult the Department as early as possible.

**Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T) for California State University (CSU)**

The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Each AA-T or AS-T is accepted by some but not all CSU campuses. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree in that major. Please see a counselor and http://ICanGoToCollege.com for more information.

**Degree Requirements**

The following is required for all AA-T or AS-T degrees:

1. Maximum of 60 CSU-transferable semester units.

2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some CSU campuses and majors may require a higher GPA. Please see a counselor for more information.

3. Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major (see list above). All courses in the major must be completed with a grade of "C" or better. A "P" (pass) grade meets this requirement. Students should review the Pass/No-Pass acceptance policy of the transfer institution prior to requesting this grade option.

4. Certified completion of the California State University General Education-Breadth pattern (CSU GE; see page 142 for more information); OR the Intersegmental General Education Transfer Curriculum pattern (IGETC; see page 133 for more information).

**Note:**

**IGETC for STEM**

Students pursuing an Associate Degree for Transfer in Biology are eligible to take IGETC for STEM, deferring two lower-division GE courses until after transfer. IGETC for STEM is applicable only to Biology majors in which the Transfer Model Curriculum explicitly indicates the availability of the option. Students using IGETC for STEM may delay until after transfer:

a. One general education course in Area 3 (Arts and Humanities); and

b. One general education course in Area 4 (Social and Behavioral Sciences).

It is strongly recommended that students consult with a counselor to determine which general education pattern is most appropriate for their individual educational goals.

**CSUGE for STEM**

Students pursuing an Associate Degree for Transfer in Biology are eligible to take CSUGE-Breadth for STEM, deferring two lower-division GE courses until after transfer. CSUGE-Breadth for STEM is applicable only to Biology majors in which the Transfer Model Curriculum explicitly indicates the availability of the option. Students using CSUGE-Breadth for STEM must complete:

a. All courses in Areas A, B, E, and F of the traditional CSU GE Breadth Curriculum; and

b. One course in Area C1 Arts and one course in Area C2 Humanities; and

c. One course in Area D.

It is strongly recommended that students consult with a counselor to determine which general education pattern is most appropriate for their individual educational goals.
Associate of Arts and Associate of Science Degree Requirements

Minimum 60 Units Required
All degrees require a minimum of 60 degree applicable semester units. See course descriptions.

Grade Point Average (GPA) and Minimum Grade Requirements
- Effective 2009-2010 catalog year (and each year thereafter), students must earn a grade of “C” or better in courses required for the major. A “P” (pass) grade meets this requirement.
- A grade point average of at least 2.0 (a “C” average) is required in the curriculum upon which the degree is based.

District Competencies
District competencies in reading, written expression, and mathematics (See Mesa College catalog page 110).

Select One of the Following Four General Education Options:
- **Option 1**—San Diego Community College District General Education AND District Requirements. (See Mesa College Catalog page 110)
- **Option 2**—CSU General Education Breadth (CSU GE Pattern). (See Mesa College Catalog page 142)
- **Option 3**—Intersegmental General Education Transfer Curriculum (IGETC) pattern. (See Mesa College Catalog page 133)
- **Option 4**—San Diego Community College District General Education Requirements. (See Mesa College Catalog page 113). Students selecting this option should meet with a counselor to determine the appropriate General Education courses for their individual transfer goals.

**NOTE:** Option 4 is only available for the following Mesa Liberal Arts and Sciences degrees designed for transfer students. Available emphases include:
- Mathematics and Pre-Engineering Studies
- Science Studies
- Social and Behavioral Science Studies

**Option 5**—Students who submit an official transcript showing they have earned a baccalaureate degree from a regionally accredited institution will have satisfied the SDCCD associate degree general education and District requirements by having previously completed the baccalaureate degree. Students seeking the Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T) degree must complete either the California State University General Education Breadth (CSU-GE) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

Students who plan to transfer to a four-year institution should review the Transfer Requirements section of this catalog.

District Requirements (Option 1)

<table>
<thead>
<tr>
<th>Colleges in parenthesis indicate where the course is approved for District Requirements.</th>
<th>C—City College</th>
<th>M—Mesa College</th>
<th>MMR—Miramar College</th>
</tr>
</thead>
</table>

The following information is effective for students graduating under the 2009-2010 catalog year or each term thereafter and is subject to change. Please contact the Counseling Department for updates.

1. **Competence in Reading and Written Expression**
   Complete one course with a grade of “C” or better from General Education Requirements Area A.1 Language and Rationality, English Composition.

   **Note:** The course selected to meet this requirement may also be used to meet the general education requirement for English Composition.

2. **Competence in Mathematics**
   “Competency in mathematics” means the ability to analyze and reason quantitatively and solve problems using concepts at the level of intermediate algebra or higher. Courses that meet the math competency requirement have a substantial component involving mathematical reasoning. Students must complete one course
with a grade of “C” or better from the following list:

Courses that meet the math competency requirement may also be used to fulfill District General Education Area A2. Communication and Analytical Thinking.

### 3. American Institutions/California Government

Students are required to complete the United States History, Constitution and American Ideals
before being awarded an associate degree. This requirement may be fulfilled by completing any combination of two classes that, when combined, fulfill areas: US-1, US-2, and US-3. A course may be used to fulfill more than one area.

### NOTEs:

- Courses designated with a caret (^) may also be used to fulfill the District Multicultural studies requirement.
- Completion of the Advanced Placement examination in U.S. History with a score of 3 or higher will satisfy the requirement for the CSU American Institutions Area US-1 only.
- Completion of the Advanced Placement examination in U.S. Government & Politics with a score of 3 or higher will satisfy the requirement for Area US-2.
- Students who have completed the American Institutions requirement except for the California government portion must complete one course approved in Area US-3.
4. Health Education
This requirement is met by completing Health Education 101: Health and Lifestyle, three units.

Note: This requirement is waived for students who earn degrees in Nursing Education, Physical Therapist Assistant, or are graduates of a certified paramedic training program. U.S. Veterans and active duty U.S. military personnel may be granted two units of college credit to fulfill the Health Education Requirement if service has been continuous for at least six months. Copies of form DD-214 or DD-295 or Joint Services Transcript (JST) or CCAF Transcript covering all periods of military service must be on file in the Records Office.

5. Exercise Science Activity
Students must complete two activity courses. Exercise Science courses numbered below PHYE 240 or below EXSC 229 are acceptable. Dance courses are also acceptable, except for DANC 127A, 127B, 127C, 127D, 128A, 128B, 128C, 128D, 323, 381 and 382 are also acceptable. Fire Protection Technology 100D, 150A, 150B, 160, 360A, 380W, 381F are also acceptable.

Students with physical conditions which prevent participation in regular exercise science activity classes must file a physician's statement with the College Evaluations Office. Adapted Exercise Science classes are available. A Physician's medical release form is required.

Note: This requirement is waived for students who possess an accredited Fire Fighter I certification or are graduates of a POST Commission certified regional law enforcement academy. U.S. Veterans and active duty U.S. military personnel may be granted two units of college credit to fulfill the Exercise Science Activity requirement if service has been continuous for at least six months. Copies of form DD-214 or DD-295 or Joint Services Transcript (JST) or CCAF Transcript covering all periods of military service must be on file in the Records Office.

6. Multicultural Studies
Students may satisfy the District multicultural studies graduation requirement by satisfactorily completing a course related to the culture of one or more of the ethnic groups which are represented in American society. The course shall include a focus on the role of men and women in the origin, development, and current status of these cultures.

Note: Each student seeking the Associate Degree must complete a three-unit multicultural studies course selected from the general education courses marked with a ^ indicating that it meets the Multicultural Requirement. The three units may be applied to the 18 units required in general education.

This requirement is met by completing one of the following courses (these courses are also on the District General Education list).

- ^ ADJU 106 Diversity and Community Relations (MMR)
- ^ AMSL 150 Introduction to Deaf Culture (M)
- ^ ANTH 103 Introduction to Cultural Anthropology (C,M,MMR)
- ^ ANTH 200 Introduction to North American Indians (M)
- ^ ANTH 210 Introduction to California Indians (C,M)
- ^ ARTF 113 Arts of Africa, Oceania, and the Americas (M,MMR)
- ^ ARTF 115 African Art (C,M)
- ^ ARTF 120 Native American Art (M)
- ^ BLAS 104 Black Psychology (C,M)
- ^ BLAS 110 African American Art (C,M)
- ^ BLAS 111 Cultural Influences on African Art (M)
- ^ BLAS 115 Sociology from a Black Perspective (C)
- ^ BLAS 116 Contemporary Social Problems from a Black Perspective (C,M)
- ^ BLAS 120 Black Music (C,M)
- ^ BLAS 125 Dynamics of the Black Community (M)
- ^ BLAS 130 The Black Family (C,M)
- ^ BLAS 135 Introduction to Black Politics (C)
- ^ BLAS 140A History of the U.S., Black Perspectives (C,M,MMR)

**General Education Defined**

General Education courses should contribute to the broad education of career technical and transfer students in the areas of critical thinking, writing, and oral communication skills, understanding of and the ability to use quantitative analysis, and awareness of the arts and humanities; and of the physical, social and behavioral sciences as they affect one's interaction with the diverse local and global communities. General Education Requirements

Title 5: Section 55063:

a. **Language and Rationality.** Courses in language and rationality are those which develop for the student the principles and applications of language toward logical thought, clear and precise expression and critical evaluation of communication in whatever symbol system the student uses.

1. **English Composition.** Courses fulfilling the written composition requirement shall be designed to include both expository and argumentative writing.

2. **Communication and Analytical Thinking.** Courses fulfilling the communication and analytical thinking requirement include oral communication, mathematics, logic, statistics, computer languages and programming, and related disciplines.

Students who complete language and rationality general education courses will be able to:

- demonstrate an understanding of the principles of clear and coherent communication
- use verbal and non-verbal languages in a clear and precise manner
- develop logical and rational thinking skills while analyzing and communicating processes
- evaluate different quantitative and qualitative symbol expressions and systems

b. **Natural Sciences.** Courses in the natural sciences are those that examine the physical universe, its life forms, and its natural phenomena. To satisfy the General Education Requirement in natural sciences,
a course shall be designed to help the student develop an appreciation and understanding of the scientific method, and encourage an understanding of the relationships between science and other human activities. This category would include introductory or integrative courses in astronomy, biology, chemistry, general physical science, geology, meteorology, oceanography, physical geography, physical anthropology, physics and other scientific disciplines.

Students who complete natural sciences general education courses will be able to:

• demonstrate an understanding and appreciation of the scientific method
• express an understanding of the relationships between science and other human activities
• examine the natural physical world and its life forms in a variety of courses
• utilize critical thinking skills in a variety of scientific applications

c. Social and Behavioral Sciences. Courses in the social and behavioral sciences are those which focus on people as members of society. To satisfy the general education requirement in social and behavioral sciences, a course shall be designed to develop an awareness of the method of inquiry used by the social and behavioral sciences. It shall be designed to stimulate critical thinking about the ways people act and have acted in response to their societies and should promote appreciation of how societies and social subgroups operate. This category would include introductory or integrative survey courses in cultural anthropology, cultural geography, economics, history, political science, psychology, sociology and related disciplines.

Students who complete social and behavioral sciences general education courses will be able to:

• express understanding of how people act and have acted in response to their societies and the natural environment
• articulate how societies and social subgroups operate in specific historical and contemporary contexts
• use methods of inquiry and measurement appropriate to the particular discipline being studied

d. Humanities. Courses in the humanities are those which study the cultural activities and artistic expressions of human beings. To satisfy the general education requirement in the humanities, a course shall be designed to help the student develop an awareness of the ways in which people throughout the ages and in different cultures have responded to themselves, help the student develop aesthetic understanding and an ability to make value judgments. Such courses could include introductory or integrative courses in the arts, foreign languages, literature, philosophy, and religion.

Students who complete humanities general education courses will be able to:

• express understanding and appreciation of varieties of cultural and artistic expression
• articulate an understanding of the complex relationships between the arts and their cultural, historical, and economic contexts
• evaluate the various elements of artistic works

Ethnic Studies will be offered in at least one of the required areas.
General Education Requirements (Option 4)

Colleges in parenthesis indicate where the course is approved for General Education Requirements.
- C—City College
- M—Mesa College
- MMR—Miramar College

^ Courses with a caret fulfill District multicultural studies graduation requirement.
* Courses with an asterisk may satisfy more than one area and/or general education requirement but may not be counted more than once for this.

The following information is based on 2022–2023 course offerings and is subject to change. Please contact the Counseling Department for updates.

The State of California requires the completion of a minimum of 18 units of general education with at least a 2.0 grade point average. One course must be selected from each of the following areas: English Composition; Communication/Analytical Thinking; the Sciences (Life or Physical, not both); Humanities; Social Sciences; and a sixth course chosen from any area.

A. Language and Rationality

A minimum of three semester units, or four quarter units, must be completed. Choose one course from the following:

1. English Composition

Certificate of Achievement

On the recommendation of the faculty, the colleges of the San Diego Community College District award the Certificate of Achievement to students who complete the specified requirements. Programs in which a Certificate of Achievement may be awarded are described in the Degree Curricula and Certificate Programs section of this catalog. Certificate programs are designed for students with specific personal or occupational goals. To qualify for the Certificate of Achievement, students must satisfy the following requirements:

1. meet all standards for admission to the desired certificate program;
2. earn a grade of “C” or higher in each course. A “P” (pass) grade meets this requirement; and
3. a minimum of six semester units of the required courses for the major must be completed at City, Mesa or Miramar College.

Certificate of Performance

Programs in which a Certificate of Performance may be awarded are described in the Degree Curricula and Certificate Programs section of this catalog. A Certificate of Performance recognizes the attainment of knowledge and/or skill through the successful completion of two or more courses as specified by a department. Certificates of Performance are designed to prepare students for employment, job enhancement and/or job advancement. To qualify for the Certificate of Performance, students must satisfy the following requirements:

1. Achieve a grade of “C” or better in each of the required courses. A “P” (pass) grade meets this requirement.
2. Complete all required course work in the San Diego Community College District.
3. Course substitutions or course equivalencies from other colleges may not be used to satisfy Certificate of Performance requirements.

For additional information, contact the campus Evaluations Office (I4-306) or subject-area department.

Graduation

Apply for Graduation

Graduation from Mesa is not automatic. Students who expect to receive an Associate Degree or Certificate of Achievement must Apply for Graduation online at: https://myportal.sdccd.edu/

Official college transcripts from all colleges attended must be on file before submitting the application for Associate Degree or Certificate of Achievement.

An evaluation is a summary of college work completed and of requirements to be completed for the associate degree or the certificate of achievement. Only evaluations completed by one of the Evaluators are official.

A petition for an associate degree evaluation should be submitted one year before the student plans to graduate.

Students who are working toward a certificate of achievement should file the Application for Graduation prior to the beginning of the semester in which they plan to complete the requirements of their certificate program.

www.sdmesa.edu/evaluations

Petition for Exceptions

Petitions for exceptions to graduation requirements, substitutions, or waiver of requirements are filed with the Evaluations Office (I4-306). All petitions are acted upon by the appropriate college committees/offices. Visit www.sdmesa.edu/evaluations/ for information.

Catalog Rights

Students who maintain continuous enrollment may choose to graduate under the (City College, Mesa College, and Miramar College) catalog in effect at the time they began their studies in a California Community College, California State University, or University of California campus, or under the catalog in effect at the time of graduation.

Certification of a student’s completion of CSU general education requirements or the Intersegmental General Education Transfer Curriculum (IGETC) is not a graduation requirement. Therefore, students do not have catalog rights to a certification pattern used by a certifying institution or a CSU or UC campus.

Continuous Enrollment

Continuous enrollment is defined as attendance in one semester or two quarters within a calendar year in either the CSU, UC, or California Community College System.

Awarding of Degrees or Certificates

Associate Degrees/Certificates of Achievement will be awarded at the end of the semester in which the requirements are completed.

The graduation ceremony is held once a year. Candidates for Fall, Spring and Summer graduation may participate in the ceremony which is held at the end of the Spring semester.

Associate Degree Initiative

The San Diego Community College district proactively reviews student academic records to determine if program requirements for an associate degree have been met.

Student academic records will be reviewed if the student:

- completed at least 70 degree applicable units,
- submitted all transcripts from other institutions attended, and
- has an education plan on file.

If the degree requirements are met, students will be notified via email and awarded a diploma. Students have until the end of the semester to decline the degree.

All students may participate in the commencement ceremony which occurs annually at the end of the spring semester. Note that students who plan to transfer to a California State University (CSU), may want to consider an Associate Degree for Transfer and should consult a counselor or the Transfer Center for options.
Diplomas

Diplomas are issued only after completion of all graduation requirements has been verified. Diplomas will be issued in the name and to the address of record at the time the diploma is awarded. For information on obtaining your diploma or certificate of achievement, or a duplicate copy, please contact the College Evaluations Office (I4-306) on campus.

Graduation with Distinction

Graduation with honors distinction will be based upon all coursework that is associate degree and lower division baccalaureate degree applicable.

Graduation with Honors is granted to students who achieve an overall 3.5 GPA, High Honors is granted to students who achieve an overall 3.75 GPA, and Highest Honors is granted to students who achieve an overall 4.0 GPA for coursework for the degree or certificate.

Students will be notified that this distinction is pending at the time of the graduation ceremony, when the GPA will be calculated based upon degree or certificate applicable coursework completed through the Fall semester of the year of the ceremony. The final distinction will be determined for the degree or certificate upon completion of all coursework completed through the Fall semester for fall graduates, or the Spring semester for spring graduates or the summer term for summer graduates.

Graduation with Latin Honors (Baccalaureate Degrees Only)

Candidates for the Health Information Management Bachelor’s of Science Degree may be eligible for Latin Honors at the time of graduation if they have fulfilled the following cumulative GPA requirements:

- Summa Cum Laude Honors: GPA equal to 4.0
- Magna Cum Laude: GPA equal to or greater than 3.75 but less than 4.0
- Cum Laude: GPA equal to or greater than 3.5, but less than 3.75

Students will be notified that this distinction is pending at the time of the graduation ceremony, when the GPA will be calculated based upon degree applicable coursework for the degree through the fall semester of the year of the ceremony. The final distinction will be determined upon the completion of all coursework completed through the fall semester for fall graduates the spring semester for spring graduates, or the summer semester for summer graduates.

Additional College Degree

A student having received an associate or baccalaureate degree may qualify for an additional Associate of Arts or Associate of Science degree in a new major or concentration.

An additional degree:

1. Permits upgrading or preparation for upgrading current employment.
2. Prepares for employment in an area different from that provided by previous training.
3. Provides general knowledge leading to fulfillment of personal goals.
4. Allows the student to improve priority of transfer applications by earning an Associate Degree for Transfer (ADT).

The following requirements are applicable:

1. A student must earn a minimum of 6 mutually exclusive required semester units in the new major or emphasis. A minimum of twelve (12) semester degree-applicable units must be completed in residence at the college granting the degree.
2. A student must fulfill current catalog associate degree requirements.
3. Counselors will review all previous college work to determine the student’s eligibility for a second degree. The student must Apply for Graduation online at: https://myportal.sdccd.edu/

ADT Exemption: Students who have previously been awarded an Associate Degree, and wish to receive one ADT in the same or similar major, will be exempt from the additional unit requirement of 6 new units.

Transfer Guide
Transfer Programs

Many of the courses completed at San Diego City College, San Diego Mesa College, and San Diego Miramar College may be applied for transfer credit baccalaureate-degree granting universities. The Transfer Center serves as a resource center for students interested in transfer and provides the following: university catalogs, student computer work stations, university brochures and handouts, assistance with transfer information such as articulation agreements for lower division general education, major preparation, transferable electives, workshops on transferring to colleges and universities, access to university advisors, guaranteed university admission programs, assistance completing college applications, and campus visits.

Students are advised to plan transfer programs as early as possible and enroll in transferable courses in both general education and in courses that prepare for the specific university major. Questions related to transfer programs should be discussed with counselors or the Transfer Center staff. Students interested in transfer should meet with a counselor in the Counseling Department room I4-303 or Transfer Center, to develop a Transfer Educational Plan which will identify the courses needed to transfer. The Transfer Center is located in I4-306. For information, call 619-388-2473.

Components of Transfer

“Transfer” is continuing your education at a baccalaureate-degree granting college or university, usually after completing your major preparation and general education at a community college. Websites www.californiacolleges.edu and www2.calstate.edu/apply and www.universityofcalifornia.edu provide Transfer Planners and additional resources to provide you with pertinent information.

1. Making your decisions

Career Exploration
Your career objective will determine the type of degree you need and your choices for selecting a major.

Major Selection
Many of the classes you take in college will be determined by your major, which is the field of study you will emphasize. You are required to major in a specific academic subject to demonstrate sustained, high level work in one field.

University Selection
Selecting a university takes time and planning. It is strongly recommended that you enroll in Personal Growth 120, College Success. Work closely with your counselor to ensure that you are making the choice that is right for you.

2. Educational Plan

Major Preparation
Some majors require specific lower-division courses to be admitted to a major upon transfer. For public universities in California, visit www.assist.org for this articulation information. Articulation is the process whereby a course (or set of courses) offered at one institution is accepted as equivalent to or in lieu of a comparable course (or set of courses) at another institution. For current Mesa College articulation agreements with private/independent universities, visit the Transfer Center website at: www.sdmesa.edu/transfer-center/.

General Education Requirements
General Education requirements are courses required of everyone regardless of major. Each university has different general education patterns. Mesa students can choose from the following:

a. Complete specific requirements for an individual university;

b. Complete the approved Intersegmental General Education Transfer Curriculum (IGETC) pattern of courses acceptable at all campuses of the CSU, most campuses of the UC, and some private institutions; or

c. Complete the approved CSUGE-B pattern of lower-division courses acceptable at all campuses of the CSU system.

It is strongly advised that you work closely with a counselor before making a decision. For a list of transfer GE options for the IGETC coursework patterns see page 133. The CSUGE-B coursework patterns may be found on page 142.

Electives
Electives are additional courses taken to meet the number of required units or to meet additional lower-division graduation requirements. Make sure the courses you select...
are transferable courses by referring to the course descriptions in this catalog.

3. Application

Most universities require you to apply for admission about one year prior to your expected transfer date. Visit the Transfer Center in 14-306 for more information.

Transfer to California State University (CSU)

The California State University (CSU) system is made up of 23 universities throughout the state. These include:

- California Maritime Academy
- California Polytechnic State University, San Luis Obispo
- California State Polytechnic University, Pomona
- California State University, Bakersfield
- California State University, Channel Islands
- California State University, Chico
- California State University, Dominguez Hills
- California State University, East Bay
- California State University, Fresno
- California State University, Fullerton
- California State University, Long Beach
- California State University, Los Angeles
- California State University, Monterey Bay
- California State University, Northridge
- California State University, Sacramento
- California State University, San Bernardino
- California State University, San Marcos
- California State University, Stanislaus
- Cal Poly Humboldt State University
- San Diego State University
- San Francisco State University
- San Jose State University
- Sonoma State University

Students who plan to earn a university degree may find it advantageous to complete freshman and sophomore work at a California community college. A student may apply 70 transferable semester units from the community colleges toward a university degree. Courses completed at a community college after the 70-unit maximum course units has been reached will count toward university requirements, but these course units will not count toward the total number of units required to earn a university degree.

California State University Minimum Admission Requirements

Transfer students will be eligible for admission by meeting the following requirements:

1. Complete 60 semester units or 90 quarter units of transferable units. These 60 units consist of:
   - General Education pattern (for details see page 142),
   - Preparation for Major (details on page 132), and
   - any electives needed to reach the 60 unit minimum.

2. Within the General Education, the completion of the Golden 4 (Critical Thinking, Writing, Speech, Math) with a grade of "C" or better. Pass/No-Pass grades are not recommended in these areas.

3. GPA: Your overall grade point average must be at least 2.0 (2.40 for California nonresidents). Impacted majors may have higher GPA requirements.

4. The CSU designates major programs as impacted when more applications are received in the initial filing period from CSU-eligible applicants than can be accommodated by the campus. The initial filing period is defined as the first month of the filing period (October and November for fall terms). If you are interested in an impacted major, you must apply during the initial filing period. You will be subject to supplementary admission criteria.

CSU U.S. History, Constitution, and American Ideals Certification

The California State University, before awarding a degree, requires students to complete courses or examinations that address:

1. The historical development of American institutions and ideals (Area US-1), and

2. The Constitution of the United States and the operation of representative democratic government under that Constitution (Area US-2), and

3. The process of California state and local government (Area US-3).
This requirement may be fulfilled at a California Community College prior to transfer by completing a combination of courses that satisfies all three areas of the requirement. The requirement may also be completed at a CSU campus after transfer. Courses approved in two US areas may be used to satisfy both areas.

Although this requirement is not part of the General Education requirements for CSU, all students must complete course work in U.S. History, Constitution and Government before graduation from a CSU campus. The courses may also be used to partially fulfill Area D of the CSU General Education Breadth Requirements.

A check mark [✓] indicates course has been approved to meet the area

**Note:** Not required for Certification.

NOTES:

- Completion of the Advanced Placement examination in U.S. History with a score of 3 or higher will satisfy the requirement for the CSU American Institutions Area US-1 only.
- Completion of the Advanced Placement examination in U.S. Government & Politics with a score of 3 or higher will satisfy the requirement for Area US-2.
- Students who have completed the American Institutions requirement except for the California government portion must complete one course approved in Area US-3.
Transfer to University of California

The University of California system includes nine campuses and a Health Sciences Center in San Francisco.

University of California Campuses
University of California, Berkeley
University of California, Davis
University of California, Irvine
University of California, Los Angeles
University of California, Merced
University of California, Riverside
University of California, San Diego
University of California, San Francisco
University of California, Santa Barbara
University of California, Santa Cruz

Students who plan to earn a university degree may find it advantageous to complete freshman and sophomore work at a California community college. A student may apply 70 transferable semester units (or 105 quarter units) from the community colleges toward a university degree. Courses completed at a community college after the 70-unit maximum course units has been reached will count toward university requirements, but these course units will not count toward the total number of units required to earn a university degree.

The University of California minimum requirements

Transfer students will be eligible for admission if they meet the following requirements:

1. Complete 60 semester units or 90 quarter units of transferable units;
2. A grade point average of at least 2.4, with no more than 14 semester or 21 quarter units taken as Pass/No Pass; and
3. Complete the following course pattern, with a grade of “C” or better in each course:
   - two transferable college courses (3 semester or 4–5 quarter units each) in English composition; and
   - one transferable college course (3 semester or 4–5 quarter units) in mathematical concepts and quantitative reasoning; and
   - four transferable college courses (3 semester or 4–5 quarter units each) selected from at least two of the following subject areas: arts and humanities; social and behavioral sciences; and physical and biological sciences.

Students who complete the Intersegmental General Education Transfer Curriculum (IGETC) pattern prior to transferring to the University of California system will meet the transfer eligibility coursework requirement listed above (see page 133 for details). Students who did not qualify for admissions to a university when graduating from high school because subjects A-F were not satisfied, must complete the requirements listed above.

Note: Specific admission criteria vary among University of California campuses. The UC system limits credit for transfer of courses in fine arts, music, theater arts, computer science, engineering and independent study.

UC Transfer and Exercise Science Activity Courses

UC grants a maximum of four semester units of credit for appropriate Exercise Science Activity courses. Courses that are subject to this limit are listed as such on the college’s UC Transfer Course Agreement, available on web ASSIST at www.assist.org under the UC Transferable Courses link. Exercise Science Theory courses or courses that do not fit either the Theory or Activity category are not included in the four semester credit limit.

UC Transfer and Variable Topics Courses

These courses are also called “Independent Studies”, “Special Studies”, “Special Topics”, “Internships”, “Field Work”, etc. Credit for variable topics courses is given only after a review of the scope and content of the course by the enrolling UC campus. This usually occurs after transfer and may require recommendations from faculty. UC does not grant credit for variable topics courses in Journalism, Photography, Health, Business Administration, Architecture, Administration of Justice (Criminology) or Library Departments because of credit restrictions in these areas.
Transfer to Private and Independent Colleges and Universities

Transfer options are available to hundreds of Private and Independent Colleges and Universities throughout the world. Admission requirements are different at each private and independent university. To establish a transfer plan, come to the Transfer Center to research and obtain transfer admissions requirements, then work with a counselor to establish a plan.

Historically Black Colleges and Universities (HBCU)

Any historically black college or university that was established prior to 1964, whose principal mission was, and is, the education of black Americans, and that is accredited by a nationally recognized accrediting agency or association determined by the Secretary [of Education] to be a reliable authority as to the quality of training offered or is, according to such an agency or association, making reasonable progress toward accreditation. There are over 125 HBCU's in the United States.

Hispanic-Serving Institutions

The Hispanic Association of Colleges and Universities (HACU) is a national educational association that represents colleges and universities committed to Hispanic higher education success in the United States (including Puerto Rico), Latin America, and Spain. HACU has 193 member Hispanic-Serving Institutions (HSIs) located in 11 U.S. states and Puerto Rico. To be considered a Hispanic-Serving Institution, the Hispanic enrollment at a college or university must be at least 25 percent of the total student enrollment. California is home to 54 Hispanic-Serving Institutions.

Tribal Colleges and Universities

There are 35 federally recognized Tribal Colleges and Universities in the United States. Located mainly in the Midwest and Southwest, Tribal Colleges and Universities service approximately 30,000 full- and part-time students. They offer two-year associate degrees in over 200 disciplines with some providing a bachelor's and master's degree. They also offer 200 vocational certificate programs.

Preparation for the Major

Many majors require or recommend introductory or prerequisite courses, most of which are offered in California Community Colleges. For public universities in California, visit www.assist.org for the articulation information for your major. For private/independent universities, visit the Transfer Center website at www.sdmesa.edu/transfer-center/ under Student Services. ASSIST and HBCU Mentor are tools you can utilize to obtain information for preparation for majors.

ASSIST: ASSIST is a computerized student-transfer information system that can be accessed online. It displays reports of how course credits earned at one California college transfers to a California public university. ASSIST is the official repository of articulation for California's colleges and universities and therefore provides the most accurate and up-to-date information available about student transfer in California. Visit ASSIST at: www.assist.org.
Transfer General Education Options

University of California and California State University

Intersegmental General Education Transfer Curriculum (IGETC) (Option 3)

About The IGETC Pattern
The Intersegmental General Education Transfer Curriculum (IGETC) is a general education pattern that will fulfill all lower-division general education requirements at all California State University (CSU) campuses and most University of California (UC) campuses/majors. It is also accepted by some private/independent or out of state universities. IGETC is usually recommended for students who intend to transfer to a UC campus, or who are not yet sure of their intended transfer university. Completion of the IGETC pattern is not an admission requirement for transfer to most UC or CSU campuses, nor is it the only way to fulfill the lower division GE requirements of a UC or CSU campus prior to transfer.

IGETC for STEM
Students pursuing an Associate Degree for Transfer in Biology are eligible to take IGETC for STEM, deferring two lower-division GE courses until after transfer. IGETC for STEM is applicable only to Biology majors in which the Transfer Model Curriculum explicitly indicates the availability of the option.

Students using IGETC for STEM may delay until after transfer:

a. One general education course in Area 3 (Arts and Humanities); and

b. One general education course in Area 4 (Social and Behavioral Sciences).

It is strongly recommended that students consult with a counselor to determine which general education pattern is most appropriate for their individual educational goals.

Additional IGETC Information and Restrictions:

• Courses may be approved for more than one IGETC area. However, each course may be used to certify only one of the areas it is approved for.

• Students should apply for IGETC certification at the last community college attended prior to transfer. IGETC certification requests will be processed for students who have completed at least one course at a SDCCD college. Certification forms are available at the Counseling or Evaluations Office.

• AP credit and coursework completed at accredited U.S. colleges and universities may be used to fulfill some IGETC requirements. All such credit must be evaluated through the Evaluations office. Courses completed at a foreign college or university cannot be used to satisfy IGETC general education requirements.

• All courses must be passed with a “C” or higher. Pass (P) grades are also acceptable. “C-” is not acceptable.

• Students transferring to UC need not complete the Oral Communication requirement (Area 1C).

• Students transferring to CSU need not complete the Languages Other than English requirement.

• Some UC campuses do not allow use of IGETC for students who were previously enrolled at a UC campus.

• Some community college courses have limitations on the amount of credit awarded by the receiving university. See a counselor, the course description in the college catalog, or www.assist.org for more information.

IGETC is not recommended for the following transfer destinations:

• UC San Diego Eleanor Roosevelt and Revelle Colleges
• UC Berkeley Colleges of Business, Chemistry, Environmental Design (Architecture), Engineering, Natural Resources, Optometry
• UC Davis College of Engineering
• UC Irvine Schools of Engineering, Biological Sciences, Physical Sciences
• UC Riverside Colleges of Engineering, Natural and Agricultural Sciences
• UC Santa Barbara Colleges of Engineering, Creative Studies
## The IGETC Pattern

() Colleges in parenthesis indicate where the course is approved for IGETC Requirements.
- C—City College
- M—Mesa College
- MMR—Miramar College

* Courses with asterisks are listed in more than one area but shall not be certified in more than one area.

+ Courses with pluses indicate transfer credit may be limited by either UC or CSU, or both. Please consult a counselor for additional information.

@ Courses with @ symbols indicate CSU-only requirements.

### Area 1—English Communication

2–3 courses, 6–9 semester/8–12 quarter units

#### Group A: English Composition

1 course, 3 semester/4–5 quarter units

- ENGL 101 Reading and Composition (C,M,MMR)
- OR
- ENGL 105 Composition and Literature (C,M,MMR)

#### Group B: Critical Thinking - English Composition

1 course, 3 semester/4–5 quarter units

Courses must have English Composition as a prerequisite

- ENGL 205 Critical Thinking and Intermediate Composition (C,M,MMR)
- HIST 205 Methodology and Practice in History (M)
- PHIL 205 Critical Thinking and Writing in Philosophy (C,M,MMR)

### Group C: Oral Communication

1 course, 3 semester/4–5 quarter units

- @ COMS 103 Oral Communication (C,M,MMR)
- @* COMS 135 Interpersonal Communication (C,M,MMR)
- @ COMS 160 Argumentation (C,M,MMR)

### Area 2A—Mathematical Concepts and Quantitative Reasoning

1 course, 3 semester/4–5 quarter units

Courses must have Intermediate Algebra as a prerequisite.

+ BIOL 200 Biological Statistics (M)
+ BUSE 115 Statistics for Business (C,M,MMR)
+ CISC 246 Discrete Mathematics for Computer Science (M,MMR)
+ MATH 115 Gateway to Experimental Statistics (C)
+ MATH 116 College and Matrix Algebra (C,M,MMR)
+ MATH 119 Elementary Statistics (C,M,MMR)
+ MATH 121 Basic Techniques of Applied Calculus I (C,M,MMR)
+ MATH 122 Basic Techniques of Calculus II (C,M,MMR)
+ MATH 141 Precalculus (C,M,MMR)
+ MATH 150 Calculus with Analytic Geometry I (C,M,MMR)
+ MATH 151 Calculus with Analytic Geometry II (C,M,MMR)
+ MATH 245 Discrete Mathematics (C,M,MMR)
+ MATH 252 Calculus with Analytic Geometry III (C,M,MMR)
+ MATH 254 Introduction to Linear Algebra (C,M,MMR)
+ MATH 255 Differential Equations (C,M,MMR)
+ POLI 201 Elementary Statistics for Political Science (C,M)
+ PSYC 258 Behavioral Science Statistics (C,M,MMR)

### Area 3—Arts and Humanities

3 courses, 9 semester/12–15 quarter units

At least one course from the Arts and one from the Humanities.

#### 3A: Arts Courses

- ARTF 100 Art Orientation (C,M,MMR)
- ARTF 106 Art of the United States: Colonial to Modern Period (M)
- ARTF 107 Contemporary Art (C,M,MMR)
- ARTF 108 Women in Art (M)
- ARTF 109 Modern Art (C,M,MMR)

Area 5—Physical and Biological Sciences

At least 2 courses required, 7–9 semester/9–12 quarter units.

One Physical Science course and one Biological Science course; at least one must include a laboratory.

- One course in 5A (underlined courses include a lab component)
- One course in 5B (underlined courses include a lab component)
- One of the courses selected to fulfill the requirement for 5A or 5B must include a laboratory component or a separate course must be taken from 5C. If a separate laboratory course is taken from 5C, it must match one of the two lecture courses taken from 5A or 5B.

Area 6—Languages other than English
UC Requirement Only. In order to complete IGETC for the University of California system, students are required to demonstrate competence/proficiency in a language other than English equal to two years of high school study. Competence may be demonstrated through the following mechanisms:

1. In a high school where the language of instruction is English, completion of the second level of high school coursework in a language other than English with a letter grade of “C-” or better in the second semester of the second year.
2. Completion of a course or courses at a college or university, with a grade of “C” or better in each course. Usually, one semester of college work in a language other than English is equivalent to two years of high school work.

Any one of the following course or courses completed with a grade of “C” or better, will fulfill the requirement.

3. Achieve a satisfactory score on the SAT Subject Test in languages other than English, as listed below. If the test was taken before May 1995, the first score is the minimum; if the test was taken after May 1995, the second score is the minimum:

- Chinese with listening: 500/520
- French/French With Listening: 500/540
- German/German With Listening: 500/510
- Hebrew (Modern): 500/470
- Italian: 500/520
- Japanese With Listening: 500/510
- Korean/Korean With Listening: not offered before 1995/500
- Latin: 500/530
- Spanish/Spanish With Listening: 500/520

4. Achieve a score of 3, 4 or 5 on a College Board Advanced Placement (AP) Examination in a language other than English.

5. Achieve a score of 5 or higher on an International Baccalaureate (IB) Higher Level Examination in a language other than English.

6. Satisfactory completion of an achievement test administered by a community college, university, or other college in a language other than English. The test will have to assess the student’s proficiency at the level equivalent to two years of high school language. This conclusion must be posted on a transcript indicating units, course title and grade or on official college letterhead of the institution granting proficiency stating that the student has mastered proficiency in the language equivalent to two years of high school language. The San Diego Community College District does not administer this test.
7. In an institution where the language of instruction is not English, formal schooling through the sixth grade level or higher. Appropriate documentation must be presented to substantiate the language of instruction. If an official sealed transcript cannot be obtained from an international institution, an unofficial or opened transcript may be used, as appropriate.

8. Earn a passing grade on the international A level or O level exam in a language other than English.

9. If an appropriate achievement test is not available to assert proficiency, have competency verified by a faculty member associated with a California community college. Such verification requires that the college provide a document on letterhead asserting that the student’s proficiency in the language is equivalent to two years of high school study. See a counselor for more information. Only students who have no other means to verify foreign language proficiency may pursue this option. Students must petition for faculty member verification through the College Evaluations Office.

Completion of courses above proficiency level, with grades of “C” or better, may also be used to meet the requirement. Special Topics and Civilization courses DO NOT meet this requirement. See a Counselor.

California State University General Education Breadth (CSUGE-B)

About the CSUGE-Breadth Pattern

The California State University General Education-Breadth (CSUGE-B) pattern is one option that allows California community college transfer students to fulfill the lower-division general education requirements of any California State University (CSU) campus. The curriculum consists of a 39-unit pattern with five areas of concentration.

It is strongly recommended that students consult with a counselor to determine which general education pattern is most appropriate for their individual educational goals.

Certification of CSUGE-Breadth Requirements

Official notification from a California community college that a transfer student has completed courses fulfilling lower-division general education requirements occurs through a process of “certification”. Certification is a legal agreement between the CSU and California Community Colleges.

It is the policy of the San Diego Community College District to provide certification of general education breadth requirements when such service is requested by the student. Certification of general education courses is generally requested when the CSUGE-B pattern has been completed.

Additional CSUGE-B Information and Restrictions

- Completion of the CSUGE-B pattern is not an admission requirement nor does completion guarantee admission to any CSU campus or program.
- Certification is based on approved courses listed in the CSUGE-B pattern that are completed in the San Diego Community College District or from other regionally accredited institutions.
- Courses completed at a foreign college or university cannot be used to satisfy CSUGE-B general education requirements.
- Students pursuing an Associate Degree for Transfer in Biology are eligible to take CSUGE-Breadth for STEM, deferring two lower-division GE courses until after transfer. CSUGE-Breadth for STEM is applicable only to Biology majors in which the Transfer Model Curriculum explicitly indicates the availability of the option. Students using CSUGE-Breadth for STEM must complete:
  a. All courses in Areas A, B, E, and F of the traditional CSU GE Breadth Curriculum;
  b. One course in Area C1 Arts and one course in Area C2 Humanities; and
  c. One course in Area D.
- Catalog rights do not apply to the CSUGE-B pattern.
- Prior to certification, students must complete a minimum of 3 units of general education within the CSUGE-B pattern or 12 units in residence at the San Diego Community College District.
- Official transcripts from all colleges and universities attended must be on file before submitting an application for certification. The application is available in the Evaluations Office and/or Counseling Office.
• The CSUGE-B pattern is accepted by some California private and independent colleges and universities in satisfying lower division general education requirements.

*For additional information, consult a counselor.*

**The CSUGE-Breadth Pattern**  
*(Option 2)*

The following information is based on the 2022–2023 agreement and is distributed as follows:

1) Colleges in parenthesis indicate where the course is approved for CSUGE-B Requirements.  
   C—City College  
   M—Mesa College  
   MMR—Miramar College

* Courses with asterisks are listed in more than one area but shall not be certified in more than one area.

# Courses with the number sign are listed more than once in the same area, but will only be used for certification once.

**Please note:** Courses required in Oral Communication (Area A1), Written Communication (Area A2), Critical Thinking (Area A3), and Mathematics and Quantitative Reasoning (Area B4) must be completed with grades of “C” or better for admission to most CSU campuses and CSUGE-Breadth Certification. *For additional information, consult a counselor.*

**Area A. English Language Communication and Critical Thinking:**

*No fewer than nine semester units (12–15 quarter units) including one course in A1, one course in A2, and one course in A3.*

**Area B. Scientific Inquiry and Quantitative Reasoning:**

*No fewer than nine semester units (12–15 quarter units) including:*  
- One course in B1 (underlined courses include a lab component)  
- One course in B2 (underlined courses include a lab component)  
- One of the courses selected to fulfill the requirement for B1 or B2 must include a laboratory component or a separate course must be taken from B3. If a separate laboratory course is taken from B3, it must match one of the two lecture courses taken from B1 or B2.

* One course in B4

Career Education (CE)

Mesa College’s CE programs are generally designed to prepare students for immediate employment into living wage jobs and careers. These programs offer specialized training to develop job-related skills and preparation for any necessary certification/licensing. Mesa College works with local industry to provide current programs, with proven faculty leaders, in state-of-the-art facilities to meet the needs of the San Diego region. Many programs provide direct clinical experience, access to internships, work experience and other work-based learning opportunities. CE programs include skill-building courses, certificates and associate degrees in:

- Accounting
- American Sign Language Studies / ASL – English Interpretation
- Architecture
- Building Construction Technology
- Business Administration and Management
- Child Development
- Computer Business Technology
- Computer Information Science
- Culinary Arts / Culinary Management
- Dance: Choreography; Commercial Dance
- Dental Assisting
- Fashion
- Fermentation
- Fitness Specialist
- Geographic Information Systems
- Health Information Management
- Health Information Technology
- Hospitality
- Interior Design
- Journalism
- Marketing
- Medical Assisting
- Multimedia
- Neurodiagnostic Technician
- Nutrition
- Phlebotomy
- Physical Therapist Assistant
- Radiologic Technology
- Real Estate
- Veterinary Technology (Registered Veterinary Technician)
- Web Development

Work-Based Learning

San Diego Mesa College Work-Based Learning (WBL) is a continuum of experiential learning strategies and activities designed to bridge students’ educational learning with valuable real-work experience. Students gain progressive exposure and interactions with industries and employers to explore career opportunities and develop workplace skills. WBL is the unifying force that launches lifelong career journeys through cultivating a culture of career by integrating a continuum of academics and real-world experiences for students, faculty, classified professionals, employers, community partners, and alumni. Work-Based Learning activities may be integrated into classroom learning through in-class assignments, campus-wide events, or workplace activities.

Outcomes:

- Cultivating a Culture of Career
- Providing access through equitable engagement
- Fostering mutually reciprocal relationships
- Instilling confidence
- Launching lifelong career journey
- Building and sharing of social capital
- Caring and investment in our community
- Creating and sustaining a sense of belonging

WBL Types of Activities:

Awareness & Exploration:

- Career Field Trips
- Job Shadowing
- Mentoring
- Guest Speaker
- Research Project
- Student-Run Enterprise
Employment Readiness:
- Career Exploration
- Job Search Coaching
- Employer Information Sessions
- Classroom Presentations
- Personal Branding

Preparation & Training:
- Internships
- Work Experience
- Service Learning
- Community Service/Volunteer
- Research

Accounting

Award Type | Units
--- | ---
Certificate of Performance: Governmental/Nonprofit Accounting | 14
Certificate of Achievement: Accounting | 23
Associate of Science Degree: Accounting | 39*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Description
Qualifies the graduate as a bookkeeper, account clerk, accounting technician, audit or tax aide, or accountant trainee. Subjects of immediate practical value enable the student to work part-time in the field while completing the curriculum. The certificate program is for students desiring early employment. Students planning to transfer to a four-year college or university as an accounting major should major in Business Administration.

Program Learning Outcomes
Students who complete the Accounting Program will gain facility with:

- **Critical Thinking:** Students will be able to analyze, prepare, and present solutions to business problems, apply business concepts in a decision-making environment, and evaluate and weigh evidence in the course of deriving conclusions concerning alternative courses of action, using inductive and deductive logical reasoning and methodological processes.

- **Communication:** Students will be able to articulate and explain critical thinking outcomes in writing and speaking, as well as by other contemporary recognized modes of business communication.

- **Self-Awareness and Interpersonal Skills:** Students will recognize and respect the business opinion and perspective of others, and they will be able to work effectively with superiors, peers, and subordinates in organized group settings.

- **Global/Technological Awareness:** Students will understand and apply the use of modern technology to business situations.

- **Personal Actions and Civic Responsibility:** Students will be able to analyze and accept responsibility for their own actions and make ethical decisions in the business environment.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Certificate of Performance: Governmental/Nonprofit Accounting*

- ACCT 120: Federal Income Tax
- ACCT 125: Government & Not-for-Profit Accounting
- ACCT 135: Principles of Auditing

Total Units = **39**

For graduation requirements see [Requirements for the Associate Degree](#) on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

### Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog [TRANSFER INFORMATION](#) section. Additional courses may be required to meet university lower-division requirements. **Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.**

### Allied Health

See “Nutrition” on page 292.
See “Dental Assisting (RDA, CDA)” on page 207.
See “Health Information Technology” on page 239.
See “Health Information Management” on page 243
See “Medical Assisting” on page 284.
See “Phlebotomy Training” on page 300
See “Physical Therapist Assistant” on page 302.
See “Radiologic Technology” on page 311.
See “Veterinary Technology” on page 321.

### American Indian Studies

Courses relating to the American Indians are offered through an interdisciplinary approach in the following areas:

#### Anthropology
- Introduction to North American Indians
- Introduction to California Indians

#### Art
- North American Indian Arts

#### History
- Native Americans in United States History
ASL Studies/ASL English Interpreting

Award Type       | Units
---               |---
Certificate of Achievement:  |  
American Sign Language Studies  | 32
ASL–English Interpretation  | 37

Associate of Arts Degree:  |  
American Sign Language Studies  | 32*
ASL–English Interpretation  | 37*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Description
The American Sign Language (ASL) Studies and the ASL–English Interpretation programs offer students a variety of certificate and degree options designed to prepare them for transfer to four-year institutions as well as for deafness-related careers in the public and private sectors.

Program Learning Outcomes
Students who complete the American Sign Language/Interpreting Program will be able to:

• Develop receptive and expressive skills in American Sign Language and Fingerspelling.

• Develop knowledge and awareness of the differences between the Deaf Culture/deaf community and the hearing community.

• Accurately interpret and transliterate between ASL and English in a variety of settings: face-to-face, small group settings, monologue and/or large group settings.

• Apply professional standards, practices, and ethics, not limited to the tenets of the Code of Professional Conduct, to their work.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Program Goals
The American Sign Language Studies program focuses on beginning to advanced American Sign Language (ASL) skill development. This program encourages student involvement in the social and cultural activities of the Deaf community as it emphasizes student awareness of ASL as a unique language and Deaf culture and history. Students who complete the American Sign Language Studies program may choose to work with Deaf and/or Hard-of-Hearing individuals in education and/or other human, social or community services or they may choose to transfer to a four-year institution or begin work toward a certificate or degree in the American Sign Language - English Interpretation program.

Program Emphasis
The American Sign Language Studies program places special emphasis on preparing students for public and private sector employment working with the Deaf and/or Hard-of-Hearing community. This program also provides a pathway to continued education in a variety of disciplines and to the American Sign Language - English Interpretation program.

Career Options
A fluent command of ASL provides a special advantage to students preparing for careers in teaching, social work, counseling, ASL–English interpreting, health care, audiology and psychology. Students who wish to use their ASL skills immediately upon graduation may work as teachers’ assistants, tutors, after-school education and/or recreation staff, and child care staff.

Note: Students must fulfill district general education requirements in addition to the following courses in order to be eligible for the Associate of Arts Degree.

For graduation requirements see Requirements for the Associate Degree on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

Program Goals

The ASL–English Interpretation program is a rigorous, two-year, full-time course of study designed to prepare students to facilitate communication between ASL and English speakers. This program focuses on beginning to advanced level translation, transliteration and interpretation skill development with special emphasis on the professional code of ethics and cultural mediation. This ASL–English Interpretation program enjoys a nation-wide reputation for excellence and for producing successful students with marketable skills.

Program Emphasis

ASL–English Interpretation is a richly fulfilling and creative profession requiring keen intelligence and a sensitivity to the smallest nuances in communication. The City of San Diego faces a critical shortage of qualified interpreters. The ASL–English Interpretation program emphasizes developing highly-skilled interpreters for the community as more Deaf people enter business, education and social services, and as the Americans with Disabilities Act (ADA) requires the hiring of more qualified ASL–English Interpreters to provide equal access.

Career Options

Professional interpreters have opportunities to work in a variety of private and public sector settings, including: Performing Arts (concerts, theatre), Media Arts (television and film), Telecommunications (remote video interpreting, video relay), Medical and Mental Health settings (hospitals, doctors’ offices, group sessions, individual therapy, testing), Education (K-12 and college), Business (meetings, trainings) and Religious (church services, weddings, funerals).

Note: Students must fulfill district general education requirements in addition to the following courses in order to be eligible for the Associate of Arts Degree.

Electives as needed to meet minimum of 60 units required for the degree.
Anthropology

**Award Type** | **Units**
--- | ---
**Associate of Arts Degree:** Anthropology | 18*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Associate in Arts for Transfer Degree:** Anthropology | 18–20

**Description**

Anthropology is the study of what it means to be human, with a worldwide perspective and a time depth of millions of years. It encompasses five sub-fields of cultural anthropology, biological anthropology, archaeology, linguistic anthropology, and applied anthropology. The study of anthropology prepares students to better understand themselves in their own sociocultural context, better understand and communicate across cultural boundaries, and prepare for careers involving social interaction and policy (EG, business, education, environmental protection and cultural resource management, health, law, and religion).

Students planning a major in anthropology should prepare themselves with undergraduate courses which complement that major. An undergraduate major in anthropology is not intended to be a training program, since professional anthropologists draw their experiences from a variety of academic backgrounds and personal experiences. It is recommended that a student who plans an anthropology major consult one of the anthropologists on the faculty for advice on courses that will be most valuable.

**Program Emphasis**

The study of anthropology prepares students to better understand themselves in their own sociocultural context, better understand and communicate across cultural boundaries, and prepare for careers involving social interaction and policy (EG, business, education, environmental protection and cultural resource management, health, law, and religion).

**Career Options**

It is recommended that a student who plans an anthropology major consult one of the anthropologists on the faculty for advice on courses that will be most valuable for various career options. The undergraduate major in anthropology is not intended to be a training program, since professional anthropologists draw their experiences from a variety of academic backgrounds and personal experiences.

**Program Learning Outcomes**

Students who complete the Anthropology Program will acquire these skills:

- **Critical Thinking**: Use an anthropological framework to think critically in reading, writing, and/or speaking, thereby interpreting relevant problems, theses, arguments and evidence to draw and defend rational conclusions.
- **Communication**: Effectively communicate employing anthropological perspectives while recognizing and respecting potential differences in worldview.
- **Personal Actions and Civic Responsibilities**: Articulate the varieties of biological and cultural adaptations and demonstrate an understanding of cultural diversity.
- **Global Awareness**: Articulate ability to understand one’s role in local and global society, take responsibility for one’s own actions, and make ethical decisions in complex situations.
- **Information Literacy**: Collect data and engage with research through appropriate use of an array of scholarly sources and through discipline-specific technologies and frameworks.

**Associate of Arts Degree: Anthropology**

The Associate of Arts Degree in Anthropology provides students with a unique understanding of humanity through the examination of the variation of human social lives, cultures and biology across the globe. The Associate of Arts Degree in Anthropology is well-suited for students who wish to transfer and major or minor in anthropology or related areas.
Courses Required for the Major: Units

ANTH 102 Introduction to Biological Anthropology 3
ANTH 103 Introduction to Cultural Anthropology 3
ANTH 107 Introduction to Archaeology 3

Select a minimum of nine units from the following:

ANTH 104 Laboratory in Biological Anthropology 1
ANTH 106 World Prehistory 3
ANTH 110 Anthropology of Magic, Witchcraft, and Religion 3
ANTH 117 Anthropology of Gender and Sexuality 3
ANTH 120 Archaeological Artifact Analysis 3
ANTH 130 Bones: Human Osteology 3
ANTH 140 Primatology 3
ANTH 200 Introduction to North American Indians 3
ANTH 205 Introduction to Medical Anthropology 3
ANTH 210 Introduction to California Indians 3
ANTH 215 Cultures of Latin America 3

Total Units = 18

For graduation requirements see Requirements for the Associate Degree on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

Note: Although no course in a foreign language is specified, a minimal familiarity with one foreign language is desirable. The particular language should be selected in consultation with the Behavioral Science Department anthropologists.

Associate in Arts in Anthropology for Transfer Degree:

The Associate in Arts in Anthropology for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Anthropology or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

Program Learning Outcomes

Students who complete the Anthropology Program will acquire these skills:

- Critical Thinking: Use an anthropological framework to think critically in reading, writing, and/or speaking, thereby interpreting relevant problems, theses, arguments and evidence to draw and defend rational conclusions.

- Communication: Effectively communicate employing anthropological perspectives while recognizing and respecting potential differences in worldview.

- Personal Actions and Civic Responsibilities: Articulate the varieties of biological and cultural adaptations and demonstrate an understanding of cultural diversity.

- Global Awareness: Articulate ability to understand one’s role in local and global society, take responsibility for one’s own actions, and make ethical decisions in complex situations.

- Information Literacy: Collect data and engage with research through appropriate use of an array of scholarly sources and through discipline-specific technologies and frameworks.

Note: Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

Award Notes:

Students are required to complete a maximum of 60 CSU transferable units with a minimum overall grade point average of 2.0.

Major: A minimum of 18 units with grade of “C” or “P” or better.

General Education: In addition to the courses required in the major, students must complete one of the following general education options:

- The California State University General Education Breadth pattern
- The Intersegmental General Education Transfer Curriculum pattern

Note: Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

Courses Required for the Major: Units

ANTH 102 Introduction to Biological Anthropology 3
ANTH 103 Introduction to Cultural Anthropology 3
ANTH 107  Introduction to Archaeology  3

**Category A: Select one of the following courses (3 units):**
ENGL 202  Introduction to Linguistics  3
MATH 119  Elementary Statistics or
PSYC 258  Behavioral Science Statistics  3

**Category B: Select one or two of the following courses, or any course not selected in Category A (3–5 units):**
BIOL 230  Human Anatomy  4
GEOL 100  Physical Geology  3
and
GEOL 101  General Geology Laboratory  1
GISG 104  Geographic Information Science and Spatial Reasoning  3
PHIL 112  Philosophy of Science  3
PSYC 255  Introduction to Psychological Research  3

**Category C: One course from the following (3–4 units):**
ANTH 104  Laboratory in Biological Anthropology  1
ANTH 115  Introduction to Archaeological Field Work  4
ANTH 120  Archaeological Artifact Analysis  3
ANTH 200  Introduction to North American Indians  3
ANTH 205  Introduction to Medical Anthropology  3
ANTH 210  Introduction to California Indians  3
ANTH 215  Cultures of Latin America  3
GEOG 101  Physical Geography  3
and
GEOG 101L  Physical Geography Laboratory  1
GEOG 102  Cultural Geography  3
GEOL 104  Earth Science  3
HUMA 106  World Religions  3
MUSI 109  World Music  3
SOCO 101  Principles of Sociology  3

Total Units = 18–20

Electives as needed to meet maximum of 60 units required for the degree.

**Transfer Information**

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. *Course requirements at the transfer institution are subject to change and may be verified by a counselor.*

Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

### Description

The Architecture Program has two main focuses: transfer to university Architecture programs and preparation for direct employment in architecture or a related design office. The program emphasizes the need for the student to achieve a level of critical thinking, communication and information and technological literacy skills. These skills are required in the workforce and in preparing for transfer to colleges and universities. Because employment in the architectural profession has become increasingly selective, often requiring a Bachelor of Arts or Science degree in Architecture or a Bachelors of Architecture for entry-level positions, the Mesa College program is focused primarily on transferring qualified students to university programs offering those degrees. Students planning to transfer to a school of architecture should consult with architectural counselors to select acceptable transfer courses.

Understanding the architect’s important role in protecting the environment is paramount. The integration of sustainable design principles within a project’s overall solution continues to be a natural extension of the holistic, collaborative design approach which is the foundation of Mesa College’s architecture curriculum.

### Program Goals

The program is designed for students wishing to transfer to university programs in architecture.
leading to B.A. Arch and M.A. Arch degrees and for students seeking employment in professional design offices.

**Program Emphasis**

Emphasis is placed on design and the office practices, procedures, principles and ethics of these professions.

**Career Options**

Students seeking licensure as architects can transfer to university programs in architecture and/or seek employment in architecture offices.

**Program Learning Outcomes**

Students who complete the Architecture Program will be able to:

**Critical Thinking**
- Think independently, creatively, logically and critically in a problem/project based curriculum that requires applying complex problem-solving methods.
- Resolve programmatic, spatial, social, political, engineering and sustainable design issues while developing rational, personal, creative and individual problem and design solutions.

**Communication**
- Write about, speak about, and/or graphically articulate solutions to design problems and the processes of arriving at these solutions to faculty, visiting critics, and fellow students.
- Respond appropriately in a variety of methods, including, but not limited to, a combination of written assignments and analysis, programmatic issues, design projects, non-digital and digital assignments, written tests and quizzes.

**Professional & Ethical Behavior**
- Demonstrate the ability to work both independently and collaboratively.
- Develop a greater sense of self-awareness.
- Develop cultural sensitivity and interpersonal skills while participating in team projects, role-playing, and workplace scenarios.

**Global Consciousness**

- Demonstrate knowledge of global issues and an awareness of global, national and local concerns from multiple perspectives.
- Develop an awareness, respect and appreciation for the diversity of individuals through the evaluation and integration of programmatic issues, design issues, historical issues, and political, cultural and social perspectives that are international in scope, including issues of diversity, equity, sustainability and environmental sensitivity.

**Information & Technological Literacy**

- Gather, analyze, evaluate and disseminate information using multiple means of expression including, but not limited to written assignments and analysis, design projects, non-digital and digital assignments and presentation techniques.
- Demonstrate an awareness of current technology through the use of state-of-the-art equipment and software including, but not limited to, computers, scanners, plotters, printers, copiers, digital projectors, laser engravers and 3D model making technologies including current editions of software utilized in the profession.

**Associate of Science Degree: Architecture Technician**

This award addresses the need for the students’ awareness of current technology through the use of state-of-the-art equipment and software. These include, but are not limited to, computers, scanners, plotters, printers, copiers, digital projectors, laser engravers and 3D model making technologies; as well as current editions of software utilized in the profession and in colleges and universities.

Museum Studies 10
Associate of Arts Degree:
Fine Art: Art History 33*
Fine Art: Ceramics 36*
Fine Art: Digital Art 33*
Fine Art: Museum Studies 34*
Fine Art: Photography and New Genres 37*
Fine Art: Three-Dimensional 34*
Fine Art: Two-Dimensional 34*
* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Associate in Arts for Transfer Degree:
Art History 18
Studio Arts 24

Description
The Fine Arts program aims to develop student understanding of current and historical art practices and theoretical issues. The program investigates new media and technologies as it builds upon foundational skills. It strives to provide a challenging learning environment of research, originality and experimentation through student engagement and interaction. The major consists of core courses, plus additional courses that define an area of emphasis.

Program Goals
The Fine Arts program provides students with a foundation for the study of the visual arts and their contribution to history and culture. Idea centered, the program serves as a model for the department’s approach to fine art from cultural, social, economic and political contexts. Students may obtain an associate of arts degree, certificate, and/or complete the major preparation requirements in Fine Art for transfer to a four-year institution.

Program Emphasis
The Fine Arts program emphasizes critical thinking and perceptual awareness to enable students to develop their artistic skills. There are seven areas of emphasis in the Fine Art major: Two-Dimensional, Three-Dimensional, Digital Art, Art History, Ceramics, Museum Studies, and Photography and New Genres.

Career Options
Career options may include art practice, gallery management and curatorial practice.

Program Learning Outcomes
Students who complete the Art–Fine Art Program will gain facility with:

Global Awareness:
• Students will develop the ability to expand the vision of the role of art in the greater culture.
• Students will develop an awareness of cultural diversity (and its use/effect on art-making).

Historical Awareness:
• Students will develop the ability to engage visual art as defined in a progression of change.

Critical Thinking:
• Students will develop the ability to affect critical thinking in visual terms.

Visual Literacy:
• Students will develop the ability to employ art concepts and terminology effectively.
• Students will develop the ability to understand the creative process of art-making.

Technological Awareness
• Students will develop the ability to understand materials, methods and techniques both historical and contemporary and the contexts in which they are employed.
• Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Certificate of Performance: Fine Art*
The Certificate of Performance in Fine Art certifies that the student has completed the core course work in Fine Art and has demonstrated an operational understanding of critical visual skills.

Courses: Units
ARTF 110 Art History: Prehistoric to Gothic or
ARTF 111 Art History: Renaissance to Modern 3
ARTF 150A Two-Dimensional Design 3
ARTF 150B  Beginning Graphic Design  3
ARTF 151  Three-Dimensional Design  3
ARTF 155A  Freehand Drawing I  3

**Total Units = 15**

*A Certificate of Performance is a departmental award that does not appear on the student’s transcript. All courses must be completed within the San Diego Community College District.

**Note:** This program is not eligible for federal financial aid in accordance with Federal regulations.

### Certificate of Performance: Museum Studies*

The Certificate of Performance in Museum Studies certifies that a student has completed all our museum studies courses, including an off-campus internship at a gallery or museum.

**Courses:**

</tbody>
</table>

**Total Units = 10**

*A Certificate of Performance is a departmental award that does not appear on the student’s transcript. All courses must be completed within the San Diego Community College District.

**Note:** This program is not eligible for federal financial aid in accordance with Federal regulations.

### Associate of Arts Degree: Fine Art: Art History

The Fine Art: Art History Associate of Arts Degree focuses on the development of an understanding of the core foundation of a global history of art. Students will be able to apply and expand this knowledge to specific problems of media and context. Successful completion of the courses indicates that a student has achieved an applicable understanding of certain essential visual skills to critically analyze cultural and historical factors that manifest in various types of visual media.

**Courses Required for the Major:**

For graduation requirements see **Requirements for the Associate Degree** on page 108.

**Electives as needed to meet minimum of 60 units required for the degree.**

### Associate in Arts in Art History for Transfer Degree:

The Associate in Arts in Art History for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Art History or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.
Program Learning Outcomes:
Students who complete the Associate in Arts in Art History for Transfer Degree will be able to:

- **Critical Thinking:** Students will develop the ability to affect critical thinking in visual terms.

- **Historical Awareness:** Students will develop the ability to engage visual art as defined in a progression of change.

- **Visual Literacy:** Students will develop the ability to employ art concepts and terminology effective and to understand the creative process of art-making.

- **Technological Awareness:** Students will develop the ability to understand materials, methods and techniques both historical and contemporary and the contexts in which they are employed.

- **Global Awareness:** Students will develop the ability to expand the vision of the role of art in the greater culture and an awareness of cultural diversity (and its use/effect on art-making).

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Note:** Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

**Award Notes:**
Students are required to complete a maximum of 60 CSU transferable units with a minimum overall grade point average of 2.0.

**Major:** A minimum of 18 units with grade of “C” or "P" or better.

**General Education:** In addition to the courses required in the major, students must complete one of the following general education options:

- The California State University General Education Breadth pattern

- The Intersegmental General Education Transfer Curriculum pattern

**Note:** Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

- ARTF 210A Life Drawing I 3
- ARTF 231 Introduction to Digital Art 3
- ARTF 232 Introduction to Digital Drawing and Painting 3
- ARTF 233 Introduction to Digital Photographic Imaging 3

**Category C:** Select one of the following courses, or any course not selected in Category A or B (3 units):

- ARTF 107 Contemporary Art 3
- ARTF 109 Modern Art 3
- BLAS 110 African American Art 3
- CHIC 230 Chicano Art 3

**Total Units = 18**

Electives as needed to meet maximum of 60 units required for the degree.

### Associate of Arts Degree:

**Fine Art: Ceramics**

The Fine Art: Ceramics Associate of Arts Degree focuses on the expansion of artistic practice through exploration, experimentation, studio work and study. Students are encouraged to integrate traditional,
contemporary and alternative materials and processes as they express themselves through skill development, critical thinking and artistic discourse relevant to the ceramics medium.

Associate of Arts Degree: Fine Art: Museum Studies

The Fine Art: Museum Studies Associate of Arts Degree focuses on theoretical and hands-on instruction in curatorial practice. Students participate in the workings of the college gallery through the development of supplemental materials and the creation and installation of exhibits. Completion of an internship at a local museum or art venue teaches students to apply their skills within a professional arts setting. Students may obtain an Associate of Arts degree, complete preparation for the major in fine art and/or transfer to a four-year institution. Careers related to this field include art practice, gallery management and curatorial practice.

Electives as needed to meet minimum of 60 units required for the degree.

Associate in Arts in Studio Arts for Transfer Degree:
The Associate in Arts in Studio Arts for Transfer degree program is designed to prepare students to meet admission at the California State University transfer admission requirements.

Award Notes:
Students are required to complete a maximum of 60 CSU transferable units with a minimum overall grade point average of 2.0.

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   • The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   • A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0.

ADTs also require that students must earn a “C” or “P” or better in all courses required for the major or area of emphasis.

Note: Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

Program Goals:
The purpose of this Associate in Arts degree program in Studio Arts is to offer an organized course of study that will prepare students intending to major in Studio Arts at the California State University.

Program Emphasis:
The Associate in Arts in Studio Arts for Transfer program emphasizes preparation for the major in Studio Arts at the California State University.

The Associate in Arts in Studio Arts for Transfer is intended for students who plan to complete a bachelor's degree in Studio Arts or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

### Associate of Arts Degree:
#### Fine Art: Two-Dimensional

The Fine Art: Two-Dimensional Associate of Arts Degree focuses on the development of sustained artistic practice through exploration, experimentation, studio work and study. As students develop ideas and express them in a variety of two-dimensional forms, they are prompted to examine how their artwork reflects the time and culture within which they are creating it and how their work fits into the history of art and contemporary art practice.

**Electives as needed to meet minimum of 60 units required for the degree.**

### Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog.

Many Baccalaureate in arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

### Associate of Arts Degree:
#### Fine Art: Photography and New Genres

The Fine Art: Photography and New Genres Associate of Arts Degree focuses on developing student understanding of photographic art practice and theory and inventing new sites of cultural production, methodologies and genres in the process. Students learn to produce visually compelling content using knowledge of composition, light, and camera operation. They are challenged to build upon these technical skills by applying their own critical theories and aesthetic and ethical concerns. By examining diverse cultural movements and alternate philosophical viewpoints students are able to relate these perspectives to the development of a self-sustaining and coherent set of artistic principles.
Note: The Fine Art: Photography and New Genres Associate of Arts degree certifies that a student has explored a particular interest in art in an orderly manner and has produced a range of work indicative of a thorough understanding of the visual arts as a discipline. The Fine Art: Photography and New Genres award prepares the student for successful completion of requirements for a baccalaureate degree in Art, Fine Art Photography, Design/Media, Film Studies and Television, Digital Media, Museum Administration and Curation.

Courses Required for the Major: Units
ARTF 107 Contemporary Art  3
ARTF 106 Art of the United States: Colonial to Modern Period  3
or
ARTF 109 Modern Art  3
or
ARTF 110 Art History: Prehistoric to Gothic  3
or
ARTF 111 Art History: Renaissance to Modern  3
ARTF 150A Two-Dimensional Design  3
ARTF 151 Three-Dimensional Design  3
ARTF 155A Freehand Drawing I  3
ARTF 231 Introduction to Digital Art  3

Complete the requirements for the photography emphasis:
ARTF 188 Women and Gender in Photography  3
ARTF 190A Black and White Art Photography  3
ARTF 191 Cultural Influences on Photography  3
ARTF 194 Critical Photography  3
ARTF 200 Photographic Composition and Theory  3
ARTF 233 Introduction to Digital Photographic Imaging  3
ARTF 280F Photography Studio Lab  1

Total Units = 37

For graduation requirements see Requirements for the Associate Degree on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

Biology

Award Type Units
Associate of Science Degree:
Allied Health Track 21*
Transfer Track 23–24*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Associate in Science for Transfer Degree:
Biology 34-38

Description

Biology is a natural science that focuses on physical and chemical processes of living organisms. This discipline explores how organisms acquire and use energy to maintain homeostasis, how they reproduce, and how they interact with each other and their environment. Scientific processes are emphasized as a means of answering these biological questions. Biologists rely heavily on a chemistry foundation since living organisms are chemical systems.

The Biology program serves three areas of study. Biology provides a broad background of studies for the biology major preparing for transfer to a four-year institution. The biology program offers support courses in human anatomy, human physiology, and general microbiology which may be used to satisfy prerequisites for nursing programs and other allied health fields. The biology program provides courses in natural science to fulfill general education requirements.

The following list is a sample of the many career options available for the biology major. A few of these require an associate degree; most require a baccalaureate degree and some require a graduate level degree: agricultural consultant, animal health technician, biotechnology technician, dentist, environmental consultant, field biologist, forester, horticulturist, high school or college teacher, marine biologist, microbiologist, public health technician, physician, pharmaceutical researcher, research biologist, and veterinarian. In addition, a background in biology may be required for the following: registered nurse, physical therapist, respiratory therapist, dental assistant, health information technician, medical technician, physician's assistant and optometrist.
The three associate degrees in biology require completion of the courses listed below. Additional general education and graduation requirements for the associate degree are listed in the catalog. The Associate Degree requires a minimum of 60 units.

Program Learning Outcomes

Critical Thinking: Think critically, developing the skills to ask vital questions and solve biological problems by applying the Scientific Method.

Communication: Demonstrate the ability to report and/or explain scientific information appropriately.

Skills and Technology Applications: Investigate biological questions using appropriate tools and techniques.

Environmental Responsibility: Demonstrate environmental awareness by recognizing the importance of interconnections among living organisms, including people, and their environments.

Personal Responsibility: Come prepared for class and complete assigned work thoughtfully.

Associate of Science Degree: Biology

Transfer Track

Courses Required for the Major: Units
BIOL 210A Introduction to the Biological Sciences I 4
BIOL 210B Introduction to the Biological Sciences II 4
CHEM 200 General Chemistry I – Lecture 3 and
CHEM 200L General Chemistry I – Lab 2
CHEM 201 General Chemistry II – Lecture 3 and
CHEM 201L General Chemistry II – Lab 2
MATH 121 Basic Techniques of Applied Calculus I 3 and
MATH 122 Basic Techniques of Calculus II 3 or
MATH 150 Calculus with Analytic Geometry I 5

Total Units = 23–24

For graduation requirements see Requirements for the Associate Degree on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

Recommended Electives: Biology 100, 101 (City), 110, 115, 120, 130, 180, 200, 205, 215, 230, 235, 290, 296 (City).

Associate of Science Degree: Biology

Allied Health Track

Consult the Nursing Education faculty (City College) or a counselor to verify current course requirements for associate degree and baccalaureate nursing program preparation.

Courses Required for the Major: Units
BIOL 107 General Biology – Lecture/Lab 4
BIOL 205 General Microbiology 5
BIOL 230 Human Anatomy 4
BIOL 235 Human Physiology 4
CHEM 100 Fundamentals of Chemistry 3
CHEM 100L Fundamentals of Chemistry Laboratory 1

Total Units = 21

For graduation requirements see Requirements for the Associate Degree on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

Recommended Electives: Biology 100, 101 (City), 115, 120, 130, 180, 215; Chemistry 130, 130L.

Associate in Science in Biology for Transfer Degree:

The Associate in Science in Biology for Transfer is intended for students who plan to complete a bachelor’s degree in Biology or a related major in the California State University (CSU) system. It is accepted by some, but not all, CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

Note: Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

Note: Students who may wish to apply for transfer to the University of California are strongly urged to
complete the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

**Award Notes:**

Students are required to complete 60 semester or 90 quarter CSU transferable units, with a minimum overall grade point average of 2.0, to include the following:

**Major:**

- A minimum of 18 semester or 27 quarter units.
- A minimum grade of “C” or "P" or better for each course required in the major.

**General Education:** Complete one of the following general education options:

- The California State University General Education Breadth (CSUGE-B) pattern.
- The Intersegmental General Education Transfer Curriculum (IGETC) pattern.

Electives, as needed, to meet the 60 semester or 90 quarter CSU transferable units required for the degree.

**Note:** Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

**Program Description:**

The Associate in Science in Biology for Transfer degree program is designed to prepare students to meet the California State University transfer admission requirements.

**Program Goals:**

The purpose of this Associate in Science in Biology for Transfer degree is to offer an organized course of study that will prepare students intending to major in Biology at the California State University.

**Program Emphasis:**

The Associate in Science in Biology for Transfer program emphasizes preparation for the major in Biology at the California State University.

**Career Options:**

Most careers in this discipline require education beyond the associate degree level. A baccalaureate degree in biology prepares students for careers such as: teaching, research, and advancement into professional graduate programs.

### Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.
**Black Studies**

**Award Type** | **Units**
--- | ---
Associate of Arts Degree: Black Studies | 27*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Description**

Black Studies is a multidisciplinary curriculum offering courses in American Institutions, Humanities, Social Sciences, and Learning Skills. The program builds a positive understanding and knowledge of the history, culture, and contributions of Africans and Afro-Americans. All students benefit from courses in Black Studies, especially those who pursue careers in social sciences, education, law, counseling, journalism, social work, health care professions, teaching, business, and public administration.

**Program Learning Outcomes**

The Black Studies Department is built upon an interdisciplinary curriculum (i.e. History, Psychology, Sociology, English, Literature, Political Science, Speech Art, Music, etc.). Students who successfully complete the Black Studies Program will gain facility with:

- **Critical Thinking:** Think critically in reading, writing, and/or speaking about topics in Black Studies, demonstrating knowledge and creativity by completing assignments that enhance research and analytical skills, thereby identifying problems, theses, arguments, evidence and conclusions.

- **Self-Awareness and Interpersonal Skills:** Demonstrate self-definition and an understanding and respect for the perspectives of others, while working effectively with people in group assignments, open discussions, and other activities.

- **Communication:** Write or speak about topics in Black Studies, demonstrating confidence and creativity while participating in a variety of learning opportunities, thereby addressing problems, formulating theses, making arguments, analyzing and weighing evidence, and deriving conclusions.

- **Personal Actions and Civic Responsibility:** Develop consciousness, confidence, and competence in understanding one’s role in society, in taking responsibility for one’s actions, and in making ethical decisions in complex situations; understand that one has the power and ability to make decisions that make a difference on a personal, professional and global level.

- **Technological Awareness:** Demonstrate an enhanced understanding of technology through its application to the completion of required assignments, projects, and presentations.

- **Global Awareness:** Demonstrate an ability to analyze content and context of world cultures by comparing and contrasting how people do the same things in different ways; and, demonstrate an understanding of cultural pluralism.

- **Life Mastery Skills:** Students will develop consciousness, confidence, and competence through the interdisciplinary structure of Black Studies. Students develop a practical application of critical thinking, self-awareness, communication, personal actions, civic responsibility, global and technology awareness. As a result, students know and understand that they have the power and ability to make decisions that make a difference on a personal, professional and global level.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Career Options**

A degree in Black Studies can provide students with a wide range of career options, similar to other humanities and social sciences degrees. According to the National Council for Black Studies, “The answer to those asking what can a person do with a Black studies major is simple: ANYTHING!”

- Medicine & Health
- Science & Technology
- Education
- Law & Criminal Justice
- Politics & Government
- News, Media & Publishing
- Social & Community Service
Religion
Business, Industry, & Labor
Performing Arts & Entertainment
Sports

**Other recommended electives:** Any Mathematics course number 96 or higher.

---

**Transfer Information**

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. **Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.**

---

**Building Construction Technology**

**Award Type**

| Certificate of Achievement: Building Inspection and Construction Management | 27 |
| Associate of Science Degree: Building Inspection and Construction Management | 27* |

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Description**

The Building Construction Technology Program provides a general background in building construction and a working knowledge of the techniques and materials used in the construction industry. This program is designed for the student who is interested in a construction inspection or construction management career. Program planning should occur with assistance of a department member.

**Program Goals**

The program is designed for students seeking employment in the building construction industry and for students wishing to transfer to University programs in building construction technology.
Program Emphasis

Emphasis is placed on the practices, procedures, principles and ethics of these professions.

Career Options

- Building Inspection
- Foreman or Superintendent for Building Construction
- Construction Project Manager

Program Learning Outcomes

Students who complete the Building Construction Technology Program will be able to:

- **Critical Thinking:** Think critically in a problem/process based curriculum that requires the identification and assembly of appropriate data(input); application of appropriate tools and techniques to the assembled data to produce creative and individual outputs (solutions) to a variety of construction-industry related problems within appropriate ethical, legal (including environmental and workers safety), technological, financial, and time constraints.

- **Communication:** Write about, speak about, and/or graphically articulate proposed solutions to a variety of construction and construction management related problems and be able to defend the process(es) utilized to create these solutions to faculty, visiting critics, clients, and fellow students.

- **Self-Awareness and Interpersonal Skills:** Demonstrate a sense of self-awareness and interpersonal skills while participating in team projects, role-playing, and the exploration of common workplace scenarios.

- **Global Awareness:** Demonstrate knowledge of global issues and an awareness of local, state, national, and international issues and efforts related to construction activities both past and present that include global warming, environmental stewardship, sustainability, embracing diversity, access and affordable and health housing for an increasing world population.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Description
Prepares the student for transfer to a four-year college through maximum use of equivalent courses. It also provides a foundation for entry into business.

Career Options
Graduates with an associate degree or certificate of achievement in business administration are qualified for entry-and intermediate level positions. Specific career options may include administrative assistant, administrative coordinator, administrative manager, administrative officer, administrative specialist, administrator, business administrator, business manager, director of operations, or office manager.

Program Learning Outcomes
Students who complete the Business Administration Program will gain facility with:

- **Critical Thinking:** Students will be able to analyze, prepare, and present solutions to business problems, apply business concepts in a decision-making environment, and evaluate and weigh evidence in the course of deriving conclusions concerning alternative courses of action, using inductive and deductive logical reasoning and methodological processes.

- **Communication:** Students will be able to articulate and explain outcomes in writing and speaking, as well as by other contemporary recognized modes of business communication.

- **Self-awareness and Interpersonal Skills:** Students will recognize and respect the business opinions and perspectives of others, and they will be able to work effectively with superiors, peers, and subordinates in organized group settings.

- **Global/Technological Awareness:** Students will be able to identify and understand global business issues.

- **Personal Actions and Civic Responsibility:** Students will be able to analyze and accept responsibility for their own actions and make ethical decisions in the business environment.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Certificate of Achievement: Business Administration

Courses Required for the Major: | Units
---|---
BUSE 100 Introduction to Business (recommended as a first semester course) or MARK 100 Principles of Marketing | 3
BUSE 115 Statistics for Business or MATH 119 Elementary Statistics | 3
BUSE 119 Business Communications | 3
BUSE 140 Business Law & the Legal Environment | 3
ACCT 116A Financial Accounting | 4
ACCT 116B Managerial Accounting | 4
CISC 181 Principles of Information Systems | 4
ECON 120 Principles of Macroeconomics | 3
ECON 121 Principles of Microeconomics | 3

Total Units = 30

Recommended Electives: Business 120, 129, 190.

Certificate of Achievement: Small Business Management and Entrepreneurship

The Certificate of Achievement in Small Business Management and Entrepreneurship will assist students in meeting their goals for business education, business start-up and growth. The certificate prepares students for business ownership, including planning, launching, and managing a business. Students develop a broad foundation of principles, while focusing on key industries.
in which they may operate. Curriculum exposes students to operations, management, finance, marketing, and other skills necessary for sustained success. Entrepreneurship is, by definition, an interdisciplinary practice, and this program is designed to provide students with essential skills that will help them succeed as business owners in their field of choice.

**Goals**

The Certificate of Achievement in Small Business Management and Entrepreneurship will assist students in developing key business skills, knowledge and experience while drawing from a variety of disciplines. Students will develop a broad foundation for business success while focusing on key areas of entrepreneurial interest. Students may use these skills and experiences to start, grow, market new and/or existing businesses.

**Objectives:**

The objectives for the Certificate in Small Business Management and Entrepreneurship are to:

1. Emphasize a broad foundation in entrepreneurial theory and practice.
2. Prepare students for all stages of business ownership and management, including start-up, growth, and strategic market positioning.
3. Provide students with an understanding of business finances, including financial plans and reports, fiscal management, and investment opportunities.
4. Allow students to focus and collaborate in key areas of interest, including computer science, culinary arts, digital technology, fashion, finance, and hospitality.

**Emphasis**

The Certificate in Small Business Management and Entrepreneurship has room for areas of emphasis that will positively impact key groups of students, including veterans, African-American and Hispanic populations, and women. Many of these groups face bias in the business world, and turn to small business ownership and entrepreneurship as a way of realizing their full potential while putting down roots in their local communities.

**Career Options**

According to reports from San Diego Workforce Partnership, in conjunction with San Diego Workforce Partnership, five “Priority Sectors” have been identified for workforce development and resources. They are:

- Advanced Manufacturing
- Information & Computer Technology
- Health Care
- Life Sciences
- Clean Energy, including Advanced Transportation

The workforce needs of Small Business in San Diego, identified by San Diego Workforce Partnership, indicate the following business trends:

In San Diego County, 95% of business establishments employ fewer than 50 employees. Small businesses are a primary driving economic force. 90% of all small businesses in San Diego County fall within the five priority sectors identified above.

**Total Units = 18**
ENGL 101  Reading and Composition  3
or
ENGL 105  Composition and Literature  3

Total Units = 33

**Note:** BUSE 100 is recommended as a first semester course. Electives should be chosen after consultation with a counselor and with reference to programs at a four-year institution to which the student will transfer.

For graduation requirements see **Requirements for the Associate Degree** on page 108.

**Electives as needed to meet minimum of 60 units required for the degree.**

**Recommended Electives:** Business 101, 120, 129, 190, 270; Marketing 100.

---

**Associate of Science Degree:**

**Business Administration 2.0**

The Associate in Science in Business Administration for Transfer Degree 2.0 is intended for students who plan to complete a bachelor’s degree in Business Administration or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

**Award Notes:**

Students are required to complete a maximum of 60 CSU transferable units with a minimum overall grade point average of 2.0.

**Major:** Minimum grade of "C" or "P" or better for each course in the major. Students should review the Pass/No Pass acceptance policy of the transfer institution prior to requesting this grade option.

**General Education:** In addition to the courses required in the major, students must complete one of the following general education options:

- The California State University General Education Breadth pattern
- The Intersegmental General Education Transfer Curriculum pattern

**Electives:** As needed, to meet maximum of 60 CSU-transferable units required for the degree.

**Note:** Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

**Program Goals:**

The purpose of this Associate in Science in Business Administration 2.0 for Transfer Degree program is to offer an organized course of study that will prepare students intending to major in Business Administration at the California State University.

**Program Emphasis:**

The Associate in Science in Business Administration 2.0 for Transfer Degree program emphasizes preparation for the major in Business Administration at the California State University.

**Courses Required for the Major:**

---

**Associate of Science Degree:**

**Small Business Management and Entrepreneurship**

The Associate of Science Degree in Small Business Management and Entrepreneurship will assist students in meeting their goals for business education, business start-up and growth. The
Associate Degree prepares students for business ownership, including planning, launching, and managing a business. Students develop a broad foundation of principles, while focusing on key industries in which they may operate. Curriculum exposes students to operations, management, finance, marketing, and other skills necessary for sustained success. Entrepreneurship is, by definition, an interdisciplinary practice, and this program is designed to provide students with essential skills that will help them succeed as business owners in their field of choice.

Program Goals

The Associate of Science Degree in Small Business Management and Entrepreneurship will assist students in developing key business skills, knowledge and experience while drawing from a variety of disciplines. Students will develop a broad foundation for business success while focusing on key areas of entrepreneurial interest. Students may use these skills and experiences to start, grow, market new and/or existing businesses.

Objectives:

The objectives for the Associate Degree in Small Business Management and Entrepreneurship are to:

1. Emphasize a broad foundation in entrepreneurial theory and practice.
2. Prepare students for all stages of business ownership and management, including start-up, growth, and strategic market positioning.
3. Provide students with an understanding of business finances, including financial plans and reports, fiscal management, and investment opportunities.
4. Allow students to focus and collaborate in key areas of interest, including computer science, culinary arts, digital technology, fashion, finance, and hospitality.

Program Emphasis

The Certificate in Small Business Management and Entrepreneurship has room for areas of emphasis that will positively impact key groups of students, including veterans, African-American and Hispanic populations, and women. Many of these groups face bias in the business world, and turn to small business ownership and entrepreneurship as a way of realizing their full potential while putting down roots in their local communities.

Career Options

According to reports from San Diego Workforce Partnership, in conjunction with San Diego and Imperial Counties Community Colleges Association (SDICCCA), five “Priority Sectors” have been identified for workforce development and resources. They are:

- Advanced Manufacturing
- Information & Computer Technology
- Health Care
- Life Sciences
- Clean Energy, including Advanced Transportation

The workforce needs of Small Business in San Diego, identified by San Diego Workforce Partnership, indicate the following business trends:

In San Diego County, 95% of business establishments employ fewer than 50 employees. Small businesses are a primary driving economic force. 90% of all small businesses in San Diego County fall within the five priority sectors identified above.

Electives as needed to meet minimum of 60 units required for the degree.

Associate in Science in Business Administration for Transfer Degree:

The Associate in Science in Business Administration for Transfer Degree is intended for students who
plan to complete a bachelor’s degree in Business Administration or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

Students who complete the Business Administration Program will be able to:

- **Critical Thinking:** Students will be able to analyze, prepare, and present solutions to business problems, apply business concepts in a decision-making environment, and evaluate and weigh evidence in the course of deriving conclusions concerning alternative courses of action, using inductive and deductive logical reasoning and methodological processes.

- **Communication:** Students will be able to articulate and explain outcomes in writing and speaking, as well as by other contemporary recognized modes of business communication.

- **Self-awareness and Interpersonal Skills:** Students will recognize and respect the business opinions and perspectives of others, and they will be able to work effectively with superiors, peers, and subordinates in organized group settings.

- **Global/Technological Awareness:** Students will be able to identify and understand global business issues.

- **Personal Actions and Civic Responsibility:** Students will be able to analyze and accept responsibility for their own actions and make ethical decisions in the business environment.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Note:** Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

**Award Notes:**
Students are required to complete 60 semester or 90 quarter CSU transferable units, with a minimum overall grade point average of 2.0, to include the following:

**Major:**
A minimum of 18 semester units or 27 quarter units
A minimum grade of “C” or "P" or better for each course required in the major.

**General Education:** In addition to the courses required in the major, students must complete one of the following general education options:
- The California State University General Education Breadth pattern (CSUGE-B)
- The Intersegmental General Education Transfer Curriculum (IGETC) pattern

Electives, as needed, to meet maximum of 60 semester or 90 quarter CSU transferable units required for the degree

**Note:** Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

Description

Intended for the student who wishes to plan a program in preparation for a business occupational area of his/her own choice. Flexible course selection is emphasized to enable students to achieve their specific educational, vocational and personal goals. Students planning to transfer to a four-year college or university should select the Business Administration major.

Career Options

Graduates with an associate degree in business management are qualified for entry- and intermediate-level managerial positions in service, industry, manufacturing, government and non-profit organizations. Specific career options include department manager, human resource manager, banking manager and marketing manager.

Program Learning Outcomes

Students who complete the Business Management Program will gain facility with:

- **Critical Thinking:** Students will be able to analyze, prepare, and present solutions to business problems, apply business concepts in a decision-making environment, and evaluate and weigh evidence in the course of deriving conclusions concerning alternative courses of action, using inductive and deductive logical reasoning and methodological processes.

- **Communication:** Students will be able to articulate and explain outcomes in writing and speaking, as well as by other contemporary recognized modes of business communication.

- **Self-awareness and Interpersonal Skills:** Students will recognize and respect the business opinions and perspectives of others, and they will be able to work effectively with superiors, peers, and subordinates in organized group settings.

- **Global/Technological Awareness:** Students will be able to identify and understand global business issues.

- **Personal Actions and Civic Responsibility:** Students will be able to analyze and accept responsibility for their own actions and make ethical decisions in the business environment.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Certificate of Performance: Retail Store Associate*

This certificate prepares students for a broad range of entry-level positions within the retail industry. Students learn interpersonal communication, intergroup communication and relational skills as well as on-the-job technical skills through practical work experience in the retail industry. It also serves as a precursor for the Retail Management Certificate of Achievement.

Award Goal:

The goal of the Retail Store Associate Certificate of Performance is to prepare students for entry-level positions within the Retail Industry.

Award Notes:

Upon completion of this certificate, students may be qualified for such job titles as: Retail Sales Associates, Lead Sales Associate, Cashier, Lead Cashier, Customer Service Representative, Merchandiser, Clerk and Unit Team Lead.

**Total Units = 34–35**

**Note:** BUSE 100 is recommended as a first semester course.

**Certificate of Achievement: Retail Management**

The Retail Management Certificate of Achievement assists students in their development of core competencies required for managerial success in the retail industry. Through delivering relevant, practical content that elevates industry skill level, students develop key foundational skills that can be applied immediately. This certificate prepares students to take a leadership role within the organization. Drawing on the expertise of faculty in the School of Business and Technology, students in this program develop educational knowledge and technical competence in key areas of such as human resources and organizational behavior, technology, business communications, management, marketing, human resources, financial management and retail management. This certificate program is certified by the Western Association of Food Chains (WAFC) and is further endorsed by state and national associations such as the Food Marketing Institute (FMI) and the National Grocers Association (NGA).

**Goals**

Students who complete a Business Management award will gain facility with:

- **Critical Thinking:** Students will be able to analyze, prepare, and present solutions to business problems, apply business concepts in a decision-making environment, and evaluate and weigh evidence in the course of deriving conclusions concerning alternative courses of action, using inductive and deductive logical reasoning and methodological processes.

- **Communication:** Students will be able to articulate and explain outcomes in writing and speaking, as well as by other contemporary recognized modes of business communication.

- **Self-awareness and Interpersonal Skills:** Students will recognize and respect the business opinions and perspectives of others, and they will be able to work effectively with superiors, peers, and subordinates in organized group settings.

- **Personal Awareness and Civic Responsibility:** Students will be able to analyze and accept responsibility for their own actions and make ethical decisions in the business environments.

- **Global/Technological Awareness:** Students will be able to identify and understand global business issues.

**Career Options**

Graduates with an award in business management are qualified for entry- and intermediate-level managerial positions in service, industry, manufacturing, government and non-government organizations. Specific career options include store manager, department manager, human resources manager, banking manager and marketing manager.

Additional courses may be required to meet university lower-division requirements. **Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.**
Chicana and Chicano Studies

**Award Type**

**Associate of Arts Degree:**
Chicana and Chicano Studies 18-20*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Description**

The Department of Chicana and Chicano Studies offers a dynamic, innovative program that emphasizes an interdisciplinary and comparative approach to understanding the historical experiences and contemporary social realities of Chicana/os as the largest segment of the Latino population in the United States. Critical thinking and effective oral and written communication skills are integrated across the curriculum which incorporates the arts and literature, gender studies, border studies, cultural studies, history, the social sciences, and policy studies. Students earning a degree in Chicana and Chicano Studies may pursue careers in education, humanities, law, social work, business, the arts, public administration, ethnic studies and more.

**Program Goals:**

The Chicana and Chicano Studies Department curriculum is designed to meet general education requirements for all students. Classes serve as lower-division preparation for the major classes for students planning to earn an Associate of Arts degree in Chicana and Chicano Studies and/or transfer to earn a baccalaureate degree in Chicana and Chicano Studies, Ethnic Studies and professional fields, including social sciences, humanities, law, education, social work, and public administration.

**Career Options:**

As a multidisciplinary and interdisciplinary field in Ethnic Studies, Chicano/o Studies contributes to all fields in the humanities and social sciences. The curriculum prepares students at the undergraduate level for a multitude of career options. Students earning a degree in Chicana and Chicano Studies may pursue careers in areas such as education, humanities, history, anthropology, ethnology, sociology, psychology, social sciences, political sciences, law, social work, business, the arts, ethnic studies and public administration.

**Program Learning Outcomes**

Students who complete the Chicana and Chicano Studies Program will be able to:

- **Critical Thinking:** Think critically in reading, writing, and/or speaking about topics in Chicano/a Studies, with a focus on the multiple historical factors that have contributed to the origins of the Chicano/a community in the United States, thereby identifying problems, theses, arguments, evidence and conclusions.

- **Communication:** Write or speak about topics in Chicano/a Studies, with a focus on understanding and communicating the Chicano/a alternative world view as expressed in history, literature and art, thereby addressing problems, formulating theses, making arguments, analyzing and weighing evidence, and deriving conclusions.

- **Personal Actions and Civic Responsibilities:** Demonstrate an ability to understand one’s role in society, take responsibility for one’s own actions, and make ethical decisions in complex situations.

- **Self-awareness and Interpersonal Skills:** Analyze one’s own actions, see others’ perspectives, and work effectively with others in groups.

- **Global Awareness:** Analyze the development of the contemporary Chicano/a community in the United States by articulating similarities and contrasts among cultures, times, and environments, and demonstrate an understanding of cultural pluralism.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Total Units = 18-20

For graduation requirements see Requirements for the Associate Degree on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Description

Child Development offers programs for career and transfer students. Certificates of Performance, Certificates of Achievement and an Associate of Science Degree are available to students interested in a range of child development opportunities and in meeting the requirements for the State of California Child Development permits and the California State Department of Social Services, Title 22, Community Care Licensing.

Program Emphasis

The Child Development program offers course work, training and supervised practicum experiences to meet state licensing requirements for working in centers, schools, childcare homes and service related agencies. These skills and knowledge gained in beginning courses provide the framework and foundation for more specialized courses.

Career Options

The San Diego Community College District offers an Associate of Science Degree, Certificates of Achievement and Performance, and transfer options in the field of Child Development/Early Childhood Education. The Assistant Teacher Certificate of Performance prepares students to work in public and private childcare settings. The Home Day Care Certificate of Performance provides student with skills and knowledge for childcare in family settings. The Associate Teacher, Teacher, and Master Teacher Certificates of Achievement, prepare students for higher levels of instructional...
positions and meet the requirements for the State of California Child Development Permits. The **Child Development Associate in Science Degree** prepares students for positions as teacher, master teacher and director in the field of Child Development/Early Childhood Education.

**Program Learning Outcomes**

Students who complete the Child Development Program will be able to:

- Develop the ability to anticipate, recognize and successfully work with various learning styles and abilities of children with different needs.
- Apply their knowledge of children’s physical, intellectual, social and emotional development to set up a stimulating learning environment and design a multicultural curriculum that involves age-appropriate activities.
- Assess, compare and contrast the ways in which families, childcare facilities, schools, peer groups and the community act as socializing agents for the developing child.
- Participate in student teaching and child observations to better understand behavior management and learn effective problem solving and conflict resolution.
- Develop the skills to meet the state of CA licensing requirements for working in centers, schools and child care homes as teachers, administrators or supervisors.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Certificates of Performance**

*A Certificate of Performance is a departmental award that does not appear on the student’s transcript. All courses must be completed within the San Diego Community College District.

**Certificate of Performance: Assistant Teacher**

This Certificate of Performance prepares students to assist in the instruction of children under the supervision of an Associate Teacher or higher instructor.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog.

Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult with the current catalog of the transfer institution and consult with a counselor.

Communication Studies

Award Type | Units
---|---
Associate of Arts Degree: Communication Studies | 18*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Associate in Arts for Transfer Degree: Communication Studies | 18

Description

The Communication Studies program is designed to offer a broad spectrum of communication classes that provide preparation for the major in Communication, and training for occupations in which public contact and verbal skills are important.

Statement of Goals

The Communication Studies program is designed to prepare students to meet lower division transfer requirements and to allow students to participate in several areas of oral communication, including public speaking, interpersonal communication, oral interpretation, and debate.

Program Emphasis

The Communication Studies program emphasizes preparation for the major in Communication and provides students the opportunity to develop skill in public speaking, interpersonal and group communication, oral interpretation, and debate. In addition, students are able to participate in Speech/Debate competitions.

Career Options

Students in this program develop personal and professional communication skills that prepare them to enter careers in community service, sales, performing arts, teaching, and other communication professions. Most of these fields require an advanced degree.

Program Learning Outcomes

Students who complete the Communication Studies Program will be able to:
• Analyze contemporary socio-political issues by delivering speeches on select topics. Speeches are highly developed, outlined, and fully supported with research. Students must move beyond mere description and provide a rationale for their thought process.

• Use oral and written communication to advance ideas and advocate positions.

• Engage in speech activities such as persuasive speaking where they will advocate controversial ideas to others, adapt to audiences, and critically analyze contentious issues. Speeches are taped and students are expected to analyze their own performance as well as provide feedback for other speakers.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Speech and Debate

The Olympian Speech and Debate Program is dedicated to improving students’ speaking skills. The team will travel to several tournaments a year, competing in eleven Individual Speech Events (Informative, Persuasion, After Dinner Speaking, Poetry, Prose, Dramatic Interpretation, Programmed Oral Interpretation, Duo, Communication Analysis, Impromptu, Extemp) and Parliamentary Debate. If you wish to become a better speaker, have some fun, and enjoy a truly competitive activity, the San Diego Mesa College Olympian Speech and Debate Team is for you.

Associate of Arts Degree: Communication Studies

The Associate of Arts in Communication Studies certifies that a student has emphasized the theory and practice of communication skills, has met the preparation for the major in Communication, and is prepared to begin upper division work at a four-year college or university.

Total Units = 18

For graduation requirements see Requirements for the Associate Degree on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

Recommended Electives: Communication Studies 99, 117C, 117D, 165, and courses in Dramatic Arts; Theatre Arts; Radio and Television; Journalism; Sociology; and Psychology.

Associate in Arts in Communication Studies for Transfer Degree:

The Associate in Arts in Communication Studies for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Communication Studies or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

Program Learning Outcomes:

Students who complete the Communication Studies for Transfer Program will be able to:

• Analyze contemporary socio-political issues by delivering speeches on select topics. Speeches are highly developed, outlined, and fully supported with research. Students must move beyond mere description and provide a rationale for their thought process.

• Use oral and written communication to advance ideas and advocate positions.

• Engage in speech activities such as persuasive speaking where they will advocate controversial ideas to others, adapt to audiences, and critically analyze contentious issues. Speeches are taped and students are expected to analyze their own
performance as well as provide feedback for other speakers.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Note:** Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

**Award Notes:**

Students are required to complete a maximum of 60 CSU transferable units with a minimum overall grade point average of 2.0.

**Major:** A minimum of 18 units with grade of "C" or "P" or better.

**General Education:** In addition to the courses required in the major, students must complete one of the following general education options:

- The California State University General Education Breadth pattern
- The Intersegmental General Education Transfer Curriculum pattern

**Note:** Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

Computer Business Technology

Award Type | Units
---|---
Certificate of Achievement: Business Information Worker I | 16-17
Associate of Science Degree: Administrative Assistant | 29*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Description

Computers and web technologies are ubiquitous in the majority of businesses and industries. Computer Business Technology is a versatile field that offers employment opportunities in a variety of business settings. The Computer Business Technology Associate Degree and Certificate programs are designed to prepare students for positions as working professionals with the opportunity to enhance and modernize their skills in computer technologies, information records management, desktop publishing and computer-related office skills.

Career Options

Administrative Assistant, Office Manager, Office Clerk, Word Processor, Records Information Management, Customer Service Representative, Receptionist, Records Clerk, Cashier, and Business Computer Applications.

Program Learning Outcomes

Students who complete the Computer Business Technology Program will gain facility with:

- **Technological Awareness:** Students will be able to evaluate and apply appropriate technology to support specific business activities and business solutions.

- **Critical Thinking:** Students will be able to analyze specific business problems or situations and identify possible solutions, including predictive analysis, synthesis of information, resourcefulness, and troubleshooting.

- **Communication:** Students will be able to choose the appropriate mode of communication for a specific situation and then communicate ideas, concepts, and solutions through effective written and oral communication.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Certificate of Achievement: Computer Business Technology

Business Information Worker I

This certificate prepares students for a broad range of entry-level office and administrative support positions in a variety of business environments.

Goals

The goal of the Business Information Worker I (BIW I) Certificate of Achievement is to prepare students for entry-level office and administrative support in the following areas: basic oral and written communications; basic computer applications skills, including beginning Word, Excel, and Outlook; the fundamentals of computer systems; as well as critical thinking, problem solving, and interpersonal skills.

Emphasis

The emphasis of the Business Information Worker I Certificate of Achievement is to prepare students in a broad range of entry-level office skills and applications that will be the foundation for further on-the-job training in specific work environments.

Career Options

Three job titles graduates of this certificate would be qualified for are: Receptionist/Information Clerk, Secretary/Administrative Assistant (except Legal, Medical, and Executive), and General Office Clerk.

**Computer and Information Sciences**

**Award Type** | **Units**
---|---
Certificate of Performance: Computer Programming | 15
Certificate of Achievement: Computer and Information Sciences | 31–32
Associate of Science Degree: Computer and Information Sciences | 31–32*
Associate in Science for Transfer Degree: Computer Science | 33

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Description**

Prepares students for employment in the rapidly expanding field of Computer and Information Sciences and offers the skills required to function effectively in various occupations and professions requiring the use of computers. Required courses focus upon the use and functioning of the computer and relate the general study of the computer with studies of specific languages, enabling the student to combine computer hardware and software to process data into information. Upon completion of this curriculum, the student should have the capability to apply computer technology to diverse business and professional environments and be qualified for employment as an entry-level programmer in the computer and information sciences industry or transfer to 4 year institution.

**Program Learning Outcomes**

Students who complete the Computer and Information Sciences Program will gain facility with:

- **Technological Awareness:** Students will be able to evaluate and apply appropriate technology to support specific business activities and business solutions.

- **Critical Thinking:** Students will be able to analyze specific business or information technology problems or situations and identify
possible solutions, including predictive analysis, synthesis of information, resourcefulness, and troubleshooting.

- **Communication:** Students will be able to choose the appropriate mode of communication for a specific situation and then communicate ideas, concepts, and solutions through effective written and oral communication.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Certificate of Performance: Computer Programming**

This certificate of performance in computer programming requires completion of the courses listed below and is meant to prepare students who are planning on preparing for entry-level positions in computer programming and/or information technology. The certificate of performance also offers students the opportunity to learn or enhance computer programming skills.

**Courses:**

**Associate of Science Degree: Computer and Information Sciences**

The associate degree in Computer Information Sciences requires completion of the courses listed below and is meant to prepare students who are planning on transferring to Information Decision Systems programs at four-year institutions. Additional general education and graduation requirements for the associate degree are listed in the Academic Requirements section of the catalog. The associate degree requires completion of a minimum of 60 units.

*Choose a minimum of 3 units in CISC. Students should consult with their counselor prior to choosing
Electives to ensure electives meet program and/or transfer goals.

For graduation requirements see Requirements for the Associate Degree on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

**Associate in Science in Computer Science for Transfer Degree:**

The Associate in Science in Computer Science for Transfer is intended for students who plan to complete a bachelor’s degree in Computer Science or a related major in the California State University (CSU) system. It is accepted by some, but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

**Note:** Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

**Award Notes:**

Students are required to complete 60 semester or 90 quarter CSU transferable units, with a minimum overall grade point average of 2.0, to include the following:

**Major:**

- A minimum of 18 semester or 27 quarter units.
- A minimum grade of “C” or “P” or better for each course required in the major.

**General Education:** Complete one of the following general education options:

- The California State University General Education Breadth (CSUGE-B) pattern
- The Intersegmental General Education Transfer Curriculum (IGETC) pattern

Electives, as needed, to meet the 60 semester or 90 quarter CSU transferable units required for the degree.

**Note:** Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

### Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.
Culinary Arts/Culinary Management

Award Type                      Units
Certificate of Achievement:  
Culinary Arts/Culinary Management in Hospitality  31  
Baking and Pastry  15

Associate of Science Degree:  
Culinary Arts/Culinary Management in Hospitality  48*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Description
The Culinary Arts/Culinary Management program offers a variety of courses that develop skills with a hands-on and innovative approach. An introduction to cooking at the fundamental level to advanced skills in classical and modern techniques are the core of the culinary program. The coursework combines both laboratory and theory in a rigorous training format. The program has a student-operated restaurant and bakeshop/creamery that provides experience in a real-life setting. Coursework is supplemented with participation in the field with excursions to local farms, restaurants, and food purveyors. The emphasis of the program is providing industry relevant training in classical and advanced techniques such as, but not limited to, Gastronomy, Garde Manger and Baking & Pastry. The program has strong partnerships with local industry leaders and professionals in all aspects of the hospitality industry. Students are prepared for employment and transfer to four-year programs.

Program Goals
The goal of the culinary program is to provide students with industry-relevant training with a focus of building strong technical and career-building skills in the culinary field. Students obtain an integrated and expansive view of all aspects of the culinary arts for greater marketability and career opportunities.

Program Emphasis
The culinary program is designed for students interested in positions within the food industry. The emphasis of the program is providing industry-relevant training in classical and advanced techniques that can be applied in a wide range of culinary career settings. Opportunities are not limited to restaurants. Resorts, casinos, convention centers, catering, cruise ships and destination locations are all potential places of employment. Graduates can work for world-renown chefs, corporate industries, entrepreneurship, franchise operations, accounting and management within a multitude of workplaces, private chef and all aspects of one of the world's largest private sector.

Career Options
Majoring in Culinary Arts/Culinary Management allows graduates to become culinary specialists with varied career options such as being a caterer, line cook, restaurateur, executive chef, food stylist, pastry chef, baker, kitchen manager, restaurant manager, private chef, entrepreneur, food writer or editor, product research and development specialist, or sous chef, to name a few. Rapid promotional opportunities in this field exist for people with increasing skill sets and enhanced educational backgrounds. Careers in hospitality and tourism extend far beyond individual restaurants, recreation services, food service operations, hotels and lodging facilities, and travel-related businesses. Worldwide experiences abound in resorts, country clubs, catering companies, cruise lines, casinos, convention centers, theme parks, airlines, and more.

Program Learning Outcomes
Students who complete the Culinary Arts/Culinary Management in Hospitality Program will be able to:

• Demonstrate academic and practical knowledge of food flavorings and seasoning of common national and international cuisines.

• Proficiently use all basic culinary equipment including large equipment to hand tools.

• Demonstrate all knowledge necessary to produce food in a safe and sanitary fashion for public consumption.

• Students will explain the relationship between purchasing, receiving, storage, production and cost of goods sold.
Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Certificate of Achievement: Baking and Pastry**

Students perform fundamental and advanced baking and pastry skills. This certificate is an advanced certificate with emphasis on developing pastry chef and baker skills. The courses focus on the academic and practical skills required to prepare baked goods in any professional culinary setting.

Description

The Mesa College Dance Program offers a comprehensive curriculum designed to provide practical and theoretical training for students interested in a dance career. The core curriculum provides an excellent foundation in dance technique, choreography and performance skills. In addition, this program offers lower division theory courses to prepare the student for transfer to a four-year institution as a dance major. Students planning to transfer to a school of dance should consult with a counselor to select acceptable transfer courses.

Program Goals

The Dance program focuses not only on training the student who wishes to transfer to a four-year institution in dance, achieve an associate degree, or pursue a certificate for immediate employment in the entertainment market, but also on providing opportunities for all students to learn about and experience dance.

Program Emphasis

The program emphasizes the development of dancers versed in a wide variety of movement genres. The core curriculum focuses on ballet, modern, jazz, improvisation, choreography, performance, production, music for dancers and dance history. Emphasis is placed on the practical application of techniques and theories in concerts and public performances. The program also offers the option to explore tap, hip hop, conditioning, ethnic and social dance forms.

Career Options

The following list is a sample of the many career options open to students with a dance education.

The majority of these options require a baccalaureate or graduate level degree.

Professional Dancer, Choreographer, Dance Instructor, Dance Therapist, Dance Production Technician, Dance Administrator, Dance Critic, Dance Historian, Studio Owner, Company Director, Dance Promoter, Movement Notator, Recreation Leader, Fitness Instructor, Talent Agent.

Program Learning Outcomes

Students who complete the Dance Program will be able to:

- **Communication:** Students will be able to identify, compare, contrast and evaluate theatrical forms of dance in a socio-historical context as an artistic, political or ideological medium of communication.
- **Critical Thinking:** Identify, analyze, assess and perform dance combinations and choreography.
- **Professional Behavior:** Identify specified line, design, technique and vocabulary as well as rhythmic, dynamic and emotional concepts for a wide variety of movement.

Certificate of Achievement: Commercial Dance

The Certificate of Achievement in Commercial Dance is designed for students seeking professional dance opportunities in the entertainment field. This comprehensive program trains the students in a variety of dance techniques coupled with vocal music and acting courses.

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Description**

The San Diego Mesa Dental Assisting Program uses state-of-the-art dental equipment, hardware, and software to maintain relevance for dental assisting students and to be competitive with the other dental assisting schools. The dental field is changing rapidly in regards to new technology, equipment and allowable duties. Students interested in the administrative side of dentistry and office duties should review information under the Dental Office Administration Certificate of Achievement.

The Dental Assisting program is accredited by the Dental Board of California and the Commission on Dental Accreditation of the American Dental Association. Upon completion of the program, the student is awarded a Certificate of Achievement from the college and may complete an Associate degree with additional general education coursework. Students also receive a Radiation Safety Certificate to operate dental x-ray equipment in the State of California. At the completion of the program, students earn proof of completion in Coronal Polishing, Dental Sealants, Infection Control, and the California Dental Practice Act. Graduates are eligible to take the California Registered Dental Assistant (RDA) State Board and the Certified Dental Assistant (CDA) National Written Examination.

Students must maintain a grade of "C" (75%) or higher in all courses to continue in the program. Course repetition in this program is not permitted. This program is governed by the Allied Health Department Policies.

Eligibility for enrollment in this program is determined by a special admissions process. Interested persons should review program...
information at http://www.sdmesa.edu/academics/schools-departments/allied-health/.

**Directed Clinical Practice (DCP) Requirement**

Students accepted into the Dental Assisting program will be required to successfully complete DCP, clinically-based courses held in health care facilities. These facilities may require background checks, including fingerprinting and drug screening, as a condition of placement at the clinic.

Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in the DCP courses and thus, it may not be possible to successfully complete the program.

Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility's standards of safety, health and ethical behavior. This may be cause of removal from the program.

**Dental Assisting Mission Statement**

The Dental Assisting Program at San Diego Mesa College provides dental assisting students the knowledge and skills to succeed as a dental health care professional. As a State and Nationally accredited program, we promote learning, leading to licensure and credentialing in dental assisting. By providing quality education to our diverse students, we contribute to the regional dental workforce, which provides access to care and dental health in San Diego County.

**Program Goals**

The Dental Assisting Program is committed to:

1. Keeping current with the state-of-the-art dental equipment and techniques;
2. Providing dental assisting students currency for employment;
3. Promoting safe, ethical, and quality patient care;
4. Developing or enhancing the student's critical thinking, time-management, problem solving and communication skills.

**Program Emphasis**

The San Diego Mesa Dental Assisting Program requires state-of-the-art dental equipment, hardware, and software to maintain relevance for dental assisting students and to be competitive with the other dental assisting schools. The dental field is changing rapidly in regards to new technology, equipment and allowable duties. According to the local Dental Society advisory members there is not only a demand for qualified Registered Dental Assistants but also the Dental Business Administrative Assistant.

**Career Options**

Dental Assistant, Registered Dental Assistant, Dental Office Administrator and Dental Office Manager.

**Program Learning Outcomes**

- Perform skills and apply knowledge of dental assisting to work as a chairside assistant and administrative assistant.
- Obtain licensure and certifications applicable to dental assisting.
- Conduct themselves as legal and ethical dental professionals within the scope of practice for dental assistants.
- Communicate effectively, both verbally and in writing, as appropriate for a dental healthcare worker.
- Promote positive change in the community through volunteering.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Certificate of Achievement: Dental Assisting (RDA,CDA)**

The Dental Assisting Certificate of Achievement prepares students for employment to work as a Dental Assistant as well as prepare students for their state and national boards. Training includes basic and advanced chairside dental supportive procedures; infection control protocol including sterilization of instruments; preparation and manipulation of a variety of dental materials; knowledge of correct operation of dental x-ray equipment including exposing, processing, and mounting dental radiographs; coronal polishing; pit and fissure sealants; clinical competency on dental patients; skills in written and verbal communications in the dental setting; California Dental Practice Act; dental business administration software.
and responsibilities; and knowledge in all dental specialties. Students must complete Directed Clinical Practice that allows them to advance their clinical skills.

**Certificate of Achievement: Dental Office Administration**

The Dental Office Administration Certificate of Achievement prepares students to work in an administrative setting in a dental office. This certification can be completed in two semesters. Training includes skills in written and verbal communication with patients and insurance companies; knowledge of dental anatomy and terminology; competency in completing dental insurance forms and utilizing the software to bill and schedule patients. The certificate’s DENA courses are part of the accredited Dental Assisting program, but presently the certificate itself doesn’t fall under the accreditation process. Upon completion of this certificate, the student will be prepared to obtain a job working as an entry-level administrator within a dental office.

**Description**

The Dramatic Arts Program provides students with both the theory and practical experience necessary for either employment in beginning levels of professional theatre or transfer to a four-year institution. Unique to Mesa College is the Mesa College Theatre Company (MCTC), a two-year comprehensive training program that encompasses study in the areas of acting, design, technical theatre, marketing and management. Through MCTC, the Department provides practical, hands-on production experience combined with formal instruction to offer a comprehensive introduction to students interested in the study and creation of the dramatic arts.

The Associate of Arts Degree in Dramatic Arts requires participation in the Mesa College Theatre Company. This experience offers students the opportunity to explore, in depth, the various aspects of the discipline. Students are encouraged to experience all of the craft areas utilized in the presentation of a musical or play through various activities, providing students with a broad range of practical training. Successful completion of the AA Degree in Dramatic Arts prepares students for transfer with both the theory and practical experience necessary for either entry-level employment in the entertainment industry or transfer to a four-year institution.

The Associate in Arts in Theatre Arts for Transfer (AA-T) prepares students to transfer into the CSU system to complete a baccalaureate degree in Theatre Arts or a similar major. Various production opportunities are offered to provide students with a broad range of practical training. Successful completion of the Transfer Degree in Theatre Arts guarantees student acceptance to a California State University (but does not guarantee acceptance to a particular campus or major) to pursue a baccalaureate degree.

The Performance Certificate of Achievement provides comprehensive training for students interested in the craft of acting within the discipline of Dramatic Arts. Students will focus study on developing the physical and vocal tools necessary to the actor as well as the techniques necessary for success in the profession. Curriculum promotes skills in play script analysis, acting technique, physical and vocal exploration, audition technique, and rehearsal and performance practice. This program is designed to provide students with the essential skills that will help them succeed in the field of acting for theatre, film and television.

**Program Goals**

Associate in Arts degree or complete preparation for the major in dramatic arts as necessary for transfer to a four-year school. The program also prepares students to pursue a career in various occupations throughout the entertainment and communication industries.

**Program Emphasis**

This program emphasizes the study of dramatic arts through participation in all aspects of theatrical production. It is a comprehensive program providing practical and theoretical experiences for the student interested in the study and creation of the dramatic arts.

**Career Options**

The study of dramatic arts prepares students to pursue careers in a variety of areas both within and beyond the entertainment industries. Careers such as actor, director, casting director, stage manager, designers, business manager, special events coordinator, producer, theatre manager, and teacher top the list. More importantly, however, students gain skill in oral communication, problem solving, self-confidence, leadership, adaptability, and flexibility, as well as the ability to work under pressure, meet deadlines, and work cooperatively with others. These are skills that aid them in whatever career path they choose.
Program Learning Outcomes

Students who complete the Dramatic Arts Program will be able to:

- Analyze and articulate the ideas and questions posited by the experience and study of theatre and film.
- Students expand their knowledge of the world and society through the engagement of dramatic arts.
- Students contribute effectively in the creative collaborative process.

Associate of Arts Degree: Dramatic Arts

The associate degree in Dramatic Arts certifies that a student has achieved a broad knowledge of the dramatic arts through a variety of specific experiences and, as a result, has produced a range of work signifying a thorough understanding of the discipline. This degree addresses the requirements for transfer to four-year colleges and universities and conservatory programs, and prepares students for entry-level careers in the entertainment industry as well.

The courses required for the major are intended to introduce the student to all aspects of theatre. Emphasis is placed on production, as participation results in active learning, allowing the student valuable hands-on experience. Through the course of the two year program, students will study acting scenery, costuming, lighting, and audio as well as being introduced to production and state management techniques and responsibilities.

Total Units = 35–39

While the required courses for the major in Dramatic Arts are intended to give the student a broad understanding of the various areas of study in the Dramatic Arts, required elective classes give the student the option to pursue one of those areas in more detail. For the student interested in acting, additional acting classes, movement classes or voice classes are recommended.
design student would pursue classes in art history, fashion history or practical lab courses. The student interested in production management should enroll in accounting and business classes that would further their base of knowledge in that area.

For graduation requirements see Requirements for the Associate Degree on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Associate in Arts in Theatre Arts for Transfer Degree:

The Associate in Arts for Transfer in Theatre Arts is intended for students who plan to complete a bachelor’s degree in Theatre Arts or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

Note: Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

Award Notes:

Students are required to complete 60 semester of 90 quarter CSU transferable units with a minimum overall grade point average of 2.0, to include the following:

Major:
- A minimum of 18 semester or 27 quarter units
- A minimum grade of “C” or “P” or better for each course required in the major.

General Education: Complete one of the following general education options:
- The California State University General Education Breadth (CSUGE-B) pattern
- The Intersegmental General Education Transfer Curriculum (IGETC) pattern

Electives, as needed, to meet the 60 semester or 90 quarter CSU-transferable units required for the degree.

Note: Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

Program Goals:
The purpose of this Associate in Arts degree program in Theatre Arts is to offer an organized course of study that will prepare students intending to major in Theatre Arts at the California State University.

Program Emphasis:
The Theatre Arts Associate in Arts for Transfer program emphasizes preparation for the major in Theatre Arts at the California State University.

Associate in Arts for Transfer Degree: Economics | 18–23

**Associate in Arts in Economics for Transfer Degree:**
The Associate in Arts in Economics for Transfer is intended for students who plan to complete a bachelor’s degree in Economics or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

Students who complete the Economics Program will be able to:

- **Critical Thinking:** Students will demonstrate an ability to apply relevant economic theory to data, and derive rational conclusions.
- **Communications:** Students will be able to articulate critical thinking outcomes in speech and written word.
- **Global Awareness:** Students will be able to identify and understand global economic issues.

**Note:** Students who plan to complete this degree should consult a counselor and visit [www.assist.org](http://www.assist.org) for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

Program Learning Outcomes

Students who complete the Engineering Program will display the ability to:

- use proportional reasoning and graphical analysis to establish and analyze relationships between measured quantities.
- apply conceptual and mathematical tools to correctly predict the future state of physical systems.
- clearly communicate scientific principles, experimental results, and their implications.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Electives (Mesa College) as needed to meet minimum of 60 units required for the degree.

Recommended Electives: Astronomy 101, 109, 111; Biology 107; Chemistry 100, 100L, 130, 130L, 152, 152L, 160, 161, 200, 200L, 201, 201L, 231, 231L, 233, 233L, 251, 255, 290, 296; Communication Studies 103; Computer and Information Sciences 150; Economics 120; Engineering 115, 151, 200, 210, 250, 260, 270; Geography 101, 101L, 102, 290; Geology 296; Mathematics 96, 104, 118, 119, 141, 150, 151; Physical Sciences 100, 101, 296; Physics 100, 125, 126, 195, 196, 197, 290.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section.

Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Associate in Arts for Transfer Degree:

English 18–20

Description

For students seeking a broad appreciation of literature and increased skills in communication. Superior ability to understand and use English is necessary for success in such careers as education, writing, advertising, selling, journalism, law, business and government.

Students planning to transfer to a four-year institution should learn the requirements for English majors at that institution.

Note: English 205 meets SDSU/CSU critical thinking requirement. Not all courses are offered at each campus. For graduation requirements see Academic Requirements section of catalog. The associate degree requires a minimum of 60 units. Transferable Units as Prep for the Major at SDSU: SDSU will accept a total of 12 units of literature and creative writing as preparation for the English Major. This includes any combination of lower division literature courses and up to six units of creative writing courses.

Program Learning Outcomes

Students who complete the English Program will gain facility with:

Rhetorical Awareness (as readers and writers)

- Students will be able to write clear, thoughtful prose using appropriate steps of a writing process.
- Students will be able to identify arguments as well as patterns and strategies of organization in a variety of texts.
• Students will be able to develop visual literacy to identify arguments in advertisements, websites, photographs and other visual media.

• Students will be able to select appropriate research strategies.

• Students will be able to employ correct citation formats.

Critical Thinking
• Students will be able to: analyze and weigh the truth value of conflicting claims.

Creative Thinking
• Students will be able to synthesize elements of texts in surprising and unexpected ways.

Global Awareness
• Students will be able to describe and explain multiple perspectives.

• Students will be able to analyze the effects of different cultural perspectives on classic and contemporary issues.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Journalism Program
The English Department’s Journalism Program is dedicated to familiarizing students with the demands of the journalism profession and providing them with a realistic experience in media production. In accordance with that vision for journalism education, the program provides an introductory course on news writing, reporting, editing, and media law and ethics. An advanced course devoted to the publication of The Mesa Press (Journalism 210A), San Diego Mesa College’s campus newspaper, allows students to engage in all phases of newspaper production, including news writing, reporting, editing, photography, advertising, design and layout.

See page 252 for Journalism degree/certificate information.

Certificate of Achievement: Creative Writing
This certificate is designed for students who want to hone their writing skills by participating in creative writing workshops and immersing themselves in literature and also for students preparing portfolios for 4-year colleges. In addition, students preparing for the work world may benefit from the certificate as evidence of writing skills, which many businesses require.

Courses Required for the Major:  Units
Select six units from the following:
ENGL 245A Writing Creative Nonfiction  3
ENGL 245B Advanced Creative Nonfiction  3
ENGL 247A Writing Seminar – Poetry  3
ENGL 247B Advanced Writing Seminar – Poetry  3
ENGL 249A Introduction to Creative Writing I  3
ENGL 249B Introduction to Creative Writing II  3
ENGL 252A Fundamentals of Fiction Writing  3
ENGL 252B Intermediate Fiction Writing  3

Select six units from the following:
BLAS 155 African American Literature  3
CHIC 135 Chicana/o Literature  3
ENGL 208 Introduction to Literature  3
ENGL 210 American Literature I  3
ENGL 211 American Literature II  3
ENGL 215 English Literature I: 800 – 1799  3
ENGL 216 English Literature II: 1800 – Present  3
ENGL 220 Masterpieces of World Literature I: 1500 BCE – 1600 CE 3
ENGL 221 Masterpieces of World Literature II: 1600 – Present  3
ENGL 230 Asian American Literature  3
ENGL 237 Women in Literature  3
ENGL 240 Shakespeare  3
Select an additional six units from the lists above.

Total Units = 28–30

1If not taken in “Select three units...” above.

**Transferable Units as Prep for the Major at SDSU**

SDSU will accept a total of 12 units of literature and creative writing as preparation for the English Major. This includes any combination of lower division literature courses and up to six units of creative writing courses.

**Associate in Arts in English for Transfer Degree:**

**Description:**
The English Associate in Arts for Transfer is intended for students who plan to complete a bachelor’s degree in English or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

**Note:** Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

**Award Notes:**

Students are required to complete a maximum of 60 CSU transferable units with a minimum overall grade point average of 2.0. to include the following:

**Major**

- A minimum of 18 semester of 27 quarter units
- A minimum grade of “C” or “P” or better for each course in the major. Students should review the Pass/No Pass acceptance policy of the transfer institution prior to requesting this grade option.

**General Education.** Complete one of the following:

- The California State University General Education Breadth (CSUGE-B) pattern
- The Intersegmental General Education Transfer Curriculum (IGETC) pattern

**Note:** Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.
Program Goals
The purpose of this Associate in Arts degree program in English is to offer an organized course of study that will prepare students intending to major in English at the California State University.

Emphasis
The English Associate in Arts for Transfer program emphasizes preparation for the major in English at the California State University.

Courses Required for the Major:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 205</td>
<td>Critical Thinking and Intermediate Composition</td>
<td>3</td>
</tr>
<tr>
<td>ENGL 208</td>
<td>Introduction to Literature</td>
<td>3</td>
</tr>
</tbody>
</table>

Category A: Select two of the following courses. Sequential courses highly preferred. Recommend selecting courses which meet the lower division major preparation requirements of your prospective transfer university. (Minimum of six units):

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 210</td>
<td>American Literature I</td>
<td>3</td>

</tbody>
</table>

Total Units = 18–20

Note: Category C may also be satisfied as follows: completion of a language course other than English which is articulated as fulfilling CSUGE-B Area C2, including American Sign Language (AMSL) courses. Electives as needed to meet maximum of 60 units required for the degree.

Transfer Information
Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Environmental Design Studies
Studies in Environmental Design leading to degrees and/or certificates are found in the following areas:

- Architecture
- Computer Aided Design/Drafting
- Construction Management
- Garden Design
- Landscape Architecture
Exercise Science

Award Type          Units
Certificate of Achievement:  
Aquatics             19.5 – 21
Health and Wellness Coaching 18.5–19
Personal Trainer       19–27

Associate of Science Degree:  
Kinesiology           25 – 32*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Associate in Arts for Transfer Degree:  
Kinesiology            20–24

Description
The Exercise Science Department offers a diverse curriculum which includes lower division theory courses designed for those who want to complete their Associate in Science degree in Kinesiology and transfer to an institution of higher learning. The Curriculum includes a basic instruction program which provides students a wide variety of movement experiences for the development of physical activity skills, knowledge, and fitness necessary for lifetime wellness; an adapted activities curriculum for students with disabilities; and an intercollegiate athletic program, which offers performance-oriented students opportunities for competition.

Career Options
• Personal Trainer
• Group Exercise Leader
• Fitness Management
• Fitness Equipment Sales

Program Learning Outcomes
Students who complete the Physical Education Program will be able to:

• Critical Thinking: Apply core critical thinking skills of analysis, interpretation, evaluation, and explanation in the development of AL and fitness plans and the acquisition of skill development, including proper techniques, physiological principles and kinesthetic awareness.

• Communication: Demonstrate effective and sensitive verbal, non-verbal and written communication skill.

• Self-Awareness: Value and implement physical fitness activities, wellness strategies and principles in support of a healthy lifestyle.

• Professional and Ethical Behavior: Display the attributes of sportsmanship and teamwork as it pertains to physical education and athletic competition.

• Information Literacy: Utilize current technology to research and compile information in health and wellness, human performance and athletic competition.

Aquatics
The Exercise Science Department offers a diverse curriculum which includes lower division theory courses designed for those who want to complete their Associate in Science degree in Kinesiology and transfer to an institution of higher learning.

The Curriculum includes a basic instruction program which provides students a wide variety of movement experiences for the development of physical activity skills, knowledge, and fitness necessary for lifetime wellness; an adapted activities curriculum for students with disabilities; and an intercollegiate athletic program, which offers performance-oriented students opportunities for competition.

Program Goals:
This program intends to serve students interested in employment in the field of Aquatics including lifeguards, swimming pool attendants and instructors in water activities such as swimming, stand up paddle boarding and kayaking. The core curriculum provides excellent foundation in water safety techniques, specific water sports skills, injury prevention, emergency response, communication and business management. Students will be qualified for entry-level employment as lifeguards, swim instructors and water sport specific instructors.

Objectives:
1. Compare and contrast leadership theories.
2. Apply effective and ethical communication practices.
3. Identify practices used to avoid injuries in an aquatic environment.
4. Apply appropriate rescue and first aid practices.
5. Demonstrate advanced water sport skills.

Program Emphasis:
This program emphasis is to prepare students for a career in the aquatics field. Students will be able to experience practical applications of skills necessary for employment in the aquatics industry. Emphasis is placed on leadership and communication skills as well as the physical skills required for aquatic activities.

Career Options:
- Lifeguard
- Water Safety Instructor
- Swimming Instructor
- Swimming and/or Diving Team Coach
- Stand Up Paddle Board Instructor
- Kayak Instructor
- Pool Supervisor
- Aquatics Recreation Center Manager
- Aquatics Group Fitness Instructor

Certificate of Achievement: Aquatics
The Certificate of Achievement in Aquatics offers comprehensive curriculum designed to provide practical and theoretical training for students interested in careers in the Aquatics industry. In addition, this program offers lower division theory courses to prepare the student for transfer to a four-year institution as a kinesiology major.

Award Notes:
A "C" or better must be achieved in all required courses and electives in order to receive a certificate of achievement.

Courses Required for the Major: Units
EXSC 241B Introduction to Kinesiology 3
EXSC 118 Lifeguard Training 3
EXSC 119 Water Safety Instructor 3
EXSC 242B Care and Prevention of Injuries 3
or
HEAL 131 Emergency Medical Response 3
COMS 135 Interpersonal Communication 3
Select 3 units (1 course) from business
BUSE 129 Introduction to Entrepreneurship 3
or
BUSE 155 Managing the Small Business 3
or
BUSE 201 Business Organization and Management 3
Select 0.5 – 1 Unit (1 course) from swimming
EXSC 113A Swimming I 0.5 – 1
or
EXSC 113B Swimming II 0.5 – 1
or
EXSC 113C Swimming III 0.5 – 1
or
EXSC 113D Swimming IV 0.5 – 1
Select 0.5 – 1 Unit (1 course) from aquatic fitness
EXSC 114A Aquatic Fitness I 0.5 – 1
or
EXSC 114B Aquatic Fitness II 0.5 – 1
or
EXSC 114C Aquatic Fitness III 0.5 – 1
or
EXSC 114D Aquatic Fitness IV 0.5 – 1
or
EXSC 116A Stand Up Paddle Boarding 1
or
EXSC 116B Kayaking 1
Select 0.5 – 1 Unit (1 course) from surfing
EXSC 110A Surfing I 0.5 – 1
or
EXSC 110B Surfing II 0.5 – 1
or
EXSC 110C Surfing III 0.5 – 1
or
EXSC 110D Surfing IV 0.5 – 1
Total Units = 19.5 – 21

Certificate of Achievement: Health and Wellness Coaching
The Health and Wellness Coaching Certificate of Achievement gives students the skill to improve the health of individuals and groups through interventions in behavior change, nutrition, and physical activity. Students gain an understanding of the science behind behavior change, nutrition, and physical activity, and are prepared to implement evidence-based strategies to improve long-term health.

Certificate graduates will be able to facilitate healthy lifestyle change in multiple sectors of the allied health field including hospitals, clinics, worksites, non-profit organizations, and private businesses.
The Health and Wellness Coaching Certificate of Achievement is intended for those working or planning to work as health coaches, personal trainers, registered dietitians, registered nurses, physicians, physical therapists, physician assistants, physical therapy assistants and others who work in the allied health field.

As the health and wellness industry continues to expand, there is a need for individuals who understand the principles of behavioral modification to improve individual and population level health. The Health and Wellness Coaching Certificate of Achievement positions students at the forefront of the expanding health and wellness industry.

**Note:** A "C" or better must be achieved in all required courses and electives in order to receive a certificate of achievement.

**Personal Trainer Certificate Program***

Students who earn this award are trained to be group exercise leaders and personal trainers. Students learn the principles of exercise and physical conditioning, techniques of leading exercise classes, appropriate methods of establishing healthy behavior and the designing of personalized exercise prescriptions. Students develop safe, effective exercise plans for a variety of clients.

The Personal Trainer Certificate of Achievement trains students for positions, entry-level or higher, in the growing fitness industry.

Graduates are qualified to be exercise testing technicians, fitness instructors, strength training instructors, aerobic instructors, and personal fitness trainers.

The fitness industry continued to experience growth and has an ongoing need for trained instructors and trainers in health clubs, fitness centers, and sports medicine clinics.

Please note that students enrolled in an occupational program must earn a grade of “C” or better in courses required for the major.

**Total Units = 25–32**

For graduation requirements see [Requirements for the Associate Degree](#) on page 108.

** Electives as needed to meet minimum of 60 units required for the degree.**

### Associate in Arts in Kinesiology for Transfer Degree:

The Associate in Arts in Kinesiology for Transfer Degree is intended for students who plan to complete a bachelor's degree in Kinesiology or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

**Note:** Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

**Award Notes:**

Students are required to complete a minimum of 60 CSU transferable units with a minimum overall grade point average of 2.0.

**Major:** A minimum of 18 units with grade of “C” or better.

**General Education:** In addition to the courses required in the major, students must complete one of the following general education options:

- The California State University General Education Breadth pattern
- The Intersegmental General Education Transfer Curriculum pattern

**The following is required for all AA-T or AS-T degrees:**

- Completion of 60 CSU-transferable semester units. No more than 60 units are required.
- Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some CSU campuses and majors may require a higher GPA. Please see a counselor for more information.
- Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major (see list above). All courses in the major must be completed with a grade of “C” or better or a “P” if the course is taken on a “pass-no pass” basis.
- Certified completion of the California State University General Education Breadth pattern (CSU GE; see page 142 for more information); OR the Intersegmental General Education Transfer Curriculum pattern (IGETC; see page 134 for more information).

### Goals

The purpose of this Associate of Arts in Kinesiology for Transfer Degree program is to offer an organized course of study that will prepare students intending to major in Kinesiology at the California State University.

### Emphasis

The Associate in Arts in Kinesiology for Transfer Degree program emphasizes preparation for the major in Kinesiology at the California State University.

### Program Learning Outcomes:

- **Critical Thinking:** Apply core critical thinking skills of analysis, interpretation, evaluation, and explanation in the development of nutritional and fitness plans and the acquisition of skill development including proper techniques, physiological principles and kinesthetic awareness.
- **Communication:** Demonstrate effective and sensitive verbal, non-verbal and written communication skills.
- **Self Awareness:** Value and implement physical fitness activities, wellness strategies and principles in support of a healthy lifestyle.
- **Interpersonal Skills**: Display the attributes of sportsmanship and teamwork as it pertains to physical education and athletic competition.

- **Technological Awareness**: Utilize current technology to research and compile information in health and wellness, human performance and athletic competition.

Students will be assessed through a combination of performance evaluations, written assignments, projects, tests and quizzes.

### Recommended Electives:

Exercise Science 242B.

### Note:

Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

Electives as needed to meet maximum of 60 units required for the degree.
Transfer Information
Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require a third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Description
The Fashion program offers a variety of courses that allow students to develop skills to pursue careers in Fashion Design, Fashion Merchandising, Computer Fashion Technology: Design, Computer Fashion Technology: Merchandising, and related fashion careers. With a high emphasis on technology, both computer and equipment-based, students obtain skills that assist them in securing positions and advance in the fashion field. Coursework is supplemented with participation in field excursions, guest lecturers, work experience positions, and opportunities that involve the local fashion community. Much of the emphasis of the program is on active student learning and participation in class and campus activities that involve leadership and planning. A strong advisory board of fashion professionals provides input to the program and supports various activities on and off campus.

Program Goals
The goal of the Fashion Program is to provide students with technical and career skills that allow them to enter the fashion industry with a balance of knowledge, theory, and practical training. We strive to provide students with quality instruction, utilizing current technology and equipment, and relevant curriculum.

Program Emphasis
The Fashion Program is designed for students interested in pursuing a fashion related career. Students gain practical, technical and knowledge-based skills in their area of emphasis. In addition they gain an understanding of career opportunities and a working knowledge of the various components of the constantly changing fashion industry.

Career Options
Fashion Design: Careers in the areas of fashion design, technical design, pattern making, sample maker, merchandising, illustration, textiles, textile and print designer, or tailor.

Program Learning Outcomes
Students who complete the Fashion Program will gain facility with:

- Communication: Students will have the ability to demonstrate effective communication and
critical thinking through oral presentations and written work.

- **Technological Awareness**: Students will have the ability to use current technology such as computers, peripherals, and software or sewing equipment pertinent to fashion design or merchandising.

- **Global Awareness**: Students will have the ability to compare and contrast how various cultures and countries interrelate in the global fashion community.

- **Industry Preparedness**: Students will achieve a set of skills that keeps them current and allows them to secure employment in the Fashion industry.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Certificate of Achievement:**

**Fashion Design**

**Total Units = 33.5 – 38.5**

**Certificate of Achievement:**

**Computer Fashion Technology: Design**

The Computer Fashion Technology: Design Certificate of Achievement offers students courses that prepare them for work in the Fashion Design field. The emphasis on technological training provides students with a solid background that expands career options to include a growing number of fashion industry positions requiring strong computer and software skills. Students are trained to work with digital fashion design and
illustration, computerized patternmaking, technical design, textile and graphic design, and Internet sales and marketing.

Courses Required for the Major: Units
The Fashion Program recommends that students take FASH 130 & 130L early in their course of study and take FASH 140 prior to taking FASH 171.

Certificate of Achievement: Computer Fashion Technology Merchandising

Fashion Program: Merchandising Certificate of Achievement offers students courses that prepare them for work in Fashion Merchandising. The emphasis on software and technology provides students with a sound background that expands career options to include a growing number of fashion merchandising positions requiring strong computer and software skills. Students are trained to work in areas of fashion graphics, buying, marketing (traditional and Internet), promotion and publishing, business skills and general management for both small and large business operations.

Courses Required for the Major: Units
The Fashion Program suggests students take FASH 270, Work Experience, near the end of their course of study.

Associate of Science Degree: Computer Fashion Technology: Design

The Computer Fashion Technology: Design Associate of Science degree offers students courses that prepare them for work in the Fashion Design field. The emphasis on technological training provides students with a solid background that expands career options to include a growing number of fashion industry positions requiring strong computer and software skills. Students are trained to work with digital fashion design and illustration, computerized patternmaking, technical design, textile and graphic design, and Internet sales and marketing.

Fermentation

**Award Type**  
*Certificate of Achievement*  
Fermentation Management  29  
*Associate of Arts Degree:*  
Fermentation Management  45*  

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Description**  
The Fermentation Management program includes study of the production, management and business of the following industries: brewing, distilling, wine making, coffee roasting, and other various fermented beverages. Both the Certificate of Achievement and Associate of Science include study in the business aspect of the industry including sales and marketing, law, accounting, importing, distribution and operations. They also include the study of the production of beer, wine, spirits and other fermented beverages. The Associate of Science includes laboratory courses in beer and wine production, as well as other fermented beverages. The Associate of Science also helps prepare students for transfer to a similar four-year program.

**Program Emphasis**  
Students enrolled in the Fermentation Management program study the production, management and business of the following industries: brewing, distilling, wine making, coffee roasting, and other various fermented beverages.
Production focuses on beverage making, aging and tasting. For example, students build their palette to learn the difference between a new world and an old world wine, including the geography, climates and mix of grapes that make them taste different. They may be supplying the latest mocha java on campus one week, and the newest pilsner the next.

Management includes areas such as branding and marketing strategies for kombucha versus the latest IPA, understanding the various roles and responsibilities of a craft brewing upstart, or scaling it for future growth.

The business side teaches students about the various laws and zoning for opening a craft brewery, distillery or kombucha bar. How they might import international options for their menus, export their creations across the border, profit during that process, and market their start up to a larger company in the future are all explored.

Goals

To obtain a broad understanding of the various fermented beverage industries so students are more desirable and marketable, resulting in greater advancement in the industry.

The objectives for the Fermentation Management program are to:

1. Emphasize a broad foundation in fermentation management and practice.
2. Prepare students for all stages of fermentation management and how it relates to production, operations, finance, hiring, retail, sales, marketing, laws and regulations.
3. Provide students with an understanding of the fermentation process, timeline and ideal environment for the process to take place.
4. Have students produce quality fermented beverages in a safe manner utilizing equipment comparable to beverage manufacturing operations. (Fermentation Management AS only)

Career Options

The world of fermentation is unique because it offers opportunities in a variety of vocations. The program allows students to pursue many facets of the fermentation and beverage industry. Career options include brewer, wine maker, distiller, coffee roaster, tap room manager, winery manager, sales manager, entrepreneur, distributor, packager, bottler, beverage writer, and beverage manager, to name a few.

Employees could manage departments in brewing, wine making or research and development in San Diego, Temecula or even Valle de Guadalupe. They may be a quality controller, analyst in the operations laboratory, or manager of facilities and warehouse operations for a large craft production house. They may also become an entrepreneur opening their own brewery, winery, roasting facility or bar.

Electives as needed to meet minimum of 60 units required for the degree.

French

Award Type  Units
Associate of Arts Degree:  
French  26*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Description
Program provides training in the fundamental skills of understanding, speaking, reading and writing the language, and increases one’s familiarity with the French language. From a vocational standpoint, the curriculum will provide a student with skills useful in translating, interpreting, teaching, linguistic or literary research, music, foreign trade, or missionary work. The major requires 26 units in French, unless the student has completed two years of French in high school (with a “C” average or better). In this case, the department will determine the courses necessary to complete the requirements.

Program Learning Outcomes
- Demonstrate level-appropriate proficiency on the ACTFL scale in understanding, speaking, reading, and writing of the targeted language.
- Utilize targeted language skills to complete a general program of lower division coursework, pursue language study at the transfer level, for personal enrichment, or for professional development.
- Apply knowledge of and sensitivity to aspects of behavior, attitudes, and values of targeted language-speaking countries to connect with the global community.

Recommended Electives: Art–Fine Art 109, 111; Anthropology 103, 107; Chicana and Chicano Studies 135, 138; English 220, 221; Geography 102; History 115A, 115B, 120; Music 109; Philosophy 106; Vietnamese 201.

Transfer Information
Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution.

See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require a third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Description**

Geographic Information Systems (GIS) integrates hardware, software and data in a geographic format that is used to make decisions and share information. GIS connects the world we live in by allowing us to view, understand, interpret, and visualize data. GIS uses maps to reveal patterns and relationships.

The GIS program is designed to prepare students with technological skills and knowledge to map information that provides insights into social, economic, business, and environmental issues. This growing field is finding a place in almost every industry and academic area. These include anthropology, archaeology, biology, firefighting, police, business and finance, real estate, medicine and disease control.

**Program Goals**

To prepare students for entry into a range of jobs in GIS-related fields as well as for career advancement.

**Program Emphasis**

GIS technician training

**Career Options**

GIS Technician, GIS Analyst, GIS Data Specialist, GIS Specialist, GIS Mapping Technician, GIS Remote Sensing Technician, Engineering Technician, GIS Mapping Assistant, GIS Application Specialist, Engineering Aide

**Program Learning Outcomes**

Students who complete the Geographic Information Systems (GIS) Program will gain facility with:

- **Technological Awareness**: Students will be able to evaluate and apply appropriate geospatial technologies to support specific industry activities and solutions.

- **Critical Thinking**: Students will be able to analyze specific GIS problems or information needs and identify possible solutions, including determination of analytical approach, synthesis of information, resourcefulness, and troubleshooting.

- **Communication**: Students will be able to choose the appropriate mode of communication for a specific situation and then communicate ideas, concepts, and solutions through effective written and oral communication.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Certificate of Achievement: Geographic Information Systems Technician**

Geography

Award Type Units
Associate of Arts Degree: Geography 19–21*
* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Associate in Arts for Transfer Degree: Geography 19

Description
Geography is the study of cultural systems, the natural environment, and human-environment interactions. Geographers examine spatial distributions and patterns in a wide range of topics, such as urban sprawl, global climate change, the spread of religions, the growth of the global economy, migration trends, and the impact of environmental hazards. Depending on the course, geography is considered either a natural science (e.g., physical geography) or a social science (e.g., world regional geography). Regardless of area of emphasis, geographers understand the importance of scale (from local to global) when investigating real-world problems.

Program Goals
The primary objectives of the Geography program include the following: fulfillment of general education requirements for the natural sciences and social sciences, completion of the Associate of Arts degree, preparation for transfer to four-year institutions, and completion of general education requirements for students enrolled in four-year institutions.

Career Options
Most careers in Geography require education beyond the Associate degree and some require a graduate degree. Common career options in Geography include, but are not limited to, the following: Land use planner, demographer, water quality technician, spatial analyst, park biogeographer, and teacher.

Program Learning Outcomes
Students who complete the Geography Program will gain facility with:

- Critical Thinking: Think critically in reading about topics in Geography, thereby identifying problems, theses, arguments, evidence and conclusions.
- Communication: Write or speak about topics in Geography, thereby addressing problems, formulating theses, making arguments, analyzing and weighing evidence, and deriving conclusions.
- Personal Actions and Civic Responsibility: Demonstrate an ability to understand one’s role in society, take responsibility for one’s own actions, and make ethical decisions in complex situations.
- Global Awareness: Articulate similarities and contrasts among cultures, times, and environments, demonstrating an understanding of cultural pluralism.
- Technological Awareness: Demonstrate an ability to understand applications and implications of technology and to use technology in ways appropriate to the situation. This outcome includes information competency skills.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Associate of Arts Degree: Geography

Courses Required for the Major: Units
GEOG 101 Physical Geography 3
GEOG 101L Physical Geography Laboratory 1
GEOG 102 Cultural Geography 3
GEOG 104 World Regional Geography 3

Select two courses from the following:
GEOG 154 Introduction to Urban Geography 3
GISG 104 Geographic Information Science and Spatial Reasoning 3
MATH 119 Elementary Statistics 3

Select one course from the following (if not selected above):
ANTH 102 Introduction to Biological Anthropology 3
ANTH 103 Introduction to Cultural Anthropology 3
BIOL 101 Issues in Environmental Biology 4
BIOL 110 Introduction to Oceanography 3
CHEM 200 General Chemistry I – Lecture and CHEM 200L General Chemistry I – Laboratory 5

GEOL 100  Physical Geology  3
GISG 104  Geographic Information Science and Spatial Reasoning  3
MATH 119  Elementary Statistics  3
MATH 121  Basic Techniques of Applied Calculus I  3
MATH 150  Calculus with Analytic Geometry I  5

Total Units = 19–21

For graduation requirements see Requirements for the Associate Degree on page 108.

Associate in Arts in Geography for Transfer Degree:

The Associate in Arts in Geography for Transfer Degree is intended for students who plan to complete a bachelor's degree in Geography or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

Program Learning Outcomes:

Students who complete the Geography Program will gain facility with:

- **Critical Thinking:** Think critically in reading about topics in Geography, thereby identifying problems, theses, arguments, evidence and conclusions.

- **Communication:** Write or speak about topics in Geography, thereby addressing problems, formulating theses, making arguments, analyzing and weighing evidence, and deriving conclusions.

- **Personal Actions and Civic Responsibility:** Demonstrate an ability to understand one's role in society, take responsibility for one's own actions, and make ethical decisions in complex situations.

- **Global Awareness:** Articulate similarities and contrasts among cultures, times, and environments, demonstrating an understanding of cultural pluralism.

- **Technological Awareness:** Demonstrate an ability to understand applications and implications of technology and to use technology in ways appropriate to the situation. This outcome includes information competency skills.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Note:** Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

**Award Notes:**

Students are required to complete a maximum of 60 CSU transferable units with a minimum overall grade point average of 2.0.

**Major:** A minimum of 18 units with grade of “C” or "P" or better.

**General Education:** In addition to the courses required in the major, students must complete one of the following general education options:

- The California State University General Education Breadth pattern
- The Intersegmental General Education Transfer Curriculum pattern

**Note:** Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

**Courses Required for the Major:**

Geology

Award Type Units
Associate in Science for Transfer Degree:
Geology 27

Associate in Science in Geology for Transfer Degree:
The Associate in Science in Geology for Transfer is intended for students who plan to complete a bachelor’s degree in Geology or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

Note: Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

Award Notes:

Students are required to complete a maximum of 60 CSU-transferable units with a minimum overall grade point average of 2.0.

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0.

ADTs also require that students must earn a "C" or "P" or better in all courses required for the major or area of emphasis.

Note: Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

Program Goals:
The purpose of this Associate in Science in Geology for Transfer degree program is to offer an organized course of study that will prepare students intending to major in Geology at the California State University.

Program Emphasis:
The Associate in Science in Geology for Transfer program emphasizes preparation for the major in Geology at the California State University.

Courses Required for the Major: Units
GEOL 100 Physical Geology  3
GEOL 101 Physical Geology Laboratory  1
GEOL 111 The Earth Through Time  4
CHEM 200 General Chemistry I – Lecture  3
CHEM 200L General Chemistry I – Laboratory  2

MATH 151 Calculus with Analytic Geometry II  4

Total Units = 27

Electives as needed to meet maximum of 60 units required for the degree.
Health Information Technology

Award Type | Units
---|---
Certificate of Achievement | Coding Specialist 25

Associate of Science Degree:
Health Information Technology 30.5*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Bachelor of Science Degree:
Health Information Management 87**

**Plus lower division General Education Requirements and electives as needed to meet the lower division minimum of 60 units.

Description
The Health Information Technology program offers various avenues for students interested in a career in the health information field. The program is designed to prepare students to work in a variety of settings, including hospitals, outpatient clinics, behavioral health facilities, government health agencies, long-term care facilities, and various health information industry vendors.

Note:
Eligibility for enrollment is determined by a special admission procedure. Interested persons should review program information at http://www.sdmesa.edu/academics/schools-departments/allied-health/.

A grade of “C” or better must be maintained in all courses to continue in this restricted program. Course repetition in this program is not permitted unless student is granted readmission. This program is governed by the Allied Health Department Policies and Procedures.

Students must complete HEIT 214 and 215 within five years in order to receive the Health Information Technology Associate of Science degree.

Directed Clinical Practice (DCP) Requirement
Most allied health students are required to successfully complete DCP, clinically-based courses held in health care facilities. These facilities may require background checks, including fingerprinting and drug screening, as a condition of placement at the clinic. Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in DCP courses and thus, it may not be possible to successfully complete the program. Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility’s standards of safety, health and ethical behavior. This may be cause for removal from the program.

Goals
Students who complete a Health Information Technology certificate or degree will be prepared for a career in the health information field.

Career Options
Upon successful completion of the Associate of Science Degree in Health Information Technology, students may find employment in health information departments as a release of information specialist, document imaging specialist, entry-level coder, health information supervisor, clinical coding specialist, medical data analyst, data quality/integrity associate, clinical documentation specialist, cancer registry coordinator, or risk/compliance assistant.

Program Learning Outcomes
Students who complete the Health Information Technology Program will be able to:

- Apply all required health care documentation policies and procedures that ensure the highest quality of healthcare delivery.
- Utilize the evolving information technology in the completion of health information management processes.
- Ensure compliance with all payment systems, such as Medicare, Medicaid, managed care, and other sources of reimbursement.
- Produce data required for healthcare quality improvement, utilization management, risk management and other related activities.
• Protect the privacy, confidentiality, and security of health information as well as promote legal and ethical standards of practice for health information professionals.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Certificate of Achievement: Coding Specialist

The Health Information Technology program offers various avenues for students interested in a career in the health information field. The program is designed to prepare students to work in a variety of settings, including hospitals, outpatient clinics, behavioral health facilities, government health agencies, long-term care facilities, and various health information industry vendors.

Note:

Students who earn the Coding Specialist Certificate of Achievement are eligible to sit for the following American Health Information Management Association (AHIMA) certifications: Certified Coding Specialist (CCS), the Certified Coding Specialist - Physician-based (CCS-P), and the Certified Coding Associate (CCA). Students who wish to become fully credentialed Registered Health Information Technologists (RHIT) must complete the Associate Degree requirements.

Directed Clinical Practice:

Most allied health students are required to successfully complete DCP, clinically-based courses held in health care facilities. These facilities may require background checks, including fingerprinting and drug screening, as a condition of placement at the clinic. Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in DCP courses and thus, it may not be possible to successfully complete the program. Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility’s standards of safety, health and ethical behavior. This may be cause for removal from the program.

Program Goals:

Students who complete a Health Information Technology certificate or degree will be prepared for a career in the health information field.

Career Options:

Upon successful completion of certificate or degree in the program, students may find employment in health information departments as a release of information specialist, document imaging specialist, entry-level coder, health information supervisor, clinical coding specialist, medical data analyst, data quality/integrity associate, clinical documentation specialist, cancer registry coordinator, or risk/compliance assistant.

For graduation requirements see Requirements for the Associate Degree on page 108.

Students pursuing the Bachelor of Science Degree: Health Information Management are required to complete one of the following general education options:
• The California State University General Education Breadth pattern
• The Intersegmental General Education Transfer Curriculum pattern

**Electives as needed to meet minimum of 60 units required for the degree.**

**Note:** Students must complete HEIT 214 (formerly HEIT 155A) and 215 (formerly HEIT 155B) within five years in order to receive the Health Information Technology Associate of Science degree.

## Health Information Management

### Description

The Bachelor of Science degree in Health Information Management program provides accessible, high-quality industry-approved instruction designed to prepare students to work at a management level in a variety of healthcare settings including acute and subacute hospitals, outpatient clinics, government health agencies, and electronic health records industry vendors.

The Health Information Management program is accredited through the Commission on Accreditation for Health Informatics and Information Management (CAHIIM). Graduates are eligible to sit for the national certification exam. The HIM program is one of the fifteen community college baccalaureate degree pilot programs offered in the state.

**Award notes:**

The HIM program has the following requirements:

A combination of lower division and upper division courses totaling a minimum of 120 semester (180 quarter) units that are applicable to a baccalaureate degree as prescribed in The California Community College Chancellor’s Office Baccalaureate Degree Pilot Program Handbook.

- Completion of the CSU General Education Breadth listed on page 137 or Intersegmental General Education Transfer Curriculum pattern listed on page 129.
- Completion of a minimum of 54 semester units of upper division courses, including a minimum of 10 semester units of upper division general education.

- An identified major that includes a minimum of 30 semester units of lower division courses and 44 semester units of upper division courses.
- A minimum of 12 degree applicable units must be completed in residence at Mesa College.

### Upper Division General Education*

- ENGL 401 Advanced Writing for Healthcare Professionals
- CISC 401 Database Management and Design for Healthcare Professionals
- PSYC 401 Organizational Psychology for the Healthcare Professional

*Limitation on Enrollment: Must be admitted to the Health Information Management program.

### Award Goals and Objectives *

Graduates of the HIM program will be able to:

- Apply the laws of patient record confidentiality, privacy, and compliance
- Use and design data, databases, and healthcare systems
- Demonstrate and apply knowledge of the principles of personnel management
- Develop a financial plan for a health information management department
- Demonstrate mastery of the principles of health information management
- Analyze healthcare data; assimilate data and information

Graduates obtaining their Registered Health Information Administrator (RHIA) certification are qualified to be a Health Information Department Manager or Director, a Coding Manager, a Healthcare Systems Manager, a Data Analyst, a Quality or Compliance Coordinator, or a College/University Professor of Health Information Technology or Health Information Management.

### Student Learning Outcomes

Graduates of the HIM program will be able to:

- Apply the laws of patient record confidentiality, privacy, and compliance
- Use and design data, databases, and healthcare systems
• Demonstrate and apply knowledge of the principles of personnel management
• Develop a financial plan for a health information management department
• Demonstrate mastery of the principles of health information management
• Analyze healthcare data; assimilate data and information

Program Goals:
Students who complete a Health Information Technology certificate or degree will be prepared for a career in the health information field.

Program Emphasis:
The program curriculum prepares students to process and maintain the medical records of hospital and clinic patients in a manner consistent with medical, administrative, ethical, legal, and regulatory requirements of the health care system.

Career Options:
Upon successful completion of certificate or degree in the program, students may find employment in health information departments as a release of information specialist, document imaging specialist, entry-level coder, health information supervisor, clinical coding specialist, medical data analyst, data quality/integrity associate, clinical documentation specialist, cancer registry coordinator, or risk/compliance assistant.

Lower and Upper Division General Education: In addition to the courses required in the major, students must complete one of the following general education options:

• The California State University General Education Breadth pattern
• The Intersegmental General Education Transfer Curriculum pattern

Lower Division Courses Required for the Major:
Students who have earned an Associate Degree in Health Information Technology from an institution which is regionally accredited and accredited by the Commission on Accreditation for Health Informatics and Information Management (CAHIIM) will have satisfied the lower division major courses required for the Health Information Management Baccalaureate Degree. General education requirements must meet one of the following general education options: the California State University General Education Breadth pattern or the Intersegmental General Education Transfer Curriculum pattern.

Upper Division Program Prerequisite:
In order to be admitted to the Health Information Management (HIMS) program at the upper division level, applicants must successfully complete the Health Information Technology (HEIT) lower division courses required for the major each with a grade of “C” or better.

Credit for prior learning or experience working in the health information field may be accepted upon approval of the program director.

Enrollment in the upper division courses is restricted to students admitted to the Health Information Management (HIMS) program.

History

Award Type Units

Associate of Arts Degree:
History 18*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Associate in Arts for Transfer Degree:
History 18–20

Description

History is the study of human experience from the dawn of time to the present. It examines people, institutions, ideas and events of the past and the present. The primary objectives of the History program are: fulfillment of general education requirements for American Institutions, Humanities and Social Sciences; completion of the Associate of Arts degree; and preparation for transfer to four-year institutions and completion of general education requirements for students enrolled in four-year institutions.

Program Emphasis

The courses in this program emphasize a number of Program Learning Outcomes, primary being the development of critical thinking and communications skills to analyze problems, conceptualize theses, develop arguments, weigh evidence and derive conclusions; development of the ability to articulate the critical thinking outcomes through writing and/or speaking or by other modes of communication; and the development of an awareness of civic responsibilities and a thorough knowledge of global issues.

Career Options

Most careers in History require education beyond the Associate degree and some require a graduate degree. This is not a comprehensive list, but some of the most common career options with History preparation include: archivist, business person, diplomatic corps, historian, journalist, lawyer, librarian, museum curator, park historian, professor, teacher and writer.

Program Learning Outcomes

Students who complete the History Program will gain facility with:

- Critical Thinking: Think critically in reading about topics in History, thereby identifying problems, theses, arguments, evidence and conclusions.

- Communication: Write or speak about topics in History, thereby addressing problems, formulating theses, making arguments, analyzing and weighing evidence, and deriving conclusions.

- Personal Actions and Civic Responsibility: Demonstrate an ability to understand one’s role in society, take responsibility for one’s own actions, and make ethical decisions in complex situations.

- Global Awareness: Articulate similarities and contrasts among cultures, times, and environments, demonstrating an understanding of cultural pluralism.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Total Units = 18

For graduation requirements see Requirements for the Associate Degree on page 108.

Associate in Arts in History for Transfer Degree:
The Associate in Arts in History for Transfer Degree is intended for students who plan to complete a bachelor’s degree in History or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

Program Learning Outcomes:
Students who complete the History Program will gain facility with:

- **Critical Thinking:** Think critically in reading about topics in History, thereby identifying problems, theses, arguments, evidence and conclusions.

- **Communication:** Write or speak about topics in History, thereby addressing problems, formulating theses, making arguments, analyzing and weighing evidence, and deriving conclusions.

- **Personal Actions and Civic Responsibility:** Demonstrate an ability to understand one’s role in society, take responsibility for one’s own actions, and make ethical decisions in complex situations.

- **Global Awareness:** Articulate similarities and contrasts among cultures, times, and environments, demonstrating an understanding of cultural pluralism.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Note:** Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

**Award Notes:**
Students are required to complete a maximum of 60 CSU transferable units with a minimum overall grade point average of 2.0.

**Major:** A minimum of 18 units with grade of “C” or “P” or better.

**General Education:** In addition to the courses required in the major, students must complete one of the following general education options:

- The California State University General Education Breadth pattern
- The Intersegmental General Education Transfer Curriculum pattern

**Note:** Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

**Total Units = 18–20**

Electives as needed to meet maximum of 60 units required for the degree.

**Transfer Information**

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. **Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.**

Hospitality Management

Description
Hospitality management covers a range of topics with a business focus aimed at student success in a variety of accommodation, event and food and beverage segments. Specific emphasis includes business priorities and aspects including, leadership and management specific to the industry, business communications, finance, human resources, legal and legislative requirements for lodging, restaurant and events, and sales and marketing as they relate to hospitality management. This hospitality business focus prepares students for entry-level supervision and oversight in any of the myriad of segments. These segments include, but are not limited to, accommodation options in: hotels, resorts, timeshare/vacation ownership, conference centers, camp and private clubs, senior living, cruise lines, and casino hotels, restaurants, bars, corporate events, wedding planning, destination management conferences services. Coursework is supplemented with participation in numerous field excursions and opportunities to hear from industry professionals and experts.

Program Goals
A core set of hospitality management courses center on the hospitality industry. Students obtain an integrated and expansive view of all hospitality and accommodation segments for greater marketability and career opportunities.

Program Emphasis
The world of hospitality is unique because it offers opportunities in countless vocations. You could manage departments in a hotel, plan new special effects at a theme park, hire and train employees at a resort, or select and buy china for a Michelin star restaurant. You could forecast profitability of a new convention center, publicize a new attraction at a world-famous zoo, organize on-location catering for film crews, or lead port excursions for cruise passengers. Additionally, you could become an entrepreneur and own a franchise eatery or bed and breakfast establishment. This is one field of study that can open any career door you want. Hospitality is the largest private sector industry! Significant growth is expected to continue in these areas, and the industry is known to promote from within and move talented employees quickly up the career ladder. For most any profession you may have an interest in, a career path can be found in the hospitality industry where the focus is people, service and guest satisfaction.

Career Options
Hospitality positions are diverse, wide ranging, and include: guest service, finance, marketing, sales, human resources, customer service, purchasing, information technology, security, maintenance, engineering, accounting, food and beverage, banquets, corporate events catering, restaurants, nightclubs, concierge, bell staff, housekeeping, reservations, spas, fitness centers, swimming pool operations, golf courses, meeting planning, wedding planning and management opportunities in most every establishment. Hundreds of different types of positions exist in the hotel industry, from entry-level to executive management. Opportunities abound in rooms management; food and beverage offerings in restaurants, coffee shops, catering and banquets; sales and marketing; event, meeting, and wedding planning; human resources, hiring, training, and coaching employees; housekeeping, security, engineering, maintenance; information technology; and accounting, finance and revenue management.

Choose your location for a hospitality position in high-rise city center hotels; beach, ski, or golf resorts; boutique venue space; airport properties, casino hotels corporate event position, wedding venue that are local or range from Las Vegas to Monte Carlo; quaint bed and breakfasts; or bustling convention hotels and conference centers. Properties exist with every imaginable amenity from full-service hotels to extended-stay or all-suite facilities with more space and comfortable work and living environments, and to economy lodging. Vacation ownership or timeshare is also a concept that is greatly increasing in number. Opportunities in hospitality and tourism extend far beyond individual...
restaurants, destination management companies, corporate events, recreation services, food service operations, hotels and lodging facilities, and travel-related businesses. Worldwide experiences abound in resorts, country clubs, catering companies, cruise lines, casinos, convention centers, theme parks, airlines, and more.

Program Learning Outcomes
Students who complete the Event and Hotel Management Program will become critical thinkers in an experiential learning environment, who are able to apply business principles and ethical decision making to any aspect of the hospitality and global tourism industry, and cultivate their ability to enhance opportunities for promotion into higher level positions. Students will be able to:

- Assess and apply the concepts of hospitality business management.
- Produce and present effective written and oral communication for the hospitality industry.
- Evaluate ethical leadership and differentiate situations calling for ethical decision making.
- Demonstrate and articulate a global perspective.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

For graduation requirements see Requirements for the Associate Degree on page 108.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog.
Humanities

**Award Type**

**Associate of Arts Degree:**
Humanities and Religious Studies  18*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Description**

The Associate of Arts degree in Humanities and Religious Studies provides students with a uniquely comprehensive preparation for upper-division studies in both General Humanities and Religious Studies. Students who complete this A.A. degree program will exhibit the ability to think critically about global cultures, both past and present. These goals will be achieved through the completion of 18 units in Humanities and related disciplines.

**Program Goals**

The Associate of Arts degree in Humanities and Religious Studies will prepare majors for upper-division work in General Humanities and/or Religious Studies. The program's official learning objectives are to develop Critical Thinking and Global Awareness. A more specific statement of these goals is as follows: “Through studying the arts (literature, sculpture, architecture, painting, music, and dance) and ideas (religion, philosophy, and science) of humanity around the globe, students will be able to think critically about human cultures from Prehistory through the Present.”

**Program Emphasis**

The Humanities and Religious Studies A.A. Degree emphasizes a comprehensive understanding of the arts and ideas of the human experience.

**Career Options**

This program will prepare majors to intelligently engage with local, state, national, and global cultures; and to effectively take part in life-long learning about the human experience. It can lead to careers in teaching, but will also develop knowledge and communication skills that are desired by employers in various fields outside of the Humanities.

Interior Design

Award Type | Units
---|---
Certificate of Achievement: Interior Design | 47–49
Associate of Science Degree: Interior Design | 60*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Description
The Interior Design Program offers a comprehensive and professionally relevant curriculum. It includes technical knowledge and skill, creative problem solving, environmental applications, critical thinking and professional practice. The program is affiliated with the National Kitchen and Bath Association (NKBA). The AS degree is recommended for students planning to take the National Council for Interior Design Qualification (NCIDQ) exam or the California Council of Interior Design Certification (CCIDC) IDEX exam. For more information on the program, career applications, and suggested course sequence, visit our website at www.sdmesa.edu/interior-design.

Program Goals
The program provides students with technical knowledge and skills, creative problem solving, environmental applications and business practices that will allow them to enter the profession of Interior Design. The program is designed for students wishing to complete an A.S degree or Certificate of Achievement in Interior Design or for students planning on transferring to a university leading to a Bachelor Degree.

Program Emphasis
Emphasis is placed on the fundamental relationship between interior design, architecture, and the visual and decorative arts. Students prepare drawings and documents to communicate design intent with other professionals in the field as well as to protect the health, safety and welfare of the public.

Career Options
The field of interior design encompasses many possible career choices for students. Students study residential and commercial design, lighting design, textiles, and computer aided design. The program encourages students to explore and attend many professional organizations, such as ASID, IIDA, IFDA and NKBA, which continuously exposes them to the many professional areas of design. The program is affiliated with the National Kitchen and Bath Association (NKBA) and many graduates enter the kitchen and bath industry.

Program Learning Outcomes
Students who complete the Interior Design Program successfully will be able to:

Communication: Communicate with other professional members of the built environment demonstrating their specialized knowledge of interior construction, building codes, equipment, materials and furnishings, and sustainable and universal design principles.

Critical Thinking: Apply critical and design thinking to identify and creatively solve problems relating to the function, aesthetics and quality of the interior environment enhancing the health, safety and welfare of the public.

Information Literacy: Perform services relative to interior spaces, including gathering information, programming, space planning, and the creation of drawings and specifications using current technology and practices.

Global Consciousness, Professional and Ethical Behavior: Demonstrate knowledge of professional and ethical practices in the field of Interior Design as well as exhibit awareness and an appreciation of cultural diversity regionally, nationally and globally. Demonstrate the ability to work independently and collaboratively within the design community.

Certificate of Achievement: Interior Design
The Certificate of Achievement prepares students for entry-level positions in the Interior Design industry. This certificate program is a good option for students who have already completed general education requirements either at San Diego Mesa College or another institution.

The Interior Design Program recommends the following courses be taken in the given sequence for optimal student success:

<table>
<thead>
<tr>
<th>Courses Required for the Major</th>

Total Units = 47–49

1Three to four units is recommended to be completed with a qualified kitchen or bath designer.

2Unless taken as a major course

Associate of Science Degree: Interior Design

The Associate of Science Degree option provides the student with additional skills and knowledge of core competencies to meet professional standards. Interior Designers are expected to protect the health, safety, and welfare of the public so additional coursework in business and building codes is important. A well rounded graduate who gains insight through general education curriculum may find employment or transfer to a four year college or university more readily.

The Interior Design Program recommends the following courses be taken in the given sequence for optimal student success:

<tbody>
<tr>
<td>Associate of Arts Degree: Japanese</td>
<td>26*</td>
</tr>
</tbody>
</table>

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Description**

Program provides training in the fundamental skills of understanding, speaking, reading and writing the language, and increases one’s familiarity with the Japanese language. From a vocational standpoint, the curriculum will provide a student with skills useful in translating, interpreting, teaching, linguistic or literary research, music, foreign trade, or missionary work. The major requires 26 units in Japanese, unless the student has completed two years of Japanese in high school (with a “C” average or better). In this case, the department will determine the courses necessary to complete the requirements.

**Program Learning Outcomes**

- Demonstrate level-appropriate proficiency on the ACTFL scale in understanding, speaking, reading, and writing of the targeted language.
- Utilize targeted language skills to complete a general program of lower division coursework, pursue language study at the transfer level, for personal enrichment, or for professional development.
- Apply knowledge of and sensitivity to aspects of behavior, attitudes, and values of targeted language-speaking countries to connect with the global community.

**Associate in Arts for Transfer Degree:**

<table>
<thead>
<tr>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>Journalism</td>
</tr>
</tbody>
</table>

**Description**

The Journalism program encompasses theoretical and practical training in print and online news media,
including newspapers and online media, as well as in the field of public relations. This program is designed to prepare students for employment in the fields of print and online media and public relations.

Course offerings include: news writing, reporting, editing, and online journalism. An advanced course devoted to the publication of The Mesa Press (Journalism 210A), San Diego Mesa College’s campus newspaper, allows students to engage in all phases of newspaper production, including news writing, reporting, editing, photography, advertising, design and layout.

Program Goals
The goals of the Journalism program include the following:

- Preparing students for entry-level jobs in journalism and public relations.
- Preparing students to be media-literate citizens of the local community and beyond.
- Retraining matriculated students to update skills to meet the changing technological and economic demands in the field.

Program Emphasis
The Journalism program emphasizes development of skills in grammar, news writing, reporting, editing, production, and public relations for students interested in gaining employment in the area of mass media.

Career Options
Career options include the following:

1. Reporter
2. News Editor
3. Copy Editor
4. Photojournalist
5. Page Designer
6. Online Content Producer

Public Relations career options include the following:

1. Media Relations Specialist
2. Speech Writer
3. Community Relations Specialist
4. Government Relations Specialist
5. Financial Relations Specialist
6. Lobbyist
7. Crisis Communications Specialist

Program Learning Outcomes

Media in Society
Demonstrate an understanding of the role of the mass media in society.

Law and Ethics
Demonstrate understanding of legal issues of libel, privacy, copyright, free speech/press, as well as an understanding of ethical issues such as plagiarism, fabrication, and conflict of interest.

Writing
Write, edit, and revise stories in accepted journalistic style utilizing multiple platforms.

Certificate of Achievement: Journalism
The Certificate of Achievement in Journalism recognizes a student’s successful completion of select Journalism courses for employment, job enhancement or advancement.

Associate in Arts in Journalism for Transfer Degree:
The Associate in Arts in Journalism for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Journalism or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

Goals
The purpose of this Associate in Arts in Journalism for Transfer Degree program is to offer an organized course of study that will prepare students intending to major in Journalism Studies at the California State University.

Program Learning Outcomes:
Critical Thinking:
• Students will be able to analyze and weigh the truth-value of conflicting claims.
• Students will be able to synthesize elements of texts in surprising and unexpected ways.

Rhetorical Awareness:
• Students will be able to develop visual literacy to identify arguments for advertisements, websites, photographs and other visual media.

• Students will be able to write clear, thoughtful prose using appropriate steps of a writing process for a variety of media.
• Students will be able to identify arguments as well as patterns and strategies of organization in a variety of texts.
• Students will be able to select appropriate research strategies.

Global Awareness:
• Students will be able to describe and report using multiple perspectives.
• Students will be able to analyze and report on the effects of different cultural perspectives on classic and contemporary issues.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Note: Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

Award Notes:
Students are required to complete a maximum of 60 CSU transferable units with a minimum overall grade point average of 2.0.

Major: A minimum of 18 units with grade of “C” or “P” or better.

General Education: In addition to the courses required in the major, students must complete one of the following general education options:
• The California State University General Education Breadth pattern
• The Intersegmental General Education Transfer Curriculum pattern

Note: Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

Courses Required for the Major: Units
JOUR 200 Introduction to Newswriting and Reporting 3
JOUR 202 Introduction to Mass Communication 3
JOUR 210A Newspaper Production 1 3

Honors Global Competencies

Description
The Honors Global Competencies Certificate of Achievement provides an interdisciplinary and systemic approach in order to prepare students for the highly diverse, technologically-rich, and multilingual global society in which we live. The certificate offers students the opportunity to gain a global perspective through completion of coursework in intercultural competencies, communication skills, and technology skills. This certificate helps students to transfer to four-year institutions in concert with the Honors designation. It prepares students for study and work throughout the world in professional fields such as international studies, intercultural studies, language studies, international business, international law, political science, comparative literature, environmental studies, history, technology, social sciences, humanities, teaching, and more.

Program Goals
An Honors Global Competencies Certificate of Achievement offers students the opportunity to gain a global perspective in multiple areas of study to enhance their critical thinking and intercultural competencies in order to compete in today’s global economy. It is useful for those students considering careers in numerous fields, including law, politics, international affairs, education, and social service. All courses in the certificate program are UC &/or CSU transferable and emphasize areas such as intercultural issues; globalization; world philosophical, political, economic, and social systems; and international relations. The certificate program also underscores the mission of San Diego Mesa College: “To inspire and enable student success in an environment that is strengthened by diversity, is responsive to our communities, and fosters scholarship, leadership, and responsibility.”

For the San Diego Mesa College Associate Degree one of the core six Program Learning Outcomes is Global Awareness, “the ability to articulate similarities and contrasts among cultures, times and
environments, demonstrating understanding of cultural pluralism and knowledge of global issues.” This proposal for an Honors Global Competencies Certificate of Achievement connects the college’s vision and values of diversity and the student learning outcome of Global Awareness.

There is a strong international emphasis in the certificate program. Program goals and objectives include:

- Contemplation and assessment of the interconnectedness of cultures and nations through time.
- Exploration of world ecologies and technologies.
- Analysis of economic, political, and social systems.
- Proficiency in world languages.
- Exposure to an array of world customs, religions, and literature through campus activities and speaker series.
- Recognition, anticipation, and management of change.
- Providing leadership opportunities.

Program Emphasis

The Honors Global Competencies Certificate of Achievement has an international emphasis.

Career Options

The Honors Global Competencies Certificate of Achievement might lead to careers in the following areas: International relations, international business, politics, international law, technology professions, teaching, translating, travel and tourism, and intercultural communications, among others.

Program Learning Outcomes

Students who complete the Honors Global Competencies Program will be able to:

- Explain the interconnectedness of cultures and nations through time.
- Explore world ecologies and technologies.
- Analyze economic, political, and social systems.
- Study world languages, customs, and religions.
- Recognize, anticipate, and manage change.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Certificate of Achievement: Honors Global Competencies

The Honors Global Competencies Certificate of Achievement offers students the opportunity to gain a global perspective through completion of coursework in intercultural competencies, communication skills, and technology skills.

**Total Units = 20**

**Transfer Information**

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. **Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.**

* plus credits to satisfy District requirements and elective credits, as needed, to meet the 60 unit minimum.

Description

The Liberal Arts and Sciences Degree is designed to enable students to complete the requirements for an Associate of Arts Degree prior to transfer to the University of California, California State University or an independent/private college or university.

This degree is intended to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this degree should be selected with the assistance of a San Diego Mesa College counselor. Completion of the Liberal Arts and Sciences degree does not guarantee acceptance into a four year institution nor into a major.

Requirements

To meet the Liberal Arts and Sciences degree requirements, a student must complete:

1. One of the following general education patterns:
   - San Diego Community College District General Education option may be appropriate for students transferring to a private/independent or out of state university or to a high-unit major. Students selecting this option should meet with a counselor to determine the appropriate General Education courses for their individual transfer goals. See San Diego Mesa College catalog page 110.
   - CSU General Education - Breadth (CSU GE Pattern). This GE pattern will fulfill all lower-division general education requirements at all CSU campuses. See San Diego Mesa College catalog page 142.
   - Intersegmental General Education Transfer Curriculum (IGETC) pattern. This GE pattern will fulfill all lower-division general education requirements at all CSU campuses, most UC campuses/majors and some independent/private colleges and universities. See San Diego Mesa College catalog page 133.

   It is strongly recommended that students consult with a counselor to determine which General Education option is most appropriate for their individual education goals.

2. A minimum of 18 units in an Area of Emphasis. The Areas of Emphasis include:
• Arts Studies
• Business Studies
• Language Arts and Humanities Studies
• Mathematics and Pre-Engineering Studies
• Science Studies
• Social and Behavioral Science Studies

3. A minimum of 60 transferable units to a California State University, University of California, or a private/independent college or university.

4. San Diego Community College District competencies in reading, written expression and mathematics.

NOTE: There are several transfer majors that require a very high amount of units in preparation for the major. Students preparing for such majors are advised to not complete a transfer GE pattern. The universities want such students to incorporate GE courses throughout their junior and senior years. Examples of high unit majors are found in Computer Science, Engineering and Mathematics. For example: The Computer Science and Engineering major at UCLA requires a total of 64 units in preparation for the major. Of the 64 units, only 10 units could apply toward a transfer GE pattern. The Mathematics/ Applied Science major at UCLA requires a total of 68 units in preparation for the major. Of the 68 units, only 15 units could apply toward a transfer GE pattern. Therefore, the SDCCD pattern would be best for such students to follow in obtaining the AA. In addition, the SDCCD pattern is useful for students who transfer to institutions other than the CSU or UC.

Certificate of Achievement: CSU General Education (CSU-GE-Breadth)

The Certificate of Achievement in California State Universities General Education Breadth Requirements - Certification Pattern is designed for students who intend to complete lower division university general education requirements prior to transfer to a CSU.

General Education (GE) is a set of courses from a variety of different subject areas that every student must complete in order to earn a degree, regardless of major. The goal is to provide a well rounded or “liberal” education and to develop the knowledge, skills, and attitudes that together help make up an educated person. The completion of GE prior to transfer may not be required for admission to some universities. However, it is usually in the student’s best interest to complete an appropriate transfer GE pattern at the community college. This is because GE requirements that are not fulfilled prior to transfer must be completed later at the university, which often extends the time and expense of a university education.

Program Emphasis
Certificate of Achievement: CSU General Education Breadth Requirements - Certification Pattern.
Students will select courses that fulfill the CSU GE Breadth Certification Pattern detailed in the Transfer Guide section of this catalog.

Certificate of Achievement: Intersegmental General Education Transfer Curriculum (IGETC)

The Certificate of Achievement in Intersegmental General Education Transfer (IGETC) is designed for students who intend to complete university general education requirements prior to transfer to a California State University (CSU) or University of California (UC) campus.

General Education (GE) is a set of courses from a variety of different subject areas that every student must complete in order to earn a degree, regardless of major. The goal is to provide a well rounded or “liberal” education and to develop the knowledge, skills, and attitudes that together help make up an educated person. The completion of GE prior to transfer is not required for admission to most universities. However it is usually in the student’s best interest to complete an appropriate transfer GE pattern at the community college. This is because GE requirements that are not fulfilled prior to transfer must be completed later at the university, which often extends the time and expense of a university education.

Program Emphasis:
Certificate of Achievement: Intersegmental General Education Transfer (IGETC). The student will select courses that fulfill the IGETC certification pattern detailed in the Transfer Guide section of this catalog.

Certificate of Achievement: Pathway to Law School

The Pathway to Law School Certificate of Achievement recognizes students who have
completed the coursework which is one of the requirements to be named a “Cal-LAW Scholar” by the statewide California Law Pathway Program. This program seeks to help students from diverse backgrounds acquire the skills and knowledge necessary for a career in the legal profession.

Program Goals:
The goals of the Pathway to Law School Certificate of Achievement are: 1) to support students who wish to begin preparing for law school and careers in the legal profession while at San Diego Mesa College, 2) to recognize students who have completed the set of courses that are required by the California Law Pathway Program, and 3) to encourage students from diverse backgrounds to consider jobs in the legal field so that this profession reflects the diverse population of the State of California.

Program Emphasis:
The emphasis of the award is to help students from diverse backgrounds acquire the skills and knowledge necessary for a career in the legal profession. The courses that are part of the award were identified by the California Bar’s Council on Access and Fairness (COAF) based on a set of “success factors” that help make effective lawyers. Legal Careers for those with a law degree include private practice, government, judicial clerkship, public interest, and in-house lawyers. Non-legal careers for those with a law degree include law firm administration, politics, legal publishing and journalism, higher education administration and academia, and careers such as financial planning, investment banking, and estate planning.

Career Options:
Legal Careers for those with a law degree include private practice, government, judicial clerkship, public interest, and in-house lawyers. Non-legal careers for those with a law degree include law firm administration, politics, legal publishing and journalism, higher education administration and academia, and careers such as financial planning, investment banking, and estate planning.

This Pathway to Law School Certificate of Achievement qualifies students who have completed the coursework to be named a “Cal-LAW Scholar” by the statewide California Law Pathway Program.

Note: The Pathway to Law School Certificate of Achievement aims to support students who wish to begin their preparation for law school or other legal professions at Mesa College. The long term goal of the California Law Pathway Initiative is to ensure that the legal profession reflects the diverse population of the State of California.

Art Studies

The Art Studies is intended to help students prepare for possible majors within an art-related major. Common university majors in this field include: Applied Design, Art, Art History, Graphic Design, Music, Interior Design, Multimedia, Painting and Printmaking, Sculpture, Studio Arts, Television-Film and New Media Production, Theatre Arts, Theatre Arts and Dance, and Visual and Performing Arts. This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this major must be selected with the assistance of a San Diego Mesa College counselor.

Program Learning Outcomes

Students who complete the Liberal Arts and Sciences with an emphasis in Arts Studies Program will gain facility with:

- **Critical Thinking**: Students will have the ability to analyze problems, conceptualize theses, develop arguments, weigh evidence, and derive conclusions.

- **Communications Skills**: Students will have the ability to articulate the critical thinking outcomes in writing and/or speaking or by other modes of communication.

- **Self-awareness and Interpersonal Skills**: Students will have the ability to analyze one’s own actions, to see the perspectives of other persons, and to work effectively with others in groups.

- **Personal Actions and Civic Responsibility**: Students will have the ability to understand one’s role in society, take responsibility for one’s own actions, make ethical decisions in complex situations, and participate actively in a diverse democracy.

- **Global Awareness**: Students will have the ability to articulate similarities and contrasts among cultures, times and environments, describe and explain cultural pluralism and knowledge of global issues.

- **Technological Awareness**: Students will have the ability to understand and explain or analyze the applications of technology and to use technology in ways appropriate to the situation. This outcome includes information competency skills.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Associate of Arts Degree: Liberal Arts and Sciences: Art Studies—Art**

The Art Studies - Art is intended to help students prepare for possible majors within an art-related major. Common university majors in this field include: Applied Design, Art, Art History, Painting and Printmaking, Sculpture, Studio Arts. This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this major must be selected with the assistance of a San Diego Mesa College counselor.

Business Studies

The Business Studies is intended to help students prepare for possible majors within a business-related major. Common university majors in this field include: Business Administration, Business Economics, Economics and International Studies, Economics and Mathematics, Hospitality and Tourism, International Business, International Development Studies, Management Science, Public Administration, and Recreation Administration. This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this major must be selected with the assistance of a San Diego Mesa College counselor.

Program Learning Outcomes

Students who complete the Liberal Arts and Sciences with an emphasis in Business Studies Program will gain facility with:

- **Communication:** Students will be able to articulate and explain critical thinking outcomes in writing and speaking, as well as by other contemporary recognized modes of business communication.

- **Self-awareness and Interpersonal Skills:** Students will recognize and respect the business opinions and perspectives of others, and they will be able to work effectively with superiors, peers, and subordinates in organized group settings.

- **Personal Actions and Civic Responsibility:** Students will be able to analyze and accept responsibility for their own actions and make ethical decisions in the business environment.

- **Global Awareness:** Students will be able to identify and describe global business issues.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

### Mathematics and Pre-Engineering

The Mathematics and Pre-Engineering is intended to help students prepare for possible majors within a mathematics or engineering related major. Common university majors in this field include: Applied Mathematics, Computer Engineering, Computer Science, Computer Science with Bioinformatics, Mathematics, Mathematics and Economics, Scientific Computation, and Statistics. Common university engineering majors in this field include: Aerospace Engineering, Bioengineering, Civil Engineering, Computer Engineering, Construction Engineering, Electrical Engineering, Engineering, Engineering Physics, Engineering Technology, Environmental Engineering, Industrial Engineering and Technology, Manufacturing Engineering, Materials Science, Mechanical Engineering, Nuclear Engineering, and Structural Engineering. This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this major must be selected with the assistance of a San Diego Mesa College counselor.

Program Learning Outcomes

Students who complete the Liberal Arts and Sciences with an emphasis in Science Studies Program will be able to:

• Think critically by analyzing problems, weighing evidence, and drawing conclusions. The student will utilize both inductive and deductive reasoning in these efforts.

• Articulate critical thinking outcomes in writing.

• Assess the value of technology in the endeavor to understand the natural world. In laboratory settings, the student will employ technology in the gathering of evidence about the natural world and in the analysis of that evidence.

• Demonstrate understanding of the impact of science on the environment and on society.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Associate of Arts Degree: Liberal Arts and Sciences: Science Studies–Biological Science

The Science Studies–Biological Science is intended to help students prepare for possible majors within a biological science-related major. Common university majors in this field include: Biochemistry, Bioinformatics, Biological Sciences, Biotechnology, Cell Biology, Chemistry, Cognitive Science, Developmental Biology, Physics, Physiological Science, and Psychobiology. *Certain transfer institutions may require behavioral sciences prep for major. See Social and Behavioral Sciences emphasis.

Social and Behavioral Sciences

The Social and Behavioral Sciences - Women's Studies degree is an interdisciplinary exploration of the past, present, and future through the perspectives and experiences of women in the United States and around the world. The courses in the degree explore how women's lives have been and continue to be impacted by cultural, political, and economic hegemonies, and examine the actions taken by women as they have sought to make an impact in their society. The Women's Studies curriculum examines the divergent experiences
of women through the lens of race, ethnicity, class, nationality, religion, and sexual orientation through a historical and modern perspective.

**Program Learning Outcomes**

Students who complete the Liberal Arts and Sciences with an emphasis in Social and Behavioral Sciences Program will be able to:

- Develop critical thinking skills in writing including the ability to frame questions, collect and weigh evidence, develop hypotheses, and derive conclusions.
- Develop critical thinking skills in other modes of communication (spoken and unspoken) including the ability to frame questions, collect and weigh evidence, develop hypotheses and derive conclusions.
- Compare and contrast the different research methods and/or critical assessments methods within the Social and Behavioral Sciences.
- Develop an awareness of civic responsibilities and knowledge of global issues.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Associate of Arts Degree: Liberal Arts and Sciences: Social and Behavioral Sciences–Anthropology**

The Social and Behavioral Sciences–Anthropology is intended to help students prepare for possible majors within a social/behavioral science anthropology-related major. Common university majors in this field include: Anthropology. This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this major must be selected with the assistance of a San Diego Mesa College counselor.

**Associate of Arts Degree: Liberal Arts and Sciences: Social and Behavioral Sciences–Child Development**

The Social and Behavioral Sciences–Child Development is intended to help students prepare for possible majors within a child development-related major. Common university majors in this field include: Child Development, Human Development, and Social Science. This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this major must be selected with the assistance of a San Diego Mesa College counselor.

### Associate of Arts Degree: Liberal Arts and Sciences: Social and Behavioral Sciences—Women’s Studies

The Social and Behavioral Sciences - Women’s Studies degree is an interdisciplinary exploration of the past, present, and future through the perspectives and experiences of women in the United States and around the world. The courses in the degree explore how women's lives have been and continue to be impacted by cultural, political, and economic hegemonies, and examine the actions taken by women as they have sought to make an impact in their society. The Women’s Studies curriculum examines the divergent experiences of women through the lens of race, ethnicity, class, nationality, religion, and sexual orientation through a historical and modern perspective.

**Emphasis:**

The Social and Behavioral Sciences - Women’s Studies degree provides an interdisciplinary curriculum of courses that emphasize preparation for the major or minor in Women’s Studies or related disciplines, at the California State University (CSU) and the University of California (UC).

### Career Options:

The Social and Behavioral Sciences - Women’s Studies degree is designed to introduce students to career possibilities in law, medicine, education, health science, public administration, journalism, and social services. As a multidisciplinary and interdisciplinary field, the courses in the Women’s Studies program contribute to all fields in the humanities and social sciences. The skills in critical thinking and analysis prepare students for a variety of careers, including professional opportunities in political and social agencies working with women, and developing public policy on women's issues such as health care, employment, family violence, and education.

### Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet...
university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Liberal Studies

Award Type | Units
---|---
Associate of Arts Degree: Liberal Studies: Elementary Education Preparation | 40–43*
* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Note: For Associate in Arts in Elementary Teacher Education for Transfer Degree please go to page 214

Description

The Liberal Studies degree is an interdisciplinary program designed for students interested in a career in elementary education. Required courses in the degree serve to prepare students for transfer to public and private baccalaureate degree-offering colleges and universities. The curriculum includes courses selected from Language and Rationality, Natural Sciences, Humanities, and Social and Behavioral Sciences.

Program Emphasis

Our mission is to assist San Diego Mesa College students to achieve their fullest potential as students, prepare them to transfer to CSU, UC or a private college/university of choice in order to become excellent teachers and leaders in the field of education. The courses in this program emphasize a number of Program Learning Outcomes including critical thinking, communication, civic responsibility, global awareness, self-awareness, and interpersonal skills which form a foundation for effective teaching.

Career Options

Most careers in teaching at the elementary school level require education beyond the associate degree. Students will need to transfer to a four-year college or university to complete the baccalaureate degree and achieve a credential. This degree program may also prepare students in careers other than elementary education, in that it provides a breadth of knowledge and skills found useful in a variety of career fields.

Program Goals

Students who complete the Liberal Studies Program with an emphasis in Elementary Education Preparation will be able to demonstrate:

- Global awareness and cultural sensitivity.
- Interpersonal skills in a diverse setting.
- Effective communication in teaching and learning environments.

Program Learning Outcomes

Students who complete the Liberal Studies Program with an emphasis in Elementary Education Preparation will be able to demonstrate:

- Global awareness and cultural sensitivity
- Interpersonal skills in a diverse setting
- Effective communication in teaching and learning environments
- Technological awareness

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Associate of Arts Degree: Liberal Studies Elementary Education Preparation

Courses Required for the Major: Units
COMS 103 Oral Communication | 3
EDUC 200 Teaching as a Profession | 2
EDUC 203 Field Experience for Prospective Teachers | 1
GEOG 104 World Regional Geography | 3
GEOL 104 Earth Science | 3
HIST 100 World History I | 3
MATH 210B Concepts of Elementary School Mathematics II | 3
MATH 212 Children's Mathematical Thinking | 1
MUSI 110 Music for Elementary School Teachers | 3
EXSC 240 Physical Education in the Elementary Schools | 3

Select one course from the following:
COMS 160 Argumentation or
ENGL 205  Critical Thinking and Intermediate Composition or
PHIL 100  Logic and Critical Thinking or
PHIL 103  Historical Introduction To Philosophy or
PHIL 205  Critical Thinking and Writing in Philosophy 3

Select one course from the following:
ENGL 220  Masterpieces of World Lit I or
ENGL 221  Masterpieces of World Lit II or
ENGL 208  Intro to World Literature 3

Select one course from the following:
BLAS 140A  History of the U.S., Black Perspective or
CHIC 141A  U.S. History, Chicano Perspective or
HIST 109  History of the U.S. I 3

Select one course from the following:
BLAS 140B  History of the U.S., Black Perspectives or
CHIC 141B  U.S. History, Chicano Perspective or
HIST 110  History of the U.S. II or
POLI 102  Introduction to American Government 3

Select one course from the following:
CHIL 101  Human Growth and Development or
PSYC 101  General Psychology and
PSYC 230  Psych lifespan Development

Total Units = 40–43

For graduation requirements see Requirements for the Associate Degree on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

Strongly Recommended SDCCD GE course selections: English 101 or 105; Mathematics 210A; Biology 107; Art–Fine Art 100; English 208, History 109, 110.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Description

Designed for the student interested in marketing as a career and tailored to develop competency in merchandising, retailing, and wholesaling, in both large and small businesses. Students are encouraged to work part-time while attending college. Successful completion should lead to a full-time position or serve as a foundation for further education. Students planning to transfer to a four-year college or university should select the Business Administration major.

Career Options

- Advertising Account Executive
- Advertising Sales Agent
- Advertising Production Manager
- Booking Agent
- Brand Manager
- Category Manager
- Competitive Intelligence Analyst
- Hotel/Restaurant Manager
- Insurance Agent/Broker
- Market Research Analyst
- Marketing Communications Analyst
- Marketing Specialist
- Merchandise Manager
- Promotions Director
- Public Relations Manager
- Retail Store Buyer
- Sales Manager
- Survey Researcher

Marketing

Award Type | Units
---|---
Certificate of Achievement: Marketing | 29
Associate of Science Degree: Marketing | 42*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.
Program Learning Outcomes
Students who complete the Marketing Program will gain facility with:

- **Critical Thinking:** Students will be able to analyze, prepare, and present solutions to business problems, apply business concepts in a decision-making environment, and evaluate and weigh evidence in the course of deriving conclusions concerning alternative courses of action, using inductive and deductive logical reasoning and methodological processes.

- **Communication:** Students will be able to articulate and explain critical thinking outcomes in writing and speaking, as well as by other contemporary recognized modes of business communication.

- **Self-awareness and Interpersonal Skills:** Students will recognize and respect the business opinions and perspectives of others, and they will be able to work effectively with superiors, peer, and subordinates in organized group settings.

- **Global/Technological Awareness:** Students will understand and apply the use of modern technology to business situations.

- **Personal Actions and Civic Responsibility:** Students will be able to analyze and accept responsibility for their own actions and make ethical decisions in the business environment.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Associate in Science for Transfer Degree:  
Mathematics 19–21

Description
Successful completion of this curriculum will develop 
competence in mathematics through differential 
and integral calculus, providing an adequate 
background for employment in many technological 
and scientific areas as well as providing a firm 
foundation for students planning advanced study.

Program Learning Outcomes
Students who complete the Mathematics Program 
will be able to:

• Create a mathematical model for an applied 
problem
• Use a model to solve an applied problem
• Communicate in words the solution to an applied 
problem using correct units
• Identify answers that are extraneous or 
unreasonable within the context of the given 
problem

Students will be assessed through a combination of 
performance evaluations, written assignments, and 
written tests and quizzes.

Associate of Arts Degree:

</tr>
</tbody>
</table>

Select three units from:  

- MATH 119 Elementary Statistics  
- MATH 255 Differential Equations or  
- PHIL 101 Symbolic Logic

Total Units = 22

Recommended Electives: Computer and 
Information Sciences 150; Mathematics 118, 119, 255, 
Psychology 101; Physics 125, 126.

Associate of Arts Degree:  
Mathematics

Associate in Science in  
Mathematics for Transfer Degree:

The Associate in Science in Mathematics for Transfer Degree is intended for students who plan to 
complete a bachelor's degree in Mathematics or a related major in the California State University (CSU) system. It is accepted by some but not all 
CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be 
required to complete no more than 60 units after 
transfer to earn a bachelor's degree. It may not be
appropriate preparation for students transferring to a CSU campus that does not accept the degree.

Program Learning Outcomes:
Students who complete the Mathematics for Transfer Program will be able to:
• Create a mathematical model for an applied problem
• Use a model to solve an applied problem
• Communicate in words the solution to an applied problem using correct units
• Identify answers that are extraneous or unreasonable within the context of the given problem

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Note: Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree, and transfer requirements.

Award Notes:
Students are required to complete a maximum of 60 CSU-transferable units with a minimum overall grade point average of 2.0.

Major: A minimum of 18 units with grade of "C" or "P" or better.

General Education: In addition to the courses required in the major, students must complete one of the following general education options:
• The California State University General Education Breadth pattern
• The Intersegmental General Education Transfer Curriculum pattern

Note: Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

Courses Required for the Major: Units
MATH 150 Calculus with Analytic Geometry I  5
MATH 151 Calculus with Analytic Geometry II  4
MATH 252 Calculus with Analytic Geometry III  4

Category A: Select one course from the following (3 units):
MATH 254 Introduction to Linear Algebra  3
MATH 255 Differential Equations  3

Category B: Select one course from the following or any course not selected in Category A (3 units):
CISC 186 Visual Basic Programming  4
CISC 187 Data Structures in C++  4
CISC 190 Java Programming  4
CISC 192 C/C++ Programming  4
MATH 245 Discrete Mathematics  3
PHYS 195 Mechanics  5
PHYS 196 Electricity and Magnetism  5
PHYS 197 Waves, Optics and Modern Physics  5
MATH 119 Elementary Statistics or
PSYC 258 Behavioral Science Statistics or
BIOL 200 Biological Statistics  3

Total Units = 19–21

Electives as needed to meet maximum of 60 units required for the degree.

Transfer Information
Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Medical Assisting

Award Type Units
Certificate of Achievement: Medical Assisting  29–30
Associate of Science Degree: Medical Assisting  29–30*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Description
The Medical Assisting program offers a two semester Certificate of Achievement in Medical Assisting. All students who successfully complete the Medical Assisting program will be awarded a
Certificate of Achievement. Graduates are eligible to sit for several national and state certification and registration exams. Students who have been awarded a Certificate of Achievement in Medical Assisting may continue and complete the additional courses needed for the Associate Degree in Medical Assisting.

A grade of “C” or better must be maintained in all courses to continue in the program. Course repetition in this program is not permitted. The program is governed by the Allied Health Department Policies.

Eligibility for enrollment in this program is determined by a special admission procedure. Interested persons should review program information at https://www.sdmesa.edu/academics/v2/programs/medical-assisting/index.shtml

Directed Clinical Practice Requirement

Students accepted into this program will be required to successfully complete Directed Clinical Practice/clinically-based courses held in health care facilities. These facilities may require background checks, including fingerprinting and urine drug screens, as a condition of placement at the clinic. Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in the Directed Clinical Practice/clinically-based course and thus, it may not be possible to successfully complete the program. Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility’s standards of safety, health and ethical behavior. This may be cause for removal from the program.

Career Options

Clinical Medical Assisting, Administrative Medical Assisting.

Program Learning Outcomes

Students who complete the Medical Assisting Program will be able to:

- Perform safe and effective technical skills relative to the medical assisting “scope of practice”.
- Demonstrate professional behaviors and attributes necessary to be a medical assistant.
- Demonstrate an understanding of ethical behavior relative to the medical assistant code of ethics.
- Communicate effectively, both verbally and in writing as appropriate for an entry level medical assistant.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Multimedia

Award Type Units
Certificate of Achievement:
3D Modeling and Animation  21
Interactive Media Production  27
Video Game Design and Development  30

Associate of Science Degree:
Video Game Design and Development  38*
Visual Communication  30*
* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Description

The Multimedia Program is designed to provide students of multimedia the opportunity to develop necessary foundation design skills, master software tools and processes, and experience industry standard production environments in various fields of multimedia production. The program curriculum is structured so as to provide students with a comprehensive balance of aesthetic, technological, and practical design application. Upon completion of this program, students will be qualified for entry level employment in the multimedia industry.

Program Goals

The program provides educational instruction and career opportunities to students electing majors and/or courses in multimedia through transferable associate degrees and certificates in specialized multimedia fields.

Career Options

Visual Communication:
Graphic Designer, Production Artist, Web Designer, Web & Video Content Producer, User Interface Designer, Photo Editor, Logo Designer, Game Artist, Digital Media Designer, Multimedia Developer.

Interactive Media Production:
3D Modeler, Animator, Interactive Media Designer, Web & Video Content Producer, Sales/Advertising Presentation Developer.

Video Game:
Game Developer, Game Level/Content Designer, Technical Artist, Environment Artist, Character Artist, Prop Artist, Concept Artist, Previsualization Artist, Character Rigger/Animator, Graphics Engineer/Programmer, Software Engineer/Programmer, Multimedia Developer, Sound Artist/Designer, Game Tester, Cinematic Animator.

3D Modeling and Animation:
3D Generalist, 3D Animator, 3D Texture Artist, 3D Lighting Artist, 3D Character Artist, 3D Character Rigger, 3D Asset Artist, 3D Environment Artist, 2D/3D Visual Effects Artist 2D/3D Compositor, 3D Production Artist, 3D Previsualization Artist, 3D Medical Visualization Artist, 3D Architectural Visualization Artist, 3D Product Design Artist.

Program Learning Outcomes

Students who complete the Multimedia Program will gain facility with:

- **Technological Awareness**: Students will develop interactive websites using Flash software and Dreamweaver software.
- **Critical Thinking**: Students will be able to analyze specific multimedia problems or situations and identify possible solutions, including predictive analysis, synthesis of information, resourcefulness, and troubleshooting.
- **Communication**: Students will be able to choose the appropriate mode of communication for a specific situation and then communicate ideas, concepts, and solutions through effective written and oral communication.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.
Certificate of Achievement: 3D Modeling and Animation

Course Required for the Major: Units
MULT 201 Introduction to 3D Graphics 3
MULT 211 3D Modeling 3
MULT 213 3D Texturing and Lighting 3
MULT 215 3D Character Design and Development 3
MULT 217 3D Studio Pre-Production 3
ARTF 150A Two-Dimensional Design 3
ARTF 155A Freehand Drawing I 3

Total Units = 21

Certificate of Achievement: Interactive Media Production

The Interactive Media Production Certificate of Achievement is designed to provide students of Multimedia a foundational set of technological tools with which to develop a variety of multiplatform media products, including 3D animation, game development, web design, and video production. The curriculum is structured to provide students with a generalized understanding of the functional and aesthetic relationships between the various segments of the Multimedia industry and the potential for the creative synthesis of these aspects in their professional work.

Courses Required for the Major: Units
MULT 100 Introduction to Visual Communication 3
MULT 121 Intermediate Visual Communication 3
MULT 123 Digital Video I 3
MULT 150 Beginning Unity Game Development 3
MULT 152 Intermediate Unity Game Development 3
MULT 201 Introduction to 3D Graphics 3
WEBD 127 Creating User-Centered Content 3
WEBD 152 Beginning Web Development: HyperText Markup Language (HTML) and Cascading Style Sheets (CSS) 3

Select three units (one course) from the following:
MULT 154 Advanced Unity Game Development 3
MULT 122 Advanced Visual Communication 3
MULT 211 3D Modeling 3
MULT 212 3D Texturing and Lighting 3
MULT 215 3D Character Design and Development 3
MULT 217 3D Studio Pre-Production 3
ARTF 150A Two-Dimensional Design 3
ARTF 151 Three-Dimensional Design 3
ARTF 152 Color Theory 3

Total Units = 27

Certificate of Achievement: Video Game Design and Development

Courses Required for the Major: Units
MULT 120 Introduction to Video Game Design 3
MULT 148 Business of Games 3
MULT 150 Beginning Unity Game Development 3
MULT 152 Intermediate Unity Game Development 3
MULT 154 Advanced Unity Game Development 3
MULT 160 Beginning Unreal Engine 3
MULT 162 Intermediate Unreal Engine 3
MULT 164 Advanced Unreal Engine 3
MULT 201 Introduction to 3D Graphics 3
MULT 211 3D Modeling 3
CISC 220 Fundamentals of Computer Game Programming 4
CISC 221 Intermediate Computer Game Programming 4

Total Units = 38

For graduation requirements see Requirements for the Associate Degree on 108.

Electives as needed to help meet minimum of 60 units required for the degree.

Associate of Science Degree: Visual Communication

The Visual Communication Associate of Science degree is designed to provide students of multimedia the opportunity to develop necessary
foundation skills in visual communication by utilizing industry standard digital design tools and processes. It helps students master the tools and processes of contemporary visual communication, digital video, and graphic design by providing them with industry standards production experiences. The curriculum is structured so as to provide students a balance between aesthetic and technological design application.

Associate in Arts for Transfer

Music | 23–24

Description

The academic program in Music is designed to provide students with the sequenced fundamental skills for most musical pursuits for a transfer to a 4 year degree with a major in Music Performance (Classical or Jazz), non-performing music major or those seeking a career in the music industry.

Program Goals

The academic program in Music will prepare students to transfer to 4 year universities as a music major (performance or non-performance) and to develop basic skills that relate to careers in the music industry.

Career Options

Most careers in music require education beyond the associate degree and some require a graduate degree.

Program Learning Outcomes

Students who complete the Music Program will be able to:

- Demonstrate critical thinking through musical performances, reading music notation, using music technology, and communicating musical concepts using correct terminology.
- Demonstrate aural, aesthetic and cultural awareness through recognizing elements of music which are the product of and response to cultural values, traditions, and norms.
• Demonstrate aural, aesthetic, and cultural awareness through recognizing, comparing and discussing distinguishing elements of music and music literature.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Certificate of Achievement: Music Composition

The Certificate of Achievement in Music Composition certifies that the student has completed the core course work in Music Composition and has demonstrated an operational understanding of music composition skills.

**MUSI 224A** Piano Class III 1

**Total Units = 36**

For graduation requirements see **Requirements for the Associate Degree**.

**Electives as needed to meet minimum of 60 units required for the degree.**

**Associate in Arts in Music for Transfer Degree:**

**Award Description:**

The Associate in Arts for Transfer in Music is intended for students who plan to complete a bachelor’s degree in Music or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

**Note:** Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

**Award Notes:**

Students are required to complete 60 semester CSU transferable units, with a minimum overall grade point average of 2.0, to include the following:

**Major:**
- A minimum of 18 semester or 27 quarter units.
- A minimum grade of "C" or "P" or better for each course in the major. Students should review the Pass/No Pass acceptance policy of the transfer institution prior to requesting this grade option.

**General Education:** Complete one of the following general education options:
- The California State University General Education Breadth (CSUGE-B) pattern.
- The Intersegmental General Education Transfer Curriculum (IGETC) pattern.

Electives, as needed, to meet the 60 semester or 90 quarter CSU transferable units required for the degree.
Program Goals:
The purpose of this Associate in Arts degree program in Music is to offer an organized course of study that will prepare students intending to major in Music at the California State University.

Program Emphasis:
The Music Associate in Arts for Transfer program emphasizes preparation for the major in Music at the California State University.

Courses Required for the Major: Units
MUSI 148A Music Theory I 3
MUSI 148B Music Theory II 3
MUSI 248A Music Theory III 3
MUSI 268A Ear Training I 1
MUSI 268B Ear Training II 1
MUSI 269A Ear Training III 1
MUSI 274A Applied Music I 1
MUSI 274B Applied Music II 1
MUSI 274C Applied Music III 1
MUSI 274D Applied Music IV 1

Ensembles: Select 4 units from the following:
MUSI 257A Guitar Ensemble I 1
MUSI 257B Guitar Ensemble II 1
MUSI 257C Guitar Ensemble III 1
MUSI 257D Guitar Ensemble IV 1
MUSI 259A Choir I 1
MUSI 259B Choir II 1
MUSI 259C Choir III 1
MUSI 259D Choir IV 1
MUSI 261A World Music Ensemble I 1
MUSI 261B World Music Ensemble II 1
MUSI 261C World Music Ensemble III 1
MUSI 261D World Music Ensemble IV 1
MUSI 262A Jazz Big Band I 1
MUSI 262B Jazz Big Band II 1
MUSI 262C Jazz Big Band III 1
MUSI 262D Jazz Big Band IV 1
MUSI 264A Jazz Ensemble I 1
MUSI 264B Jazz Ensemble II 1
MUSI 264C Jazz Ensemble III 1
MUSI 264D Jazz Ensemble IV 1

Category A: select 3-4 units from the following:
MUSI 100 Introduction to Music 3
MUSI 190 Introduction to Audio Technology 3
MUSI 124A Piano Class I 1
MUSI 124B Piano Class II 1
MUSI 224A Piano Class III 1
MUSI 248B Music Theory IV 3
MUSI 269B Ear Training IV 1

Total Units = 23-24

Transfer Information
Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Nursery and Landscape Technology
Effective the fall of 1996, the Nursery and Landscape Technology certificate and degree programs were deactivated at Mesa College. Students who are in this major are advised to contact the Architecture Department chairperson to explore options for completing the certificate or degree program.

Note: Students interested in learning to design landscapes should see listings under Architecture for a certificate or degree in Landscape Architecture Technology.

Neurodiagnostic Technology

Award Type Units
Certificate of Achievement: Neurodiagnostic Technology 32
Associate of Science Degree: Neurodiagnostic Technology 32*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Description
Neurodiagnostic Technology is an allied health specialty used for diagnosing and treating patients
with neurological disorders such as epilepsy, stroke, coma, multiple sclerosis, and many others. A competent Neurodiagnostic Technologist has knowledge of the nervous system and knows how to properly operate many types of diagnostic instrumentation. Neurodiagnostic technologists are employed in hospitals, outpatient clinics, physicians’ offices, research centers and remote services.

The Neurodiagnostic Technology program provides theory, laboratory practice and clinical experience in electroencephalography (EEG) and in evoked potential (BAEP, VEP, SSEP) testing as well as an introduction to other neurological testing procedures. Testing procedures include polysomnography (PSG), nerve conduction studies (NCS), long-term monitoring (LTM) for epilepsy, intraoperative neurophysiological monitoring (IONM) and transcranial doppler (TCD) studies.

A grade of “C” or better must be maintained in all courses to continue in the program. Course repetition in this program is not permitted. The program is governed by the Allied Health Department Policies.

Eligibility for enrollment in this program is determined by a special admission procedure. Interested persons should review program information at https://www.sdmesa.edu/academics/v2/programs/neurodiagnostic-technology/index.shtml

Upon completion of the program, graduates will be eligible to sit for the national credentialing board exam (ABRET - American Board of Registration of Electroencephalographic and Evoked Potential Technologists).

**Directed Clinical Practice (DCP) Requirement**

Students accepted into this program will be required to successfully complete DCP, clinically-based courses held in health care facilities. These facilities may require background checks, including fingerprinting and drug screening, as a condition of placement at the clinic.

Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in DCP courses and thus, it may not be possible to successfully complete the program.

Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility’s standards of safety, health and ethical behavior. This may be cause for removal from the program.

**Program Learning Outcomes:**

At the completion of the program, the job-ready graduate will be able to work safely and effectively under the supervision of a licensed physician.

Objectives: The Neurodiagnostic Technology Program is designed to provide students with the knowledge and skills required for an entry-level position as a Neurodiagnostic Technologist in a variety of settings.

Students who complete the Neurodiagnostic Technology Program will be able to:

- Provide safe and accurate neurodiagnostic recordings.
- Apply critical thinking skills to be competent in various neurodiagnostic recording environments.
- Demonstrate knowledge of state and federal regulations.
- Establish and maintain ethical and professional behaviors consistent with standards and practices.
- Communicate effectively, both verbally and in writing, with the neurodiagnostic team, staff and patients.
- Participate in self-assessment and develop plans to improve knowledge, skills, and practices in the field of neurodiagnostic technology.
- Incorporate an understanding of the implications of individual and cultural differences, and adapt behavior and delivery of patient care accordingly, with respect to patient’s values, preferences and needs

**Career Options:**

Neurodiagnostic technologists are employed in a variety of settings including hospitals, outpatient clinics, physicians’ offices, university medical centers, research centers and remote services.

**Certificate of Achievement: Neurodiagnostic Technology**

The Neurodiagnostic Technology Certificate of Achievement focuses on EEG and evoked potentials to prepare students for employment
in neurodiagnostic technology. Other testing procedures are introduced.

**Courses Required for the Major:**

**Description**

The Nutrition Program provides three excellent academic pathways in the field of dietetics and nutrition.

1. Courses transfer to a four-year institution in preparation to become a Registered Dietitian

2. An Associate Degree

Students planning to transfer to a four-year institution should consult the Counseling Department and a Nutrition Advisor for assistance in program planning.

**Program Emphasis**

Course work instructs students in the scientific principles of nutrition as it applies to achieving optimal health, controlling chronic diseases and managing food service.

**Career Options**

Nutrition courses enable students to seek employment in the field of dietetics and nutrition. Some areas of employment include: healthcare, sports nutrition, education, research, food science and food service.

**Program Learning Outcomes**

Students who complete the Nutrition Program will gain facility with:

- **Technological Awareness:** Students will be able to utilize current computer software to analyze...
macro and micro-nutrient contents of dietary intake.

- **Personal Actions:** Students will be able to apply scientific principles of food handling (sanitation and food safety) to food preparation and storage to reduce food-borne illnesses.

- **Critical Thinking:** Students will be able to evaluate student’s eating habits based on nutrition knowledge learned in class.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Certificate of Achievement: Nutrition**

Associate in Arts for Transfer
Philosophy 18–20

Description
Philosophy is the practice of developing the skills and strategies for answering fundamental questions about human existence. Philosophers analyze the concepts through which we acquire knowledge of reality and in terms of which human actions and practices acquire value and meaning. Students are exposed to both the history of discussions of these topics as well as contemporary treatments in order to foster an understanding of how these discussions are related to contemporary life. Philosophers use reasoned argument to evaluate beliefs, focusing especially on what evidence there is for a belief, whether it fits well with other beliefs or contradicts them, and whether we can prove it or disprove it.

Program Emphasis
The Philosophy curriculum prepares students for transfer to four-year institutions and also meets the general education Humanities area requirement for the associate degree.

Career Options
Most careers in this list require education beyond the associate degree. A sample list of careers in which background knowledge of philosophy is appropriate include: education, human service vocations, law, management, medicine, publishing, scientific research, and theology.

Program Learning Outcomes
Students who complete the Philosophy Program will gain facility with:

- Critical Thinking: Think critically in reading about topics in Philosophy, thereby identifying problems, theses, arguments, evidence and conclusions.
• **Communication:** Write or speak about topics in Philosophy, thereby addressing problems, formulating theses, making arguments, analyzing and weighing evidence, and deriving conclusions.

• **Personal Actions and Civic Responsibility:** Demonstrate an ability to understand one’s role in society, take responsibility for one’s own actions, and make ethical decisions in complex situations.

• **Global Awareness:** Articulate similarities and contrasts among cultures, times, and environments, demonstrating an understanding of cultural pluralism.

• **Self-Awareness and Interpersonal Skills:** Critically evaluate one’s own beliefs/positions in light of the context of meaningful philosophical inquiry.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

For graduation requirements see **Requirements for the Associate Degree** on page 108.

**Electives as needed to meet minimum of 60 units required for the degree.**

### Associate in Arts in Philosophy for Transfer Degree:

The Associates in Arts for Transfer in Philosophy is intended for students who plan to complete a bachelor’s degree in Philosophy or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

**Note:** Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

### Award Notes:

Students are required to complete 60 semester or 90 quarter CSU transferable units, with a minimum overall grade point average of 2.0, to include the following:

#### Major:

- A minimum of 18 semester or 27 quarter units.
- A minimum grade of “C” or "P" or better for each course required in the major.

#### General Education:

Complete one of the following general education options:
• The California State University General Education Breadth (CSUGE-B) pattern.
• The Intersegmental General Education Transfer Curriculum (IGETC) pattern.

Electives, as needed, to meet the 60 semester or 90 quarter CSU transferable units required for the degree.

**Note:** Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

**Program Goals:**
The purpose of this Associate in Arts degree program in Philosophy is to offer an organized course of study that will prepare students intending to major in Philosophy at the California State University.

**Program Emphasis:**
The Philosophy Associate in Arts for Transfer program emphasizes preparation for the major in Philosophy at the California State University.

**Courses Required for the Major:**

Electives as needed to meet maximum of 60 units required for the degree.
Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require a third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Phlebotomy

<table>
<thead>
<tr>
<th>Award Type</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>Certificate of Performance: Phlebotomy Training Program</td>
<td>4</td>
</tr>
</tbody>
</table>

Certificate of Performance: Phlebotomy Training Program*

The Phlebotomy Training Program offers a one semester Certificate of Performance in Phlebotomy. Students who successfully complete the Phlebotomy Training Program and receive a Certificate of Performance are eligible to apply for State of California certification as a Certified Phlebotomy Technician 1 (CPT 1) and sit for several state and national examinations.

Eligibility for enrollment in this program is determined by a special admission procedure. Interested persons should review program information at http://www.sdmesa.edu/academics/schools-departments/allied-health/.

Directed Clinical Practice Requirement:
Students accepted into the Phlebotomy Training Program are required to successfully complete Directed Clinical Practice; a clinically-based course held in health care facilities. The facilities may require background checks, including fingerprinting and drug screening as a condition of placement at the clinic. Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in the Directed Clinical Practice and thus, prevent successful completion of the program. Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility’s standard of safety, health and ethical behavior. This may be cause for removal from the program.

Award Notes:

Limitation on Enrollment:
Special Admission – must be admitted to program. Students completing the Phlebotomy Training Program must complete a minimum of 50 to 100 successful venipunctures, 25 successful capillary punctures and observe 2 arterial punctures in order to be awarded a Certificate of Performance in Phlebotomy, and be eligible to apply for State of California certification as a Certified Phlebotomy Technician 1 (CPT 1) and sit for several state and national examinations.

This program includes basic and advanced didactic and practical phlebotomy training, including a minimum of 50 to 100 patient venipunctures, 25 capillary punctures and two arterial puncture observations.

Program Goals:
The goal of the Phlebotomy Training Program is to prepare students to enter the workforce as an entry level Certified Phlebotomy Technician.

Career Options:
Phlebotomy Technician, Certified Phlebotomy Technician (CPT1)

Total Units = 4

Recommended Electives: ALLH 48

*A Certificate of Performance is a departmental award that does not appear on the student’s transcript. All courses must be completed within the San Diego Community College District.

Note: This program is not eligible for federal financial aid in accordance with Federal regulations.
Physical Sciences

Description
Physical Sciences is a multidisciplinary program promoting an appreciation for various disciplines such as physics, chemistry, astronomy and earth sciences by exposing students to various methodologies.

Program Goals
This program serves the students to transfer to four-year colleges and to acquire the necessary skills for employment as technicians.

Program Emphasis
The Physical Sciences Program prepares students for transfer to four-year institutions. Students may acquire skills for employment in science education and science journalism.

Career Options
Most careers in physical sciences require education beyond the associate degree and some require a graduate degree. Careers utilizing physical sciences are lab technician, teacher at elementary or secondary level and science journalist.

Program Learning Outcomes
Students who complete the Physical Sciences Program will display the ability to:

- Use proportional reasoning and graphical analysis to establish and analyze relationships between measured quantities.
- Apply conceptual and mathematical tools to correctly predict the future state of physical systems.

- Clearly communicate scientific principles, experimental results, and their implications.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

<tbody>
<tr>
<td>Associate of Science Degree: Physical Therapist Assistant</td>
<td>46*</td>
</tr>
</tbody>
</table>

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Description**

The Physical Therapist Assistant Program prepares the student for employment as a physical therapist assistant. The physical therapist assistant, working under the supervision and direction of a licensed physical therapist, assists in the provision of physical therapy services including manual therapy, therapeutic exercise, therapeutic modalities, and functional training across the lifespan.
The program is accredited by the Commission on Accreditation in Physical Therapy Education of the American Physical Therapy Association (3030 Potomac Ave., Suite 100, Alexandria, VA., 703-706-3245) and approved by the Physical Therapy Board of California. Graduates are eligible to take the examination for licensure as a physical therapist assistant.

A grade of “C” or better must be maintained in all courses to continue in the program. Course repetition in this program is not permitted. The program is governed by the Allied Health Department Policies.

Eligibility for enrollment in this program is determined by a special admission procedure. Interested persons should review program information at https://www.sdmesa.edu/academics/v2/programs/physical-therapist-assistant/index.shtml

Program Goals
At the completion of the program’s curriculum, the job-ready graduate will be able to work safely and effectively under the supervision of a licensed physical therapist.

Program Emphasis
Exposes students to all aspects of the physical therapy profession. Students must show safe, competent administration of physical therapy services.

Career Options
Employment as physical therapist assistant after passing the National Physical Therapy Exam for the Physical Therapist Assistant and California Law Examination.

Mission Statement
The primary mission of the Physical Therapist Assistant Program at San Diego Mesa College is to provide excellence in the education and development of competent physical therapist assistants that provide high quality patient care through evidence based practice to diverse populations and become leaders within the health care community and profession.

Program Learning Outcomes
- Select and perform safe and effective interventions within the:
  - Physical Therapist Assistant (PTA) scope of practice.
  - Physical therapist’s plan of care.
  - Demonstrate knowledge of California physical therapy laws and regulations.
  - Demonstrate ethical and professional behaviors consistent with professional standards and practice.
  - Communicate effectively, both verbally and in writing, as appropriate for a PTA.
  - Participate in self-assessment and develop plans to improve knowledge, skills, and behavior as appropriate for a PTA.
  - Incorporate an understanding of the implications of individual and cultural differences, and adapt behavior and delivery of care accordingly in all aspects of physical therapy services with respect to patients’ values, preferences, and needs.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Directed Clinical Practice Requirement
Students accepted into this program will be required to successfully complete DCP, clinically-based courses held in health care facilities. These facilities may require background checks, including fingerprinting and drug screening, as a condition of placement at the clinic.

Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in DCP courses and thus, it may not be possible to successfully complete the program.

Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility’s standards of safety, health and ethical behavior. This may be cause of removal from the program.

Associate in Science for Transfer Degree: Physics 28

Description

Upon completion of the required pattern of physics courses and other degree graduation requirements an Associate of Science Degree in Physics will be granted. A certificate program is also offered in physics.

Emphasis

The Physics Program permits the student to fulfill the lower division physics requirements for transfer programs to four-year institutions as well as providing a fundamental basis in education necessary for scientists and engineers.

Career Options

Most careers in physics require education beyond the associate degree and some require a graduate degree. Career options utilizing physics include research, academia, optical and laser physics, and medical physics, as well as industrial and environmental applications.

Program Learning Outcomes

Students who complete the Physics Program will display the ability to:

- Use proportional reasoning and graphical analysis to establish and analyze relationships between measured quantities.
- Clearly communicate scientific principles, experimental results, and their implications.
- Apply conceptual and mathematical tools to correctly predict the future state of physical systems.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Total Units = 35**

For graduation requirements see **Requirements for the Associate Degree** on page 108.

**Electives (Mesa College) as needed to meet minimum of 60 units required for the degree.**

**Recommended Electives:** Astronomy 101, 109, 111, 290; Biology 107; Chemistry 100, 100L, 130, 130L, 152, 152L, 160, 161, 200, 200L, 201, 201L, 231, 231L, 233, 233L, 251, 255, 290, 296; Communication Studies 103; Computer and Information Sciences 150; Economics 120; Engineering 115, 151, 200, 210, 250, 260, 270; Geography 101, 101L, 102, 290; Geology 290, 296; Mathematics 96, 104, 118, 119, 141, 150, 151; Physical Sciences 100, 101, 290, 296; Physics 100, 125, 126, 195, 196, 197, 290.

**Associate in Science in Physics for Transfer Degree:**

The Associate in Science in Physics for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Physics or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

**Program Learning Outcomes:**

Students who complete the Physics for Transfer Program will be able to:

- Utilize proper physics concepts and the relations among them to analyze problems qualitatively and quantitatively.
- Critically apply the principle of conservation of energy in the study of motions.
- Compose laboratory reports that describe the theory and experimental procedures, record and analyze data, and present conclusions and discussions.
- Write solutions to physics problems that identify the assumptions and input.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Note:** Students who plan to complete this degree should consult a counselor and visit [www.assist.org](http://www.assist.org) for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

**Award Notes:**

Students are required to complete a maximum of 60 CSU transferable units with a minimum overall grade point average of 2.0.

**Major:** A minimum of 18 units with grade of “C” or "P" or better.

**General Education:** In addition to the courses required in the major, students must complete one of the following general education options:

- The California State University General Education Breadth pattern
- The Intersegmental General Education Transfer Curriculum pattern

**Note:** Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

**Courses Required for the Major:**

**Total Units = 28**

**Recommended Electives:** Chemistry 200, 200L, 201, 201L.
Electives as needed to meet maximum of 60 units required for the degree.

Transfer Information
Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Political Science

Award Type Units
Associate of Arts Degree: Political Science 18*
* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Associate in Arts for Transfer Degree: Political Science 18

Description
Political science is the study of human behavior as it relates to political situations. It involves the examination of institutions, processes, people, ideas and policies. The study of political science develops critical thinking, cultural literacy, and other skills important for an active and informed citizenry.

The primary objectives of the Political Science program are to meet the American Institutions and general education requirements for associate and baccalaureate degrees.

Program Emphasis
The primary focus is on offering relevant courses that lead to well-developed critical thinking skills, contribute to the development of active, informed citizenry, and that fulfill General Education requirements (AA and transfer level), or lower
division preparation for Political Science major requirements at four year institutions.

Career Options
Most careers in political science require education beyond the associate degree and some require a graduate degree. This is not a comprehensive list but some of the most common career options with political science preparation include: public administrator, budget analyst, city planner, diplomatic corps member, elected official, legislative aide, journalist, lawyer, lobbyist, political scientist, public opinion surveyor, teacher and writer.

Program Learning Outcomes
Students who complete the Political Science Program will be able to:

• Think critically in reading, writing, and/or speaking about topics in Political Science, thereby identifying problems, theses, arguments, evidence and conclusions.

• Write or speak about topics in Political Science, thereby addressing problems, formulating theses, making arguments, analyzing and weighing evidence, and deriving conclusions.

• Demonstrate an ability to understand one’s role in society, take responsibility for one’s own actions, and make ethical decisions in complex situations.

• Articulate similarities and contrasts among cultures, times, and environments, demonstrating an understanding of cultural pluralism.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Associate of Arts Degree: Political Science

Courses Required for the Major: Units
POLI 102 Introduction to American Government 3

Select 15 units (5 courses) from the following:
POLI 101 Introduction to Political Science 3
POLI 103 Comparative Politics 3
POLI 121 American Political Development 3
POLI 123 Gender and Politics 3
POLI 124 Power and Justice: An Introduction to Political Theory 3
POLI 140 Contemporary International Politics 3
POLI 201 Elementary Statistics for Political Science 3

or

PSYC 258 Behavioral Science Statistics 3

or

MATH 119 Elementary Statistics 3

Total Units = 18

For graduation requirements see Requirements for the Associate Degree.

Electives as needed to meet minimum of 60 units required for the degree.

**Associate in Arts in Political Science for Transfer Degree:**

The Associate in Arts in Political Science for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Political Science or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

**Program Learning Outcomes:**

Students who complete the Political Science Program will be able to:

- Think critically in reading, writing, and/or speaking about topics in Political Science, thereby identifying problems, theses, arguments, evidence and conclusions.
- Write or speak about topics in Political Science, thereby addressing problems, formulating theses, making arguments, analyzing and weighing evidence, and deriving conclusions.

**Psychology**

**Award Type** | **Units**
--- | ---
**Associate of Arts Degree:** Psychology | 18*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Associate in Arts for Transfer Degree:** Psychology | 18–23

**Description**
The Psychology Program is suited to the needs of both the two year student and the transfer student who plan to major or minor in Psychology or related fields. It provides the student with a greater understanding of behavior.

**Program Learning Outcomes**
Students who complete the Psychology Program will be able to:

- **Critical Thinking:** Demonstrate critical thinking in reading, writing, and/or speaking about concepts and issues related to human behavior and mental processes using the scientific approach, thereby identifying problems, theses, arguments, evidence and conclusions.

- **Communication:** Demonstrate effective writing and/or speaking about human behavior and mental processes (for example, formulating theses, making arguments, analyzing and weighing evidence, and deriving conclusions).

- **Consciousness, Professional & Ethical Behavior:** Demonstrate recognition of the significance of ethics and diversity in Psychological Science.

- **Information Literacy:** Compare and contrast different research methods used in Psychological Science; Demonstrate understanding of the applications and implications of technology and its appropriate uses.

**Career Options**
Upper division and graduate studies can lead to vocations in teaching, research, counseling, and other areas. An upper division minor in Psychology may be an important asset to majors in other fields.

**Associate of Arts Degree:** Psychology

**Courses Required for the Major:**

**Total Units = 18**

For graduation requirements see **Requirements for the Associate Degree** on page 108.

Electives as needed to meet minimum of 60 units required for the degree.
**Recommended Psychology Electives:**
Communication Studies 103 or 135; Philosophy 100, 102A, 102B; Computer and Information Science 150.

**Associate in Arts in Psychology for Transfer Degree:**
The Associate in Arts in Psychology for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Psychology or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

**Program Learning Outcomes**
Students who complete the Associate in Arts for Transfer in Psychology will be able to:

- Analyze problems and information related to human behavior and mental processes using the scientific approach, and apply psychological concepts and theories to the understanding of diverse personal and social issues.
- Be familiar with the sub-fields of psychology and articulate similarities and differences among people as they relate to the nature of the discipline.
- Compare and contrast the different research methods used by psychologists as a scientific discipline.
- Articulate/demonstrate ideas related to human behavior and mental processes in writing and/or speaking or by other methods of communication.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Note:** Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

**Award Notes:**
Students are required to complete a maximum of 60 CSU transferable units with a minimum overall grade point average of 2.0.

**Major:** A minimum of 18 units with grade of “C” or “P” or better.

**General Education:** In addition to the courses required in the major, students must complete one of the following general education options:

- The California State University General Education Breadth pattern
- The Intersegmental General Education Transfer Curriculum pattern

**Note:** Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

**The following is required for all AA-T or AS-T degrees:**
Completion of 60 CSU-transferable semester units. No more than 60 units are required.

Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some CSU campuses and majors may require a higher GPA. Please see a counselor for more information.

Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major (see list above). All courses in the major must be completed with a grade of “C” or better or a “P” if the course is taken on a “pass-no pass” basis.

Certified completion of the California State University General Education-Breadth pattern (CSU GE; see page 142 for more information); OR the Intersegmental General Education Transfer Curriculum pattern (IGETC; see page 134 for more information).

**Goals**
The purpose of this Associate in Arts in Psychology for Transfer Degree program is to offer an organized course of study that will prepare students intending to major in Psychology at a California State University.

**Emphasis**
The Associate in Arts in Psychology for Transfer Degree program emphasizes preparation for the major in Psychology at a California State University.

**Courses Required for the Major:**

<table>

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Description

The program prepares the student for certification as a full diagnostic radiologic technologist. Training includes radiographic equipment operation, exposure and image processing principles, radiographic procedures, radiation protection, patient care and directed clinical practice. The program runs for 24 months, including two summer sessions. Upon completion of the program, the student will be awarded a certificate of achievement and Associate of Science degree. Graduates of program are eligible to apply for certification by the American Registry of Radiologic Technologists and the state of California (CRT and Fluoroscopy). The program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT).

A grade of “C” or better must be maintained in all courses to continue in the program. Course repetition in this program is not permitted. The program is governed by the Allied Health Department Policies.

Eligibility for enrollment in this program is determined by a special admission procedure. Interested persons should review program information at [http://www.sdmesa.edu/academics/schools-departments/allied-health/](http://www.sdmesa.edu/academics/schools-departments/allied-health/).

For national certification eligibility, students must have earned an associate or higher degree from an institution that is regionally accredited and accredited by a mechanism acceptable to the American Registry of Radiologic Technologists (ARRT: [www.arrt.org](http://www.arrt.org)). The degree need not be in Radiologic Technology. Therefore, students must either already have an associate degree (or higher) that meets the ARRT requirement or have completed all of the...
general education requirements for an associate degree from Mesa College upon application to the program.

**Program Learning Outcomes**

Students who complete the Radiologic Technology Program will be able to:

- Master entry-level skills in positioning, employ safe radiation practices on patients, self and others, and select appropriate technical factors for radiographic exams.
- Communicate using professional language, accurately obtain patient histories and listen without judgment to patients, visitors, physicians, and staff.
- Adapt standard procedures for non-routine exams, modify patient care skills for the injured or critically ill patients, and adjust technical factors for pathology and non-routine exams.
- Maintain calm composure at all times, maintain compliance with all mandatory health and safety policies, and treat patients, visitors, physicians and staff with kindness and respect.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Directed Clinical Practice Requirement**

Students accepted into this program will be required to successfully complete DCP, clinically-based courses held in health care facilities. These facilities require background checks which may include fingerprinting and drug screening, as a condition of placement at the clinic.

Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in DCP and thus, it may not be possible to successfully complete the program.

Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility’s standards of safety, health and ethical behavior. This may be cause of removal from the program.

**Program Goals**

1. Students will be clinically competent.

2. Students will demonstrate communication skills.

3. Students will develop critical thinking skills.

4. Students will model professionalism.

**Program Emphasis**

Exposes students to all aspects of the radiology profession. Students must show safe, competent administration of radiology services.

**Career Options**

The program prepares the student for certification as a full diagnostic radiologic technologist.

**Certificate of Achievement: Radiologic Technology**

**Associate of Science Degree:**

Real Estate 27–28*  

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

### Description

The Real Estate program offers a variety of courses which provide students with the technical and practical knowledge needed to succeed in the Real Estate industry. This includes courses that meet the State’s educational requirements for the broker’s examination and electives for the salesperson’s license. Students planning to transfer to a four-year college or university should select the Business Administration-Real Estate major.

### Career Options

- Real Estate Salesperson/Broker
- Real Estate Appraiser
- Real Estate Property Manager
- Real Estate Investor
- Real Estate Loan Officer

### Program Learning Outcomes

Students who complete the Real Estate Program will be able to:

- Explain, analyze, interpret and synthesize real estate concepts, principles and data to evaluate problems, theses, arguments and evidence and to develop supportable conclusions.

- Effectively articulate and respond to real estate information using recognized modes of real estate communication.

- Recognize and respect the real estate opinions and perspectives of others and to enable effectively working with superiors, peers, and subordinates in organized group or team settings.

- Identify, interpret, and apply industry ethics and Standards of Practice to real estate dealings and transactions.
Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

</tbody>
</table>

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Description**

Social Sciences is a multidisciplinary program promoting an appreciation for the interrelatedness of Geography, History, Philosophy and Political Sciences by exposing students to their varied methodologies. The Social Science Program prepares students for transfer into either a major in Social Sciences or for the single subject teaching credential at four year institutions.

**Program Emphasis**

Courses in this program emphasize Program Learning Outcomes, such as the development of critical thinking and communications skills to analyze problems, conceptualize theses, develop arguments, weigh evidence and derive conclusions; development of the ability to articulate the critical thinking outcomes through writing and/or speaking or by other modes of communication; and the development of an awareness of civic responsibilities and a thorough knowledge of global issues.

**Career Options**

Most careers in Social Sciences require education beyond the associate degree and some require a graduate degree. This is not a comprehensive list, but some of the most common career options utilizing social sciences preparation include: teaching, law, social work, public administration, librarianship, counseling, and business.

**Program Learning Outcomes**

Students who complete the Social Sciences Program will be able to:

- Demonstrate critical thinking skills, encompassing the framing of questions; the formation of hypotheses; the gathering, weighing, and interpretation of evidence; and the deriving of conclusions.
- Communicate effectively, in written and other expressive forms, by using enhanced critical thinking skills.
- Show, in thought and all forms of expression, heightened awareness of the role of civic responsibility and global awareness in sustaining human society.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Certificate of Performance: Global Culture Studies**

This certificate is designed for students interested in global issues, including students seeking an understanding of mankind’s cultural heritage, cultural geography, and an appreciation of
intercultural communication processes. This certificate will complement courses taken in other multi-cultural academic areas and includes transfer general education courses.

Electives as needed to meet minimum of 60 units required for the degree.

Recommended Electives: Geography 102, 104, 290; History 109 and 110, 115A and 115B, 130, 150 and 151, 175, 290; Philosophy 101, 102A and 102B, 103, 104A and 104B, 105, 106, 107, 108, 109, 110, 111, 112, 125, 290; Political Science 101 and 102, 103, 140, 290; Anthropology 103, 200, 210; Art–Fine Art 110, 111; Economics 120 and 121; English 215, 216, 220, 221; Humanities 101, 102; Psychology 155; Sociology 101, 110, 201.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require a third semester competency in a foreign language. Consult the current catalog of the transfer institution.

<td>18</td>
</tr>
</tbody>
</table>

Description

The Sociology Program is suited to the needs of both the two-year student and the transfer student who wish to major or minor in Sociology or related fields. It is designed to provide the student with a greater understanding of human interactions, social processes, and social structures.

Program Goals

This program is designed as transfer preparation for students interested in Sociology.

Program Learning Outcomes

Students who complete the Sociology Program will gain facility with:

- **Think critically in reading, writing, and/or speaking about topics in Sociology, with a focus on collective, as opposed to individualistic, explanations of human behavior, and an emphasis on the roles of social structure, culture, and social interaction in shaping behavior, both historically and cross-culturally, thereby identifying problems, theses, arguments, evidence and conclusions.**

- **Write or speak about topics in Sociology, with a focus on collective, as opposed to individualistic, explanations of human behavior, and an emphasis on the roles of social structure, culture, and social interaction in shaping behavior, both historically and cross-culturally, thereby addressing problems, formulating theses, making arguments, analyzing and weighing evidence, and deriving conclusions.**

- **Demonstrate an ability to understand one’s role in society, explain how the theoretical underpinnings of sociology explicitly challenge currently dominant ideologies like individualism and radical subjectivism, and make ethical decisions in complex situations.**

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

</thead>
<tbody>
<tr>
<td>SOCO 101 Principles of Sociology</td>
<td>3</td>
</tr>
<tr>
<td>SOCO 110 Contemporary Social Problems</td>
<td>3</td>
</tr>
</tbody>
</table>

Select twelve units from the following:

- SOCO 125 Sociology of the Family 3
- SOCO 145 Health and Society 3
- SOCO 150 Sociology of Latinos/Latinas 3
- SOCO 201 Advanced Principles of Sociology 3
- SOCO 207 Introduction to Race and Ethnicity 3
- SOCO 220 Introduction to Research Methods in Sociology 3
- SOCO 223 Globalization and Social Change 3
- SOCO 270 Work Experience 1–4
- PSYC 101 General Psychology 3
- ANTH 103 Introduction to Cultural Anthropology 3

**Total Units = 18**

**Note:** It is strongly recommended that students planning to transfer to a four-year institution complete a course in statistics (either Psychology 258 or Mathematics 119).

For graduation requirements see **Requirements for the Associate Degree** on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

Other recommended electives: Foreign Languages (Although no course in a foreign language is specified in the above recommended electives, a minimal familiarity with one foreign language is desirable. The particular language should be selected in consultation with the Behavioral Sciences Department); Natural Sciences (Life Sciences/Labs, and/or Physical Sciences/Labs)
Associates in Arts in Sociology for Transfer Degree:

The Associate in Arts in Sociology for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Sociology or a related major in the California State University (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

Program Learning Outcomes:

Students who complete the Associate in Arts in Sociology for Transfer will gain facility with:

- **Global Awareness:** Explain the role of the United States in the global economy and political system.

- **Critical Thinking:** Compare and contrast the traditions of structural functionalism, social conflict theory, symbolic interaction, and their contemporary offshoots of feminism, post-structuralism and social construction theory.

- **Communication:** Articulate in writing and speech and understanding of the basic assumptions of human behavior within the discipline: the effects of culture, social structure, and social interactions on human agency.

- **Social Action and Civic Responsibility:** Explain how the theoretical underpinnings of sociology explicitly challenge the dominant ideology in American society of individualism and radical subjectivism.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Note: Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

Award Notes:

Students are required to complete a maximum of 60 CSU transferable units with a minimum overall grade point average of 2.0.

**Major:** A minimum of 18 units with grade of “C” or “P” or better.

**General Education:** In addition to the courses required in the major, students must complete one of the following general education options:

- The California State University General Education Breadth pattern
- The Intersegmental General Education Transfer Curriculum pattern

Note: Completion of the California State University American Institutions graduation requirement is strongly recommended prior to transfer.

**Courses Required for the Major:**

Total Units = 18

*Course also fulfills general education requirements for the CSU GE or IGETC pattern.

Note: Only one statistics course may be applied to the major.

Electives as needed to meet maximum of 60 units required for the degree.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require a third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Spanish

Award Type Units
Associate of Arts Degree:
Spanish 21*
Spanish for Spanish Speakers 20*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Associate in Arts in Spanish for Transfer Degree:
Spanish 23–25

Description

Program provides training in the fundamental skills of understanding, speaking, reading and writing the language, and increases one’s familiarity with the Spanish language. From a vocational standpoint, the curriculum will provide a student with skills useful in translating, interpreting, teaching, linguistic or literary research, music, foreign trade, or missionary work. The major requires 26 units in Spanish, unless the student has completed two years of Spanish in high school (with a “C” average or better). In this case, the department will determine the courses necessary to complete the requirements.

Program Learning Outcomes

- Demonstrate level-appropriate proficiency on the ACTFL scale in understanding, speaking, reading, and writing of the targeted language.
- Utilize targeted language skills to complete a general program of lower division coursework, pursue language study at the transfer level, for personal enrichment, or for professional development.
- Apply knowledge of and sensitivity to aspects of behavior, attitudes, and values of targeted language-speaking countries to connect with the global community.

Associate of Arts Degree: Spanish

This degree is intended for students who have learned Spanish primarily in a classroom setting.

Courses Required for the Major: Units
SPAN 102 Second Course in Spanish 5
SPAN 201 Third Course in Spanish 5
SPAN 202 Fourth Course in Spanish 5
SPAN 210 Conversation and Composition Spanish I 3
SPAN 211 Conversation and Composition Spanish II 3

Total Units = 21

For graduation requirements see Requirements for the Associate Degree on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

Associate of Arts Degree: Spanish for Spanish Speakers

This degree is intended for students who are already proficient in spoken, informal Spanish acquired from their family background.

Courses Required for the Major: Units
SPAN 215 Spanish for Spanish Speakers I 5
SPAN 216 Spanish for Spanish Speakers II 5
SPAN 221 Hispanic Literature for Spanish Speakers 5
SPAN 222 Hispanic Culture and Civilization for Spanish Speakers 5

Total Units = 20

For graduation requirements see Requirements for the Associate Degree on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

Associate in Arts in Spanish for Transfer Degree:

The Associate in Arts in Spanish for Transfer degree is intended for students who plan to complete a bachelor's degree in Spanish or a related major in the California State university (CSU) system. It is accepted by some but not all CSU campuses. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor's degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree.

Note: Students who plan to complete this degree should consult a counselor and visit www.assist.org for additional information about participating CSU campuses as well as university admission, degree and transfer requirements.

Award Notes:

The following is required for all AA-T/AS-T degrees:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0.

ADTs also require that students must earn a "C" or "P" or better in all courses required for the major or area of emphasis.

Electives, as needed, to meet the 60 semester or 90 quarter CSU transferable units required for the degree.

Program Goals:
The purpose of this Associate in Arts in Spanish for Transfer degree is to offer an organized course of study that will prepare students intending to major in Spanish at the California State University.

Program Emphasis:
The Associate in Arts in Spanish for Transfer degree emphasizes preparation for the major in Spanish at the California State University.

Courses Required for the Major:

Transfer Information
Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require a third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Sustainability

Award Type  Units
Certificate of Achievement:  Sustainability  18–20
Associate of Arts Degree:  Sustainability  18–20*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Description
Sustainability provides students with an interdisciplinary understanding of the biological, social, and economic considerations of issues related to the environment and environmental degradation.

Program Goals
The Sustainability Program offers students a focused and organized program of study that serves three goals:

1. to prepare students to transfer to a CSU, UC, or other four-year institution to major in Sustainability or related discipline;
2. to complement students' existing major course of study; and
3. to expand job skills for students currently in the workforce

Program Learning Outcomes
Students who complete the Sustainability A.A. degree will be able to:

1. Analyze practical and theoretical issues related to sustainability from current and historical perspectives.
2. Evaluate perspectives of diverse stakeholders regarding a wide range of sustainability issues.

Certificate of Achievement: Sustainability

Courses Required for the Major:  Units
SUST 101  Introduction to Sustainability  3
GEOG 101  Physical Geography  3
ECON 121  Principles of Microeconomics  3
MATH 119  Elementary Statistics  3
or
PHIL 101  Symbolic Logic  3
or
PSYC 258  Behavioral Science Statistics  3
or
BUSE 115  Statistics for Business  3
or
BIOL 200  Biological Statistics  3
or
POLI 201  Elementary Statistics for Political Science  3

Select three units from the following:
PHIL 131  Environmental Ethics  3
ECON 220  Economics of the Environment  3

Select three to five units from the following:
SUST 270  Sustainability Work Experience  1–4
PHIL 131  Environmental Ethics  3
ECON 220  Economics of the Environment  3
ARCH 231  Sustainability in the Built Environment  4
BIOL 180  Plants and People  3
BUSE 190  Academic and Career Opportunities in Business  1
GEOG 101L  Physical Geography Laboratory  1

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Description**

The Veterinary Technology program prepares students for careers in the veterinary medical arena.

Graduates may become Registered Veterinary Technicians (RVTs) upon passing the National Veterinary Technician Examination (VTNE).

A grade of “C” or better must be maintained in all courses to continue in the program. Course repetition in this program is not permitted. The program is governed by the Allied Health Department Policies.

Eligibility for enrollment in this program is determined by a special admission procedure. Interested persons should review program information at [http://www.sdmesa.edu/academics/schools-departments/allied-health/](http://www.sdmesa.edu/academics/schools-departments/allied-health/).

**Work Experience Requirement:**

Students accepted into this program will be required to successfully complete a clinically-based work experience course held in an animal health care facility. These facilities may require background checks, including fingerprinting, as a condition of placement at the clinical site.

Refusal to submit to a background check, or failure to meet clearance criteria established by the animal health care facility, may prevent placement at a work experience site and thus, it may not be possible to successfully complete the program.

Veterinary and animal health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility’s standards of safety, health and ethical behavior. This may be cause for removal from the program.
Program Goals
The goal of the Veterinary Technology program is to train students to:

- Properly and safely restrain the various species commonly seen in veterinary medicine.
- Properly and accurately perform a thorough physical exam on the various species seen in veterinary medicine.
- Properly record the results of a physical exam using correct medical terminology.
- Properly and accurately collect, analyze, and interpret blood, urine, fecal, and other samples from large and small animals, exotics, pocket pets and avians.
- Produce a series of diagnostic radiographs in common domestic species.
- Induce anesthesia, monitor the patient during the procedure, and then recover the animal completely from the anesthetic and surgical event.

Career Options
Career options for graduates of the Veterinary Technology program include employment in private veterinary facilities, bio-medical research institutions, regulatory agencies, zoological parks, pharmaceutical companies, and the animal nutrition industry.

Program Learning Outcomes
Students who complete the Veterinary Technology Program will be able to:

- Apply the knowledge and skills to perform safe and effective clinical procedures relative to the veterinary field.
- Demonstrate professional and ethical behaviors necessary to be a Registered Veterinary Technician (RVT).
- Communicate effectively with other veterinary professionals as appropriate for an RVT.
- Demonstrate critical thinking and problem solving skills both independently and in a team environment.
- Be knowledgeable of the California veterinary laws and regulations as they relate to the RVT.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Total Units = 42

For graduation requirements see Requirements for the Associate Degree on page 108.

Electives as needed to meet minimum of 60 units required for the degree.

Transfer Information
Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution.

See catalog TRANSFER INFORMATION section. Additional courses may be required to meet
university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Web Development

Award Type | Units |
---|---|
Certificate of Achievement: Foundations of Web Development | 18 |
Web Development | 24 |
Associate of Science Degree: Web Development | 33* |
* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Description

The Web Development program serves students entering fields that need Web Development skills and knowledge and working professionals who need to learn new skills for their current job or for career advancement. The program prepares students to design and create Web sites, including integrating databases and content management systems, creating multimedia elements, and editing content to follow writing for the Web guidelines. Students acquire a solid foundation in usability, accessibility, and design principles, as well as technical skills at hand coding HTML, CSS, PHP and MySQL. Students use industry standard software and practices to prepare for entry-level careers.

Goals

1. To provide students with the theoretical knowledge, applicable standards-based technical and coding skills, and attitude necessary to function as an entry-level Web developer.
2. To impart to students the use of current practices and standards of Web informational design: writing for the Web, design principles, Web site architecture, Web site usability and Web accessibility.
3. To prepare student for the demands and responsibilities in the work environment, students will create projects on their own, or in teams, with each student assuming responsibility for the production process.
4. To educate students to practice respect for copyright laws and regulations for content on the Web site
5. To inculcate in students the practice of life-long learning and professional growth.

Career Options

Web Designer, Web Developer, Front-End Developer, Back-End Developer, Full Stack Developer, Content Manager, Social Media Manager, Search Engine Optimizer, Digital Engineer, Data Model Engineer, Web Programmer, HTML and CSS Coders, and Internet Concept Developer.

Program Learning Outcomes

Students who complete the Web Development Program will gain facility with:

• Technological Awareness: Students will be able to evaluate and apply appropriate technology to support specific business activities and business solutions.
• Critical Thinking: Students will be able to analyze specific business problems or situations and identify possible solutions, including predictive analysis, synthesis of information, resourcefulness, and troubleshooting.
• Communication: Students will be able to choose the appropriate mode of communication for a specific situation and then communicate ideas, concepts, and solutions through effective written and oral communication.

Women’s Studies

Award Type Units

Certificate of Performance: Women’s Studies 15

Description

The Women’s Studies Certificate of Performance is awarded to students who successfully have completed an interdisciplinary curriculum designed to explore the past, present and future of women from a multi-cultural perspective. The courses in this concentration will explore how women’s lives have been affected by society’s values, traditions, and institutions and how language, belief systems, political structures and economic systems shape the status of women, as well as men, in society and culture.
Statement of Goals

This Certificate of Performance provides an interdisciplinary curriculum of courses that emphasize women’s issues and fulfill General Education, American Institutions and multicultural requirements for the District and transfer institutions.

Program Emphasis

The courses taken to achieve the Certificate of Performance fulfill general education, American Institutions, and multi-cultural requirements for the Associate of Arts degree and for university transfer programs. Courses can also be used as preparation for a transfer major or minor in Women’s Studies. Students who gain a Certificate in Women’s Studies may combine their interest in Women’s Studies with another major, and their broad interdisciplinary background makes them attractive candidates for graduate schools.

Career Options

A Women’s Studies Certificate also prepares students for careers in non-profit organizations, government and public policy, education, health fields, business, the creative arts, journalism, publishing, law, science, the social sciences, and social work. For example, social work and counseling professionals as well as health professionals of all types, including physicians, nurses, physical therapists, and occupational therapists, often focus on issues of concern solely to women or more likely to be faced by women. Manufacturers, retailers, advertising agencies and marketing firms analyze the purchasing patterns and preferences of female consumers and retirement concerns of woman are a growing part of the finance industry. Lawyers often specialize in family law, gender discrimination, sexual harassment, or other issues of special concern to women.

Program Learning Outcomes

Students who complete the Women’s Studies Program will be able to:

• Analyze how women’s lives have been affected by society’s values, traditions, and institutions.

• Delineate the literary, artistic, scientific and political contributions of women throughout history.

• Explain or analyze how women’s diverse experiences are affected by ethnicity, class, nationality, religion, and sexual orientation.

• Develop arguments, weigh evidence, and derive conclusions in the area of Women’s Studies.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

*Completion of Psychology 133, Psychology of Women, may only be counted once toward the 15 units required for the certificate of performance.

A Certificate of Performance is a departmental award that does not appear on the student’s transcript. All courses must be completed within the San Diego Community College District.

Note: This program is not eligible for federal financial aid in accordance with Federal regulations.

Also see “Associate of Arts Degree: Liberal Arts and Sciences with an Emphasis in Social and Behavioral Sciences–Women’s Studies” on page 279.
Course Descriptions
General Course Information

Not all courses listed will be offered each semester, and San Diego Mesa College reserves the right to cancel any course if enrollment in such course is below a minimum number as set by the San Diego Community College District Board of Trustees. The hours indicated at the beginning of each course description, except where otherwise specified, denote the total number of clock hours the class meets each week.

Effective 2009–2010 catalog year (and each year thereafter), students must earn a grade of “C” or better in courses required for the major.

Students enrolled in occupational and health occupation programs must earn a grade of “C” or better in courses required for the major.

In accordance with California Education Code, Section 78221.5, students have the right to access transfer-level coursework and academic credit English Language Acquisition (ELAC) coursework. Please refer to Assessment on page 17 or see a counselor for details.

Course Numbering System

The course numbering system has meaning with regard to level and transfer. See the description below:

• 1–49 Basic Skills or college preparatory courses. Credit does not apply toward the associate degree and is not intended for transfer to a four-year college or university. Final determination regarding the transfer of credit rests with the receiving institution.

• 50–99 Course credit applies toward the associate degree and is not intended for transfer to a four-year college or university. Final determination regarding the transfer of credit rests with the receiving institution.

• 100–299 Course credit applies toward the associate degree and is intended for transfer to a four-year college or university. (Some courses may be identified as associate degree applicable only. See catalog course description.) Final determination regarding the transfer of credit rests with the receiving institution.

• 300–391 Apprenticeship and in-service courses. See Catalog course description to determine credit for Associate Degree or Transfer.

• 392–399 Special Topics courses that employ a consistent disciplinary framework as described by a complete course outline of record, but utilize a specific focus area that may change from term to term may be offered in some disciplines. See the class schedule for specific titles and course details. (See catalog course description to determine credit for Associate Degree or Transfer.)

• 401–499 Upper division courses. Students must be admitted to a SDCCD college baccalaureate degree program.

Apprenticeship 345, 349, 349-D, DSPS 65, Field Experience/Internship 275, Independent Study 290, Individualized Instruction 296, Experimental Topics 18, 23, 63, 265, Tutoring 44, and Work Experience courses 270, 272 have Districtwide designated numbers.

Prerequisites, Corequisites, Limitations on Enrollment, and Advisories

All prerequisites, corequisites, and limitations on enrollment stated in the course descriptions listed in this catalog will be strictly enforced at the time of registration. Students who do not meet the prerequisite, corequisite, or other limitation according to the college’s records, will not be permitted to register for the course. Students are strongly advised to have all transcripts of prior college work and other documentation on file well in advance of registration. This will minimize registration delays. For more information see page 24.

Students should plan their schedule early and see a counselor for assistance.

Challenge Procedures

Students may challenge a prerequisite, corequisite or limitation on enrollment. A student may obtain a petition to Challenge online via the mySDCCD Support Desk and then selecting the Petition to Challenge form: https://mysdccd.atlassian.net/servicedesk/customer/portal/4/group/73/create/71. The completed petition with supporting documentation must be filed in the Admissions Office AT LEAST 10 working days prior to the start of
the primary term/semester. Contact the Admissions Office for additional information. For credit by examination, please refer to page 93.

**Generic Course Information**

Any discipline or department may offer the courses listed below which do not appear individually in the catalog. If applicable to a particular subject area, it will be listed under the appropriate departmental heading (subject indicator) in the college class schedule. For further information, please check with the instructor or department chair.

**Supervised Tutoring (44)**

Supervised tutoring courses are available in each discipline. To enroll in a supervised tutoring course, a student must be enrolled in a college or basic skills course in the respective discipline. The courses are designed to prepare the student to succeed in the corequisite or subsequent courses. Supervised tutoring may be taken four times, each time with a different corequisite. Credit does not apply to the associate degree.

**Experimental Topics (265)**

Experimental topics courses that examine an immediate specialized need or focused academic inquiry may be offered in some disciplines. See the class schedule for specific titles and course details.

**Special Topics Courses (392–399)**

Special topics courses that employ a consistent disciplinary framework as described by a complete course outline of record, but utilize a specific focus area that may change from term to term may be offered in some disciplines. See the class schedule for specific titles and course details. (See catalog course description to determine credit for Associate Degree or Transfer.)

**Work Experience (270)**

Program of on-the-job learning experiences for students employed in a job related to the major. Students may enroll in a maximum of 16 units of work experience in a lifetime, including a maximum of 6 units from General Work experience. Students may enroll in a maximum of 8 units per semester of Occupational Work experience. AA/AS; CSU.

**Service Learning**

Students gain hands-on experience in project planning, development, implementation and evaluation. Students meet weekly to receive support training and development opportunities regarding best practices in Service Learning. The service-learning options are as follows:

**Service Learning—High School Projects (277A)**

Students in this course develop and implement service-learning projects to help high school students under the supervision of college faculty and in cooperation with high school teachers, counselors and resource teachers. Projects may include collaboration with high school classes, educational projects for high school students, mentoring and shadowing. This course is intended for students from any discipline who are interested in project development, development of teaching skills or enhancement of communication and planning skills. Course segments may be taken in any order. The combined credit for all 277A discipline courses may not exceed three units. AA/AS; CSU.

**Service Learning—Elementary and Junior High School Projects (277B)**

Students in this course develop and implement service learning projects to help elementary and junior high school students under the supervision of college faculty and in cooperation with elementary and junior high school teachers, counselors and resource teachers. Projects may include collaboration with elementary and junior high school classes, educational projects for elementary and junior high school students, mentoring, and shadowing. This course is intended for students from any discipline who are interested in project development, development of teaching skills, or enhancement of communication and planning skills. Course segments may be taken in any order. The combined credit for all 277B discipline courses may not exceed three units. AA/AS; CSU.

**Service Learning—Community (277C)**

Students in this course develop and implement service-learning projects to help the college’s community under the supervision of college faculty and in cooperation with the staff of community organizations and agencies. Projects may include collaboration with off-campus community organizations and educational service oriented projects for the college’s community. This course is intended for students from any discipline who are interested in project development, development of teaching skills, or enhancement of communication.
and planning skills. Course segments may be taken in any order. The combined credit for all 277C discipline courses may not exceed three units. AA/AS; CSU.

**Service Learning—On Campus (277D)**

Students in this course develop and implement service-learning projects to help the college’s students under the supervision of college faculty and in cooperation with college counselors and staff. Projects may include collaboration with college classes, educational projects for college students, mentoring, and shadowing. This course is intended for students from any discipline who are interested in project development, development of teaching skills, or enhancement of communication and planning skills. Course segments may be taken in any order. The combined credit for all 277D discipline courses may not exceed three units. AA/AS; CSU.

**Independent Study (290)**

This course is for students who wish to conduct additional research, a special project, or learning activities in a specific discipline/subject area and is not intended to replace an existing course in the discipline. In this course students will have a written contract with their instructor for activities such as: preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

**Individualized Instruction (296)**

This course provides supplemental instruction to reinforce achievement of the learning objectives of a course in the same discipline under the supervision of the instructor of the designated course. Learning activities may employ a variety of self-paced multimedia learning systems, language labs, print and electronic resources, laboratory, or field research arrangements, to assist student in reaching specific learning objectives. This open entry/open exit course is offered concurrently with designated courses. AA/AS; CSU.

**Accelerated College Program**

Transferable community college courses in calculus and political science are provided for qualified high school students at local high schools. The Accelerated College Program, located at Mesa College, is a Districtwide program responsible for providing and administering all of these classes, following guidelines established by a joint agreement between SDCCD and SDUSD. When an ACP student becomes a first-year or transfer student, credits transfer and are widely applicable in fulfilling general education and pre-major requirements at most universities.

Students who complete courses within the Accelerated College Program (Math and/or Political Science disciplines) will be able to:

- Students will be able to think critically when applying the key concepts and models developed in ACP courses to address and solve problems using practical, analytical, skills.
- Students will be able to communicate effectively the key concepts and models developed in ACP courses.
- Students will be able to work collaboratively and independently, using logic and civil discourse to convey their ideas and opinions, while exhibiting personal responsibility for their conduct in any situation, context or medium.
- Students will be able to use technology effectively and appropriately when solving problems, collecting data, and researching information on the key concepts and models developed in ACP courses.

**Explanation of Terms**

Courses in the San Diego Community College District that are associate degree applicable and/or transfer to public four-year universities in California are identified at the end of each course description with the following statements:

**AA/AS: Associate Degree Applicable.** The course will apply toward the units required for the associate degree at San Diego Community College District colleges. The course is not intended for transfer to a four-year college or university. However, final determination of transfer credit rests with the receiving institution.

**CSU: California State University Applicable.** The course will apply toward the units required for the baccalaureate degree at the California State University system.

**UC: University of California Applicable.** The course will apply toward the units required for the baccalaureate degree at the University of California system.

**UC Transfer Limitation.** See a counselor or reference ASSIST.org: There may be limitations
on the number of units that are applied from this course toward the total number of lower division units required for the baccalaureate degree at the University of California. Students should see a counselor or reference ASSIST.org concerning these limitations. The University of California limits the maximum amount of lower division credit that can be applied toward the baccalaureate degree in a variety of disciplines, including Journalism, Photography, Health, Business Administration, Architecture, Administration of Justice (Criminology) and Library Science.

Field Trip: (FT) A field trip may be required for this course. Detailed information concerning costs incurred will be provided by the instructor.

Private Colleges/Independent/Out-of-State:
Note regarding Private / Independent / Out-of-state institutions: San Diego Community College District courses that are designated as CSU or UC transferable may apply toward the total number of lower division units required for the baccalaureate degree at private, independent, and/or out-of-state colleges and universities; however, the final evaluation of course credit will be determined by the individual private, independent, or out-of-state institution.

Exercise Science Classes/Intercollegiate Sports – Disclaimer
Participation in all sports and physical education activities involves certain inherent risks. Risks may include, but are not limited to, neck and spinal injuries that may result in paralysis or brain injury, injury to bones, joints, ligaments, muscles, tendons and other aspects of the muscular skeleton system; and serious injury, or impairment, to other aspects of the body and general health, including death. The San Diego Community College District, its officers, agents and employees are not responsible for the inherent risks associated with participation in exercise science classes/intercollegiate sports. Students are strongly advised to consult a physician prior to participating in any exercise science activity.

UC Transfer and Exercise Science Courses
The University of California divides physical education courses into three categories: 1) Activity; 2) Theory, and 3) Academic/Scholarly. Credit for Activity courses is limited to four (4) units. Credit for Theory courses is limited to eight (8) units. No credit limitation is established for Academic/Scholarly courses. All UC-transferable exercise science courses and their associated unit limitations are listed on Web ASSIST at www.assist.org.

UC Transfer and Variable Topics Courses
These courses are also called “Independent Studies”, “Special Studies”, “Special Topics”, “Field Work”, etc. Credit for variable topics courses is given only after a review of the scope and content of the course by the enrolling UC campus. This usually occurs after transfer and may require recommendations from faculty. Information about internships may also be presented for review, but credit for internships rarely transfers to UC. UC does not grant credit for variable topics courses in Journalism, Photography, Health, Business Administration, Architecture, Administration of Justice (Criminology) or Library Departments because of credit restrictions in these areas.

Course Identification Numbering System (C-ID)
The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. The purpose of a C-ID designation is to identify comparable courses within the California community college system and participating four-year institutions. When a C-ID number is listed in the catalog in association with a course, students can be assured that it will be accepted in lieu of a course bearing the same C-ID designation at another California community college. Many universities, including the University of California (UC) do not participate in the C-ID system. Therefore, students should always reference www.assist.org to confirm how each community college’s course will be accepted at a specific four-year college or university for transfer credit.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
116A Financial Accounting

4 hours lecture, 4 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50; Mathematics 46 with a grade of “C” or better, or equivalent or Milestone M30; Accounting 102 with a grade of “C” or better, or equivalent.

This introductory course is an overview of financial accounting, why it is important, and how it is used by investors and creditors to make decisions. It covers the accounting information system, the recording and reporting of business transactions with a focus on the accounting cycle, the applications of generally accepted accounting principles (GAAP), the classified financial statements, and statement analysis. Other topics include issues related to asset, liability, and equity valuation; revenue and expense recognition; cash flows; internal controls; and ethics. This course is intended for students majoring in accounting or other fields related to business administration. (FT) AA/AS; CSU; UC; C-ID ACCT 110.

116B Managerial Accounting

4 hours lecture, 4 units
Grade Only

Prerequisite: Accounting 116A with a grade of “C” or better, or equivalent.

This course is a study of how managers use accounting information in decision-making, planning, directing operations, and controlling. The course focuses on cost terms and concepts, cost behavior, cost structure, and cost-volume-profit analysis. Other topics include profit planning, standard costs, operations and capital budgeting, cost control, and accounting for costs in manufacturing organizations. This course is intended for students majoring in accounting or other fields related to business administration. (FT) AA/AS; CSU; UC; C-ID ACCT 120.

120 Federal Income Tax

3 hours lecture, 3 units
Grade Only

Advisory: Completion of or concurrent enrollment in Accounting 116A with a grade of “C” or better, or equivalent.

This course introduces tax concepts and tax laws that govern individuals who pay federal income taxes. Emphasis is placed on recognizing the social, economic, and political factors that Congress considers when it creates tax laws. This course relates tax codes to the individual and identifies how tax planning skills can determine economic outcomes. In addition, the course demonstrates and differentiates between tax avoidance and tax evasion. It is intended for students majoring in Accounting or anyone interested in federal income tax concepts and laws. (FT) AA/AS; CSU.

121 California Income Tax

1 hour lecture, 1 unit
Grade Only

Advisory: Concurrent enrollment in Accounting 120.

This course is a study of California personal income taxation and tax planning. Emphasis is placed on tax concepts and related social economic issues rather than tax return preparation. The course distinguishes between California and federal income tax requirements. It is intended for all students interested in California income tax. (FT) AA/AS; CSU.

125 Government & Not-for-Profit Accounting

3 hours lecture, 3 units
Grade Only

Prerequisite: Accounting 116A with a grade of “C” or better, or equivalent.

The course provides instruction in the principles of fund accounting and budgeting including revenues, appropriations, encumbrances, internal controls for both governmental and not-for-profit entities. This course is intended for students majoring in Accounting and returning students preparing for their Certified Public Accountant (CPA) exam. AA/AS; CSU.

135 Principles of Auditing

3 hours lecture, 3 units
Grade Only

Prerequisite: Accounting 116A with a grade of “C” or better, or equivalent.

This is a basic course concerned with financial statement auditing as well as other assurance services provided by professional auditors. All phases of auditing including ethics, standards, planning, fieldwork and reporting are covered. This course is intended for students majoring in Accounting. (FT) AA/AS; CSU.
150 Computer Accounting Applications
3 hours lecture, 3 units
Grade Only
Advisory: Completion of or concurrent enrollment in Accounting 102 or Accounting 116A, each with a grade of “C” or better, or equivalent. This course illustrates how to use accounting computer programs in a commercial business enterprise. The full accounting cycle and payroll is evaluated within a typical business environment. Business transactions are identified, labeled, recorded, and processed for both service and merchandise businesses. In addition, financial statements are constructed, evaluated, and reviewed for accuracy and completeness. This course is intended for students majoring in Accounting or those interested in computer accounting programs. (FT) AA/AS; CSU.

201A Intermediate Accounting I
3 hours lecture, 3 units
Grade Only
Prerequisite: Accounting 116A with a grade of “C” or better, or equivalent. This course introduces students to intermediate theory, concepts, standards, and principles of financial accounting, with an emphasis on corporate financial statements. Topics include the acquisition, valuation, and disposition of assets as well as the identification and reporting of current liabilities. This course is intended for students majoring in the field of accounting and those interested in upgrading their accounting job/career skills. (FT) AA/AS; CSU.

201B Intermediate Accounting II
3 hours lecture, 3 units
Grade Only
Prerequisite: Accounting 201A with a grade of “C” or better, or equivalent. This course is continuation of intermediate financial accounting standards, theory, and principles. Topics include the valuation and presentation of liabilities and stockholders’ equity; revenue recognition; leases; and tax accounting. This course is intended for students majoring in the field of accounting and those interested in upgrading their accounting job/career skills. (FT) AA/AS; CSU.

270 Accounting Internship / Work Experience
60–300 hours other, 1–4 units
Grade Only
Limitation on Enrollment: Must obtain a permission number from the instructor for enrollment. This course provides on-the-job learning experiences for students employed in an accounting-related job or internship. Students develop workplace competencies, critical thinking skills, and problem solving abilities through the creation and achievement of job-related behavioral learning objectives. One unit of credit may be earned for each 75 hours of paid employment or 60 hours of volunteer work. This course may be taken up to four times. However, the combined maximum credit for all Work Experience courses from all subject areas may not exceed 16 units. This course is intended for students majoring in Accountancy or those interested in the accounting field. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

American Indian Studies
An interdisciplinary approach
(See selected courses in Anthropology, page 338, Art, page 344, and History, page 483)

Allied Health (ALLH)

48 Basic Skills for Health Care Careers
2 hours lecture, 2 units
Letter Grade or Pass/No Pass Option
This course is designed to prepare students interested in entering the health care industry for the college level interdisciplinary skills required in

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
math, oral and written communication. In-class essay development, mathematical word problems, logical reasoning and professionalism are emphasized. (FT) Not applicable to the Associate Degree.

49 Introduction to Health Careers
1.5 hours lecture, 1.5 units
Letter Grade or Pass/No Pass Option
This introductory course is designed for students interested in entering the human or veterinary health care industry. This course explores the history and key aspects of the practice of health care in the United States. The content provides ways to identify general aptitudes and skills required in health careers and provide students with an opportunity to match individual aptitudes, interests and abilities to specific health careers. (FT) Not applicable to the Associate Degree.

290 Independent Study
3–9 hours other, 1–3 units
Pass/No Pass
Limitation on Enrollment: Must obtain a permission number from the instructor for enrollment. This course is for students who wish to conduct additional research, a special project, or learning activities in Allied Health and is not intended to replace an existing course in an Allied Health program. In this course, students will have a written contract with their instructor for activities such as preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. (FT) AA/AS; CSU.

American Sign Language/Interpreting (AMSL)

120 American Sign Language Level I
5 hours lecture, 5 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for American Sign Language/Interpreting 100 or American Sign Language/Interpreting 115. This is an entry-level course designed to introduce students to American Sign Language (ASL) and Fingerspelled Signs as they are used within Deaf Culture. Students are taught to use ASL by signing, fingerspelled signing, and using facial grammar at the novice level. Emphasis is placed on the development of ASL expressive and receptive skills via applying their ASL skills through individualized program, small groups and large group environment. Students utilize interactive media to express their comprehension of basic ASL sentences and stories as well as their signing skills. Students have the opportunity to practice vocabulary and syntax. The course is designed for students who want to explore the basic language structure of ASL and Deaf Culture. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

121 American Sign Language Level II
5 hours lecture, 5 units
Grade Only
Prerequisite: American Sign Language/Interpreting 120 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for American Sign Language/Interpreting 101 or American Sign Language/Interpreting 116. This course is a continuation of the study of American Sign Language (ASL) at the beginning intermediate level. Emphasis is placed on increasing development of students’ receptive and expressive skills through ASL vocabulary, fingerspelled signs and knowledge of Deaf Culture. Instruction includes a natural approach to teaching a second language by exposing students to authentic conversations in the classroom. Active learning provides students with the opportunity to apply their ASL skills through an individualized program, small groups and large group environment. Students utilize interactive media to express their comprehension of basic to intermediate ASL sentences and stories as well as to hone their signing skills. Activities are designed to provide students the opportunity to practice vocabulary and syntax at the intermediate level. This course is designed for students and/or professionals interested in working and interacting with Deaf people. (FT) AA/AS; CSU; UC.

150 Introduction to Deaf Culture
3 hours lecture, 3 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for American Sign Language/Interpreting 104. This is an introduction to the unique aspects of Deaf Culture and Deaf community. Emphasis is placed on in-depth discussion of the beliefs and customs of this sociolinguistic/cultural minority in relation to language use and history of Deaf people in the United States of America. This course is
intended for students who are interested in learning about Deaf Culture and the Deaf community. (FT) AA/AS; CSU; UC.

155 Implications of Deafness

3 hours lecture, 3 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for American Sign Language/Interpreting 105. This course is a study of the audiological, educational, social, and communicative aspects of people who are deaf and hearing impaired. Emphasis is placed on historical perspectives and current trends, philosophies, and ideologies related to deafness. This course is intended for students who are interested in learning about the pathological aspects of deaf and hearing impaired people. (FT) AA/AS; CSU; UC.

214 American Sign Language Fingerspelled Signs

3 hours lecture, 3 units
Grade Only

Prerequisite: American Sign Language/Interpreting 121 with a grade of “C” or better, or equivalent. This course is an intermediate-advanced study of American Sign Language Fingerspelled Signs and Numbering systems. Emphasis is placed on Native Fingerspelled Signs. Students participate in extensive drills expressively and receptively. This course is intended for American Sign Language (ASL) Studies and ASL-English Interpretation majors pursuing employment or a career in ASL and/or Deaf related fields. (FT) AA/AS; CSU.

220 American Sign Language Level III

5 hours lecture, 5 units
Grade Only

Prerequisite: American Sign Language/Interpreting 121 with a grade of “C” or better, or equivalent. Advisory: American Sign Language/Interpreting 214 with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for American Sign Language/Interpreting 200 or American Sign Language/Interpreting 215. This third course in American Sign Language (ASL) is designed to enhance students’ receptive and expressive skills at an advanced intermediate level. Emphasis is placed on the ASL syntax, facial grammar, vocabulary, and fingerspelling skills that enable students to participate in increasingly more complex conversations with Deaf community members. Instruction utilizes a natural approach to teaching a second language by engaging students in authentic conversations within the classroom environment. Conversational content seeks to develop student knowledge and understanding of the Deaf community and its art and history. Active learning provides students with the opportunity to apply their ASL skills through an individualized program. Students utilize interactive media to express their comprehension of intermediate to advanced ASL sentences and narratives as well as to hone their signing skills. Activities are designed to provide students the opportunity to practice vocabulary and syntax at the intermediate to advanced level. This course is designed for students and/or professionals interested in working and interacting with Deaf people. (FT) AA/AS; CSU; UC.

221 American Sign Language Level IV

5 hours lecture, 5 units
Grade Only

Prerequisite: American Sign Language/Interpreting 214 and American Sign Language/Interpreting 220, each with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for American Sign Language/Interpreting 216. This fourth course in the study of American Sign Language (ASL) continues to build upon students’ receptive and expressive skills at the advanced level while expanding their knowledge of Deaf Culture and the influences of other sign language systems. Emphasis is placed on advanced ASL Fingerspelled Signs, ASL structure and vocabulary. Instruction utilizes a natural approach to teaching a second language by engaging students in authentic conversations within the classroom environment. Active learning provides students with the opportunity to apply their American Sign Language (ASL) skills through an individualized program. Students utilize interactive media to express their comprehension of advanced ASL sentences and narratives as well as to hone their signing skills. Activities are designed to provide students the opportunity to practice vocabulary and syntax at the

(FT) = A field trip may be required for this course.

Milestone formerly referred to as Skill Level
advanced level. This course is designed for students and/or professionals interested in working and/or interacting with Deaf people. (FT) AA/AS; CSU; UC.

225 Introduction to Linguistics of American Sign Language
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in American Sign Language/Interpreting 221 with a grade of “C” or better, or equivalent.
This course is designed to provide students with an analysis of the symbolic and linguistic structure of American Sign Language (ASL) and English including other spoken languages, other sign languages, and other related sign systems. Topics include phonology, morphology, syntax, semantics, pragmatics, grammar and discourse. This course examines the bilingual and bicultural practices, language acquisition, sociolinguistics and related research. This course is intended for students who plan to transfer and/or are interested in learning about the linguistic aspects of American Sign Language. (FT) AA/AS; CSU.

230 Interpretation I
3 hours lecture, 3 hours lab, 4 units
Grade Only
Prerequisite: American Sign Language/Interpreting 221 with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in: American Sign Language/Interpreting 150, and American Sign Language/Interpreting 214, each with a grade of “C” or better, or equivalent.
Advisory: American Sign Language/Interpreting 225 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for American Sign Language/Interpreting 205.
This course introduces students to cognitive and critical thinking skills necessary for interpretation between English and American Sign language, including discourse analysis of source language messages, paraphrasing and summarizing techniques, and identification of main points. Emphasis is placed on the steps necessary to produce an equivalent target language message through transliteration, consecutive interpretation, simultaneous interpretation, and peer collaboration. Students are introduced to the skills and knowledge necessary to become culturally sensitive, ethical, and professional ASL-English interpreters. Instruction for class lectures and discussion may be through two types of modalities, ASL to English and/or English to ASL. Students are expected to have a beginning level of interpreting competency in both ASL and English in order to succeed in this course as instruction occurs in both languages. This course is designed for ASL-English Interpretation majors and accommodates those seeking the Certified Deaf Interpreter (CDI) certificate. (FT) AA/AS; CSU.

235 Professional Aspects of Interpretation
3 hours lecture, 3 units
Grade Only
Prerequisite: American Sign Language/Interpreting 221 with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in: American Sign Language/Interpreting 230 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for American Sign Language/Interpreting 209.
This course is a practical study of interpreting as a profession. Emphasis is placed on the application of the code of professional conduct in the field. Topics include the national standards for evaluation and certification, public employment versus private employment, and resume development. This course may be taught using ASL to English and/or English to ASL. This course is designed for Interpreting majors and accommodates those seeking the Certified Deaf Interpreter (CDI) certificate. (FT) AA/AS; CSU.

240 Interpretation II
3 hours lecture, 3 hours lab, 4 units
Grade Only
Prerequisite: American Sign Language/Interpreting 214, American Sign Language/Interpreting 230, and American Sign Language/Interpreting 235, each with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in American Sign Language/Interpreting 155 and American Sign Language/Interpreting 225, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for American Sign Language/Interpreting 207.
This course is designed to provide development of skills in receiving signed messages and presenting an equivalent message using spoken English. Emphasis is placed on Sign Language receptivity, appropriate English word choices, vocal inflection, and English structure at the beginner voice interpreter level. Instructor may use ASL to English and/or English to ASL techniques when teaching
245 Specialized Settings in Interpretation
3 hours lecture, 3 units
Grade Only
Prerequisite: American Sign Language/Interpreting 230, and American Sign Language/Interpreting 235, each with a grade of “C” or better, or equivalent. Corequisite: Completion of or concurrent enrollment in American Sign Language/Interpreting 240 with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for American Sign Language/Interpreting 210. This course is designed to provide students of American Sign Language (ASL) - English Interpretation with an introduction to the application of interpreting skills to a variety of professional settings and situations. Settings covered include, but are not limited to Community, Conference, Deaf/Blind, Educational (K-12 and Post-secondary), Legal, Medical, Mental Health, Performing Arts, Religious Interpreting, and Video Relay Interpreting, and Private Practice and Freelance. The instructor for this course may use ASL to English and/or English to ASL techniques. This course is intended for students who plan to transfer and/or are interested in becoming an ASL Interpreter by majoring in American Sign Language/Interpreting and accommodates those seeking the Certified Deaf Interpreter (CDI) certificate. (FT) AA/AS; CSU.

250 Interpretation III
3 hours lecture, 3 hours lab, 4 units
Grade Only
Prerequisite: American Sign Language/Interpreting 240 and American Sign Language/Interpreting 245, each with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for American Sign Language/Interpreting 206. This course is an advanced study of the interpretation process. Emphasis is placed on the application of previously-learned American Sign Language (ASL) skills to develop the cognitive and critical thinking abilities required for interpreting and transliterating at the advanced level. Consecutive interpreting and simultaneous interpreting skills of source language text are utilized throughout the course. Instructor may use ASL to English and/or English to ASL techniques when teaching this course. This course is designed for Interpreting majors and accommodates those seeking the Certified Deaf Interpreter (CDI) certificate. (FT) AA/AS; CSU.

255 Interpretation IV
3 hours lecture, 3 hours lab, 4 units
Grade Only
Prerequisite: American Sign Language/Interpreting 240 and American Sign Language/Interpreting 245, each with a grade of “C” or better, or equivalent. Corequisite: Completion of or concurrent enrollment in: American Sign Language/Interpreting 250 with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for American Sign Language/Interpreting 208. This course is designed to provide advanced development of skills in receiving signed and/or voiced messages and presenting an equivalent message using spoken English, signed English or American Sign Language (ASL) as requested by instructor. Emphasis is placed on advanced sign language receptivity, appropriate word choices, vocal or signed inflection, and English and ASL structure at the advanced voice interpreter level. Instructor may use ASL to English and/or English to ASL techniques when teaching this course. This course is designed for Interpreting majors and accommodates those seeking the Certified Deaf Interpreter (CDI) certificate. (FT) AA/AS; CSU.

276 Field Work in Interpretation
1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only
Prerequisite: American Sign Language/Interpreting 250 and American Sign Language/Interpreting 255, each with a grade of “C” or better, or equivalent. This course is a supervised field experience designed to provide students with the opportunity to expand their skills and knowledge in the interpreting/transliterating profession through practice in various interpreting settings/situations. This course utilizes ASL and/or English in its instruction at an advanced level. In addition to the field experience, students are required to attend on-campus seminars. This (FT) = A field trip may be required for this course. AA/AS = Associate Degree Applicable CSU = California State University Applicable UC = University of California Applicable Milestone formerly referred to as Skill Level
course is designed for Interpreting majors and accommodates those seeking the Certified Deaf Interpreter (CDI) certificate. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Anthropology (ANTH)

102 Introduction to Biological Anthropology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a survey of human evolution, variation, and adaptation. Topics include the study of primates, human heredity, variability of modern populations, and fossil records of early hominins and hominoids. This course is intended for anthropology majors and all students interested in life and/or behavioral sciences. (FT) AA/AS; CSU; UC; C-ID ANTH 10.

103 Introduction to Cultural Anthropology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a survey of cultural anthropology using a comparative, cross-cultural approach. Emphasis is placed on the study of how various peoples around the world have adapted to their environments and developed behaviors to meet their biological, economic, psychological, social and political needs. This course is intended for anthropology majors and all students interested in life and/or behavioral sciences. (FT) AA/AS; CSU; UC; C-ID ANTH 120.

104 Laboratory in Biological Anthropology
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Corequisite: Completion of or concurrent enrollment in Anthropology 102 with a grade of “C” or better, or equivalent.

106 World Prehistory
3 hours lecture, 3 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course covers the development of human society from the earliest evidence of culture to the beginnings of recorded history. Prehistoric archaeological concepts, methods, and data are used to examine the major transitions in human prehistory, including the origins of culture, agriculture, and early civilization. This course is intended for anthropology majors or anyone interested in world prehistory. (FT) AA/AS; CSU; UC.

107 Introduction to Archaeology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is an introductory study of the history, methods, and theory of archaeology. Emphasis is placed on the techniques of archaeological data collection and analysis; cultural innovations, reconstruction, and interpretation of the past; and Cultural Resource Management (CRM) work. This course is intended for students planning to major in anthropology and/or continue the study of archaeology at a university. (FT) AA/AS; CSU; UC; C-ID ANTH 150.

110 Anthropology of Magic, Witchcraft, and Religion
3 hours lecture, 3 units
Grade Only
Advisory: English 101 and Mathematics 46, each with a grade of “C” or better, or equivalent or Milestone M30.
This course is a practical study of biological anthropology. Students perform field and laboratory studies in genetics, human variation, human osteology, anthropometry, hominid/hominin evolution, comparative primate anatomy, primate behavior, and forensic anthropology. This course is intended for anthropology majors and all students interested in life and/or behavioral sciences. (FT) AA/AS; CSU; UC.
theoretical and methodological approaches to the study of magic, witchcraft, and religion. This course is intended for students majoring in anthropology and all other interested students. (FT) AA/AS; CSU; UC.

117 Anthropology of Gender and Sexuality
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course provides an overview of anthropological perspectives on gender and sexuality, employing a cross-cultural perspective in order to examine the role of culture and society in shaping specific gender distinctions and normative ideas and expressions of sexuality. Students engage with theoretical and ethnographic texts, photographic representations, films, and other media to identify and critically think about taken-for-granted notions about gender and sexuality. Students conduct a short ethnographic research project about gender and sexuality. This course is designed for all students interested in Anthropology, in Gender and Women’s Studies, and in gender and sexuality more generally. (FT) AA/AS; CSU; UC.

120 Archaeological Artifact Analysis
2 hours lecture, 3 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a practical study of archaeological artifact analysis. Emphasis is placed on artifact typology and seriation methods used in the preparation of archaeological reports. Students learn the most current techniques for describing, classifying, cataloging and documenting archaeological materials. This course is designed for students majoring in anthropology with an emphasis in archaeology and for anyone interested in a career in the field of archaeology or employment in Cultural Resource Management (CRM). (FT) AA/AS; CSU.

130 Bones: Human Osteology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course focuses on the study of the human skeleton. Emphasis is placed on two main aspects: identification of recently deceased individuals in a legal context, and historic or prehistoric skeletal remains as a contribution to human history. This hands-on course includes information on bone biology, growth and development, variation, and reconstruction. Students identify all parts of the skeletal system, measure bones, and identify non-metric features and stress markers. This course is designated for Anthropology majors or students interested in biology or physical anthropology. AA/AS; CSU; UC.

140 Primatology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is an introduction to the study of non-human primates: prosimians, New World monkeys, Old World monkeys, and apes. The course focuses on primate behavior and how it relates to the study of human biocultural evolution. Of special concern are the relationships and adaptations of primates to varied environments. The primates at the San Diego Zoo are an integral part of the course. Various observational and data collecting techniques are employed in zoo projects. This course is designated for anthropology majors and/or students interested in anthropology, biology, or zoology. (FT) AA/AS; CSU; UC.

200 Introduction to North American Indians
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a survey of the history and experiences of North American Indian cultures north of Mexico. Emphasis is placed on the development of American Indian comparative ethnology within the larger discipline of cultural anthropology. All North American Indian culture areas are introduced and a number of exemplar cultures are selected for in-depth review. This course is for all students interested in cultural anthropology and/or Native American ethnography. (FT) AA/AS; CSU; UC.
205 Introduction to Medical Anthropology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Anthropology 265B.
This course presents the cultural forces, among other social motivations, that are powerful influences on health and wellness-related behavior. Medical anthropology is a combined sub-branch of biological and cultural anthropology and is concerned with the application of anthropological and behavioral science theories and methods to address questions about health, illness and healing. This course is designed for students interested in culture, biology, and health. (FT) AA/AS; CSU.

210 Introduction to California Indians
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a comparative study of Native Peoples who lived within the culture area known as California. Emphasis is placed on precontact cultures and the influence of European contact. This course is intended for anthropology students and all students interested in the Native Peoples of California. (FT) AA/AS; CSU; UC.

215 Cultures of Latin America
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a study of the cultural history of Latin America from Pre-Columbian to colonial and contemporary civilizations. Emphasis is placed on the Mesoamerican and Andean civilizations. Students use contemporary anthropological research, ethnohistoric and archaeological data to assess and compare the rich cultural experiences of past and present peoples. This course is intended for anthropology majors and all students interested in Latin American civilization and culture. AA/AS; CSU; UC.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is for students who wish to conduct additional research, a special project, or learning activities in the field of anthropology. It is not intended to replace an existing course in the discipline. In this course students will have a written contract with their instructor for activities such as: preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Architecture (ARCH)

100 Graphic Design Communication I
6 hours lab, 2 units
Grade Only
This course is designed for all students who wish to develop basic hand drafting skills for use in Architectural, Construction, and Interior Design programs. Topics include lettering, line control, sketching, use of drafting instruments and the development of architectural presentation drawings. This course is designed for students interested in developing hand drawing skills for use in architecture, interior design, and construction. (FT) AA/AS; CSU.

101 ArchiCAD
1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only
Advisory: English 47A or English 48, and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50; Mathematics 38 with a grade of “C” or better, or equivalent or Milestone M30.
This course is a practical study ArchiCAD software and its application to architectural design. Emphasis is placed on the use of ArchiCAD software to develop and document architectural models. This course is designed for architecture majors and anyone interested in 3-D architectural modeling. (FT) AA/AS; CSU.
103 Introduction to Architecture and Environmental Design
3 hours lecture, 3 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Architecture 100A or Architecture 104. This course introduces students to the professions of Architecture and Environmental Design. Students are exposed to the education requirements, professional practice, and applications in three major design fields that encompass Architecture and Environmental Design: Architecture, Landscape Architecture, and Interior Design. Presentations include education, history, theory, professional practice, applications, guest lecturers and field trips. This course is recommended for students interested in exploring the field of Environmental Design. (FT) AA/AS; CSU; UC.

107 Revit
1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only

Advisory: Completion of or concurrent enrollment in Architecture 100 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Architecture 105. This course is a hands-on study of computer aided drafting and design (CADD) for design drawings and construction document purposes using AutoCAD. Emphasis is placed on two-dimensional drawing commands to digitally assemble project drawings and to coordinate those drawings into architectural construction documents. This course is intended for students majoring in architecture and interior design. (FT) AA/AS; CSU.

112 AutoCAD
1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only

Advisory: English 47A or English 48, and English 49, each with a grade of "C" or better, or equivalent or Milestone R50 and W50; Mathematics 38 with a grade of "C" or better, or equivalent or Milestone M30, and Computer Business Technology 180 with a grade of "C" or better, or equivalent.

This course is a practical study of Rhinoceros (Rhino) software and its application to architectural design. Emphasis is placed on 3D digital drafting techniques, skills and concepts. It includes topics related to the digital fabrication of architectural models. This course is designed for architecture majors and anyone interested in 3-D architectural modeling. (FT) AA/AS; CSU.

113 Rhino for Architecture
1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only

Advisory: English 47A or English 48, and English 49, each with a grade of "C" or better, or equivalent

This course is a practical study of Rhinoceros (Rhino) software and its application to architectural design. Emphasis is placed on 3D digital drafting techniques, skills and concepts. It includes topics related to the digital fabrication of architectural models. This course is designed for architecture majors and anyone interested in 3-D architectural modeling. (FT) AA/AS; CSU.

115 Architectural Model Making
1 hour lecture, 3 hours lab, 2 units
Grade Only

Advisory: Architecture 100 or Interior Design 112A, each with a grade of "C" or better, or equivalent.

The emphasis of this class is shop safety and hands-on model construction. Appropriate tool and materials selection and tool operation (with emphasis on power tools) are covered. The course is intended for architectural and interior design students. (FT) AA/AS; CSU.

126 History of Ancient World Architecture
3 hours lecture, 3 units
Grade Only

This course is an introductory survey of global history of architecture. It covers early stone and wood architecture in relation to cultural and aesthetic elements of world civilization. Emphasis is placed on comparing and contrasting architectural structures including those from the Ancient World, Europe, Middle East, Asia, and the Americas. Historically significant structures are analyzed and technical, regional, and natural influences on architecture are explored. This course is intended for architecture students. (FT) AA/AS; CSU.
127 History of World Architecture: Renaissance Through Contemporary
3 hours lecture, 3 units
Grade Only
This course is an introductory survey of Renaissance through Contemporary architecture. Emphasis is placed on comparing and contrasting architectural structures including those from Asia, the Americas, Europe, and Middle East. Cultural and aesthetic elements of world civilization are emphasized. This course is intended for architecture students. (FT) AA/AS; CSU; UC.

130 Materials of Construction
3 hours lecture, 3 units
Grade Only
This course is a study of the construction constraints and program criteria for the selection and installation of building materials for residential and commercial construction projects. This course is intended for architectural design students, design professionals, construction trades people transitioning to supervisory positions, persons preparing for the trades portion of the general contractor’s license exam, appraisers and others requiring knowledge of building materials and installation for residential and commercial buildings. (FT) AA/AS; CSU.

141 Professional Practice in Architecture
3 hours lecture, 3 hours lab, 4 units
Grade Only
Prerequisite: Architecture 100 with a grade of "C" or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Architecture 130 with a grade of "C" or better, or equivalent.
This course introduces regional codes and regulations and their application to the professional practice of architecture. Students research regional codes and regulations and apply them to develop architectural construction documents that include site development plans and details, floor plans, reflected ceiling plans and details, roof framing plans and details, floor framing plans and details. Foundation plans and details, door, window, cabinet, and stair details for light wood frame and masonry structures are also included. The American with Disabilities Act (ADA) requirements, sustainability, energy conservation, and life safety is introduced in this course. This course is designed for architecture, interior design and building construction technology students. (FT) AA/AS; CSU.

170 Architectural Design
3 hours lecture, 3 hours lab, 4 units
Grade Only
Advisory: Mathematics 96 with a grade of "C" or better, or equivalent or Milestone M50.
This course is an introduction to architecture and environmental design. Emphasis is placed on the concepts of form and space as applied to two-dimensional (2-D) and three-dimensional (3-D) design projects. This course is intended for all students interested in architectural design. (FT) AA/AS; CSU; UC.

172 Architectural Design II
2 hours lecture, 6 hours lab, 4 units
Grade Only
Prerequisite: Architecture 100, and Architecture 170, each with a grade of "C" or better, or equivalent.
This course is a practical study of architectural design and project development. Emphasis is placed on the creation and presentation of building designs. Topics include an introduction to contemporary design theory. This course is intended for architecture majors. (FT) AA/AS; CSU; UC.

173 Architectural Site Design: Creating Exterior Spaces
3 hours lecture, 3 hours lab, 4 units
Grade Only
Prerequisite: Architecture 100 and Architecture 170, each with a grade of "C" or better, or equivalent.
This course is a study of the basic principles of site design, composition and design process in the creation of exterior spaces. This course is designed for any student interested in environmental design. (FT) AA/AS; CSU.

175 Advanced Architectural Design I
3 hours lecture, 6 hours lab, 5 units
Grade Only
Prerequisite: Architecture 172 with a grade of "C" or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Architecture 173 with a grade of "C" or better, or equivalent.
Advisory: Architecture 220 with a grade of "C" or better, or equivalent.
This course an advanced practical study of architectural design based on advanced contemporary architectural theory. Students analyze and design architectural projects with emphasis on the plan, section, building form and issues of sustainability. Students are required to present their
design projects to the class. This course is designed for architecture students. (FT) AA/AS; CSU; UC.

180A Advanced Architectural Design IIA  
3 hours lecture, 6 hours lab, 5 units  
Grade Only  
Prerequisite: Architecture 175 and Architecture 220, each with a grade of “C” or better, or equivalent.  
Advisory: English 101 with a grade of “C” or better, or equivalent; Architecture 101, or Architecture 112 and Architecture 221, each with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Architecture 180.  
This course is the second semester of advanced architectural design. Emphasis is placed on building plan, section, and form, as well as on environmental concerns, urban design and sustainability. Students design complex architectural projects to develop their creative abilities and critical thinking skills. Students are required to present their design solutions to juries comprised of members of the class and design critics from industry. Design projects may also be submitted to various regional student architectural competitions. This course is intended for students majoring in Architecture and professionals in the field who want to hone their design skills. (FT) AA/AS; CSU; UC.

180B Advanced Architectural Design IIB  
3 hours lecture, 6 hours lab, 5 units  
Grade Only  
Prerequisite: Architecture 180A with a grade of “C” or better, or equivalent.  
This course is the third semester of advanced architectural design. Emphasis is placed on issues related to sustainability, materiality, and urban design and context as they relate to building plan, section and form. Students resolve major design problems to further develop their creative abilities and critical thinking skills. Students are required to present their design solutions to juries comprised of members of the class and design critics from industry. This course is intended for students majoring in Architecture and professionals in the field who want to hone their design skills. (FT) AA/AS; CSU; UC.

180C Advanced Architectural Design IIC  
3 hours lecture, 6 hours lab, 5 units  
Grade Only  
Prerequisite: Architecture 180B with a grade of “C” or better, or equivalent.

This course is the fourth semester of advanced architectural design. Emphasis is placed on the application of contemporary architectural theory as the basis for design decisions related to one comprehensive design project. Students are required to present their design solutions to juries comprised of members of the class and design critics from industry. This course is intended for students majoring in Architecture and professionals in the field who want to hone their design skills. (FT) AA/AS; CSU; UC.

205 Estimating  
3 hours lecture, 3 units  
Grade Only  
This course is an introduction to construction cost estimating. Emphasis is placed on determining the amount of work to be done before applying pricing rules. Topics include basic quantity takeoffs, pricing, appropriate markups, overhead, and specification review. This course is intended for students majoring in Architecture and Building Construction Technology. (FT) AA/AS; CSU.

220 Graphic Design Communication II  
6 hours lab, 2 units  
Grade Only  
Prerequisite: Architecture 100 with a grade of “C” or better, or equivalent.  
This course is a practical study in the development of architectural presentation drawing. Various media may include, but are not limited to, pencil, pen and ink, and color rendering techniques in both non-digital and digital formats. This course is designed for architecture, landscape architecture and interior design majors. (FT) AA/AS; CSU; UC.

221 Graphic Design Communication III  
6 hours lab, 2 units  
Grade Only  
Prerequisite: Architecture 220 with a grade of “C” or better, or equivalent.  
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is the second course of a sequence. It includes a series of miscellaneous problems designed to develop a digital rendering library. Various media may include, but are not limited to, 3-dimensional (3-D) digital models and color rendering techniques. This course includes an introduction to 3-D modeling and presentation software. This course is designed for architecture and interior design majors. (FT) AA/AS; CSU; UC.

### 226 Architectural Theory

**3 hours lecture, 3 units**  
**Grade Only**  

*Advisory:* English 101 with a grade of "C" or better, or equivalent.  
This seminar course examines the theory of contemporary architectural design. Emphasis is placed on comparisons between architectural theory and current practice in the region. Students interview a local architect and present an analysis and critique of that architect’s work to the class comparing and contrasting it with the theoretical information presented throughout the semester. This class is designed for architecture majors and anyone interested in architectural theory and practice. (FT) AA/AS; CSU; UC.

### 231 Sustainability in the Built Environment

**3 hours lecture, 3 hours lab, 4 units**  
**Grade Only**  

*Limitation on Enrollment:* This course is not open to students with previous credit for Architecture 230.  
This course is a study of sustainable building design. Students design and present projects with emphasis placed on current sustainable design methods and technologies. This course is recommended for students majoring in architecture, interior design, building construction technology and students interested in exploring the field of sustainable building design. (FT) AA/AS; CSU; UC.

### 270 Work Experience

**60–300 hours other, 1–4 units**  
**Grade Only**  

This course of on-the-job experiences in architecture is designed for students employed in a job related to their major or their educational goals. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. AA/AS; CSU.

### 290 Independent Study

**3–9 hours other, 1–3 units**  
**Grade Only**  

*Limitation on Enrollment:* Obtain Permission Number from Instructor.  
This course is designed for students who wish to conduct additional research, a special project, or learning activities in the field of architecture. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

*This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.*

### 100 Art Orientation

**3 hours lecture, 3 units**  
**Letter Grade or Pass/No Pass Option**  

*Advisory:* English 101 with a grade of "C" or better, or equivalent.  
This course is a survey of the visual arts. Emphasis is placed on the various aesthetic approaches, philosophies and artistic orientations around the world in historical and contemporary perspective. This course is intended for humanities majors and all students interested in art and/or art history. (FT) AA/AS; CSU; UC.

### 106 Art of the United States: Colonial to Modern Period

**3 hours lecture, 3 units**  
**Letter Grade or Pass/No Pass Option**  

*Advisory:* English 101 with a grade of "C" or better, or equivalent.  
This course provides a survey of art and architecture of the United States, examining theoretical and cultural influences on art from the early Colonial to the Modern periods. The course emphasizes
U.S. born artists and artistic developments, as well as indigenous and/or foreign influences that contributed to the development of U.S. art. This course is designed for students interested in U.S. artistic history and culture. (FT) AA/AS; CSU; UC.

107 Contemporary Art

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course provides a survey of contemporary art and architecture examining theoretical and cultural influences on art from the late 20th century to present. The course is designed for students interested in contemporary art history, as well as for art majors who are focusing on contemporary design, painting, sculpture or ceramics. (FT) AA/AS; CSU; UC.

108 Women in Art

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
Women in Art is a survey of art produced by women as well as the representation of women in art from the prehistoric through contemporary period. This course will provide an interdisciplinary overview of art work produced by women artists focusing on the intersection of art, gender and social ideologies. This course will also explore the portrayal of women in art and the manner in which cultural definitions of gender shape women’s aesthetic expression and representation. The course is intended for students interested in art, women’s studies and the humanities. (FT) AA/AS; CSU; UC.

109 Modern Art

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Art-Fine Art 110 and Art-Fine Art 111, each with a grade of “C” or better, or equivalent; English 101 with a grade of “C” or better, or equivalent.
This course provides a survey of modern art and architecture examining theoretical and cultural influences on art from the 19th century to mid-20th century. The course is designed for students interested in modern art history, as well as for art majors who are focusing on modern design, painting, sculpture or ceramics. (FT) AA/AS; CSU; UC.

110 Art History: Prehistoric to Gothic

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a survey of the visual arts in western civilization from prehistory through the Gothic period. Emphasis is placed on representative art and architecture from Mesopotamia, Iran, Egypt, the Aegean, Etruscan, Rome and Greece. This course is intended for art majors and all students interested in art history, the humanities and culture. (FT) AA/AS; CSU; UC.

111 Art History: Renaissance to Modern

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a survey of the visual arts in western civilization from the Renaissance to the Modern era. Emphasis is placed on representative art and architecture from the Renaissance, Mannerism, Baroque, Rococo, Neo-Classicism, Romanticism, Impressionism, Post-Impressionism, and Modernism eras. This course is intended for art majors and all students interested in art history, the humanities, and culture. (FT) AA/AS; CSU; UC; C-ID ARTH 120.

113 Arts of Africa, Oceania, and the Americas

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is an introduction to the visual arts produced by selected peoples of Africa, Oceania, and the Americas from the prehistoric to contemporary periods. Topics include art and architecture produced by groups from Africa, Oceania, and the Americas and emphasize how art is representative of the cultural, religious, social, or political orientation of each region. This course is designed for art and art history majors as well as others interested in the humanities. (FT) AA/AS; CSU; UC; for UC Transfer Limitations see a Counselor or reference ASSIST.org.
115 African Art  
*3 hours lecture, 3 units*  
**Letter Grade or Pass/No Pass Option**  
*Advisory:* English 101 with a grade of “C” or better, or equivalent.  
This course is a survey of the history of African art. Emphasis is placed on the distinct history, cultural aesthetics, styles and iconography of various African cultures from prehistoric times to present day. This course is designed for all students interested in art, art history and the humanities. (FT) AA/AS; CSU; UC.  

120 Native American Art  
*3 hours lecture, 3 units*  
**Letter Grade or Pass/No Pass Option**  
*Advisory:* English 101 with a grade of “C” or better, or equivalent.  
This course is an introductory survey of Native American art and architecture from the prehistoric period to the present. The course examines the history of Native American cultures from the North American Continent as represented in various media and cultural practices. This course is intended for art history majors and all students interested in the humanities. (FT) AA/AS; CSU; UC.  

125 Art History: Arts of the Asian Continent  
*3 hours lecture, 3 units*  
**Letter Grade or Pass/No Pass Option**  
*Advisory:* English 101 with a grade of “C” or better, or equivalent.  
This course provides a survey of paintings, sculpture, architecture, and associated fine arts from India, China, Japan, and other countries throughout the Asian continent. It emphasizes the social, religious, and political highlights of each culture and their effects on art forms from prehistoric to modern times. This course is designed not only for art students, but also for those who are interested in history, religion, philosophy, humanities, and cultural enrichment. (FT) AA/AS; CSU; UC.  

150A Two-Dimensional Design  
*2 hours lecture, 4 hours lab, 3 units*  
**Letter Grade or Pass/No Pass Option**  
*Advisory:* English 101 with a grade of “C” or better, or equivalent.  
This course is an introduction to two-dimensional space and form. Emphasis is placed on ways of organizing visual space into vivid and coherent images. This course is designed for students beginning a study of art and/or related disciplines. (FT) AA/AS; CSU; UC.  

150B Beginning Graphic Design  
*2 hours lecture, 4 hours lab, 3 units*  
**Letter Grade or Pass/No Pass Option**  
*Advisory:* English 101 with a grade of “C” or better, or equivalent; Art-Fine Art 150A with a grade of “C” or better, or equivalent.  
This is an introductory class in graphic communication which uses the computer as a tool for building and editing images. Students address problems of visual form and organization, but with an emphasis on visual constructions which convey information, and on type and text as graphic components of those constructions. Individualized, hands-on instruction is provided using the Adobe® Creative Cloud programs (Photoshop®, Illustrator®, and InDesign®). This course is intended for anyone interested in computer graphic design applications. (FT) AA/AS; CSU.  

151 Three-Dimensional Design  
*1.5 hours lecture, 4.5 hours lab, 3 units*  
**Letter Grade or Pass/No Pass Option**  
*Advisory:* English 101 with a grade of “C” or better, or equivalent.  
*Advisory:* Completion of or concurrent enrollment in Art-Fine Art 150A with a grade of “C” or better, or equivalent.  
This course is an introduction to three-dimensional space and form. Emphasis is placed on organizing visual space into valid and coherent structures. This course is designed for students beginning the study of art and/or related disciplines. (FT) AA/AS; CSU; UC.  

130 Pre-Columbian Art  
*3 hours lecture, 3 units*  
**Letter Grade or Pass/No Pass Option**  
*Advisory:* English 101 with a grade of “C” or better, or equivalent.  
*Limitation on Enrollment:* This course is not open to students with previous credit for Chicano Studies 231.  

This course is a survey of Pre-Columbian art and architecture. Emphasis is placed on the styles representative of Mesoamerican and South American groups. This course is intended for art and art history majors, ethnic studies majors, and all students interested in the humanities. (FT) AA/AS; CSU; UC.
152 Color Theory
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 and Art-Fine Art 150B, each with a grade of “C” or better, or equivalent.
This course is an introduction to color theory and application. Emphasis is placed on the physical exploration of various color strategies. This course is intended for painters, designers and all students interested in the use of color. (FT) AA/AS; CSU; UC; C-ID ARTS 270.

155A Freehand Drawing I
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This is an introductory course designed to develop the student’s ability to perceive and translate visual relationships from 3-dimensional (3-D) space into 2-dimensional (2-D) drawings. Emphasis is placed on the use of art theory, basic art elements and compositional strategies to create pictorial space and compose original images based on observation. This course is intended for art majors and all students interested in learning freehand drawing whether or not they have previous art experience. (FT) AA/AS; CSU; UC; C-ID ARTS 110.

155B Freehand Drawing II
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art-Fine Art 155A with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is an intermediate course in which students apply art principles and theory to create solutions to particular problems of graphic representation and expression. Emphasis is placed on visual analysis and inquiry in creating pictorial space and applying drawing media. Students are introduced to the use of interdisciplinary art forms and image making and explore New Genres as a means of continued intellectual and artistic development. This course is intended for art and graphic art students. (FT) AA/AS; CSU; UC; C-ID ARTS 205.

161A Museum Studies/Gallery Exhibition Skills I
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course provides theory, instruction, and practical experience in all aspects of design and installation of art exhibitions. This course is also designed to give an overview of the history, functions and operations of art museums. The course is intended for art majors who are interested in exhibiting in galleries, as well as for other students seeking to learn the principles of curating and the functioning of museums. Under the guidance of the instructor, students participate in the installation of three exhibitions per semester. (FT) AA/AS; CSU.

161B Museum Studies/Gallery Exhibition Skills II
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art-Fine Art 161A with a grade of “C” or better, or equivalent.
This second semester course in Museum Studies provides for more extensive understanding of the theory of exhibit display and additional practical experience in all aspects of installation of art exhibitions. This course is designed to examine in detail the functions and operations of art museums and other arts organizations. The course is intended for students planning to pursue a degree or a career in arts administration. Under the guidance of the instructor, students participate in the installation of three exhibitions per semester, taking increasing responsibility with each installation, including overseeing project designs created in the beginning class. Students develop, curate and install an exhibit of their own choosing as their final project. (FT) AA/AS; CSU.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
163 Art Museum/Gallery Internship
192 - hours other, 4 units
Grade Only
Prerequisite: Art-Fine Art 161B with a grade of "C" or better, or equivalent.
This course provides directed professional experience in an art museum or gallery in the San Diego area. Emphasis is placed on the practical application of skills related to exhibit installation and development of all aspects of an art exhibition. This course is designed for art majors and anyone interested in museum studies. (FT) AA/AS; CSU.

165A Composition in Painting I
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art-Fine Art 155A with a grade of "C" or better, or equivalent.
Advisory: English 101 with a grade of "C" or better, or equivalent; Art-Fine Art 150A and 152, each with a grade of "C" or better, or equivalent.
This course is an introduction to oil and acrylic painting methods and techniques. Emphasis is placed on composition, color, and application of general design principles. A variety of subject matter, such as still-life, landscape, portrait and non-objective subjects, and a variety of stylistic approaches such as cubism, collage, realism and expressionism are explored. This course is designed to develop students’ creative abilities and critical thinking in visual terms. This course is intended for students majoring in Art and those who wish to improve their artistic skills. (FT) AA/AS; CSU; UC. C-ID ARTS 210.

165B Composition in Painting II
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art-Fine Art 165A with a grade of "C" or better, or equivalent.
This course is the second semester of introduction to oil and acrylic painting methods and techniques. Emphasis is placed on composition, color, and the concepts of pictorial space, construction, and color. The course is designed to further develop students’ creative abilities and critical thinking through the construction of images designed to address specific pictorial problems and goals. This course is intended for students majoring in Art and those who wish to improve their artistic skills. (FT) AA/AS; CSU; UC.

165C Composition in Painting III
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art-Fine Art 165B with a grade of "C" or better, or equivalent.
This course is the third semester of introduction to oil and acrylic painting methods and techniques. Emphasis is placed on composition, color, and application of general design principles at a more advanced level of creativity and sophistication. This course is designed to develop students’ creative abilities and critical thinking in visual terms through the use of individual assignments tailored to students’ skills. This course is intended for students majoring in Art and those who wish to improve their artistic skills. (FT) AA/AS; CSU; UC.

165D Composition in Painting IV
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art-Fine Art 165C with a grade of "C" or better, or equivalent.
This course is the fourth and final semester of introduction to oil and acrylic painting methods and techniques. Emphasis is placed on contemporary methods and theories related to conceptualism and new genre. Students produce large format and mural scale paintings. This course is designed to develop students’ creative abilities and critical thinking in visual terms through the use of individual assignments tailored to students’ skills. This course is intended for students majoring in Art and those who wish to improve their artistic skills. (FT) AA/AS; CSU; UC.

174A Book Arts I
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Art-Fine Art 150A or Art-Graphic Design 100, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Art-Graphic Design 174A.
This is an interdisciplinary course for art students and others who are interested in book arts. The course emphasizes visual form, physical structure, and expressive potential of the artist-made book, including essential elements, tools, and processes. Students construct books in Western and Asian traditions and use these concepts to create unique forms. This course is cross-listed as Art Graphic Design (ARTG) 174A. (FT) AA/AS; CSU; UC.
175A Sculpture I
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Art-Fine Art 150A with a grade of “C” or better, or equivalent.
This course is an introduction to sculptural materials, processes, forms, contexts and content. Emphasis is placed on the basic forms and cultural functions of sculpture (past and present). Students produce sculptural artworks under direct guidance of the instructor. This course is intended for students majoring in art and for all students interested in producing three-dimensional art. (FT) AA/AS; CSU; UC.

175B Sculpture II
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Art-Fine Art 175A with a grade of “C” or better, or equivalent.
This course is an intermediate level course in sculptural materials, processes, forms, context and content. Emphasis is placed on articulation of sculptural goals and experimentation with materials and methods. Students plan and produce sculptural artworks based on original concepts. This course is intended for art majors and for all students interested in working in three-dimensional art. (FT) AA/AS; CSU; UC.

175C Sculpture III
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Art-Fine Art 175B with a grade of “C” or better, or equivalent.
This course is an advanced study in sculptural materials, processes, context and content. Emphasis is placed on the refinement of conceptual skills in their selection and pursuit of sculptural goals. Students experiment with advanced-level concepts and materials to create original sculptural artworks, including large scale pieces. This course is intended for art majors and for all students interested in working in three-dimensional art. (FT) AA/AS; CSU; UC.

188 Women and Gender in Photography
3 hours lecture, 3 units
Grade Only
Advisory: English 101, and Art-Fine Art 190A with a grade of “C” or better, or equivalent.
This course explores the relationship between gender and photography, concentrating on representations of women and women identified photographers beginning in the 19th century and addressed in the context of the medium’s overall development. Issues of gender and gender identity are examined in relation to subject matter, contextual approaches, media, reception and criticism. This interpretive analysis of the significant influence of women and women identified in photography is structured as a balance of lectures, slide presentations, discussion, and portfolio. The course is designed for photographic art majors and all students interested in improving their ability to understand and discuss photography’s unique historical, material and narrative potential. (FT) AA/AS; CSU; UC.

191 Cultural Influences on Photography
3 hours lecture, 3 units
Grade Only
Advisory: English 101 and Art-Fine Art 190A, each with a grade of “C” or better, or equivalent.
This course is a study of the emergence of photographic traditions within the context of the social, political, economic and scientific forces that have influenced particular genres in the medium. Emphasis is placed on the interrelation of photography and art and focuses on the evolution of photographic art.
major historical types and schools of image making and their relationship to prevailing cultural concerns. This interpretive analysis of significant developments in photography is structured as a balance of lectures, slide presentations and discussion. The course is designed for photographic art majors and all art students interested in improving their ability to understand and discuss photography's unique historical, material and narrative potential. (FT) AA/AS; CSU; UC.

194 Critical Photography
3 hours lecture, 3 units
Grade Only
Advisory: English 101 and Art-Fine Art 190A, each with a grade of "C" or better, or equivalent.
This course examines principles of art criticism and uses the critical process in conceptualizing and producing photographic images. It explores photographic theory and its application to interpreting and evaluating photographic media. Aesthetic and ethical concerns are presented using historical references and perspectives that allow students to place their own work within the context of contemporary critical issues/concerns. The course examines traditional schools of image making and contemporary thinking and practice as a means to broaden the student’s ability in composition, presentation and use of light. This course is designed for photographic art majors and all art students interested in honing their art criticism and studio skills. (FT) AA/AS; CSU; UC.

195A Ceramics I
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of "C" or better, or equivalent.
This course is an introductory level ceramics course in which students design and construct hand-built and wheel-thrown ceramic objects. This course is designed for art majors and all students interested in developing ceramic skills. (FT) AA/AS; CSU; UC.

195B Ceramics II
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art-Fine Art 195A with a grade of "C" or better, or equivalent.
Advisory: English 101 with a grade of "C" or better, or equivalent.
This course is an intermediate level ceramics course in which students design and construct wheel-thrown and hand-built ceramic objects. Emphasis is placed on form and surface enrichment. This course is designed for art majors and for students interested in developing ceramic skills. (FT) AA/AS; CSU; UC.

196 Clay and Glaze Technology
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art-Fine Art 195A with a grade of "C" or better, or equivalent.
Advisory: Art-Fine Art 195B with a grade of "C" or better, or equivalent.
This course is a study of advanced techniques in clay and glaze formulation, mixing, and testing. Emphasis is placed on the physical and chemical nature of ceramic materials and how they affect glaze fired surface results. This course is intended for students majoring in art and anyone interested in ceramics. (FT) AA/AS; CSU; UC.

197A Handbuilding Ceramics I
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art-Fine Art 195A with a grade of "C" or better, or equivalent.
Advisory: English 101 with a grade of "C" or better, or equivalent.
This course provides instruction in the design and construction of hand-built ceramic forms. Emphasis is placed on form and surface enrichment, weighing, mixing and use of glazes, and loading and firing electric kilns. This course is designed for art majors and for students interested in developing ceramic skills. (FT) AA/AS; CSU; UC.

197B Handbuilding Ceramics II
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art-Fine Art 197A with a grade of "C" or better, or equivalent.
This is an advanced level ceramics course in which students design and construct hand-built ceramic forms. Emphasis is placed on form and surface enrichment, weighing, mixing and use of glazes, and loading and firing electric kilns. This course is designed for art majors and for students interested in developing ceramic skills. (FT) AA/AS; CSU; UC.
198A Introduction to Printmaking I
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Art-Fine Art 150A and Art-Fine Art 155A, each with a grade of “C” or better, or equivalent; English 101 with a grade of “C” or better, or equivalent.
This course is an introduction to the basic printmaking media of intaglio, relief, and monoprinting. Emphasis is placed on the techniques for creating and printing plates. Students investigate papers, select for properties, analyze aesthetic strategies for image making, and practice the principles of editioning and print conservation. This course is designed for art majors and all students interested in printmaking. (FT) AA/AS; CSU; UC.

198B Introduction to Printmaking II
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art-Fine Art 198A with a grade of “C” or better, or equivalent.
This course is the second semester in basic printmaking media. Emphasis is placed on increasingly complex processes, such as photo intaglio, collagraph, and reduction color relief. Students apply aesthetic criteria in analyzing their creative choices and examine contemporary printmaking in world cultures. This course is designed for art and art history majors and all students interested in printmaking. (FT) AA/AS; CSU; UC.

198C Introduction to Printmaking III
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art-Fine Art 198B with a grade of “C” or better, or equivalent.
This course is the third semester in printmaking media. Emphasis is placed on the development of a personal visual language through the application of advanced print processes, such as multiple-plate intaglio, double drop printing, mezzotint, and white ground. Students experiment with combining print processes to create a cohesive body of artwork for presentation. This course is designed for art and art history majors and all students interested in printmaking. (FT) AA/AS; CSU; UC.

200 Photographic Composition and Theory
1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is an advanced study of the theory and practice of black and white photographic image making. Emphasis is placed on increasing students’ visual literacy with black and white photography from both technical and conceptual perspectives. Topics include composition, creative control of materials, light logic and advanced photographic theory. This course is intended for art majors and all those interested in increasing their competency in photographic image making, exploring new methodologies and producing gallery-level art work. (FT) AA/AS; CSU.

205A Installation, Performance, and New Genres
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Art-Fine Art 175A with a grade of “C” or better, or equivalent.
This course is an introduction to concept-based New Genres art practices. Emphasis is placed on the intersection of form/medium and concept as well as on the role of art in contemporary culture. Students develop concepts based on issues related to social commentary, political action, institutional critique, community involvement, and personal identity and experiment with forms, such as installation, performance, technological, hybrid, and emerging art forms. This course is designed for art majors and anyone interested in contemporary art practices. (FT) AA/AS; CSU, UC.

210A Life Drawing I
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art-Fine Art 155A with a grade of “C” or better, or equivalent.
Advisory: Art-Fine Art 150A, and English 101, each with a grade of “C” or better, or equivalent.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
This is a basic course in drawing the human form as a sequence of studies from live models. Accurate and expressive translations of the mass as two-dimensional drawings are refined in a variety of achromatic media. This course is designed for students who are majoring in fine art and is also a relevant foundation for those that are interested in disciplines that use the human form, such as animation and fashion design. (FT) AA/AS; CSU; UC; C-ID ARTS 200.

210B Life Drawing II  
2 hours lecture, 4 hours lab, 3 units  
Grade Only
Prerequisite: Art-Fine Art 210A with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent; Art–Fine Art 150A with a grade of “C” or better, or equivalent.
This is an intermediate course in drawing the human form as a sequence of studies from live models. Students work with color and experiment with concepts related to figure drawing. This course is designed for students who are majoring in fine art and is also a relevant foundation for study in disciplines that use the human form, such as animation and fashion design. (FT) AA/AS; CSU; UC.

210C Life Drawing III  
1.5 hours lecture, 4.5 hours lab, 3 units  
Letter Grade or Pass/No Pass Option
Prerequisite: Art–Fine Art 210B with a grade of “C” or better, or equivalent.
This is an advanced course in drawing the human form as a sequence of studies from live models. Students work closely with the instructor to develop, create and present original artwork. This course is designed for students who are majoring in fine art. (FT) AA/AS; CSU; UC.

220A Life Sculpture I  
32–36 hours lecture, 64–71 hours lab, 3 units  
Letter Grade or Pass/No Pass Option
Advisory: Art–Fine Art 150A and Art–Fine Art 151, each with a grade of “C” or better, or equivalent.  
This is an introduction to the naturalistic and dynamic representation of the human body. Students sculpt from observation of live, nude models in poses of extended duration. In the process, students come to understand seeing as a learned skill. This course is intended for transfer students planning to major in art and for all students interested in the problems inherent in representing what they see. (FT) AA/AS; CSU; UC.

220B Life Sculpture II  
32–36 hours lecture, 64–71 hours lab, 3 units  
Letter Grade or Pass/No Pass Option
Prerequisite: Art–Fine Art 220A with a grade of “C” or better, or equivalent.
Advisory: Art–Fine Art 150A and Art–Fine Art 151, each with a grade of “C” or better, or equivalent.
This course continues the introduction to naturalistic and dynamic representation of the human body, done from observation of live models in poses of extended duration. This course is intended for transfer students planning to major in art and for all students interested in developing skills of naturalistic representation. (FT) AA/AS; CSU; UC.

220C Life Sculpture III  
32–36 hours lecture, 64–71 hours lab, 3 units  
Letter Grade or Pass/No Pass Option
Prerequisite: Art–Fine Art 220B with a grade of “C” or better, or equivalent.
Advisory: Art–Fine Art 150A and Art–Fine Art 151, each with a grade of “C” or better, or equivalent.
In this course students learn to extend their skill in representing the human figure convincingly in three dimensions to naturalistic representation in more than one style. This course is intended for transfer students planning to major in art and for all students interested in developing sophisticated skills of naturalistic representation. (FT) AA/AS; CSU; UC.

231 Introduction to Digital Art  
2 hours lecture, 4 hours lab, 3 units  
Letter Grade or Pass/No Pass Option
Advisory: Art–Fine Art 150A and Art–Fine Art 155A, each with a grade of “C” or better, or equivalent.  
Advisory: Concurrent enrollment in Multimedia 100 or Art–Fine Art 150B.
This course provides an overview of digital art strategies and practices and their relationship to traditional fine art practices. Emphasis is placed on the development of computer technology and its impact on contemporary art since the 1960s. Discussions and studio assignments encompass digital imaging strategies, software art, teleconference art, interactive art, immersive installation art, web art/distance art and activism. Motion-based media such as digital animation, and digital video are also discussed. This course is designed for students interested in digital art. (FT) AA/AS; CSU; UC; C-ID ARTS 250.
232 Introduction to Digital Drawing and Painting

2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Art–Fine Art 231, or Art–Fine Art 155A and Art–Fine Art 165A, each with a grade of “C” or better, or equivalent; English 101 with a grade of “C” or better, or equivalent.
Advisory: Concurrent enrollment in Multimedia 100 with a grade of “C” or better, or equivalent.
This course provides an overview of digital art strategies and practices and their relationship to traditional fine art drawing and painting. Students produce digital drawings and paintings using digital raster and vector based applications to creatively replicate and expand traditional drawing and painting media. Students extend and explore the hand drawn mark and painted surface in the digital realm. This course is designed for fine art and multimedia students. (FT) AA/AS; CSU; UC.

233 Introduction to Digital Photographic Imaging

2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Art–Fine Art 190A, Art–Fine Art 231, and Art–Fine Art 150A, each with a grade of “C” or better, or equivalent.
Advisory: Concurrent enrollment in Multimedia 100 or Art–Fine Art 150B.
This course provides an overview of digital photographic art strategies and practices and their relationship to traditional photographic fine art practices. Emphasis is placed on the digital camera, digital photo image processing, digital photomontage, and mixed media compositions. The students are introduced to the manipulation and production of digital image compositions using software applications such as Adobe Photoshop to extend traditional photographic art strategies. This course is designed for fine art and multimedia students. (FT) AA/AS; CSU; UC.

260 Studio Art Studies

2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Art–Fine Art 155B, 165D, 175C, 200, 197B, 198C or 232, each with a grade of “C” or better, or equivalent.
This course is intended for advanced art students. Students enrolled in this course work closely with the instructor to develop a transfer portfolio, artist statement, curatorial concept and/or resume exhibition list. (FT) AA/AS; CSU.

280A 2-Dimensional Art Studio Lab
3 hours lab, 1 unit
Pass/No Pass
This course is a supervised studio laboratory in 2-dimensional media. Emphasis is placed on technical refinement of personal drawing and painting skills. This course is designed for fine art majors. (FT) AA/AS; CSU.

280B 3-Dimensional Art Studio Lab
3 hours lab, 1 unit
Pass/No Pass
This course is a supervised studio laboratory in 3-dimensional media. Emphasis is placed on technical refinement of fabrication skills specific to the various media explorations presented in the accompanying courses. This course is designed for fine art majors. AA/AS; CSU.

280C Ceramics Studio Lab
3 hours lab, 1 unit
Pass/No Pass
This course is a supervised studio laboratory in ceramics. Emphasis is placed on technical refinement of personal ceramic skills. This course is designed for fine arts majors. Students must demonstrate increased proficiency with each repetition. AA/AS; CSU.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
280D Digital Art Studio Lab
3 hours lab, 1 unit
Pass/No Pass
Corequisite: Art-Fine Art 231, Art-Fine Art 232, or Art-Fine Art 233.
This is a supervised studio laboratory in digital art and graphic design. Emphasis is placed on the technical refinement of digital imaging skills. This course is designed for fine art majors. AA/AS; CSU.

280E Museum Studies Lab
3 hours lab, 1 unit
Pass/No Pass
This course is a supervised studio laboratory in digital support for Museum Studies. Emphasis is placed on the exploration and refinement of technical skills specific to the creation of digital documents that support museum and art exhibits. This course is designed for fine art majors. AA/AS; CSU.

280F Photography Studio Lab
3 hours lab, 1 unit
Pass/No Pass
This course is a supervised studio laboratory for students concurrently enrolled in Art Department Photography classes. Emphasis is placed on the refinement of students' photographic and visual development in film processing, printing, studio work and print finishing. This course is designed for fine art majors. AA/AS; CSU.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is designed for students who wish to conduct additional research, a special project, or learning activities in the field of art/fine art. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Asian Studies
An interdisciplinary approach
(See selected courses in English, page 421, History, page 483, Language Arts and Humanities, page 264, Music, page 513, and Philosophy, page 533)

Asian Pacific American Studies
An interdisciplinary approach
(See selected courses in History, page 483)

Astronomy (ASTR)

101 Descriptive Astronomy
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course is an introductory survey of contemporary astronomy. Topics covered include the solar system, stars and stellar evolution, the Milky Way galaxy and cosmology. This course is intended for students with a general interest in astronomy. (FT) AA/AS; CSU; UC.

102 Exploring The Solar System And Life Beyond The Earth
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course investigates the origin of our Solar System and how its contents changed with time. Analysis of the physical properties of of planets, moons, rings, comets, asteroids are explored. This course surveys the history of space exploration and recent discoveries of exoplanets. Additionally, it explores potential for life elsewhere in Solar System and beyond. Challenges of space travel are also examined. This course is designed for students interested in exploring Astronomy. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
109 Practice in Observing
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Corequisite: Completion of or concurrent enrollment in Astronomy 101 or Astronomy 102, each with a grade of “C” or better, or equivalent.
This is a laboratory field experience course in general astronomy. Emphasis is placed on the constellations, celestial cycle interpretation, and descriptive observations of astronomical objects and events with and without the use of telescopes. This course is for all students interested in field experience in general astronomy. (FT) AA/AS; CSU; UC.

111 Astronomy Laboratory
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Corequisite: Completion of or concurrent enrollment in Astronomy 101 or Astronomy 102, each with a grade of “C” or better, or equivalent.
This laboratory course features exercises and experiments covering the range of topics in astronomy. The course deals with the foundations of astronomy, and may include telescopes, planetary astronomy, stellar astronomy and galactic astronomy. Indoor exercises may involve computer simulations. Outdoor exercises may be required. This course is designed for students interested in astronomy. (FT) AA/AS; CSU; UC.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Must obtain a permission number from the instructor for enrollment.
This course is for students who wish to conduct additional research, a special project, or learning activities in the field of astronomy. It is not intended to replace an existing course in the discipline. In this course students will have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Biology (BIOL)

100 Natural History - Environmental Biology
3 hours lecture, 3 hours lab, 4 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
This course is an introduction to the basic principles of ecology. Emphasis is placed on the biological systems, plants, and animals of Southern California through lecture, laboratory, and field trips. Topics include the nature of the physical environment, terrestrial and aquatic ecosystems, evolution and biodiversity, species interactions, and human impacts on natural systems. This course is intended for students interested in environmental biology. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

107 General Biology-Lecture and Laboratory
3 hours lecture, 3 hours lab, 4 units
Grade Only
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Biology 105 and Biology 106, Biology 210A, or Biology 210B.
This course is an examination of living organisms and their environment. The lecture and laboratory are intended for students in the Allied Health Track or students majoring in Education or related areas. Topics include the fundamental chemical and physical processes common to all living organisms, the interactions between organisms and their environment, classical and molecular genetics, metabolism, plant and animal anatomy and physiology, animal behavior, evolution, cellular and molecular biology, and the experimental and cognitive processes used to examine these fields. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
110 Introduction to Oceanography
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a survey of physical, chemical, geological, and biological oceanography. This course is designed for all students interested in marine science. (FT) AA/AS; CSU; UC.

115 Marine Biology
3 hours lecture, 3 hours lab, 4 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a survey of marine biology. Emphasis is placed on marine organisms, their ecology and their evolutionary adaptations to marine habitats of the ocean environment. Topics include the marine environment and its organisms: plankton, plants, invertebrates, fishes, birds, reptiles, and mammals. Field trips include local marine habitats, aquaria and museums. This course is intended for all students interested in marine biology. (FT) AA/AS; CSU; UC.

120 The Environment of Man
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This is an introductory course that examines the immediate and long-range causes and effects of air, water, and land pollution on the environment and human health. The course also explores basic concepts of ecology, overpopulation, natural resources, and the sustainability of the environment and its biodiversity. The study of positive solutions to the ecological dilemma is addressed. This course is designed for general students interested in the environment and for those students majoring in environmental sciences. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

130 Human Heredity
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course introduces students to the concepts and applications of human heredity. It deals with both classical Mendelian genetics and modern molecular genetics. Topics include gamete formation, human karyotypes, genetic crosses, sex-linked inheritance, structure and function of DNA and RNA, gene expression, transcription and translation, genetic engineering, and population genetics. This course is designed for students interested in biology and human heredity. (FT) AA/AS; CSU; UC.

160 Elements of Human Anatomy and Physiology
3 hours lecture, 3 hours lab, 4 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Biology 230 or 235. This course is an introduction to the structure and functions of the human body. Emphasis is placed on the human body systems including the integumentary, skeletal, muscular, nervous, endocrine, reproductive, cardiovascular, lymphatic, respiratory, excretory, and digestive systems. This course is designed for students preparing for allied health occupations such as radiological technician, physical therapist assistant, and medical laboratory technician, as well as students interested in learning about the human body. AA/AS; CSU.

180 Plants and People
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This is an introductory course that examines the interdependence of humans and plants. This course is intended for all that want to learn about the uses of plants, especially those students with an interest in biology, anthropology, environmental sciences, and/or agriculture. Emphasis is on plant ecology as well as the basic biology of plant groups that provide us with food, medicine, recreation, decoration, and material goods, as well as those that produce stimulating, intoxicating, or harmful effects. Basic principles of taxonomy, cell structure, plant physiology, plant anatomy, ecology, and genetics are explored as they relate to these plants. Current environmental and economic issues and the role of molecular genetics in future plant development and the importance of genetic diversity are also examined. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
200 Biological Statistics
2 hours lecture, 3 hours lab, 3 units
Grade Only

Prerequisite: Biology 107 or Biology 210A, each with a grade of “C” or better, or equivalent; Mathematics 116 with a grade of “C” or better, or equivalent; Biology 107, Biology 210A and Mathematics 116 completed within five years of enrollment in Biology 200.

Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.

This is an introductory course in statistics using biological examples and experimental design. Students learn methods and gain experience in defining and solving quantitative problems in biology. Descriptive and inferential statistics, basic probability and normal distributions are introduced. Students learn to estimate population parameters, test hypotheses, linear regression and correlation using clinical and biological data and experiments. This course is intended for students majoring in biological science. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org; C-ID SOCI 125.

205 General Microbiology
3 hours lecture, 6 hours lab, 5 units
Grade Only

Prerequisite: Biology 107 or Biology 210A, Chemistry 100 and Chemistry 100L or Chemistry 103, or Chemistry 152 and Chemistry 152L, each with a grade of “C” or better, or equivalent.

This introductory course covers fundamental aspects of microbiology including taxonomy, structure, physiology, reproduction, genetics, control, immunology, diversity, and host-symbiont relationships. Lab work emphasizes basic techniques for culturing, staining, counting, and identifying microorganisms. This course is intended for students pursuing careers in allied health fields and may meet entry requirements for these allied health fields. (FT) AA/AS; CSU; UC.

210A Introduction to the Biological Sciences I
3 hours lecture, 3 hours lab, 4 units
Grade Only

Prerequisite: Chemistry 152 and Chemistry 152L, each with a grade of “C” or better, or equivalent; Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50. All prerequisites must be completed within five years of enrollment in Biology 210A.

Advisory: English 101 with a grade of “C” or better, or equivalent.

Advisory: Concurrent enrollment in Chemistry 200 and Chemistry 200L.

This course covers biological chemistry, cell structure and function, cellular metabolism, classical and molecular genetics, and the molecular basis of evolutionary biology. This is the first semester of a two-semester sequence designed for biological science and pre-professional majors. (FT) AA/AS; CSU; UC.

210B Introduction to the Biological Sciences II
3 hours lecture, 3 hours lab, 4 units
Letter Grade or Pass/No Pass Option

Prerequisite: Biology 210A with a grade of “C” or better, or equivalent.

Advisory: English 101 with a grade of “C” or better, or equivalent.

This course covers the three Domains of life, including the phylogenetic relationships of major groups of organisms. Topics include adaptive radiation, anatomy, physiology, development, behavior, and ecology. This is the second semester of a two-semester sequence designed for biological science and pre-professional majors. (FT) AA/AS; CSU; UC.

215 Introduction to Zoology
2 hours lecture, 6 hours lab, 4 units
Grade Only

Prerequisite: Biology 107 with a grade of “C” or better, or equivalent.

Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.

This is an introductory course that surveys the basic principles of animal biology. These principles include morphology, life processes and evolutionary relationships of the invertebrates and vertebrates. Laboratories include the identification of organisms, dissection and recognition of the anatomy of varied animal representatives, embryological development, histology, behavior and physiology. This course is intended for students majoring in Biological Science,
Allied Health and Animal Science. (FT) AA/AS; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

230 Human Anatomy
2 hours lecture, 6 hours lab, 4 units
Grade Only
Prerequisite: Biology 107, 160 or 210A, each with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a systems approach to the study of human body structure from the microscopic level of organization to the gross level. Students relate body structures to their functions by studying histological slides and photomicrographs, anatomical models and charts, and mammalian dissection that may include using prosector cadavers for studying and testing. This course is intended to meet the requirements of students in the fields of nursing, physical therapy, recreational therapy, occupational therapy, athletic training, chiropractic, psychology, physical education, and biology or those who wish to extend their knowledge of the human body beyond the scope of introductory biology. (FT) AA/AS; CSU; UC; C-ID BIOL 110B.

231 Media Experiences in Human Anatomy
1 hour lecture, 1 unit
Pass/No Pass
Corequisite: Biology 230.
This course is self-paced study of anatomy through the use of computer software, microscope slides, anatomical models, and graphics. It is intended to meet the requirements of students in the fields of nursing, physical therapy, recreational therapy, occupational therapy, athletic training, chiropractic, psychology, physical education, and biology or those who wish to extend their knowledge of the human body beyond the scope of introductory biology. AA/AS; CSU.

232 Experience in Human Dissection
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Biology 230 with a grade of “C” or better, or equivalent.
Advisory: BIOL 230 completed within five years of enrollment in Biology 232. Preregistration counseling with instructor is highly recommended. This course provides a supervised study and actual experience in human dissection. Topics include dissection techniques and human anatomy. This course is intended for students pursuing careers in nursing, medicine, and other allied health professions. (FT) AA/AS; CSU.

235 Human Physiology
3 hours lecture, 3 hours lab, 4 units
Letter Grade or Pass/No Pass Option
Prerequisite: Biology 107 or Biology 210A, each with a grade of “C” or better, or equivalent.
Advisory: Biology 230, Chemistry 100, and Chemistry 100L, each with a grade of “C” or better, or equivalent.
This course is an introductory study of human body functions. Emphasis is placed on the nervous, endocrine, muscular, cardiovascular, immune, digestive, respiratory, urinary and reproductive systems. The laboratory component focuses on investigating and applying the scientific method to the understanding the function of bodily systems. This course is intended for students majoring in nursing, allied health, psychology, biology and physical education. (FT) AA/AS; CSU; UC; C-ID BIOL 120B.

250 Introduction to Botany
2 hours lecture, 6 hours lab, 4 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is an introduction to the fundamental principles of the anatomy, development, physiology, reproductive biology, genetics, ecology and evolution of the major plant groups, with emphasis on the flowering plants. The course is targeted towards students with no previous college level biology, but is also appropriate as a lower division course for biology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is designed for students who wish to conduct additional research, a special project, or learning activities in the field of biology. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary
This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Black Studies (BLAS)

100 Introduction to Black Studies
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48, and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
This course is an overview of the Black Studies discipline including its social and academic origins, goals and development. Emphasis is placed on providing students with an understanding of the fundamental areas of study within the field and of the interdisciplinary approach to studying the African experience in America and the world. This course is intended for students majoring in Black Studies and Ethnic Studies; and all students interested in general knowledge of the Black experience. AA/AS; CSU; UC.

104 Black Psychology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48, and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
This course is an introduction to psychological concepts and principles as they relate to African American behaviors, perspectives and lifestyles. Emphasis is placed on comparing Euro-American theories as they have been traditionally applied to African Americans with contemporary Afri-centric theories and the ways in which they may be applied to create a greater understanding of the behaviors, lifestyles and psychological needs of African Americans. This course is intended for students majoring Black Studies and students interested in the Ethnic Studies aspects of psychology. (FT) AA/AS; CSU; UC.

110 African American Art
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
This course is a historical survey of African American art from 1650 to present, including the influence of African, European and Native American art styles and traditions. This course is intended for students majoring in Black Studies, Ethnic Studies and Art; and all students interested in history, humanities, teaching, travel, and cultural enrichment from the Black experience. (FT) AA/AS; CSU; UC.

111 Cultural Influences on African Art
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
This course is a survey of the cultural influences on African art and architecture from the prehistoric period to present. Emphasis is placed on cultural practices that utilize art objects in the form of ritual, oral history and performance. This course is designed for all students interested in the cultural history of Africa in relation art, art history and the humanities. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

116 Contemporary Social Problems from a Black Perspective
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
This course is a sociological analysis of institutional racism, the process of social change and how it affects African Americans. Emphasis is placed on broad contemporary issues as they relate to African Americans, such as the prison industrial complex, gender and health care. This course is intended for Black Studies majors and anyone interested in Ethnic

Black Studies (BLAS)

120 Black Music
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
This course is a study of African American musical forms and styles in historical perspective. Emphasis is placed on providing students with an appreciation for the African roots of a variety of African American music genres. This course is intended for students majoring in Black Studies and Ethnic Studies; and all students interested in the history of African American music. (FT) AA/AS; CSU; UC.

125 Dynamics of the Black Community
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
This course is an introduction to the varying dynamics of the Black community. Emphasis is placed on creating an appreciation for the Black community’s unique attributes, resources, and contributions to the larger community. Students visit Black community organizations, institutions and/or businesses to identify a critical need and to develop a corresponding action plan. This course is intended for students majoring in Black Studies and Ethnic Studies; and all students interested in understanding the dynamics of the Black community. (FT) AA/AS; CSU; UC.

130 The Black Family
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a study of the African American family. Emphasis is placed on the socio-cultural and psychological issues surrounding the history of the Black family in America. Topics include contemporary African American dating, marriage and divorce patterns, gender roles and extended family, kin and community networks. This course is intended for students majoring in Black Studies and Ethnic Studies; and all students interested in the historical and contemporary perspective of the Black family. (FT) AA/AS; CSU; UC.

140A History of the U.S., Black Perspectives
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48, and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
This course is a survey of United States History from the Colonial period to 1877 with emphasis on African American experiences and contributions. Course content focuses on political, social, economic, and cultural development of the country. This course is intended for all students interested in Black Studies, Ethnic Studies and the history of the U.S. from an African American perspective. (FT) AA/AS; CSU; UC.

140B History of the U.S., Black Perspectives
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48, and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
This course is a survey of the history of the United States from Reconstruction to the present with emphasis on African American experience and contributions. Course content focuses on political, social, economic, cultural, and intellectual trends, the persistence of racism, and the struggle for full equality for all Americans. This course is intended for all students interested in Black Studies, Ethnic Studies and the history of the U.S. from an African American perspective. AA/AS; CSU; UC.

145A Introduction to African History
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a survey of African History from the Stone Age through the beginnings of European colonization in the 1870s. Emphasis is placed on providing students with a broad presentation of the geographical features of the continent and its connections to the rest of the world, local and regional cultural, political, economic and social institutions, slavery, European conquest and colonization, and African resistance to colonization. This course is intended for students majoring in black studies or history and for all students interested in African history. (FT) AA/AS; CSU; UC.
145B Introduction to African History  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a survey of African History from the late nineteenth century to the present. Emphasis is placed on providing students with a broad presentation of European colonization and colonial rule, African independence movements, nation-building, economic development and the continuing quest for African unity. This course is intended for students majoring in black studies or history and for all students interested in African history. (FT) AA/AS; CSU; UC.

150 Black Women in Literature, Film and the Media  
3 hours lecture, 3 units  
Grade Only  
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course analyzes stereotypical, contemporary and self images of Africana women in literature, film and media. This course is designed for Black Studies and Ethnic Studies majors, and all students interested in literature, film and media. (FT) AA/AS; CSU; UC.

155 African American Literature  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
This course is a survey of African American cultural expression through language and literature in historical perspective. Emphasis is placed on the cultural, ethnic, and political dynamics that influence literary, musical and theoretical texts. Topics include African praise songs, slave narratives, African American folktale, poetry, lyrics, spirituals, raps, short stories, novels, speeches and essays. This course is for students majoring in Black Studies and Ethnic Studies; and all students interested in literature from an African American perspective. (FT) AA/AS; CSU; UC.

165 Sexuality and Black Culture  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Black Studies 265. This course is an in-depth study and analysis of the social and psychological factors that determine the nature of human sexuality in the African-American community. This course is intended for students majoring in Black Studies and Ethnic Studies; and all students interested in sexuality and the African-American community. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

175 Psycho-History of Racism and Sexism  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is an analytical study of the historical and psychological impact of racism and sexism on people in American society and culture. Emphasis is placed on the impact of racism and sexism on human relations in America. This course is intended for students majoring in Black Studies and Ethnic Studies; and all students interested in addressing issues related to racism and sexism. AA/AS; CSU; UC.

290 Independent Study  
3–9 hours other, 1–3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 47A or English 48, and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.  
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is designed for students who wish to conduct additional research, a special project, or learning activities in the field of African American Studies. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. - 105 Composition and Literature
- 205 Critical Thinking and Intermediate Composition

### Communications Studies
- 103 Oral Communication

**Building Construction Technology (BLDC)**

**55 Construction Plan Reading**
- 3 hours lecture, 3 units
  - Grade Only

**Limitation on Enrollment:** This course is not open to students with previous credit for Building Construction Technology 120.

This course is a practical study of the use and interpretation of construction plans. Students extract construction requirements from building plans and specifications to obtain information needed to install and direct construction, perform building inspections, prepare estimates, perform appraisals, and maintain buildings. This course is intended for students in Architecture, Interior Design, or Building Construction Technology programs and others who are pursuing careers in these fields. (FT) AA/AS.

**62 Construction Practices I**
- 3 hours lecture, 3 units
  - Grade Only

**Limitation on Enrollment:** This course is not open to students with previous credit for Building Construction Technology 130 or Building Construction Technology 60.

This course provides instruction related to the practical application of basic framing and layout techniques commonly used in residential and commercial light framing. It is intended for students in Building Construction Technology and Architecture, as well as trade practitioners or others pursuing a career in the construction industry. (FT) AA/AS.

**63 Construction Practices II**
- 3 hours lecture, 3 units
  - Grade Only

**Limitation on Enrollment:** This course is not open to students with previous credit for Building Construction Technology 170 or Building Construction Technology 61.

This course is a study of building practices. Emphasis is placed on basic carpentry and finish techniques as well as the integration of plumbing and electrical systems in residential buildings. Topics include coordinating with other trades, building codes and required regulatory inspections. This course is intended for students in the construction management or inspection programs and anyone interested in residential construction practices. (FT) AA/AS.

**65 Building Inspection**
- 3 hours lecture, 3 units
  - Grade Only

**Advisory:** Architecture 130, Building Construction Technology 68, and Building Construction Technology 70, each with a grade of "C" or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Building Construction Technology 245.

This class provides students with the skills required to apply the structural and architectural prescriptive requirements of the California Building Code and zoning regulations for design, construction, and inspection of buildings and other fixed works. This course is intended for students in Architecture, Interior Design, and Building Construction Technology, as well as for inspectors, contractors, persons seeking ICC inspection certifications, and construction quality control/assurance personnel. (FT) AA/AS.
68 Electrical, Plumbing and Mechanical Codes

3 hours lecture, 3 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Building Construction Technology 268.

This course is a practical study of the application and interpretation of the California Electrical Code, the California Plumbing Code, the California Mechanical Code, and their relation to other California building codes and their source model codes. This course is designed for students in Architecture, Interior Design, Building Construction Technology, designers, inspectors, contractors, trades people and others interested in building codes. (FT) AA/AS.

70 Building Codes and Zoning

3 hours lecture, 3 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Building Construction Technology 260.

This course provides students, design professionals, inspectors, appraisers, and construction trade persons with the skills to locate and apply California Building Code (CBC) and local zoning regulations. Emphasis is placed on building design, plan review, and fire and life safety issues. This course is intended for students in Architecture, Building Construction Technology, Interior Design, and inspectors, plan checkers, contractors and others with an interest in the application of California Building Code provisions. (FT) AA/AS.

75 Construction Management I

3 hours lecture, 3 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Building Construction Technology 250.

This course is a practical study of construction project management. Emphasis is placed on Project Management Institute vocabulary and methodology. Topics include contract terms and conditions within the context of project scope management, project time management, project cost management, project quality management, project resource management, project communications management, project risk management, and project procurement management while satisfying project deliverables. This course is designed for students in Architecture, Building Construction Management, superintendents, and others with an interest in project management. (FT) AA/AS.

80 Construction Project Management and Scheduling

3 hours lecture, 3 units
Grade Only

Advisory: Building Construction Technology 75 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Building Construction Technology 255.

This course is a practical study of construction project management and scheduling. Emphasis is placed on the vocabulary, technology, tools and techniques, risks, and contractual issues related to the development, acceptance, execution, monitoring, and modification of project schedules as they relate to stakeholders and project deliverables. This course is intended for students in Architecture and Construction Management as well as contractors, subcontractors superintendents and others with an interest in project management and scheduling. (FT) AA/AS.

95 Building Contractor’s License Law

3 hours lecture, 3 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Building Construction Technology 295.

This course provides students with the knowledge and skills required to apply the rules and regulations governing construction contracting in California. Emphasis is placed on preparing students to sit for the License Law portion of the various Contractor’s License exams administered by the California Contractor’s State License Board. This course is intended for students in the Architecture, Interior Design, and Building Construction Technology programs and persons planning on taking the contractor’s license examination or who are interested in utilizing construction contracting services. (FT) AA/AS.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
290 Independent Study
3–9 hours other, 1–3 units
Grade Only

Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is for students who wish to conduct additional research, a special project, or learning activities in Building Construction Technology and is not intended to replace an existing course within the program. In this course students will have a written contract with their instructor for activities such as: problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. This course is for students who wish to work on special projects. AA/AS.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). 101 Business Mathematics
3 hours lecture, 3 units
Grade Only

Advisory: Mathematics 46 or Mathematics 92, each with a grade of “C” or better, or equivalent or Milestone M30 or M40, or Mathematics 59 with a grade of “C” or better, or equivalent.
This course provides a comprehensive study of mathematical concepts and computational techniques used in business. Topics include the mathematics of bank services; payroll; buying and selling; interest and loans; taxes; insurance; depreciation; and annuities, stocks, and bonds. Students also use descriptive statistics to evaluate business-related data and quantitative reasoning skills to select among different options in business-related decisions. This course is intended for students majoring in business or others who work or intend to work in a business setting such as managers, supervisors, or work team members. (FT) AA/AS; CSU.

115 Statistics for Business
3 hours lecture, 3 units
Grade Only
Prerequisite: Mathematics 59 or Mathematics 57A, each with a grade of “C” or better, or equivalent or Mathematics 92 or Mathematics 96, each with a grade of “C” or better, or equivalent or Milestone M40 or M50.
Advisory: Computer Business Technology 140 or Computer Business Technology 143, each with a grade of “C” or better, or equivalent.
This course is a study of statistical analysis. Topics include descriptive statistics, probability, confidence intervals, hypothesis testing, analysis of variance (ANOVA), and regression and correlation analyses as aids for business decision making. This course is designed for students majoring in business, economics, information technology, social science, or related fields. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org; C-ID MATH 110.

119 Business Communications
3 hours lecture, 3 units
Grade Only
Prerequisite: English 101 with a grade of “C” or better, or equivalent.
This course applies the principles of effective and ethical communication to the creation of letters, memos, emails, and written and oral reports for a variety of business situations. The course emphasizes the development, analysis, organization, and composition of various types of professionally written messages, analytical reports, and business presentations using word processing and presentation-graphics software. Other topics include interpersonal communication, electronic media, and international/cross-cultural communication. This course is intended for students majoring in business and for others working in a business environment. 

(FT) AA/AS; CSU; C-ID BUS 115.

120 Principles of Money Management
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50; Mathematics 38 with a grade of “C” or better, or equivalent or Milestone M30.

Limitation on Enrollment: This course is not open to students with previous credit for Consumer Studies 110.

This course is an introduction to the principles of money management. Students examine their personal relationships with money and explore the psychological, sociological, and physiological factors that influence financial decisions. Emphasis is placed on financial goal setting, culminating in the development of a personal budget and financial plan. Other topics include income generation and career planning; effective spending decisions including major consumer purchases and real estate; savings strategies; credit building; insurance; retirement and estate planning; investment options; and the interrelationships among financial, social, physical, and mental health. This course is intended for all students interested in personal finance and money management. (FT) AA/AS; CSU; UC.

127 Social Media for Business
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.

This course explores the use of social media in business. Students learn how to develop a social media strategy to promote business and build strong customer relations utilizing best practices in digital content development and distribution. Topics include foundations of social media and digital marketing, overview of social media platforms and methods for measuring and evaluating performance. This course is designed for students majoring in business or marketing, others working in a business environment or those interested in digital marketing. (FT) AA/AS; CSU.

129 Introduction to Entrepreneurship
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50; Mathematics 38 with a grade of “C” or better, or equivalent or Milestone M30.

Students in this course develop an understanding of the complex tasks faced by individuals engaged in entrepreneurial activities. Emphasis is placed on understanding and identifying the psychological traits and behaviors of the entrepreneurial mindset, the ideation process, feasibility planning, resource acquisition, pitching a business idea and the conceptual steps for launching a new business venture. This course is designed for all students interested in understanding entrepreneurship and how small businesses prepare to launch. (FT) AA/AS; CSU.

140 Business Law and the Legal Environment
3 hours lecture, 3 units
Grade Only

Advisory: English 101 or Business 92, each with a grade of “C” or better, or equivalent.

This course introduces students to the legal system, the laws that govern business in America, and the principles underlying fundamental legal concepts. Topics include judicial and administrative systems; ethics; contracts; torts; bankruptcy; agency; business organizations and ownership types; government agencies and regulation; protection of intellectual property interest; and the international business environment. This course is intended for students majoring in business and for others interested in
**150 Human Relations in Business**  
*3 hours lecture, 3 units*  
*Grade Only*

This course introduces students to human behavior as it relates to business. Topics include leadership, communication, status, decision making, motivation, and personnel problems. This course is intended for students majoring in business and others who work or intend to work in a business setting such as managers, supervisors, and work team members.  
(FT) AA/AS; CSU.

**155 Managing the Small Business**  
*3 hours lecture, 3 units*  
*Grade Only*

*Advisory:* Business 101 with a grade of “C” or better, or equivalent.  
This course is a study of the elements involved in successfully operating a small business. Topics include human resource management, marketing for small business, and legal issues. This course is intended for students majoring in Business or anyone interested in owning or operating a small business.  
(FT) AA/AS; CSU.

**190 Academic and Career Opportunities in Business**  
*1 hour lecture, 1 unit*  
*Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.  
This course is a study of career options in the field of business administration. Emphasis is placed on the identification of career-related strengths and interests and information on post-baccalaureate options in related fields within business administration. This course is designed for students interested in majoring in business administration.  
(FT) AA/AS; CSU.

**201 Business Organization and Management**  
*3 hours lecture, 3 units*  
*Grade Only*

This course covers business organization and management fundamentals with a focus on the managerial functions of planning, organizing, leading, and controlling. Other topics include managerial ethics, corporate social responsibility, and personal management skills and techniques.

**205 Leadership Theory and Practice**  
*3 hours lecture, 3 units*  
*Grade Only*

*Advisory:* English 101 with a grade of “C” or better, or equivalent.  
*Limitation on Enrollment:* This course is not open to students with previous credit for Administration of Justice 205, 386 or Military Studies 110.  
This course provides an interdisciplinary foundation in the field of leadership theory and practice. Students study the principles, definitions, and various models of leadership. Topics include the psychological, social, cultural, and physiological aspects of leadership such as traits, skills, styles, and processes; contingency, path-goal, and leader-member exchange theory; the mind-body relationship; and ethics. Students also develop a personal philosophy of leadership and its application to the workplace and everyday life. This course is designed for current or future leaders in businesses; public safety or other governmental agencies; nonprofit organizations; or the armed forces.  
(FT) AA/AS; CSU; UC.

**210 Human Resources Management**  
*3 hours lecture, 3 units*  
*Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.  
This course introduces human resource management in business. Topics include the scope of human resource management, employee advocacy, employment law, recruiting, training, employee development, performance management, compensation and benefit programs, managing diversity and global operations, collective bargaining, and using human resources as a competitive advantage. This course is intended for students majoring in business and for others who work or intend to work in business settings such as supervisors, managers, or in human resources.  
(FT) AA/AS; CSU.
270 Business Internship / Work Experience
60–300 hours other, 1–4 units
Grade Only

Limitation on Enrollment: Must obtain a permission number from the instructor for enrollment. This course provides on-the-job learning experiences for students employed in a business-related job or internship. Students develop workplace competencies, critical thinking skills, and problem solving abilities through the creation and achievement of job-related behavioral learning objectives. One unit of credit may be earned for each 75 hours of paid employment or 60 hours of volunteer work. This course may be taken up to four times. However, the combined maximum credit for all Work Experience courses from all subject areas may not exceed 16 units. This course is intended for students majoring in Business or those interested in the business field. (FT) AA/AS; CSU.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option

Limitation on Enrollment: Must obtain a permission number from the instructor for enrollment. This course is for students who wish to conduct additional research, a special project, or learning activities in the field of business. It is not intended to replace an existing course in the discipline. In this course students will have a written contract with their instructor for activities such as: preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

16 Workshop for Introduction to General Chemistry
1.5 hours lab, 0.5 units
Pass/No Pass

Corequisite: Chemistry 152.

This is a guided problem solving course designed to supplement lecture material in Introduction to General Chemistry. Focus is placed on nomenclature, dimensional analysis, chemical equations, stoichiometry, and solutions chemistry. This course is recommended for students concurrently enrolled in Introduction to General Chemistry lecture who wish to supplement their instruction. (FT) Not applicable to the Associate Degree.

20 Introduction to General Chemistry Refresher
1.5 hours lab, 0.5 units
Pass/No Pass

This course is designed for students that have successfully completed Introduction to General Chemistry, but need a review course before beginning the General Chemistry. Also, students who have completed high school chemistry and wish to prepare for the challenge exam for General Chemistry may also benefit. Focus is on chemical calculations, density, molar mass, molarity, stoichiometry, and nomenclature. This course consists of personalized computer assisted instruction to refresh key chemical concepts. This course will not replace a failing grade in Introduction to General Chemistry. It does not satisfy the prerequisite for General Chemistry I. (FT) Not applicable to the Associate Degree.

100 Fundamentals of Chemistry
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: Mathematics 92 or Mathematics 96, each with a grade of “C” or better, or equivalent or Milestone M40 or M50.

Corequisite: Completion of or concurrent enrollment in Chemistry 100L with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for or concurrent enrollment in Chemistry 152, or Chemistry 200. This course is an introductory study of the language and tools of chemistry. Basic concepts of the structure, properties, interactions of matter...
and energy are studied, both qualitatively and quantitatively. Emphasis is placed on matter, chemical changes, chemical conversions, chemical bonding, and acid-base chemistry. This course is intended for students majoring in nursing, nutrition, or animal health technology and provides a foundation for further coursework in chemistry, in particular for introductory organic chemistry. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org; C-ID CHEM 101.

**100L Fundamentals of Chemistry Laboratory**  
3 hours lab, 1 unit  
Letter Grade or Pass/No Pass Option  
Prerequisite: Mathematics 92 or Mathematics 96, each with a grade of “C” or better, or equivalent or Milestone M40 or M50.  
Corequisite: Completion of or concurrent enrollment in Chemistry 100 with a grade of “C” or better, or equivalent.  
This laboratory course is designed to illustrate the principles of inorganic and physical chemistry and to familiarize students with scientific reasoning, basic laboratory equipment and safe practices, scientific data collection methods and interpretation. This laboratory course is intended for students majoring in nursing, nutrition and allied health sciences, and provides a foundation for future lab work in chemistry. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org; C-ID CHEM 101.

**103 General, Organic, and Biological Chemistry**  
4 hours lecture, 3 hours lab, 5 units  
Grade Only  
Prerequisite: Mathematics 92 with a grade of “C” or better, or equivalent or Milestone M40 or Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50.  
Limitation on Enrollment: This course is not open to students with previous credit for the combination of Chemistry 100 + Chemistry 100L + Chemistry 130 + Chemistry 130L.  
This course is a one-semester survey of general, organic, and biological chemistry for nursing and other health-related fields. Topics include general chemistry, organic chemistry, and biological chemistry as they apply to the human body. The laboratory component includes qualitative and quantitative experiments as well as analysis of data. This course is intended for students majoring in nursing, nutrition, or allied health fields. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**111 Chemistry in Society**  
3 hours lecture, 3 units  
Grade Only  
This course emphasizes conceptual, not mathematical, topics in chemistry and scientific thinking. Current issues in environmental chemistry such as energy resources, air and water pollution are explored. Students discuss the effects and controversy surrounding the use of different forms of energy. In addition, current issues in organic and biochemistry are examined including trends in diets, certain medicines and drugs, and household items. Students analyze current trends or news involving chemistry. Topics include a basic understanding of matter and energy, physical and chemical changes, the atom, nuclear chemistry, bonding, acids and bases, organic chemistry, and biochemistry. This course is intended for non-science majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**111L Chemistry in Society Laboratory**  
3 hours lab, 1 unit  
Grade Only  
Corequisite: Completion of or concurrent enrollment in Chemistry 111 with a grade of “C” or better, or equivalent.  
This course illustrates the principles of chemistry in order for the student to understand how chemistry is used in our society. Experiments explore not only basic concepts in chemistry such as matter, energy, and the atom, but also explore real world applications of chemistry. This includes performing experiments related to the chemistry of the environment, household products, and biochemistry. Students learn how to work safely within the laboratory. This laboratory course is intended for non-science majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**130 Introduction to Organic and Biological Chemistry**  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Prerequisite: Chemistry 100 and 100L, or Chemistry 152 and 152L, each with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Chemistry 130L with a grade of “C” or better, or equivalent.
This is a one-semester course that introduces the basic physical, chemical and structural features of organic and biological compounds. Topics such as bonding, saturated and unsaturated hydrocarbons, the chemistry of organic functional groups, and the properties of important biological compounds such as carbohydrates, fats, and proteins are covered. The importance of these compounds in our daily lives is emphasized. This course is designed for nursing, nutrition, and allied health majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

130L Introduction to Organic and Biological Chemistry Laboratory
3 hours lab, 1 unit

Letter Grade or Pass/No Pass Option

Prerequisite: Chemistry 100 and 100L, or Chemistry 152 and 152L, each with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in: Chemistry 130 with a grade of “C” or better, or equivalent.
This is a one-semester laboratory course that illustrates the principles presented in Chemistry 130. Students are introduced to common organic chemistry laboratory equipment, fundamental organic and biochemical reactions, tests and techniques. Techniques covered include chromatography, recrystallization, and distillation. Tests and reactions of common organic functional groups, carbohydrates, fats, and amino acids are covered. Synthesis of a medicinal compound such as aspirin or a nitrogen-based analgesic is also covered. This course is designed for nursing, nutrition, and allied health majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

152 Introduction to General Chemistry
3 hours lecture, 3 units

Grade Only

Prerequisite: Chemistry 130 with a grade of “C” or better, or equivalent.
This course is an introduction to the chemistry of biochemical reactions and biochemical
molecules. Topics include acid/base chemistry, thermodynamics, cell biology, amino acids and proteins, enzymes, lipids, membranes and transport, carbohydrates, metabolism, nucleic acids and information transfer. This course is designed for students majoring in nutrition, allied health, nursing, and the chemical or life sciences. (FT) AA/AS; CSU; UC.

200 General Chemistry I – Lecture
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50; Chemistry 152 and Chemistry 152L, each with a grade of “C” or better, or equivalent.

Corequisite: Completion of or concurrent enrollment in Chemistry 200L with a grade of “C” or better, or equivalent.

This is the first course in a two course sequence in general chemistry. Emphasis is placed on the principles and laws of inorganic chemistry, including quantitative, mathematical problem-solving. Topics include chemical equations, stoichiometry, atomic theory, and its relationship to periodicity of the elements, bonding theories, molecular geometry, solution chemistry, liquids, solids, and the gas laws. This course is intended for science majors and all students interested in chemistry. (FT) AA/AS; CSU; UC; C-ID CHEM 110; C-ID CHEM 120S (CHEM 200, 200L, 201, 201L).

200L General Chemistry I – Laboratory
6 hours lab, 2 units
Letter Grade or Pass/No Pass Option

Prerequisite: Chemistry 152 and Chemistry 152L, each with a grade of “C” or better, or equivalent; Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50.

Corequisite: Completion of or concurrent enrollment in Chemistry 200 with a grade of “C” or better, or equivalent.

This is the first semester laboratory course in a two course sequence in general chemistry. Emphasis is placed on laboratory experiments that illustrate the fundamental principles and laws of chemical behavior and the properties of matter, including quantitative, mathematical problem-solving. Topics include techniques of data analysis, chemical formulas, equations, stoichiometry and maintenance of a laboratory notebook. This course is intended for science majors and all students interested in chemistry. (FT) AA/AS; CSU; UC; C-ID CHEM 120S (CHEM 200, 200L, 201, 201L).

201 General Chemistry II – Lecture
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: Chemistry 200 and Chemistry 200L, each with a grade of “C” or better, or equivalent; Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50.

Corequisite: Completion of or concurrent enrollment in Chemistry 201L with a grade of “C” or better, or equivalent.

This course is the second course in a two course sequence in general chemistry and is intended for students majoring in science or satisfying prerequisites for professional schools. The course covers the principles of physical and inorganic chemistry with an emphasis on quantitative, mathematical problem solving. Topics in the course include chemical kinetics, chemical equilibrium, acid-base theory, thermochemistry, thermodynamics, electrochemistry, coordination chemistry and nuclear chemistry. The course also includes an introduction to organic chemistry. (FT) AA/AS; CSU; UC; C-ID CHEM 120S (CHEM 200, 200L, 201, 201L).

201L General Chemistry II – Laboratory
6 hours lab, 2 units
Letter Grade or Pass/No Pass Option

Prerequisite: Chemistry 200 and Chemistry 200L, each with a grade of “C” or better, or equivalent; Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50.

Corequisite: Completion of or concurrent enrollment in Chemistry 201 with a grade of “C” or better, or equivalent.

This is the second semester laboratory course of a two course sequence in general chemistry. It is intended for students majoring in science or satisfying prerequisites for professional schools. Emphasis is placed on the fundamental principles of physical and inorganic chemistry. Topics include techniques of data analysis, chemical kinetics, chemical equilibrium, acids, bases, and salts, thermochemistry, electrochemistry, coordination chemistry. Computer skills are introduced and applied to data analysis, laboratory simulations, and computer interfacing with laboratory equipment. (FT) AA/AS; CSU; UC; C-ID CHEM 120S (CHEM 200, 200L, 201, 201L).
231 Organic Chemistry I – Lecture  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
**Prerequisite:** Chemistry 201 and Chemistry 201L, each with a grade of “C” or better, or equivalent.  
**Corequisite:** Completion of or concurrent enrollment in Chemistry 231L with a grade of “C” or better, or equivalent.  
**Advisory:** English 101 or English 105, each with a grade of “C” or better, or equivalent.  
This course is the first semester of a one-year course in organic chemistry. Major themes include, but are not limited to, bonding, molecular structure, isomerism, conformational analysis, nomenclature, reaction mechanisms, and synthesis. Emphasis is placed on the reactions of aliphatic compounds, such as alkanes, cycloalkanes, alkenes, alkynes, alkyl halides, and alcohols. Organic chemistry literature and spectral interpretation using techniques, such as infrared and nuclear magnetic spectrosopies, are introduced to support the above topics. This course is designed for students pursuing a degree in the chemical sciences or training in chemical technology, as well as other transfer students who need organic chemistry as part of preparation for majors, such as molecular biology, premedeical, predental, and pharmacy. (FT) AA/AS; CSU; UC; C-ID CHEM 160S (CHEM 231, 231L, 233, 233L).

231L Organic Chemistry I – Laboratory  
6 hours lab, 2 units  
Letter Grade or Pass/No Pass Option  
**Prerequisite:** Chemistry 201 and Chemistry 201L, each with a grade of “C” or better, or equivalent.  
**Corequisite:** Completion of or concurrent enrollment in Chemistry 231 with a grade of “C” or better, or equivalent.  
**Advisory:** English 101 or English 105, each with a grade of “C” or better, or equivalent.  
This laboratory course is designed to illustrate the principles presented in the first semester of organic chemistry. Emphasis is placed on the determination of physical properties and the separation, purification and identification of organic compounds. This course acquaints students with the equipment, glassware, techniques and safe practices specific to the organic chemistry laboratory. Techniques, such as measurement of physical constants, recrystallization, extraction, distillation and chromatography are used in the synthesis and/or characterization of selected classes of organic compounds, such as alkanes, alkenes, alkynes, alkyl halides, and alcohols. The organic chemistry literature and spectral interpretation using techniques, such as infrared and nuclear spectrosopies, are introduced to support the above topics. This course is designed for students pursuing a degree in the chemical sciences or training in chemical technology, as well as other transfer students who need organic chemistry as part of preparation for majors, such as molecular biology, premedical, predental, and pharmacy. (FT) AA/AS; CSU; UC; C-ID CHEM 160S (CHEM 231, 231L, 233, 233L).

233 Organic Chemistry II – Lecture  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
**Prerequisite:** Chemistry 231 and Chemistry 231L, each with a grade of “C” or better, or equivalent.  
**Corequisite:** Completion of or concurrent enrollment in Chemistry 233L with a grade of “C” or better, or equivalent.  
This course is the second semester of a one-year sequence in organic chemistry. Major themes include, but are not limited to, molecular structure, molecular behavior, nomenclature, reaction mechanisms, and synthesis. Emphasis is placed on the reactions of selected classes of organic compounds, such as alcohols, ethers, aldehydes, ketones, carboxylic acids and their derivatives, amines, benzenoid and heterocyclic aromatics and their derivatives, carbohydrates, lipids, amino acids and their bio-organic compounds. The study of these molecules provides a backdrop for exploring the factors that govern particular transformations within a synthetic sequence. The use of print and electronic media and the interpretation of spectroscopic information (such as infrared, nuclear magnetic resonance, and ultraviolet-visible spectrosopies, and mass spectrometry) for the analysis and differentiation of molecular structures is continued. This course is designed for students pursuing a degree in the chemical sciences or training in chemical technology, as well as other transfer students who need organic chemistry as part of preparation for majors, such as molecular biology, premedical, predental, and pharmacy. (FT) AA/AS; CSU; UC; C-ID CHEM 160S (CHEM 231, 231L, 233, 233L).
233L Organic Chemistry II – Laboratory

6 hours lab, 2 units
Letter Grade or Pass/No Pass Option
Prerequisite: Chemistry 231 and Chemistry 231L, each with a grade of “C” or better, or equivalent. Corequisite: Completion of or concurrent enrollment in Chemistry 233 with a grade of “C” or better, or equivalent.

This course is designed to illustrate the principles presented in the second semester of organic chemistry. Emphasis is placed on synthesis, purification and/or characterization of selected classes of organic compounds, including but not limited to aromatics, alcohols, aldehydes and ketones, carboxylic acids, amines, and simple examples of bio-organic molecules. Additional emphasis is placed on multi-step synthetic pathways and product identification using selected methods of qualitative organic analysis such as wet chemical and advanced spectroscopic techniques. Variation of scale from micro- to macro-quantities, and more advanced separation and analytical techniques, distinguish the level of this course from the first semester of organic chemistry laboratory. This course is designed for students pursuing a degree in the chemical sciences or training in chemical technology, as well as other transfer students who need organic chemistry as part of preparation for majors, such as molecular biology, premedical, predental, and pharmacy. (FT) AA/AS; CSU; UC; C-ID CHEM 160S (CHEM 231, 231L, 233, 233L).

251 Quantitative Analytical Chemistry

3 hours lecture, 6 hours lab, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Chemistry 201 and Chemistry 201L, each with a grade of “C” or better, or equivalent. Corequisite: Completion of or concurrent enrollment in Mathematics 121 or Mathematics 150, each with a grade of “C” or better, or equivalent. Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.

This is a course in quantitative analysis. Major topics include theory and practice of gravimetric and volumetric methods of chemical analysis and introduction to instrumental methods of analysis with a focus on precision and accuracy of experimental data. This course is intended for students majoring in chemistry or biochemistry and others who need the course for career advancement. (FT) AA/AS; CSU; UC.

290 Independent Study

3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is designed for students who wish to conduct additional research, a special project, or learning activities in the field of chemistry. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

110A Introduction to Chicana and Chicano Studies

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course is an introductory survey of the field of Chicana/o Studies and the factors that influence the Chicano culture. Emphasis is placed on the historical development of the Chicano people including their Mesoamerican roots, cultural identification, political activities, and their contemporary roles and influence in United States culture, society and economy. This course is designed for all students interested in Chicana/o Studies, Social Sciences, and Ethnic Studies. (FT) AA/AS; CSU; UC.

110B Introduction to Chicana and Chicano Studies

3 hours lecture, 3 units
Grade Only
This course is a survey of the field of Chicano Studies and the historical and contemporary factors that influence Chicano society. Emphasis is placed on the
Chicana/o experience in the United States through an analysis of the social, political, and economic factors that impact and shape the Chicana/o community. This course is designed for all students interested in Chicana/o Studies, Social Studies and Ethnic Studies. (FT) AA/AS; CSU; UC.

130 Mexican Literature in Translation
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course is a survey of Mexican literature in translation. Students are introduced to authors of the novel, short story, poem, essay, and folklore within the context of Mexican history, politics and society. This course is designed for Chicano Studies majors and anyone interested in literature. (FT) AA/AS; CSU; UC.

135 Chicana/o Literature
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This is a survey course that examines the literary expressions of the Chicana/o people in the United States with an emphasis on the early 1800s to the present. Students in this class read and discuss works from a variety of literary genres. Students also read and discuss works from important contributors to the body of Chicana/o Literature in order to understand how the literature reflects the historical, socio-political, cultural experiences of the Chicana/o in the United States and its relationship to global literary movements. This course is designed for Chicano Studies majors and anyone interested in Ethnic Studies and literature. (FT) AA/AS; CSU; UC.

138 Literature of La Raza in Latin America in Translation
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course is a survey of the novels, short stories, poetry and films produced in Latin America since the early civilizations to the present. Emphasis is placed on major cultural works reflecting and questioning the historical legacies and material realities of the project of colonialism in the Americas and its peoples. This course is for all students with an interest in the study of Latin American literature and culture. (FT) AA/AS; CSU; UC.

140 Chicana/o Sociology
3 hours lecture, 3 units
Grade Only
This course examines the institutional and structural conditions as well as social dynamics that have and continue to shape the Chicana/o experience in U.S society. This course makes use of Sociological perspectives that incorporate various paradigms/theories/concepts including but not limited to: Stratification, Colonialism/Imperialism, Chicana Feminism, Queer Theory, Conflict Theory, Critical Race Theory, Intersectionality, and Assimilation/Acculturation. The application to Chicana/os and Latinos of traditional sociological theories and empirical research are examined and evaluated. This course is intended for all students interested in Chicana/o Studies, ethnic studies, or the social sciences. (FT) AA/AS; CSU.

141A United States History from a Chicano Perspective
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course is a survey of early American history from the Mexican/Chicano perspective. Emphasis is placed on the period of discovery to the period of Reconstruction with emphasis on the evolution, influence, and experience of the Chicano. Students analyze Chicano contributions to the political, social, economic, and cultural development of the United States. This course is intended for all students interested in history, ethnic studies, or other social sciences. (FT) AA/AS; CSU; UC.

141B United States History from a Chicano Perspective
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This is a survey course in American history that covers the period of the American acquisition in 1848 of Mexico to the present. Emphasis is placed on the role of Chicanos in the development of the United States throughout the nineteenth and twentieth centuries. Topics include slavery in the former Mexican territories, the Native American

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
experience, immigration patterns and constitutional development and government in California. This course is intended for all students interested in history, ethnic studies, or other social issues. (FT) AA/AS; CSU; UC.

150 History of Mexico
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course is a survey of Mexican history from the ancient times to the present. Special emphasis is given to major historical developments from the time of the Spanish Conquest to the Revolution of 1910 and its aftermath. Special consideration is given to the economic, political, social, and cultural factors which have shaped modern Mexico. This course is designed for students majoring in Chicano Studies or History and prepares students for careers dealing with Mexico and/or Mexican culture and the relationships between Mexico and the United States. (FT) AA/AS; CSU; UC.

155 Introduction to Central American Studies
3 hours lecture, 3 units
Grade Only
This course familiarizes students with the rich heritage of Central America and the social, economic, political and cultural foundations of the region. It explores the diversity of issues informed by race, gender, ethnicity, the environments and social classes in the Central American community in Latin America and the United States. This course is designed for students majoring in Chicano/o Studies, Ethnic Studies and/or Social Sciences and all students interested in Central American Studies. (FT) AA/AS; CSU.

170 La Chicana
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is the study of the Chicana in American society in historical and sociological perspective. Emphasis is placed on Chicana feminist scholarship and cultural representations, border issues, resistance to patriarchy, and the search for power. This course is designed for all students interested in Chicana/o Studies and Ethnic Studies. (FT) AA/AS; CSU; UC.

190 Chicano Images in Film
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course is a critical approach to cinematic images of Chicanos as depicted in selected films. Focus is placed on stereotypical and negative portrayals during early cinema with an examination of the more realistic and complex portraits of more recent times. Film genres, such as early Hollywood features, documentaries and the emerging “Chicano film” are examined. This course is designed for students interested in film studies and Ethnic Studies with a special focus on the Chicano experience in film. (FT) AA/AS; CSU; UC.

201 The Indigenous Tradition of Mexico and Ancient Mesoamerica
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course examines the Indigenous traditions of Mexico and Ancient Mesoamerica. The course explores the culture and history of the Mesoamerican civilizations and their relationship with the societies of Aridamerica and Oasisamerica, and the experiences of the Indigenous communities from the colonial times to the present. This course is intended for students who are pursuing a major in Chicana and Chicano Studies, History, Ethnic Studies, or other Social Sciences, and all students interested in the Mexican culture. (FT) AA/AS; CSU; UC.

210 Chicano Culture
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course is a study of Chicana/o culture in the United States. Emphasis is placed on historical and contemporary representations of Chicana/o through their cultural products, such as music, dance, theatre, literature and film. Students apply Cultural Studies theories to analyze and interpret Chicana/o cultural products. This course is designed for all students interested in Chicana/o culture and Ethnic Studies. (FT) AA/AS; CSU; UC.

230 Chicano Art
3 hours lecture, 3 units
Grade Only
This course is a comprehensive overview of the major influences, themes and styles in Chicano art from its emergence in the 1960s to the beginning of the 21st century. Emphasis is placed on the historical, social and cultural context of the Chicana/o art movement and the major forces that shape artistic
creation within this field. Topics include Chicano paintings, murals, prints, sculpture, installation, performance and video. This course is designed for all students interested in Chicana/o studies, Ethnic Studies and for art majors who want to explore a revolutionary contemporary art movement. (FT) AA/AS; CSU; UC.

290 Independent Study

Hours by Arrangement, 1–3 units
Letter Grade or Pass/No Pass Option

Limitation on Enrollment: Must obtain a permission number from instructor for registration. For students with advanced background in Chicano Studies who wish to study special problems or work on specialized projects. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Class sections of the following courses utilize a variety of reading and/or research materials from a Chicano perspective. Refer to the class schedule under the particular subject listing for designated sections. See page 421 for complete English course descriptions and page 380 for complete Communications Studies course descriptions.

### Child Development (CHIL)

#### 101 Human Growth and Development

3 hours lecture, 3 units

**Grade Only**

This course examines the interrelationship among the physical, cognitive, and psychosocial growth and development of individuals from conception through adolescence. Emphasis is placed on positive relationships with family members, peers, and other significant individuals. Topics include theories and philosophies of human development and cross-cultural patterns. Students observe children and educational programs. This course is a core requirement for the State of California Child Development Permit and the State of California Community Care Licensing, Title XXII. (FT) AA/AS; CSU; UC; C-ID CDEV 100.

#### 111 Curriculum: Music and Movement

3 hours lecture, 3 units

**Grade Only**

This course introduces the function of music and fundamental movement skills in early childhood educational programs. Emphasis is placed on the development of music and movement skills, basic teaching and guidance techniques, and selection of appropriate materials and equipment. Other topics include designing and implementing curriculum plans that are appropriate for a variety of age groups and developmental levels. This course is intended for students interested in working in early childhood education, obtaining California child development permits, and transferring to four-year institutions. (FT) AA/AS; CSU.

#### 121 Curriculum: Art

3 hours lecture, 3 units

**Grade Only**

This course introduces the creative process and experience in early childhood education programs. Emphasis is placed on creative development, art curriculum activities, basic teaching skills, guidance

---

(FT) = A field trip may be required for this course.

CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
techniques, equipment, and materials. Students select appropriate activities for a variety of age and maturity levels based on child development theories and concepts. This course is intended for students majoring in Child Development or others interested in the creative process in early childhood education. (FT) AA/AS; CSU.

131 Curriculum: Language/Science  
3 hours lecture, 3 units  
Grade Only

**Limitation on Enrollment:** This course is not open to students with previous credit for Child Development 133 or Child Development 135. This course is an introductory study of the function of language, math, and science learning in early childhood educational programs. Emphasis is placed on the development of language and science curriculum activities, basic teaching skills, guidance techniques, equipment, and materials. Students select appropriate activities for a variety of age groups and maturity levels based on child development theories and concepts. This course is designed for Child Development majors and may be used to partially fulfill requirements for Title 22 licensing and child development permits. (FT) AA/AS; CSU.

141 The Child, Family and Community  
3 hours lecture, 3 units  
Grade Only

This course is a study of the dynamics of human development and socialization in a culturally pluralistic society. Emphasis is placed on the influences of contemporary family living and cultural patterns on the child, school-family relationships, and community resources and services that support and strengthen families. This course is a core requirement for California Child Development teacher/director center permits as well as for the State of California Department of Community Care Title 22 licensing childcare centers requirements. This course is designed for all students interested in child development and multi-cultural and behavioral studies. (FT) AA/AS; CSU.

151 Program Planning  
3 hours lecture, 3 units  
Grade Only

**Prerequisite:** Child Development 101, and Child Development 111, or Child Development 121, Child Development 131, Child Development 133 or Child Development 135, and Child Development 160, each with a grade of “C” or better, or equivalent.  
**Corequisite:** Child Development 270 or Child Development 275.  
**Advisory:** English 101 with a grade of “C” or better, or equivalent.  
This course focuses on planning the preschool learning environment to promote optimal development. Emphasis is placed on curriculum planning, guidance, safety, record keeping, observation techniques, project planning, and classroom management. Students enrolled in this course must be concurrently working in a preschool learning environment under the supervision of a person holding a Child Development Master Teacher Permit or the equivalent. This course is intended for students pursuing teaching careers in early care and education settings and partially fulfills State of California Permit and Title 22 teacher requirements. (FT) AA/AS; CSU.

155 Supervised Field Study Seminar  
1 hour lecture, 1 unit  
Grade Only

**Corequisite:** Child Development 151 and Child Development 270.  
This seminar course provides students with the opportunity to critically reflect on their student teaching fieldwork in order to effectively apply the principles and best practices of early care and education programs to their on-site work experience. This course is intended for students seeking teaching positions in early care and education settings and partially fulfills State of California Permit and Title 22 teacher requirements. (FT) AA/AS; CSU.

160 Observation and Assessment of Children  
1 hour lecture, 3 hours lab, 2 units  
Grade Only

**Limitation on Enrollment:** Health and Safety. TB clearance within the last year is required.  
This course focuses on behavioral patterns and growth processes of young children through the use of a variety of assessment and observation strategies to document child development and behavior. Child observations are conducted and analyzed through supervised participation in the campus early education center. Topics include the use of observation and assessment of children in planning, implementing, and evaluating early childhood curriculum and environments. This course partially
fulfills the specialization requirements for the State of California Master Teacher Permit. (FT) AA/AS; CSU.

161 Observations and Issues in Child Development
1 hour lecture, 3 hours lab, 2 units
Grade Only

Limitation on Enrollment: Health and Safety. TB clearance within the last year is required. This course explores current issues in child development and how these issues influence both the child and family. The course emphasizes effective communication skills, positive guidance techniques, kindergarten readiness skills, and appropriate classroom activities. It is intended for students majoring in child development and parents of children enrolled in the campus child development center. It partially fulfills the specialization requirements for the State of California Master Teacher Permit. (FT) AA/AS; CSU.

165 Children With Special Needs
3 hours lecture, 3 units
Grade Only

This course is a survey of education for children with special needs. Emphasis is placed on the types and characteristics of special needs as well as on the methods for integrating children with special needs into inclusive educational settings. Topics include the history of special education legislation, current educational compliance requirements and community resources available to parents, teachers and other professionals. This course is designed for professionals and parents who work with children with special needs. This course partially fulfills the specialization requirement for the State of California Master Teacher Permit. (FT) AA/AS; CSU.

166 Curriculum for Diverse Learners
3 hours lecture, 3 units
Grade Only

This course is an in-depth study of inclusive environments, guidance techniques, and curriculum planning strategies that are designed to meet the needs of the diverse children and families in our current society. Emphasis is placed on cognitive, physical, social-emotional, cultural, and linguistic diversity, and how well-designed environments, intentionally planned curriculum, and supportive behavioral strategies work together to provide a classroom that is welcoming and ensures that all children and families in the program thrive. This course is designed for parents, teachers, nurses, social workers, and paraprofessionals employed in schools and early childhood programs. This course partially meets the specialization requirements for the Master Teacher Permit. (FT) AA/AS; CSU.

175 Infant-Toddler Growth and Development
3 hours lecture, 3 units
Grade Only

This course examines the physical, social, emotional, and cognitive development of the infant and toddler and appropriate strategies to support this development. Emphasis is placed on culturally responsive techniques that support diverse family practices and connections. Appropriate observations and visitations to the community are required. This course meets State of California Title 22 licensing regulations for teachers in infant-toddler settings and fulfills the infant-toddler specialization requirement for the State of California Master Teacher Permit when taken in addition to CHIL 176. It is intended for students majoring in child development, parents, or those interested in infant-toddler care. (FT) AA/AS; CSU.

176 Principles of Infant-Toddler Caregiving
3 hours lecture, 3 units
Grade Only

This course is a study of the principles of infant-toddler care, including all aspects of infant and toddler development. Emphasis is placed on planning appropriate indoor and outdoor curriculum and environments. Topics include health, nutrition, and safety for the very young as well as licensing regulations, staff interactions, parent participation, and program development. This course meets State of California Title 22 licensing regulations for teachers in infant-toddler settings and fulfills the infant-toddler specialization requirement for the State of California Master Teacher Permit when taken in addition to CHIL 175. It is intended for students majoring in child development, parents, or those interested in infant-toddler care. (FT) AA/AS; CSU.
180 Nutrition, Health and Safety for Children
3 hours lecture, 3 units
Grade Only
This course is a survey of the nutritional, health, and safety needs of children from infant/toddlers through preschool age. Topics include but are not limited to the planning and execution of environments and activities that promote safety, balanced diet, and overall health for children. Students also learn the fundamentals of pediatric first aid and cardiopulmonary resuscitation (CPR). This course meets the Title XXII, fifteen hour, Health and Safety Training requirement, including signs and symptoms of child abuse. It is intended for students majoring in child development and practicing child development professionals. (FT) AA/AS; CSU.

202 Administration of Early Childhood Programs
3 hours lecture, 3 units
Grade Only
Prerequisite: Child Development 101, and Child Development 141, each with a grade of “C” or better, or equivalent.
Advisory: Child Development 111, and Child Development 121 or Child Development 131, each with a grade of “C” or better, or equivalent.
This course is an overview of early childhood education program administration. Topics include theoretical perspectives on early childhood education, licensing regulations, funding sources, budgetary considerations, personnel management, curriculum development, and teacher selection. The course meets State of California Title 22 licensing regulations for site supervisors. It also partially fulfills State of California matrix requirements for Program Director and Site Supervisor Permits. This course is intended for anyone seeking a position as a site supervisor or center director. (FT) AA/AS; CSU.

210 Supervision of Early Childhood Programs
3 hours lecture, 3 units
Grade Only
Prerequisite: Child Development 141, and Child Development 151, with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Child Development 201 or Child Development 201B.
This course is a study of the supervisory tools and techniques required to organize and evaluate early childhood programs. Emphasis is placed on supervisory functions, in-service staff training, educational philosophies, program and staff evaluation, models of parent education and involvement, and supportive services. This course is designed for students who intend to go into supervisory positions in early childhood education. It partially fulfills the State of California Child Development Permit Matrix requirement for supervisors and directors and also meets the State of California Title 22 licensing regulations for directors. (FT) AA/AS; CSU.

270 Work Experience
60–300 hours other, 1–4 units
Grade Only
This course is for Child Development students to acquire on-the-job training within an early care and education facility and partially fulfills State of California Permit and Title 22 teacher requirements. The combined maximum credit for all work experience course work from all disciplines may not exceed 16 units. (FT) AA/AS; CSU.

275 Supervised Field Study
3–9 hours other, 1–3 units
Grade Only
Corequisite: Child Development 151.
Advisory: Child Development 160 with a grade of “C” or better, or equivalent.
This directed field study course provides students with an opportunity to apply classroom information in a practical setting with supervision from faculty as well as field site supervisors. This course is intended for students who plan to teach or supervise in early childhood settings. It partially fulfills Title 22 and the State of California Child Development Permit experience requirement. (FT) AA/AS; CSU.

290 Independent Study
3–9 hours other, 1–3 units
Grade Only
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is for students who wish to conduct additional research, a special project or learning activities in the field of child development. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. (FT) AA/AS; CSU.
**291A Child Development Center Practicum**  
3 hours lab, 1 unit  
Grade Only

This course provides directed laboratory experience in the campus Child Development Center. Students become familiar with the operating policies and procedures of a preschool program and observe and access the development of children as they reference the participant handbook and describe the policies of the campus lab. This course may be used toward the experience component for the State of California Child Development Permit. It is intended for students who plan careers in early childhood and family support programs and for parents who seek practical experience in guiding and teaching children. (FT) AA/AS; CSU.

**291B Child Development Center Practicum**  
3 hours lab, 1 unit  
Grade Only

This course provides directed laboratory experience in the campus Child Development Center. Students examine children’s development, their safety, health, and their nutritional needs in a preschool setting with an emphasis on implementation with young children. This course may be used toward the experience component for the State of California Child Development Permit and toward the Health and Safety training requirements for Title 22. It is intended for students who plan careers in early childhood education and family support programs and for parents who seek practical experience in guiding and teaching children. (FT) AA/AS; CSU.

**291C Child Development Center Practicum**  
3 hours lab, 1 unit  
Grade Only

This course provides directed laboratory experience in the campus Child Development Center. Emphasis is placed on early education teaching techniques and selection of curriculum activities for children that are developmentally appropriate. This course may be used toward the experience component for the State of California Child Development Permit. It is intended for students who plan careers in early childhood and family support programs and for parents who seek practical experience in guiding and teaching children. (FT) AA/AS; CSU.

**291D Child Development Center Practicum**  
3 hours lab, 1 unit  
Grade Only

This course provides directed laboratory experience in the campus Child Development Center. Students examine effective routines and transitional activities in the organization and structure of an early child development setting. The class emphasizes positive guidance techniques for young children, and the selection of equipment and materials for young children that are developmentally age appropriate. This course may be used toward the field experience component for the State of California Child Development Permit. It is intended for students who plan careers in early childhood and family support programs and for parents who seek practical experience in guiding and teaching children. (FT) AA/AS; CSU.

*This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.*

**101 First Course in Mandarin Chinese**  
5 hours lecture, 5 units  
Letter Grade or Pass/No Pass Option

This interactive, entry-level course introduces students to the Mandarin Chinese language and to Chinese culture. Emphasis is placed on the basic phonetic system, characters, grammar and common daily expressions. Topics also include Chinese culture, geography and history. This course is intended for students interested in an introduction to Mandarin Chinese language. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable  
Milestone formerly referred to as Skill Level
102 Second Course in Mandarin Chinese
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prequisite: Chinese 101 with a grade of “C” or better, or equivalent or two years of high school Chinese. This interactive, elementary course in Mandarin Chinese builds upon the listening, reading, speaking and writing skills introduced in the entry-level course. Emphasis is placed on phonetics, characters, grammar, tone usage and common daily expressions. This course is intended for students who have completed the first course in the Chinese language sequence and want to continue their second-semester Chinese course, students who want to further their basic proficiency in the Chinese language, and students who want to continue learning Chinese for their personal enrichment. (FT) AA/AS; CSU; UC.

201 Third Course in Mandarin Chinese
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prequisite: Chinese 102 with a grade of “C” or better, or equivalent or three years of high school Chinese with a grade of C or better, or equivalent. This intermediate-level study of Mandarin Chinese is the third course in the Chinese language sequence. Students use increasingly complex Mandarin language structures and vocabulary to listen, speak, read and write at the intermediate level. This course is intended for students who have completed the second course in the Chinese language sequence and who are planning on majoring in Chinese or are interested in learning Chinese for their personal enrichment. (FT) AA/AS; CSU; UC.

202 Fourth Course in Mandarin Chinese
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prequisite: Chinese 201 with a grade of “C” or better, or equivalent. This intermediate-advanced level study of Mandarin Chinese is the fourth course in the Chinese language sequence. Students use increasingly complex Mandarin language structures and vocabulary to listen, speak, read and write at the intermediate-advanced level. This course is intended for students who have completed the third course in the Chinese language sequence and who are planning on majoring in Chinese or are interested in learning Chinese for their personal enrichment. (FT) AA/AS; CSU; UC.

210 Conversation and Composition in Chinese I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prequisite: Chinese 102 with a grade of “C” or better, or equivalent. This is an interactive course in Chinese conversation and composition at the intermediate level. In this course, students are encouraged to express themselves creatively both orally and in writing as they explore a variety of topics in Chinese. This course is intended for students who have completed the first two courses in the Chinese language sequence. (FT) AA/AS; CSU; UC.

211 Conversation and Composition in Chinese II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prequisite: Chinese 210 with a grade of “C” or better, or equivalent. This is an interactive course in Mandarin Chinese conversation and composition at the intermediate-advanced level. In this course, students are encouraged to express themselves creatively both orally and in writing as they explore a variety of topics in Chinese at an intermediate-advanced level. This course is intended for students who have completed the first course in the Chinese language conversation and composition sequence. (FT) AA/AS; CSU; UC.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

101 Voice and Articulation
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: This course is not open to students with previous credit for Speech Communications 101. This course is designed to improve vocal production and the articulation, enunciation, and pronunciation.
of words. Emphasis is placed on sound production, voice quality, volume, pitch and expressiveness. This course is intended for communications studies majors and anyone involved in theatre, sales, public services or other professions. (FT) AA/AS; CSU; UC.

103 Oral Communication
3 hours lecture, 3 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Speech Communications 103.
This course is an introduction to speechmaking. Emphasis is placed on the skills required to organize and deliver various types of speeches. Students give several speeches with and without visual aids. This course is designed for Communication Studies majors and for students interested in honing their speech skills. (FT) AA/AS; CSU; UC; C-ID COMM 110.

104 Advanced Public Communication
3 hours lecture, 3 units
Grade Only

Prerequisite: Communication Studies 103 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Speech Communications 104.
This course covers theory, practice, and critical analysis of public communication, including speeches on subjects of current interest both local and global. It includes an introduction to the relationship between rhetorical theory and criticism and rhetorical practice in public communication. Special emphasis is placed on advanced platform speaking and limited preparation speaking. This course is designed for students majoring in communication studies or anyone interested in advancing fundamental speech skills. (FT) AA/AS; CSU.

111 Oral Interpretation
3 hours lecture, 3 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Speech Communications 111.
This course is a practical study of the art of oral interpretation. Emphasis is placed on developing a foundation for critical analyses of literature in order to enhance spoken interpretation of prose, poetry, dramatic monologue and duo. This course is designed for communication studies and drama majors as well as anyone interested in improving their oratory skills. (FT) AA/AS; CSU.

117A Intercollegiate Forensics
3–9 hours lab, 1–3 units
Letter Grade or Pass/No Pass Option

Prerequisite: Communication Studies 117A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Speech Communications 117A. Tryout or Audition.
This course is for students participating in their first semester of intercollegiate forensics (speech and debate) competition. Emphasis is placed on the preparation of platform speeches (informative, persuasive and after-dinner) at the novice intercollegiate level. Students taking the course for one unit participate in one event at one tournament; for two units, two events at two tournaments; for three units three events at three tournaments. (FT) AA/AS; CSU.

117B Intercollegiate Forensics
3–9 hours lab, 1–3 units
Letter Grade or Pass/No Pass Option

Prerequisite: Communication Studies 117B with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Speech Communications 117B. Tryout or Audition.
This course is for students participating in their second semester of intercollegiate forensics (speech and debate) competition. Emphasis is placed on the preparation of oral interpretation events (poetry, prose, dramatic interpretation, dramatic-duo, informative, persuasive, after-dinner, program of oral interpretation, impromptu and extemporaneous speeches) at the novice to junior intercollegiate level. Students taking the course for one unit participate in one event at one tournament; for two units, two events at two tournaments; for three units three events at three tournaments. (FT) AA/AS; CSU.

117C Intercollegiate Forensics
3–9 hours lab, 1–3 units
Letter Grade or Pass/No Pass Option

Prerequisite: Communication Studies 117C with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Speech Communications 117C.
This course is for students participating in their third semester of intercollegiate forensics (speech and debate) competition. Emphasis is placed on the preparation of advanced level speeches (informative, persuasive and after-dinner) at the junior to senior intercollegiate level. Students taking the course for one unit participate in one event at one tournament; for two units, two events at two tournaments; for three units three events at three tournaments. (FT) AA/AS; CSU.
Limitation on Enrollment: This course is not open to students with previous credit for Speech Communications 117C. Tryout or Audition. This course is for students participating in their third semester of intercollegiate forensics (speech and debate) competition. Emphasis is placed on limited preparation speech events (impromptu and extemporaneous) and debate at the intermediate to advanced level. Students taking the course for one unit participate in one event at one tournament; for two units, two events at two tournaments; for three units, three events at three tournaments. (FT) AA/AS; CSU.

117D Intercollegiate Forensics
3–9 hours lab, 1–3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Communication Studies 117C with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Speech Communications 117D. Tryout or Audition. This course is for students participating in their fourth semester of intercollegiate forensics (speech and debate) competition. Emphasis is placed on the preparation of five (pentathlon) speech events, debate and team leadership at the advanced level. Students taking the course for one unit participate in one event at one tournament; for two units, two events at two tournaments; for three units, three events at three tournaments. (FT) AA/AS; CSU.

135 Interpersonal Communication
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: This course is not open to students with previous credit for Speech 135. This course is a study of effective interpersonal skill development and practice in oral and written communication. Emphasis is placed on the personal, situational, and cultural influences of interaction. Topics include human perception, interpersonal dynamics, listening, conflict management, and verbal and nonverbal symbol systems. The course is intended for students who communicate in one-on-one situations, including communication, fashion, allied health, public service, and business majors as well as those interested in further development of effective interpersonal skills in work, volunteer, and personal environments. (FT) AA/AS; CSU; UC; C-ID COMM 130.

160 Argumentation
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Communication Studies 103 with a grade of “C” or better, or equivalent
Limitation on Enrollment: This course is not open to students with previous credit for Speech Communications 160. This course is a study of argumentation. Emphasis is placed on research, analysis of propositions, testing of evidence, construction of the brief, and preparation for presentation of constructive and refutation cases. This course is designed for communications studies majors and anyone interested in argumentation and debate. (FT) AA/AS; CSU; UC; C-ID COMM 120.

170 Small Group Communication
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Communication Studies 103 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Speech Communications 170. This course is a study of the concepts and theories related to group formation and development, and basic group communication dynamics. Students lead and participate in various forms of group discussion and activities. This course is designed for communication studies and business majors as well as for anyone interested in working effectively in small group settings. (FT) AA/AS; CSU; UC; C-ID COMM 140.

180 Intercultural Communication
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: This course is not open to students with previous credit for Speech Communications 180. This course is a study of communication between members of diverse cultures. This study includes how cultures, cultural identity, languages, and social patterns affect communication between ethnic and cultural groups. Topics include interdependency in global society, verbal and nonverbal language systems, conflict styles, and contextual cultural implications. Students apply the principles of intercultural communication to contemporary cultural and global communication issues. This course is designed for communications majors and all students interested in developing intercultural
communication skills. (FT) AA/AS; CSU; UC; C-ID

COMM 150.

201 Communication and Community
3 hours lecture, 3 units
Grade Only

Prerequisite: Communication Studies 103 with a
grade of “C” or better, or equivalent.
This course is an overview of the academic
discipline of Communication Studies, including its
history, methods, processes, contexts, and fields
of study. Other topics include basic models of
communication, communication-related career
fields, and health communication. This course is
intended for Communication Studies majors or
prospective majors. (FT) AA/AS; CSU; UC.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number
from Instructor. This course is not open to students
with previous credit for Speech Communications
290.
This course is for students who wish to conduct
additional research, a special project, or learning
activities in a specific discipline/subject area and is
not intended to replace an existing course in the
discipline. In this course students will have a written
contract with their instructor for activities such as:
preparing problem analysis, engaging in primary
research, preparing reports, and meeting with the
instructor at specific intervals. (FT) AA/AS; CSU.

This discipline may offer specialized instruction
in one or more of the following areas: Supervised
Tutoring (44), Experimental Topics (265),
Independent Study (290), Individualized Instruction
(296), Service Learning (277), or Work Experience
(270). Detailed course descriptions are listed on
page 328. Please refer to the class schedule and/or
see the dean or department chair for availability.

Computer Aided Design/Drafting
(See Architecture, page 340)

Computer Business Technology (CBTE)

Note: CBTE course numbers differ from the OFCE course
numbers.

101 Basic Computer Keyboarding
0.75 hours lecture, 0.75 hours lab, 1 unit
Grade Only

Limitation on Enrollment: This course is not open to
students with previous credit for Office Information
Systems 100, 101, 102, 164, Computer Business
Technology 94, 102 or 103.
This course introduces students to basic keyboarding
skills and document processing activities. Topics
include keyboarding and basic word processing.
Students practice keying by touch using word
processing software. This course is intended for all
students interested in improved keyboard skills for
personal and/or business use. (FT) AA/AS; CSU.

140 Beginning Microsoft Excel
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only

Advisory: Computer Business Technology 114 with a
grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to
students with previous credit for Computer Business
Technology 140A or Computer Business Technology
143.
This course is intended for students, office support
personnel, and business owners who require a
competency in performing tasks in Microsoft Excel.
Students receive hands-on instruction on how to
create, modify, and enhance workbooks, charts, and
formulas. (FT) AA/AS; CSU.

143 Intermediate Microsoft Excel
2 hours lecture, 3 hours lab, 3 units
Grade Only

Advisory: Computer Business Technology 114 with a
grade of “C” or better, or equivalent.
This course is designed for students preparing for a
career or job in which a competency in intermediate-
to-advanced Excel functions is required to perform

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
daily tasks. Students receive hands-on instruction on charts, PivotTables, PivotCharts, functions, formulas, data validation, autofilters, what-if analyses, templates, macros, Visual Basic for applications, and integration of Excel with other programs. (FT) AA/AS; CSU.

**151 Microsoft Access: Basic**  
0.75 hours lecture, 0.75 hours lab, 1 unit  
**Grade Only**

This course covers basic Access skills. Students receive hands-on practice in creating, modifying, and sorting database tables, performing queries, creating reports, and designing forms. This course is designed for students and professionals acquiring or updating basic skills in creating and editing access databases. (FT) AA/AS; CSU.

**167 Webpage Creation Using Microsoft Expression Web**  
2 hours lecture, 3 hours lab, 3 units  
**Grade Only**

*Advisory: Computer Business Technology 101, 102 or 103 and 114 and 161, each with a grade of “C” or better, or equivalent; English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.*  
This course teaches students how to create websites using Microsoft Expression Web. Students use a hands-on approach to design, analyze, create, manage, and publish websites on the Internet for personal or business use. Topics include formatting text using Hypertext Markup Language (HTML), Extensible Hypertext Markup Language (XHTML), and Cascading Style Sheets (CSS). Other topics include images, hyperlinks, templates, tables, forms, and page layout and design. This course is intended for students majoring in Computer Business Technology or others interested in web design. (FT) AA/AS; CSU.

**180 Microsoft Office**  
2 hours lecture, 3 hours lab, 3 units  
**Grade Only**

*Advisory: Computer Business Technology 114 with a grade of “C” or better, or equivalent.*  
This course is designed for students interested in an overview and basic working knowledge of Microsoft Office Professional suite for personal and/or professional purposes. Emphasis is placed on word processing, spreadsheet, database, and presentations, and the integration of data within and between the programs. (FT) AA/AS; CSU.

**290 Independent Study**  
3–9 hours other, 1–3 units  
**Pass/No Pass**

*Limitation on Enrollment: Obtain Permission Number from Instructor.*  
This course is for students who wish to conduct additional research, a special project, or learning activities in computer business technology. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

*This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.*

**Computer and Information Sciences (CISC)**

**71 Microcontroller Programming**  
3 hours lecture, 3 hours lab, 4 units  
**Grade Only**

*Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.*  
This course introduces students to programming and interfacing microcontrollers to the world around them. Topics include programming a microcontroller to respond to inputs and to control various devices, such as light emitting diodes (LEDs), fans, servos, and relays. This course is designed for students who want to increase their understanding of microcontrollers and embedded programming. (FT) AA/AS.

**106 Introduction to Computer Science and Programming**  
2 hours lecture, 6 hours lab, 4 units  
**Grade Only**

*Advisory: Computer and Information Sciences 150 or Computer and Information Sciences 181, each with a grade of “C” or better, or equivalent.*  
This course is a hands-on study of the foundational principles of computer science. Emphasis is placed on applying fundamental computer science
concepts and techniques to creative problem-solving and game development. Topics include conditional logic, looping, recursion, lists, arrays, trees, graphs, hash tables, algorithms, user-defined data types, lambdas, higher-order functions, complex data structures, input/output (I/O) streams, files, sockets, closures, lazy evaluation, macros, and domains. This course is designed for students majoring in computer information sciences or multimedia and for anyone interested in software development in general. AA/AS; CSU; UC.

150 Introduction to Computer and Information Sciences
3 hours lecture, 3 units
Grade Only
This course is a survey of computers, computer systems and information sciences. Emphasis is placed on the use of computers in business and technical fields. Topics include computer equipment and programming systems, systems study, design, development, and implementation. The course also explores careers in the computer science field. This course is intended for all students interested in computers and how to use them. (FT) AA/AS; CSU.

152 Introduction to the Linux Operating System
3 hours lecture, 3 hours lab, 4 units
Pass/No Pass Only
Limitation on Enrollment: This course is not open to students with credit for Computer and Information Sciences 151. This introductory course to the Linux Operating systems is for new users to learn the programs and services that made the Linux System so increasingly popular, including: the shell, communicating to other users, manipulating files using the file structure, setting file access permissions, full-screen text editing, and programming simple shell scripts. The Novell SuSE Linux implementation is used in the course, but other versions of Linux are also appropriate. (FT) AA/AS; CSU.

179 Python Programming
3 hours lecture, 3 hours lab, 4 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50; Computer and Information Sciences 181 with a grade of “C” or better, or equivalent.

181 Principles of Information Systems
3 hours lecture, 3 hours lab, 4 units
Grade Only
This course is an introduction to basic principles and theory relating to problem solving and analysis in business organizations using computers and software packages. Emphasis is placed on computer organization, data processing systems, decision support systems, and systems analysis. Business software is reviewed with an emphasis on spreadsheet systems including hands-on spreadsheet applications. This course is intended for the transfer student planning to major in business, economics, or social science. (FT) AA/AS; CSU; UC.

182 Fluency with Information Technology
3 hours lecture, 3 hours lab, 4 units
Grade Only
This course provides transfer students with an introduction to computer technology. It targets students who need to complete a computer literacy course as part of their degree or certificate program. Computer software, networking, and systems are covered, with an emphasis on modern technologies. This course also serves community members interested in an introduction to computer technology. (FT) AA/AS; CSU; UC.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
186 Visual Basic Programming
3 hours lecture, 3 hours lab, 4 units
Grade Only
Prerequisite: Computer and Information Sciences 181 with a grade of “C” or better, or equivalent.
This course is an introduction to programming using Visual Basic employing the fundamentals of event oriented programming in a Windows environment. Topics include the use and programming of a mouse, windows, forms, menus, dialog boxes, icons, buttons, text fields, files, graphics, and other components of a Windows environment in Visual Basic. This course is intended for students majoring in computer science or anyone interested in computer programming. (FT) AA/AS; CSU; UC.

191 Intermediate Java Programming
3 hours lecture, 3 hours lab, 4 units
Grade Only
Prerequisite: Computer and Information Sciences 190 with a grade of “C” or better, or equivalent.
This course is an intermediate level study of the Java programming language. Topics include single and multidimensional arrays; objects and classes; object-oriented programming; inheritance and polymorphism; exception handling and text input/output (I/O); abstract classes and interfaces; graphical user interfaces (GUIs); recursion; concurrency; and generic collections and data structures, such as linked lists, queues, and stacks. This course is intended for students majoring in computer and information sciences or anyone interested in learning more about the Java programming language. (FT) AA/AS; CSU; UC; C-ID COMP 132.

187 Data Structures in C++
3 hours lecture, 3 hours lab, 4 units
Grade Only
Prerequisite: Computer and Information Sciences 192 with a grade of “C” or better, or equivalent.
This course introduces students to data structures and object-oriented software engineering. Emphasis is placed on implementing basic data structures, including collections and linked structures (stacks, queues, lists, arrays, trees, and hash tables) from the perspective of object-oriented programming. Topics include algorithms, object-oriented analysis, and the design and implementation of data structures in C++. This course is designed for students majoring in computer information systems and professionals in the field who want to update their programming skills. (FT) AA/AS; CSU; UC; C-ID COMP 132.

190 Java Programming
3 hours lecture, 3 hours lab, 4 units
Grade Only
Advisory: Computer and Information Sciences 186 with a grade of “C” or better, or equivalent.
This course is an introduction to programming using Java. The course covers the fundamentals of object-oriented programming utilizing the Java programming language for general purpose business programs and interactive games. This course is intended for students majoring in computer and information sciences or anyone interested in the Java programming language. (FT) AA/AS; CSU; UC; C-ID COMP 122.

192 C/C++ Programming
3 hours lecture, 3 hours lab, 4 units
Grade Only
Advisory: Computer and Information Sciences 186 with a grade of “C” or better, or equivalent.
This course presents basic programming concepts using the C++ programming language. The organization of standard Input/Output (I/O) classes is emphasized. Structured- and object-oriented programming techniques are presented and used to design and implement a variety of programming problems. This course is intended for students majoring in computer science or anyone interested in computer programming. (FT) AA/AS; CSU; UC.

193 Microsoft C# Software Engineering 1
3 hours lecture, 3 hours lab, 4 units
Grade Only
This course applies industry-standard software engineering principles to the study of the object-oriented, general purpose programming language Microsoft C#, a member of the Microsoft Visual Studio.NET software development toolset. Coverage includes the typical topics of an introductory programming course. Extensive hands-on training is included in the laboratory sessions. This course is designed for students pursuing a degree in Computer Science or Information Systems and for vocational/professional students who are updating their programming skills set. (FT) AA/AS; CSU; UC.
201 Advanced C++ Programming  
3 hours lecture, 3 hours lab, 4 units  
Grade Only

Prerequisite: Computer and Information Sciences 192, and Computer and Information Sciences 205, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Computer And Information Sciences 196.

This course is an advanced hands-on study of the C++ language programming best practices currently used in the industry. Emphasis is placed on generic programming through the use of templates and object-oriented programming. Robust and reliable coding practices are promoted through the disciplined use of exception handling and unit testing. This course is designed for computer science students and anyone interested in advancing their C++ programming skills. (FT) AA/AS; CSU; UC.

206 Mobile Game Development on iOS  
2 hours lecture, 6 hours lab, 4 units  
Grade Only

Advisory: Computer and Information Sciences 106 and 192, each with a grade of “C” or better, or equivalent.

This course is an introduction to the development of mobile games for iOS platforms. Emphasis is placed on the use of the Xcode and Interface Builder developer tools, the Objective-C or Swift programming language, and the Cocoa software framework to develop a game application that runs on an iOS platform, such as an iPhone and/or iPad. Topics include the major design patterns of the Cocoa framework. This course is designed for students majoring in computer and information science, software engineering or game programming and anyone interested in updating their programming skills. (FT) AA/AS; CSU.

207 Mobile Game Development on Android  
2 hours lecture, 6 hours lab, 4 units  
Grade Only

Advisory: Computer and Information Sciences 106 and 190, each with a grade of “C” or better, or equivalent.

This course is an introduction to the development of mobile games for the Android platform. Emphasis is placed on the use of the Java programming language and support tools to develop a game application that runs on the Android platform. Topics include the major design patterns of the Android framework. This course is designed for students majoring in computer and information science, software engineering or game programming and anyone interested in updating their programming skills. (FT) AA/AS; CSU.

210 System Analysis and Design  
3 hours lecture, 3 units  
Grade Only

Advisory: English 101 with a grade of “C” or better, or equivalent.

This course is an introductory, experiential study of the phases of the object-oriented software development life cycle (OOSDLC), including: stakeholder and requirements analysis; use cases development; software architecture; design patterns; project management; user interface considerations; interactive and prototyping methodology; component construction; programming best practices; quality assurance; and configuration management. This course is intended for students seeking advanced knowledge and applications in Computer and Information Sciences. (FT) AA/AS; CSU; UC.

211 Computer Organization and Assembly Language  
3 hours lecture, 3 hours lab, 4 units  
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50; Mathematics 38 with a grade of “C” or better, or equivalent or Milestone M30.

This course is an introduction to the organization of modern digital computers and assembly language programming. Topics include language syntax; instruction set mnemonics; and segment, index, pointer, general purpose, and flag registers. A variety of memory addressing techniques are covered, as well as stack operations, particularly those associated with passing parameters to subroutine calls. Additional topics include machine architecture; memory addressing; input/output; interrupts; control structures; compiling; linking; and printer and disk interfaces. This course is intended...
Computer and Information Sciences (CISC)

for students majoring in computer and information sciences. (FT) AA/AS; CSU; UC; C-ID COMP 142.

220 Fundamentals of Computer Game Programming
3 hours lecture, 3 hours lab, 4 units
Grade Only
Advisory: Computer and Information Sciences 179, Computer and Information Sciences 187, Computer and Information Sciences 190, Computer and Information Sciences 192 or Computer and Information Sciences 193, each with a grade of “C” or better, or equivalent.
This course introduces software programmers to the design and development of simple graphical computer-based games. The course may use Java or C# as the programming language of choice. Emphasis is placed on developing games in a team environment, designing logical games that satisfy player needs, and ensuring that games are of high quality through use of software engineering best practices and proper testing. This course is for students with some previous software programming experience. (FT) AA/AS; CSU; UC.

221 Intermediate Computer Game Programming
3 hours lecture, 3 hours lab, 4 units
Letter Grade or Pass/No Pass Option
Prerequisite: Computer and Information Sciences 220 with a grade of “C” or better, or equivalent.
This course covers the field of software game program development. Students work as a team to design and build a complex software game. Students learn more complex elements of game construction, the constituent technologies that facilitate their development, and collaborative software development and integration methodologies. This course is designed for students interested in furthering their knowledge in software game development. (FT) AA/AS; CSU.

246 Discrete Mathematics for Computer Science
3 hours lecture, 3 units
Grade Only
Prerequisite: Computer and Information Sciences 106, Computer and Information Sciences 179, Computer and Information Sciences 187, Computer and Information Sciences 190, Computer and Information Sciences 192, Computer and Information Sciences 193, Computer and Information Sciences 201 or Mathematics 107, each with a grade of “C” or better, or equivalent.
Advisory: Mathematics 245 with a grade of “C” or better, or equivalent.
This is a course in discrete mathematics to include concepts and techniques in practical and theoretical computer science, and related disciplines. Topics include graph theory, algebras, probability theory, complexity analysis and models of computation. This course is intended for transfer students planning to major in computer science. (FT) AA/AS; CSU; UC; C-ID COMP 152.

270 Work Experience
60–300 hours other, 1–4 units
Grade Only
Limitation on Enrollment: Obtain permission number-Work Exp. Coordinator.
This course provides on-the-job learning experiences for students employed in a job or internship related to an occupational major. Students develop workplace competencies, critical thinking skills, and problem solving abilities through the creation and achievement of job-related behavioral learning objectives. One unit of credit may be earned for each 75 hours of paid employment or 60 hours of volunteer work. This course may be taken up to four times. However, the combined maximum credit for all Work Experience courses from all subject areas may not exceed 16 units. This course is intended for students majoring or interested in an occupational field of study. AA/AS; CSU.

290 Independent Study
3–9 hours other, 1–3 units
Grade Only
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is for students who wish to conduct additional research, special problems or projects, or other learning activities in the field of computer and information sciences. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: problem analyses, engaging in primary research, and preparing reports. AA/AS; CSU.

401 Database Management and Design for Healthcare Professionals
3 hours lecture, 3 hours lab, 4 units
Grade Only
Advisory: Computer and Information Sciences 181 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Must be admitted to the Health Information Management program. This course discusses advanced topics in database management and design. The concepts covered in this course include programming language, current database structures utilized in healthcare, effective communication with end users and key stakeholders, identifying goals and requirements in database projects, performing end user analysis, and creating data models for performance improvement. Students explore all aspects of the data lifecycle from capture to storage and utilization to destruction. This course is designed for health information management majors. (FT)

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Construction Management
(See Architecture, page 340)

### Culinary Arts/Culinary Management (CACM)

102 Sanitation
2 hours lecture, 2 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Food Services Occupations 107 or Culinary Arts/Culinary Management 101.

This course provides sanitation principles and practices for personal and institutional application. Methods and techniques for handling foods safely are examined including food preparation, storage, service, and the prevention of food contamination. The course emphasizes the importance of knowing and understanding microorganisms, food borne illness versus food allergies, sanitary facilities and equipment, accident prevention, crisis management, and pest management. Compliance with city, state, and federal health regulation as embodied in HACCP (Hazard Analysis Critical Control Point) are explained, along with the supervisor's responsibilities in maintaining high standards of these principles.

It may be used for national American Culinary Federation (ACF) recertification. Students taking this class and passing with a "C" or better will be able to sit for the ServSafe national food safety and sanitation manager certification. ServSafe certification currently qualifies holder as qualified food handler in the county of San Diego. This course is required for all Culinary Arts/Culinary Management students and must be taken prior to all culinary laboratory courses. (FT) AA/AS; CSU.

103 Organization of Food
1 hour lecture, 1 unit
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Culinary Arts/Culinary Management 106.

This course provides a brief overview of the historic kitchen hierarchy, professionalism within the industry, Mise en Place, tools, equipment, and time management skills. The course is designed to give students the necessary knowledge to work in a professional commercial kitchen. Personal management and time management skills are highlighted throughout the course. This is a beginning course for students with an interest in culinary arts/culinary management. (FT) AA/AS; CSU.

106 Theory of Food Principles
2.5 hours lecture, 2.5 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Food Service Occupations 105 or Culinary Arts/Culinary Management 105.

This course provides basic terminology and methods of food production and baking. The course provides an understanding of the physical, chemical, and biological characteristics of food. The emphasis is placed on the principles of cooking with an introduction to principles of the bakeshop. The variety of basic and specially prepared foods served in hotels, restaurants and other types of food service establishments are introduced. Food grades and standards of quality for finished products are presented. This is a beginning course

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
for students with an interest in culinary arts/culinary management. (FT) AA/AS; CSU.

110A Fundamental Food and Service: Restaurant Operations

6 hours lab, 2 units
Grade Only

Prerequisite: Culinary Arts/Culinary Management 102 with a grade of "C" or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Culinary Arts/Culinary Management 103 and Culinary Arts/Culinary Management 106, each with a grade of "C" or better, or equivalent.
Advisory: Concurrent enrollment in Culinary Arts/Culinary Management 110A with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Food Service Occupations 110 or Culinary Arts/Culinary Management 110.

This is a beginning laboratory course in restaurant food preparation and presentation including cooking equipment, techniques, and safety procedures while cooking in a real-life setting. Students practice basic cooking techniques, restaurant procedures and dining room management in a hands-on experience. Students prepare meals by following recipe structure and procedures based on knowledge gained through the course. Food preparation is produced in a time-restricted setting to prepare for functioning in a commercial kitchen. This course is designed for students interested in pursuing a career in Culinary Arts/Culinary Management. (FT) AA/AS; CSU.

110B Fundamental Food and Service: Cooking Techniques

6 hours lab, 2 units
Grade Only

Prerequisite: Culinary Arts/Culinary Management 102 with a grade of "C" or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Culinary Arts/Culinary Management 103 and Culinary Arts/Culinary Management 106, each with a grade of "C" or better, or equivalent.
Advisory: Concurrent enrollment in Culinary Arts/Culinary Management 110B with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Culinary Arts/Culinary Management 110.

This is a beginning laboratory course in food preparation and presentation including cooking equipment, techniques, and safety procedures, using weights, measures and interpretation of recipes. Product identification, basic cooking techniques and procedures based on nutrition and classic preparation methods are presented. Students are provided the hands-on experience in preparing meals by following recipe structure and using and modifying recipes based on knowledge gained through the course. Food preparation is produced in a time-restricted setting to prepare for functioning in a commercial kitchen. This course is designed for students interested in pursuing a career in Culinary Arts/Culinary Management. (FT) AA/AS; CSU.

122A Restaurant and Catering Operations

1.5 hours lecture, 1.5 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Culinary Arts/Culinary Management 120.

This course covers the various styles of operations from restaurant to catering. Students learn the concepts of each operation. The class provides resources and techniques in managing operations, as well as marketing plans, mission statements, staffing, and business plans. This course is designed for students interested in a career in culinary arts/culinary management and hospitality. (FT) AA/AS; CSU.

122B The Art of Menu Creation

1.5 hours lecture, 1.5 units
Grade Only

Advisory: Culinary Arts/Culinary Management 122A with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Culinary Arts/Culinary Management 120.

This course covers the key aspects to the art of creating menus for various styles of food service establishments. Menu planning essential to building a menu for a complete concept and operation is also covered. The principles of planning a menu are presented, from concept development and design mechanics to menu pricing and marketing issues. Each menu element is analyzed as it applies to foodservice operations, balanced presentation, and profitability. Various types of foodservices are presented for hotels, restaurants, foodservice facilities, and catering situations. This course is designed for students interested in pursuing a career in culinary arts/culinary management. (FT) AA/AS; CSU.
132A Meat, Seafood & Poultry  
1 hour lecture, 1 unit  
Grade Only  

Corequisite: Completion of or concurrent enrollment in Culinary Arts/Culinary Management 102 with a grade of "C" or better, or equivalent. This course covers different types of meat, seafood, and poultry. Students learn how to choose the right cut, purchase options, determine tough versus tender cuts, primal and subprimal cuts. The emphasis is placed on the muscle composition and location for practical use in a commercial kitchen. This course is designed for Culinary Arts/Culinary Management major and specialized training in Meat, Seafood, and Poultry. (FT) AA/AS; CSU.

132B Seafood Identification & Processing  
24–27 hours lecture, 1.5 units  
Grade Only  

Prerequisite: Culinary Arts/Culinary Management 132A with a grade of "C" or better, or equivalent. This is an intermediate course that demonstrates the process of identifying and fabricating seafood. The emphasis is on identifying the classes of fish, shellfish: mollusks and crustaceans. Students will learn techniques required to handle and process seafood of all types. Demonstrations will provide the proper application of cooking techniques. The course is designed for Culinary arts/Culinary management majors and specialized training in seafood processing. (FT) AA/AS; CSU.

132C Meat Identification & Processing  
24–27 hours lecture, 1.5 units  
Grade Only  

Prerequisite: Culinary Arts/Culinary Management 132A with a grade of "C" or better, or equivalent. This an intermediate course that demonstrates the process of identifying and fabricating meat. The emphasis is on identifying cuts of beef, veal, pork, lamb, and game. Students will learn the techniques required to cut large subprimal portions into individual cuts. Demonstrations will provide the proper application of cooking techniques. The course is designed for Culinary art/Culinary management majors and specialized training in meat processing. (FT) AA/AS; CSU.

133A Menu Preparation Lab  
6 hours lab, 2 units  
Grade Only  

Prerequisite: Culinary Arts/Culinary Management 110A and Culinary Arts/Culinary Management 110B, each with a grade of "C" or better, or equivalent. Corequisite: Completion of or concurrent enrollment in Culinary Arts/Culinary Management 132A, Culinary Arts/Culinary Management 132B, and Culinary Arts/Culinary Management 132C, each with a grade of "C" or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Culinary Arts/Culinary Management 131. This laboratory course covers the daily creation and preparations of the menu. Large scale food preparation is produced in a time-restricted, quality-minded setting. Emphasis is placed on the menu development, organization, and preparations for daily service. The daily menu is derived from students’ creativity, learned techniques and skills. This intermediate course is designed for students interested in a career in Culinary Arts/Culinary Management. (FT) AA/AS; CSU.

133B Modern Breakfast Service  
6 hours lab, 2 units  
Grade Only  

Prerequisite: Culinary Arts/Culinary Management 110A and Culinary Arts/Culinary Management 110B, each with a grade of "C" or better, or equivalent. Corequisite: Completion of or concurrent enrollment in Culinary Arts/Culinary Management 132A, Culinary Arts/Culinary Management 132B, and Culinary Arts/Culinary Management 132C, each with a grade of "C" or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Culinary Arts/Culinary Management 131. This laboratory course is designed for students to learn breakfast cooking and service. The class covers various styles of breakfast, cooking methods, short order cooking, and egg cookery, including nutritious meals. Students create and serve weekly menus for service in the restaurant. The point-of-sales system is an integral part of the learning. This intermediate

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable  
Milestone formerly referred to as Skill Level
course is for students interested in a career in Culinary Arts/Culinary Management. (FT) AA/AS; CSU.

160 Fundamental of Baking Theory
3 hours lecture, 3 units
Grade Only
This course provides students with an understanding of the principles of baking and pastry utilizing various methods of production. The course is a study of terminology, specialty equipment and tool characteristics. Students learn the functions and proper use of ingredients, formula versus recipe, and conversions. This is a beginning course for students with an interest in baking and pastry certification in culinary arts/culinary management. (FT) AA/AS; CSU.

202 Contemporary Restaurant Service
6 hours lab, 2 units
Grade Only
Prerequisite: Culinary Arts/Culinary Management 133A and Culinary Arts/Culinary Management 133B, each with a grade of "C" or better, or equivalent.
This laboratory course is designed to teach elevated dining preparation, techniques, and methods. This course covers concept menus, styles of dining, coursing service and levels of dining. Leadership roles in managing the kitchen and dining room are emphasized. This course is for students pursuing a career in culinary arts/culinary management. (FT) AA/AS; CSU.

206A Garde Manger I
6 hours lab, 2 units
Grade Only
Prerequisite: Culinary Arts/Culinary Management 132A and Culinary Arts/Culinary Management 132C, each with a grade of "C" or better, or equivalent.
This laboratory course is an intermediate course in meat preservation process and charcuterie. The laboratory class emphasizes forced, cured, smoked, and aged meats. The art of charcuterie is also presented. Students learn the processes mold takes when transforming and preserving meat. The course covers the proper Hazard Analysis Critical Control Point (HACCP) plan and sanitation required by the local health authority. This course is for students pursuing a career in culinary arts/culinary management and specialized training in meat preservation processes. (FT) AA/AS; CSU.

206B Garde Manger II
3 hours lab, 1 unit
Grade Only
Prerequisite: Culinary Arts/Culinary Management 133A and Culinary Arts/Culinary Management 133B, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Culinary Arts/Culinary Management 205.
This laboratory course builds on skills previously learned while the student studies traditional upscale pantry preparation. Topics include sandwiches, hot & cold appetizers, amuse bouche, hors d'oeuvres, sushi, canapes, carving and cold soup. Artistic display centerpieces and culinary showpieces are emphasized for buffet presentations. Small and large-scale preparation is produced in a time-restricted quality-minded setting. This course is for students pursuing a career in culinary arts/culinary management. (FT) AA/AS; CSU.

206C Garde Manger III
4.5 hours lab, 1.5 units
Grade Only
Prerequisite: Culinary Arts/Culinary Management 133A and Culinary Arts/Culinary Management 133B, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Culinary Arts/Culinary Management 205.
This laboratory course will cover advanced techniques and skills in molecular gastronomy, food fermentation and preserving, cheese making and sous vide processes. Students learn the chemical and physical transformation of food during the molecular gastronomy and sous vide cooking process. This course emphasizes sous vide, food fermentation principles, classic preservation techniques, and processes. Hazard analysis critical control point (HACCP) plan is applied to food fermentation, reduced oxygen packaging (ROP) and sous vide processes. This course is for students pursuing a career in culinary arts/culinary management and specialized training in food fermentation. (FT) AA/AS; CSU.

212 Baking and Pastry
9 hours lab, 3 units
Grade Only
Prerequisite: Culinary Arts/Culinary Management 102, Culinary Arts/Culinary Management 133A and Culinary Arts/Culinary Management 133B, each with a grade of "C" or better, or equivalent or
Corequisite: Completion of or concurrent enrollment in Culinary Arts/Culinary Management 160 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Food Service Occupations 210 or Culinary Arts/Culinary Management 210.

This course is an introduction to techniques and skills required for baking and pastry. Students who wish to specialize or enhance their baking and pastry skills benefit from the specialized training in various areas. The principles of bakeshop cover concepts in methods, formulas, dough and batter, bread, basic creams, fillings and toppings, cookies, pastries, and cakes, processing dairy products, frozen desserts, chocolate work, sugar design, confections, as well as plating, decorating and icings. Emphasis is placed on refining skills to include specialty, gourmet, fine dining baked goods and pastries. Bakeshop items are produced in a time-restricted, quality-minded setting. This course is for students pursuing a certificate in baking and pastry and/or degree in culinary arts/culinary management. (FT) AA/AS; CSU.

214 Advanced Baking
9 hours lab, 3 units
Grade Only

Prerequisite: Culinary Arts/Culinary Management 212 with a grade of "C" or better, or equivalent.

This course builds and enhances the basic baking skills obtained throughout the beginning labs and basic baking & pastry course. Emphasis is on commercial bakeries specializing in breads, cakes and designs. Techniques introduced are in design, types, shaping, decorating, planning stages, and storage. Techniques using chocolate and frozen dairy are introduced. This course includes management, production process and procedures. This course is designed for students interested in commercial bakeries and specialty cake shops. (FT) AA/AS; CSU.

215 Advanced Pastry
9 hours lab, 3 units
Grade Only

Prerequisite: Culinary Arts/Culinary Management 212 with a grade of "C" or better, or equivalent.

This advanced course builds and enhances the skills and knowledge of fundamental labs and the basic baking and pastry courses. Emphasis is on the intricate creations of delicate pastries while focusing on the plating and presentation. Students learn how to integrate gastronomy and classical techniques to form modern pastries. Students produce high quality, professional pastries using techniques and skills of a pastry chef. This course is designed for students interested in French, classical and modern patisseries. (FT) AA/AS; CSU.

218 Seafood Fabrication - Whole Fish Lab
3 hours lab, 1 unit
Grade Only

Prerequisite: Culinary Arts/Culinary Management 132A with a grade of "C" or better, or equivalent.

Corequisite: Completion of or concurrent enrollment in Culinary Arts/Culinary Management 132B with a grade of "C" or better, or equivalent.

This is an advanced laboratory course in whole fish fabrication from large to small fish. Students learn techniques to handle whole fish, prepping fish for breakdown, complete breakdown, seafood processing, and sustainable practices. Students have hands-on training on all aspects of seafood fabrication. The course is designed for culinary arts/culinary management majors and anyone interested in specialized training with seafood processing. (FT) AA/AS; CSU.

220 Meat Butchery - Whole Animal Lab
4.5 hours lab, 1.5 units
Grade Only

Prerequisite: Culinary Arts/Culinary Management 132A with a grade of "C" or better, or equivalent.

Corequisite: Completion of or concurrent enrollment in Culinary Arts/Culinary Management 132C with a grade of "C" or better, or equivalent.

This is an advanced laboratory course in meat processing from a whole animal to primal cut. The course covers animal husbandry, livestock, various butchery techniques, and specialized equipment required. Students have a hands-on experience in this interactive laboratory course. The skill level is elevated and involves intricate cutting skills and animal muscle composition knowledge. The course is designed for culinary arts/culinary management majors and anyone interested in specialized training with meat butchery. (FT) AA/AS; CSU.
222 Preservation of Meat Lab
4.5 hours lab, 1.5 units
Grade Only

Prerequisite: Culinary Arts/Culinary Management 132A and Culinary Arts/Culinary Management 132C, each with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Culinary Arts/Culinary Management 206A with a grade of “C” or better, or equivalent.
This is an advanced laboratory course in meat preservation processes. The laboratory class utilizes subprimal cuts fabricated in the meat butchery course. The emphasis is on ageing, curing, and smoking as a means of preserving subprimal cuts. Students experiment with molds, casing, and collagen to transform and preserve meat. Meat is shaped and encased to enhance the ageing process. Students use a combination of curing and smoking processes to create variations of preserved meats. This course is for students pursuing a career in culinary arts/culinary management and specialized training in meat preservation processes. (FT) AA/AS; CSU.

270 Work Experience
60–300 hours other, 1–4 units
Grade Only

This course consists of on-the-job learning experiences for students employed in a job related to their major or their educational goal, specifically Culinary Arts and Culinary Management. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. (FT) AA/AS; CSU.

290 Independent Study
3–9 hours other, 1–3 units
Grade Only

Limitation on Enrollment: Obtain Permission Number from Instructor. This course is not open to students with previous credit for Food Service Occupations 290.
This course is for students who wish to conduct individual projects and advanced study in culinary arts and management during supervised laboratory periods. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor outlining the course activities. Credit is granted on the basis of one unit for three hours laboratory activity. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Dance (DANC)

Dance courses may be used to fulfill the Exercise Science graduation requirement. See page 113 in the Academic Requirements section of this catalog.

112A Ballet I
0.5 hours lecture, 3 hours lab, 1.5 units
Letter Grade or Pass/No Pass Option

Limitation on Enrollment: This course is not open to students with previous credit for Dance 110 or Dance 110A.
Ballet I is a course in fundamental ballet technique focusing on correct body alignment and placement through warm-up, alignment, barre and center exercises in preparation for ballet movements. Students analyze, discuss, and critique the intent, movement, performance and theatrical elements of ballet movements at a fundamental level. This course is designed for dance majors and all students interested in Ballet. (FT) AA/AS; CSU; UC.

112B Ballet II
0.5 hours lecture, 3 hours lab, 1.5 units
Letter Grade or Pass/No Pass Option

Advisory: Dance 112A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dance 110B.
Ballet II is a course in beginning ballet technique focusing on correct body alignment and placement through repetition at warm-up, alignment, barre and center exercises in preparation for ballet movements. Students analyze ballet dance in comparison to another dance genre, regarding thematic content or intent, music, and theatrical elements. This course is designed for dance majors and all students interested in Ballet. (FT) AA/AS; CSU; UC.

112C Ballet III
0.5 hours lecture, 3 hours lab, 1.5 units
Letter Grade or Pass/No Pass Option

Advisory: Dance 112B with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dance 110C.
Ballet III is a course in intermediate ballet technique focusing on correct body alignment and placement through repetition at barre, en diagonale, and center work including movement initiation and weight change. Students analyze, discuss, and critique ballet in regards to the thematic content or intent, choreographic creativity and movement, dancer’s performance abilities, and theatrical elements. This course is designed for dance majors and all students interested in Ballet. (FT) AA/AS; CSU; UC.

112D Ballet IV  
0.5 hours lecture, 3 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option
Advisory: Dance 112C with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Dance 110D.  
Ballet IV is a course in Intermediate/Advanced ballet technique focusing on correct body alignment and placement through repetition at barre, en diagonale, and center work with an elevated level of various musical and movement textures, complex rhythms and emotional performance qualities. Students analyze, discuss, and critique ballet in regards to the thematic content or intent, choreographic creativity and movement, dancer’s technical and performance abilities, choreographic structure, lighting design, music or sound design, mood conveyed and audience response. This course is designed for dance majors and all students interested in Ballet. (FT) AA/AS; CSU; UC.

117A Tap Dance I  
0.5 hours lecture, 3 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: This course is not open to students with previous credit for Dance 115 or Dance 115A.  
This course introduces tap dance technique at the fundamental level. Instructions focuses on vocabulary, rhythms, balance studies and improvisations through warm-up, center floor combinations, rhythmic pattern exercises, in preparation for fundamental tap dance. Students explore and analyze dance styles, thematic content or intent, and theatrical elements at a fundamental level. This course is designed for dance and theater majors and all students interested in tap dance. (FT) AA/AS; CSU; UC.

117B Tap Dance II  
0.5 hours lecture, 3 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option
Advisory: Dance 117A with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Dance 115B.  
This course introduces tap dance technique at the beginning level. Instructions focuses primarily on the rhythm tap style however, other tap styles are explored. Students practice beginning tap dance skills; rhythms, including swing and Latin; syncopation; time steps; short combinations; and stylings. The course includes an introduction to the history and performance of tap dance. This course is designed for dance and theater majors and all students interested in Tap. (FT) AA/AS; CSU; UC.

117C Tap Dance III  
0.5 hours lecture, 3 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option
Advisory: Dance 117B with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Dance 115C.  
This Course is a course in intermediate tap technique and is designed for students who have mastered basic tap dance skills. Students focus on analyzing thematic content, and choreographic creativity in tap movement. Students explore group improvisation exercises, demonstrating active, well-timed participation and the use of interlocking rhythms. Students practice new and more complicated rhythms, movement coordination’s and skills. The course presents a variety of musical forms related to tap dance. This course is designed for dance and theater majors and all students interested in Tap. (FT) AA/AS; CSU; UC.

117D Tap Dance IV  
0.5 hours lecture, 3 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option
Advisory: Dance 117C with a grade of “C” or better, or equivalent.

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable  
Milestone formerly referred to as Skill Level
**Limitation on Enrollment:** This course is not open to students with previous credit for Dance 115D. This is a course in advance tap dance technique. This course is designed for students who want to further their mastery of Tap dance. Focus will be on increasing the speed and accuracy of execution of master tap routines and developing improvisation techniques. This course is designed for dance and theater majors and all students interested in Tap. (FT) AA/AS; CSU; UC.

122A Hip Hop I  
0.5 hours lecture, 3 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option  
**Limitation on Enrollment:** This course is not open to students with previous credit for Dance 120 or Dance 120A. This course is an introduction to Hip Hop dance. Emphasis is placed on fundamental Hip Hop technique and basic foundational party dances. This course is designed for dance majors and all students interested in Hip Hop dance. (FT) AA/AS; CSU; UC.

122B Hip Hop II  
0.5 hours lecture, 3 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option  
**Advisory:** Dance 122A with a grade of “C” or better, or equivalent.  
**Limitation on Enrollment:** This course is not open to students with previous credit for Dance 120B. This course is the second in a series of Hip Hop dance courses. Emphasis is placed on beginning Hip Hop technique, rhythms, and styles. This course is designed for dance majors and all students interested in Hip Hop dance. (FT) AA/AS; CSU; UC.

122C Hip Hop III  
0.5 hours lecture, 3 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option  
**Advisory:** Dance 122B with a grade of “C” or better, or equivalent.  
**Limitation on Enrollment:** This course is not open to students with previous credit for Dance 120C. This is the third in a series of Hip Hop dance courses. Emphasis is placed on intermediate Hip Hop dance technique, choreography, and breakin’ foundations. This course is designed for dance majors and all students interested in Hip Hop dance. (FT) AA/AS; CSU; UC.

122D Hip Hop IV  
0.5 hours lecture, 3 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option  
**Advisory:** Dance 122C with a grade of “C” or better, or equivalent.  
**Limitation on Enrollment:** This course is not open to students with previous credit for Dance 120D. This course is the fourth in a series of Hip Hop dance courses. Emphasis is placed on intermediate/advanced Hip Hop dance technique, complex choreography, and cypher freestyling. This course is designed for dance majors and all students interested in Hip Hop dance. (FT) AA/AS; CSU; UC.

125A Latin American Dance I  
0.5 hours lecture, 1.5 – 3 hours lab, 1–1.5 units  
Letter Grade or Pass/No Pass Option  
Latin American Dance I is a beginning level survey course in a variety of established and emerging partnered dances of Latin American origin with an emphasis on Salsa dance and introductory techniques, styles, rhythms, leading or following skills, movement patterns and history of selected Latin dances. This course is designed for students who wish to explore dances from other cultures and partnered dance. (FT) AA/AS; CSU; UC.

125B Latin American Dance II  
0.5 hours lecture, 1.5 – 3 hours lab, 1–1.5 units  
Letter Grade or Pass/No Pass Option  
**Advisory:** Dance 125A with a grade of “C” or better, or equivalent.  
Latin American Dance II is an advanced beginning to intermediate survey course in a variety of established and emerging partnered dances of Latin American origin with an emphasis on Salsa dance, including leading and following, intermediate Salsa styling, technique, variations, and history. When this course is offered for three hours a week, additional time is utilized in practice and perfection of movement variations and styling. This course is designed for students who wish to explore dance movements from other cultures and partnered dance. AA/AS; CSU; UC.

126A Mid-Eastern Dance I  
2–3 hours lab, 0.5 – 1 unit  
Letter Grade or Pass/No Pass Option  
**Limitation on Enrollment:** This course is not open to students with previous credit for Dance 126. This is an introductory course in social and stage dances from the region designated as the Near and Middle East. Emphasis is placed on introductory
techniques, styles, rhythms and history of American staged Mid-Eastern dance forms. When this course is offered for three hours a week, the additional time is utilized in practice and perfection of rhythmical isolations and basic locomotor patterns. This course is designed for students who wish to explore dance movements from other cultures. (FT) AA/AS; CSU; UC.

126B Mid-Eastern Dance II

2–3 hours lab, 0.5 – 1 unit
Letter Grade or Pass/No Pass Option
Advisory: Dance 126A with a grade of “C” or better, or equivalent.
This is the second course in social and stage dances from the region designated as the Near and Middle East. Emphasis is placed on beginning level techniques, styles, rhythms, cymbals and floor work of American staged Mid-Eastern dance forms. When this course is offered for three hours a week the additional time is utilized in practice and perfection of beginning level technique. This course is designed for students who wish to explore dance movements from other cultures. (FT) AA/AS; CSU; UC.

126C Belly Dance III

1.5–3 hours lab, 0.5 – 1 unit
Letter Grade or Pass/No Pass Option
Advisory: Dance 126A with a grade of “C” or better, or equivalent.
Belly Dance III is an intermediate course in a variety of established and emerging belly dance forms. Emphasis is placed on techniques, styles, rhythms, use of various props and performance dynamics of American staged belly dance. When this course is offered for three hours a week the additional time is utilized in practice and perfection of intermediate level skills. This course is designed for students who wish to explore dance movements from other cultures. (FT) AA/AS; CSU; UC.

126D Belly Dance IV

1.5–3 hours lab, 0.5 – 1 unit
Letter Grade or Pass/No Pass Option
Advisory: Dance 126C with a grade of “C” or better, or equivalent.
Belly Dance IV is an advanced course in a variety of established and emerging belly dance forms. Emphasis is placed on advanced techniques, styles, rhythms, use of various props and performance dynamics of American staged belly dance. When this course is offered for three hours a week the additional time is utilized in practice and perfection of rhythmical isolations and improvisations. This course is designed for students who wish to explore dance movements from other cultures. (FT) AA/AS; CSU; UC.

127 Movement for Wellness

1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Pass/No Pass Option
This course builds on basic concepts of anatomy, physiology, and kinesiology to introduce traditional and non-traditional approaches to movement and injury prevention. Emphasis is placed on the following modalities: Yoga, Pilates, breath support (Tai Chi and Qi Gong), foam roller and theraband. Students are also introduced to Feldenkrais, Alexander Technique, and Bartenieff fundamentals. Student skills and proficiencies are enhanced by supervised repetition of various body modalities techniques, alignment and core stabilization, and body connections. This course is intended for Dance majors and all students interested in wellness through movement. (FT) AA/AS; CSU.

130A Dance Repertoire

3 hours lab, 1 unit
Grade Only
Advisory: Dance 112A, Dance 137A or Dance 142A, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dance 130.
This course is an introduction to the choreography of renowned choreographers. Emphasis is placed on performing selected choreography in ballet, modern, jazz, tap, and musical theater. This course is intended for dance majors and minors as well as all students interested in dance. (FT) AA/AS; CSU; UC.

137A Jazz Dance I

0.5 hours lecture, 3 hours lab, 1.5 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: This course is not open to students with previous credit for Dance 135 or Dance 135A.
This course is an introduction to jazz dance. Emphasis is placed on fundamental jazz dance technique, vocabulary, and performance concepts.
This course is designed for dance majors and all students interested in jazz dance. (FT) AA/AS; CSU; UC.

**137B Jazz Dance II**

- 0.5 hours lecture, 3 hours lab, 1.5 units
- Letter Grade or Pass/No Pass Option

**Advisory:** Dance 137A with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Dance 135B.

This course is the second in a series of Jazz dance courses. Emphasis is placed on beginning Jazz dance technique, turns, rhythms and styles. This course is designed for dance majors and all students interested in Jazz dance. (FT) AA/AS; CSU; UC.

**137C Jazz Dance III**

- 0.5 hours lecture, 3 hours lab, 1.5 units
- Letter Grade or Pass/No Pass Option

**Advisory:** Dance 137B with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Dance 135C.

This course is the third in a series of Jazz dance courses. Emphasis is placed on intermediate Jazz dance technique, turns, rhythms and styles. This course is designed for dance majors and all students interested in Jazz dance. (FT) AA/AS; CSU; UC.

**137D Jazz Dance IV**

- 0.5 hours lecture, 3 hours lab, 1.5 units
- Letter Grade or Pass/No Pass Option

**Advisory:** Dance 137C with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Dance 135D.

This course is the fourth in a series of Jazz dance courses. Emphasis is placed on advanced Jazz dance technique, turns, rhythms and styles. This course is designed for dance majors and all students interested in Jazz dance. (FT) AA/AS; CSU; UC.

**142A Modern Dance I**

- 0.5 hours lecture, 3 hours lab, 1.5 units
- Letter Grade or Pass/No Pass Option

**Limitation on Enrollment:** This course is not open to students with previous credit for Dance 140, Physical Education 140, or Dance 140A.

This course is an introduction to modern dance. Emphasis is placed on fundamental modern dance vocabulary, concepts, and techniques. Students are introduced to basic elements of choreography and history of early modern dance contributors. This course is designed for dance majors and all students interested in modern dance. (FT) AA/AS; CSU; UC.

**142B Modern Dance II**

- 0.5 hours lecture, 3 hours lab, 1.5 units
- Letter Grade or Pass/No Pass Option

**Advisory:** Dance 142A with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Dance 140B.

This course is the second in a series of modern dance courses. Emphasis is placed on beginning dance vocabulary, concepts, and techniques. Students manipulate elements of choreography and are introduced to basic anatomy. Topics include perspectives on modern dance history and techniques, with a focus on second generation dance artists and an introduction to African-American artists. This course is designed for dance majors and minors as well as students interested in modern dance. (FT) AA/AS; CSU; UC.

**142C Modern Dance III**

- 0.5 hours lecture, 3 hours lab, 1.5 units
- Letter Grade or Pass/No Pass Option

**Advisory:** Dance 142B with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Dance 140C.

This course is the third in a series of modern dance courses. Emphasis is placed on intermediate dance vocabulary, concepts, techniques, and anatomy. Students manipulate elements of choreography and rhythmic studies in movement. Topics include perspectives on modern dance history and techniques with a focus on third generation modern dance artists and an introduction to post-modern concepts. This course is designed for dance majors and minors as well as students interested in modern dance. (FT) AA/AS; CSU; UC.

**142D Modern Dance IV**

- 0.5 hours lecture, 3 hours lab, 1.5 units
- Letter Grade or Pass/No Pass Option

**Advisory:** Dance 142C with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Dance 140D.

This course is the fourth in a series of modern dance courses. Emphasis is placed on intermediate-advanced dance vocabulary, concepts, technique, and anatomy. Students manipulate and refine
elements of choreography and rhythmic studies in movement. Topics include perspectives on modern dance history and techniques with a focus on contemporary modern dance artists. This course is designed for dance majors and minors as well as all students interested in modern dance. (FT) AA/AS; CSU; UC.

145A Ballroom Dance I
0.5 hours lecture, 1.5 – 3 hours lab, 1 – 1.5 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: This course is not open to students with previous credit for Dance 145.
Ballroom Dance is an introductory course focusing on the fundamentals of partner dance and basic steps in a variety of social and ballroom dance genres. Emphasis is placed on basic kinesthetic concepts of connection to partner with correct body placement and physical compression as it pertains to either leading or following. Dance analysis will include exploration of dance style, thematic content or intent, and theatrical elements. This course is designed for dance and drama majors, as well as students who wish to explore historical dance. (FT) AA/AS; CSU; UC.

145B Ballroom Dance II
0.5 hours lecture, 1.5 – 3 hours lab, 1 – 1.5 units
Letter Grade or Pass/No Pass Option
Advisory: Dance 145A with a grade of “C” or better, or equivalent.
Ballroom Dance II is the second in a series of ballroom dance courses focusing on partner dance and steps. Emphasis is placed on frame, style, partnering technique and variations in a variety of ballroom genres at the beginning through intermediate level, including concepts of connection to partner with correct body placement and physical compression as it pertains both leading and following. Dance analysis will include exploration of dance style, thematic content or intent, music, mood conveyed and theatrical elements. This course is designed for dance and drama majors, as well as students who wish to explore historical dance. (FT) AA/AS; CSU; UC.

150A Dance Making: Ballet
3 hours lab, 1 unit
Grade Only
Advisory: Dance 253 and Dance 112A, or Dance 137A or Dance 142A, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dance 150.
This course is a practical exploration of the processes and elements used in the art of dance making in the area of Ballet. Within a workshop format, students work under close faculty supervision to research the historical masterpieces of Ballet and reinterpret them in a contemporary light. Emphasis is placed on concept creation, use of story and movement, improvisation, dance patterns, revision and refinement to develop an original dance in a fixed, repeatable form. This course is designed for dance majors and all students interested in dance and choreography. (FT) AA/AS; CSU; UC.

151A Dance Making: Jazz
3 hours lab, 1 unit
Grade Only
Advisory: Dance 253 and Dance 112A, or Dance 137A or Dance 142A, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dance 151.
This course is a practical exploration of the processes and elements used in the art of dance making in the area of Jazz. Within a workshop format, students work under close faculty supervision to research Jazz, including its African roots, its place in American musical theatre, and the influence of Funk, Hip-Hop and Latin rhythms, in order to create an original piece. Emphasis is placed on concept creation, use of story and movement, improvisation, dance patterns, revision and refinement to develop an original dance in a fixed, repeatable form. This course is designed for dance majors and all students interested in dance and choreography. (FT) AA/AS; CSU; UC.

152A Dance Making: Modern
3 hours lab, 1 unit
Grade Only
Advisory: Dance 253 and Dance 112A, or Dance 137A or Dance 142A, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dance 152.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
This course is a practical exploration of the processes and elements used in the art of dance making in the area of modern dance. Within a workshop format students work under close faculty supervision to research the 20th century pioneers of modern dance and 21st century trends to create an original, emotive modern dance. Emphasis is placed on concept creation, use of story, emotion and movement, improvisation, dance patterns, revision, and refinement to develop an original dance in a fixed, repeatable form. This course is designed for dance majors and all students interested in dance and choreography. (FT) AA/AS; CSU; UC.

153A Dance Making: Dance Theatre
3 hours lab, 1 unit
Grade Only
Advisory: Dance 253 and Dance 112A, or Dance 137A or Dance 142A, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dance 153.
This course is a practical exploration of the processes and elements used in the art of dance making in the area of Dance Theatre. Within a workshop format, students work under close faculty supervision to integrate multimedia, text, spoken word, and/or film with dance to create an original piece of Dance Theatre. Emphasis is placed on concept creation, use of story and movement, improvisation, dance patterns, revision, and refinement to develop an original dance in a fixed, repeatable form. This course is designed for dance majors and all students interested in dance and choreography. (FT) AA/AS; CSU; UC.

160A Pilates - Stretch and Conditioning
0.5 hours lecture, 1.5 – 3 hours lab, 1 – 1.5 units
Letter Grade or Pass/No Pass Option
Pilates is a course in alignment and correctives based on exercises and concepts developed by Joseph H. Pilates. This course includes intermediate mat exercises to improve body alignment, strength, flexibility, control, coordination, and breathing. This course is of interest to anyone seeking an understanding of Pilates exercises and concepts as well as dancers and athletes. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

160B Pilates - Alignment and Correctives
0.5 hours lecture, 1.5 – 3 hours lab, 1 – 1.5 units
Letter Grade or Pass/No Pass Option
Advisory: Dance 160A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dance 177B.
This course is an exploration of improvisational dance at the intermediate level. Emphasis is placed on space, time, and energy as a means of creating improvisational dance in structured and unstructured settings. Students utilize and refine improvisational dance skills in the creation of improvisational dance compositions. This course is intended for dance majors and all students interested in the use of improvisational movement in dance and non-dance settings. (FT) AA/AS; CSU; UC.

176A Dance Improvisation
0.5 hours lecture, 3 hours lab, 1.5 units
Letter Grade or Pass/No Pass Option
Advisory: Dance 112A, Dance 137A or Dance 142A, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dance 177 or Dance 177A.
This course is an introduction to improvisational dance. Emphasis is placed on space, time and energy as means for creating improvisational dance at the beginning level. This course is intended for all students interested in the use of improvisational movement in dance and non-dance settings. (FT) AA/AS; CSU; UC.

176B Dance Improvisation II
0.5 hours lecture, 3 hours lab, 1.5 units
Letter Grade or Pass/No Pass Option
Advisory: Dance 176A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dance 177B.
This course is an exploration of improvisational dance at the intermediate level. Emphasis is placed on space, time, and energy as a means of creating improvisational dance in structured and unstructured settings. Students utilize and refine improvisational dance skills in the creation of improvisational dance compositions. This course is intended for dance majors and all students interested in the use of improvisational movement in dance and non-dance settings. (FT) AA/AS; CSU; UC.

181 History of Dance
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 260.
This course is a study of the history of dance. Emphasis is placed on the cultural, social and political aspects of dance in historical perspective. Students are challenged to broaden their aesthetic perceptions as they analyze and compare the influence of diverse cultures on western dance forms. Topics include the language of dance, dance technique and choreography. This class is intended for all students interested in dance and the history of dance. (FT) AA/AS; CSU; UC.

183 Music for Dance
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Music for Dance introduces the fundamentals of music through the study of terminology, notation, elements and form as they relate to movement. This course explores the interrelationship of music and dance and provides students the opportunity to compose and perform rhythmic and movement projects. This course is of interest to anyone seeking an understanding of music and movement fundamentals as well as dance majors. This course is designed to fulfill lower division requirements for dance majors. (FT) AA/AS; CSU; UC.

253 Choreography
1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Pass/No Pass Option
Advisory: Dance 112A, Dance 122A, Dance 137A or Dance 142A, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 116.
Choreography is a course that explores the theories and elements utilized in the creative process of dance composition. Emphasis is placed on student application of choreographic concepts through the development of movement compositions. This course is designed to fulfill lower division requirements for dance majors. (FT) AA/AS; CSU; UC.

261A Dance Performance I
6 hours lab, 2 units
Grade Only
Advisory: Dance 112A, Dance 117A, Dance 122A, Dance 137A or Dance 142A, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dance 261.
This is the first in a series of dance performance courses. This course provides the opportunity for students to apply fundamental skills in ballet, jazz, tap, Hip Hop, and modern dance in concerts and community performances. Emphasis is placed on student application of dance, staging, and performance techniques in faculty choreographed works for large ensembles. This course is designed for dance majors and students interested in dance performance. (FT) AA/AS; CSU; UC.

261B Dance Performance II
6 hours lab, 2 units
Grade Only
Advisory: Dance 112A, Dance 117A, Dance 122A, Dance 137A or Dance 142A, each with a grade of “C” or better, or equivalent.
This is the second in a series of dance performance courses. This course provides the opportunity for students to apply beginning skills in ballet, jazz, Hip Hop, tap, and modern dance in concerts and community performances. Emphasis is placed on student application of dance, staging, and performance techniques in student choreographed works for large ensembles. This course is designed for dance majors and students interested in choreography and dance performance. (FT) AA/AS; CSU; UC.

261C Dance Performance III
6 hours lab, 2 units
Grade Only
Advisory: Dance 112B, Dance 117B, Dance 122B, Dance 137B or Dance 142B, each with a grade of “C” or better, or equivalent.
This is the third in a series of dance performance courses. This course provides the opportunity for students to apply intermediate skills in ballet, jazz, tap, Hip Hop, and modern dance in concerts and community performances. Emphasis is placed on student application of dance, staging, and performance techniques in student choreographed works for solos and small groups. This course is designed for dance majors and students interested in dance performance. (FT) AA/AS; CSU; UC.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
261D Dance Performance IV

6 hours lab, 2 units
Grade Only

Advisory: Dance 112C, Dance 117C, Dance 122C, Dance 137C or Dance 142C, each with a grade of “C” or better, or equivalent.
This is the fourth in a series of dance performance courses. This course provides the opportunity for students to apply advanced skills in ballet, jazz, Hip Hop, tap, and modern dance in concerts and community performances. Emphasis is placed on student application of dance, staging, and performance techniques in student choreographed works for solos and small groups. Students choreograph and produce all elements of performances in preparation to transfer to a university. This course is designed for dance majors and students interested in choreography and dance performance. (FT) AA/AS; CSU; UC.

271A Stage Costuming for Dance

3–6 hours lab, 1–2 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Dance 271.
This production oriented course introduces students to the techniques of costume design and organization for a full dance production. Emphasis is placed on costume design, modification, and craft techniques, as well as on the organizational structure required for costume production for a staged dance performance. This course is intended for dance majors and all students interested in costume production for the stage. (FT) AA/AS; CSU; UC.

271B Makeup for Dance Productions

3–6 hours lab, 1–2 units
Grade Only

This production oriented course introduces students to the materials and techniques used in stage makeup design and application for a full dance production. Emphasis is placed on vocabulary pertinent to the use of dance makeup and participation in the makeup crew for a full dance department production. This course is intended for dance majors and all students interested in makeup for the stage. (FT) AA/AS; CSU; UC.

271C Lighting Design for Dance Production

3–6 hours lab, 1–2 units
Grade Only

This production oriented course introduces students to the principles and practice of stage lighting. Emphasis is placed on design and drafting of lighting plots and the operation of basic lighting and electrical stage equipment. Students participate in lighting design and execution for a full department dance production. This course is intended for dance majors and all students interested in lighting for the stage. (FT) AA/AS; CSU; UC.

271D Sound Design for Dance Production

3–6 hours lab, 1–2 units
Grade Only

This production oriented course introduces students to the principles and practice of theater sound and its technical operation. Emphasis is placed on the basic aesthetic and technical aspects of sound design for the theater. Students participate in crew sound for a full department dance production. This course is intended for dance majors and all students interested sound for the stage. (FT) AA/AS; CSU; UC.

290 Independent Study

3–9 hours other, 1–3 units
Pass/No Pass

Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is for students who wish to conduct additional research, a special project, or learning activities in dance. It is not intended to replace an existing course in the discipline. Projects may include extended research on dance subjects addressed in scheduled dance classes as well as topics outside the dance curriculum. The culmination of the course may include a written paper, presentation, or performance. An Independent Study has to be arranged with, approved and monitored by a member of the dance faculty. (FT) AA/AS; CSU.

Additional Dance Classes

(See Exercise Science, page 427)

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.
**50 Dental Communications**  
3 hours lecture, 3 units  
Grade Only

*Advisory:* English 47A or English 48 and English 49, each with a grade of "C" or better, or equivalent or Milestone R50 and W50.  
*Limitation on Enrollment:* This course is not open to students with previous credit for Dental Assisting 102.

This course is an introduction to dentistry. Emphasis is placed on the history of dentistry, current trends in the dental industry, educational requirements, and the responsibilities of each Dental Health Team. Students explore the dental field and its demands as they develop the verbal, non-verbal and written communication skills required to be effective members of a Dental Health Team. Topics include dental terminology, infection control basics, standards of patient care, methods of conflict resolution and an exploration of psychological issues related to dental patients, employers and co-workers. This course is for students who are interested in dental assisting and/or dental office administration. (FT) AA/AS.

**54 Basic Dental Assisting**  
2 hours lecture, 2 units  
Grade Only

*Prerequisite:* Dental Assisting 50 with a grade of "C" or better, or equivalent.  
*Corequisite:* Dental Assisting 54L.  
*Corequisite:* Completion of or concurrent enrollment in Dental Assisting 56 with a grade of "C" or better, or equivalent.  
*Limitation on Enrollment:* This course is not open to students with previous credit for Dental Assisting 122 or Dental Assisting 124.  
*Limitation on Enrollment:* Special Admission - must be admitted to program.

This basic dental assisting course presents the role of the restorative dental assistant. This course includes sterilization/disinfection principles, preparation/function of instruments, matrix systems and care/maintenance of dental equipment. Principles of team positioning as well as delivering dental care in four-and six-handed general dentistry, and moisture control methods are stressed. Patient relations and techniques of team interactions are introduced. This course is for students who have been admitted to the Dental Assisting Program. (FT) AA/AS.

**54L Basic Dental Assisting Lab**  
6 hours lab, 2 units  
Grade Only

*Corequisite:* Dental Assisting 54.  
*Limitation on Enrollment:* Special Admission - must be admitted to program. This course is not open to students with previous credit for Dental Assisting 122L or Dental Assisting 124L.

This basic dental assisting laboratory course allows for the practical application of chairside dental assisting techniques in restorative dentistry. Emphasis is placed on the manipulation and delivery of restorative materials, sterilization procedures, and the preparation of dental instruments and the treatment room. Topics also include the care and preventive maintenance of equipment used in restorative dentistry, team positioning, four- and six-handed dentistry, moisture control, placing and removing a dental dam, matrices, vital signs and overall patient handling. This course is for students who have been admitted to the Dental Assisting Program. (FT) AA/AS.

**56 Basic Dental Science**  
3.5 hours lecture, 3.5 units  
Grade Only

*Advisory:* Completion of or concurrent enrollment in Dental Assisting 50 with a grade of "C" or better, or equivalent.  
*Limitation on Enrollment:* This course is not open to students with previous credit for Dental Assisting 105 or Dental Assisting 106.

This course is a basic study of Science in Dentistry for dental assisting students. Emphasis is placed on anatomy, physiology, tooth morphology, embryology and histology, head and neck anatomy, and landmarks of the face and oral cavity. Topics include microbiology in dentistry, disease transmission in dentistry, oral pathology, pharmacology, medical emergencies in the dental office and California Occupational Safety and Health Administration (CalOSHA) standards. This course is for students who are interested in the dental

Dental Assisting – RDA, CDA (DENA)

58 Preventive Dental Care
1.5 hours lecture, 1.5 units
Prerequisite: Dental Assisting 50 with a grade of "C" or better, or equivalent.
Corequisite: Dental Assisting 58L.
Completion of or concurrent enrollment in Dental Assisting 56 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dental Assisting 104, Dental Assisting 103, Dental Assisting 54, Dental Assisting 53 or Dental Assisting 50 and Dental Assisting 56, each with a grade of "C" or better, or equivalent.
Grade Only

This course is a study of the principles and techniques for preventing tooth decay. Emphasis is placed on nutrition, personal preventive oral hygiene, and education of the dental patient on issues related to preventive dental care. Students maintain a food log, analyze their nutritional and sweet intake and counsel one another on dietary choices. Students also practice applying fluoridation in conjunction with a caries detection device to aid against tooth decay. Topics also include coronal polishing, dental sealants and Caries Management By Risk Assessment (CAMBRA). This course is for students who have been admitted to the Dental Assisting Program. (FT) AA/AS.

58L Preventive Dental Care Lab
1.5 hours lab, 0.5 units
Prerequisite: Dental Assisting 58, and Dental Assisting 83A.
Corequisite: Dental Assisting 60.
Limitation on Enrollment: This course is not open to students with previous credit for Dental Assisting 104, Dental Assisting 103L or Dental Assisting 53L.
Grade Only

This laboratory course is a practical application of preventive dental care, including an analysis of personal/patient nutrition and nutritional counseling. Emphasis is placed on a plaque control program using a variety of oral hygiene products and patient education strategies. Students perform fluoride treatments, use a variety of caries detection devices and perform caries risk assessments. Laboratory practice includes developing skills in coronal polishing and pit and fissure sealants. This course is for students who have been admitted to the Dental Assisting Program. (FT) AA/AS.

60 Clinical Business Management
1.5 hours lecture, 1.5 units
Prerequisite: Dental Assisting 50 and Dental Assisting 56, each with a grade of "C" or better, or equivalent.
Corequisite: Dental Assisting 60L.
Limitation on Enrollment: This course is not open to students with previous credit for Dental Assisting 131 or Dental Assisting 132.
Grade Only

This course presents a basic foundation for the administrative dental assistant in accounts receivable and payable for manual and computerized systems. Included is the role of the dental assistant in clinical record keeping, preparing treatment plans, telephone techniques, effective scheduling, and insurance processing. The topics of this course also include maintaining recall system, inventory control, and marketing systems. Employment skills necessary to obtain a position as an administrative Registered Dental Assistant and cultivate skills necessary to remain employed are also covered in this course. This course also includes law and ethics and the California Dental Practice Act as they apply to dentistry. This course is designed for students enrolled in the Dental Assisting Program and/or Dental Office Administration. (FT) AA/AS.

60L Clinical Business Management Lab
3 hours lab, 1 unit
Prerequisite: Dental Assisting 50 and Dental Assisting 56, each with a grade of "C" or better, or equivalent.
Corequisite: Dental Assisting 60.
Limitation on Enrollment: This course is not open to students with previous credit for Dental Assisting 131 or Dental Assisting 132L.
Grade Only

This course presents a basic foundation for the administrative dental assistant in accounts receivable and payable when theories can be applied to a computerized system. Included is the role of the dental assistant in clinical record keeping, preparing treatment plans, telephone techniques, effective scheduling, insurance processing, and maintaining recall and inventory control systems. This course is designed for students enrolled in the Dental Assisting Program. (FT) AA/AS.

62 Dental Specialties I
2.5 hours lecture, 2.5 units
Prerequisite: Dental Assisting 117 and Dental Assisting 54, each with a grade of "C" or better, or equivalent.
Corequisite: Dental Assisting 62L.
**Limitation on Enrollment:** Special Admission - must be admitted to program. This course is not open to students with previous credit for Dental Assisting 161 or Dental Assisting 162.

This course presents the first phase of dental specialties, including oral and maxillofacial surgery, periodontics, and pediatric dentistry. Topics include mouth mirror inspection for the Registered Dental Assistant (RDA), basics of dental implants, teeth whitening, infection process of periodontal disease, and the types of dental instruments used in each specialty procedure. This course also covers the theory for the application of coronal polishing, as well as pit and fissure sealants. This course is designed for students enrolled in the Dental Assisting program. (FT) AA/AS.

**62L Dental Specialties I Laboratory**

6 hours lab, 2 units

Grade Only

**Prerequisite:** Dental Assisting 54L, Dental Assisting 83A, and Dental Assisting 117L, each with a grade of "C" or better, or equivalent.

**Corequisite:** Dental Assisting 62.

**Limitation on Enrollment:** Special Admission - must be admitted to program. This course is not open to students with previous credit for Dental Assisting 161L or Dental Assisting 162L.

This laboratory course presents the practical application of chairside assisting and laboratory techniques in the specialty areas of oral and maxillofacial surgery, periodontic surgery, dental implants, and pediatric dentistry. Assisting skills are developed in a variety of surgical procedures. This course provides certification in coronal polishing, pit and fissure sealants. The following are taught to clinical proficiency: mouth mirror inspection, use of intra-oral camera, charting the findings, bleaching trays, coronal polishing, pit and fissure sealants, and infection control evaluations for certification. This course is intended for the student enrolled in the Dental Assisting program. (FT) AA/AS.

**82 Dental Specialties II**

2.5 hours lecture, 2.5 units

Grade Only

**Prerequisite:** Dental Assisting 117 and Dental Assisting 54, each with a grade of "C" or better, or equivalent.

**Corequisite:** Dental Assisting 82L.

**Limitation on Enrollment:** Special Admission - must be admitted to program. This course is not open to students with previous credit for Dental Assisting 181 or Dental Assisting 182.

This course presents the second phase of dental specialties, including prosthodontic dentistry, orthodontics and endodontic specialties. Topics include fixed and removable dental prosthesis, provisional coverage, application of liners and bases, and the types of dental instruments used in each specialty procedure. Law and ethics and the California Dental Practice Act as they apply to dental assisting are also presented. This course is designed for students enrolled in the Dental Assisting Program. (FT) AA/AS.

**82L Dental Specialties II Lab**

6 hours lab, 2 units

Grade Only

**Prerequisite:** Dental Assisting 54L, Dental Assisting 58L, and Dental Assisting 1 17L, each with a grade of "C" or better, or equivalent.

**Corequisite:** Dental Assisting 82.

**Limitation on Enrollment:** Special Admission - must be admitted to program. This course is not open to students with previous credit for Dental Assisting 181L or Dental Assisting 182L.

This course prepares the student to perform procedures of the chairside dental assistant in the specialty areas of fixed and removable prosthodontics, orthodontia and endodontics. Laboratory practice includes developing skills in constructing provisional crowns, placement of liners, bases, temporary sedative restorations on a typodont, scanning and milling a fixed crown, use and care of specialized instruments, and preparation of impression materials. The following are taught to clinical proficiency: preliminary impressions, impressions for orthodontic study models, bite registration, and infection control evaluations for certification. This course is intended for the student enrolled in the Dental Assisting program. (FT) AA/AS.

**83A Directed Clinical Practice**

72 - hours other, 1.5 units

Grade Only

**Prerequisite:** Dental Assisting 50 with a grade of "C" or better, or equivalent.

**Corequisite:** Completion of or concurrent enrollment in Dental Assisting 54L, Dental Assisting 58L, and
Dental Assisting 117L, each with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Dental Assisting 185A or Dental Assisting 186A or Dental Assisting 86A.  
This course is designed for students in the Dental Assisting program to gain experience in directed clinical practice (DCP) in a dental clinic. Basic dental assisting is the main focus of this course. Support procedures include: infection control, preparing treatment rooms and patients for treatment, and assisting in restorative chairside procedures using four and six-handed dentistry. The dental assisting student will also have the opportunity to manipulate a variety of dental materials. Students are required to complete Basic Life Support (BLS) Certification for Healthcare Providers before beginning at their clinical site. The DCP is coordinated by a member of the college faculty. Supervision of the student is shared by the staff of the affiliating institution and faculty from the Dental Assisting Program. Students may not be paid for DCP. This course is for students who have been admitted to the Dental Assisting Program. (FT) AA/AS.

117 Dental Materials  
2.5 hours lecture, 2.5 units  
Grade Only  
Prerequisite: Dental Assisting 50 with a grade of “C” or better, or equivalent.  
Corequisite: Dental Assisting 139.  
Corequisite: Completion of or concurrent enrollment in: Dental Assisting 56 with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Dental Assisting 116.  
This course is a study of the materials used in dentistry and the agencies responsible for dental materials standards. Emphasis is placed on the history of restorative dentistry and its related materials. Topics include restorative, preventive and cosmetic materials, prosthetics, the chemical and physical properties of each material, and proper manipulation techniques. This course covers safe materials handling practices with emphasis on potential hazards to patient, operator and/or the environment. This course is for students who have been admitted to the Dental Assisting Program. (FT) AA/AS; CSU.

117L Dental Materials – Lab  
3 hours lab, 1 unit  
Grade Only  
Corequisite: Dental Assisting 117.  
Limitation on Enrollment: Special Admission - must be admitted to program.  
Limitation on Enrollment: This course is not open to students with previous credit for Dental Assisting 116L.  
This course provides dental assisting students with the opportunity to manipulate a variety of dental materials commonly used in modern dentistry. Students practice proper safe handling, dispensing and manipulation techniques for each material presented. This course is for students who have been admitted to the Dental Assisting Program. (FT) AA/AS; CSU.
129 Dental Radiography I
2.5 hours lecture, 2.5 units
Grade Only

Prerequisite: Dental Assisting 50 with a grade of “C” or better, or equivalent.
Corequisite: Dental Assisting 129L.
Corequisite: Completion of or concurrent enrollment in Dental Assisting 56 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Dental Assisting 127 or Dental Assisting 128.

Limitation on Enrollment: Special Admission - must be admitted to program.

This is a lecture course that provides the dental assisting student with the history, ethics, infection control and principles of dental radiographic production. Various techniques for obtaining intra-oral radiographs and digital images are presented. The radiographic identification of anatomical landmarks, dental pathology and dental treatment is explored. An introduction to dental photography as well as the discussion of the management of pediatric patients and patients with special needs in dental radiography is also presented. This course is for students who have been admitted to the Dental Assisting Program. (FT) AA/AS; CSU.

129L Dental Radiography Lab
1.5 hours lab, 0.5 units
Grade Only

Corequisite: Dental Assisting 129.

Limitation on Enrollment: This course is not open to students with previous credit for Dental Assisting 125 or Dental Assisting 127L or Dental Assisting 128L.

Limitation on Enrollment: Special Admission - must be admitted to program.

This is a laboratory course in which the dental assisting student demonstrates radiation protective techniques, caring for dental x-ray equipment, exposing, processing, mounting, and evaluating dental radiographs using infection control techniques. Exposures are accomplished using dental film and digital imaging on manikins (DXTTR) in preparation for exposures on human patients. The student identifies anatomical landmarks and basic caries as well as periodontal disease processes on intra-oral and extra-oral radiographs with beginning level competence. The student obtains a set of full mouth radiographs on a human patient. This course is for students who have been admitted to the Dental Assisting Program. (FT) AA/AS; CSU.

139 Dental Radiography II
1.5 hours lab, 0.5 units
Grade Only

Prerequisite: Dental Assisting 129L with a grade of “C” or better, or equivalent.
Corequisite: Dental Assisting 83B.

Limitation on Enrollment: This course is not open to students with previous credit for Dental Assisting 136. Special Admission - must be admitted to program.

This course is the clinical level of dental x-rays and covers the techniques and skills required for obtaining full mouth series of dental radiographs and digital images of diagnostic quality, including Panoramic and Cephalometric images. The use of various radiographic positioning devices is included. Students obtain extra-oral and intra-oral dental photographs. In addition students complete the NOMAD x-ray unit training using a pediatric dental manikin. The student has the opportunity to expose radiographs in a simulated private practice environment through a program of referral of patient by local dentists. Students obtain a California State Radiation Safety Certification of Completion upon satisfactory completion of course requirements. This course is designed for students enrolled in the Dental Assisting Program. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Disability Support Programs and Services (DSPS)

Courses listed under DSPS have been designed for students with disabilities. Additional classes are offered at City and Miramar campuses. See appropriate catalog.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
Physically Disabled
(See "Adapted P.E. Classes" under Exercise Science, page 427)

All Students with Disabilities

21 Accessible Computing Lab
1.5 – 6 hours lab, 0.5 – 2 units
Pass/No Pass

*Limitation on Enrollment:* This course is not open to students with previous credit for Disability Support Programs and Services 76. This course teaches students how to use necessary adaptive hardware or software for computer access. Individualized training is provided for all instructional modules. This course is intended for students who would benefit from adaptive computer access. Not applicable to the Associate Degree.

Students Testing for Learning Disabilities

40 Individual Assessment and Educational Planning
0.5 hours lecture, 0.5 units
Pass/No Pass

*Limitation on Enrollment:* This course is not open to students with previous credit for Disabled Students Programs and Services 50. This course teaches students about their individual learning aptitude as compared to measured academic achievement. Students use standardized achievement and aptitude assessment instruments in accordance with the California Community College Learning Disabilities Eligibility Model to create a learning profile related to community college academic demands. Other topics include individual cognitive processing strengths and weaknesses, compensatory learning strategies, study skills, and disability management. This course is intended for students who believe they may have a learning disability or those interested in exploring issues related to learning aptitudes. (FT) Not applicable to the Associate Degree.

42 Basic Skills Applied Study Strategies
1.5 – 3 hours lab, 0.5 – 1 unit
Pass/No Pass

This course provides students with extra support for academic success in a college course. Emphasis is placed on the application of fundamental study skills strategies and computer technologies for learning and applying course material. Students are required to create a realistic study schedule for independent and group study sessions. This course is intended for all students interested in college level study skills strategies. Not applicable to the Associate Degree.

*This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.*

Dramatic Arts (DRAM)

70 Digital Video Production for the Dramatic Arts
2 hours lecture, 3 hours lab, 3 units
Letter Grade or Pass/No Pass Option

*Advisory:* Dramatic Arts 112 and Dramatic Arts 119, each with a grade of “C” or better, or equivalent. This course is an introduction to digital video as it relates to the Drama. Emphasis is placed on the skills necessary to work in front of the camera and on the technical aspects of digital video production as it relates to the creation of a portfolio reel. This course is designed for Drama majors interested in creating a reel for employment purposes. (FT) AA/AS.

71 Digital Video Production for the Dramatic Arts II
2 hours lecture, 3 hours lab, 3 units
Letter Grade or Pass/No Pass Option

*Prerequisite:* Dramatic Arts 70 with a grade of “C” or better, or equivalent. This course is project-based study of digital video as it relates to the Drama. Emphasis is placed on providing students with the tools and skills to create and edit a reel for self-marketing and on the use of digital video in the design process for the stage. This course is designed for Drama majors interested in creating a reel for employment purposes. (FT) AA/AS.
100A Fundamentals of Performance and Production I

12 hours lab, 4 units
Grade Only

Corequisite: Dramatic Arts 104A.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
Limitation on Enrollment: This course is not open to students with previous credit for Dramatic Arts 101. This hands-on course focuses on beginning acting skills, scenic design and construction techniques, and theatrical production. Students participate in all aspects of theatrical production through a college theatre company. This course is designed for first-year dramatic arts majors. (FT) AA/AS; CSU; UC.

100B Fundamentals of Performance and Production II

12 hours lab, 4 units
Grade Only

Corequisite: Dramatic Arts 104B.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
Limitation on Enrollment: This course is not open to students with previous credit for Dramatic Arts 102. This hands-on course focuses on beginning acting skills, lighting design and the technical aspects of lighting for the stage, and theatrical production. Students participate in all aspects of theatrical production through a college theatre company. This course is designed for first-year dramatic arts majors. (FT) AA/AS; CSU.

103 Acting for Non-majors

3 hours lecture, 3 units
Grade Only

Advisory: English 101 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dramatic Arts 130. This course introduces students to improvisational acting, treating acting as process-centered. The instructor leads the students using a variety of exercises to imagine, enact and reflect upon human experiences, emphasizing problem-solving skills in group improvisational work. This course is designed for introductory drama students and anyone who is interested in studying acting. (FT) AA/AS; CSU.

104A Theatre Company Performance I

3–6 hours lab, 1–2 units
Grade Only

Corequisite: Dramatic Arts 100A.
This course is an introduction to the performance process of a college theatre company production. Emphasis is placed on the introduction of the artistic process including work ethic, collaboration, and execution of assigned duties throughout all phases of the performance. This course is intended for students majoring in drama. Unit value for this course is determined by the given role. (FT) AA/AS; CSU; UC.

104B Theatre Company Performance II

3–6 hours lab, 1–2 units
Grade Only

Corequisite: Dramatic Arts 100B.
This course is the second level of the performance process of a college theatre company production. Emphasis is placed on the development of the artistic process within the theatrical performance. This course is intended for students majoring in drama. Unit value for this course is determined by the given role. (FT) AA/AS; CSU; UC.

105 Introduction to Dramatic Arts

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Advisory: English 101 with a grade of “C” or better, or equivalent.
This survey course introduces fundamental practices and creative processes in the dramatic arts. Through experimentation and examination, students gain greater insight and appreciation of the dramatic arts as an agent of change that is vital to the humanities. Aspects of theatre production and collaboration are covered through lecture, group discussion and participation. This course is designed for dramatic arts majors and all students interested in the dramatic arts. (FT) AA/AS; CSU; UC; C-ID THTR 111.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
106 Acting for Radio/Voice-Over
2 hours lecture, 3 hours lab, 3 units
Grade Only
Advisory: English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50; Radio, Television and Film 105 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Radio, Television and Film 106, Radio and Television 106, Dramatic Arts 265 or Radio and Television 265.
This course is a practical study of the voice-over industry. Emphasis is placed on voice-over acting techniques for radio and television commercials, multimedia and other audio and video presentations. Students are expected to read aloud extensively as well as to record their voice for critique and self-evaluation. Topics also include an overview of the voice-over business, marketing, current technology, and professional work and studio etiquette. This course is intended for students majoring in drama or radio and television as well as for anyone interested in the voice-over business. This course is cross listed with Radio, Television and Film (RTVF) 106. (FT) AA/AS; CSU.

108 Playwriting
3 hours lecture, 3 units
Grade Only
Prerequisite: Eligible to enroll in a transferable English composition course.
This course gives students an opportunity to write dramatic material for the theatre. Topics and exercises include exploring dialogue, monologue, exposition, autobiography, writing for various voices, and other areas related to playwriting. Students are required to write scenes and monologues that explore issues of structure, in order to develop a technique to explore individual and traditional dramatic ideas and processes. This class is designed for students majoring in theatre and those students interested in the Humanities. (FT) AA/AS; CSU.

109 Theatre and Social Issues
3 hours lecture, 3 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a study of the role of theatre in society within its cultural, aesthetic, economic, and political manifestations. Emphasis is placed on increasing students’ understanding of politics in theatrical representation and comprehension of theatre as a tool for social change. Topics include the nature and function of theatrical representation, moving to historical and contemporary issues in American and World cultures. This class is designed for students majoring in theatre and those students interested in the Humanities and/or social and theoretical issues. (FT) AA/AS; CSU; UC.

112 Introduction to Script Analysis
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is intended to introduce Dramatic Arts majors, and other interested students, to the fundamental techniques of script analysis. Focus is on the students’ ability to interpret and describe concepts and ideas as related to historical and contemporary dramatic literature. The course emphasizes the development of the techniques of script analysis specific its use in acting, directing, and design, as well as critical and social analysis. (FT) AA/AS; CSU; UC; C-ID THTR 114.

118 Intermediate Playwriting
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Dramatic Arts 108 with a grade of “C” or better, or equivalent.
This course examines themes, structures, and effective material that is written for the theatre at the intermediate level. Topics and exercises include the exploration of dialogue and monologue composition, exposition, autobiography, political and domestic social issues, writing for the opposite gender, and structure. Students are required to write scenes and plays that facilitate the development of a technique that is both individual and based on traditional dramaturgical ideas. Students present a folio of plays as well as critical analyses of plays and other works associated with theatre and playwriting. This course is designed for students majoring in theatre and those interested in creative writing and the humanities. (FT) AA/AS; CSU.

119 Acting for Film and Television
2 hours lecture, 3 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Dramatic Arts 132 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Radio and
Television 119 or Radio, Television and Film 119 or Dramatic Arts 265 or Radio and Television 265. This course introduces students to the skills required for on-camera performing techniques as used in the motion picture and television industry. Students participate in the selection, rehearsal, and on-camera performance of material from television and motion picture scripts including drama, sitcoms, daytime dramas and commercials. Emphasis is placed on cold-reading taped audition skills, improvisational techniques, and the fundamental acting techniques required for on-camera performance. This course is designed for theatre, television and film majors. This course is cross listed with Radio, Television and Film (RTVF) 119. (FT) AA/AS; CSU.

123 Beginning Stagecraft
2 hours lecture, 3 hours lab, 3 units
Letter Grade or Pass/No Pass Option

Limitation on Enrollment: This course is not open to students with previous credit for Dramatic Arts 125. This course is a hands-on introduction to technical theatre production. Emphasis is placed on construction, painting, rigging, placement, and manipulation of stage scenery, lighting equipment, sound and properties, and the organization and management of stage activity and stagecraft technology. This course is designed for Theatre majors and students interested in backstage production. (FT) AA/AS; CSU; C-ID THTR 171.

124 Makeup for the Stage
2 hours lecture, 3 hours lab, 3 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Dramatic Arts 122. This course is an introductory hands-on study of the materials and techniques used in stage makeup design and application. Emphasis is placed on the acquisition of a lexicon pertinent to the history and use of makeup in the theater as well as on the actual application of stage makeup in the classroom and as a member of the makeup crew for a theatrical production. This course is intended for students majoring in drama, theatre, film, radio and television and cosmetology as well as anyone interested in makeup for the stage. (FT) AA/AS; CSU; C-ID THTR 175.

127 Sound For Theatre
1 hour lecture, 3 hours lab, 2 units
Letter Grade or Pass/No Pass Option

Advisory: English 47A or English 48 and English 49, each with a grade of "C" or better, or equivalent or Milestone R50 and W50; Mathematics 96 with a grade of "C" or better, or equivalent or Milestone M50.

This course is an introduction to the basic principles of audio production and the craft of sound design. Topics include technique, theory and procedures necessary to develop sound, music and effects integrated into theatre productions. This course is intended for the transfer student planning a major in Dramatic Arts, desiring competency in technical theatre or those interested in developing a deeper understanding of sound design. (FT) AA/AS; CSU; UC.

128 Stage Lighting Design
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Advisory: English 47A or English 48 and English 49, each with a grade of "C" or better, or equivalent or Milestone R50 and W50; Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50.

This course is an introduction to the principles and practice of stage and film lighting design. Emphasis is placed on the operation of basic lighting equipment, design, and digital drafting techniques. Technical preparation for other forms of production, such as outdoors, television and movies is included. This course is intended for transfer students planning a major in Dramatic Arts or desiring competency in technical theater. (FT) AA/AS; CSU; UC.

129A Beginning Scene Painting
2 hours lecture, 3 hours lab, 3 units
Letter Grade or Pass/No Pass Option

Limitation on Enrollment: This course is not open to students with previous credit for Dramatic Arts 129. This course introduces students to basic techniques and materials used in the painting of scenery for the stage. Emphasis is placed on techniques in faux painting, murals, trompe l’oeil (trick the eye), and

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
decorative motifs for theatre. Students experiment with color mixing, base, layout, ink, lay-in detail, and the use of brushes and tools for application in theatre settings. This course is designed for drama majors, art students, and anyone interested in painting on a large scale. (FT) AA/AS; CSU; UC.

132 Beginning Acting
2 hours lecture, 3 hours lab, 3 units
Grade Only

Advisory: English 47A or English 48, and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.

Limitation on Enrollment: This course is not open to students with previous credit for Dramatic Arts 131A. This course is a beginning level study, practice and execution of the fundamentals of acting designed to develop a foundation in basic acting technique. Emphasis is placed on the effective communication of ideas and emotions by a dramatic character to audience. Topics include staging techniques, improvisation, theater games, scenes, monologues, stage movement, and an introduction to the lexicon of acting for theater. This course is intended for students who are interested in developing basic acting techniques. (FT) AA/AS; CSU; UC; C-ID THTR 151.

133 Intermediate Acting
2 hours lecture, 3 hours lab, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: Dramatic Arts 132 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Dramatic Arts 131B. This course is an intermediate level study of the fundamentals of acting. Emphasis is placed on the use of scene work as a tool for sharpening the actor’s skill. Students work on scenes by a variety of playwrights as they increase vocal, physical and emotional flexibility as well as their stage presence. This course is designed for students majoring in Drama and anyone interested in honing their acting skill. (FT) AA/AS; CSU; UC; C-ID THTR 152.

134 Beginning Voice for Actors
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

This course is a study of the foundations of vocal technique for actors. Emphasis is placed on breath, projection, resonators, and diction. Students apply voice technique through classical and modern monologues. This course is designed for drama majors, multilingual learners, and anyone interested in refining voice and articulation skills. (FT) AA/AS; CSU; UC.

136 Theatre History I: Ancient Greece to the Renaissance
3 hours lecture, 3 units
Grade Only

Advisory: English 101 with a grade of “C” or better, or equivalent.

This course is a survey of the history of theatre from ancient Greece through the Renaissance. Emphasis is placed on the historical, political, cultural, and religious contexts within which plays were developed and performed. Topics include acting styles, theories and theorists, theatre architecture, representative plays and playwrights, production elements, and staging innovations. This course is intended for drama majors and students interested in history. (FT) AA/AS; CSU; UC; C-ID THTR 113.

137 Theatre History II: Restoration to the Present
3 hours lecture, 3 units
Grade Only

Advisory: English 101 with a grade of “C” or better, or equivalent.

This course is a survey of theatre from the English Restoration to the present. Emphasis is placed on the historical, political, and cultural contexts within which plays were developed and performed. Topics include acting styles, theories and theorists, theatre architecture, representative plays and playwrights, production elements, and staging innovations. This course is intended for drama majors and students interested in history. (FT) AA/AS; CSU; UC.

143 Beginning Costuming
2 hours lecture, 3 hours lab, 3 units
Letter Grade or Pass/No Pass Option

This lecture and laboratory course emphasizes student involvement in the techniques and methodology of costume construction. Topics include practical experience in sewing, fabrics and their modification, costume craft techniques such as millinery, masks, footwear and accessories, and service on costume crews. Students explore costume production procedures with regards to time, budgets, and labor. This course is designed for students majoring in performance and technical theatre or anyone interested in clothing and fashion. (FT) AA/AS; CSU; UC; C-ID THTR 174.
150 Cinema as Art and Communication I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course is a survey of cinema as it relates to historical, aesthetic and critical influences on American society. Emphasis is placed on the development of the feature film from its inception through the 1960's. Topics include silent film, the introduction of sound, the aesthetics of black and white film, the technology of color, the birth of animated film, the influence of the director, the role of technology and the resulting influence on an audience. Students are also introduced to the film movements of the modern era, including Italian Neo-Realism, German Expressionism and Soviet Montage. This course is designed for students interested in a general survey of cinema. (FT) AA/AS; CSU; UC.

151 Cinema as Art and Communication II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course provides a survey of American cinema as it relates to cultural, aesthetic and critical influences on American society. The focus of the course is the development of the feature film from the 1970’s through the present. The course traces and explains the impact of film movements of the modern era, the evolution of national cinemas, the innovations in animation and special effects, contemporary experimental cinema, the role of the home movie and video, as well as the influence of the director, the role of technology and the resulting influence on an audience. This course is intended for all students interested in a general survey of American cinema. (FT) AA/AS; CSU; UC.

165 Introduction to Stage Movement
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: This course is not open to students with previous credit for Drama 165A. This course is an introduction to basic techniques of movement for the stage. Emphasis is placed on the actor’s body as an expressive instrument. Students acquire flexibility, strength, and physical repertoire of stage movement. This course is designed for drama and dance majors and anyone interested in honing stage movement skills. (FT) AA/AS; CSU; UC.

200A Fundamentals of Performance and Production III
12 hours lab, 4 units
Grade Only
Prerequisite: Dramatic Arts 100A and Dramatic Arts 100B, each with a grade of "C" or better, or equivalent.
Corequisite: Dramatic Arts 204A.
Limitation on Enrollment: This course is not open to students with previous credit for Dramatic Arts 201. This hands-on course focuses on intermediate acting skills, costume design and construction, and theatrical production. Students participate in all aspects of theatrical production through a college theatre company. This course is designed for second-year dramatic arts majors. (FT) AA/AS; CSU; UC.

200B Fundamentals of Performance and Production IV
12 hours lab, 4 units
Grade Only
Prerequisite: Dramatic Arts 100A and Dramatic Arts 100B, each with a grade of "C" or better, or equivalent.
Corequisite: Dramatic Arts 204B.
Limitation on Enrollment: This course is not open to students with previous credit for Dramatic Arts 202. This hands-on course focuses on intermediate acting skills, theatrical management, and theatrical production. Students participate in all aspects of theatrical production through a college theatre company. This course is designed for second-year dramatic arts majors. (FT) AA/AS; CSU; UC.

204A Theatre Company Performance III
3–6 hours lab, 1–2 units
Grade Only
Corequisite: Dramatic Arts 200A.
This course is the third level of the performance process of a college theatre company production. Emphasis is placed on the ability to model the artistic process within the practice of theatrical performance. This course is intended for students majoring in drama. Unit value for this course is determined by the given role. AA/AS; CSU; UC.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
204B Theatre Company Performance IV  
3–6 hours lab, 1–2 units  
Grade Only

Corequisite: Dramatic Arts 200B.  
This course is the fourth level of the performance  
process of a college theatre company production.  
Emphasis is placed on the ability to lead the  
artistic process within the practice of theatrical  
performance. This course is intended for students  
majoring in drama. Unit value for this course is  
determined by the given role. AA/AS; CSU; UC.

235 Literature to Life—A Scene Study Course  
6 hours lab, 2 units  
Letter Grade or Pass/No Pass Option

Advisory: Dramatic Arts 132 with a grade of “C” or  
better, or equivalent.  
This performance-based course introduces students  
to interpreting and staging dramatic literature. It  
also examines and investigates how dramatic texts  
influence and are influenced by the time period and/or  
cultural context in which they were written, and  
through performance choices, relate its influence  
on contemporary American culture and society.  
Scene work may be selected in coordination with  
curriculum in other disciplines. Students rehearse  
the scenes in the first half of the semester and  
perform the scenes for both on-campus classes and  
high schools in the second half of the semester. This  
course is intended for drama majors and all students  
who have had some acting experience. (FT) AA/AS;  
CSU.

244A Theatre Workshop I  
3–6 hours lab, 1–2 units  
Letter Grade or Pass/No Pass Option

Advisory: English 101 with a grade of “C” or better, or  
equivalent.  
This introductory class is designed for the rehearsal  
and performance of original, established, touring, or  
devised works. Aspects of theatre covered including  
acting, playwriting, and production support. This  
course is intended for introductory drama majors  
and all students interested in theatre arts. (FT) AA/AS;  
CSU.

244B Theatre Workshop II  
3–6 hours lab, 1–2 units  
Letter Grade or Pass/No Pass Option

Advisory: Dramatic Arts 244A with a grade of “C” or  
better, or equivalent.  
This class is designed for the intermediate level of  
rehearsal and performance of original, established,  
touring, or devised works. Various aspects of theatre  
are covered including acting, playwriting, directing,  
design, and production support. This course is  
intended for intermediate drama majors and all  
students interested in theatre arts. (FT) AA/AS; CSU.

244C Theatre Workshop III  
3–6 hours lab, 1–2 units  
Letter Grade or Pass/No Pass Option

Advisory: Dramatic Arts 244B with a grade of “C” or  
better, or equivalent.  
This class is designed for the intermediate-advanced  
level of rehearsal and performance of original,  
established, touring, or devised works. All aspects  
of theatre are covered including acting, directing,  
playwriting, design, and production support. This  
course is intended for intermediate-advanced drama  
majors and all students interested in theatre arts.  
(FT) AA/AS; CSU.

244D Theatre Workshop IV  
3–6 hours lab, 1–2 units  
Letter Grade or Pass/No Pass Option

Advisory: Dramatic Arts 244C with a grade of “C” or  
better, or equivalent.  
This class is designed for the advanced level of  
rehearsal and performance of original, established,  
touring, or devised works. All aspects of theatre are  
covered including acting, directing, playwriting,  
design, and production support. This course is  
intended for advanced drama majors and all  
students interested in theatre arts. (FT) AA/AS; CSU.

268 Experimental Theatre  
3–9 hours lab, 1–3 units  
Letter Grade or Pass/No Pass Option

Advisory: English 47A or English 48 and English 49,  
each with a grade of “C” or better, or equivalent  
or Milestone R50 and W50; Dramatic Arts 132 with a  
grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to  
students with previous credit for maximum credit for  
Dramatic Arts 267.  
This course focuses on rehearsal, performance and  
production for experimental theatre. Emphasis is  
placed on the presentation of theatre styles not  
usually included in Dramatic Arts programs, such as  
staged readings, children’s theatre, touring theatre,  
ew works, avant garde, performance studies and  
cross-curriculum projects. Students may participate  
in a variety of roles, including playwriting, directing,  
acting, scenic design, sound design, lighting design,  
costume design, running crews and marketing. This
course is intended for drama majors and anyone with minimal theatre experience. (FT) AA/AS; CSU.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor.
Advanced special work in dramatic arts: acting, design, lighting, film, business, makeup, costumes, direction or play production. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Economics (ECON)

120 Principles of Macroeconomics
3 hours lecture, 3 units
Grade Only
Prerequisite: Mathematics 92 or Mathematics 96, each with a grade of “C” or better, or equivalent or Milestone M40 or M50 or Mathematics assessment that verifies Intermediate Algebra competency, or any college level Intermediate Algebra course or higher completed with a grade of “C” or better. Advisor: English 47A or English 48 and English 49, each with Milestone R50 and W50.
This course is an introduction to aggregate (macro) economic analysis. Topics include market systems; aggregate measures of economic activity; macroeconomic equilibrium; money and financial institutions; monetary and fiscal policy; international economics; and economic growth. This course is intended for business majors and students interested in macroeconomics. (FT) AA/AS; CSU; UC; C-ID ECON 202.

121 Principles of Microeconomics
3 hours lecture, 3 units
Grade Only
Prerequisite: Mathematics 92 or Mathematics 96, each with a grade of “C” or better, or equivalent or Milestone M40 or M50 or Mathematics assessment that verifies Intermediate Algebra competency, or any college level Intermediate Algebra course or higher completed with a grade of “C” or better. Advisor: English 47A or English 48 and English 49, each with Milestone R50 and W50.
This course is an introduction to economic analysis of specific decision-making sectors in the economy (micro analysis). These sectors include households, firms, and government. Topics covered include productivity and costs for individual firms, industry types, the labor market, anti-trust issues, income distribution, and environmental externalities. This course is intended for business majors and all students interested in microeconomics. (FT) AA/AS; CSU; UC; C-ID ECON 201.

220 Economics of the Environment
3 hours lecture, 3 units
Grade Only
Advisor: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50: Mathematics 46 with a grade of “C” or better, or equivalent or Milestone M30.
This course is a study of major environmental issues from an economics perspective. Emphasis is placed on resource management. Market and government responses are evaluated and analyzed. International response to major environmental issues are explored. This course is designed for students interested in majoring in economics, sustainability, environmental science, political science, international studies, or related majors. (FT) AA/AS; CSU; UC.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.
**Education (EDUC)**

**100 Tutor Training**

0.5 hours lecture, 1.5 hours lab, 1 unit
Pass/No Pass

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.

This course prepares college-level students for tutoring adult/college students. Student trainees learn about tutoring methods as well as how to use appropriate written and mediated instructional materials. The course includes supervised tutoring practice. (FT) AA/AS; CSU.

**150 Advanced Tutor Training**

0.5 hours lecture, 1.5 hours lab, 1 unit
Pass/No Pass

Advisory: Education 100 and Computer Business Technology 120, each with a grade of “C” or better, or equivalent.

The course is designed to prepare college level persons for tutoring adult/college students in an online environment. Online tutoring methods, use of appropriate written and mediated instructional materials and equipment, and supervised practice tutoring are included in this course. Online tutoring techniques and methodology are emphasized. Laboratory hours are by arrangement with the tutorial center coordinators. (FT) AA/AS; CSU.

**200 Teaching as a Profession**

2 hours lecture, 2 units
Grade Only

Advisory: English 101 with a grade of “C” or better, or equivalent.

Advisory: Concurrent enrollment in Education 203 with a grade of “C” or better, or equivalent.

This course is an introduction to the teaching profession. Emphasis is placed on the historical and philosophical foundations of the American education system and contemporary trends and issues related to teaching diverse learners in Kindergarten through grade 12 (K-12) classrooms. California’s content standards and frameworks and teacher performance standards are also examined. This course is designed for students considering teaching as a profession. (FT) AA/AS; CSU; UC; C-ID EDUC 200 (EDUC 200, EDUC 203).

**203 Field Experience for Prospective Teachers**

1 hour lecture, 1 unit
Letter Grade or Pass/No Pass Option

Advisory: Concurrent enrollment in Education 200 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: Health and Safety. Student must meet safety and health clearance standards for public school observers.

This course provides students interested in teaching at the Kindergarten through grade 12 (K-12) level with a 45-hour supervised field observation experience in a public K-12 classroom. Emphasis is placed on introducing students to classroom environments, management techniques, and curriculum designed for diverse learners. This course is intended for students who are considering teaching at the K-12 level as a profession. (FT) AA/AS; CSU; UC; C-ID EDUC 200 (EDUC 200, EDUC 203).

**211 Field Experience in Math and Science**

1 hour lecture, 1 unit
Grade Only

This course is guided classroom observations for prospective middle and high school mathematics and science teachers. Emphasis is placed on math and science education and strategies that promote professional development as well as teaching in culturally and linguistically diverse school settings. This course requires a minimum of 15 hours of classroom observation and is intended for community college students considering a career in teaching mathematics and science. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

**Engineering (ENGE)**

**101 Introduction to Engineering**

1.5 hours lecture, 1.5 units
Letter Grade or Pass/No Pass Option

Limitation on Enrollment: This course is not open to students with previous credit for Engineering 265B.
This course is an introduction to engineering in the work environment, including familiarization with the different occupations of engineering. Emphasis is placed on engineering requirements, analysis, design, implementation and testing of actual engineering problems. Students learn the proper use of engineering tools including computers, statistics and computer simulations. This course is designed to help students decide whether to embark on an engineering or technical career. (FT) AA/AS; CSU.

116 Computational Methods in Engineering
2 hours lecture, 3 hours lab, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in: Mathematics 151 with a grade of “C” or better, or equivalent.
This course introduces students to computational methods and their applications to computer-based problem solving for engineers. Students formulate and solve engineering problems through modeling and the application of numerical methods, then evaluate and rationalize the results using Matlab computational engineering software. Topics include functions and arrays, data and file management, loops, control flow, and standard library packages and software. Numerical methods covered include matrix operations, Gauss Reduction, Newton Raphson, curve fitting, interpolation, numerical differentiation and numerical integration. Engineering application include finite element analysis, dynamics, computational fluid mechanics, data visualization and image analysis. This course is designed for students majoring in engineering. (FT) AA/AS; CSU; UC.

151 Computer-Aided Design
6 hours lab, 2 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50.
This course is an introduction to 3D computer-aided mechanical design using SolidWorks software. Emphasis is placed on the creation of basic to intermediate solid parts, the application of parametric 3D feature-based solid modeling, assignments of materials, building assemblies, developing exploded views and production drawings that include orthographic, pictorial, section, auxiliary, and detail views. Students apply software features, such as finite element analysis (FEA) and motion simulation. The course begins by covering basic features of all parts, continues with building simple assemblies with those parts, and culminates with creating both detail part and assembly output-product drawings. Students apply skills to group design projects, which include written reports and mechanical dimensioning using ANSI standards, Geometric Dimensioning and Tolerancing (GD&T), and thread notation per ASME Y14.5M-2009. Laboratory exercises that include industrial applications and practices are designed to strengthen these concepts. This course is intended for students majoring in Engineering or other disciplines including those in the physical sciences, and is designed for those with or without previous 3D CAD modeling application experience. (FT) AA/AS; CSU; UC.

200 Statics
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Physics 195 with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Mathematics 151 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Engineering Technology 150.
This course is a study of applications of the principles of mechanics to rigid bodies in equilibrium. The course content emphasizes areas of friction, centroids, center of gravity, analysis of structures, moments of inertia and methods of virtual work. This course is intended for students majoring in Engineering or disciplines included in the physical sciences. (FT) AA/AS; CSU; UC.

210 Properties of Materials
3 hours lecture, 3 units
Grade Only
Prerequisite: Physics 195 with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Chemistry 200 and 200L, each with a grade of “C” or better, or equivalent.
This course is a study of the chemical, physical and mechanical properties of engineering
materials including metals, ceramics, polymers and composites. Emphasis is placed on function and structure as they relate to specific design considerations. This course is intended for students majoring in Engineering or disciplines included in the physical sciences. (FT) AA/AS; CSU; UC.

250 Dynamics

3 hours lecture, 3 units
Grade Only

Prerequisite: Engineering 200 with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Mathematics 252 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Engineering Technology 250.
This course is a study of fundamental principles of bodies in motion with an emphasis on kinematics and kinetics of particles and rigid bodies, moving reference frames, work-energy, linear and angular momentum relationships and their application to engineering problems. Vector notation is used throughout the course. This course is intended for students majoring in Engineering or disciplines included in the physical sciences. (FT) AA/AS; CSU; UC.

260 Electric Circuits

3 hours lecture, 3 units
Grade Only

Prerequisite: Physics 196 and Mathematics 151, each with a grade of “C” or better, or equivalent.
This course is an introduction to the study of network analysis, basic network theorems, mesh and nodal analysis with independent and controlled sources. Emphasis is placed on steady state and transient responses of networks, complex frequency transformation, alternating current (AC), circuit analysis, power, reactive apparent power and power factor, and balanced three-phase electric systems. This course is intended for students majoring in Engineering or disciplines included in the physical sciences. (FT) AA/AS; CSU; UC.

English Language Acquisition (ELAC)

The English Language Acquisition (ELAC) program is committed to supporting non-native speakers of English in developing their academic English language skills to enable them to succeed in college courses. We offer a range of courses designed to engage students from low-intermediate to advanced levels of English. Core courses consist of integrated academic reading, writing, and grammar as well as academic listening and speaking. Specialized courses in areas such as pronunciation and focused grammar are also offered to support the individual needs of each student.

The ELAC program consists of four levels. Students are placed at a Milestone based on an assessment test.

The first level, L19, of the ELAC program is low-intermediate and consists of a nine-unit course, ELAC 15 (Introduction to English Literacy and Communication), that supports English language learning in academic reading, writing, grammar, as well as academic listening and speaking. Some students at the beginning levels of developing their academic English skills may find this course challenging, and may be better served through Continuing Education prior to taking ELAC 15. Students who desire progressing through the program at an accelerated pace may take a two-unit elective course, ELAC 16 (Accelerated English Language Acquisition), which supports students in preparing to challenge the second level course of academic reading, writing, and grammar, ELAC 25.

The second level, L20, of the ELAC program is intermediate and consists of two core courses, each of which are 6 units - ELAC 23 (Academic Listening and Speaking I) and ELAC 25 (Integrated Reading, Writing, and Grammar I). We recommend that students attending part-time take ELAC 23 prior to taking ELAC 25. Students who desire progressing through the program at an accelerated pace may take a two-unit elective course, ELAC 26 (Accelerated English Language Acquisition), which supports students in preparing to challenge the third level course of academic reading, writing, and grammar, ELAC 35.

The third level, L30, of the ELAC program is high-intermediate and consists of two core courses - ELAC 33 (Academic Listening and Speaking II), which is
3 units, and ELAC 35 (Integrated Reading, Writing, and Grammar II), which is 6 units. We recommend students take ELAC 33 prior to taking ELAC 35 if they prefer to take 6 units or less in a semester.

The fourth level, L40, of the ELAC program consists of a 6 unit advanced level course, ELAC 145 (Integrated Reading, Writing, and Grammar III). Upon successful completion of ELAC 145, students are prepared to take English courses (ENGL 47A or ENGL 101 & 31).

Students who place at L19, L20, or L30 must complete ELAC 145 and ELAC 33 prior to taking English courses. Students who place at L40 only need to complete ELAC 145.

**5A English Language Grammar – Low–Intermediate/Intermediate**

1–2 hours lecture, 1–2 units
Pass/No Pass

Advisory: Completion of or concurrent enrollment in English Language Acquisition 15 with a grade of “C” or better, or equivalent or Milestone L20 or English Language Acquisition 25 with a grade of “C” or better, or equivalent.

This course focuses on the study of English grammar for students whose first language is other than English. Emphasis is placed on clearly communicating one’s thoughts and ideas. Topics include analyzing basic grammar structures and applying knowledge of these structures in producing and editing one’s own texts. This course is intended for non-native speakers of English at the low-intermediate and intermediate levels. (FT) Not applicable to the Associate Degree.

**5B English Language Grammar – High–Intermediate/Advanced**

1–2 hours lecture, 1–2 units
Pass/No Pass

Advisory: Completion of or concurrent enrollment in English Language Acquisition 35 with a grade of “C” or better, or equivalent or English Language Acquisition 45 with a grade of “C” or better, or equivalent or Milestone R4 and W4.

This course focuses on the study of English grammar for students whose first language is other than English. Emphasis is placed on clearly communicating one’s thoughts and ideas. Topics include analyzing more advanced grammar structures and applying knowledge of these structures in producing and editing one’s own texts. This course is intended for non-native speakers of English at the high-intermediate and advanced levels. (FT) Not applicable to the Associate Degree.

**7 English Pronunciation**

1–2 hours lecture, 1–2 units
Pass/No Pass

This course is designed to assist non-native English learners develop oral/aural language skills through the improvement of understanding spoken English and articulation of the language. Emphasis is placed on clear and effective oral/aural communication and pronunciation. Topics include oral/aural discrimination, stress, rhythm, and intonation. This course is intended for non-native speakers of English preparing for college-level coursework. (FT) Not applicable to the Associate Degree.

**15 Introduction to English Literacy and Communication**

9 hours lecture, 9 units
Letter Grade or Pass/No Pass Option

Advisory: Milestone L19. Students are advised to take the ELAC placement test prior to enrollment and perform at L19.

Limitation on Enrollment: This course is not open to students with previous credit for English 7, English 58, English for Speakers of Other Languages 19, or English for Speakers of Other Languages 19A.

This course provides non-native English speakers with the skills to integrate reading, writing, grammar, and oral communication at the low-intermediate level. Emphasis is placed on comprehending, summarizing, and interpreting audio and written texts as well as expressing one’s own thoughts and opinions. Topics include communicating in an academic setting, applying critical reading strategies, writing paragraphs and short compositions in a variety of genres, as well as analyzing and producing grammatical structures in context. This course is intended for non-native speakers of English preparing for college-level coursework. (FT) Not applicable to the Associate Degree.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
16 Accelerated English Language Acquisition – Low-Intermediate Level

2 hours lecture, 2 units
Pass/No Pass

Corequisite: English Language Acquisition 15 or Milestone L20.
Note: Concurrent enrollment in English Language Acquisition 15 is required. Assessment Skill Level L20 is not required.
This course is intended for students who are currently enrolled in English Language Acquisition 15 and who desire additional support or more advanced reading, writing, and grammar activities. Emphasis is placed on deeper learning and understanding of English Language Acquisition 15 course content and producing more rigorous assignments. The course consists of personalized instruction and peer review to revise and expand upon the length and complexity of assignments in English Language Acquisition 15. (FT) Not applicable to the Associate Degree.

23 Academic Listening and Speaking I
6 hours lecture, 6 units
Letter Grade or Pass/No Pass Option

Prerequisite: English Language Acquisition 15 with a grade of “C” or better, or equivalent or Milestone L20.
Limitation on Enrollment: This course is not open to students with previous credit for English for Speakers of Other Languages 22.
This course provides non-native English speakers with academic listening and speaking skills at the intermediate level. Emphasis is placed on developing accuracy and fluency in oral communication skills as well as understanding and responding to audio texts from a variety of genres. This course is intended for non-native speakers of English preparing for college-level coursework. (FT) Not applicable to the Associate Degree.

25 Integrated Reading, Writing, and Grammar I
6 hours lecture, 6 units
Letter Grade or Pass/No Pass Option

Prerequisite: English Language Acquisition 15 with a grade of “C” or better, or equivalent or Milestone L20.
Limitation on Enrollment: This course is not open to students with previous credit for English 8, English 60, or English for Speakers of Other Languages 20 and English for Speakers of Other Languages 21.
This course provides non-native English speakers with the skills to integrate reading, writing, and grammar at the intermediate level. Emphasis is placed on applying critical reading strategies to a variety of genres, writing paragraph and multi-paragraph compositions based on assigned readings, and analyzing and producing grammatical structures in context. This course is intended for non-native speakers of English preparing for college-level coursework. (FT) Not applicable to the Associate Degree.

26 Accelerated English Language Acquisition – Intermediate Level

2 hours lecture, 2 units
Pass/No Pass

Corequisite: English Language Acquisition 25.
This course is intended for students who are currently enrolled in English Language Acquisition 25 and who desire additional support or more advanced reading, writing, and grammar activities. Emphasis is placed on deeper learning and understanding of English Language Acquisition 25 course content. The course consists of personalized instruction and peer review to revise and expand upon the length and complexity of assignments in English Language Acquisition 15. (FT) Not applicable to the Associate Degree.

33 Academic Listening and Speaking II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: English Language Acquisition 23 with a grade of “C” or better, or equivalent or Milestone L30.
Limitation on Enrollment: This course is not open to students with previous credit for English for Speakers of Other Languages 32.
This course provides non-native English speakers with academic listening and speaking skills at the high-intermediate to advanced levels. Emphasis is placed on linguistic and interpersonal skills necessary for participation in a variety of formal and informal tasks in the college environment as well as understanding and responding to audio texts from a variety of genres. This course is intended for non-native speakers of English preparing for college-level coursework. (FT) Not applicable to the Associate Degree.
35 Integrated Reading, Writing and Grammar II

6 hours lecture, 6 units
Letter Grade or Pass/No Pass Option

Prerequisite: English Language Acquisition 25 with a grade of “C” or better, or equivalent or Milestone L30.

Limitation on Enrollment: This course is not open to students with previous credit for English 9, English 6, or English for Speakers of Other Languages 30 and English for Speakers of Other Languages 31. This course provides non-native English speakers with the skills to integrate reading, writing, and grammar at the high-intermediate level. Emphasis is placed on applying critical reading strategies to a variety of genres, writing multi-paragraph compositions (including introduction of the academic essay) based on assigned readings and other sources, and analyzing and producing grammatical structures in context. This course is intended for non-native speakers of English preparing for college-level coursework. (FT) Not applicable to the Associate Degree.

145 Integrated Reading, Writing, and Grammar III

6 hours lecture, 6 units
Letter Grade or Pass/No Pass Option

Prerequisite: English Language Acquisition 35 with a grade of “C” or better, or equivalent or Milestone L40.

Corequisite: Completion of or concurrent enrollment in English Language Acquisition 33 with a grade of “C” or better, or equivalent. Students who meet the prerequisite by completion of English Language Acquisition 35 must have completed English Language Acquisition 33 or be concurrently enrolled in English Language Acquisition 33.

Limitation on Enrollment: This course is not open to students with previous credit for English 10, English 62, English for Speakers of Other Languages 40, English for Speakers of Other Languages 45, or English Language Acquisition 45. This course provides non-native English speakers with the skills to integrate reading, writing, and grammar at the advanced level. Emphasis is placed on applying critical reading strategies to a variety of genres as well as analysis and synthesis of sources. The course also focuses on writing multi-paragraph compositions (including the academic essay), responding to and integrating sources, as well as analyzing and producing grammatical structures in context. This course is intended for non-native speakers of English preparing for college-level coursework. (FT) AA/AS; CSU; UC.

Basic Skills Courses

All courses at this level are offered for college credit. Credit for these courses will not apply toward the associate degree but will count toward the determination of a student’s workload and eligibility for financial aid.

31 Academic Literacy

2 hours lecture, 2 units
Pass/No Pass

Prerequisite: English Language Acquisition 145 with a grade of “C” or better, or equivalent or Milestone R40 and W40 or
Corequisite: English 101 or English 105.

This is a course for students who have assessed into basic skills English courses and desire to concurrently enroll in English 101: Reading and Composition or English 105: Composition and Literature. Academic Literacy creates success in English 101 or 105 by focusing on reading, writing, and critical thinking. Students learn to articulate arguments, create academic identities, and build and strengthen relationships with texts, others, and themselves. (FT) Not applicable to the Associate Degree.

36 Basic Creative Writing Workshop

1–3 hours lecture, 1–3 units
Letter Grade or Pass/No Pass Option

This course is a beginning creative writing workshop. Topics include the creative process and the fundamentals of creative writing. Emphasis is placed on poetry, fiction, and/or creative nonfiction. This course is intended for students who are interested in the fundamentals of creative writing. (FT) Not applicable to the Associate Degree.
47A Integrated Reading, Writing, and Reasoning

4 hours lecture, 4 units
Grade Only

Advisory: Milestones R30/W30 or English Language Acquisition 145 with a grade of “C” or better, or equivalent or Milestone R40 and W40.

Limitation on Enrollment: This course is not open to students with previous credit for English 42, English 43, English 48, English 49, or English for Speakers of Other Languages 45 if taken within the past three years. This course is not open to students with previous credit for English 265B.

This course is designed to prepare students who require minimal preparation to produce successful college-level papers in all subject areas. Emphasis is placed on the presentation of a thematic perspective within which students develop arguments and strengthen critical thinking, reading, organizing, and writing skills. This course is intended for students who want to prepare themselves to read, write and analyze texts at the transfer level. (FT) Not applicable to the Associate Degree.

48 College Reading and Study Skills II

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Limitation on Enrollment: This course is not open to students with previous credit for English 265B, English 47A, English 56, or English for Speakers of Other Languages 45.

This course is designed for students who need to develop advanced reading skills to succeed in transfer-level courses. In this course, students focus on academic reading and study skills, and practice strategies to improve reading comprehension and critical thinking. Students also build writing, vocabulary, discussion, and study skills to accurately express information and reflect the meaning of class readings. (FT) Not applicable to the Associate Degree.

49 Basic Composition

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Limitation on Enrollment: This course is not open to students with previous credit for English 265B, English 47A, English 51, or English for Speakers of Other Languages 45.

This course prepares students to write successfully at the transfer level. Students practice the writing process in the production and editing of essays, and review grammatical and mechanical structures as needed to support the successful expression of meaning. In addition, students read and think critically using a variety of texts that are the basis for writing and class discussion. (FT) Not applicable to the Associate Degree.

English Courses
(Also see Humanities, page 491)

101 Reading and Composition

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: English Language Acquisition 145 with a grade of “C” or better, or equivalent or Milestone R40 and W40 or English 47A, or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50; Students with Milestone R30 and W30 must enroll in English 101X (English 101 and English 31 learning community).

This course is designed for transfer-level students or for those who want to develop competence in college level reading and composition. Students read, analyze, discuss and think critically using a variety of works and sources. Based on these activities, students write essays, fully documented research projects, and other types of texts for various purposes and audiences. This written work, which demonstrates effective, logical, and precise expression of ideas, totals at least 6,000 graded words. Designated sections of this course may be taught from a specific cultural perspective. (FT) AA/AS; CSU; UC; C-ID ENGL 100.

105 Composition and Literature

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: English Language Acquisition 145 with a grade of “C” or better, or equivalent or Milestone R40 and W40 or English 47A, or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50; Students with Milestone R30 and W30 must enroll in English 105X (English 105 and English 31 learning community).

This is a composition course using literature as a background for improving writing skills. Students discuss the general nature and elements of literature and literary criticism by reading and analyzing representative works of fiction, drama, and poetry. Based on this subject matter, students are required to write a variety of critical papers, including a research paper, comprising at least 6,000 graded words. This course is intended for students majoring in English or those students interested in literature.
and in developing strong critical and analytical writing skills. Designated sections of this course may be taught from a specific cultural perspective. (FT) AA/AS; CSU; UC.

202 Introduction to Linguistics
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English 47A with a grade of “C” or better, or equivalent or Milestone R50 and W50 or English 48 with a grade of “C” or better, or equivalent or Milestone R50 and English 49 with a grade of “C” or better, or equivalent or Milestone W50.
Advisory: English 101 with a grade of “C” or better, or equivalent or English 105 with a grade of “C” or better, or equivalent.
This course is designed to introduce students to the field of linguistics. In this course, students develop an understanding of the nature of language through the study of core areas in linguistics, including phonetics, phonology, morphology, syntax, semantics, and pragmatics. Students also read, write, and think critically about related fields such as psycholinguistics, sociolinguistics, historical linguistics, and animal communication. This course is intended for students majoring in English or those with a general interest in linguistics. (FT) AA/AS; CSU; UC.

205 Critical Thinking and Intermediate Composition
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This intermediate-level college reading and writing course uses the principles of rhetoric to build research and critical thinking skills required for success at four-year institutions. Emphasis is placed on reading, evaluating and writing argumentative prose. Students locate, evaluate and integrate outside sources into their writing assignments, which total at least 8,000 words for the semester. This course is intended for students majoring in English and all students interested in improving critical thinking and writing skills. (FT) AA/AS; CSU; UC; C-ID ENGL 105.

207 The Art of the Sentence
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course is a study of the stylistic aspects of the sentence through the application of linguistic and rhetorical principles. Emphasis is placed on the interconnections among grammatical design, content, and purpose. Students move beyond basic correctness to sophisticated aspects of sentence patterning in order to achieve clarity and force in written expression. This course is intended for transfer students, those who desire to write and/or speak as effectively as possible in their academic work and/or career, and those with a special interest in language and linguistics. (FT) AA/AS; CSU; UC.

208 Introduction to Literature
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course provides an inquiry into the basic nature of literature. Students read and analyze representative literary works in fiction, non-fiction, poetry, and drama from various cultures and periods, applying practical critical techniques in essays, reports, and exams. This course is designed for students with a general interest in literature as well as those majoring in the field. (FT) AA/AS; CSU; UC; C-ID ENGL 120.

209 Literary Approaches to Film
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or English 105 with a grade of “C” or better, or equivalent.
This course is a study of film from a literary perspective. Emphasis is placed on reading and writing about film, film analysis, and cultural impact. Topics include film composition, genre, and literary criticism. This course is designed for English majors and all students interested in literature and/or film. (FT) AA/AS; CSU; UC.
210 American Literature I
3 hours lecture, 3 units

Letter Grade or Pass/No Pass Option

Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent.

This course is a survey of American literature from its beginning to the late 19th century, including representative works from the Colonial Period (1588-1765), the New Republic (1765-1829), the American Renaissance (1829-1860), and the beginnings of Realism (1860-1880). Students critically analyze and discuss diverse authors of these periods, addressing relevant historical, social, political, philosophical, aesthetic, cultural, and religious issues. This course is intended for English majors and anyone interested in American Literature. (FT) AA/AS; CSU; UC; C-ID ENGL 130.

211 American Literature II
3 hours lecture, 3 units

Letter Grade or Pass/No Pass Option

Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent.

A survey of American Literature from the late 19th century to the present, which includes representative works from the Age of Realism (1865-1914), the Modernist Period (1914-1945), and the Postmodern Era (1950-present). Students critically analyze and discuss diverse authors of these periods, addressing relevant historical, social, political, cultural, and religious issues. This course is intended for English majors and interested in American Literature. (FT) AA/AS; CSU; UC; C-ID ENGL 135.

215 English Literature I: 800-1799
3 hours lecture, 3 units

Letter Grade or Pass/No Pass Option

Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent.

This course offers a survey of British literature from the Anglo-Saxon period to the pre-Romantic period (approximately 800 to 1799), including representative works from the Old and Middle English periods, the Renaissance and the Elizabethans, the Cavalier, Metaphysical, and Puritan periods, the Restoration and the Neoclassical periods. Students read and discuss the major authors of these periods, addressing relevant social, cultural, and religious issues. This course is intended for English majors and anyone interested in World Literature. (FT) AA/AS; CSU; UC; C-ID ENGL 140.

220 Masterpieces of World Literature I: 1500 BCE - 1600 CE
3 hours lecture, 3 units

Letter Grade or Pass/No Pass Option

Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent.

This course offers a survey of world literature in translation, from the ancient world through the European renaissance (approximately 2150 BCE - 1600 CE), including the established classic literature of the Near East, Tibet, Greece and Rome, India, China, Japan, Africa, the Islamic world, and Europe. Students read and discuss a variety of authors from these regions, and address relevant social, cultural, and religious issues. Students critically analyze, in essays and papers, specific topics as assigned. This course is intended for English majors and anyone interested in World Literature. (FT) AA/AS; CSU; UC; C-ID ENGL 140.

221 Masterpieces of World Literature II: 1600 – Present
3 hours lecture, 3 units

Letter Grade or Pass/No Pass Option

Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course offers a survey of world literature in translation, from the close of the European renaissance through the present time, including the literature of Asia, Europe, North America, Central America, South America, Africa and the Islamic world. Students read and discuss a variety of authors from these regions, and address relevant social, religious, and cultural issues. Students critically analyze, in essays and papers, specific authors, works, themes, and other topics as assigned. This course is intended for English majors and anyone interested in World Literature. (FT) AA/AS; CSU; UC; C-ID ENGL 145.

230 Asian American Literature
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course is a survey of Asian American literature. The relationship between identity and the creative work of prominent Asian American writers is explored, as well as the ways in which Asian American writers have been influenced by various artistic, cultural, linguistic, and socio-political forces. Students are introduced to prominent Asian American texts and encouraged to analyze through writing and discussion the defining conversations and controversies in Asian American literary history. This course is intended for all students interested in Asian American Literature and Asian American Studies. (FT) AA/AS; CSU; UC.

234 Hip Hop Literature: A Poetry Class
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course is an introduction to Hip Hop literature/poetry. Emphasis is placed on key figures, poets, and other artists who have profoundly contributed to the genre and its different styles and forms. The course explores Hip Hop poetry’s connections to other prominent forms of literature and literary theories. This course is designed for English majors and anyone interested in Hip Hop literature. (FT) AA/AS; CSU.

237 Women in Literature
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course is an introduction to images of women in literature and to women writers. Students read from a variety of genres including stories, poetry, novels, and essays, written by different authors from a range of social, cultural, and ethnic backgrounds. This course is intended for students majoring in English or anyone interested in literature. (FT) AA/AS; CSU; UC.

240 Shakespeare
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or English 105 with a grade of “C” or better, or equivalent.
This course is a survey of William Shakespeare’s work. Emphasis is placed on analyses of representative plays and poems from the perspectives of theme, character, structure, and language in historical and contemporary contexts. This course is designed for students majoring in English and those with a general interest in the author or the period. (FT) AA/AS; CSU; UC.

245A Writing Creative Nonfiction
3 hours lecture, 3 units
Grade Only
Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for English 245.
This is an intensive course in writing creative nonfiction. Emphasis is placed on the principles and methods of creative nonfiction and the critical analysis of student and master works addressing personal, social, political, and/or cultural issues. Students submit original creative nonfiction for class discussion and are introduced to the workshop format to further their work. This course is intended for students majoring in English and those preparing for writing-related careers in areas, such as publishing, journalism, communications, and education. (FT) AA/AS; CSU; UC.
**245B Advanced Creative Nonfiction**  
3 hours lecture, 3 units  
Grade Only

*Prerequisite:* English 245A with a grade of “C” or better, or equivalent.

This course is an intensive course advanced creative nonfiction. Emphasis is placed on advanced techniques in character, point of view, narrative, plot, language, style, and structure. The creative process includes meetings with the professor to set goals. Students use fictional techniques of character development, plotting, setting, language, verb tense, and theme to compose nonfiction at an advanced level. This course is intended for students majoring in English and those preparing for writing-related careers in areas, such as publishing, journalism, communications, and education, and those desiring to develop a writing portfolio. (FT) AA/AS; CSU; UC.

**247A Writing Seminar - Poetry**  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option

*Prerequisite:* English 101 or English 105, each with a grade of “C” or better, or equivalent.  
*Limitation on Enrollment:* This course is not open to students with previous credit for English 247.

This course is an introduction to writing poems. Emphasis is placed on the basic elements, techniques and invention strategies for writing poems, with some instruction in basic forms and evaluative techniques. This course is intended for students majoring in English and all students interested in writing poems. (FT) AA/AS; CSU; UC.

**247B Advanced Writing Seminar - Poetry**  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option

*Prerequisite:* English 247A with a grade of “C” or better, or equivalent.

This course provides advanced instruction in writing poems. Emphasis is placed on sophisticated forms, techniques, and evaluation, as well as on preparing poems for submission and publication. This course is intended for students majoring in English and all students interested in writing poems. (FT) AA/AS; CSU; UC.

**249A Introduction to Creative Writing I**  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option

*Prerequisite:* English 101 or English 105, each with a grade of “C” or better, or equivalent.  
*Limitation on Enrollment:* This course is not open to students with previous credit for English 249.

This course is an introduction to creative writing with a focus on fiction and poetry. Students use the basic elements of poetry and fiction writing to analyze the works of professional writers, to create original pieces, and to critique the work of their peers as well as their own. This course is intended for students majoring in English and all students interested in fiction and fiction writing. (FT) AA/AS; CSU; UC.

**249B Introduction to Creative Writing II**  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option

*Prerequisite:* English 249A with a grade of “C” or better, or equivalent.

This course is an exploration and application of creative writing with a focus on fiction and poetry. Students use complex elements of poetry and fiction writing to analyze the works of professional writers, to create original pieces, and to critique the work of their peers as well as their own. This course is intended for students majoring in English and all students interested in fiction and fiction writing. (FT) AA/AS; CSU; UC.

**252A Fundamentals of Fiction Writing**  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option

*Prerequisite:* English 101 or English 105, each with a grade of “C” or better, or equivalent.  
*Limitation on Enrollment:* This course is not open to students with previous credit for English 253.

This is an intensive course in fiction writing techniques at the beginning level. Students read and evaluate master works of fiction based on the basic elements of fiction writing introduced in class. Students write original fiction for submission to the class for discussion and integrate criticism offered by the instructor and peers through the editing process. This course is intended for students interested in a better understanding of literature and/or use of language as well as students interested in a writing-related career, such as publishing, journalism, communications, or education. (FT) AA/AS; CSU; UC.

**252B Intermediate Fiction Writing**  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option

*Prerequisite:* English 252A with a grade of “C” or better, or equivalent.  
*Limitation on Enrollment:* This course is not open to students with previous credit for English 254.
This is an intensive course in fiction writing techniques at the intermediate level. Students read and evaluate master works of fiction that address personal, social, political, and cultural issues and integrate such elements into their original pieces of fiction. Students are expected to articulate, accept, and incorporate criticism through an increasingly sophisticated editorial process. This course is intended for students interested in improving their creative writing skills and/or developing a portfolio prior to transferring to a four-year institution. (FT) AA/AS; CSU; UC.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is for students who wish to conduct additional research, a special project, or learning activities in the field of English. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

401 Advanced Writing for Healthcare Professionals
3 hours lecture, 3 units
Grade Only
Prerequisite: English 205 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course provides an overview of writing for healthcare professionals. The primary concepts include effective workplace writing, the standards, conventions, and technologies of professional writing; communicating to a variety of audiences; the five stages of the writing process, critical reading of medical records and reports, and developing appropriate written responses to workplace challenges. Other topics will include research writing in APA format and grant writing. This course is designed for health information management majors. (FT)

Environmental Design Studies
(See Architecture, page 340)

Exercise Science (EXSC)

Exercise Science classes are offered at the beginning, intermediate and advanced level

Exercise Science Classes/Intercollegiate Sports – Disclaimer
Participation in all sports and exercise science activities involves certain inherent risks.
Risks may include, but are not limited to, neck and spinal injuries that may result in paralysis or brain injury, injury to bones, joints, ligaments, muscles, tendons and other aspects of the muscular skeleton system; and serious injury, or impairment, to other aspects of the body and general health, including death. The San Diego Community College District, its officers, agents and employees are not responsible for the inherent risks associated with participation in exercise science classes/intercollegiate sports.
Students are strongly advised to consult a physician prior to participating in any exercise science activity.

Kayaking

116B Kayaking
3 hours lab, 1 unit
Grade Only
Advisory: Exercise Science 113A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Health and Safety.
Students will need to demonstrate the ability to swim at the first class meeting on the water.
This is the second of two courses to provide instruction in water paddling. Emphasis for this

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable  
Milestone formerly referred to as Skill Level
Exercise Science (EXSC)

116A Stand Up Paddle Boarding

3 hours lab, 1 unit
Grade Only

Advisory: Exercise Science 113A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Health and Safety. Students will need to demonstrate the ability to swim at the first class meeting on the water.
This is the first of two courses to provide instruction in water paddling. Emphasis for this course is Stand Up Paddle Boarding. Topics include paddling equipment, etiquette, safety in a water environment and paddling techniques. This course is designed for those students that are interested in the Certificate of Achievement in Aquatics, kinesiology majors or the sport of kayaking. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

Surfing

110A Surfing I

1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 113A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Health and Safety. Students will need to demonstrate the ability to swim in an ocean environment prior to being allowed to participate in ocean activities.
This is the first of four courses in surfing. Topics include historical perspective of surfing, ocean safety, surfing equipment, surfing etiquette, and surfing fundamentals. This course is designed for students interested in the Aquatics Certificate of Achievement, kinesiology majors or those that want to learn about surfing. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

110B Surfing II

1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 110A and Exercise Science 113A, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Health and Safety. Students will need to demonstrate the ability to swim in an ocean environment prior to being allowed to participate in ocean activities.
This is the second of four courses in surfing. Topics include surfing fitness and conditioning, advanced wave selection, intermediate wave riding techniques and basic beach first aid. This course is designed for students interested in the Aquatics Certificate of Achievement, kinesiology majors or those that want to learn about surfing. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

110C Surfing III

1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 110B and Exercise Science 113A, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Health and Safety. Students will need to demonstrate the ability to swim in an ocean environment prior to being allowed to participate in ocean activities.
This is the third of four courses in surfing. Topics include advantages of surfing, advanced paddling techniques and advanced riding techniques. This course will also cover environmental issues as they pertain to the ocean and surfing. This course is designed for students interested in the Aquatics Certificate of Achievement, kinesiology majors or those that want to learn about surfing. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

110D Surfing IV

1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 110C and Exercise Science 113A, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Health and Safety. Students will need to demonstrate the ability to swim in an ocean environment prior to being allowed to participate in ocean activities.
This is the fourth of four courses in surfing. Topics include rescue techniques, surfboard repair,
surf trip planning and advanced paddling and riding techniques. This course is designed for students interested in the Aquatics Certificate of Achievement, kinesiology majors or those that want to learn about surfing. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

Swimming

112 Adapted Swimming

2–3 hours lab, 0.5 – 1 unit
Grade Only

Limitation on Enrollment: A physician’s medical release form is required. This course is not open to students with previous credit for Physical Education 181A.

This course is designed for students with disabilities to learn how to swim through modified swimming strokes based on their abilities. Emphasis is placed on practice in the fundamental swimming strokes and aquatic conditioning, including water safety skills. Stroke analysis, conditioning and endurance is stressed in the progression of the class. When this course is offered for three hours a week, the additional time is utilized for enhanced musculo-skeletal and cardio-vascular fitness development. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

113A Swimming I

2–3 hours lab, 0.5 – 1 unit
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 155 or Physical Education 155W.

This course is the first in a series of swimming courses. Emphasis is placed on fundamental swimming technique and water safety skills. This is an entry level course for novice swimmers. When this course is offered for three hours per week, the additional time is utilized for skill development. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

113B Swimming II

2–3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 113A with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 155X.

This course is the second in a series of swimming courses. Emphasis is placed on the development of swimming strokes, open turns, entering the water, and aquatic emergency situations. This course is intended for beginning level swimmers with some aquatic experience. When this course is offered for three hours per week, the additional time is utilized for skill development. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

113C Swimming III

2–3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 113A and Exercise Science 113B, each with a grade of “C” or better, or equivalent

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 155Y.

This course is the third in a series of swimming courses. Emphasis is placed on intermediate swim stroke development, open turns, head first water entry, and pool and open water emergency response. This course is intended for intermediate level swimmers. When this course is offered for three hours per week, the additional time is utilized for skill development. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

113D Swimming IV

2–3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 113B and Exercise Science 113C, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 155Z.

This course is the fourth in a series of swimming courses. Emphasis is placed on advanced swimming techniques, turns, finishes, and racing starts, swim propulsion and drag theories, and aquatic survival and safety skills. This course is intended for advanced swimmers. When this course is offered for three hours per week, the additional time is utilized...
Exercise Science (EXSC)

for skill development. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

Aerobic

114A Aquatic Fitness I

2–3 hours lab, 0.5 – 1 unit
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 106.

This course is an introduction to cardiovascular fitness through aquatic activities. Topics include aquatic fitness testing, timed swims, proper warm-up and cool-down, principles of swimming propulsion, and introductory safety. This course is intended for those starting at an entry level of cardiovascular fitness. When this course is offered for three hours per week, the additional time is utilized for skill development and increased cardiovascular conditioning. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

114B Aquatic Fitness II

2–3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 114A with a grade of “C” or better, or equivalent.

This course is the second in a series of aquatic fitness courses. This course provides instruction and conditioning for various beginning level aquatic activities. Topics include beginning personal aquatic workout design and implementation, aquatic interval training, heart rate monitoring, using a pace clock, and safety concerns and techniques. This course is intended for those starting at a beginning level of cardiovascular fitness. When this course is offered for three hours per week, the additional time is utilized for skill development and increased cardiovascular conditioning. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

114C Aquatic Fitness III

2–3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 114B with a grade of “C” or better, or equivalent.

This course is the third in a series of aquatic fitness courses. This course provides instruction and conditioning for various intermediate level aquatic activities. Topics include analysis of personal health and lifestyle, intermediate level workout design, goal setting and motivation, body specific training for an aquatic environment, individual aquatic activities, and intermediate training types and safety concerns. This course is intended for those starting at an intermediate level of cardiovascular fitness. When this course is offered for three hours per week, the additional time is utilized for skill development and increased cardiovascular conditioning. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

114D Aquatic Fitness IV

2–3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 114C with a grade of “C” or better, or equivalent.

This course is the fourth in a series of aquatic fitness courses. This course provides instruction and conditioning for various advanced aquatic activities. Topics include components of aquatic fitness, advanced workout design, aquatic training for specific races, strokes and events, aquatic training with advanced equipment, advanced aquatic conditioning terminology and nutrition and hydration principles. This course is intended for those starting at an advanced level of cardiovascular fitness. When this course is offered for three hours per week, the additional time is utilized for skill development and increased cardiovascular conditioning. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

118 Lifeguard Training

2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 139.

This course gives the most current instruction in the American Red Cross lifeguard training techniques and first aid and cardiopulmonary resuscitation/automated external defibrillation (CPR/AED) skills required to gain eligibility for a lifeguarding position. Upon successful completion, students earn certifications for American Red Cross Lifeguard Training and CPR/AED for the Professional Rescuer. Adequate swimming skills are necessary. Students may petition to re-enroll in the course to renew certifications. This course is of interest to students who wish to earn the American Red Cross certifications necessary for employment as
119 Water Safety Instructor
2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 164.

This course gives the most current instruction in the American Red Cross (ARC) Water Safety Instructor (WSI) course. Upon successful completion, students earn WSI certification, which enables them to teach the Learn to Swim programs of the American Red Cross. Adequate swimming skills are necessary at the Learn to Swim Level 4. Students may petition to re-enroll in the course to renew certifications. This course is of interest to students who wish to earn the American Red Cross certifications necessary for employment as a swimming instructor and those interested in the Aquatics Certificate of Achievement. (FT) AA/AS; CSU; UC.

122A Cardio Zumba I
3 hours lab, 1 unit
Grade Only

**Advisory:** Exercise Science 122A with a grade of “C” or better, or equivalent.

This course is an introduction to Cardio Zumba that incorporates several Latin styles of dance including but not limited to merengue, salsa, cumbia and reggaeton. Emphasis is placed on fundamental Zumba technique, vocabulary and fitness concepts. This course is designed for all students interested in Zumba as a cardiovascular, movement-oriented sport, as well as students majoring in kinesiology. (FT) AA/AS; CSU; UC.

122B Cardio Zumba II
3 hours lab, 1 unit
Grade Only

**Advisory:** Exercise Science 122B with a grade of “C” or better, or equivalent.

This is the second course in Cardio Zumba. This level will ask students to increase the intensity of movement, including higher impact. Students will use additional arm and hip variations with new steps. Rhythm styles will expand to include Cha Cha, Mambo, Pop, Soca, Bollywood and Samba. This course is designed for students interested in Zumba as a cardiovascular, movement-oriented sport, as well as those majoring in kinesiology. (FT) AA/AS; CSU; UC.

124A Core and Cardio Fitness I
2–3 hours lab, 0.5 – 1 unit
Pass/No Pass

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 153 or Physical Education 153W.

This course provides introductory level knowledge and practice in attaining and maintaining core and cardio fitness levels. Instruction emphasizes cardiovascular fitness as well as core fitness through individual and circuit training. This course is the first in a series of four core and cardio fitness courses. It is intended for students seeking to develop introductory physical fitness habits or Kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

124B Core and Cardio Fitness II
2–3 hours lab, 0.5 – 1 unit
Pass/No Pass

**Advisory:** Exercise Science 124A with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 153X.

This course provides introductory level students with beginning knowledge and practice in attaining and maintaining core and cardio fitness levels. Instruction emphasizes beginning cardiovascular fitness as well as core fitness through individual and circuit training. Other topics include a variety of core fitness tests, stability ball exercise routines, and beginning level aerobic and core conditioning program design. This course is the second in a series of four core and cardio fitness courses. It is intended for students seeking to develop beginning physical fitness habits or Kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

124C Core and Cardio Fitness III
2–3 hours lab, 0.5 – 1 unit
Pass/No Pass

**Advisory:** Exercise Science 124B with a grade of “C” or better, or equivalent.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 153Y.
This course provides beginning level students with intermediate knowledge and practice in attaining and maintaining core and cardio fitness levels. Instruction emphasizes intermediate cardiovascular fitness as well as core fitness through individual and circuit training. Other topics include fitness level assessment and conditioning for the treadmill; continuous, interval, and fartlek aerobic conditioning elements; beginning plyometric exercises; coronal and oblique plane movements; and clinical evaluations such as blood pressure and blood lipid tests. This course is the third in a series of four core and cardio fitness courses. It is intended for students seeking to develop intermediate physical fitness habits or Kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

124D Core and Cardio Fitness IV
2–3 hours lab, 0.5 – 1 unit
Pass/No Pass
Advisory: Exercise Science 124C with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 153Z.
This course provides intermediate students with advanced knowledge and practice in attaining and maintaining core and cardio fitness levels. Instruction emphasizes advanced cardiovascular fitness as well as core fitness through individual and circuit training. Other topics include core and cardio fitness assessment data comparison; advanced core fitness assessments including plyometric tests; cardiovascular interval and sprint training; advanced plyometric training involving lateral movement; dietary analysis; and identification and incorporation of dietary modifications. This course is the fourth in a series of four core and cardio fitness courses. It is intended for students seeking to develop advanced physical fitness habits or Kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

125A Aerobic Dance I
2–3 hours lab, 0.5 – 1 unit
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 103 or Physical Education 103W.

This course is an introduction to all forms of Aerobic Dance and movement. Emphasis is placed on fundamental Aerobic Dance technique, vocabulary, and performance concepts. This course is the first in a series of four aerobic dance courses. It is designed for all students interested in Aerobics as a cardiovascular, movement-oriented sport. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

125B Aerobic Dance II
2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 125A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 103X.
This course provides introductory level students with knowledge and practice in more complicated beginning Aerobic Dance principles. Emphasis is placed on beginning Aerobic Dance technique, vocabulary, strength, and performance concepts. Other topics include additional dance vocabulary, expanded use of weights, and sports nutrition. This course is the second in a series of four aerobic dance courses. It is designed for all students interested in Aerobics as a cardiovascular, movement-oriented sport. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

125C Aerobic Dance III
2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 125B with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 103Y.
This course provides beginning level students with knowledge and practice in intermediate level, complex forms of Aerobic Dance, its variations, and directional changes. Cardio Kickboxing technique and plyometric moves are added for a diverse, dynamic workout. Emphasis is placed on intermediate level Aerobic Dance technique, vocabulary, and performance concepts. This course is the third in a series of four aerobic dance courses. It is designed for all students interested in Aerobics as a cardiovascular, movement-oriented sport, and who have taken the beginning level version of this class. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
125D Aerobic Dance IV
2–3 hours lab, 0.5 – 1 unit

Advisory: Exercise Science 125C with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 103Z.

This course provides intermediate level students with knowledge and practice in complex forms of advanced Aerobic Dance and its variations, such as Zumba and Cardio Kickboxing. Emphasis is placed on advanced levels of Aerobic Dance technique, vocabulary, and performance concepts. Other topics include advanced principles of body alignment such as movement combinations and jumps; advanced level plies such as sliding and jumping; and plyometrics. This course is the fourth in a series of four aerobic dance courses. It is designed for all students interested in Aerobics as a cardiovascular, movement-oriented sport, and who have taken the intermediate level version of this class. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

126A Cardio Conditioning I
2–3 hours lab, 0.5 – 1 unit

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 123 or Physical Education 123W.

This course provides instruction in the basic skills necessary to improve aerobic fitness, cardiovascular health, muscular endurance/strength, and static flexibility. Topics include fitness terminology, identifying individual fitness level and areas to improve, basic exercise programming, proper warm up/cool down and resting/exercise heart rate. This class is designed for students interested in a healthy lifestyle as well as kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

126B Cardio Conditioning II
2–3 hours lab, 0.5 – 1 unit

Advisory: Exercise Science 126A with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 123X.

This course provides instruction in exercise programming through moderately intense activities including cross training, basic boxing, plyometrics, speed and agility, core stability, dynamic flexibility and nutrition. This course is designed to provide students the opportunity to continue the fundamental principles of physical fitness and their impact on life-long health and wellness. When the course is offered three hours per week, the additional time is utilized for increasingly strenuous cardiovascular activities. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

126C Cardio Conditioning III
2–3 hours lab, 0.5 – 1 unit

Advisory: Exercise Science 126B with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 123Y.

This course is designed to provide students the opportunity to develop and implement a personalized fitness plan to help them pursue their lifelong commitment to life-long health and wellness. Topics include goal setting, training zones, and body specific training principles through moderate/highly intense activities. This class is designed for students interested in a healthy lifestyle as well as Kinesiology majors. When the course is offered three hours per week, the additional time is utilized for increasingly strenuous cardiovascular activities. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

126D Cardio Conditioning IV
2–3 hours lab, 0.5 – 1 unit

Advisory: Exercise Science 126C with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 123Z.

This course is the fourth in a series of Cardio Conditioning courses. Students develop, analyze and implement advanced group fitness plans. Topics include agility and jump training, running,
sports cross training, advanced core training, stress management and nutrition. Data gathering and assessment methods are also covered. This class is designed for students interested in a healthy lifestyle as well as Kinesiology majors. When the course is offered three hours per week, the additional time is utilized for increasingly strenuous cardiovascular activities. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**129A Step Aerobics I**

_2–3 hours lab, 0.5 – 1 unit_  
_Grade Only_

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 104.

This is the first in a series of step aerobics courses. Step aerobics is a rigorous exercise course designed to increase both the fitness levels of participating students and their understanding of what constitutes a safe and effective exercise program. This course is an introduction to cardiorespiratory fitness combined with basic step aerobic techniques, practices, and principles. Instruction includes basic step aerobic techniques and combination series of 8 count step movement routines. Instruction includes a balanced exercise program of basic step aerobics, toning, stretching, and relaxation along with discussion of related health topics. This course is designed for students pursuing a kinesiology major and those interested in increasing their cardiovascular fitness. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**129B Step Aerobics II**

_2–3 hours lab, 0.5 – 1 unit_  
_Grade Only_

Advisory: Exercise Science 129A with a grade of “C” or better, or equivalent.

This is the second in a series of step aerobics courses. Step aerobics is a rigorous exercise course designed to increase both the fitness levels of participating students and their understanding of what constitutes a safe and effective exercise program. Instruction includes a balanced exercise program of basic step routines with power alternatives, toning, stretching, and relaxation along with discussion of related health topics. This course is designed for students pursuing a kinesiology major and those interested in increasing their cardiovascular fitness and for those who are interested in creating their own basic fitness programs. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**130A Indoor Cycling I**

_1.5 – 3 hours lab, 0.5 – 1 unit_  
_Grade Only_

This course is the first in a series of Indoor Cycling courses. Emphasis is placed on instruction in the basic fundamentals necessary to improve indoor cycling techniques and improve cardiovascular/aerobic fitness. Topics include cycling terminology and ergonomics, overall fitness evaluation, various indoor cycling exercise regimens, and goal setting programs for individual health and fitness benefits. This class is designed for students interested in cardiovascular fitness improvement through indoor cycling (spinning). (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**130B Indoor Cycling II**

_1.5 – 3 hours lab, 0.5 – 1 unit_  
_Grade Only_

Advisory: Exercise Science 130A with a grade of “C” or better, or equivalent.

This course is the second in a series of Indoor Cycling courses. Emphasis is placed on beginning to intermediate cycling techniques, heart rate calculations, fitness evaluations, and cardiovascular training and program design. Beginning level principles of physiology are explored including how to train to elicit a desired physiological response. This class is designed for students interested in aerobic fitness improvement through indoor cycling as well as Kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**130C Indoor Cycling III**

_1.5 – 3 hours lab, 0.5 – 1 unit_  
_Grade Only_

Advisory: Exercise Science 130B with a grade of “C” or better, or equivalent.

This course is the third in a series of Indoor Cycling courses. Emphasis is based on intermediate to advanced cycling techniques, interval training, power cycling, and intermediate workload training. Intermediate level principles of physiology are explored including how to train within a workload range and why. This class is designed for students interested in aerobic fitness improvement through indoor cycling as well as Exercise Science or related majors. (FT) AA/AS; CSU; UC.
130D Indoor Cycling IV
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 130C with a grade of "C" or better, or equivalent.
This is the fourth course in a series of Indoor Cycling courses. Emphasis is placed on advanced cycling techniques, advanced interval training, advanced power cycling and advanced workload training. Advanced principles of physiology are explored including how to train within a workload and why. This class is designed for students interested in aerobic fitness improvement through advanced indoor cycling as well as Exercise Science or related majors. (FT) AA/AS; CSU; UC.

Anaerobic

134 Adapted Weight Training
2–3 hours lab, 0.5 – 1 unit
Grade Only
Limitation on Enrollment: A physician’s medical release form is required. This course is not open to students with previous credit for Physical Education 182.
This course is designed for students with disabilities as an introduction to progressive resistance training. Emphasis is placed on developing cardiorespiratory and muscle endurance, muscle strength and flexibility and a healthy body composition through individualized safe and beneficial exercise programming. The course includes exercises that focus on relaxation, joint mobility, body maintenance, and activities for daily living. A physician’s medical release is required. AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

135A Individual Conditioning I
2–3 hours lab, 0.5 – 1 unit
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 132 or Physical Education 132W.
This course provides individually programmed instruction in the fundamental skills and techniques of strength training and aerobic activity. The positive impact of physical education on health and wellness is explored and emphasized. This course is of particular interest to students wishing to enter the fields of sports medicine and athletics, as well as to students seeking to improve overall fitness. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

135B Individual Conditioning II
2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 135A with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 132X.
This course provides individually programmed instruction in the beginning level skills of the 5 components of fitness. Students learn proper body mechanics for basic movement patterns utilizing a variety of different training modalities. Beginning level principles of physiology is explored including how to train to elicit a desired physiological response. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

135C Individual Conditioning III
2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 135B with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 132Y.
This course provides individually programmed instruction in the intermediate principles of the 5 components of fitness. Students learn basic anatomy and build upon the principles of physiology learned in previous levels of this course to create both individual workouts and a long term workout plan to meet individualized conditioning goals. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

135D Individual Conditioning IV
2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 135C with a grade of "C" or better, or equivalent.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 132Z.

This course provides individually programmed instruction in the advanced principles of the 5 components of fitness. Students learn how to instruct others in proper movement patterns and body mechanics for several strength training and cardiovascular training modalities. Students utilize their knowledge of the advanced principles of anatomy and physiology to create a workout plan for another individual, identifying modifications, and variations of exercises depending on the unique needs of the subject they are designing a workout for. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

136A Off-Season Conditioning for Sport I
2–3 hours lab, 0.5 – 1 unit
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 165 or 191.

This course is designed to enhance the physical and mental skills needed to participate in intercollegiate sports activities. Emphasis is placed on weight training, running, skill development games, and individual development for sport. When this course is offered for one unit the additional time is utilized in the practice and perfection of individual sport-specific skills. This course is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

136B Off-Season Conditioning for Sport II
2–3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 136A with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 165 or 191.

This course provides intercollegiate athletes with individually programmed coaching in the fundamental skills of sports-specific training and aerobic conditioning. Through progressive inquiry and practice, students demonstrate more advanced levels of athletic performance. When this course is offered for one unit the additional time is utilized in the development and implementation of sport-specific exercise programs. This course is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

139A Weight Training I
2–3 hours lab, 0.5 – 1 unit
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 166 or Physical Education 166W.

This is the first in a series of progressive resistance training courses. Instruction includes proper methods of weight training, use of weight training machines, cardio exercise equipment, lifting of free weights, and warm up/cool down. Instruction also includes charting exercises, introduction to major muscle groups and the weight training exercises to improve strength and range of motion. This class is designed for students interested in a healthy lifestyle as well as exercise science majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

139B Weight Training II
2–3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 139A with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 166X.

This is the second in a series of progressive resistance training courses. Emphasis is placed on alternative training methods including circuit and interval training, hill climbing, and fat burning. This course includes basic nutrition to help build muscle and/or reduce body weight utilized in student development of a personal fitness program. This class is designed for students interested in a healthy lifestyle as well as exercise science majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

139C Weight Training III
2–3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 139B with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 166Y.

This is the third in a series of progressive resistance training courses. Emphasis is placed on the use of the weight training machines, cardio exercise
equipment, and Olympic lifts. This course covers alternate methods of resistance training including medicine balls, plyo balls, bosu balls, elastic cords, and TRX belts. This class is designed for students interested in a healthy lifestyle as well as exercise science majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

139D Weight Training IV
2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 139C with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 166Z.
This is the fourth in a series of progressive resistance training courses. This course covers the proper use of weight lifting machines, cardio exercise equipment, and alternate methods of resistance training and lifting of free weights. This class is designed for students interested in a healthy lifestyle as well as exercise science majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

140A Boot Camp I
2–3 hours lab, 0.5 – 1 unit
Grade Only
This course provides students with introductory level instruction in fundamental skills related to core strength, stability, and performance. Topics include physical readiness testing, proper exercise technique, and fundamental core and strength training using various training models derived from or inspired by military physical training techniques. This course is the first in a series of four boot camp physical training courses. It is intended for kinesiology majors and all students interested in comprehensive physical fitness training. All objectives are covered in this course whether offered for 0.5 or one unit. When this course is offered for one unit, the additional time is utilized for additional skills practice and refinement of exercise technique. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

140B Boot Camp II
2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 140A with a grade of “C” or better, or equivalent.

This course provides introductory students with beginning level instruction in fundamental skills related to core and unilateral strength, stability, and performance. Topics include core stability, targeted functional training, and various training models and fitness plans derived from or inspired by military physical training techniques. This course is the second in a series of four boot camp physical training courses. It is intended for kinesiology majors and all students interested in comprehensive physical fitness training. All objectives are covered in this course whether offered for 0.5 or one unit. When this course is offered for one unit, the additional time is utilized for additional skills practice and refinement of exercise technique. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

140C Boot Camp III
2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 140B with a grade of “C” or better, or equivalent.
This course provides beginning students with intermediate level instruction in fundamental skills related to core and unilateral strength, stability, and performance. Topics include core stability, targeted functional training, and various training models and fitness plans derived from or inspired by military physical training techniques. This course is the third in a series of four boot camp physical training courses. It is intended for kinesiology majors and all students interested in comprehensive physical fitness training. All objectives are covered in this course whether offered for 0.5 or one unit. When this course is offered for one unit, the additional time is utilized for additional skills practice and refinement of exercise technique. (FT) AA/AS; CSU; UC.

140D Boot Camp IV
2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 140C with a grade of “C” or better, or equivalent.
This course provides intermediate students with advanced level instruction in skills related to core
and unilateral strength, stability, and performance. Topics include core stability, targeted functional training, and various training models and fitness plans derived from or inspired by military physical training techniques. This course is the fourth in a series of four boot camp physical training courses. It is intended for kinesiology majors and all students interested in comprehensive physical fitness training. All objectives are covered in this course whether offered for 0.5 or one unit. When this course is offered for one unit, the additional time is utilized for additional skills practice and refinement of exercise technique. (FT) AA/AS; CSU; UC.

General Health

141A Total Body Conditioning I  
1.5 – 3 hours lab, 0.5 – 1 unit  
Grade Only

This course is the first in a series of total body conditioning courses. Emphasis is placed on developing proper training techniques necessary to improve muscular strength and endurance using compound and accessory exercises in rapid sequence. Topics will include identification of major movement patterns and modifications based on ability levels, basic strength exercises for muscle groups with emphasis on the core, and safety practices. When this course is offered for three hours per week, the additional time is utilized for skill development. This course is designed for kinesiology majors and all students interested in improving fitness. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

141B Total Body Conditioning II  
1.5 – 3 hours lab, 0.5 – 1 unit  
Grade Only

Advisory: Exercise Science 141A with a grade of “C” or better, or equivalent.

This course is the second in a series of total body conditioning courses. Emphasis is placed on improving muscular strength and endurance and cardiorespiratory endurance using compound and accessory exercises and cardiorespiratory intervals in rapid sequence. Topics will include identification of muscle groups used in single and multi-joint movement exercises, intermediate strength exercises for muscle groups with emphasis on functional exercises, and use of appropriate modifications for varying ability levels. When this course is offered for three hours per week, the additional time is utilized for skill development. This course is designed for kinesiology majors and all students interested in improving fitness. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

141C Total Body Conditioning III  
1.5 – 3 hours lab, 0.5 – 1 unit  
Grade Only

Advisory: Exercise Science 141B with a grade of “C” or better, or equivalent.

This course is the third in a series of total body conditioning courses. Emphasis is placed on improving muscular strength and endurance and cardiorespiratory endurance using compound and accessory exercises and cardiorespiratory intervals in rapid sequence. Topics will include understanding of advanced exercise techniques, advanced strength and plyometric exercises for muscle groups with emphasis on functional exercises. When this course is offered for three hours per week, the additional time is utilized for skill development. This course is designed for kinesiology majors and all students interested in improving fitness. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

144A Fitness Walking I  
2–3 hours lab, 0.5 – 1 unit  
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 154.

This course introduces students to various walking techniques and basic principles of aerobic and cardiovascular health. It is intended for Kinesiology majors and all students interested in a healthy lifestyle. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

145A Yoga I – Fundamentals of Yoga  
2–3 hours lab, 0.5 – 1 unit  
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 168.

This is the first of four levels of classes relating to yoga. This course is an introduction to fundamental yoga practices and principles. Instruction includes learning the fundamentals of yoga postures. The students will also gain a fundamental understanding of the practices of relaxation techniques and breathing practices. This course is designed for
students who want to increase health, longevity and who are interested in understanding the importance of the fitness aspect of their life. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

145B Yoga II – Beginning Yoga
2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 145A with a grade of "C" or better, or equivalent.
This is the second of four levels of classes relating to yoga. This course is an introduction to fundamentals of basic yoga practices and principles. Instruction includes basic yoga postures, guided relaxations, and breathing practices, as well as some basic stress reduction techniques. This course is designed for students interested in utilizing basic yoga and stress reduction techniques to help increase their health and longevity. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

145C Yoga III – Intermediate
2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 145B with a grade of "C" or better, or equivalent.
This is the third of four levels of classes relating to yoga. This course will cover intermediate yoga practices and principles including some intermediate inversions. Instruction includes intermediate yoga postures, guided relaxations, basic inversions, breathing practices, and basic partner yoga as well as stress reduction techniques and nutritional analysis. This course is designed for students interested in learning about both fitness and nutrition. The students will utilize intermediate yoga to help increase their health and longevity. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

145D Yoga IV – Advanced Level
2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 145C with a grade of "C" or better, or equivalent.
This is the fourth of four levels of classes relating to yoga. This course will cover advanced yoga practices and principles. Instruction includes advanced yoga postures, guided relaxations, inversions, breathing practices, and partner yoga as well as stress reduction techniques and nutritional analysis. This course is designed for students interested in developing their own workout regime utilizing advanced yoga to help increase their health and longevity. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

Martial Arts

147A Kickboxing I
2–3 hours lab, 0.5 – 1 unit
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 233.
This is the first in a series of kickboxing courses. Topics include fundamental kickboxing terminology, safety, physical fitness, and controlled sparring. Emphasis is placed on single strike upper body kickboxing combinations. This course is intended for all students interested in fundamental level kickboxing. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

147B Kickboxing II
2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 147A with a grade of "C" or better, or equivalent.
This is the second in a series of kickboxing courses. Topics include beginning kickboxing terminology, safety, physical fitness, and controlled sparring. Emphasis is placed on double strike kickboxing combinations that include the lower body. This course is intended for all students interested in beginning level kickboxing. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

147C Kickboxing III
2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 147B with a grade of "C" or better, or equivalent.
This is the third in a series of kickboxing courses. Topics include intermediate kickboxing terminology, safety, physical fitness, and controlled sparring.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
Emphasis is placed on triple strike kickboxing combinations that include the full body. This course is intended for all students interested in intermediate level kickboxing. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**147D Kickboxing IV**

2–3 hours lab, 0.5 – 1 unit  
Grade Only  
Advisory: Exercise Science 147C with a grade of “C” or better, or equivalent.  
This is the fourth in a series of kickboxing courses. Topics include advanced kickboxing terminology, safety, physical fitness, and controlled sparring. Emphasis is placed on four strike kickboxing combinations that include the full body. This course is intended for all students interested in advanced level kickboxing. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**148A Mixed Martial Arts I**

2–3 hours lab, 0.5 – 1 unit  
Grade Only  
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 232.  
This is the first in a series of mixed martial arts exercise courses. Emphasis is placed on fundamental mixed martial arts terminology, safety, self-defense, etiquette, punches, blocks, strikes, kicks, stances, pressure points, and forms. This course is intended for all students interested in fundamentals techniques including but not limited to Thai-boxing, judo, jiu jitsu, and boxing as referenced by the International Mixed Martial Arts Federation organization. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**148B Mixed Martial Arts II**

2–3 hours lab, 0.5 – 1 unit  
Grade Only  
Advisory: Exercise Science 148A with a grade of “C” or better, or equivalent.  
This is the second in a series of mixed martial arts exercise courses. Emphasis is placed on beginning mixed martial arts terminology, safety, self-defense, etiquette, punches, blocks, strikes, kicks, stances, pressure points, and forms. This course is intended for all students interested in beginning techniques including but not limited to Thai-boxing, judo, jiu jitsu, and boxing as referenced by the International Mixed Martial Arts Federation organization. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**148C Mixed Martial Arts III**

2–3 hours lab, 0.5 – 1 unit  
Grade Only  
Advisory: Exercise Science 148B with a grade of “C” or better, or equivalent.  
This is the third in a series of mixed martial arts exercise courses. Emphasis is placed on intermediate mixed martial arts terminology, safety, self-defense, etiquette, punches, blocks, strikes, kicks, stances, pressure points, and forms. This course is intended for all students interested in intermediate techniques including but not limited to Thai-boxing, judo, jiu jitsu, and boxing as referenced by the International Mixed Martial Arts Federation organization. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**148D Mixed Martial Arts IV**

2–3 hours lab, 0.5 – 1 unit  
Grade Only  
Advisory: Exercise Science 148C with a grade of “C” or better, or equivalent.  
This is the fourth in a series of mixed martial arts exercise courses. Emphasis is placed on advanced mixed martial arts terminology, safety, self-defense, etiquette, punches, blocks, strikes, kicks, stances, pressure points, and forms. This course is intended for all students interested in advanced techniques including but not limited to Thai-boxing, judo, jiu jitsu, and boxing as referenced by the International Mixed Martial Arts Federation organization. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**Badminton**

**154A Badminton I**

2–3 hours lab, 0.5 – 1 unit  
Grade Only  
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 108.  
This course provides instruction and court experience in the skills, strategies and rules necessary to play badminton at the novice level. Instruction includes the basic strokes, vocabulary and sportsmanship. This course is intended for novice level badminton players. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
**Baseball**

**156A Baseball I**

2–3 hours lab, 0.5 – 1 unit  
Grade Only  

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 111. This course is designed to introduce the student to the game of baseball at the college level. Emphasis is placed on fielding ground balls, base running, outfield play, and the techniques and practice of bunting, including the sacrifice bunt, drag bunt, and push bunt. Topics also include the history of baseball, rules, terminology, safety procedures, values, and etiquette. This course is intended for novice level baseball players. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**156B Baseball II**

1.5 – 3 hours lab, 0.5 – 1 unit  
Grade Only  

**Advisory:** Exercise Science 156A with a grade of “C” or better, or equivalent.  
This beginning level course in baseball is designed to continue the skill development in baseball and to introduce students to the concepts of wellness and a healthy lifestyle through baseball activities. Emphasis is placed on the batting stance and batters swing techniques, including balance, base, front side direction, contact position, and vision. Topics include ball flight, pitch selection, location recognition, count management, body weight transition, and contact point. Baseball fitness is included and encompasses cardio conditioning, plyometrics, and stretching as they pertain to the sport. This course is intended for intermediate level baseball players. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**156C Baseball III**

1.5 – 3 hours lab, 0.5 – 1 unit  
Grade Only  

**Advisory:** Exercise Science 156B with a grade of “C” or better, or equivalent.  
This intermediate-advanced level course in baseball provides instruction and practice in specialty defense such as bunt coverages, cuts and relays, first and third situations, and pick-off plays. Students practice and analyze specialty defensive situations to improve overall defensive awareness on the baseball field and to become a more well-rounded defensive player. Topics include terminology, pre-pitch preparation, foot work, body position before and during game play, and the fundamentals of playing catch. Baseball fitness includes cardio conditioning,
plyometrics, and stretching as they pertain to the sport. This course is intended for intermediate-advanced level baseball players. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

156D Baseball IV

1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 156C with a grade of “C” or better, or equivalent.
This advanced level course in baseball is designed for students to apply both offensive and defensive baseball skills in competition. Emphasis is placed on instruction and practice in game situations through inner squad games arranged between teams made up of class members. The mental aspect of the game is explored and applied throughout the course. This course is intended for advanced baseball players.
(FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

Basketball

158A Basketball I

2–3 hours lab, 0.5 – 1 unit
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 112.
This course introduces students to the game of basketball. Instruction includes basic individual offensive and defensive fundamental skills, history of the game, terminology, rules, etiquette, proper warm-up and cool down and safety. Emphasis is placed on games using less than full teams and half court situations. This course is designed for anyone who has an interest in playing basketball. When this course is offered for three hours per week, the additional time is utilized on individual development of technique and performance. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

158B Basketball II

2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 158A with a grade of “C” or better, or equivalent.
This course provides the opportunity to improve individual beginning skills and introduces individual offensive moves and team concepts. Topics include transition basketball, team offense and defense as well as theories of basketball conditioning. Emphasis is placed on 5-5 play and full court situations and strategies of team play. This class is designed for those with a basic knowledge and ability to play basketball. When this course is offered for three hours per week, the additional time is utilized on individual development of technique and performance. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

158C Basketball III

2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 158B with a grade of “C” or better, or equivalent.
This course provides students the opportunity to improve individual intermediate skills through self analysis of strengths and weaknesses and introduces full court pressure play. Students are expected to write programs to improve individual skills. Topics include full court zone and man pressure, full court offense and specialty plays. Emphasis is placed on skill work drills, 5-5 play and full court situations. This class is designed for those that have above an intermediate knowledge and skill level in basketball. When this course is offered for three hours per week, the additional time is utilized on individual analysis of technique and performance. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

158D Basketball IV

2–3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 158C with a grade of “C” or better, or equivalent.
This course provides students the opportunity to develop technical skills necessary to coach the game of basketball and stresses the development of advanced skills and team play. Topics include analysis of team play, writing a practice plan, how to scout an opponent and evaluation of individual play. Emphasis is placed on skill work drills and full court tournament play. This class is designed for those that have an intermediate knowledge of basketball and possess an advanced skill level. When this course is offered for three hours per week, the additional time is utilized on individual analysis of technique and performance. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
Diving

160A Springboard Diving I
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 119.
This course is an introduction to springboard diving with progressive skill development in performing dives from five different categories. Standardized skill progressions are used for level one dives. This course is intended for all students interested in springboard diving. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

160B Springboard Diving II
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 160A with a grade of “C” or better, or equivalent.
This course is the beginning level of springboard diving with progressive skill development in performing dives from five different categories. Standardized skill progressions are used for level two forward, backward, inward, reverse and twisting dives with a somersault. This course is intended for all students interested in springboard diving. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

160C Springboard Diving III
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 160B with a grade of “C” or better, or equivalent.
This course is the intermediate level of springboard diving with progressive skill development in performing dives from five different categories. Standardized skill progressions are used for intermediate level three forward, backward, inward, reverse and twisting dives with one and a half somersaults. This course is intended for all students interested in springboard diving. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

160D Springboard Diving IV
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 160C with a grade of “C” or better, or equivalent.
This course is the advanced level of springboard diving with progressive skill development in performing dives from five different categories. Standardized skill progressions are used for level four forward, backward, inward, reverse and twisting dives with two and a half to three and a half somersaults. This course is intended for all students interested in springboard diving. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

Football

164A Football I
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 125.
This first level of football explores the fundamental skills and techniques for team play including blocking, tackling, passing, catching, running, and offensive and defensive positioning at the college introductory level. Team skills as well as game strategies are covered. This course is intended for all students interested in playing the game of football. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

164B Football II
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 164A with a grade of “C” or better, or equivalent.
This second level of football explores the beginning skills and techniques for team play emphasizing receiver, running back, linebacker, defensive back, defensive and offensive line drills. Team skills as well as game strategies are covered. This course is intended for all students interested in playing intercollegiate football and kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
164C Football III
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 164B with a grade of "C" or better, or equivalent.
This third level of football explores the intermediate skills and techniques for team play emphasizing making adjustments to multiple offensive and defensive schemes. Team skills as well as game strategies are covered. This course is intended for all students interested in playing the game of football or kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

164D Football IV
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 164C with a grade of "C" or better, or equivalent.
This fourth level of football explores the advanced skills and techniques for team play emphasizing situational strategies and real time adjustments for offense and defense. Team skills as well as game strategies are covered. This course is intended for all students interested in playing the game of football or kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

Golf
166A Golf I
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 126.
This course provides golf instruction and practice. Emphasis is placed on the fundamentals of the grip, stance, alignment, and the techniques and practice of the short game strokes of pitching, chipping and putting. Topics include the rules, terminology, safety procedures, values, etiquette, equipment, and history of golf. This course is designed for all students interested in playing golf as part of a fitness lifestyle or kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

166B Golf II
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 166A with a grade of "C" or better, or equivalent.
This course provides golf instruction and practice. Emphasis is placed on techniques of the full swing with irons, hybrids, fairway metals and drivers. Topics include golf fitness, stretching and the principles of warm-up as well as golf club selection and use. This course is designed for all students interested in playing golf as part of a fitness lifestyle or kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

166C Golf III
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 166B with a grade of "C" or better, or equivalent.
This course provides golf instruction and practice. Emphasis is placed on techniques of the full swing with irons, hybrids, fairway metals and drivers. Topics include golf fitness, stretching and the principles of warm-up as well as golf club selection and use. This course is designed for all students interested in playing golf as part of a fitness lifestyle or kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

166D Golf IV
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 166C with a grade of "C" or better, or equivalent.
This course provides golf instruction and practice. Emphasis is placed on playing strategies, analysis of golf rounds for strengths and weaknesses, student analysis of several different golf swings, and the handicap system. Stroke and Match plays are arranged between class members to develop playing strategies in competition. This course is designed for all students interested in playing golf as part of a fitness lifestyle and kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
Gymnastics

168A Gymnastics I
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 171. This course is an introduction to gymnastics with progressive skill development in performing fundamental routines for gymnastic events. Emphasis is placed on gymnastics vocabulary, safety, injury prevention, balance and body alignment. This course is intended for all students interested in gymnastics or those that are kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

168B Gymnastics II
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

*Advisory:* Exercise Science 168A with a grade of “C” or better, or equivalent. This course is the second of four courses in gymnastics with progressive skill development focusing on beginning routines for gymnastics. Emphasis is placed on gymnastics vocabulary, safety, injury prevention, balance and body alignment. This course is intended for all students interested in gymnastics and for those that are kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

168C Gymnastics III
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

*Advisory:* Exercise Science 168B with a grade of “C” or better, or equivalent. This course is the third of four courses in gymnastics with progressive skill development focusing on level three routines for multiple apparatuses. Emphasis is placed on gymnastics vocabulary, safety, injury prevention, balance and body alignment. This course is intended for all students interested in gymnastics and kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

168D Gymnastics IV
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

*Advisory:* Exercise Science 168C with a grade of “C” or better, or equivalent. This course is the fourth level of gymnastics with progressive skill development in multiple events. Emphasis is placed on the performance of optional routines. This course is intended for all students interested in gymnastics or kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

Pickelball

179A Pickelball I
3 hours lab, 0.5 – 1 unit
Grade Only

*Advisory:* Exercise Science 179A with a grade of “C” or better, or equivalent. This course is an introduction to the sport of pickelball. Emphasis is placed on the fundamental pickelball techniques, rules and etiquette needed to play pickelball with no prior experience. When the course is offered for three hours per week, the additional time is utilized for stroke development and application of strategies in playing situations. This course is designed for kinesiology majors and all students interested in the sport of pickelball. AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

179B Pickleball II
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

*Advisory:* Exercise Science 179A with a grade of “C” or better, or equivalent. This course provides instruction and on-court experience in the skills, strategies, rules and etiquette necessary to play pickelball at a beginner level, including both singles and doubles. No prior experience is required, although a background in other racquet sports such as tennis, racquetball or badminton is helpful. When the course is offered for three hours per week, the additional time is utilized for stroke development and application of strategies in playing situations. This course is designed for kinesiology majors and all students interested in the sport of pickelball. AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
**179C Pickleball III**  
1.5 – 3 hours lab, 0.5 – 1 unit  
**Grade Only**  
*Advisory: Exercise Science 179B with a grade of “C” or better, or equivalent.*  
This course provides instruction and on-court experience in the skills, strategies, rules and etiquette necessary to play pickleball at an intermediate level, including both singles and doubles. Completion of Pickleball I or II is not required, but recommended. A background in other racquet sports such as tennis, racquetball or badminton is helpful. When the course is offered for three hours per week, the additional time utilized for stroke development and application of strategies in playing situations. AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**179D Pickleball IV**  
1.5 – 3 hours lab, 0.5 – 1 unit  
**Grade Only**  
*Advisory: Exercise Science 179C with a grade of “C” or better, or equivalent.*  
This course provides instruction and on-court experience in the skills, strategies, rules and etiquette necessary to play pickleball at an advanced level, including both singles and doubles. Completion of Pickleball 3 is highly recommended. A background in other racquet sports such as tennis, racquetball or badminton is helpful. When the course is offered for three hours per week, the additional time is utilized for stroke development and application of strategies in playing situations, including tournaments. This course is designed for kinesiology majors and all students interested in the sport of pickleball. AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**Soccer**

**174A Soccer I**  
1.5 – 3 hours lab, 0.5 – 1 unit  
**Grade Only**  
*Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 149 or Physical Education 149W.*  
This course provides instruction in basic soccer skill technique, strategies, etiquette and rules necessary to play soccer at the novice level. Topics include basic dribbling, heading and collection with the soccer ball. Students also define, apply and interpret the basic rules and safety procedures within the game of soccer. This class is designed for students interested in an active lifestyle as well as for Kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**174B Soccer II**  
1.5 – 3 hours lab, 0.5 – 1 unit  
**Grade Only**  
*Advisory: Exercise Science 174A with a grade of “C” or better, or equivalent.*  
*Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 149X.*  
This course provides instruction in soccer technique, tactics, and physical skills necessary to play soccer at the beginning level. Topics include dribbling skills including scissors and Matthews moves, passing techniques and turning while collecting a soccer ball. Students also define and apply methods of scoring, set pieces and principles of team defense within the game of soccer. This class is designed for students interested in an active lifestyle as well as Kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**174C Soccer III**  
1.5 – 3 hours lab, 0.5 – 1 unit  
**Grade Only**  
*Advisory: Exercise Science 174B with a grade of “C” or better, or equivalent.*  
*Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 149Y.*  
This course provides instruction in individual soccer techniques, tactics, and physical skills necessary to play soccer at the intermediate level. Topics include shooting from both close and far distances, lofted passing techniques and offensive heading of the soccer ball. Students also define, apply and interpret methods of creating space, both offensively and defensively as an individual player. This class is designed for students interested in an active lifestyle as well as Kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**174D Soccer IV**  
1.5 – 3 hours lab, 0.5 – 1 unit  
**Grade Only**  
*Advisory: Exercise Science 174C with a grade of “C” or better, or equivalent.*
**Softball**

**176A Softball I**

2–3 hours lab, 0.5 – 1 unit  
Grade Only

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 149Z.

This course provides instruction in team soccer techniques, tactics, physical skills, etiquette, and rules necessary to play soccer at the advanced level. Topics include building the offensive through the back, playing through the midfield and attacking from the central and flank positions. Students also define and apply methods of zonal defending and defending various systems of play as a team. This class is designed for students interested in an active lifestyle as well as Kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**176B Softball II**

2–3 hours lab, 0.5 – 1 unit  
Grade Only

*Advisory:* Exercise Science 176A with a grade of “C” or better, or equivalent.

This course provides instruction to continue the development of the beginning skills of throwing, catching, running, hitting, and rules of play of softball as well as individual and team skill development and strategies involved in competitive game situations. This course is intended for all students interested in softball. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**176C Softball III**

2–3 hours lab, 0.5 – 1 unit  
Grade Only

*Advisory:* Exercise Science 176B with a grade of “C” or better, or equivalent.

This course provides instruction to develop the intermediate skills of throwing, catching, running, hitting, and rules of play of softball, as well as, individual and team skill development and strategies involved in competitive game situations. This course is intended for all students interested in softball. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**176D Softball IV**

2–3 hours lab, 0.5 – 1 unit  
Grade Only

*Advisory:* Exercise Science 176C with a grade of “C” or better, or equivalent.

This course provides instruction to develop the advanced skills of throwing, catching, running, hitting and rules of play of softball, as well as, advanced individual and team skill development and strategies involved in competitive game situations. This course is intended for all students interested in softball. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**Tennis**

**178A Tennis I**

2–3 hours lab, 0.5 – 1 unit  
Grade Only

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 159 and 159W.

This course is the first in a series of four courses in tennis. Emphasis is placed on introductory level skills, strokes, strategies, rules and etiquette. This course is intended for kinesiology majors and all students interested in incorporating the game of tennis into an active lifestyle. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**178B Tennis II**

2–3 hours lab, 0.5 – 1 unit  
Grade Only

*Advisory:* Exercise Science 178A with a grade of “C” or better, or equivalent.

This course provides instruction to continue the development of the basic skills of tennis, strokes, strategies, rules and etiquette. This course is intended for kinesiology majors and all students interested in incorporating the game of tennis into an active lifestyle. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 159X.
This course is the second in a series of four courses in tennis. Emphasis is placed on beginning level skills, strokes, strategies, rules and etiquette as they relate to tournament play. This course is intended for kinesiology majors and all students interested in incorporating the game of tennis into an active lifestyle. All objectives are covered in this course whether offered for 0.5 or 1.0 unit. When this course is offered for three hours per week, the additional time is utilized for skill development. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

178C Tennis III

2–3 hours lab, 0.5 – 1 unit

Advisory: Exercise Science 178B with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 159Y.

This course is the third in a series of four courses in tennis. Emphasis is placed on intermediate level skills, strokes, strategies, rules and etiquette as they relate to league and tournament play. This course is intended for kinesiology majors and all students interested in incorporating the game of tennis into an active lifestyle. All objectives are covered in this course whether offered for 0.5 or 1.0 unit. When this course is offered for three hours per week, the additional time is utilized for skill development and strategies. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

178D Tennis IV

2–3 hours lab, 0.5 – 1 unit

Advisory: Exercise Science 178C with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 159Z.

This course is the fourth in a series of four courses in tennis. Emphasis is placed on advanced skills, strokes, strategies, rules and etiquette as they relate to singles and doubles tournament play. This course is intended for kinesiology majors and all students interested in incorporating the game of tennis into an active lifestyle. All objectives are covered in this course whether offered for 0.5 or 1.0 unit. When this course is offered for three hours per week, the additional time is utilized for skill development and strategies. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

Track and Field

180A Track and Field I

1.5 – 3 hours lab, 0.5 – 1 unit

Grade Only

Advisory: Exercise Science 178B with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 160 or Exercise Science 180.

This course is designed as an introduction to the fundamentals of track and field. Emphasis is placed on safety, form and techniques related to throwing, jumping and running events. This course is intended for anyone interested in track and field or Kinesiology Majors. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

180B Track and Field II

1.5 – 3 hours lab, 0.5 – 1 unit

Grade Only

Advisory: Exercise Science 180A with a grade of “C” or better, or equivalent.

This course provides instruction and practice in advanced beginner skills and techniques of all track and field events. Emphasis is placed on creating a conditioning program involving event-specific running and event technique and drills. This course is intended for anyone interested in track and field or those majoring in kinesiology. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

180C Track and Field III

1.5 – 3 hours lab, 0.5 – 1 unit

Grade Only

Advisory: Exercise Science 180B with a grade of “C” or better, or equivalent.

This course provides instruction and practice in intermediate skills and techniques of all track and field events. Emphasis is placed on creating a conditioning program involving event-specific running and event technique and drills. This course is intended for anyone interested in track and field or those majoring in kinesiology. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.
180D Track and Field IV

1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 180C with a grade of “C” or better, or equivalent.
This course provides instruction and practice in advanced skills and techniques of all track and field events. Emphasis is placed on creating a conditioning program involving event-specific running and event technique and drills. This course is intended for anyone interested in track and field or those majoring in kinesiology. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

Volleyball

182A Volleyball I

1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 161.
This course is the first of four courses in volleyball. Emphasis is placed on introductory level skills, basic rules, strategies and etiquette. This course is intended for Kinesiology majors and all students interested in incorporating the sport of volleyball into an active lifestyle. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

182B Volleyball II

1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 182A with a grade of “C” or better, or equivalent.
The course is the second of four courses in volleyball. Emphasis is placed on beginning level skills and offensive and defensive systems as they relate to team play. This course is intended for Kinesiology majors and all students interested in incorporating the sport of volleyball into an active lifestyle. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

182C Volleyball III

1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 182B with a grade of “C” or better, or equivalent.
This course is the third of four courses in volleyball. Emphasis is placed on intermediate level individual offensive and defensive skills. Topics include offensive team systems and options, and defensive theory and team systems as they relate to league play. This course is intended for Kinesiology majors and all students interested in incorporating the sport of volleyball into an active lifestyle. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

182D Volleyball IV

1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 182C with a grade of “C” or better, or equivalent.
This course is the fourth of four courses in volleyball. Emphasis is placed on advanced level individual offensive and defensive skills. Topics include diversified offensive and defensive team systems as they relate to intercollegiate and international level volleyball. This course is intended for Kinesiology majors and all students interested in incorporating the sport of volleyball into an active lifestyle. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

183A Beach Volleyball I

1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

This course if the first of four courses in beach volleyball. Emphasis is placed on volleyball terminology, introductory level skills, improvement of cardiovascular/aerobic fitness, basic rules, safety procedures, strategies and etiquette. This course is intended for kinesiology majors and all students interested in incorporating the sport of beach volleyball into an active lifestyle. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

183B Beach Volleyball II

1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only

Advisory: Exercise Science 183A with a grade of “C” or better, or equivalent.
This course is the second of four courses in beach volleyball. Emphasis is placed on beginning level skills and offensive and defensive systems as they
Exercise Science (EXSC)

relate to team play. This course is intended for Kinesiology majors and all students interested in incorporating the sport of volleyball into an active lifestyle. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

183C Beach Volleyball III
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 183B with a grade of “C” or better, or equivalent.
This is the third of four courses in beach volleyball. Topics include intermediate skill development, introduction to plyometric training, team strategies on offense and defense. This course is intended for kinesiology majors and all students interested in incorporating the sport of beach volleyball into an active lifestyle. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

183D Beach Volleyball IV
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 183C with a grade of “C” or better, or equivalent.
This is the fourth of four courses in beach volleyball. Topics include advanced skill development, introduction to plyometric training, team strategies on offense and defense. This course is intended for kinesiology majors and all students interested in incorporating the sport of beach volleyball into an active lifestyle. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

Water Polo

184A Water Polo I
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 163.
This course is an introduction to water polo. Emphasis is placed on fundamental water polo techniques and introductory level skills, including picking up a ball in the water, passing, receiving, shooting, dribbling, and playing in a game. Other topics include introductory level offensive and defensive positioning and movements; team strategies; and rules of play. This course is the first in a series of four water polo courses. It is intended for students interested in the sport of water polo. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

184B Water Polo II
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 184A with a grade of “C” or better, or equivalent.
This course provides beginning level knowledge and practice in the sport of water polo. Emphasis is placed on beginning level water polo techniques and skills, including picking up a ball in the water, passing, receiving, shooting, dribbling, and playing in a game. Other topics include: beginning level offensive and defensive positioning and movements, team strategies and rules of play. This course is the second in a series of four water polo courses. It is intended for students interested in the sport of water polo. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

184C Water Polo III
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 184B with a grade of “C” or better, or equivalent.
This course provides intermediate level knowledge and practice in the sport of water polo. Emphasis is placed on intermediate level water polo techniques and skills, including picking up a ball in the water, passing, receiving, shooting, dribbling, and playing in a game. Other topics include: intermediate level offensive and defensive positioning and movements; team strategies; and rules of play. This course is the third in a series of four water polo courses. It is intended for students who have been playing water polo for more than 6 months. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

184D Water Polo IV
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Advisory: Exercise Science 184C with a grade of “C” or better, or equivalent.
This course provides students with advanced level knowledge and practice in the sport of water polo. Emphasis is placed on advanced level water polo techniques and skills, including passing, receiving, shooting, dribbling, and playing in a game. Other topics include: advanced level offensive and defensive positioning and movements; team strategies; and rules of play. This course is the fourth
in a series of four water polo courses. It is intended for students who have been playing water polo for more than 12 months. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**Intercollegiate Athletics**

**200 Intercollegiate Badminton I**

96–175 hours lab, 2 – 3.5 units

**Grade Only**

**Advisory:** Exercise Science 154A with a grade of “C” or better, or equivalent or previous competitive badminton experience.

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 200.

This is a course for students competing in their first intercollegiate badminton season. The course is offered in the spring semester and may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**201 Intercollegiate Badminton II**

96–175 hours lab, 2 – 3.5 units

**Grade Only**

**Advisory:** Exercise Science 200 with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 201.

This is a course for students competing in their second intercollegiate badminton season. The course is offered in the spring semester and may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**202 Intercollegiate Baseball I**

96–175 hours lab, 2 – 3.5 units

**Grade Only**

**Advisory:** Exercise Science 230A with a grade of “C” or better, or equivalent Theories and Strategies of Baseball I.

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 202.

This course is intended for the first season of intercollegiate competition. Baseball skills and game strategies are at a more advanced level of participation than those of an introductory course in baseball. This course may be taken two times for credit. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**203 Intercollegiate Baseball II**

96–175 hours lab, 2 – 3.5 units

**Grade Only**

**Advisory:** Exercise Science 230B with a grade of “C” or better, or equivalent Theories and Strategies of Baseball II.

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 203.

This course is intended for the second season of intercollegiate competition. Baseball skills and game strategies are at the advanced levels of participation. This course may be taken two times for credit. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**204 Intercollegiate Basketball I**

96–175 hours lab, 2 – 3.5 units

**Grade Only**

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 204.

This course is intended for the first season of intercollegiate competition. Basketball skills and game strategies are at a more advanced level of participation than those of an introductory course in basketball. This course may be taken two times for credit. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**205 Intercollegiate Basketball II**

96–175 hours lab, 2 – 3.5 units

**Grade Only**

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 205.

This course is intended for the second season of intercollegiate competition. Basketball skills and game strategies are at the advanced levels of participation. This course may be taken two times for credit. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

(FT) = A field trip may be required for this course.

AA/AS = Associate Degree Applicable

CSU = California State University Applicable

UC = University of California Applicable

Milestone formerly referred to as Skill Level
for credit. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

206 Intercollegiate Cross-Country I
96–175 hours lab, 2 – 3.5 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 206. This course is for students participating in their first season of intercollegiate cross-country competition. This course may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

207 Intercollegiate Cross Country II
96–175 hours lab, 2 – 3.5 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 207. This course is for students participating in their second season of intercollegiate cross-country competition. This course may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

210 Intercollegiate Football I
96–175 hours lab, 2 – 3.5 units
Grade Only

Advisory: Completion of or concurrent enrollment in Exercise Science 233B with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 210. A physician’s medical release form is required. This course is designed for students in their first season of intercollegiate football. Topics include fundamental skills of play for offense/defense and special teams. This course may be taken two times for credit. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

211 Intercollegiate Football II
96–175 hours lab, 2 – 3.5 units
Grade Only

Advisory: Completion of or concurrent enrollment in Exercise Science 233B with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 211. A physician’s medical release form is required. This course is designed for students in their second season of intercollegiate football. Topics include fundamental skills of play for offense/defense and special teams. This course may be taken two times for credit. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

214 Intercollegiate Soccer I
96–175 hours lab, 2 – 3.5 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 214. This is a course in which students competing in their first intercollegiate soccer season learn and practice the techniques and strategies necessary for successful participation. The topics covered are fundamental through advanced skills as well as offensive and defensive strategies. This course is offered separately for men and women in the fall semester. This course may be taken two times for credit. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

215 Intercollegiate Soccer II
96–175 hours lab, 2 – 3.5 units
Grade Only

Advisory: Concurrent enrollment in Exercise Science 234B with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 215. This is a course in which students competing in their second intercollegiate soccer season of competition learn and practice the techniques and strategies necessary for successful participation. Those topics covered are fundamental through advanced soccer skills and both offensive and defensive strategies. This course is offered separately for both men and women in the Fall semester. This course may be taken two times for credit. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
216 Intercollegiate Softball I  
96–175 hours lab, 2 – 3.5 units  
Grade Only  

Limitation on Enrollment: A physician’s medical release form is required. This course is not open to students with previous credit for Physical Education 216. This course is designed for students competing in their first intercollegiate softball season. Students will learn and practice the techniques and strategies necessary for successful participation. Those topics covered are fundamental through advanced softball skills and offensive and defensive strategies. Students must demonstrate increased softball skill proficiency and skill attainment with each repetition. This course may be taken two times for credit. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

217 Intercollegiate Softball II  
96–175 hours lab, 2 – 3.5 units  
Grade Only  

Limitation on Enrollment: A physician’s medical release form is required. This course is not open to students with previous credit for Physical Education 217. This course is designed for students competing in their second intercollegiate softball season. Students will learn and practice the techniques and strategies necessary for successful participation. Those topics covered are fundamental through advanced softball skills and offensive and defensive strategies. Students must demonstrate increased softball skill proficiency and skill attainment with each repetition. This course may be taken two times for credit. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

218 Intercollegiate Swimming I  
96–175 hours lab, 2 – 3.5 units  
Grade Only  

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 218. A physician’s medical release form is required. This course is designed for students to compete in men’s and women’s intercollegiate varsity swimming and diving competition. This course may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

219 Intercollegiate Swimming II  
96–175 hours lab, 2 – 3.5 units  
Grade Only  

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 219. A physician’s medical release form is required. This course is designed for students to compete in a second semester of men’s and women’s intercollegiate varsity swimming and diving competition. This course may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

220 Intercollegiate Tennis I  
96–175 hours lab, 2 – 3.5 units  
Grade Only  

Advisory: Exercise Science 178D with a grade of “C” or better, or equivalent or previous competitive tennis experience.  

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 220. This is a course for students competing in their first intercollegiate tennis season. This course is offered in the spring semester for men and women and may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

221 Intercollegiate Tennis II  
96–175 hours lab, 2 – 3.5 units  
Grade Only  

Advisory: Exercise Science 220 with a grade of “C” or better, or equivalent.  

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 221. This is a course for students competing in their second intercollegiate tennis season. This course is offered in the spring semester for men and women and may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
Exercise Science (EXSC)

222 Intercollegiate Track and Field I

96–175 hours lab, 2 – 3.5 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 222. This course is for students competing in their first season of intercollegiate track and field. This course may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

223 Intercollegiate Track and Field II

96–175 hours lab, 2 – 3.5 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 223. This course is for students competing in their second season of intercollegiate track and field. This course may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

224 Intercollegiate Volleyball I

96–175 hours lab, 2 – 3.5 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 224. This is the first course in intercollegiate volleyball competition. Topics include analyses of team offensive and defensive systems. This course is designed to prepare advanced volleyball students for intercollegiate competition. This course is offered in the fall and spring semester and may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

225 Intercollegiate Volleyball II

96–175 hours lab, 2 – 3.5 units
Grade Only

Advisory: Exercise Science 224 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 225. This is the second course in intercollegiate volleyball competition. This course is offered in the fall and spring semester and may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

226 Intercollegiate Water Polo I

96–175 hours lab, 2 – 3.5 units
Grade Only

Prerequisite: Exercise Science 226 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 226. This course is designed for men and women participating in intercollegiate water polo competition. Topics include fundamental techniques of water polo, individual and team offensive tactics, individual and team defensive tactics, and rules of play. This course is designed to improve student proficiency and skill level with each repetition and may be taken two times for credit. It is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

227 Intercollegiate Water Polo II

96–175 hours lab, 2 – 3.5 units
Grade Only

Prerequisite: Exercise Science 226 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 227. This course is designed for men and women participating in intercollegiate water polo competition. Topics include advanced techniques of water polo, advanced individual and team offensive tactics, advanced individual and team defensive tactics, and further study in rules of play. This course is designed to improve student proficiency and skill level with each repetition and may be taken two times for credit. It is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
228A Intercollegiate Sand Volleyball I
96–175 hours lab, 2 – 3.5 units
Grade Only
This is the first course in intercollegiate sand volleyball competition. Topics include analyses of individual and team strategies. This course is designed for students interested in competing in sand volleyball at a collegiate-level. Students must pass the sports physical administered by the team physician prior to competition. This course may be taken two times for credit. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

228B Intercollegiate Sand Volleyball II
96–175 hours lab, 2 – 3.5 units
Grade Only
Advisory: Exercise Science 228A with a grade of “C” or better, or equivalent.
This is the second course in intercollegiate sand volleyball competition. Topics include analyses of individual and team strategies. This course is designed for students interested in competing in sand volleyball at a collegiate-level. Students must pass the sports physical administered by the team physician prior to competition. This course may be taken two times for credit. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

Fitness Specialist Certificate Courses

270 Exercise Science Internship / Work Experience
60–300 hours other, 1–4 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 270.
This course provides on-the-job learning experience for students employed in an exercise science-related job or internship. Students develop workplace competencies, critical thinking skills, and problem solving abilities through the creation and achievement of job-related behavioral learning objectives. One unit of credit may be earned for each 75 hours of paid employment or 60 hours of volunteer work. This course may be taken up to four times. However, the combined maximum credit for all Work Experience courses from all subject areas may not exceed 16 units. This course is intended for students majoring in Exercise Science or those interested in the fitness, health, and wellness industry. This includes but is not limited to the fields of personal training, physical therapy, strength and conditioning, health and wellness coaching, and yoga teaching. (FT) AA/AS; CSU.

280 Applied Exercise Physiology
2 hours lecture, 2 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 280.
This course is an introduction to how the body functions under conditions of exercise stress and how fitness behaviors affect health and wellness. Emphasis is placed on muscular, cardiorespiratory, and other physiological processes that occur as a result of exercise conditioning, as well as their effects on disease risk. This course is intended for students seeking certification as personal trainers. (FT) AA/AS; CSU.

281 Applied Kinesiology
2 hours lecture, 2 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 281.
This course is a study of movement as it relates to exercise under both normal and injury conditions. Students learn the practical implications of exercise on bones, joints, nerves, and muscles. Emphasis is placed on applying body alignment, range of motion, stabilization, and acceleration principles to the development of exercise programs. This course is intended for students seeking certification as personal trainers. (FT) AA/AS; CSU.

282 Techniques of Weight Training
2 hours lecture, 2 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 282.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
This course is an introduction to teaching techniques in weight training. Topics include anatomy, physiology, training sequences, equipment options, safety factors, and contraindications. This course is intended for students seeking certification as personal trainers. (FT) AA/AS; CSU.

283 Exercise and Fitness Assessment
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 283.
This course prepares students to assess and evaluate exercise and fitness parameters. Topics include the measurement and evaluation of cardiorespiratory endurance; muscular strength and endurance; flexibility; body fat; pulmonary function; and blood pressure. Emphasis is placed on determining the appropriate test, conducting the test, interpreting the results, and creating an exercise program. This course is intended for students seeking certification as personal trainers. (FT) AA/AS; CSU.

284 Fitness and Sports Nutrition
2 hours lecture, 2 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 284.
This course covers the basic principles of nutrition and the ramifications of nutrition on sports activities. Topics include general nutrition, nutritional considerations for optimal sports performance, and weight control. This course is intended for students seeking certification as personal trainers. (FT) AA/AS; CSU.

285 Exercise for Special Populations
2 hours lecture, 2 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 285.
This course presents exercise implications for special populations related to age, medical condition, and level of fitness. Emphasis is placed on cardiac conditions; diabetes; obesity; physical disabilities; Human Immunodeficiency Virus (HIV) and Acquired Immune Deficiency Syndrome (AIDS); asthma; and sensory impairments. Issues and barriers to exercise are included for each of the following groups: seniors; children; athletes; the mentally impaired; and pregnant and postpartum women. This course is intended for students seeking certification as personal trainers. (FT) AA/AS; CSU.

286 Techniques of Exercise Leadership
1.75 hours lecture, 0.75 hours lab, 2 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 286.
This course provides students with the principles and techniques involved in developing a personal trainer/client relationship. Emphasis is placed on client assessment, communication skills, program design, exercise adherence, teaching strategies, and professional responsibility and liability. This course is intended for students seeking certification as personal trainers. (FT) AA/AS; CSU.

288 Personal Training Professional Preparation
1 hour lecture, 1 unit
Grade Only
Advisory: Concurrent enrollment in Exercise Science 270 with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 287, Physical Education 288 or Exercise Science 287.
This course is designed to provide students in the Personal Trainer Certificate Program with practical experience in the field of exercise and fitness. Emphasis is placed on participant screening, evaluation, and exercise program design; self-marketing; trainer/client relationships; and professional responsibility in a fitness setting. (FT) AA/AS; CSU.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor. This course is not open to students with previous credit for Physical Education 290.
This course is for students who wish to conduct additional research, a special project, or learning activities in the field of exercise science. It is not intended to replace an existing course in the discipline. In this course students will have a written contract with their instructor for activities such as: preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. (FT) AA/AS; CSU.
294 Health and Wellness Coaching
3 hours lecture, 3 units
Grade Only
This course provides students with the theoretical knowledge and practical skills required to be a health and wellness coach. Emphasis is placed on effective coach-to-client communication techniques as well as the fundamentals of the behavioral, nutritional, and physiological sciences as they relate to health and wellness coaching. Topics include screening and assessment, guidelines for designing and implementing safe, effective, progressive purposeful exercise programs, legal, professional ethics responsibility and liability, and roles of the health/wellness coach. This course is intended for students who are interested in health and wellness in addition to students who are preparing for the American Council on Exercise’s (ACE) national examination for Health Coach Certification. To be eligible to take the certification exam, students must have passed a personal training or group exercise certification from the National Commission for Certifying Agencies (NCCA), which include the American Council of Exercise (ACE), American College of Sports Medicine (ACSM), and National Strength and Conditioning Association (NSCA). (FT) AA/AS; CSU.

298 Applications of Health and Wellness Coaching
1.5 – 3 hours lab, 0.5 – 1 unit
Grade Only
Prerequisite: Exercise Science 294 with a grade of “C” or better, or equivalent.
This course helps students enhance their coaching skills with practice coaching sessions and instructor feedback. It also covers the ethical and legal implications of health and wellness coaching. This course is designed to provide students in the Health and Wellness Coaching Program with practical experience in the field of wellness coaching. (FT) AA/AS; CSU.

Exercise Science Theory Classes

230A Theories and Strategies of Baseball I
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: Concurrent enrollment in Exercise Science 202 or Exercise Science 203, each with a grade of “C” or better, or equivalent.

230B Theories and Strategies of Baseball II
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: Exercise Science 230A with a grade of “C” or better, or equivalent.
Advisory: Concurrent enrollment in Exercise Science 202 or Exercise Science 203, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 252A.

230B Theories and Strategies of Baseball II
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 252A.
This course provides instruction to develop the fundamental skills of throwing, catching, running, hitting, and the rules of NCAA baseball as well as strategies used during game competition. Sport specific speed and strength development is emphasized. This course is intended for intercollegiate baseball players only. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

231A Theories and Strategies of Basketball I
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 252A.
This course covers the theoretical concepts necessary for students to compete successfully in their first intercollegiate basketball season. Topics include rules, game strategies, history, and game preparation. The physiological requirements for the intercollegiate athlete and importance of nutritional components for optimal performance are emphasized. Separate sections of this course are

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
offered for men and women. The course is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**231B Theories and Strategies of Basketball II**  
1.5 hours lecture, 1.5 hours lab, 2 units  
**Grade Only**

**Advisory:** Exercise Science 231A with a grade of “C” or better, or equivalent.

**Advisory:** Concurrent enrollment in Exercise Science 205 with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 251B.

This course covers advanced theoretical concepts and techniques for intercollegiate basketball competition. Topics include advanced team strategies, efficient basketball conditioning techniques, goals for game preparation, and leadership qualities for basketball. Concepts of team building and social skills necessary for success at the intercollegiate level are also emphasized. Separate sections of this course are offered for men and women. The course is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC. for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**232A Professional Activities/Cross Country I**  
1.5 hours lecture, 1.5 hours lab, 2 units  
**Grade Only**

**Advisory:** Completion of or concurrent enrollment in Exercise Science 206 with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 258A.

This course introduces students to the development of skills for cross country running as well as biomechanics, exercise physiology, workout design, scouting, and procedures for administering a college cross country meet. The course is designed for students who are participating in this sport and for those who may be interested in coaching cross country teams. (FT) AA/AS; CSU; UC.

**232B Professional Activities/Cross Country II**  
1.5 hours lecture, 1.5 hours lab, 2 units  
**Grade Only**

**Advisory:** Completion of or concurrent enrollment in Exercise Science 207 with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 258B.

This course covers the development of advanced skills in cross country running, including techniques of biomechanics, exercise physiology, workout design, and scouting. Emphasis is placed on procedures for administering college cross country meets and coaching techniques. This course is designed for second-year students who are participating in this sport and for those who are interested in coaching cross-country teams. (FT) AA/AS; CSU; UC.

**233A Theories and Strategies of Intercollegiate Football I**  
1.5 hours lecture, 1.5 hours lab, 2 units  
**Grade Only**

**Advisory:** Concurrent enrollment in Exercise Science 210.

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 250A.

This course is designed for students competing in their first intercollegiate football season. Emphasis is on theoretical concepts necessary for successful participation. Topics include analysis of fundamentals used on offense/defense, special teams and also strategies, rules, and officiating. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

**233B Theories and Strategies of Intercollegiate Football II**  
1.5 hours lecture, 1.5 hours lab, 2 units  
**Grade Only**

**Advisory:** Concurrent enrollment in Exercise Science 211 with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 250B.

This course in the theory and strategies of intercollegiate football is offered in the Fall semester and emphasizes advanced game skills, tactics, rules officiating, and organizational procedures. Students develop social skills and team building techniques required for success on the football team. This course is designed for students involved in intercollegiate football. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
234A Theories and Strategies of Soccer I
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 257A.

This course covers the theoretical concepts necessary for students to compete successfully in their first intercollegiate soccer season. Topics include mechanical analysis of fundamental through advanced soccer skills, offensive and defensive strategies, statistics, rules, and officiating. Separate sections of this course are offered for men's soccer and women's soccer. The course is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

234B Theories and Strategies of Soccer II
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 257B.

This course covers advanced theoretical concepts and techniques for intercollegiate soccer competition. Topics include advanced team strategies, efficient conditioning techniques, goals for game preparation, and leadership qualities. Concepts for team building and social skills necessary for success at the intercollegiate level are emphasized. Separate sections of this course are offered for men's soccer and women's soccer. The course is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

235A Theories and Strategies of Softball I
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only

Advisory: Concurrent enrollment in Exercise Science 216 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 253A.

This course explores a variety of softball strategies and techniques focusing on the development of offensive and defensive strategies, rules, officiating, video review, and mechanical analysis of fundamentals through advanced softball skills. The course is open to students interested in participating in intercollegiate softball or kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

235B Theories and Strategies of Softball II
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only

Advisory: Concurrent enrollment in Exercise Science 217 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 253B.

This course develops both mental and physical competency with emphasis on advanced skill, mechanics, rules, offensive and defensive strategies, officiating, facilities, video review, organizational procedures and physiological aspects of the game as they relate to college softball. The course is open to students interested intercollegiate softball and kinesiology majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

236A Theories and Strategies of Beach Volleyball I
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only

Advisory: Completion of or concurrent enrollment in: Exercise Science 228A with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 253A.

This course covers theoretical concepts necessary for successful participation in beach volleyball. Topics covered include mechanical analysis of fundamentals through advanced beach volleyball skills, offensive/defensive strategies, court etiquette, rules and officiating. This course is designed for students competing on the intercollegiate beach volleyball team and those interested in the sport of beach volleyball. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
236B Theories and Strategies of Beach Volleyball II
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: Completion of or concurrent enrollment in: Exercise Science 228B with a grade of "C" or better, or equivalent.
This course covers advanced theoretical concepts necessary for successful participation in beach volleyball. Topics include advanced team strategies, efficient beach volleyball conditioning techniques, goals for game preparation, and leadership qualities for beach volleyball. Concepts of team building and social skills necessary for success at the intercollegiate level are also emphasized. This course is designed for students competing on the intercollegiate beach volleyball team and those interested in the sport of beach volleyball. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

237A Theories and Strategies of Tennis I
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 248A.
This course covers the theoretical concepts necessary for students to compete successfully in their first intercollegiate tennis season. Topics covered include mechanical analysis of fundamental through advanced tennis skills, offensive and defensive strategies, statistics, and rules. This course is offered separately for men and women who are interested in competing at the intercollegiate level. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

237B Theories and Strategies of Tennis II
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 248B.
This course further develops the theoretical and practical skills necessary for students to compete successfully in their second intercollegiate tennis season. Emphasis is placed on advanced offensive and defensive tennis skills and strategies. This course is offered separately for men and women who are interested in competing at the intercollegiate level. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

238A Theories and Strategies/Track and Field I
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: Concurrent enrollment in Exercise Science 222 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 254A.
This course is a practical application of track and field program management. Emphasis is placed on team development, competition scheduling, site preparation, and teaching the principles of track and field. This course is offered during Spring semester for students enrolled in a first intercollegiate track and field season. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

238B Theories and Strategies/Track and Field II
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: Exercise Science 238A with a grade of "C" or better, or equivalent.
Advisory: Completion of or concurrent enrollment in Exercise Science 223 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 254B.
This course is an advanced application of track and field program management. Emphasis is placed on skills, tactics, officiating, facilities, video review and organizational procedures for administrating a college track and field meet. This course is offered during the Spring semester for students enrolled in a second intercollegiate track and field season. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

239A Theories and Strategies of Intercollegiate Volleyball I
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: Concurrent enrollment in Exercise Science 224 or Exercise Science 225.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 255A.
This is a course in which students competing in their first intercollegiate volleyball season learn the theoretical concepts necessary for successful participation. Topics covered include mechanical
analysis of fundamentals through advanced volleyball skills, offensive/defensive strategies, statistics, rules, and officiating. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

239B Theories and Strategies of Intercollegiate Volleyball II
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: Exercise Science 239A with a grade of “C” or better, or equivalent.
Advisory: Concurrent enrollment in Exercise Science 225 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 255B.
This is a course in which students competing in their second intercollegiate volleyball season learn the theoretical concepts necessary for successful participation. Topics covered include officiating, statistics, concepts for team building, goals for game preparation, leadership, and social skills for success at the intercollegiate level. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

240 Physical Education in the Elementary Schools
3 hours lecture, 1 hour lab, 3 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 240.
This course includes a brief study of the growth, development and characteristics of the elementary school child. The elements of written lesson plans, units, evaluations and various forms of testing are covered. The teaching of fundamental skills, rhythms, dance and games based on sound physiological principles for this age group is emphasized. The positive impact of physical education on health and wellness, in addition to, academic achievement is explored. Students gain knowledge and understanding of the physiological and sociological effects of alcohol, narcotics, drugs and tobacco and of ways to identify, refer, and support students and their families who may be at risk of physical, psychological, emotional or social health problems. Actual teaching situations are experienced in the lab sessions. This course is designed to fulfill lower division preparation for the kinesiology major or for students interested in elementary education. (FT) AA/AS; CSU.

241B Introduction to Kinesiology
3 hours lecture, 3 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 241B.
This introductory course covers the professional career options, history, basic philosophy, and principles of kinesiology. Other topics include current and emerging issues in foods and nutrition. This course is intended for Kinesiology majors or anyone exploring opportunities in the fields of health, wellness, physical activity, nutrition, or sport. (FT) AA/AS; CSU; UC; C-ID KIN 100.

242B Care and Prevention of Injuries
3 hours lecture, 3 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 242, 242B or Exercise Science 289.
This course covers the theory and practice of emergency field care and basic athletic first aid. Topics include prevention and care of common athletic injuries, bandaging and/or taping techniques. This course is designed for students interested in athletic training, coaching of sports and majoring in Physical Education, Kinesiology and Exercise Science. (FT) AA/AS; CSU; UC.

243A Theories and Strategies of Water Polo I
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: Completion of or concurrent enrollment in Exercise Science 226 with a grade of “C” or better, or equivalent.
This course covers the theoretical concepts necessary for students to compete successfully in their first intercollegiate water polo season. Topics include rules, game strategies, history, and game preparation. The physiological requirements for the intercollegiate athlete and importance of nutritional components for optimal performance

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
are emphasized. Separate sections of this course are offered for men and women. The course is intended for intercollegiate water polo athletes. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

243B Theories and Strategies of Water Polo II  
1.5 hours lecture, 1.5 hours lab, 2 units  
Grade Only

Advisory: Completion of or concurrent enrollment in Exercise Science 227 with a grade of “C” or better, or equivalent.

This course covers advanced theoretical concepts and techniques for intercollegiate water polo competition. Topics include advanced team strategies, efficient water polo conditioning techniques, goals for game preparation, and leadership qualities for water polo. Concepts of team building and social skills necessary for success at the intercollegiate level are also emphasized. Separate sections of this course are offered for men and women. The course is intended for intercollegiate water polo athletes. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

244A Theories and Strategies of Swimming and Diving I  
1.5 hours lecture, 1.5 hours lab, 2 units  
Grade Only

Advisory: Completion of or concurrent enrollment in Exercise Science 218 with a grade of “C” or better, or equivalent.

This course covers the theoretical concepts necessary for students to compete successfully in their first intercollegiate swimming and diving season. Topics covered include rules, history, race tactics, individual and team training and strategies. The physiological requirements for the intercollegiate athlete and importance of nutritional components for optimal performance are emphasized. Separate sections of this course are offered for men and women. The course is intended for intercollegiate athletes and students who may be interested in coaching swimming and diving teams. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

244B Theories and Strategies of Swimming and Diving II  
1.5 hours lecture, 1.5 hours lab, 2 units  
Grade Only

Advisory: Completion of or concurrent enrollment in Exercise Science 219 with a grade of “C” or better, or equivalent.

This course covers advanced theoretical concepts and techniques for intercollegiate swimming and diving competition. Emphasis is placed on team development, competition scheduling, site preparation, and teaching the principles of swimming and diving program management. Topics include advanced team strategies, officiating, facilities, and organizational procedures for administrating a college swimming and diving meet. Concepts of team building, leadership and social skills necessary for success at the intercollegiate level are also emphasized. Separate sections of this course are offered for men and women. This course is designed for second-year students who are participating in this sport and for those who are interested in coaching swimming and diving. (FT) AA/AS; CSU; UC, or UC Transfer Limitations see a Counselor or reference ASSIST.org.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Fashion (FASH)

105 Introduction to Fashion  
3 hours lecture, 3 units  
Grade Only

Advisory: English 101 with a grade of “C” or better, or equivalent.

This course is a survey of the fashion industry. Emphasis is placed on all aspects of the fashion field including the designing, manufacturing, retailing, and promotion. Students develop a vocabulary of fashion terminology and an awareness of the relationship of fashion trends to current economic and social factors relating to men's, women's and children's clothing. The global nature of fashion is also discussed. This course is designed for anyone
interested in pursuing a career in fashion. (FT) AA/AS; CSU.

108 Analysis, Evaluation, and Comparison of Ready-to-Wear Fashion

3 hours lecture, 3 units
Grade Only

Advisory: Concurrent enrollment in Fashion 105.
This course provides an analysis of the quality of materials, design, and construction in ready-to-wear garments. Topics also include sizing, fit, selling points and buying benefits. This course designed for fashion merchandising majors and marketing students interested in the ready-to-wear and retail industry. (FT) AA/AS; CSU.

109 Fashion Product Development

2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only

Prerequisite: Fashion 105 and Fashion 108, or Fashion 130, each with a grade of “C” or better, or equivalent.
Advisory: Fashion 140, Fashion 176, and Computer Business Technology 140, each with a grade of “C” or better, or equivalent.
In this course students learn the processes of sourcing and product development for apparel businesses. The focus includes research, development, and execution of a production-ready prototype and its technical package. Included are techniques in building a technical package, approving samples, pattern adjustment and appropriate fit. This course is designed for students enrolled in the Fashion Merchandising program and those interested in fashion product development. (FT) AA/AS; CSU.

110 Fashion Buying/Management

3 hours lecture, 3 units
Grade Only

This course is a study and practical application of buying for a variety of retail concerns. Emphasis is placed on the role of the buyer in maximizing sales, managing inventories, negotiating with vendors, and creating customer satisfaction through providing desired merchandise assortments. Topics also include the principles of retail accounting as they apply to the role of the buyer. This course is designed for fashion merchandising and business students and anyone interested in exploring retail buying as a career. (FT) AA/AS; CSU.

111 Fashion E-commerce

3 hours lecture, 3 units
Grade Only

Advisory: Fashion 105, Fashion 110, Fashion 175, or Fashion 179, each with a grade of “C” or better, or equivalent.
This course is a study and practical applications necessary for E-Commerce fashion business. Emphasis is on planning, creation and management of an E-Commerce site for a fashion-related business. Topics include research analysis, development of an online identity, site planning, and the processes involved in building, managing, and marketing an online web store. This course is designed for fashion merchandising and business students, anyone interested in exploring E-Commerce as a career. (FT) AA/AS; CSU.

112 Fashion Promotion

3 hours lecture, 3 units
Grade Only

Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a study of fashion promotion. Emphasis is placed on marketing fashion through promotional events. Students conceptualize, plan, budget, promote and direct fashion activities in the community and on campus. Topics also include publicity, event advertising, and community presentations. This course is intended for fashion majors and students interested in fashion promotion. (FT) AA/AS; CSU.

113 Fashion Event Planning and Production

1.5 hours lecture, 1.5 units
Grade Only

In this course students learn the process of planning and producing fashion events currently utilized in the fashion industry. Additionally, students effectively plan and execute a fashion-related community event. This course is designed for students seeking skills in event management. (FT) AA/AS; CSU.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
115 Visual Merchandising
3 hours lecture, 3 units
Grade Only
This course is a study of the processes required to plan, coordinate and build visual displays for the fashion industry. Emphasis is placed on the principles and elements of design. This course is designed for students interested in creating fashion displays. (FT) AA/AS; CSU.

120 Fashion History and Trends
3 hours lecture, 3 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a survey of the evolution of clothing styles throughout history from the Egyptian period to the present. Emphasis is placed on the relation of recurring style trends to contemporary fashion. This course is designed for fashion design majors and anyone interested in costuming, museum work or fashion in history. (FT) AA/AS; CSU.

121 Ethnic Costume: Overview of History and Design
1 hour lecture, 1 unit
Grade Only
This course provides a basic overview of ethnic costume from around the world. Emphasis is placed on silhouette, cut, and embellishment. This course is designed for students interested in broadening their appreciation of global traditional dress. (FT) AA/AS; CSU; UC.

122 Ethnic Costume
3 hours lecture, 3 units
Grade Only
This course is an in-depth study of ethnic costume from around the world. Emphasis is placed on the interrelationship of history, geography and anthropology on the dress of various cultures. Costumes are studied in terms of styling, fabrication, embellishment and local influences, such as the arts and crafts practiced by the group. This course is designed for students in multiple disciplines who are interested in gaining an appreciation of world costume, past and present. (FT) AA/AS; CSU; UC.

123 Introduction to Costume Development
2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only
Advisory: Fashion 120, Fashion 130, Fashion 131, Fashion 141, and Fashion 145, each with a grade of “C” or better, or equivalent.
In this course students learn the process of costuming for theatre and stage. They study the various approaches to costuming and will research, design, draft/drape and construct a costume from a period of history, suitable for the stage. Analysis, sketching, pattern drafting/draping and construction skills will be utilized. This course is designed for Fashion students interested in costume development. (FT) AA/AS; CSU.

124 Costume Understructures
0.5 hours lecture, 1.5 hours lab, 1 unit
Grade Only
Prerequisite: Fashion 130, Fashion 130L, and Fashion 140, each with a grade of “C” or better, or equivalent.
Advisory: Fashion 145 with a grade of “C” or better, or equivalent.
This course focuses on the history and design of understructures that altered the fashion silhouette. Students will research, design, and construct a period-appropriate understructure utilizing appropriate fabrics and techniques. This course is suitable for anyone interested in working in costuming within the theatre and entertainment industries. (FT) AA/AS; CSU.

125 Fashion Selection
3 hours lecture, 3 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a study of the cultural, psychological and sociological aspects of clothing, including art elements and principles of design as they relate to clothing selection. Emphasis is placed on wardrobe planning, buying practices, and standards of quality. This course is intended for Fashion Design majors and students interested in wardrobe planning. AA/AS; CSU.

130 Apparel Construction I
3 hours lecture, 3 units
Grade Only
Corequisite: Fashion 130L.
This course is a study of basic apparel construction using standard and industry methods. Emphasis is placed on garment construction, sewing equipment
operation and maintenance, and analysis of fitting problems. This course is intended for all fashion design majors and is open to students interested in fitting and constructing clothing. (FT) AA/AS; CSU.

**130L Apparel Construction I Laboratory**  
3 hours lab, 1 unit  
Grade Only  
Corequisite: Fashion 130.  
Limitation on Enrollment: This course is not open to students with previous credit for Fashion 199A. This laboratory course provides hands-on experience in basic apparel construction. Students apply standard and industry methods to construct garments and maintain and operate sewing equipment. This course is designed for all fashion design majors and is open to students interested in fitting and constructing clothing. (FT) AA/AS; CSU.

**131 Apparel Construction II**  
3 hours lecture, 3 units  
Grade Only  
Prerequisite: Fashion 130 with a grade of "C" or better, or equivalent.  
Corequisite: Fashion 131L.  
This course is a study of advanced apparel construction. Emphasis is placed on current fabrics and techniques used in contemporary ready-to-wear and couture. This course is intended for all fashion design majors and is open to students interested in fitting and constructing clothing. (FT) AA/AS; CSU.

**131L Apparel Construction II Laboratory**  
3 hours lab, 1 unit  
Grade Only  
Corequisite: Fashion 131.  
Limitation on Enrollment: This course is not open to students with previous credit for Fashion 199C.  
This course provides hands-on experience in advanced ready-to-wear and couture apparel construction. Students apply advanced standard and industry methods to construct advanced-level garments. This course is designed for all fashion design majors and is open to students interested in fitting and constructing clothing. (FT) AA/AS; CSU.

**135 Tailoring**  
3 hours lecture, 3 units  
Grade Only  
Prerequisite: Fashion 131 with a grade of "C" or better, or equivalent.  
Advisory: English 101 with a grade of "C" or better, or equivalent.  
This course presents various tailoring techniques. Emphasis is placed on tailoring and fitting a coat or jacket utilizing a commercial pattern. This course is intended for students majoring in fashion design. (FT) AA/AS; CSU.

**140 Clothing Design and Flat Pattern I**  
2.5 hours lecture, 1.5 hours lab, 3 units  
Grade Only  
Corequisite: Completion of or concurrent enrollment in Fashion 130 with a grade of "C" or better, or equivalent.  
This course is a study of clothing design through flat pattern making. Students make patterns by manipulation of a basic sloper to create a variety of designs. This course is designed for all fashion design majors and students interested in creating original clothing designs. (FT) AA/AS; CSU.

**141 Clothing Design and Flat Pattern II**  
2.5 hours lecture, 1.5 hours lab, 3 units  
Grade Only  
Prerequisite: Fashion 140 with a grade of "C" or better, or equivalent.  
This course is an advanced study of the clothing design through flat pattern making and drafting. Emphasis is placed on the principles of design and the application of those techniques in developing, fitting, and constructing original garments. This course is intended for fashion design majors and students interested in creating original clothing designs. (FT) AA/AS; CSU.

**142 Fashion Illustration & Technical Sketching**  
3 hours lecture, 3 units  
Grade Only  
This course is a practical study of fashion illustration techniques for drawing the elongated figure (croquis) and technical flats. Emphasis is placed on the use of the croquis to interpret and draw garment shapes. Art media focus on graphite, grayscale marker technique, and stylist pen. This course is intended for fashion design majors. (FT) AA/AS; CSU.

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable  
Milestone formerly referred to as Skill Level
143 Advanced Fashion Illustration and Technical Sketching
1.5 hours lecture, 1.5 units
Grade Only
Prerequisite: Fashion 142 with a grade of “C” or better, or equivalent.
This advanced course continues development of individualized sketching style by perfecting the elongated fashion croquis, production technical flats, and exploring portfolio ready theme presentation boards. Advanced color marker and color pencil media techniques are developed for rendering a variety of fabric textures. This course is intended for fashion design majors. (FT) AA/AS; CSU.

145 Clothing Design Through Draping
3 hours lecture, 3 units
Grade Only
Prerequisite: Fashion 130 and Fashion 140, each with a grade of “C” or better, or equivalent.
Corequisite: Fashion 145L.
This course is a study of the terminology and basic techniques of fabric draping. Students drape and fit fabrics on a three-dimensional form, design patterns and construct original garments from these patterns. This course is designed for fashion design majors and any student interested in expanding design skills. (FT) AA/AS; CSU.

145L Clothing Design Through Draping Laboratory
3 hours lab, 1 unit
Grade Only
Corequisite: Fashion 145.
Limitation on Enrollment: This course is not open to students with previous credit for Fashion 199B.
This laboratory course provides hands-on experience in basic draping. Students apply industry methods to drape three-dimensional designs. This course is designed for all fashion design majors and is open to students interested in draping for the fashion industry. (FT) AA/AS; CSU.

147 Stretch Knits: Design and Construction
0.5 hours lecture, 1.5 hours lab, 1 unit
Grade Only
Prerequisite: Fashion 130, and Fashion 140, each with a grade of “C” or better, or equivalent.
This course focuses on the design and construction of stretch knit clothing. Students learn to evaluate knit fabrics and to draft appropriate patterns. Specialty construction techniques are covered. This course is suitable for Fashion students interested in working in the knitwear, activewear, swimwear, or costuming industries. (FT) AA/AS; CSU.

150 Advanced Fashion Design
3 hours lecture, 3 units
Grade Only
Prerequisite: Fashion 130, Fashion 140, and Fashion 142 or Fashion 176, and Fashion 145, or Fashion 141, or Fashion 171, each with a grade of “C” or better, or equivalent.
This course covers advanced principles of designing, creating and producing original garments for specific customer markets. Students develop a collection of original garments for presentation to the fashion industry. This course is intended for fashion design majors. AA/AS; CSU.

155 Fashion Field Studies
3–12 hours lab, 1–4 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a field study of the fashion industry. Emphasis is placed on field trip outings to a variety of fashion merchandising and design businesses in San Diego and Los Angeles, and/or other domestic markets. This course is designed for students majoring in fashion and those who wish to explore employment opportunities in the fashion industry. (FT) AA/AS; CSU.

156 International Fashion Field Studies: Overview
3 - 12 hours lab, 1–4 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a field study of the international fashion industry. Emphasis is placed on an overview of the international fashion world with visits to textile, manufacturing, design, merchandising and retail operations abroad. This course is designed for students majoring in fashion who wish to experience fashion from a global perspective. (FT) AA/AS; CSU.

157 International Field Studies: Focused Study
3–12 hours lab, 1–4 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a field study of special topics in the international fashion industry. Emphasis is placed
on expanding one’s knowledge in a focused way through experiences abroad with global fashion design, merchandising, technology and business operations. This course is intended for students majoring in fashion who wish to explore an area of the international fashion industry in greater depth. (FT) AA/AS; CSU.

158 Fashion Field Studies: Trade Shows/Markets

3 - 12 hours lab, 1–4 units
Graded Only

Corequisite: Completion of or concurrent enrollment in Fashion 110 or Fashion 190 or Fashion 130 and Fashion 140, each with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a study of fashion industry trade shows. Emphasis is placed on field trip outings to a variety of domestic fashion industry trade shows. This course is designed for students majoring in fashion and those who wish to explore the resources available for fashion designers, retailers, buyers and manufacturers. (FT) AA/AS; CSU.

160 Millinery Techniques

1 hour lecture, 1 unit
Graded Only

This course is a study of millinery design. Emphasis is placed on the use of millinery techniques to create a brimless hat. This course is for all students preparing for a career in the fashion industry, costume design, or millinery or anyone interested in hat making. (FT) AA/AS; CSU.

161 Millinery Flat Pattern Design

1 hour lecture, 1 unit
Graded Only

This course is a study of millinery design through flat pattern making. Students design and construct hats by utilizing a pattern to create a variety of styles. This course is designed for students preparing for a career in the fashion industry, costume design or millinery, and any student interested in hat making. (FT) AA/AS; CSU.

162 Millinery Blocking

1 hour lecture, 1 unit
Graded Only

This course is a study of millinery design through blocking techniques. Students construct an original hat design using the blocking techniques. This course is designed for students preparing for a career in the fashion industry, costume design, or millinery and anyone interested in hat making. (FT) AA/AS; CSU.

166 Fitting Techniques and Alterations

3 hours lecture, 3 units
Graded Only

Prerequisite: Fashion 130, Fashion 130L, and Fashion 140, each with a grade of “C” or better, or equivalent. This course covers the process of fitting patterns to the body. Topics include taking accurate body measurements, pattern alterations, solving typical fit issues, and altering ready-to-wear (RTW) for fit. This course is intended for fashion design majors and professionals who want to update their technical skills. (FT) AA/AS; CSU.

168 Textiles

3 hours lecture, 3 units
Graded Only

Limitation on Enrollment: This course is not open to students with previous credit for Consumer Studies 140.
This course includes core information, analysis and testing of natural and man-made fibers, yarn and textile construction, fabric finishing and design. Challenges in identification, selection, use and care of textiles is covered. This course is intended for students majoring in Fashion Merchandising or Fashion Design, as well as for those who desire to be better consumers of textile products. (FT) AA/AS; CSU.

169 Textile Design Practicum

2.5 hours lecture, 1.5 hours lab, 3 units
Graded Only

This course covers an in-depth study and execution of skills utilized create original textile fabrics and embellishments. Emphasis is placed on the historical and current traditions of design and the practical techniques required to create and embellish fabrics. Students will execute a variety of techniques through the creation of projects in the areas of dyeing, printing, and surface design. This course is intended for students interested in creating original (FT) AA/AS; CSU.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
170 Textile Design
1 hour lecture, 1 unit
**Grade Only**

*Limitation on Enrollment:* This course is not open to students with previous credit for Fashion 265. This course covers a variety of textile and surface design techniques that are used to create original textile fabrics. Emphasis is placed on textile design terminology as well as dyeing, printing, and surface embellishment techniques. This course is intended for students interested in creating original fabrics for use in fashion, theatre and interiors. (FT) AA/AS; CSU.

171 Computer Flat Pattern Design I
3 hours lecture, 3 units
**Grade Only**

*Prerequisite:* Fashion 140 with a grade of “C” or better, or equivalent.
This course is a study of pattern drafting by computer utilizing software designed for small business use. Emphasis is placed on various approaches to garment design and pattern drafting. Topics include comparisons between hand-drafting techniques and computer-aided techniques, pattern packet preparation and copying ready-to-wear garments. This course is intended for fashion design students and students interested in creating original patterns for small business purposes. (FT) AA/AS; CSU.

172 Computer Flat Pattern Design II
3 hours lecture, 3 units
**Grade Only**

*Prerequisite:* Fashion 171 with a grade of “C” or better, or equivalent.
This course is a study of pattern drafting by computer utilizing industrial software for apparel production in the fashion industry. Students may utilize computer peripherals to facilitate the pattern drafting process. This course is intended for fashion design students. (FT) AA/AS; CSU.

173 Fashion Marketing on the Internet
1 hour lecture, 1 unit
**Grade Only**

*Advisory:* Fashion 105 and 175, each with a grade of “C” or better, or equivalent.
This course is a study of fashion marketing on the Internet. Emphasis is placed on the development of webpages and a survey of social media used to promote business in the fashion field. Students develop a marketing plan and web site structure for a fashion-oriented business and create a simple web site that effectively markets a fashion or design product. This course is intended for fashion students and anyone interested in promoting a fashion business. (FT) AA/AS; CSU.

175 Computer Fashion Design: Adobe Photoshop
2 hours lecture, 3 hours lab, 3 units
**Grade Only**

In this class, students draw and design apparel garments and fashion illustrations by computer utilizing Adobe Photoshop. Emphasis is placed on computer graphic techniques that facilitate fashion design, fabric development and rendering, and garment merchandising. Students build digital presentations and utilize a variety of digital imagery sources as aids to the design process. This course is designed for students majoring in the fashion design and merchandising and all students interested in design and computer graphics. (FT) AA/AS; CSU.

176 Computer Fashion Design: Adobe Illustrator
2 hours lecture, 3 hours lab, 3 units
**Grade Only**

This course offers hands-on instruction on the use of Adobe Illustrator software to design fashion drawings and technical drawings pertaining to fashion. Computer techniques involving object-oriented design include fashion figure and flat garment drawing, fabric design/rendering and technical drawing. Students integrate image processing and presentation software, digital and other peripheral equipment with Illustrator. This course is intended for fashion and computer fashion technology students and anyone interested in design and computer graphics. (FT) AA/AS; CSU.

178 Computer Publishing and Portfolio
2 hours lecture, 3 hours lab, 3 units
**Grade Only**

This course is a practical study of graphic and publishing software used to create fashion brochures, flyers, newsletters, business materials and other documents related to fashion marketing and promotion. Students prepare electronic presentations and portfolios. This course is intended for all students in the design field. (FT) AA/AS; CSU.
179 Fashion Photo Styling
3 hours lecture, 3 units
Grade Only

This course is a practical study of photo styling and the role of photography in fashion marketing. Emphasis is placed on simulating the daily work of a photo stylist, including styling techniques, self-promotion and business management. Students create a portfolio of work based on common photo styling projects. This course is designed for students majoring in the fashion field. (FT) AA/AS; CSU.

190 Fashion Entrepreneurship
3 hours lecture, 3 units
Grade Only

Advisory: Mathematics 92 with a grade of “C” or better, or equivalent or Milestone M40; English 101 with a grade of “C” or better, or equivalent.

This course is a practical study of the procedures associated with starting a business in the fashion industry. Emphasis is placed on an analysis of the pros and cons of running a fashion business as well as on the practicalities of converting ideas into a successful business plan for a profitable venture. This course is designed for students majoring in Fashion Design or Merchandising and anyone interested in starting a new business in a fashion related business. (FT) AA/AS; CSU.

270 Work Experience
60–300 hours other, 1–4 units
Grade Only

This course is on-the-job learning experiences for students employed in a job related to fashion. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. AA/AS; CSU.

290 Independent Study
3–9 hours other, 1–3 units
Grade Only

Advisory: Fashion 130 or Fashion 140, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: Obtain Permission Number from Instructor.

This course is designed for students who wish to research and create special fashion-related projects. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Fermentation (FERM)

101 Introduction to Yeast and Fermentation
3 hours lecture, 3 units
Grade Only

This foundation course focuses on yeast and fermentation science through the eyes of a beverage maker. The importance of yeast in the beverage-making profession, and how it creates the flavor and form are explored. Review of fundamental principles of biology and culture of the grapevine, harvest and wine making process are discussed. The raw ingredients associated with the brewing and distilling process are introduced. This course is designed for students enrolled in the Fermentation Management program and for the beginning brewer, winemaker or spirits enthusiast. (FT) AA/AS; CSU; UC.

110 Importing and Distribution
3 hours lecture, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Fermentation 101 with a grade of “C” or better, or equivalent.

Advisory: Hospitality 102 with a grade of “C” or better, or equivalent.

This course is an overview of the journey from producer to market to fully understand what wineries look for in order to get their products to market. Students learn the many intricacies of setting up an import business, including licensing, shipping and logistics. Students also learn about distribution, what it takes to get it and to keep it, (FT) = A field trip may be required for this course. AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
Fermentation (FERM)

including marketing, training and relationship-building. This course is designed for students enrolled in the Fermentation Management program and for the beginning brewer, winemaker or spirits enthusiast. (FT) AA/AS; CSU.

120 Fundamentals of Spirits
2 hours lecture, 2 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Fermentation 101 with a grade of "C" or better, or equivalent.
Advisory: Hospitality 102 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Following state licensing regulations for tasting, students enrolled in the course must be 18 years or older.
This course looks at the process of distilling multiple spirits and gives insights on how distilling has progressed throughout history. It is a taste of what is to come for the beginner distiller. This course is designed for students in the Fermentation Science program. (FT) AA/AS; CSU.

130 Flavor and Form
2 hours lecture, 2 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Fermentation 101 with a grade of "C" or better, or equivalent.
Advisory: Hospitality 102 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Following state licensing regulations for tasting, students enrolled in the course must be 18 years or older.
This course is an examination of the history, community and business of beer, wine and spirits in hospitality management, from its international beverage markets to the small craft distributors. Comprehension of styles, regions, processes and food pairings are explored through weekly tastings and sensory applications of the principles of beverage making. An examination of the economic impact of beverage on the hospitality industry is also included. This course is designed for students enrolled in the Fermentation Management program. (FT) AA/AS; CSU.

140 Beer Production Laboratory
12 hours lab, 4 units
Grade Only
Prerequisite: Fermentation 101, Chemistry 111, and Chemistry 111L or Chemistry 152, Chemistry 152L and Business 115 or Mathematics 119 or Mathematics 116, each with a grade of "C" or better, or equivalent.
Advisory: Hospitality 102 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Following state licensing regulations for tasting, students enrolled in the course must be 18 years or older.
This course is designed to introduce students to scientific principles of beer and the brewing process. The complexities of the brewing process, including ingredients, methods, biology and chemistry, are explored. This course is designed for students in the Fermentation Management program. (FT) AA/AS; CSU.

150 Wine Production Laboratory
12 hours lab, 4 units
Grade Only
Prerequisite: Fermentation 101, Chemistry 111, and Chemistry 111L or Chemistry 152, Chemistry 152L, and Business 115, or Mathematics 119 or Mathematics 116, each with a grade of "C" or better, or equivalent.
Advisory: Hospitality 102 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Following state licensing regulations for tasting, students enrolled in the course must be 18 years or older.
The course focuses on wine production through the eyes of a beverage maker, emphasizing laboratory processes and procedures. Students will test, critique and evaluate best practices in wine making. This course is designed for students in the Fermentation Management program. (FT) AA/AS; CSU.

160 Retail and Marketing Laboratory
12 hours lab, 4 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Fermentation 140 or Fermentation 150, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Due to state licensing regulations and the fact that tasting is a vital component of this course, students enrolled in the course must be 18 years or older.
This course engages the student into marketing and operating a coffee retail store and tasting room. Student choose, roast, package and sell
coffee through this lab. Students work in a team environment to drive creativity and business as it relates to the lab instruction with the goal of a profitable revenue center. This course is designed for students enrolled in the Fermentation Management program. (FT) AA/AS; CSU.

### French (FREN)

#### 101 First Course in French
- **5 hours lecture, 5 units**
- **Letter Grade or Pass/No Pass Option**

*Limitation on Enrollment:* This course is not open to students with previous credit for French 100. This course is a first semester course in French and is designed to introduce students to the French language and cultures of the French-speaking world. In this interactive course, students use the language by speaking, listening, reading and writing at the novice level. Basic language structures and vocabulary for communication are examined and explored in French. This course is designed for students majoring in French and all students interested in the French language. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

#### 102 Second Course in French
- **5 hours lecture, 5 units**
- **Letter Grade or Pass/No Pass Option**

*Prerequisite:* French 101 or two years of high school French, with a grade of “C” or better, or equivalent. This course is a second semester course in French and is intended for students interested in further study of the French language and cultures of the French-speaking world. In this interactive course, students use listening, reading, speaking and writing at a more complex level than in the first course. The students further develop their receptive and productive competencies to the low or mid-intermediate level. Additional language structures and vocabulary for communication are examined and explored in French. This course is designed for students majoring in French and all students interested in the French language. (FT) AA/AS; CSU; UC.

#### 201 Third Course in French
- **5 hours lecture, 5 units**
- **Letter Grade or Pass/No Pass Option**

*Prerequisite:* French 102 with a grade of "C" or better, or equivalent or three years of high school French. This is an intermediate course in French. Language structures and vocabulary for communication are examined and explored through speaking, listening, reading and writing at the intermediate level. Students explore in more depth than in previous courses the history and the culture of the French-speaking world. This course is appropriate for students preparing for a major in French as well as for those who wish to continue their studies of the French language and culture. (FT) AA/AS; CSU; UC.

#### 202 Fourth Course in French
- **5 hours lecture, 5 units**
- **Letter Grade or Pass/No Pass Option**

*Prerequisite:* French 201 with a grade of “C” or better, or equivalent or four years of high school French. This is an advanced-intermediate course and is the fourth course in the French language sequence. In this interactive course, language structures and vocabulary for communication are examined and studied through speaking, listening, reading and writing at the high-intermediate level. Students continue to explore the history and the culture of the French-speaking world. Readings of literary and culturally relevant authentic materials are examined in depth. This course is designed for students preparing for a major in French as well as for those who have a strong interest in the French language and culture. (FT) AA/AS; CSU; UC.

#### 210 Conversation and Composition in French I
- **3 hours lecture, 3 units**
- **Letter Grade or Pass/No Pass Option**

*Prerequisite:* French 102 with a grade of “C” or better, or equivalent or successful completion of three years of high school French. This course further develops oral comprehension and fluency as well as written communication at a mid-intermediate level in French through culturally

---

(FT) = A field trip may be required for this course.

CSU = California State University Applicable  
UC = University of California Applicable  
Milestone formerly referred to as Skill Level
relevant materials. Students develop spoken and written vocabulary, dramatize everyday topics of conversation, interpret and describe materials, and compare and contrast the cultures of the French speaking world with U.S. culture both orally and in writing. Writing strategies are emphasized and literature is introduced. This course is intended for students who want to enhance their skills in the French language. (FT) AA/AS; CSU; UC.

211 Conversation and Composition French II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: French 210 with a grade of “C” or better, or equivalent.
This course develops oral comprehension and fluency as well as written proficiency in French at an advanced-intermediate level through reading, analyzing, discussing, and reporting on culturally relevant materials. Students develop oral and reading vocabulary skills, study the cultures of the French-speaking world, and further develop the reading strategies introduced in French 210 through reading literature. This course is intended for students who want to further enhance their skills in the French language. (FT) AA/AS; CSU; UC.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor
This course is designed for intermediate students who wish to work on special projects and to further develop further their skill in communication in French. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research and preparing reports. AA/AS.

Garden Design
(See Architecture page 340)
This course is designed for students who possess a basic background in Geographic Information Systems (GIS). Learning in this course focuses on cartographic principles of map design, production, and evaluation through the application of hands-on activities using ArcGIS software. Topics covered include data acquisition methods used in map production (Global Positioning Systems/GPS, scanning, and georeferencing of data); spatial analysis techniques (using geoprocessing); and GIS project planning techniques. Cartographic tools and enhancements such as map layout, symbology, and labeling are emphasized. Students will apply project management skills to a class project. (FT) AA/AS; CSU.

112 Spatial Analysis with Geographic Information Systems
2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only

Prerequisite: Geographic Information Systems 111 with a grade of "C" or better, or equivalent.
This course teaches intermediate geographic information systems (GIS) concepts and spatial analysis techniques, focusing on raster data and surfaces. Emphasis is placed on hands-on exercises using GIS software and on the functionality of GIS as an effective tool for modeling and analyzing complex GIS surfaces. This course is intended for students earning a certificate or degree in GIS and/or for GIS professionals who wish to gain more experience with spatial analysis and working with raster data for both 2D and 3D surfaces. (FT) AA/AS; CSU.

113 Advanced Geographic Information Systems Applications
2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only

Prerequisite: Geographic Information Systems 112 with a grade of "C" or better, or equivalent.
This course introduces students to advanced topics, techniques, and applications of geographic information systems (GIS) spatial analyses and customizations. Emphasis is placed on using advanced GIS software for spatial analysis, visualization, interpretation, and statistics. Students use real-world data and apply one or more advanced applications to class project analyses to evaluate GIS analysis as a tool in the decision-making process. Students gain a knowledge of, and experience in using, advanced software applications. More advanced class projects may incorporate scripting and modeling. This course is intended for students who have achieved an intermediate level of knowledge and experience in GIS. (FT) AA/AS; CSU.

114 Spatial Databases in Geographic Information Systems
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: Geographic Information Systems 111 with a grade of "C" or better, or equivalent.
This course focuses on the development and application of spatial database models and processing techniques. Students of Geographic Information Systems (GIS) who wish to gain exposure to emerging data structures and methods via problem-based learning benefit from this course. The course deals with conceptual issues in spatial database development and management, and the software tools and environments used to develop and manage spatial databases. Emphasis is placed on the use of GIS for spatial analysis and decision-making. Students work with a variety of GIS data types and edit GIS data within the geodatabase environment, with emphasis on real-world applications. The course focuses on the design, creation, and use of a geodatabase to solve a problem. (FT) AA/AS; CSU.

130 Introduction to Remote Sensing
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option

Advisory: Geographic Information Systems 111 with a grade of "C" or better, or equivalent, and Mathematics 96 with a grade of "C" or better, or equivalent or Milestone M50.
Limitation on Enrollment: This course is not open to students with previous credit for Geographic Information Systems 130.
This course introduces students to the basics of remote sensing, characteristics of remote sensors, and remote sensing applications in academic disciplines and professional industries. Emphasis is placed on image acquisition and data collection in the electromagnetic spectrum and data set manipulations. This course is designed for geographic information systems (GIS) students interested in imagery analysis. (FT) AA/AS; CSU.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
131 Introduction to Digital Image Processing
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Geographic Information Systems 111, and Geographic Information Systems 130, each with a grade of “C” or better, or equivalent; Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50.
Limitation on Enrollment: This course is not open to students with previous credit for Geographic Information Systems 121.
This course introduces students to concepts related to processing, analysis, enhancement, correction, and interpretation of remotely sensed images. Emphasis is placed on photogrammetry, image acquisition, information extraction, scientific visualization and practical applications for geospatial professionals. This course is designed for geographic information systems (GIS) students interested in analysis of remotely sensed images. (FT) AA/AS; CSU.

270 Geographic Information Systems Work Experience
60–300 hours other, 1–4 units
Grade Only
Prerequisite: Geographic Information Systems 111 with a grade of “C” or better, or equivalent.
This course is a directed field study where students apply classroom instruction to real world Geographic Information Systems (GIS) projects in the community. Students arrange for faculty and department chair approval prior to enrolling in work experience. Students are supervised by a college faculty member while participating in a short-term work experience/internship program in a business or government agency that uses GIS. Work experience students meet periodically with their assigned faculty member, complete interim reports and present a final report. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.
104 World Regional Geography
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course is a survey of the world’s major geographical regions, including Europe, North America, Latin America, Africa, Australia, Oceania, and South, East, and Southeast Asia. Emphasis is placed on the historical, environmental, cultural, economic, and technological factors that impact these geographical areas. This course is intended for students majoring in Geography and all students interested in world geography. (FT) AA/AS; CSU; UC; C-ID GEOG 125.

154 Introduction to Urban Geography
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a survey of urban geography. Emphasis is placed on the evolution, function and form of American and world cities. Topics include social, economic and technical forces that shape urban development and the role of urban planning in a variety of cities around the world. This course is designed for Social Sciences majors and all students interested in geography and urban planning. (FT) AA/AS; CSU; UC.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is for students who wish to conduct additional research, a special project, or learning activities in the field of geography. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 250. Please refer to the class schedule and/or see the dean or department chair for availability.

Geology (GEOL)

100 Physical Geology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Concurrent enrollment in Geology 101 with a grade of “C” or better, or equivalent.
This course is an introduction to the science of the earth, the materials of which it is composed, and the processes that are acting upon it. Topics include plate tectonics and Earth’s internal structure; the formation and classification of minerals and rocks; geologic structures; and geologic processes of the earth’s surface and subsurface. This course is intended for students with a general interest in the geological sciences as well as those majoring in geology, earth science, or geological engineering. (FT) AA/AS; CSU; UC; C-ID GEOL 100.

101 Physical Geology Laboratory
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Corequisite: Completion of or concurrent enrollment in Geology 100 with a grade of “C” or better, or equivalent.
This laboratory course is a practical study of mineral and rock identification; landforms; topographic/geologic map interpretation; and geologic structures. It is intended for students with a general interest in the geological sciences as well as those majoring in geology, earth science, or geological engineering. (FT) AA/AS; CSU; UC; C-ID GEOL 100L.

104 Earth Science
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course is a survey of Earth’s major physical systems, including the lithosphere, hydrosphere, atmosphere, and Earth’s place in the solar system. Emphasis is placed on a synthesis of pertinent topics in geology, physical geography, oceanography, meteorology, and astronomy. This course is intended

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
111 The Earth Through Time
3 hours lecture, 3 hours lab, 4 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, and Geology 100 or Geology 104, each with a grade of "C" or better, or equivalent.
This course covers the principles of historical geology. Topics include the origin and evolution of Earth and its biosphere, plate tectonics, stratigraphy, paleontology, and geologic dating. This course is intended for students with a general interest in geoscience, as well as those majoring in geology, earth science, or geological engineering. (FT) AA/AS; CSU; UC; C-ID GEOL 111.

120 Earth Science Laboratory
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Corequisite: Completion of or concurrent enrollment in Geology 104 with a grade of "C" or better, or equivalent.
This is a laboratory course related to the essentials of Earth Science including the geosphere, atmosphere, hydrosphere and Earth's place in the solar system. This course focuses on the physical and chemical systems of the Earth such as the tectonic cycle, rock cycle, hydrologic cycle, weather, and climate. This course is designed for teacher education students and anyone with a general interest in Earth Science. (FT) AA/AS; CSU; UC; C-ID GEOL 120L.

130 Field Geology of San Diego County
3 hours lecture, 3 hours lab, 4 units
Grade Only
Advisory: English 101 with a grade of "C" or better, or equivalent. Geology 100, 101, 104, 120 or Oceanography 101, each with a grade of "C" or better, or equivalent.
This course explores the geologic history and plate tectonic evolution of San Diego County. Emphasis is placed on the geology of various regions, including the coastal plain, Peninsular Ranges, and Salton Trough. Through lectures, laboratory activities, and field trips, students will gain a deeper understanding of the processes that have shaped these areas. Topics include plate tectonic theory, regional geology, rocks and minerals, map and compass work, geographic data collection, and geologic report writing. This course is intended for those with an interest in field geology. (FT) AA/AS; CSU; UC.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Advisory: Geology 100 and Geology 101, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Obtain permission number from Instructor.
This course is for students who wish to conduct additional research, a special project, or learning activities in the field of geology. It is not intended to replace an existing course in the discipline. In this course students will have a written contract with their instructor for activities such as preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. (FT) AA/AS; CSU.

101 First Course in German
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48, each with a grade of "C" or better, or equivalent or Assessment Skill Levels R5 and W5 or R5.
Limitation on Enrollment: This course is not open to students with previous credit for German 100.
This entry level course introduces students to the German language and cultures of the German-speaking world. In this interactive course, students learn and use the language by speaking, listening, reading, and writing at the novice level. They also examine and explore basic German language structures and vocabulary. This course is intended for beginning students who seek basic proficiency in the German language, students who want to take other German courses, and students who want to learn German for their personal enrichment. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
102 Second Course in German
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: German 101 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for German 100.
This interactive course is the second in the German language series. Students use increasingly complex German language structures to speak, listen, read, and write in cultural context at the novice-high level. This course is intended for all students interested in gaining proficiency in the German language for academic purposes and/or personal enrichment. (FT) AA/AS; CSU; UC.

201 Third Course in German
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: German 102 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for German 200.
This interactive course is the third in the German language series. Students use increasingly complex language structures and vocabulary to develop the functional competence required to communicate beyond survival needs and to discuss and express opinions on abstract topics related to the arts, lifestyle, linguistics, and literature at the intermediate level. This course is intended for students majoring in German and anyone interested in gaining proficiency in the German language for academic purposes and/or personal enrichment. (FT) AA/AS; CSU; UC.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is designed for intermediate students who wish to work on special projects and to further develop their skill in communication in German. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

Health Education (HEAL)

101 Health and Lifestyle
3 hours lecture, 3 units
Grade Only
This course covers aspects of mental, emotional, social, environmental, spiritual, and physical health. Emphasis is placed on knowledge for developing the attitude, understanding, and practice of a preventive lifestyle for healthy living and optimal wellness. Topics include chronic diseases, physical activity, nutrition, weight management, birth control methods, human sexuality, alcohol, tobacco and illicit chemical use, stress, and factors that contribute to wellness and longevity. Experience in personal health assessment and the changing of health behaviors is stressed. This course is intended for all students seeking a healthy lifestyle as well as those pursuing a teaching credential. It satisfies the State of California teaching credential Health Education requirement. (FT) AA/AS; CSU; UC.

103 Introduction to Public Health
3 hours lecture, 3 units
Grade Only
This course introduces the concepts, terminology, and functions of public health professions and institutions. Various public health professions and agencies will be examined, as well as the role of public health professionals within the overall health care system. Public health applications of epidemiology, disease prevention, and health promotion will be analyzed. Infectious diseases, chronic diseases, and mental illness will be addressed with respect to epidemiology, prevention, and promotion. The social determinants of health and their impact on health disparities will be covered with respect to environmental health, global health, and healthcare policy and management. This course is intended for students in the Health and Wellness Coaching Program and for students interested in Public Health. (FT) AA/AS; CSU; UC.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
104 Public Health and Social Justice
3 hours lecture, 3 units
Grade Only
This course provides an introduction to the health inequities in the United States and other nations that stem from unequal living, social, and economic conditions. Students will learn and synthesize information concerning the impact of the social determinants of health including, education, socioeconomic status, race, sexual orientation, disability, and gender. The roles of public health, government, and private sector policies on health outcomes will be compared and contrasted. Students will explore opportunities for health promotion and advocacy in the local community. This course is intended for students in the Health and Wellness Program and those interested in Public Health. (FT) AA/AS; CSU; UC.

107 Lifestyle Medicine for Health and Wellness
3 hours lecture, 3 units
Grade Only
This course provides the science and application behind healthy lifestyle interventions for the prevention and treatment of chronic, lifestyle-related diseases such as cardiovascular disease, diabetes, cancer, and other chronic conditions. Lifestyle medicine connects the science of physical activity, nutrition, stress resiliency, sleep hygiene, and behavior change to the advancement of total person mental, emotional, and physical wellbeing. This course offers students the evidence-based knowledge and practical strategies to instill healthy lifestyle behaviors in clients and patients. This course is intended for students completing certification in the Health and Wellness Coaching Program. (FT) AA/AS; CSU.

131 Emergency Medical Response
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course is of interest to students who wish to earn the American Red Cross certifications necessary for employment as an emergency first responder. This class also satisfies the prerequisite requirement for students entering the Emergency Medical Technician (EMT) program or any educational program requiring a college level first aid class. This course follows the U.S. Department of Transportation First Responder National Standard Curriculum and meets Emergency Cardiovascular Care (ECC) Guidelines. Students successfully completing this course are eligible to test for certifications in Emergency Response (valid for 3 years), CPR/AED for the Professional Rescuer (valid for 2 years), Bloodborne Pathogens and Administering Emergency Oxygen (each valid for 1 year). This course may be repeated to renew certifications. This course is also of interest to those students that wish to receive an ADT in Kinesiology. (FT) AA/AS; CSU; UC; C-ID KIN 101.

195 Health Education For Teachers
2 hours lecture, 2 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Health Education for Teachers 190. This course overviews health-related issues and problems in the kindergarten through 12th grade. Topic areas include behavior modification, stress symptoms and management, physical activity, nutrition, cardiovascular disease, sexually transmitted diseases, illicit substance abuse, alcohol and nicotine use and misuse. This course satisfies the State of California Health Education requirement for the K-12 Teaching Credential. This course is intended for prospective K-12 teachers. (FT) AA/AS; CSU.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is for students who wish to conduct additional research, a special project, or learning activities in the field of health education. It is not intended to replace an existing course in the discipline. In this course students will have a written contract with their instructor for activities such as: preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.
Health Information Management (HIMS)

405 Foundations in Health Information Management
4 hours lecture, 4 units
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program.
This course provides an advanced level perspective on topics relevant to the health information management (HIM) profession. The concepts covered in this course include an overview of emerging issues such as HIM systems management, clinical classification systems, governance and stewardship, data quality and management, health information exchange, electronic health records, audit principles, compliance and risk management. This course is designed for health information management majors. (FT)

408 Ethics in Healthcare Administration
3 hours lecture, 3 units
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program.
This course provides a comprehensive foundation for ethics in healthcare management and administration. Students gain knowledge of the theory and concepts of ethics and its application to health information and healthcare administration for them to be able to model sound decision making and ethical practice. Ethics related to the United States healthcare system around patient access, quality and cost are addressed. This course is designed for health information management majors. (FT)

410 Healthcare Informatics
4 hours lecture, 4 units
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program.
This course is designed to bring together healthcare generated information and technology for the purpose of improving quality of care in a cost-effective manner. The primary concepts covered include data standards, data management, health information exchange, clinical decision support, privacy and security issues involving protected health information, emerging trends, data governance, and new technologies. This course is designed for health information management majors. (FT)

415 Healthcare Analytics
3 hours lecture, 3 hours lab, 4 units
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program.
This course focuses on the analysis of data for the purpose of generating information resulting in actionable decisions. The primary concepts covered in this course include advanced health care statistics, data analysis, mining, exploration and visualizations. Microsoft Excel is utilized to analyze data and information related to clinical and business systems in healthcare. This course is designed for health information management majors. (FT)

418 Topics in Legal and Compliance for Healthcare Professionals
4 hours lecture, 4 units
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program.
This course focuses on the laws and regulations applicable to healthcare compliance. Topics include federal and state law enforcement and reporting requirements, risk management, audit trails, fraud detection, ethical and legal requirements related to coding, personal health record (PHR), analysis of privacy, security, and confidentiality policies and procedures. This course is designed for health information management majors. (FT)

420 Principles of Finance for Health Information Management
3 hours lecture, 3 units
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program.
This course covers the fundamentals of financial management in the healthcare setting. The primary concepts covered in this course include capital, operating and/or project budgets using basic accounting principles, performing cost-benefit is designed for health information management majors. (FT)
analysis for resource planning and allocation, evaluating vendor contracts, and negotiation skills. This course is designed for health information management majors. (FT)

**425 Revenue Cycle Management**

*3 hours lecture, 3 units*  
*Grade Only*

*Limitation on Enrollment: Special Admission - must be admitted to program.*

This course covers advanced topics in healthcare revenue cycle management. Concepts covered in this course include healthcare classification systems and terminologies, chargemaster management, revenue cycle and audit processes, utilization and resource management, and application and analysis of the relationship between clinical code assignment and reimbursement. This course is designed for health information management majors. (FT)

**430 Human Resources Management in Healthcare**

*4 hours lecture, 4 units*  
*Grade Only*

*Limitation on Enrollment: Special Admission - must be admitted to program.*

This course examines the complexities and multiple issues and best practices involved in human resources management in healthcare organizations. The primary concepts covered in this course include managing people in all aspects of their work, recruiting, interviewing, and hiring, compensation and benefits, motivational strategies, performance appraisals, promotions, and terminations. This course is designed for health information management majors. (FT)

**435 Project Management in the Healthcare Setting**

*3 hours lecture, 3 units*  
*Grade Only*

*Limitation on Enrollment: Special Admission - must be admitted to program.*

This course is designed as a high-level overview of project management utilized in healthcare settings. The primary concepts in this course include project management techniques such as project selection, management, organization, planning, conflict resolution, negotiation, budgeting, scheduling, change management, business process reengineering, and termination of the project. This course is designed for health information management majors. (FT)

**440 Leadership and Strategic Management for Healthcare Professionals**

*4 hours lecture, 4 units*  
*Grade Only*

*Limitation on Enrollment: Special Admission - must be admitted to program.*

This course examines the theory and practice of leadership, strategic management, and change management in healthcare settings. The primary concepts covered in this course include an overview of emerging issues such as business planning, organizational change, innovation, strategic planning, leadership thinking and goals, change implementation and strategies for successful transitions. This course is designed for health information management majors. (FT)

**445 Healthcare Information Systems Analysis and Design**

*3 hours lecture, 3 hours lab, 4 units*  
*Grade Only*

*Limitation on Enrollment: Special Admission - must be admitted to program.*

This course is designed to prepare students in the planning, analysis, design, and implementation of healthcare computer-based information systems. The concepts include system requirements, systems development lifecycle, system architecture including database design, data warehousing, workflow concepts, and systems performance management. This course is designed for health information management majors. (FT)

**455 Applied Research Project in Health Information Management**

*3 hours lecture, 3 units*  
*Grade Only*

*Limitation on Enrollment: Special Admission - must be admitted to program.*

This course is the capstone for the health information management baccalaureate degree. This course integrates the theoretical and technical content of the health information management program courses. Ethical considerations for health information managers and information management support for biomedical research are also discussed. Concepts are integrated and applied through the analysis of case studies and the completion of a capstone project, designed by the student or instructor, supporting a local HIM community of interest. This course is designed for Health Information Management majors. (FT)
460 Advanced Directed Clinical Placement
70–75 hours other, 1 unit
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program.
This course provides supervised onsite professional practice experience (PPE) for Health Information Management students. This course integrates theory and professional practice in health information management. Emphasis is placed on applying management theories to actual work settings, practice of professional behavior, ethics, and self reflection including career goals. Project topics will support a local HIM community of interest and will be designed by the student, instructor, and the PPE site manager. Note: This course may require student travel. To meet course requirements the student may be required to be available during normal business hours (i.e. 8:00 am to 5:00 pm) for site visits, conduction of professional interviews, and data gathering. This course is designed for Health Information Management majors. (FT)

Health Information Technology (HEIT)

110 Introduction to Health Information
4 hours lecture, 4 units
Grade Only

This course is an introduction to the profession of Health Information Technology. It includes an overview of the American healthcare delivery system and health care professions, health information department functions, ethical and legal issues in health information technology, healthcare reimbursement, quality management, performance improvement, healthcare information systems, revenue cycle, and fraud and abuse compliance. Data governance, management, quality, analytics, and informatics as well as privacy and security regulations are discussed. The course is for Health Information Technology students. (FT)AA/AS; CSU.

130 Basic Pharmacology
1 hour lecture, 1 unit
Grade Only

Corequisite: Completion of or concurrent enrollment in Medical Assisting 115 with a grade of “C” or better, or equivalent.
This course is an introduction to pharmacology. Topics include pharmacology terminology, drug forms, routes of administration, drug categories, and mechanisms of drug action. This course is intended for students in the Health Information Technology Program and healthcare professionals who want to refresh their working knowledge of basic pharmacology. (FT) AA/AS; CSU.

135 Computer Basics for Health Information
1 hour lecture, 1 unit
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Health Information Technology 75.
This course is an introduction to computer systems used in healthcare and health information management (HIM). Emphasis is placed on basic computer and networking technologies as well as on specialized software and electronic health record (EHR) applications. This course is designed for students interested in the use of computers in the health information technology field. (FT) AA/AS; CSU.

140 Fundamentals of Law for Health Information
3 hours lecture, 3 units
Grade Only

Advisory: English 101 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Health Information Technology 205.
This course covers the legal aspects of health information management, including the American legal system, civil procedure, evidence, tort law, corporate and contract law. State, Federal and other agency rules regarding record access, retention, release of information, processing subpoenas, and confidentiality, such as HIPAA (Health Information Portability & Accountability Act) privacy and security rules, are also included. Other topics include required reporting, risk management, quality improvement, corporate compliance, medical staff, and workplace law. This course is intended for health information technology students. (FT) AA/AS; CSU.

3 hours lecture, 3 units
Grade Only

Prerequisite: Medical Assisting 110 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Health Information Technology 155C.

This introductory course for Health Information Technology students includes the use of Current Procedural Terminology (CPT) coding. The course covers the purpose of CPT, CPT Manual format, code format, and coding steps used to code from the six divisions of CPT: Evaluation & Management, Anesthesia, Surgery, Radiology, Pathology & Laboratory, and Medicine. In addition, the course includes national and category III codes. It also includes an overview of reimbursement issues involving physician and hospital payment for outpatient services. This course is also available to hospital and doctors’ office employees. (FT) AA/AS; CSU.

160 Healthcare Reimbursement

2 hours lecture, 2 units
Grade Only

Prerequisite: Health Information Technology 214 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program.

This course is an introduction to healthcare reimbursement and revenue cycle. The topics covered include reimbursement methodologies, clinical coding and compliance, voluntary and government sponsored insurance plans, managed care plans, revenue cycle management and value-based purchasing. Medicare and Medicaid prospective payment systems are also addressed in acute, post-acute, ambulatory, hospice and long term care settings. This course is for Health Information Technology students. (FT) AA/AS; CSU.

214 ICD Coding I

2 hours lecture, 3 hours lab, 3 units
Grade Only

Prerequisite: Medical Assisting 115 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: Course not open to students with a C or better: Health Information Technology 155A (if taken after 2011). Special Admission - must be admitted to program.

This is the first of a two-course sequence for Health Information Technology students. It focuses on the International Classification of Diseases (ICD), the most commonly used classification system in the US for coding and reporting diagnostic inpatient and outpatient services and inpatient procedural services. Coding guidelines, conventions and reimbursement methodology are covered in this course. The student uses both the code books and computer software program. (FT) AA/AS; CSU.

215 ICD Coding II

2 hours lecture, 3 hours lab, 3 units
Grade Only

Prerequisite: Health Information Technology 214 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: Course not open to students with a C or better: Health Information Technology 155B (if taken after 2011). Special Admission - must be admitted to program.

This course is the second of a two-course sequence for Health Information Technology students. The emphasis is on advanced principles of International Classification of Diseases-Procedure Coding System (ICD-PCS), the most commonly used classification system in the US for coding and reporting inpatient procedural services. Coding guidelines, conventions and reimbursement methodology are also covered. Advanced principles include Diagnostic Related Group (DRG) case mix derivation, analysis of compliant coding, documentation improvement for correct code assignment, hospital acquired conditions, and present admission indicators that impact the code assignment and revenue cycle. The student uses both the code books and computer software program. (FT) AA/AS; CSU.

220 Principles of Leadership

2 hours lecture, 2 units
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Health Information Technology 260.

This course introduces the basic concepts of leadership including team leadership, change management, training and developing employee. Other topics include using enterprise-wide information assets in support of organizational strategies and objectives, company culture and diversity in the workplace. This course is for Health Information Technology students. (FT) AA/AS; CSU.
256 Statistics for Healthcare  
3 hours lecture, 3 units  
Grade Only

Prerequisite: Mathematics 92 or Mathematics 96, each with a grade of “C” or better, or equivalent or Milestone M50.

Limitation on Enrollment: Special admission - must be admitted to program.
This course is an introductory study of statistics for health information technology. Emphasis is placed on the basic principles of data collection, descriptive statistics, probability, confidence intervals, hypothesis testing, research methods, measures of central tendency and statistical analysis of hospital and non-acute facility health data. Calculation of Health Information Management department descriptive and inferential statistics are included. In addition, the course covers the calculation of specific vital statistics as well as discharge analysis reporting. There is instruction in the preparation of monthly and annual medical, administrative, and outside agency reports utilizing tables and graphs. Practice in the interpretation of statistical reports is also provided. This course is intended for students majoring in Health Information Technology or those interested in applied statistics. (FT) AA/AS; CSU.

258 Healthcare Quality Management  
3 hours lecture, 3 units  
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program.
This course is an introduction to quality and performance management and improvement, utilization review and risk management. The course includes the purpose, principles, historical development, assessment and analysis techniques, and application and program development strategies used in quality management and improvement, utilization review and risk management activities. It also includes the integration of performance improvement activities with the medical staff appointment and reappointment process. Regulatory and privacy requirements will also be addressed. The key concepts, background and statistical tools used in the continuous quality improvement process (CQI) are also provided. This course if for Health Information Technology students. (FT) AA/AS; CSU.

266 Directed Clinical Practice  
120–135 hours other, 2.5 units  
Grade Only

Prerequisite: Health Information Technology 110, and Medical Assisting 110, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Health Information Technology 261 or Health Information Technology 263.
This course provides professional practice experience for students enrolled in the health information technician program and is designed to provide students with supervised onsite experience performing entry-level tasks in a health information department in an assigned affiliated healthcare organization. Students gain exposure to the organization and functions of a health information department. Experiences may include release of information, data collection and reporting, registries, and health record analysis and documentation requirements. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

History (HIST)

100 World History I  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option

Advisory: English 101 with a grade of “C” or better, or equivalent.
This course examines the growth of civilizations and the interrelationships of peoples of Europe, Asia, Africa, and the Americas from the birth of civilization to the eve of the Modern Period. Topics in social,

115B History of the Americas II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a history of the Americas from 1865 to the present. Emphasis is placed on the application of classical liberalism during the late nineteenth century, construction of corporatist states during the mid-twentieth century, and the advent of neo-liberalism in the late twentieth century. Topics include the development of the California State Constitution, the expansion of commerce, and international relations among nations in the Western Hemisphere. This course is intended for students majoring in History and those interested in the history of the Americas. (FT) AA/AS; CSU; UC.

120 Introduction to Asian Civilizations
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course examines the social, cultural, and political evolution of distinct civilizations in East, South, and Southeast Asia from prehistory to the end of the sixteenth century. Emphasis is placed on topics such as the development of indigenous religions/philosophies, the rise and decline of regional kingdoms/dynasties, cultural achievements, and gender roles. This course is intended for all students interested in Asian history and culture. (FT) AA/AS; CSU; UC.

121 Asian Civilizations in Modern Times
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course examines the evolution of the distinct cultures, thought, and institutions in East, South, and Southeast Asia from the sixteenth century to the present through critical investigations into the impact of modernization on the political, social, economic, and cultural dimensions of these societies. Emphasis is placed on topics such as the first encounters with Western powers, the evolution of Western imperialism, the rise of nationalist movements and independent nation states, and their evolution and progress to the present. This course is intended for all students interested in Asian history and culture. (FT) AA/AS; CSU; UC.

123 U.S. History from the Asian Pacific American Perspective
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course examines the global, national, and local forces that shaped the lives of Asian Pacific Islander Americans (APIA) from the 1850s to the present. Topics include labor, migration, and settlement of diverse APIA groups; national debates over legal, social, and economic inclusion and exclusion; American overseas expansion; racial and gender politics; family formation; pan-ethnicity; and California constitutionalism. This course is intended for all students interested in history, ethnic studies, and Asian American studies. (FT) AA/AS; CSU; UC.

130 The Modern Middle East
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a survey of modern Middle Eastern history from the Nineteenth Century to the present. Emphasis is placed on analyzing modern Middle Eastern historical events and processes within a global context. Topics include the historical development and role of Islam in the region, the ‘decline’ and dismemberment of the Ottoman Empire, imperialism, Arab independence movements, the Israeli-Palestinian conflict, the resurgence of Islam and the role of the United States in the region. This course is intended for history majors and all students interested in the contemporary Middle East. (FT) AA/AS; CSU; UC.

Milestone formerly referred to as Skill Level
131 Latin America Before Independence
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a history of Latin America and the Caribbean, 1492-1810. It opens with a discussion of the pre-Encounter world and then delves into topics such as social relations, the Church’s role in colonization, and resistance to colonization and slavery. Throughout the course, references are made to Latin America’s and the Caribbean’s roles in the emergence of a modern, global social-economic system. This course is designed for all students interested in the history of Latin America and the Caribbean. (FT) AA/AS; CSU; UC.

132 Latin America Since Independence
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a history of Latin America since 1810. Lectures and discussions include issues pertinent to Latin America’s past and present such as modernization, social movements, political conflicts including revolutions, and race and gender relations. Throughout the course, modern Latin American history is placed in the context of global economic, ideological, and cultural trends. This course is designed for all students interested in the history of modern Latin America and the Caribbean. (FT) AA/AS; CSU; UC.

135 History of Technology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course provides an overview of technology in world history from the Paleolithic Era to the Present. It explores how technology shapes—and is shaped by—prevailing values, attitudes and institutions. The lectures and readings introduce students to the theories and schools in the history of technology, and how they grapple with technology’s social, cultural, political and environmental implications. Students examine specific technological inventions, innovations and systems from a diverse range of geographic regions, including Asia, Europe, Africa, and the Americas. This course is intended for all students interested in technology and its influence. (FT) AA/AS; CSU; UC.

141 Women in United States History I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course covers the history of the United States from its colonial origins through the period of Reconstruction with a special emphasis on the history and role of women. Topics include the diverse contributions of women that influenced the history of the nation and its developing economic, social, and political institutions. The course requires students to analyze a variety of materials, think critically, and write thesis-based essays. This course is intended for students interested in history or women’s studies. (FT) AA/AS; CSU; UC.

142 Women in United States History II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course covers the history of the United States from Reconstruction to the present with a special emphasis on the history and role of women. Topics include the diverse peoples who influenced the history of the nation and its maturing economic, social and political institutions. This course requires students to analyze a variety of materials, think critically, and write thesis-based essays. It is intended for students interested in history or women’s studies. (FT) AA/AS; CSU; UC.

150 Native Americans in United States History I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course covers the history of the United States from the Pre-contact Colonial Period to the mid-nineteenth century, with an emphasis on the history of Native Americans, the development of United States Indian policy, and the interaction of divergent cultures. This course requires students to analyze a variety of materials, think critically, and develop thesis-based essays. This course is designed for anyone interested in United States and Native American history. (FT) AA/AS; CSU; UC.
151 Native Americans in United States History II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course covers the history of the United States from the Civil War to the present, with an emphasis on Native Americans. The course demonstrates that assimilation was the basis for federal Indian policy during the late nineteenth and early twentieth centuries, and explains how self-determination and sovereignty replaced assimilation during the latter-twentieth century. Topics include the efforts to dismantle Indian trust land, Native American communal life, and indigenous cultures, termination of sovereign Indian nations, and current political tensions. Indigenous survival and revival in the latter twentieth century is a key emphasis. This course is designed for anyone interested in United States or Native American History. (FT) AA/AS; CSU; UC.

154 Ancient Egypt
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a study of the history, geography, literature, art, religion, and culture of ancient Egypt from the origins of Egyptian civilization to the culture’s eventual decline under the dominance of foreign powers. The course is designed for all students with an interest in Egypt, the Mediterranean, and the Middle East in ancient times. (FT) AA/AS; CSU; UC.

175 California History
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course, which covers the history of California from its earliest times to the present, provides an overview of both the physical characteristics and the diverse peoples of California and how they interacted and influenced the history of this state and its economic, social, cultural, and political institutions. The course requires students to analyze a variety of materials, think critically, and write thesis-based essays. This course may be of special interest to students planning a career in education. (FT) AA/AS; CSU; UC.

205 Methodology and Practice in History
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This seminar in History builds students’ critical-thinking, writing, and research skills in preparation for upper-division courses at four-year colleges and universities. Although the course emphasizes historiography and historical methods, students majoring in disciplines other than History will benefit from such topics as but not limited to: objectivity; quantitative methodology; the roles of sex, gender, race and ethnicity in history; demographics, disease and public health in history; economic and technological influences on history; social and cultural history; environmental history; and the proper use and interpretation of primary sources. This course is intended for students who are interested in History while also wanting to improve critical-thinking and writing skills that can be applied across the curriculum. (FT) AA/AS; CSU; UC.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is for students who wish to conduct additional research, a special project, or learning activities in the field of history. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Milestone formerly referred to as Skill Level
101 Introduction to Hospitality & Tourism
3 hours lecture, 3 units
Grade Only

This introductory course addresses a general overview and analyses of linkages between segments of the hospitality industry, including: history, career opportunities and service ethics, lodging products and service levels, travel and tourism, food and beverage throughout the industry segments, managed services, clubs, casinos, leisure and recreation, convention centers and meeting and event planning. The course touches on concerns related to health, safety, liability, the environment, technology, and globalization that are interrelated with the hospitality industry. Exploration of all aspects of the multifaceted hospitality and tourism industries are emphasized, including trends, future projection and employment opportunities. This overview course is designed for students interested in the hospitality industry. (FT) AA/AS; CSU.

102 Hospitality Financial Accounting
3 hours lecture, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Hospitality 101 with a grade of “C” or better, or equivalent.
Advisory: Mathematics 92 with a grade of "C" or better, or equivalent or Milestone M40; Computer Business Technology 140 with a grade of "C" or better, or equivalent.

This course is designed to provide students with an understanding of the principles of finance and accounting and to comprehend the money implications of decisions in hospitality. Because many of the measures of success and failure in the hospitality business are expressed in financial terms, this course covers the aspects of finance and accounting encountered by a non-financial hospitality employee. Basic relevant financial concepts and financial tools are introduced to improve business decision making including: how to read balance sheets, income statements, profit and loss, and cash flow statements, critical ratios and other financial measurements and to interpret what the numbers mean. This course is intended for all Event Management and Hotel Management students. (FT) AA/AS; CSU.

111 Food and Beverage Management
3 hours lecture, 3 units
Grade Only

Advisory: Completion of or concurrent enrollment in Hospitality 101 and Hospitality 102 or Culinary Arts/Culinary Management 122A, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Food Service Occupations 140 or Culinary Arts/Culinary Management 140.

This course is designed to provide students with an understanding of food operations in the hospitality industry, its variety of operations/outlets and how to gain the skills to successfully manage these operations/outlets. Areas of study include an overview of food and beverage outlets, food service marketing, menu analysis, menu and pricing strategies and performance indicators. Students analyze service standard operating procedures, types of service, food and beverage sourcing and beverage management. Sanitation and safety issues are presented along with facility design and equipment. Competitive trends are determined. Financial acumen are developed. This course is intended for all students in Event & Hotel Management and Culinary Arts / Culinary Management. (FT) AA/AS; CSU.

112 Lodging and Resort Management & Operations
3 hours lecture, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Hospitality 101 with a grade of “C” or better, or equivalent.
Advisory: Hospitality 102 and Computer Business Technology 140, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Hospitality 110 and Hospitality 151.

This course is an overview of the management responsibilities of hotel operations. The focus is on analysis and understanding of the interdependent nature of major departments within a hotel/resort operation: rooms division, food and beverage, sales and marketing, housekeeping and maintenance, and general and administrative. Details are presented in planning, development and financial investment management that deal with the unique nature of resort business. Analyses of the interrelationship between the major departments are examined.
through the concepts of organizing, planning, communicating, and ethical principles among the major departments of a lodging operation. Job titles, functions, and their interactive relationships that are of utmost importance in understanding and working productively with the complexities of hotel management are discussed, along with performance indicators. The course is designed for students interested in the hospitality industry. (FT) AA/AS; CSU.

115 Strategic Leadership in Hospitality  
3 hours lecture, 3 units  
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Food Service Occupations 115. This course is designed to acquaint students with the leadership, management, supervision and quality issues facing today's hospitality and health care industry. It covers the organization and management of hospitality operations. This course is designed for students who are interested in hospitality and culinary arts/culinary management, as well as those working toward American Culinary Federation certification and recertification. The course is a requirement for students seeking the DSS certification. (FT) AA/AS; CSU.

121 Event & Hospitality Marketing & Sales  
3 hours lecture, 3 units  
Grade Only

Advisory: Hospitality 101 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Hospitality 120 and Hospitality 170. This course provides students with the knowledge of marketing and themes uniquely related to the hospitality and tourism industry. The course explores such topics as identifying target markets, marketing service and customer satisfaction, advertising and media planning, event promotion and sponsorship, merchandising, and personal sales. Students will develop a marketing plan for a topic/event/facility of their choice in the hospitality and tourism industry. This course is designed for students enrolled in the Hospitality program. (FT) AA/AS; CSU.

130 Hospitality Law  
3 hours lecture, 3 units  
Grade Only

Corequisite: Completion of or concurrent enrollment in Hospitality 101 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Hotel Management 115. This course introduces the student to the laws and regulations that influence business and management decisions applicable to the ownership and operation of hospitality and tourism businesses. It is designed to provide practical knowledge of the law and how the legal system functions. The course focus is on legal fundamentals including negligence, relationships with guests, employees, contracts, liability, and the sale of food and alcohol. This course is designed for students interested in a career in hospitality and tourism or those interested in the area and those majoring in Hotel Management. (FT) AA/AS; CSU.

152 Hospitality Human Resources  
2 hours lecture, 2 units  
Grade Only

Advisory: Hospitality 101 with a grade of "C" or better, or equivalent.
Advisory: Completion of or concurrent enrollment in Hospitality 115 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Hospitality 150. This course presents a systematic approach to human resources management in the hospitality industry. Students develop theoretic lenses for understanding people and organizations, and practical tools for accomplishing personal and organizational goals. Topics include: individual differences, conflict management, problem solving, power and influence, motivation, leadership, coaching and counseling, and group process. Students learn through the case method, self-assessments, experiential exercises, readings, discussions, papers, and group activities. Contemporary issues and practices and employment

(FT) = A field trip may be required for this course.

CSU = California State University Applicable  
UC = University of California Applicable  
Milestone formerly referred to as Skill Level
laws that have an impact on the way people are managed are analyzed; as are collective bargaining agreements and unions. This course is designed for Hospitality students and those interested in a career in hospitality and tourism. (FT) AA/AS; CSU.

162 Meeting and Convention Management
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Hospitality 101 with a grade of "C" or better, or equivalent.
Advisory: Hospitality 102 and Hospitality 121, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Hospitality 160 and Hospitality 175.
This course covers planning events such as meetings, conferences, convention and trade shows within the parameters of that segment of the business and tourism industries. Students are introduced to the differences between types of events, their scale, target markets, purposes, venues and logistics. This course focuses on meeting and convention management from both the perspective of the planner and the venue. The process of selling space, functions and events to groups, and the methods for servicing group business after the sale are outlined. Also addressed are the steps that are taken to plan, organize, and produce such activities from an emphasis on marketing. This course is for students enrolled in the Hospitality program. (FT) AA/AS; CSU.

166 Special Event Management and Consulting
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Hospitality 101 with a grade of "C" or better, or equivalent.
Advisory: Hospitality 102 and Hospitality 121, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Hospitality 165 and Hospitality 186.
This course covers the theoretical and practical foundation for special events management and event production. Emphasis is placed on research, design, planning, budgeting and evaluation of events. The course also identifies the knowledge and skills needed to operate a business related to social life-cycle events and wedding consulting. Topics include competencies required for successful events, including parades, festivals, corporate, meeting, sporting, wedding, social, birthdays, non-profit and custom-designed celebrations. This course is designed for students enrolled in the Hospitality program. (FT) AA/AS; CSU.

185 Event & Meeting Facilities Management
2 hours lecture, 2 units
Grade Only
Prerequisite: Hospitality 101 with a grade of "C" or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Hospitality 162 or Hospitality 166, each with a grade of "C" or better, or equivalent.
Advisory: Completion of or concurrent enrollment in Hospitality 121 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Tourism 140 or Hospitality 180.
This course highlights meeting and event facilities and venues and their methods of operation. Included area: public assembly facilities, arenas, stadiums, convention centers, performing arts centers and amphitheaters. Logistical considerations of booking events, contract negotiations, ticket sales, maintenance and production are identified. Also examined are management techniques of hospitality facilities to get better value from physical assets to improve business productivity. This course is designed for students enrolled in the Hospitality program. (FT) AA/AS; CSU.

190 Hospitality Capstone
2 hours lecture, 2 units
Grade Only
Prerequisite: Hospitality 101 with a grade of "C" or better, or equivalent.
This course of volunteering and self-assessment through learning experiences and research allows students to better understand the community and use their skills learned in unique hospitality environments. Topics include an introduction to professional organizations, career development research, lifelong learning, and leadership skills. Students assess their strengths and limitations as hospitality professionals. This course is designed for students enrolled in the Hospitality program. (FT) AA/AS; CSU.
**Humanities (HUMA)**

### 101 Introduction to the Humanities I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

*Advisory:* English 101 with a grade of “C” or better, or equivalent.
This interdisciplinary course is designed for students interested in meeting general education requirements in humanities. The course develops students’ understanding and appreciation of humankind’s cultural heritage from the Upper Paleolithic (ca. 40,000 BCE) to approximately 1400 CE. A survey is made of the literature, philosophy, music, painting, architecture, and sculpture of both Western and non-Western civilizations. (FT) AA/AS; CSU; UC.

### 102 Introduction to the Humanities II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

*Advisory:* English 101 with a grade of “C” or better, or equivalent.
This interdisciplinary course is designed for students interested in meeting general education requirements in humanities. The course develops students’ understanding and appreciation of humankind’s cultural heritage from approximately 1400 CE to the present time. A survey is made of the literature, philosophy, music, painting, architecture, and sculpture of both Western and non-Western civilizations. (FT) AA/AS; CSU; UC.

### HUMANITIES–RELIGIOUS STUDIES (HUMA)

#### 103 Introduction to the New Testament
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

*Advisory:* English 101 with a grade of “C” or better, or equivalent.
This course provides a survey of the New Testament period (First Century CE). Emphasis is placed on the history and culture of the New Testament period, the methods of critical analysis of Biblical materials, and the content of the New Testament. The impact of the New Testament on western culture is also examined. This course is intended for students of history, literature, anthropology or those with a general interest in biblical studies. (FT) AA/AS; CSU; UC.

#### 104 Introduction to the Old Testament
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

*Advisory:* English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course is an introduction to the texts and development of the Old Testament (Hebrew Bible) through a critical reading of its writings, taking into account its relevant history, cultural influences, the original language, and the important events, personages/characters, ideas, and beliefs of ancient Israel. Also addressed are the contributions of other disciplines to a critical understanding of Hebrew Scriptures, including archaeology, literature, history, current Biblical scholarship and criticism, and women’s studies. This course may be of particular interest to students in literature, anthropology, and other such disciplines. (FT) AA/AS; CSU; UC.

### 106 World Religions
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

*Advisory:* English 101 with a grade of “C” or better, or equivalent.
This course is an introduction to the basic elements of the religions of the world, their similarities and differences, and their impact on believers and society. The course includes a study of the historical development, doctrines, rituals, sects, and scriptures of the major religions of the world. Some analysis of ancient religious traditions and tribal religious beliefs and practices may be included. This course is intended for all students interested in humanities and the study of world religions. (FT) AA/AS; CSU; UC.

### HUMANITIES–INTERDISCIPLINARY (HUMA)

(Related courses: Communication Studies 180 and Music 125.)

---

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
118 Eastern Humanities
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This interdisciplinary course develops students’ understanding and appreciation of the arts, literature, philosophy, and religions of Asia—from Prehistory to the Present. It is designed for students interested in Asian civilizations, the Humanities in general, and related disciplines. (FT) AA/AS; CSU; UC.

119 Western Humanities
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This interdisciplinary course develops students’ understanding and appreciation of the arts, literature, philosophy, and religions of Europe, Africa, and the Americas—from Prehistory to the Present. It is designed for students interested in European, African, and American civilizations; the Humanities in general; and related disciplines. (FT) AA/AS; CSU; UC.

201 Mythology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This interdisciplinary course introduces students to the major images and themes of the myths of widely separated peoples of the world throughout history. By analyzing various archetypal patterns found in the great civilizations and tribal cultures of the world, students understand both the uniqueness of each culture’s world view and the commonality of human mythological conceptions. Literature and the arts are used to demonstrate these cultures’ mythic ideas. This course is meant for students in the Humanities and for those interested in the myths of the world. (FT) AA/AS; CSU; UC.

205 Exploring Human Values Through Film
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is an introduction to the Humanities through the study of film. Emphasis is placed on thematic and technical analysis of feature films. Topics include philosophic meaning, moral development, and social responsibility. This course is designed for Humanities majors and students interested in film and its expression of humanistic values. (FT) AA/AS; CSU; UC.

210 Women in Religion and Myth
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This interdisciplinary course explores ancient and modern beliefs in female divinities; studies the status of women in religions worldwide and throughout history; and analyzes the impact of religious ritual and doctrine on the lives of women, both past and present. It is designed for students interested in Women’s Studies, Religious Studies, Humanities, and related disciplines. (FT) AA/AS; CSU; UC.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.
This course introduces interior design students to the planning of residential interiors. Emphasis is placed on the interrelationship of interior elements, principles, space planning, and conceptual problem solving in three-dimensional space. This course is designed for interior design majors. (FT) AA/AS; CSU.

110 Materials and Resources
2 hours lecture, 3 hours lab, 3 units
Grade Only

Prerequisite: Interior Design 101, Interior Design 112A, and Interior Design 115, each with a grade of "C" or better, or equivalent.

This course is a study of the technical specification of finishes, furnishings, and equipment needed to complete a variety of interior environments. Emphasis is placed on sustainability. Product knowledge, available resources, industry procedures, and terminology are incorporated. Liabilities and regulations as they pertain to the professional interior designer are covered. Finishes, furnishings, and equipment are estimated and specified, and are graphically designated on drafted plans and elevations. This course is designed for students majoring in interior design. (FT) AA/AS; CSU.

112A Visual Communication I
2 hours lecture, 3 hours lab, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of "C" or better, or equivalent or Milestone R50 and W50; Mathematics 38 with a grade of "C" or better, or equivalent or Milestone M30.

This course is an introduction to interior design drawing and drafting. Emphasis is placed on architectural floor plans, building sections, interior elevations and detailing, lettering, and dimensioning for residential and commercial projects. This course is intended for interior design majors. (FT) AA/AS; CSU.

112B Visual Communication II
2 hours lecture, 3 hours lab, 3 units
Grade Only

Prerequisite: Interior Design 112A with a grade of "C" or better, or equivalent.

Advisory: Computer Business Technology 180 with a grade of "C" or better, or equivalent.

This course is a study of drawing techniques for interiors using both manual and computer aided design. Emphasis is placed on three dimensional (3D) modeling and perspectives, floor plans, and visual presentation drawings using industry standard software, such as Sketch-Up Pro, Photoshop and Adobe InDesign. Quick sketching is also incorporated. This course is intended for Interior Design majors. (FT) AA/AS; CSU.

115 Elements and Principles of Interior Design
2 hours lecture, 3 hours lab, 3 units
Grade Only

Advisory: English 47A or English 48, and English 49, each with a grade of "C" or better, or equivalent or Milestone R50 and W50; Mathematics 38 with a grade of "C" or better, or equivalent or Milestone M30; Computer Business Technology 180 with a grade of "C" or better, or equivalent.

This course introduces students to the elements and principles of interior design. Emphasis is placed on the analysis of interior environments two and three dimensionally. This course includes the creation of two and three dimensional (2D and 3D) design projects illustrating the elements and principles of interior design such as scale and proportion, balance, color and light. This course is intended for interior design majors and students interested in interior design. (FT) AA/AS; CSU.

120 Revit for Interiors
2 hours lecture, 3 hours lab, 3 units
Grade Only

Prerequisite: Interior Design 112A with a grade of "C" or better, or equivalent.

This course is a practical study of computer aided interior design using Revit. Emphasis is placed on the creation of two- and three-dimensional drawings and renderings to industry standards. This course is intended for interior design majors and for practicing professionals. (FT) AA/AS; CSU.

125 History of Furniture and Interiors
3 hours lecture, 3 units
Grade Only

Advisory: English 101 with a grade of "C" or better, or equivalent and Computer Business Technology 180, each with a grade of "C" or better, or equivalent.
This course is a survey of the principle styles of furniture, interiors, and related decorative arts from antiquity to the present. This course is designed for interior design majors and any student interested in the history of interiors. (FT) AA/AS; CSU.

130 Interior Design Professional Practice  
3 hours lecture, 3 units  
Grade Only  
Prerequisite: Interior Design 105 with a grade of "C" or better, or equivalent.  
Advisory: English 101 with a grade of "C" or better, or equivalent.  
This course is a study of the business and management of a professional interior design practice. Emphasis is placed on client/designer communication, phases of design, project management, legal issues, business practices, marketing, and project presentation for residential and commercial design. This course is intended for Interior Design majors. (FT) AA/AS; CSU.

135 AutoCAD for Interiors  
2 hours lecture, 3 hours lab, 3 units  
Grade Only  
Advisory: Interior Design 112A and Computer Business Technology 180, each with a grade of "C" or better, or equivalent.  
This course is a practical study of computer-aided drafting for interior design application using AutoCAD. Emphasis is placed on the creation of 2D drawings per industry standards. This course is intended for Interior Design majors and practicing designers to maintain industry currency. (FT) AA/AS; CSU.

145 Interior Building Systems and Codes  
3 hours lecture, 3 units  
Grade Only  
Prerequisite: Interior Design 101 and Interior Design 112A, each with a grade of "C" or better, or equivalent.  
Advisory: English 101 with a grade of "C" or better, or equivalent; Mathematics 38, with a grade of "C" or better, or equivalent or Milestone M30.  
This course is an overview of systems used in construction as it relates to the planning of interior environments. The course covers current building components such as floors, ceilings, and doors, as well as systems developed for providing health, safety, and comfort (plumbing; heating, ventilation and cooling; lighting; and acoustics). Codes, regulations, standards (California and federal) and sustainable principles that impact residential and commercial interior environments are emphasized. This course is designed for students majoring in interior design. (FT) AA/AS; CSU.

200 Kitchen and Bath Design  
2 hours lecture, 3 hours lab, 3 units  
Grade Only  
Prerequisite: Interior Design 105, Interior Design 110 and Interior Design 145, each with a grade of "C" or better, or equivalent.  
This course is a study of kitchen and bath design. Emphasis is placed on the application of National Kitchen and Bath Association (NKBA) Planning Guidelines and NKBA Access Planning Guidelines to universal design projects. Topics include identifying project needs, materials selection, space planning, and contract documents. This course is designed for students majoring in Interior Design. (FT) AA/AS; CSU.

205 Non-Residential Space Planning  
1 hour lecture, 6 hours lab, 3 units  
Grade Only  
Prerequisite: Interior Design 105, Interior Design 110, Interior Design 145 and Interior Design 120, or Interior Design 135, each with a grade of "C" or better, or equivalent.  
This course is a design studio that introduces non-residential interior space planning and design. Emphasis is placed on the design process, building codes, and furniture placement as they relate to space planning and construction drawing preparation. This course is intended for students majoring in Interior Design. (FT) AA/AS; CSU.

210 Presentation and Color Rendering  
2 hours lecture, 3 hours lab, 3 units  
Grade Only  
Prerequisite: Interior Design 112B and Interior Design 115, each with a grade of "C" or better, or equivalent.  
This course is a hands-on study of color rendering techniques, presentation methods and portfolio development. Students use quick sketching methods and color to communicate design solutions. Students render floor plans, perspectives, and interior furnishings. This course is intended for students majoring in Interior Design. (FT) AA/AS; CSU.
215 Environmental Lighting Design
3 hours lecture, 3 units
Grade Only

Prerequisite: Interior Design 105 with a grade of "C" or better, or equivalent.
This course is a study of lighting for interiors. Emphasis is placed on developing and creating environmentally effective and aesthetically pleasing lighting design solutions for both commercial and residential applications. This course is intended for students majoring in Interior Design. (FT) AA/AS; CSU.

270 Work Experience
60–300 hours other, 1–4 units
Grade Only

Prerequisite: Interior Design 101 with a grade of "C" or better, or equivalent.
A program of on-the-job learning experiences for students employed in a job related to their major. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. AA/AS; CSU.

290 Independent Study
3–9 hours other, 1–3 units
Grade Only

Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is for students who wish to conduct additional research, a special project, or learning activities in the field of interior design. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: engaging in primary research, preparing reports, and working on special projects. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Italian (ITAL)

101 First Course in Italian
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option

Limitation on Enrollment: This course is not open to students with previous credit for Italian 100. This is the first course in the Italian language sequence. In this interactive course, students use basic vocabulary, grammatical structures and idiomatic phrases to speak, listen, read and write in Italian at the novice level. Emphasis is placed on daily life activities as well as Italian history, culture and geography. This course is intended for all students interested in Italian language and culture. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

102 Second Course in Italian
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option

Prerequisite: Italian 101 with a grade of "C" or better, or equivalent or two years of high school Italian or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Italian 100. This is the second course in the Italian language sequence. In this interactive course, students use intermediate to advanced level vocabulary, grammatical structures and tenses to analyze and to express opinions related to a variety of topics, including Italian culture, politics, the environment, and daily life. This course is intended for all students interested in Italian language and culture. Emphasis is placed on daily life activities as well as Italian history, culture and geography. This course is intended for all students interested in Italian language and culture. (FT) AA/AS; CSU; UC.
### Japanese (JAPN)

#### 101 First Course in Japanese
- **5 hours lecture, 5 units**
- **Letter Grade or Pass/No Pass Option**
- **Prerequisite:** Japanese 102 with a grade of “C” or better, or equivalent or two years of high school Japanese.
This is an entry-level course designed to introduce students to the Japanese language and cultures of Japan. In this interactive course, students learn and use the language by speaking, listening, reading, and writing at the novice level. Basic language structures and vocabulary for communication are examined and explored in Japanese. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

#### 102 Second Course in Japanese
- **5 hours lecture, 5 units**
- **Letter Grade or Pass/No Pass Option**
- **Prerequisite:** Japanese 101 with a grade of “C” or better, or equivalent or two years of high school Japanese.
This course is a continuation of Japanese at the novice high level. Students use listening, reading and writing skills at an increasingly complex level. This course utilizes an interactive approach to expand students’ use of language structures and vocabulary in Japanese. The course is intended for students who have completed previous coursework in Japanese. (FT) AA/AS; CSU; UC.

#### 201 Third Course in Japanese
- **5 hours lecture, 5 units**
- **Letter Grade or Pass/No Pass Option**
- **Prerequisite:** Japanese 102 with a grade of “C” or better, or equivalent or three years of high school Japanese.
This is the third course in the Japanese language sequence. In this interactive course, students listen, speak, read and write in Japanese at the intermediate level. This course utilizes an interactive approach to expand students’ use of language structures and vocabulary in Japanese. The course is intended for students who have completed the first two courses in the Japanese language sequence. (FT) AA/AS; CSU; UC.

#### 202 Fourth Course in Japanese
- **5 hours lecture, 5 units**
- **Letter Grade or Pass/No Pass Option**
- **Prerequisite:** Japanese 201 with a grade of “C” or better, or equivalent or four years of high school Japanese.
This is the fourth course in the Japanese language sequence. In this interactive course, students study, listen, read and write at the advanced-intermediate level. Students are expected to read and evaluate authentic Japanese literary and cultural materials. This course is intended for students who have completed the first three courses in the Japanese language sequence. (FT) AA/AS; CSU; UC.

#### 210 Conversation and Composition in Japanese I
- **3 hours lecture, 3 units**
- **Letter Grade or Pass/No Pass Option**
- **Prerequisite:** Japanese 102 with a grade of “C” or better, or equivalent.
This is an interactive course in Japanese conversation and composition at the intermediate level. In this course, students are encouraged to express themselves creatively both orally and in writing as they explore a variety of topics in Japanese. This course is intended for students who have completed the first two courses in the Japanese language sequence. (FT) AA/AS; CSU; UC.

#### 211 Conversation and Composition in Japanese II
- **3 hours lecture, 3 units**
- **Letter Grade or Pass/No Pass Option**
- **Prerequisite:** Japanese 210 with a grade of “C” or better, or equivalent.
This is an interactive course in Japanese conversation and composition at the intermediate-advanced level. In this course, students are encouraged to express...
themselves creatively both orally and in writing as they explore a variety of topics in Japanese at an intermediate-advanced level. This course is a continuation of JAPN 210, intended for students who want to further enhance their skills in Japanese. (FT) AA/AS; CSU; UC.

### Journalism (JOUR)

#### 200 Introduction to Newswriting and Reporting

*3 hours lecture, 3 units*  
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Digital Journalism 200.

The course is an introduction to evaluating, gathering, and writing news in accepted journalistic style under newsroom conditions. Topics include the role of the reporter and the legal and ethical issues related to reporting. Students have writing and reporting experiences, including: personal interviews, speech/meeting/event coverage, deadline writing, and use of AP style. This course is designed for journalism majors and is intended for students interested in learning to write for student media and other publications. (FT) AA/AS; CSU; C-ID JOUR 110.

#### 202 Introduction to Mass Communication

*3 hours lecture, 3 units*  
Advisory: English 101 with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Digital Journalism 100.

This course is a survey of mass communication in the United States. Emphasis is placed on the historical and contemporary impact of the media on society and culture as well as on the ways that social institutions shape the media. Students examine media related issues as they relate to social and cultural constructs, economics, technology, law and ethics, and social issues. This course is designed for journalism majors and all students interested in the relationship between mass media and society. (FT) AA/AS; CSU; UC; C-ID JOUR 100.

#### 204 Social Media in the Digital Age

*3 hours lecture, 3 units*  
Advisory: English 101 with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Digital Journalism 204.

This course explores social media from a content perspective. Topics will include learning the fundamentals of social media, the theories behind writing for it, as well as the ethics and standards of information generated. The emphasis of this course is on effectively and ethically creating and consuming information via social networks in an increasingly connected and rapidly changing global environment. This course is designed for journalism majors or students interested in social media. (FT) AA/AS; CSU.

#### 206 Online Journalism

*2 hours lecture, 3 hours lab, 3 units*  
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Digital Journalism 204.

This course provides a basic examination of current online news trends and multimedia reporting techniques. The course covers skills necessary to produce basic multimedia reports, audio slide shows, and blogs. The course also provides instruction in ethical, legal and social issues affecting online journalists, as well as an exploration of online audiences. The course is intended for journalism majors or those seeking career development. (FT) AA/AS; CSU; C-ID JOUR 120.

#### 210A Newspaper Production 1

*6–9 hours lab, 2–3 units*  
Advisory: Completion of or concurrent enrollment in: English 101 with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course focuses on writing and producing student news publications using the student newspaper and its online version as a practical laboratory that produces a journalistic product for...

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable  
Milestone formerly referred to as Skill Level
distribution to a college-wide audience. Students work primarily in one of the following areas: researching, writing, and editing articles for the two publications; taking photographs and creating graphic illustrations; developing multimedia stories; or designing pages. Ethical and legal aspects of communication are also covered. This course is intended for students majoring in journalism and all students interested in working on student news publications. (FT) AA/AS; CSU; C-ID JOUR 130.

210B Newspaper Production 2
6–9 hours lab, 2–3 units
Grade Only
Prerequisite: Journalism 210A with a grade of “C” or better, or equivalent.
This course focuses on writing and producing student news publications at an intermediate level using the student newspaper and its online version as a practical laboratory that produces a journalistic product for distribution to a college-wide audience. Students work primarily in two of the following areas: researching, writing, and editing articles for the two publications; taking photographs and creating graphic illustrations; developing multimedia stories; or designing pages. Ethical and legal aspects of communication are also covered. This course is intended for students majoring in journalism and all students interested in working on student news publications. (FT) AA/AS; CSU; C-ID JOUR 131.

210C Newspaper Production 3
6–9 hours lab, 2–3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Journalism 210B with a grade of “C” or better, or equivalent.
This course focuses on writing and producing student news publications at an intermediate-advanced level using the student newspaper and its online version as a practical laboratory that produces a journalistic product for distribution to a college-wide audience. Students work primarily in three of the following areas: researching, writing, and editing articles for the two publications; taking photographs and creating graphic illustrations; developing multimedia content; or designing pages. Ethical and legal aspects of communication are also covered. This course is intended for students majoring in journalism and all students interested in working on student news publications. (FT) AA/AS; CSU.

210D Newspaper Production 4
6–9 hours lab, 2–3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Journalism 210C with a grade of “C” or better, or equivalent.
This course is designed to provide additional ongoing experience in the production and publication of a student newspaper. Emphasis is placed on helping students progress to an advanced level in the gathering and writing of news and features. In addition to reporting and writing, students at this level, assume responsibility for organizing and managing the newsroom, which includes conducting story conferences, developing the news budget, assigning stories, coaching reporters, and editing and designing the paper in its entirety. Students may also make photo assignments and provide coaching for novice photographers. Students are guided by ongoing advice, criticism and evaluation from a faculty adviser. Students enrolled in the course for 2 units are expected to participate in the production of the student newspaper for 6 hours per week, while students enrolled for 3 units are expected to participate at least 9 hours per week and contribute extensively to the layout and production of the paper. (FT) AA/AS; CSU.

220 Principles of Public Relations
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course evaluates public relations as a growing profession. The course looks at the principles, history and development, and professional practice of modern public relations. It investigates concepts of planning and executing effective communication strategies, including message design and distribution, for any organization. The use of social media, photography, graphics and marketing is also studied. This course is designed for students interested in learning about the field of public relations. (FT) AA/AS; CSU; C-ID JOUR 150.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.
Legal Administrative Assistant
See Computer Business Technology (CBTE), page 383

Library Science (LIBS)

101 Information Literacy and Research Skills
1 hour lecture, 1 unit
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
This course is an overview of information resources and the skills required to use them effectively. Students learn how to use library resources such as electronic indexes and databases, online services, and the Internet, as well as to develop strategies for conducting research. This course is intended for students who wish to acquire research skills for academic, career, or personal use. (FT) AA/AS; CSU; UC.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Marketing (MARK)

100 Principles of Marketing
3 hours lecture, 3 units
Grade Only
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent
This course is an overview of the foundations, principles, processes, and goals of marketing. Topics include ethics and social responsibility; global marketing and world trade; corporate marketing strategies; and emerging technologies. Marketing strategies include product planning, development, pricing, distribution, and promotion. This course is intended for students majoring in business or others working in a business environment such as managers and supervisors. (FT) AA/AS; CSU.

105 Professional Selling
3 hours lecture, 3 units
Grade Only
This course is a study of the principles of sales and selling. Emphasis is placed on the role of human relations in the processes of selling products, services and ideas. Topics include sales techniques, including opening the sale, discovering the needs and wants of the client, addressing objections and closing the sale. Students develop and deliver written and oral sales presentations. This course is designed for students majoring in business or marketing and anyone interested in the sales profession. (FT) AA/AS; CSU.

110 Principles of Retailing
3 hours lecture, 3 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a study of the principles and practices of retailing. Topics include retail strategic planning, merchandise management, supply chain management, and retail location and site analysis. This course is designed for students majoring in Marketing and anyone interested in learning more about the different aspects of running a successful retail operation. (FT) AA/AS; CSU.

130 Advertising Principles
3 hours lecture, 3 units
Grade Only
This course is a study of the principles and practices of advertising. Emphasis is placed on target marketing, consumer behavior, and Integrated Marketing Communications (IMC). This course is designed for students majoring in business or marketing and anyone interested in employment or a career in the field of advertising. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
Basic Skills Courses

All courses at this level are offered for college credit. Credit for these courses will not apply toward the associate degree but will count toward the determination of a student’s workload and eligibility for financial aid.

15A Prealgebra Refresher
3 hours lab, 1 unit
Pass/No Pass

This course is a review of prealgebra skills needed for success in subsequent mathematics courses. Students receive instruction and academic support in mathematics concepts, arithmetic operations, algebraic expressions, mathematical properties, and their application to prealgebra-specific mathematical problems. This course is designed for students who need to refresh their pre-algebra skills or need additional support in subsequent mathematics courses. Not Applicable to Associate Degree.

15C Intermediate Algebra and Geometry Refresher
3 hours lab, 1 unit
Pass/No Pass

This course is a review of intermediate algebra and geometry skills needed for success in subsequent mathematics courses. Students receive instruction and academic support in mathematics concepts, arithmetic operations, algebraic expressions, mathematical properties, and their application to intermediate algebra- and geometry-specific mathematical problems. This course is designed for students who need to refresh their intermediate algebra and geometry skills or need additional support in subsequent mathematics courses. Not Applicable to Associate Degree.

15D Geometry Refresher
3 hours lab, 1 unit
Pass/No Pass

This course is a review of geometry skills needed for success in subsequent mathematics courses. Students receive instruction and academic support in geometric shapes such as triangles, circles, and quadrilaterals; unit conversions; and calculations of perimeter, area, and volume. This course is designed for students who need to refresh their geometry skills or need additional support in subsequent mathematics courses. (FT) Not Applicable to Associate Degree.

15E Trigonometry Refresher
3 hours lab, 1 unit
Pass/No Pass

This course is a review of trigonometry skills needed for success in subsequent mathematics courses. Students receive instruction and academic support in angle concepts; trigonometric functions, identities, and equations; vectors; complex numbers; and application problems. This course is designed for students who need to refresh their trigonometry skills or need additional support in subsequent mathematics courses. (FT) Not applicable to the Associate Degree.

15F College Algebra Refresher
3 hours lab, 1 unit
Pass/No Pass

This course is a review of college algebra skills needed for success in subsequent mathematics courses. Students receive instruction and academic support in linear, polynomial, exponential, logarithmic, and other functions; non-linear
inequalities; matrices; systems of equations; and linear programming. This course is designed for students who need to refresh their college algebra skills or need additional support in subsequent mathematics courses. (FT) Not applicable to the Associate Degree.

38 Pre-Algebra and Study Skills
4 hours lecture, 4 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: This course is not open to students with previous credit for Math 35. This course is a study of the fundamentals of arithmetic operations with signed numbers, including fractions and decimals as well as an introduction to some elementary topics in beginning algebra. Topics also include ratios and proportions, perfect squares and their square roots, elementary topics in geometry, systems of measurement, and monomial arithmetic. Students learn basic study skills necessary for success in mathematics courses. This course is intended for students preparing for Beginning Algebra. (FT) Not applicable to the Associate Degree.

44 Supervised Tutoring in Math
1 – 162 hours other, 0 units
No Grade/0 Units
This no grade, no credit course is used as an attendance tracking mechanism for students receiving tutoring in the Math Center. The course is designed to prepare students to succeed in the corequisite and subsequent subject matter courses. This course may be taken four times with a different corequisite subject matter course. College noncredit course.

46 Elementary Algebra and Geometry
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Advisory: Mathematics 38 with a grade of “C” or better, or equivalent or Milestone M30. Limitation on Enrollment: This course is not open to students with previous credit for Mathematics 95 with a grade of “C” or better. Elementary algebra and geometry serves as the foundation for other math courses and is the first of a two-course integrated sequence in algebra and geometry intended to prepare students for transfer level mathematics. This course covers the real number system; writing, simplifying, solving and graphing of linear equations in one variable; solving linear inequalities in one variable; solving systems of linear equations in two variables; algebraic operations with polynomial expressions and factoring; functions; operations involving rational expressions and related equations; and geometric properties of lines, angles, and triangles. It is intended for students preparing for higher-level geometry and algebra courses. (FT) Not applicable to Associate Degree, basic skills.

Associate Degree Courses

92 Applied Beginning and Intermediate Algebra
3 hours lecture, 3 hours lab, 4 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Mathematics 265S or Mathematics 96 with a grade of “C” or better. This course emphasizes real world applications in the development of beginning and intermediate algebraic topics. Topics include a review of fractions, decimals and percents, as well as the development of linear, quadratic, rational, radical, exponential and logarithmic functions. This course is designed for those students whose major and transfer institution requires only statistics or math for liberal arts as the transfer level math course for the degree. (FT) AA/AS.

96 Intermediate Algebra and Geometry
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Advisory: Mathematics 46 with a grade of “C” or better, or equivalent, or Milestone M30, or enrollment in Mathematics 96X (which pairs Mathematics 96 with support course Mathematics 15B). Intermediate algebra and geometry is the second of a two-course integrated sequence in algebra and geometry. This course covers systems of equations and inequalities, radical and quadratic equations, quadratic functions and their graphs, complex numbers, nonlinear inequalities, exponential and logarithmic functions, conic sections, sequences and series, and solid geometry. The course also includes application problems involving these topics. This

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
Transfer Level Courses

104 Trigonometry
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 96 with a grade of “C” or better, or equivalent; or Milestone M40 or M50; or Corequisite: Students with Milestone M30 or above may enroll in Mathematics 104X (which pairs Mathematics 104 with support course Mathematics 15D).
This course is a study of the numerical, analytical, and geometric properties of right and oblique triangles, of trigonometric and inverse trigonometric functions, and their applications. The course content includes right angle trigonometry, radian measure, circular functions, graphs of circular functions and their inverses, trigonometric identities, equations involving trigonometric and inverse trigonometric functions, an introduction of the complex plane, vectors and their operations, and the trigonometric form of complex numbers. This course is designed as a preparation for calculus and it is intended for the transfer student planning to major in mathematics, engineering, economics, or disciplines included in the physical or life sciences. (FT) AA/AS; CSU.

116 College and Matrix Algebra
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 96 or Mathematics 109, each with a grade of “C” or better, or equivalent; or Milestone M40 or M50; or Corequisite: Students with Milestone M30 or above may enroll in Mathematics 116X (which pairs Mathematics 116 with support course Mathematics 15C).
This course is designed to strengthen the algebra skills of students seeking Business or Natural Science degrees who are required to take an applied calculus course. Topics in the course include the theory of functions; graphing functions; exponential and logarithmic functions; solving equations involving algebraic, exponential and logarithmic functions; solving systems of linear equations; matrix algebra; modeling; and applications problems. Analytical reading and problem solving skills are required for success in this course. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org; C-ID MATH 110.

118 Math for the Liberal Arts Student
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 96 or Mathematics 92 or Mathematics 109 each with a grade of “C” or better, or equivalent; or Milestone M50 or M40.
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course covers a selection of topics from logical reasoning, quantitative literacy, the history of mathematics, statistics, probability, number theory, problem-solving techniques, and applications of mathematics to the liberal arts curriculum. Emphasis is placed on the development of an understanding and life long appreciation for critical thinking and mathematical problem solving. This is a general education mathematics course designed for students majoring in the liberal arts. (FT) AA/AS; CSU.

119 Elementary Statistics
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 92 or Mathematics 96 or Mathematics 109, each with a grade of “C” or better, or equivalent; or Milestone M40 or M50; or Corequisite: Students with Milestone M30 or above may enroll in Mathematics 119X (which pairs Mathematics 119 with support course Mathematics 15A).
This course covers descriptive and inferential statistics. The descriptive portion analyzes data through graphs, measures of central tendency and dispersion. The inferential statistics portion covers statistical rules to compute basic probability, including binomial, normal, Chi-squares, and T-distributions. This course also covers estimation of population parameters, hypothesis testing, linear regression, correlation and ANOVA. Emphasis is placed on applications of technology, using software packages, for statistical analysis and interpretation of statistical values based on data from disciplines including business, social sciences, psychology, life science, health science and education. This course is intended for transfer students interested in statistical analysis. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org; C-ID MATH 110.

121 Basic Techniques of Applied Calculus I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 116 with a grade of “C” or better, or equivalent.
This course examines the study of calculus using numerical, graphical, and analytical methods to analyze calculus problems encountered in real-world applications in business, natural/life sciences, and social sciences. Topics include limits, derivatives, and integrals of algebraic, exponential, and logarithmic functions, curve sketching, optimization, and areas under and between curves and partial derivatives and optimization of multivariable functions. This is the first course in a sequence of mathematics courses for students intending to major in business, economics, or natural and social sciences. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org; C-ID MATH 140.

122 Basic Techniques of Calculus II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 121 with a grade of “C” or better, or equivalent.
This second course in a math sequence covers methods of integration, multivariable functions and optimization problems, differential equations, Taylor series development and application, derivatives and integrals of trigonometric functions, and their usage in solving problems encountered in real-world applications in business, life and social sciences and economics. This course is intended for students majoring in business, natural science, social science and economics. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

141 Precalculus
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 104 with a grade of “C” or better, or equivalent.
This course is a study of numerical, analytical, and graphical properties of functions. The course content includes polynomial, rational, irrational, exponential, logarithmic, and trigonometric functions. Additional topics include: inverse functions, complex numbers, polar coordinates, matrices, conic sections, sequences, series and the binomial theorem. This course is designed as a preparation for calculus and is intended for the transfer student planning to major in mathematics, engineering, economics, or disciplines included in the physical or life sciences. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

150 Calculus with Analytic Geometry I
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 141 with a grade of “C” or better, or equivalent.
This course is an introduction to university-level calculus requiring a strong background in algebra and trigonometry. The topics of study include analytic geometry, limits, differentiation and integration of algebraic and transcendental functions, and applications of derivatives and integrals. Emphasis is placed on calculus applications involving motion, optimization, graphing, and applications in the physical and life sciences. This course incorporates the use of technology. Analytical reading and problem solving are strongly emphasized in this course. This course is intended for students majoring in mathematics, computer science, physics, chemistry, engineering, or economics. AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org; C-ID MATH 210.

150L Calculus I Laboratory
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 141 with a grade of “C” or better, or equivalent.
Corequisite: Mathematics 150.
This course is a workshop, project-oriented course dealing with exploration and development of the calculus topics introduced in Calculus and Analytic Geometry I. This course directly supports the calculus lectures by having hands-on, collaborative assignments where technology is strongly incorporated throughout all the in-class assignments. Students work individually and in small groups on explorations and applications thus extending the material presented in Mathematics 150. Topics including geometric, analytic and numeric applications of limits, derivatives and integrals as well as calculus applications found in the physical and life sciences. This course is intended for all students currently enrolled in Mathematics 150. (FT) AA/AS; CSU; UC.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
151 Calculus with Analytic Geometry II
4 hours lecture, 4 units
Letter Grade or Pass/No Pass Option

Prerequisite: Mathematics 150 with a grade of “C” or better, or equivalent.
This is the second course in the calculus and analytic geometry sequence. This course covers more advanced topics in analytic geometry, differentiation and integration of algebraic and transcendental functions, infinite series, Taylor series, and parametric equations. This course also covers a general introduction to the theory and applications of power series, techniques of integration, and functions in polar coordinates, as it serves as a basis for multivariable calculus and differential equations, as well as most upper division courses in mathematics and engineering. This course is intended for the transfer student planning to major in mathematics, computer science, physics, chemistry, engineering or economics. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

210A Concepts of Elementary School Mathematics I
3 hours lecture, 3 units
Grade Only

Prerequisite: Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50 or Mathematics 92 with a grade of “C” or better, or equivalent or Milestone M40.
This course is a study of the mathematical concepts needed for teaching elementary school mathematics with emphasis on number and function. This course promotes an appreciation of the importance of logical thinking and applications of mathematics in problem solving and critical thinking. It studies the basic computational skills, but also requires the understanding and explanation of the basic mathematical concepts and the connections between them. This course includes content relevant to national and state curriculum standards for elementary school mathematics. It is designed for students preparing for credentials in elementary education. (FT) AA/AS; CSU.

212 Children’s Mathematical Thinking
1 hour lecture, 1 unit
Grade Only
Corequisite: Completion of or concurrent enrollment in Mathematics 210A with a grade of “C” or better, or equivalent.
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course focuses on children’s mathematical thinking and includes an in-depth study of place-value, fractions and how children solve mathematical problems. Students observe children and evaluate the problem strategies that are used. This course is intended for students pursuing a Multiple Subject Credential. (FT) AA/AS; CSU.

210B Concepts of Elementary School Mathematics II
3 hours lecture, 3 units
Grade Only

Prerequisite: Mathematics 210A with a grade of “C” or better, or equivalent.

245 Discrete Mathematics
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: Mathematics 122 or Mathematics 151, each with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is an introduction to the theory of discrete mathematics and introduces elementary concepts in logic, set theory, and number theory. The topics covered include propositional and predicate logic, methods of proof, set theory, Boolean algebra, number theory, equivalence and order relations, and functions. This forms a basis for upper division courses in mathematics and computer science, and is intended for the transfer student planning to major in these disciplines. (FT) AA/AS; CSU; UC.
252 Calculus with Analytic Geometry III
4 hours lecture, 4 units
Grade Only
Prerequisite: Mathematics 151 with a grade of “C” or better, or equivalent.
This course includes the algebra and geometry of 2 and 3 dimensional Euclidean vectors, the algebra and calculus of multivariable functions including composition of functions, limits, continuity, partial differentiation, gradients, higher order derivatives, the chain rule, constrained and unconstrained optimization including Lagrange’s theorem, multiple integrals, integrals over paths and surfaces, and integral theorems of vector analysis. This course is intended as a general introduction to the theory and applications of multivariable calculus. This course is essential for most upper division courses in mathematics and forms part of the foundation for engineering and physics. The course is intended for the students interested and/or planning to major in mathematics, physics, astronomy, engineering, computer science, physical chemistry, operational research, or economics. (FT) AA/AS; CSU; UC; C-ID MATH 230.

254 Introduction to Linear Algebra
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 151 with a grade of “C” or better, or equivalent.
This course serves as an introduction to the theory and applications of elementary linear algebra, and is the basis for most upper division courses in mathematics. The topics covered in this course include matrix algebra, Gaussian Elimination, systems of equations, determinants, Euclidean and general vector spaces, linear transformations, orthogonality and inner product spaces, bases of vector spaces, the Change of Basis Theorem, eigenvalues, eigenvectors, the rank and nullity of matrices and introduction to linear transformations. This course is intended for the transfer student planning to major in mathematics, physics, engineering, computer science, operational research, economics, or other sciences. (FT) AA/AS; CSU; UC.

255 Differential Equations
3 hours lecture, 3 units
Grade Only
Prerequisite: Mathematics 252 and Mathematics 254, each with a grade of “C” or better, or equivalent.
This course covers first order and higher order ordinary differential equations and their applications. Topics include linear first order and higher order equations, homogeneous and nonhomogeneous equations with constant or variable coefficients, and systems of ordinary differential equations. Methods used to solve equations include substitution methods, integrating factors, reduction of order, variation of parameters, power series solutions, and Laplace transforms. This course is an introduction to the theory and applications of differential equations and is the basis for many upper division courses in engineering, physics, and mathematics. It is intended for the transfer student planning to major in mathematics, engineering, operational research, physics, or other physical science subjects. (FT) AA/AS; CSU; UC.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Medical Assisting (MEDA)

55 Fundamentals Human Anatomy and Physiology
3 hours lecture, 3 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Medical Assisting 105.
This course examines the structures of the human body and the functions of the major body systems. Topics include cell structure and physiology, tissue classification and function, and general body organization. This course is designed for medical assisting majors and anyone interested in entering a health care career. AA/AS.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
56 Administrative Medical Assisting I
1 hour lecture, 1.5 hours lab, 1.5 units
Grade Only

Prerequisite: Medical Assisting 110 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Medical Assisting 66 or Medical Assisting 104.

This course is designed to prepare Allied Health students to work in physicians' offices, clinics, hospitals, and other medical areas. The course covers administrative and clerical functions of a medical office assistant including patient reception, scheduling appointments, telephone procedures, medical records management, written communications, patient records, office management, professional activities, and personal conduct. (FT) AA/AS.

64 Medical Ethics and Legal Issues for the Allied Health Professional
1 hour lecture, 1 unit
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Medical Assisting 101.

This course presents future Allied Health professionals with an overview of ethical and legal practices related to the medical field. Guidelines pertaining to the laws, policies and regulations associated with medical issues and clinical practice within the various Allied Health professions, as well as those established by their associated accrediting/licensing agencies, are described and discussed. The impact of the cultural, social, ethical differences and the expectations from the patient's perspective are analyzed and assessed. (FT) AA/AS.

68 Human Behavior for Allied Health Students
3 hours lecture, 3 units
Grade Only

Prerequisite: Medical Assisting 55 or Biology 160 and Medical Assisting 110, each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Medical Assisting 112.

This course provides Medical Assisting students with the fundamentals of patient care in the clinical setting. Students practice the communication skills needed to obtain patient information, as well as instruct and educate patients. Students apply the principles of medical documentation to record include an exploration of varied cultural beliefs, values and practices regarding health and illness, concepts of mental wellness and mental disorders, and methods of treatment and therapy used in the rehabilitation and recovery of patients with mental illnesses. (FT) AA/AS.

76 Principles of Infection Control and Sterile Technique
1 hour lecture, 1.5 hours lab, 1.5 units
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Medical Assisting 106.

This course provides an overview and application of current Occupational Safety and Health Administration (OSHA) policies and regulations and Standard Precautions related to infection control in the clinical setting. This course is designed to meet OSHA and blood-borne pathogen control for medical assisting and other allied health students who have potential exposure to infectious material such as blood, urine and other body fluids. The evolution of asepsis and infection control is presented as a basis for understanding the need for protection in health care and service environments. The application and use of personal protective equipment (PPE), medical and surgical aseptic handwashing techniques, disposal of biohazard material and other related topics is explored and practiced. This course also covers the differences between disinfection and sterilization. Students sterilize instruments, materials and equipment using a variety of methods and set-ups to maintain and work in a sterile field. (FT) AA/AS.

78 Principles of Patient Care
1 hour lecture, 3 hours lab, 2 units
Grade Only

Prerequisite: Medical Assisting 55 or Biology 160 and Medical Assisting 110, each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Medical Assisting 112.

This course provides Medical Assisting students with the fundamentals of patient care in the clinical setting. Students practice the communication skills needed to obtain patient information, as well as instruct and educate patients. Students apply the principles of medical documentation to record
information obtained from patient interviews, measuring vital signs, procedures performed or other pertinent patient information as an entry in the patient’s medical record. Correct body mechanics needed to assist, move and position patients are presented and students practice positioning patients, preparing trays, measuring a patient’s vital signs and assisting with general and specialized clinical procedures performed in the medical setting and within the "Scope of Practice" for the Medical Assistant. (FT) AA/AS.

82 Diagnostic Testing
3 hours lab, 1 unit
Grade Only
Prerequisite: Medical Assisting 55 or Biology 160 and Medical Assisting 110, each with a grade of "C" or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Medical Assisting 76 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Medical Assisting 113.

This course presents the principles of diagnostic testing to students in the medical assisting program. Students are introduced to the various types of medical laboratories and methods of quality control for specimen collection, transport, and testing while they learn to screen patients for various diagnostic tests and to follow-up test results. Emphasis is placed on the application of laboratory safety practices in accordance with Standard Precautions and Occupational Safety & Health Administration (OSHA) regulations. Students use common laboratory equipment to perform Clinical Lab Improvement Act (CLIA) approved tests for medical assistants, including hematology, chemistry, immunology and microbiology tests, urinalysis, and respiratory function testing and result analysis. Topics also include the principles of radiological tests, such as X-rays, computerized axial tomography (CT) scanning and magnetic resonance imaging (MRI). (FT) AA/AS.

84 Phlebotomy for Medical Assisting
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Prerequisite: Medical Assisting 76 with a grade of "C" or better, or equivalent
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Medical Assisting 150.

This course prepares students to perform venipunctures and basic blood tests required for entry-level medical assisting positions in clinics and other health care settings. This course is designed for students completing the Medical Assisting Program. AA/AS.

86 Administrative Medical Assisting II
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Prerequisite: Medical Assisting 110 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Medical Assisting 205 or Medical Assisting 240 and Medical Assisting 245.

This course introduces and instructs Allied Health students in the use of accounting systems for medical and dental offices (including the pegboard and computerized accounting systems) and health insurance procedures. Emphasis is placed on medical accounting terminology, ledgers, methods used in payroll accounting, preparation of account charts and correct completion of benefit and claim forms. This course also prepares students to work with insurance forms in medical offices, hospitals and other clinical settings and in the proper use of procedural and diagnostic coding utilizing the most current editions of Physicians Current Procedural Terminology and International Classification of Diseases. (FT) AA/AS.

88 Electrocardiogram Application
1.5 hours lab, 0.5 units
Grade Only
Prerequisite: Medical Assisting 76 and Medical Assisting 55, each with a grade of "C" or better, or equivalent or Biology 160 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to
students with previous credit for Medical Assisting 220. This course presents the Medical Assisting students with the basic principles of performing and analyzing an electrocardiogram (ECG). Students review the anatomy, physiology and electrophysiology of the heart and circulatory system as it pertains to an ECG. The basic components of an ECG and types of cardiac rhythms, both normal and abnormal, are presented. Students perform and analyze a normal 12-Lead ECG. Students also become familiar with and are able to identify the abnormal cardiac rates, rhythms and conditions that can be diagnosed utilizing an ECG. (FT) AA/AS.

92 Minor Surgery
1.5 hours lab, 0.5 units
Grade Only

Prerequisite: Medical Assisting 76 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Medical Assisting 230.

Limitation on Enrollment: Special Admission - must be admitted to program.

This course introduces the Medical Assisting student to the principles of minor surgery, its history and settings. Students become familiar with a variety of common surgical procedures, instruments, materials and supplies used in aseptic and sterile procedures. Patient pre-operative and post-operative processing is also presented and practiced. Alternate surgical procedures are also discussed. Students are instructed in the Scope of Practice of the Medical Assistant as it relates to minor surgery. (FT) AA/AS.

94 Medication Administration
1.5 hours lab, 0.5 units
Grade Only

Prerequisite: Medical Assisting 110 and Medical Assisting 76, each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Medical Assisting 250.

In this course the medical assisting student practices the hands-on-application of medication administration. The course presents the principles and the guidelines for reading and interpreting a medical prescription. The course content also stresses the mechanisms for calculating, measuring and administering drugs; both orally and parenterally using placebos to carry out the medical prescription. Principles of intravenous (I.V.) therapy are discussed. Students maintain medication and immunization records in accordance with the appropriate application of documentation and record preparation principles. Also covered in this course are the complications of medication administration and the immediate measures that need to be applied in each situation. Students should be aware that they perform and practice invasive procedures on each other as one of the course requirements. This course is designed for students enrolled in the Medical Assisting Program. (FT) AA/AS.

97 Directed Clinical Practice
216–243 hours other, 4.5 units
Grade Only

Prerequisite: Medical Assisting 110, Medical Assisting 76, Medical Assisting 78, and Medical Assisting 82, each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Medical Assisting 145 or Medical Assisting 96.

This course is designed to give medical assisting students hands-on, unpaid clinical experience at a medical facility. Focus is placed on the safe, legal, ethical and effective application of skills learned in prior medical assisting courses. This course also fosters the development of communication skills, interpersonal relationships and professionalism required for the healthcare field. Supervision of students is provided by the staff of the affiliating institution and coordinated by the college faculty. The course is designed for students enrolled in the Medical Assisting Program. (FT) AA/AS.

110 Medical Terminology
3 hours lecture, 3 units
Grade Only

This course covers basic medical terminology and the vocabulary of medical specialties. Special emphasis is on the use of prefixes and suffixes, and non-technical explanations of medical terms and descriptions of anatomy, physiology, and pathology. Students learn to utilize medical terminology as it applies to the structure of the human body, common laboratory tests, radiological and operative procedures, as well as basic pharmacology. This course is open to the general public as well as students in special programs or those who wish to review this information. AA/AS; CSU.
115 Pathophysiology
3 hours lecture, 3 units
Grade Only
Prerequisite: Medical Assisting 55, Medical Assisting 110, or Biology 160 each with a grade of “C” or better, or equivalent.
The course focuses on disease processes in the human body from a systems approach. Analysis of the most common and significant diseases is included. The signs and symptoms, etiology, diagnosis, and treatment of disease are examined along with the appropriate medical terminology. This course is designed for students in allied health programs, but is also open to those who wish to broaden their medical background or review this information. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Multimedia (MULT)

100 Introduction to Visual Communication
2 hours lecture, 3 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: This course is not open to students with previous credit for Multimedia 101. This course provides an overview of the design principles and digital tools required to develop a professional level of communication, conceptualization, composition, and visual design skills. Emphasis is placed on modern design theory, standards, & processes, industry standard software, and career opportunities in digital design and multimedia. This course is intended for students interested in game development, graphic design, web design, 3D & 2D animation, video production, and app development. (FT) AA/AS; CSU.

120 Introduction to Video Game Design
3 hours lecture, 3 units
Grade Only
This course is an introduction to the field of video game development. Emphasis is placed on theory and history of interactive video gaming and on the fundamentals of contemporary game design and development. This course is intended for multimedia majors, individuals interested in entering the field of video game development, and anyone interested in the theory and practice of interactive gaming. (FT) AA/AS; CSU.

121 Intermediate Visual Communication
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Multimedia 100 with a grade of “C” or better, or equivalent.
This course is designed to develop preliminary skills in the conceptual use of industry standard digital design software. Students produce digitally imaged media elements for a diverse range of applications and present a portfolio of their work. This course is intended for multimedia and art majors and anyone interested in digital image design and editing. (FT) AA/AS; CSU.

122 Advanced Visual Communication
3 hours lecture, 3 units
Grade Only
Advisory: Multimedia 121 with a grade of “C” or better, or equivalent.
This is a project-based course designed to develop advanced skills in the use of media design software applications. Emphasis is placed on producing conceptual media elements and compositions for a diverse range of applications. This course is intended for multimedia, art, and graphic design students who plan to pursue a career in the design or multimedia industry. (FT) AA/AS; CSU.

123 Digital Video I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Multimedia 100 with a grade of “C” or better, or equivalent.
This course is a project-based course in the use of nonlinear digital video editing systems. Emphasis is placed on the process of digital video development and production using non-linear video editing techniques. Topics also include the history of film and traditional filmmaking as they relate to current conditions.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
practices. This course is intended for students pursuing careers in the multimedia industry. (FT) AA/AS; CSU.

124 Digital Video II  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: Multimedia 123 with a grade of “C” or better, or equivalent.  
This advanced course is designed to develop and refine technical and conceptual skills in the professional applications of digital design theory and practice. Emphasis is placed on advanced digital methodologies and visual grammar in the design and production of both traditional and non-traditional works. Students complete a portfolio of digital work for professional presentation. This course is intended for multimedia and art majors and anyone interested in digital image design and editing. AA/AS; CSU.

137 3D Animation I: Introduction to 3D Modeling and Animation  
3 hours lecture, 3 units  
Grade Only  
Advisory: Multimedia 121 with a grade of “C” or better, or equivalent.  
This course is a guided digital studio approach to developing skills in the use of 3D modeling and animation software for use in digital interactive game environments. Emphasis is placed on optimized 3D design and visualization, 3D animated scenes, video game development and general multimedia. This course is intended for multimedia majors and anyone pursuing a career in video game development, 3D design and visualization, 3D animation, or general multimedia. (FT) AA/AS; CSU.

139 3D Animation II: Character Design & Development  
3 hours lecture, 3 units  
Grade Only  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50; Multimedia 137 with a grade of “C” or better, or equivalent.  
This course is a guided digital studio approach to 3D character animation and production. This course combines exercises and individual and group projects to develop necessary skills and techniques in digital studio production. The course is intended for students who are preparing for more advanced study in 3D modeling, animation, and game design. (FT) AA/AS; CSU.

148 Business of Games  
2 hours lecture, 3 hours lab, 3 units  
Grade Only  
Limitation on Enrollment: This course is not open to students with previous credit for Multimedia 133.  
This course provides students with a fundamental understanding of the underlying functions, goals, and language of the video game development business. Students learn lessons from historical game releases that can be applied to new projects alongside general business best practices. Students learn the latest revenue models being used in the video game industry and how to leverage those tools to engage vs. alienate customers. Students research game employment opportunities, develop a resume, online presence, and create a business plan for an independent game project. This course is designed for multimedia students and students seeking employment in the digital entertainment industry. (FT) AA/AS; CSU.
154 Advanced Unity Game Development  
2 hours lecture, 3 hours lab, 3 units  
Grade Only

Advisory: Multimedia 152 with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Multimedia 116.  
This is a project-based course using Unity for creating online and stand-alone games. Emphasis is placed on the game development processes, including design, story and character development, physics audio, optimization, and deployment.  
This course is designed for students interested in advanced game development. (FT) AA/AS; CSU.

160 Beginning Unreal Engine  
2 hours lecture, 3 hours lab, 3 units  
Grade Only

Advisory: Multimedia 121 and Multimedia 137, each with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Multimedia 130.  
This course is a guided digital studio approach to developing skills in the use of industry standard game engine software for use in digital interactive game environments. Emphasis is placed on game design and development, optimized 3D design and visualization, interactive 3D scenes and levels, and general multimedia. This course is intended for multimedia majors and anyone pursuing a career in video game development or general multimedia.  
(FT) AA/AS; CSU.

162 Intermediate Unreal Engine  
2 hours lecture, 3 hours lab, 3 units  
Grade Only

Advisory: Multimedia 160 and Multimedia 139, each with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Multimedia 131.  
This course is a guided digital studio approach to 3D character & game level design and production. This course combines exercises and individual and group projects to develop necessary skills and techniques in video game production. The course is intended for students who are preparing for more advanced study in 3D modeling, animation, and game design.  
(FT) AA/AS; CSU.

164 Advanced Unreal Engine  
2 hours lecture, 3 hours lab, 3 units  
Grade Only

Advisory: Multimedia 162 and Multimedia 139, each with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Multimedia 132.  
This class engages the student of Video Game Development in an exploration of interactive environments using methodologies and concepts drawn from both inside and outside the traditional realms of interactive game design. It provides an opportunity for students to engage an audience by channeling their conceptual ideas into interactive digital environments via technologies incorporating programming, sound, compositing, virtual reality, interactivity, and three-dimensional modeling & animation. Emphases include an in-depth examination of contemporary examples of interactive gaming and a cross-sectioned exposure to the art, design, and programming involved in the creation of interactive games. This course serves as a preparatory environment for students to design and create a fully functional interactive game. (FT) AA/AS; CSU.

201 Introduction to 3D Graphics  
2 hours lecture, 3 hours lab, 3 units  
Grade Only

This course is an introduction to 3D computer generated graphics. Emphasis is placed on student exploration of the various facets of 3D modeling and animation processes to create 3D computer generated art while using industry standard software. This course is designed for students interested in and those majoring in 3D Modeling and Animation. (FT) AA/AS; CSU.

211 3D Modeling  
2 hours lecture, 3 hours lab, 3 units  
Grade Only

Prerequisite: Multimedia 201 with a grade of “C” or better, or equivalent.  
Advisory: Multimedia 100 with a grade of “C” or better, or equivalent.

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable  
Milestone formerly referred to as Skill Level
This course covers modeling techniques used for building 3D organic and hard surface objects and environments. Students utilize industry standard techniques to produce a variety of realistic and stylized 3D objects. This course is designed for students interested in and those majoring in 3D Modeling and Animation. (FT) AA/AS; CSU.

213 3D Texturing and Lighting
2 hours lecture, 3 hours lab, 3 units
Grade Only
Prerequisite: Multimedia 201 with a grade of "C" or better, or equivalent.
Advisory: Multimedia 100 with a grade of "C" or better, or equivalent.
This course is an in-depth study about creation and application of realistic and stylized materials, textures and lights to emphasize the desired mood and feel in 3D computer generated scenes. This course is designed for students majoring in 3D Modeling and Animation. (FT) AA/AS; CSU.

215 3D Character Design and Development
2 hours lecture, 3 hours lab, 3 units
Grade Only
Prerequisite: Multimedia 201 with a grade of "C" or better, or equivalent.
Advisory: Multimedia 100 with a grade of "C" or better, or equivalent.
This course is an introduction to character design and modeling. Students design a simple stylized character, then model the character in 3D while using a variety of complementary techniques such as box modeling, edge looping, UV layout and texturing. Basic character rigging and animation is also explored. This course is designed for students majoring in 3D Modeling and Animation. (FT) AA/AS; CSU.

217 3D Studio Pre-Production
2 hours lecture, 3 hours lab, 3 units
Grade Only
Prerequisite: Multimedia 201 with a grade of "C" or better, or equivalent.
Advisory: Multimedia 100 with a grade of "C" or better, or equivalent.
This course is an introduction to industry standard pre-production workflows and processes for animation. Students take a production driven approach to conceptualize and write a script for an animated short film, conduct art research, produce a complete Production Document that serves as a blueprint for the production of an animated film, and validate their ideas and storyboards via an animatic. This course is designed for students majoring in 3D Modeling and Animation. (FT) AA/AS; CSU.

221 A 3D Studio Production I
2 hours lecture, 3 hours lab, 3 units
Grade Only
Prerequisite: Multimedia 211, Multimedia 213, Multimedia 215, and Multimedia 217, each with a grade of "C" or better, or equivalent.
This course is an introductory study of industry standard production workflows and processes for animation. Students follow their production document and animatic to produce all necessary 3D assets for an animated short film. This course is designed for students majoring in 3D Modeling and Animation. (FT) AA/AS; CSU.

221 B 3D Studio Production II
2 hours lecture, 3 hours lab, 3 units
Grade Only
Prerequisite: Multimedia 221A with a grade of "C" or better, or equivalent.
This course is an intermediate study of industry standard production workflows and processes for animation. Students follow their production document and animatic to stage scenes, animate characters and scenes, create visual effects and finish the production of an animated short film. This course is designed for students majoring in 3D Modeling and Animation. (FT) AA/AS; CSU.

223 3D Visual Effects & Compositing
2 hours lecture, 3 hours lab, 3 units
Grade Only
Prerequisite: Multimedia 211, Multimedia 213, Multimedia 215, and Multimedia 217, each with a grade of "C" or better, or equivalent.
This course is an intermediate study of industry standard production workflows and processes for animation. Students follow their production document and animatic to stage scenes, animate characters and scenes, create visual effects (VFX) and finish the production of an animated short film. This course is designed for students majoring in 3D Modeling and Animation. (FT) AA/AS; CSU.

225 3D Studio Post-Production
2 hours lecture, 3 hours lab, 3 units
Grade Only
Prerequisite: Multimedia 223 with a grade of "C" or better, or equivalent.
This course is designed as an introduction to industry standard post-production pipeline in animation. Students take a production driven approach to composite, edit, add visual effects, sound, sound effects, finish and export their final animated 3D films. This course is designed for students majoring in 3D Modeling and Animation. (FT) AA/AS; CSU.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option

Limitation on Enrollment: Obtain Permission Number from Instructor.

This course is for students who wish to conduct additional research, a special project, or learning activities in multimedia. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Music (MUSI)

100 Introduction to Music
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

This course is designed to develop aural and analytical musical skills. Emphasis is placed on conceptual, contextual, and stylistic elements of music from various periods and cultures, and encompassing a range of genres and styles. This course is designed to support students in all majors who are interested in satisfying the general education requirements for Arts and Humanities. (FT) AA/AS; CSU; UC; C-ID MUS 100.

103 History of Rock Music
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

This course surveys the origins and development of Rock music from the 1940s to the present including its roots and related genres. The course focuses on the evolution of different styles within the Rock genre as well as the social, political, economic, and cultural contexts of Rock music. This course is intended for all students interested in the history of Rock music. (FT) AA/AS; CSU; UC.

109 World Music
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

This music survey course explores the music cultures of Asia; the Middle East; Africa; Central and South America; the Caribbean; and other areas with resident populations in San Diego. Musical practices and perspectives from several music cultures are studied with an emphasis on understanding and appreciation from non-ethnocentric viewpoints. Listening perception is developed through lectures and multimedia presentations. This course is intended for students majoring in music or anyone interested in music and culture. (FT) AA/AS; CSU; UC.

110 Music for Elementary School Teachers
2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only

This course prepares students to teach music as part of the curriculum in the elementary school classroom, the preschool, or day-care program. Students develop an understanding of musical concepts primarily by singing and playing an instrument, and practice using lesson plans for teaching these concepts to children. (FT) AA/AS; CSU.

111 Jazz History
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

This course is a survey of the history and development of Jazz in the United States. Emphasis is placed on the origins of Jazz, the variety of styles that developed throughout the twentieth and twenty-first centuries, current trends, and
outstanding performers and composers. This course is intended for all students interested in the history of Jazz. (FT) AA/AS; CSU; UC.

114 Music of The Beatles
3 hours lecture, 3 units
Grade Only
This course examines the musical, cultural, and historical impact of the music of The Beatles by surveying their origins, recordings, lyrics, films, solo years, and cultural context. This course is open to all students interested in popular music history. (FT) AA/AS; CSU; UC.

117 Music in the United States
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
This course introduces students to the history and style of various genres of music from the United States covering pre-colonial times to the present including Native American, Native Hawaiian, religious, martial, classical, folk, blues, ragtime, American popular song, jazz, country, rock, and rap. Analytical, aural, historical, and socio-cultural tools will be used to interpret music in the USA in the broadest perspective relating music to race, identity, gender, and popular culture technology. This course is for students majoring in music or for those who have an interest in music. (FT) AA/AS; CSU; UC.

118 Asian & Pacific Music
3 hours lecture, 3 units
Grade Only
This course introduces various traditional & popular Asian & Pacific musics including India, the Middle East, East Asia, Southeast Asia, Central Asia, and Oceania. Areas of emphases include learning about types of musical instruments, ensembles, musical styles, relevant history & geography, cultural contexts, and functions of music in traditional societies. This course is intended for anyone interested in Asian & Pacific music & culture. (FT) AA/AS; CSU; UC.

119 Music in Latin America & North America
3 hours lecture, 3 units
Grade Only
This course introduces various traditional musics of both Latin America & North America including origins in Sub-Saharan Africa & Western Europe and Native American musics of the Americas. Areas of emphasis include learning about types of musical instruments, ensembles, musical styles, relevant history & geography, cultural contexts, functions of music in traditional societies, and cultural retention and syncretism in order to understand how the music and culture of these areas of the world are both related and distinct. This course is intended for any student interested in music and culture of Latin America & North America. (FT) AA/AS; CSU; UC.

123A Recital Hour I
1.5 hours lab, 0.5 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Milestone R50 and W50.
Limitation on Enrollment: This course is not open to students with previous credit for Music 123.
Recital Hour offers a weekly series of live musical concerts in a variety of popular, folk, classical, and world musics for a beginning level audience. Concerts feature well-known international performers, music faculty, and music student performers. This course is designed for anyone interested in music. AA/AS; CSU; UC.

123B Recital Hour II
1.5 hours lab, 0.5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 123A with a grade of “C” or better, or equivalent.
Recital Hour offers a weekly series of live musical concerts in a variety of popular, folk, classical, and world musics for an intermediate level audience. Concerts feature well-known international performers, music faculty, and music student performers. This course is designed for anyone interested in music. AA/AS; CSU; UC.

123C Recital Hour III
1.5 hours lab, 0.5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 123B with a grade of “C” or better, or equivalent.
Recital Hour offers a weekly series of live musical concerts in a variety of popular, folk, classical, and world musics for an intermediate-advanced level audience. Concerts feature well-known international performers, music faculty, and music student performers. This course is designed for anyone interested in music. AA/AS; CSU; UC.
123D Recital Hour IV
1.5 hours lab, 0.5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 123C with a grade of "C" or better, or equivalent.
Recital Hour offers a weekly series of live musical concerts in a variety of popular, folk, classical, and world musics for an advanced level audience. Concerts feature well-known international performers, music faculty, and music student performers. This course is designed for anyone interested in music. AA/AS; CSU; UC.

124A Piano Class I
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: This course is not open to students with previous credit for Music 115A or Music 116A. This course explores the process of making music at the piano. The focus of the course is to provide a musical experience for students to continue a life-long pursuit of self-expression. This course also emphasizes developing fundamental techniques needed to play the piano. The concept of music theory is also included. Students learn piano techniques and applicable music theory by playing music on the piano though simple solo and ensemble pieces. This course is designed for all students interested in learning to play the piano. (FT) AA/AS; CSU; UC; C-ID MUS 170.

124B Piano Class II
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 124A with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 115B or Music 116B. This course further explores the process of making music at the piano as the second semester of piano studies. Students learn piano techniques and applicable music theory by playing music on the piano with additional sight-reading and intermediate piano solo and ensemble music. The course is designed for all students who are interested in further expanding piano studies. (FT) AA/AS; CSU; UC; C-ID MUS 171.

125 Music, the Arts, and Society
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of "C" or better, or equivalent.
This course examines selected musical traditions of the world through critical listening to music, cultural awareness, and political and ethical issues as related to culture and music. Basic musical concepts are introduced to assist students in describing and communicating the experience of listening to music. Students explore how music is an activity with social, political, and artistic functions. These analytical tools help students define their own identity through musical and cultural practices. In addition, this course examines how music is used, how meaning is created, and how music helps to define community. This course is intended for all students interested in music and culture. (FT) AA/AS; CSU; UC.

126 Rap Music and Hip Hop Culture
3 hours lecture, 3 units
Grade Only
Advisory: Black Studies 120 with a grade of "C" or better, or equivalent.
This course is a musical history of Rap Music and Hip Hop culture covering the origins of Rap Music and its relationship to the African American historical continuum in music, defining the genre and its sub-genres, and covering the significance of iconic artists & recordings. This course also covers the impact of Rap Music in other genre such as Rock, Jazz, Country & Classical Music composers and its influence in a variety of international cultural contexts & musics. This course is open to all students interested in the history & appreciation of Rap Music. (FT) AA/AS; CSU; UC.

131 Music of California
3 hours lecture, 3 units
Grade Only
This course covers a musical history of California as a state where numerous important musical styles developed and flourished. Genres covered includes the music of indigenous Yurok Native Americans, Polyphonic Sacred Music, Cowboy Folk Music,
Country & Western, Hollywood musical films, Cool Jazz, Bakersfield Sound Country, Doo-wop, Surf Rock, Psychedelic Rock, Folk-Rock, Country-Rock, Singer-Songwriters, Heavy Metal, Hardcore Punk Rock, West Coast Rap, and the music of innovative Californian Classical Music composers Henry Cowell, Lou Harrison, Harry Partch, and Terry Riley. The course is open to all students interested in the cultural & musical history of California. (FT) AA/AS; CSU; UC.

134A Voice Class I
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: This course is not open to students with previous credit for Music 120A or Music 120.
This course is an opportunity to explore your singing voice. To become a more expressive singer, a variety of songs are used for developing the range, volume, and tone color of your solo voice. A goal of the course is to provide a musical experience that inspires students to continue singing as a source of self-expression and growth. (FT) AA/AS; CSU; UC.

134B Voice Class II
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 134A with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 120B or Music 121.
This intermediate voice class is an in-depth study of specific elements of efficient vocal technique and performance. These include vowel purity, the International Phonetic Alphabet (IPA) to sing Italian songs, belt singing, and managing stage fright. Vocal exercises and songs from various music styles are performed, including selections made by students. Choral singers, all music majors, elementary education majors and students considering singing as a profession benefit from this class. (FT) AA/AS; CSU; UC.

134C Voice Class III
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 134B with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 120A or Music 120.
This advanced voice class is an in-depth study of specific elements of efficient vocal technique and performance. These include breath management in relation to posture, expressive singing via physical movement, unifying the register and range extension, resonance and vocal registers, expressive singing and stage presence. Vocal exercises and songs from various music styles are performed including selections made by students. Choral singers, all music majors, elementary education majors and students considering singing as a profession benefit from this class. (FT) AA/AS; CSU; UC.

134D Voice Class IV
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 134C with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 240B or Music 241.
This advanced voice class is an in-depth study of specific elements of efficient vocal technique and performance. These include breath management using an efficient onset and release, managing the performance, resonance balancing using consonants, and song analysis to prepare a vocal piece for performance. Choral singers, all music majors, elementary education majors and students considering singing as a profession benefit from this class. (FT) AA/AS; CSU; UC.

136A Guitar Class I
3 hours lab, 1 unit
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Music 135A.
This is a beginning course designed for students who want to study basic guitar technique and music theory. Students will learn how to read music notation, perform simple solo guitar pieces, basic guitar chords and apply finger style guitar techniques. A goal of this course is to provide the student with a lifelong ability to make guitar music and acquire the skills necessary to reflect upon their process of learning. (FT) AA/AS; CSU; UC.

136B Guitar Class II
3 hours lab, 1 unit
Grade Only
Prerequisite: Music 136A with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 135B. This is an intermediate course designed for students who want to further their studies of guitar techniques and music theory. Students will learn how to read music notation in all positions of the guitar, perform intermediate solo guitar pieces, basic guitar chords in all twelve keys and apply more advanced finger style guitar techniques. A goal of this course is to provide the student with a lifelong ability to make guitar music and acquire the skills necessary to reflect upon their process of learning. 

148A Music Theory I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 150A with a grade of "C" or better, or equivalent.
Advisory: Concurrent enrollment in Music 268A.
Limitation on Enrollment: This course is not open to students with previous credit for Music 158A.
This course is a study of music, including structural, historical and stylistic analysis of music of Western classical music, World music, jazz, and popular music. The class will discuss the cultural, social and technical significance of the musical literature, examining rhythms, intervals, chords, cadences, melodies, phrases, notes and scales. Students will develop four-part writing skills using diatonic triads and seventh chords, and learn how to read and compose with figured bass, lead sheet chord symbols and standard musical notation. The history of notation and practice will be discussed as students develop skills in notation software and handwritten notation. This course is intended for music majors. (FT) AA/AS; CSU; UC.

148B Music Theory II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 148A with a grade of "C" or better, or equivalent.
Advisory: Concurrent enrollment in Music 268B.
Limitation on Enrollment: This course is not open to students with previous credit for Music 258B.
This course series continues in its study of diatonic music including the structural, historical and stylistic analysis of music of Western classical music, World music, jazz, and popular music. The class will discuss the cultural, social and technical significance of the musical literature, examining how melody, structure, harmony, and chord progressions, have an impact on the listener. The course will include analysis of Baroque and Classical pieces of music and an examination of large-scale events and form. The course will also include identifying, creating, and composing with the modes of the major scale. Students will continue to develop four-part writing skills using triads and seventh chords, non-harmonic tones, suspensions, retardations, figured bass, 6/4 chords, modulations and tonicizations. The history of notation and practice will be discussed as students develop skills in notation software and handwritten notation. This course is intended for music majors. (FT) AA/AS; CSU; UC; C-ID MUS 130.

150A Basic Musicianship
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of "C" or better, or equivalent or Milestone R50 and W50.
This course is the study and practice of musical literacy. Emphasis is placed on the development of perceptions in sight and sound as related to the symbols of rhythmic, melodic, and harmonic notation. Topics include skill development in notating notes, intervals, scales, key signatures, rhythms, and chords. Students also identify terms used to indicate navigation, tempo, and dynamics. This course is designed for music majors and musicians. (FT) AA/AS; CSU; UC; C-ID MUS 110.

174A Individualized Study I
0.5 hours lecture, 1.5 hours lab, 1 unit
Grade Only
Prerequisite: Music 150A with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Tryout or Audition. This course is not open to students with previous credit for Music 276A.
This course is a study in developing technical skills beyond an entry level to perform and present repertoire for a specific instrument or voice. This course is designed for music majors whose technical skills are evident but not yet adequate to begin addressing the needs of artistic self-expression. Students are expected to obtain fifteen one-hour
private lessons on their instrument to meet the course objectives. Entrance is by audition. (FT) AA/AS; CSU; UC.

174B Individualized Study II

0.5 hours lecture, 1.5 hours lab, 1 unit
Grade Only

Prerequisite: Music 174A with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Music 276B. This course is a study in developing technical skills beyond a beginning level to perform and present repertoire for a specific instrument or voice. This course is designed for music majors whose technical skills are evident but not yet adequate to begin addressing the needs of artistic self-expression. Students are expected to obtain fifteen one-hour private lessons on their instrument to meet the course objectives. (FT) AA/AS; CSU; UC.

174C Individualized Study III

0.5 hours lecture, 1.5 hours lab, 1 unit
Grade Only

Prerequisite: Music 174B with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Music 276C. This course is a study in developing technical skills at the intermediate level to perform and present repertoire for a specific instrument or voice. This course is designed for music majors whose technical skills are evident but not yet adequate to begin addressing the needs of artistic self-expression. Students are expected to obtain fifteen one-hour private lessons on their instrument to meet the course objectives. (FT) AA/AS; CSU; UC.

174D Individualized Study IV

0.5 hours lecture, 1.5 hours lab, 1 unit
Grade Only

Prerequisite: Music 174C with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Music 276D. This course is a study of performing and presenting repertoire using appropriate techniques for a specific instrument or voice. Students are expected to obtain fifteen one-hour private lessons on their instrument to meet the course objectives. This course is designed for music majors whose technical skills are beyond the intermediate level but not yet adequate to begin addressing the needs of artistic self-expression. (FT) AA/AS; CSU; UC.

190 Introduction to Audio Technology

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Advisory: Completion of or concurrent enrollment in Music 150A with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Music Commercial 80 or Music Commercial 162. This course is a study of simple electronic and acoustic theory as it applies to sequencing Musical Instrument Digital Interface (MIDI), hard disk recording, and other computer music applications. Students design and create projects using microphones, recorders, mixing boards, synthesizers, and samplers. This course is designed for all students interested in making electronic music in a recording studio. (FT) AA/AS; CSU.

201 Recording Arts

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: Music 190 with a grade of "C" or better, or equivalent.

This course is a study of advanced acoustics and electronic theory as applied to recording, mixing, and sound processing. Emphasis is placed on the various applications of advanced recording, microphone use, and mixing, such as editing, effects processing, music concrete composition, and other techniques for music composition. This course is intended for advanced music students who work with recording equipment. (FT) AA/AS; CSU.

202 Computer Music

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: Music 190 with a grade of "C" or better, or equivalent.

This course is a study of the application of contemporary digital technology to the practice of music performance. Emphasis in this course is on acquisition of computer skills to access and manipulate musical data via MIDI (musical instrument digital interface), hard disk audio files and other digital formats. These skills allow students to digitally sample sounds, control synthesizers and samplers, access and alter audio files, sequence music, transcribe and print musical scores and conceive new techniques for computer music. This
course is designed for students who are interested in continuing their education in the recording studio. (FT) AA/AS; CSU.

**203 Large Console Audio Recording**

3 hours lecture, 3 units  
Grade Only  
Prerequisite: Music 190 with a grade of "C" or better, or equivalent.  
This course is a hands-on study of the concepts and operating principles of large console audio recording (professional broadcast mixing board) in a high quality studio environment. Topics include audio signal flow in a large console, operating levels, microphone techniques in stereo and mono, room acoustics, equalization, reverb delays, compression/limiting, differences between "live" and multi-track recording, mixing techniques, mastering, and self and peer assessment. This course is intended for students majoring in audio production, those developing their own home studio, or anyone seeking employment in the audio industry. (FT) AA/AS; CSU.

**205A Audio Production Projects I**

3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Prerequisite: Music 190 with a grade of "C" or better, or equivalent.  
This course provides instruction in music technology applications. Students will do projects that develop skills in audio engineering and music production. Students will also create a portfolio of recordings and/or productions in a recording studio or home studio using music and audio technology equipment, applications, and techniques. Topics include recording studio technical skills; pre-production preparation; the recording and production process; mastering and mixing; and self and peer assessment. This course is intended for students majoring in audio production and engineering, those developing their own home studio, or anyone seeking employment in the audio industry. (FT) AA/AS; CSU.

**205B Audio Production Projects II**

3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Prerequisite: Music 190 with a grade of "C" or better, or equivalent.  
Advisory: Completion of or concurrent enrollment in Music 190 with a grade of "C" or better, or equivalent.  
This course is a continuation of instruction in audio and music technology applications. Students will do projects that further refine their technical skills in audio and music productions. Students will also expand on a portfolio of audio and music recordings and productions in a recording studio or home studio using audio and music technology equipment, applications, and techniques. Topics include advanced recording studio technical skills; pre-production preparation; the recording and production process in a variety of contexts; mastering and mixing; portfolio development; and self and peer assessment. This course is intended for students majoring in audio production and engineering, those developing their own home studio, or anyone seeking employment in the audio industry. (FT) AA/AS; CSU.

**206A Projects in Composition I**

3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 47A or English 48 and English 49, each with a grade of "C" or better, or equivalent; or Milestone R50 and W50; Music 150A with a grade of "C" or better, or equivalent.  
This course is designed for all composers, songwriters, and music majors who want to learn composition or who are actively composing music. In this course students receive instruction in composition, music technology, and performance. Students create a portfolio of music in any style or genre. The method of composition can be either score-based in musical notation or through electronic music production. Students create new music, present their work to colleagues, reflect and respond to one another, discuss musical processes, craft, techniques, and approaches. The focus is on developing a daily compositional practice, discovering your own musical voice, and creating a lifelong musical compositional practice. (FT) AA/AS; CSU.
206B Projects in Composition II  
3 hours lecture, 3 units  
**Letter Grade or Pass/No Pass Option**

**Advisory:** English 47A or English 48 and English 49, each with a grade of "C" or better, or equivalent or Milestone R50 and W50; Music 150A with a grade of "C" or better, or equivalent.  
**Advisory:** Completion of or concurrent enrollment in Music 190 with a grade of "C" or better, or equivalent.  
This course is a continuation of music composition studies and is designed for all composers, songwriters, and music majors who want to expand their compositional skills or who are actively composing music. In this course students receive continued instruction in composition, music technology, and performance. Students create, expand and refine their portfolio of music in any style or genre. The method of composition can be either with score-based in musical notation or through electronic music production. Students create new music, present their work to colleagues, reflect and respond to one another, discuss musical processes, craft, techniques, and approaches. The focus is on developing a daily compositional practice, discovering your own musical voice, and creating a lifelong musical compositional practice.  
(FT) AA/AS; CSU.

209A Recording Studio Internship I  
3 hours lab, 1 unit  
**Grade Only**

**Prerequisite:** Music 190 with a grade of "C" or better, or equivalent.  
**Limitation on Enrollment:** Tryout or Audition. This course is designed to provide advanced music students with the opportunity to develop skills through assisting beginning and intermediate level music students in the Recording Studio. Emphasis is placed on assisting students with proper protocol, skills and knowledge learned in the music technology courses. This course is designed for advanced music technology students. (FT) AA/AS; CSU.

209C Recording Studio Internship III  
3 hours lab, 1 unit  
**Grade Only**

**Prerequisite:** Music 209B with a grade of "C" or better, or equivalent.  
**Limitation on Enrollment:** Tryout or Audition. This course is designed to provide advanced music students with the opportunity to develop skills through assisting beginning and intermediate level music students in the Recording Studio. Emphasis is placed on troubleshooting and resolving technical problems. This course is designed for advanced Music Technology students. (FT) AA/AS; CSU.

209D Recording Studio Internship IV  
3 hours lab, 1 unit  
**Grade Only**

**Prerequisite:** Music 209C with a grade of "C" or better, or equivalent.  
**Limitation on Enrollment:** Tryout or Audition. This course is designed to provide advanced music students with the opportunity to develop skills through assisting beginning and intermediate level music students in the Recording Studio. Emphasis is placed on the elements necessary for effective professional work in a recording studio. This course is designed for skilled advanced Music Technology students. (FT) AA/AS; CSU.

224A Piano Class III  
3 hours lab, 1 unit  
**Letter Grade or Pass/No Pass Option**

**Prerequisite:** Music 124B with a grade of "C" or better, or equivalent.  
**Limitation on Enrollment:** This course is not open to students with previous credit for Music 215A and Music 215B or Music 216 or Music 216A. This course further explores the process of making music at the piano as the third semester of piano studies. Emphasis is placed on piano technique and music theory including music notation reading, scales, chords, harmonization, and performance of intermediate level piano literature and four-part scores. This course is designed for all students who...
are interested in intensive piano studies. (FT) AA/AS; CSU; UC; C-ID MUS 172.

230A Jazz Improvisation I
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Advisory: Music 150A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 153. This course provides the opportunity to develop skills in basic Jazz improvisation. Students learn to read and interpret basic Jazz rhythms and notation, determine chord/scale relationships, and play standard motifs and rhythms so as to create their own improvised solos within a combo setting. This is an interactive course open to all students who can read music, understand basic chord structures, and have performance skills beyond an entry level on their instruments. (FT) AA/AS; CSU; UC.

230B Jazz Improvisation II
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 230A with a grade of “C” or better, or equivalent.
This course provides the opportunity to develop skills in intermediate Jazz improvisation. Students learn to read and interpret Jazz rhythms and notation, determine chord/scale relationships, and play standard motifs and rhythms so as to create their own improvised solos within a combo setting. This is an interactive course open to all students who can read music, understand chord structures, and have performance skills beyond an entry level on their instruments. AA/AS; CSU; UC.

230C Jazz Improvisation III
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 230B with a grade of “C” or better, or equivalent.
This course provides the opportunity to develop skills in intermediate/advanced Jazz improvisation. Students learn to read and interpret Jazz rhythms and notation, determine chord/scale relationships, and play standard motifs and rhythms so as to create their own improvised solos within a combo setting. This is an interactive course open to all students who can read music, understand chord structures, and have performance skills beyond an entry level on their instruments. (FT) AA/AS; CSU; UC.

230D Jazz Improvisation IV
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 230C with a grade of “C” or better, or equivalent.
This course provides the opportunity to develop skills in advanced Jazz improvisation. Students learn to read and interpret Jazz rhythms and notation, determine chord/scale relationships, and play standard motifs and rhythms so as to create their own improvised solos within a combo setting. This is an interactive course open to all students who can read music, understand chord structures, and have performance skills beyond an entry level on their instruments. (FT) AA/AS; CSU; UC.

248A Music Theory III
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 148B with a grade of “C” or better, or equivalent.
Advisory: Concurrent enrollment in Music 269A.
Limitation on Enrollment: This course is not open to students with previous credit for Music 258A. This course is the third in a four semester sequence. It includes a detailed study of compositional techniques and structure in the music of the 18th and 19th centuries. The emphasis is on further development of analysis and writing skills using chromatic harmonies including secondary dominants, secondary leading tone chords, chromatic thirds, modulations, expanded tonicization, modal borrowing, modal mixture, altered predominants and altered dominant chords. The course includes analysis and writing of two-part tonal counterpoint and the analysis of Sonata form, binary and ternary forms. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge of music. (FT) AA/AS; CSU; UC; C-ID MUS 140.
248B Music Theory IV
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 248A with a grade of "C" or better, or equivalent.
Advisory: Concurrent enrollment in: Music 269B.
Limitation on Enrollment: This course is not open to students with previous credit for Music 258B. This course is the fourth of a four semester sequence. It includes a detailed structural analysis and study of compositional techniques in the music of the 19th, 20th and 21st centuries. The emphasis is on the study and composition of music using the new compositional techniques that emerged in the music of the late 19th and early 20th centuries including non-functional harmony, polytonality, atonality, serial techniques and jazz. The course includes analysis of music by Wagner, Debussy, Bartok, Stravinsky and Schoenberg. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge of music. (FT) AA/AS; CSU; UC; C-ID MUS 150.

257A Guitar Ensemble I
3 hours lab, 1 unit
Grade Only
Limitation on Enrollment: Tryout or Audition. This course is not open to students with previous credit for Music 255 or Music 256A. This course is a beginning-intermediate guitar ensemble for the study and performance of selected guitar ensemble works. Students practice and perform a wide variety of works from different historical areas, and develop their skills in reading music, guitar technique and interpretation. Attendance at rehearsals and performances is required. This course is designed for students majoring music who want to advance their ensemble skills by participating in an ensemble group. (FT) AA/AS; CSU; UC; C-ID MUS 185.

257B Guitar Ensemble II
3 hours lab, 1 unit
Grade Only
Prerequisite: Music 257A with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 256B. This course is an intermediate guitar ensemble for the study and performance of selected guitar ensemble works. Students practice and perform a wide variety of works from different historical areas, and develop their skills in reading music, guitar technique and interpretation. Attendance at rehearsals and performances is required. This course is designed for students majoring music who want to advance their ensemble skills by participating in an ensemble group. (FT) AA/AS; CSU; UC; C-ID MUS 185.

257C Guitar Ensemble III
3 hours lab, 1 unit
Grade Only
Prerequisite: Music 257B with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 256C. This course is an intermediate guitar ensemble for the study and performance of selected guitar ensemble works. Students practice and perform a wide variety of works from different historical areas, and develop their skills in reading music, guitar technique and interpretation. Attendance at rehearsals and performances is required. This course is designed for students majoring music who want to advance their ensemble skills by participating in an ensemble group. (FT) AA/AS; CSU; UC; C-ID MUS 185.

257D Guitar Ensemble IV
3 hours lab, 1 unit
Grade Only
Prerequisite: Music 257C with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 256D. This course is an advanced guitar ensemble for the study and performance of selected guitar ensemble works. Students practice and perform a wide variety of works from different historical areas, and develop their skills in reading music, guitar technique and interpretation. Attendance at rehearsals and performances is required. This course is designed for students majoring music who want to advance their ensemble skills by participating in an ensemble group. (FT) AA/AS; CSU; UC; C-ID MUS 185.

259A Choir I
3 hours lab, 1 unit
Grade Only
Advisory: Music 134A, and Music 150A, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Tryout or Audition. This course is not open to students with previous credit for Music 212, Music 212A, Music 210A or Music 211A. Choir I is a mixed voice choral ensemble that prepares and performs a wide variety of choral
works. Students develop a high level of artistic choral singing through directed rehearsal, and perform at public concerts, choir festivals, and/or on choir tours. Enrollment is by audition. While prospective members are expected to have some previous choral and vocal experience, all students are encouraged to audition. Attendance at rehearsals and performances is required. (FT) AA/AS; CSU; UC; C-ID MUS 180.

259B Choir II

3 hours lab, 1 unit
Grade Only

Prerequisite: Music 259A with a grade of “C” or better, or equivalent.

Limitation on Enrollment: Tryout or Audition. This course is not open to students with previous credit for Music 212, Music 212B, Music 210B or Music 211B. Choir II is a mixed voice choral ensemble that prepares and performs a wide variety of choral works. Students develop a high level of artistic choral singing through directed rehearsal, and perform at public concerts, choir festivals, and/or on choir tours. Enrollment is by audition. Prospective members are expected to have choral and vocal experience beyond Vocal Ensemble I. Attendance at rehearsals and performances is required. (FT) AA/AS; CSU; UC; C-ID MUS 180.

259C Choir III

3 hours lab, 1 unit
Grade Only

Prerequisite: Music 259B with a grade of “C” or better, or equivalent.

Limitation on Enrollment: Tryout or Audition. This course is not open to students with previous credit for Music 212, Music 212C, Music 210C or Music 211C. Choir III is a mixed voice choral ensemble that prepares and performs a wide variety of choral works. Students develop a high level of artistic choral singing through directed rehearsal, and perform at public concerts, choir festivals, and/or on choir tours. Enrollment is by audition. Prospective members are expected to have choral and vocal experience beyond Vocal Ensemble II. Attendance at rehearsals and performances is required. (FT) AA/AS; CSU; UC; C-ID MUS 180.

259D Choir IV

3 hours lab, 1 unit
Grade Only

Prerequisite: Music 259C with a grade of “C” or better, or equivalent.

Limitation on Enrollment: Tryout or Audition. This course is not open to students with previous credit for Music 212, Music 212D, Music 210D or Music 211D. Choir IV is a mixed voice choral ensemble that prepares and performs a wide variety of choral works. Students develop a high level of artistic choral singing through directed rehearsal, and perform at public concerts, choir festivals, and/or on choir tours. Enrollment is by audition. Prospective members are expected to have choral and vocal experience beyond Vocal Ensemble III. Attendance at rehearsals and performances is required. (FT) AA/AS; CSU; UC; C-ID MUS 180.

261A World Music Ensemble I

3 hours lab, 1 unit
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Music 251A. World Music Ensemble I is a performance ensemble that exposes students to a variety of world music traditions, including those found in Uganda (East Africa), Ghana (West Africa), Zaire (Central Africa), Brazil (South America), and the Middle East. Students learn basic drumming techniques on a variety of percussion instruments with sticks & hands, basic traditional rhythms, and learn to sing traditional vocal pieces in a foreign language. Repertoire is learned through oral tradition and alternative notation. There is no prior experience or audition required. This course is open to all students who have an interest in music. (FT) AA/AS; CSU; UC.

261B World Music Ensemble II

3 hours lab, 1 unit
Grade Only

Prerequisite: Music 261A with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Music 251B.
World Music Ensemble II is a performance ensemble that exposes students to a variety of world music traditions, including those found in Uganda (East Africa), Ghana (West Africa), Zaïre (Central Africa), and Brazil (South America). Students learn intermediate drumming techniques on a variety of percussion instruments with sticks and hands, intermediate traditional rhythms, learn to sing traditional vocal pieces in foreign languages, and learn traditional intermediate xylophone repertoire. Repertoire is learned through oral tradition and alternative notation. There is no prior experience or audition required. This course is open to all students who have an interest in music. (FT) AA/AS; CSU; UC.

261C World Music Ensemble III
3 hours lab, 1 unit
Grade Only
Prerequisite: Music 261B with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 251C.
World Music Ensemble III is a performance ensemble that exposes students to a variety of world music traditions, including those found in Uganda (East Africa), Ghana (West Africa), Zaïre (Central Africa), and Brazil (South America). Students learn intermediate-advanced drumming techniques on a variety of percussion instruments with stick and hands, traditional hand drumming repertoire, and learn to sing traditional vocal pieces in foreign languages. Repertoire is learned through oral tradition and alternative notation. There is no prior experience or audition required. This course is open to all students who have an interest in music. (FT) AA/AS; CSU; UC.

261D World Music Ensemble IV
3 hours lab, 1 unit
Grade Only
Prerequisite: Music 261C with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 251D.
World Music Ensemble IV is a performance ensemble that exposes students to a variety of world music traditions, including those found in Uganda (East Africa), Ghana (West Africa), Zaïre (Central Africa), and Brazil (South America). Students learn advanced drumming techniques on a variety of percussion instruments, Advanced traditional rhythms, and learn to sing several traditional vocal pieces in multiple foreign languages. Repertoire is learned through oral tradition and alternative notation. There is no prior experience or audition required. This course is open to all students who have an interest in music. (FT) AA/AS; CSU; UC.

262A Jazz Big Band I
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 252 or Music 252A.
Limitation on Enrollment: Tryout or Audition. This course is not open to students with previous credit for Music 262 or Music 262A.
This ensemble is open to any student experienced in music interested in performing Jazz big band repertoire at the beginning level. Instrumentation includes saxophones, trumpets, trombones, piano, guitar, bass, and drums. This ensemble gives public concerts and focuses on developing skills in reading music, improvisation, and ensemble performance in a variety of Jazz styles. Attendance at rehearsals and performances is required. This course is designed for students interested in playing in a Jazz Big Band. (FT) AA/AS; CSU; UC; C-ID MUS 180.

262B Jazz Big Band II
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 262A with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Tryout or Audition. This course is not open to students with previous credit for Music 252B.
This ensemble is open to any student experienced in music interested in performing Jazz big band repertoire at the intermediate level. Instrumentation includes saxophones, trumpets, trombones, piano, guitar, bass, and drums. This ensemble gives public concerts and focuses on developing skills in reading music, improvisation, instrument doubling, transcription, and ensemble performance in a variety of Jazz styles. Attendance at rehearsals and performances is required. This course is designed for students interested in playing in a Jazz Big Band. (FT) AA/AS; CSU; UC; C-ID MUS 180.

262C Jazz Big Band III
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 262B with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Tryout or Audition. This course is not open to students with previous credit for Music 252C.
This ensemble is open to any student experienced in music interested in performing Jazz big band...
repertoire at the intermediate-advanced level. Instrumentation includes saxophones, trumpets, trombones, piano, guitar, bass, and drums. This ensemble gives public concerts and focuses on developing skills in reading music, improvisation, stylistic interpretation, extended soloing, and ensemble performance in a variety of Jazz styles. Attendance at rehearsals and performances is required. This course is designed for students interested in playing in a Jazz Big Band. (FT) AA/AS; CSU; UC; C-ID MUS 180.

262D Jazz Big Band IV
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 262C with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Tryout or Audition. This course is not open to students with previous credit for Music 252D.
This ensemble is open to any student experienced in music interested in performing Jazz big band repertoire at the advanced level. Instrumentation includes saxophones, trumpets, trombones, piano, guitar, bass, and drums. This ensemble gives public concerts and focuses on developing skills in reading music, improvisation, and ensemble performance in a variety of Jazz styles. Attendance at rehearsals and performances is required. This course is designed for students interested in playing in a Jazz Big Band. (FT) AA/AS; CSU; UC; C-ID MUS 180.

264A Jazz Ensemble I
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Advisory: Music 150A with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 253A.
This course is a study of small Jazz ensemble music performance at the beginning level. Students are seated in ensemble according to their technical ability in preparation for performance. This ensemble gives 2 public concerts and focuses on developing basic skills in reading music, improvisation, and ensemble performance in a variety of Jazz styles. This course is designed for music majors and anyone interested in playing with a small Jazz ensemble. (FT) AA/AS; CSU; UC; C-ID MUS 185.

264B Jazz Ensemble II
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 264A with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 253B.
This course is a study of small Jazz ensemble music performance at the intermediate level. Students are seated in ensemble groups according to their technical ability in preparation for performance. This ensemble gives 2 public concerts and focuses on developing intermediate skills in sight-reading music, transposition, improvisation, and ensemble performance in a variety of Jazz styles. This course is designed for music majors and anyone interested in playing with a small Jazz ensemble. (FT) AA/AS; CSU; UC; C-ID MUS 185.

264C Jazz Ensemble III
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 264B with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 253C.
This course is a study of small Jazz ensemble music performance at the intermediate-advanced level. Students are seated in ensemble groups according to their technical ability in preparation for performance. This ensemble gives 2 public concerts and focuses on developing intermediate-advanced skills in sight-reading music, transposition, arrangements, application of theory, improvisation, and ensemble performance in a variety of Jazz & Latin styles. This course is designed for music majors and anyone interested in playing with a small Jazz ensemble. (FT) AA/AS; CSU; UC; C-ID MUS 185.

264D Jazz Ensemble IV
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 264C with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 253D.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
This course is a study of small Jazz ensemble music performance at the advanced level. Advanced students are assigned to first chair of each section of the ensemble and to lead each part. This course is designed for music majors and anyone interested in playing with a small Jazz ensemble. (FT) AA/AS; CSU; UC; C-ID MUS 185.

**268A Ear Training I**

3 hours lab, 1 unit  
Letter Grade or Pass/No Pass Option

Prerequisite: Music 150A with a grade of "C" or better, or equivalent.

Corequisite: Completion of or concurrent enrollment in Music 148A with a grade of "C" or better, or equivalent.

The course is designed to facilitate perception, performance and identification of melodic, harmonic and rhythmic patterns in music. This course consists of sight singing scales, melodies, and rhythms, notating melodies, harmonies, and rhythms, and identifying chords and intervals. The emphasis is on the development of basic skills in sight singing and dictation: the sight singing and notating of short diatonic melodies containing seconds, thirds, fourths, fifths and octaves, the identification of major, minor, augmented and diminished triads in root position, harmonic dictation of primary triads in major keys, and rhythmic dictation with duple, triple and quadruple subdivisions of the beat. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge and skills. (FT) AA/AS; CSU; UC; C-ID MUS 125.

**268B Ear Training II**

3 hours lab, 1 unit  
Letter Grade or Pass/No Pass Option

Prerequisite: Music 268A with a grade of "C" or better, or equivalent.

This course is the second of a four-course sequence in ear training. Emphasis is placed on continued development of skill in sight singing major and minor melodies which contain seconds, thirds, fourths, fifths, sixths, sevenths, octaves and the tritone; melodic dictation containing triadic arpeggiations; harmonic identification of all diatonic triads in root position and inversions and in major and minor keys; rhythmic dictation with duple, triple, and quadruple subdivisions of the beat in simple and compound meters; notation of two-part and four-part dictation; and identification of errors in melodic phrases. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge and skills. (FT) AA/AS; CSU; UC; C-ID MUS 135.

**269A Ear Training III**

3 hours lab, 1 unit  
Letter Grade or Pass/No Pass Option

Prerequisite: Music 268B with a grade of "C" or better, or equivalent.

This course is the third semester of a four semester series. Emphasis is on continued development of skills in sight singing melodies which contain all intervals; melodic dictation of longer phrases which contain modulations; harmonic identification of all diatonic seventh chords and harmonic dictation of chorale phrases which modulate; rhythmic dictation with quarter and eighth beat values and in simple and compound meters; and identification of all triads in all inversions and seventh chords in root position. This course is designed for the student pursuing a music major or the student interested in enhancing technical knowledge and skills. (FT) AA/AS; CSU; UC; C-ID MUS 135.

**269B Ear Training IV**

3 hours lab, 1 unit  
Letter Grade or Pass/No Pass Option

Prerequisite: Music 269A with a grade of "C" or better, or equivalent.

This course is the fourth semester of a four semester series. Emphasis is on continued development of skills in sight singing melodies which contain all intervals, larger leaps, modality, and non-diatonic tones; melodic dictation of longer phrases which contain modulations, modality, and non-diatonic tone; harmonic identification of all diatonic seventh chords and harmonic dictation of chorale phrases which modulate, and contain secondary dominants, secondary leading tone chords, augmented sixth and Neapolitan sixth chords; rhythmic dictation with quarter, eighth, and sixteenth note value, ties, and rests in simple and compound meters; and identification of all triads and seventh chords in all inversions; two-part dictation and error detection. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge and skills. (FT) AA/AS; CSU; UC; C-ID MUS 155.

**274A Applied Music I**

3 hours lab, 1 unit  
Grade Only

Prerequisite: Music 150A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 275A. Tryout or Audition.

This course is an applied study of performing and presenting repertoire beyond a basic level of artistic self-expression for a specific instrument or voice. Emphasis is placed on the development of specific skills needed for artistry. This course is designed for music majors. (FT) AA/AS; CSU; UC; C-ID MUS 160.

274B Applied Music II

3 hours lab, 1 unit
Grade Only

Prerequisite: Music 274A with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Music 275B.

This course is an applied study of performing and presenting repertoire beyond a beginning level of artistic self-expression for a specific instrument or voice. Emphasis is placed on the further development of specific skills needed for artistry. This course is designed for music majors. (FT) AA/AS; CSU; UC; C-ID MUS 160.

274C Applied Music III

3 hours lab, 1 unit
Grade Only

Prerequisite: Music 274B with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Music 275C.

This course is an applied study of performing and presenting repertoire at the intermediate level of artistic self-expression for a specific instrument or voice. Emphasis is placed on refining specific skills needed for artistry. This course is designed for music majors. (FT) AA/AS; CSU; UC; C-ID MUS 160.

274D Applied Music IV

3 hours lab, 1 unit
Grade Only

Prerequisite: Music 274C with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Music 275D.

This course is a study in developing technical skills at the advanced level to perform and present repertoire for a specific instrument or voice. This course is designed for music majors whose technical skills are evident but not yet adequate to begin addressing the needs of artistic self-expression. Students are expected to obtain fifteen one-hour private lessons on their instrument to meet the course objectives. AA/AS; CSU; UC; C-ID MUS 160.

290 Independent Study

3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option

Advisory: English 47A or English 48 and English 49, each with a grade of "C" or better, or equivalent or Milestone R50 and W50.

Limitation on Enrollment: Must obtain a permission number from the instructor for enrollment.

This course affords students the opportunity to pursue special interests in music. Projects may include extended research on music subjects addressed in scheduled music classes as well as topics outside the music curriculum. The culmination of the course may include a written paper, presentation or performance. An Independent Study has to be arranged with, approved and monitored by a member of the music faculty. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Neurodiagnostic Technology (NDTE)

101 Basic Electroencephalography

3 hours lecture, 6 hours lab, 5 units
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program.

This course covers the fundamentals of electroencephalography (EEG). The application of electrodes, basic waveforms, artifacts and introduction to the EEG machine are covered. The course is designed for students enrolled in the

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
Neurodiagnostic Technology Program. (FT) AA/AS; CSU.

121 Neurodiagnostic Lab Practice
1.5 hours lab, 0.5 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Neurodiagnostic Technology 101 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course is an application of basic technical skills to successfully record routine electroencephalographic (EEG) and Evoked Potential (EP) procedures according to published American Clinical Neurophysiology Society's (ACNS) guidelines. This course is designed for students enrolled in the Neurodiagnostic Technology Program. (FT) AA/AS; CSU.

131 Advanced Electroencephalography
3 hours lecture, 3 hours lab, 4 units
Grade Only
Prerequisite: Neurodiagnostic Technology 101 and Health Information Technology 130, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course builds upon knowledge and skill acquired in basic electroencephalography (EEG) and is an introduction to the abnormal EEG, maturational changes, and the basic electronic principles upon which successful electroencephalographic techniques are based. The course is designed for students enrolled in the Neurodiagnostic Technology Program. (FT) AA/AS; CSU.

133 Introduction to Neuroanatomy and Neurophysiology
3 hours lecture, 3 units
Grade Only
Prerequisite: Medical Assisting 55, Biology 160, or Biology 230 and Biology 235, each with a grade of "C", each or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course is an introduction to the anatomy and physiology of the central and peripheral nervous systems. Related symptoms and pathologies are presented. This course is designed for students enrolled in the Neurodiagnostic Technology program. (FT) AA/AS; CSU.

135 EEG Record Review
2.5 hours lecture, 2.5 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Neurodiagnostic Technology 131 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course is a practice in electroencephalograph (EEG) record review of normal adult and pediatric patients, and progresses to EEG record review of neurological patients. Technical description of normal EEG patterns lays the foundation for the remainder of the course. Emphasis is placed on abnormal EEG patterns, their classification and their correlation to clinical disorders. This course is designed for students enrolled in the Neurodiagnostic Technology Program. (FT) AA/AS; CSU.

140 Directed Clinical Practice I
6 hours other, 2 units
Grade Only
Prerequisite: Neurodiagnostic Technology 101 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course is the beginning clinical experience of electroencephalographic (EEG) testing on patients at an affiliated neurodiagnostic laboratory. The clinical experience provides students a supervised application of previously-learned techniques and skills. These include application of electrodes, performance of EEG testing on clinical patients, medical recordkeeping and clinical history reporting in a timely manner. The focus is on safe, legal and professional behavior. This course also fosters the development of communication skills and interpersonal relationships required for the healthcare field. Supervision of the students is provided by a neurodiagnostic technologist and/or physician of the affiliating institution and is coordinated by the college faculty. This course is designed for students enrolled in the Neurodiagnostic Technology Program. (FT) AA/AS; CSU.
150 Directed Clinical Practice II
6 hours other, 2 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Neurodiagnostic Technology 131 and Neurodiagnostic Technology 140, each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program.

This course is the second clinical experience in electroencephalographic (EEG) testing at an affiliated healthcare facility. The clinical experience provides students a supervised application of previously learned techniques and skills. The course builds on skills attained in the first clinical experience course including performance of EEG testing on clinical patients, medical record keeping and clinical history taking in a timely manner. The focus is on safe, legal and professional behavior. This course also fosters the development of communication skills and interpersonal relationships required for the healthcare field. Supervision of the students is provided by a neurodiagnostic technologist and/or physician of the affiliating institution and is coordinated by the college faculty.

This course is designed for students enrolled in the Neurodiagnostic Technology Program. (FT) AA/AS; CSU.

203 Neurologic Disorders
3 hours lecture, 3 units
Grade Only

Prerequisite: Neurodiagnostic Technology 131 and Neurodiagnostic Technology 133, each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program.

Clinical and electroneurodiagnostic correlations to various physical conditions and disease states which are commonly dealt with in neurodiagnostic technology are covered in this course. The relationship of technologists to various medical specialties (including neurology, neurosurgery, pathology, radiology, internal medicine, and psychiatry) is emphasized. This course is designed for students enrolled in the Neurodiagnostic Technology Program. (FT) AA/AS; CSU.

206 Introduction to Transcranial Doppler
1 hour lecture, 1 unit
Grade Only

Prerequisite: Neurodiagnostic Technology 133 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program.

This course is an introduction to transcranial Doppler (TCD) procedures and recording techniques. The basic set-up for TCD as well as changes that may be seen and heard during TCD are covered. The course is designed for students enrolled in the Neurodiagnostic Technology Program. (FT) AA/AS; CSU.

209 Introduction to Nerve Conduction Velocity
1 hour lecture, 1 unit
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program.

This course is an introduction to nerve conduction velocity (NCV) testing procedures and recording techniques. The basic set-up for NCV and the most common changes seen during NCV are covered. The course is designed for students enrolled in the

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
Neurodiagnostic Technology Program. (FT) AA/AS; CSU.

220 Polysomnography Basics
1 hour lecture, 1 unit
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program.
This course is an introduction to the pathology of a variety of sleep-related disorders. The basic set-up for a polysomnogram and treatment modalities is covered. The course is designed for students enrolled in the Neurodiagnostic Technology Program. (FT) AA/AS; CSU.

223 Introduction to Intraoperative Monitoring
1.75 hours lecture, 0.75 hours lab, 2 units
Grade Only

Prerequisite: Neurodiagnostic Technology 201 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course is an introduction to intraoperative neurophysiologic monitoring (IONM) recording strategies. Analysis of signal changes during an operation are correlated with anesthetic agents, metabolic effects, and/or the effects of surgical trauma. IONM scenarios are demonstrated and practiced in the classroom laboratory. This course is designed for students enrolled in the Neurodiagnostic Technology Program. (FT) AA/AS; CSU.

226 Microcomputer Applications in Neurodiagnostics
1.75 hours lecture, 0.75 hours lab, 2 units
Grade Only

Prerequisite: Neurodiagnostic Technology 131 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course covers specialized computer applications in neurodiagnostic technology. Testing modalities of electroencephalography (EEG), evoked potentials (EP), epilepsy monitoring and automated diagnostic techniques are presented. Opportunities for hands-on use of digital equipment are integrated into the classroom and during field trips. This course is designed for students enrolled in the Neurodiagnostic Technology Program. (FT) AA/AS; CSU.

250 Directed Clinical Practice III
144 hours other, 3 units
Grade Only

Prerequisite: Neurodiagnostic Technology 150 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course is the third clinical experience in electroencephalographic (EEG) testing at an affiliated healthcare facility. The clinical experience provides students a supervised application of previously learned techniques and skills at an intermediate level. The course builds on skills attained in the second clinical experience course including performance of EEG testing on clinical patients, medical record keeping and clinical history taking in a timely manner. The focus is on safe, legal and professional behavior. This course also fosters the development of communication skills and interpersonal relationships required for the healthcare field. Supervision of the students is provided by a neurodiagnostic technologist and/or physician staff of the affiliating institution and is coordinated by the college faculty. This course is designed for students enrolled in the Neurodiagnostic Technology Program. (FT) AA/AS; CSU.

260 Directed Clinical Practice IV
9 hours other, 3 units
Grade Only

Prerequisite: Neurodiagnostic Technology 250 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course is the fourth clinical experience in the Neurodiagnostic Technology Program and takes place at an affiliated healthcare facility. The emphasis for this course is on evoked potential (EP), advanced skills in electroencephalographic (EEG) recording and analysis, and more specialized diagnostic testing procedures (as available). The specialized areas may include intraoperative neurophysiologic monitoring (IONM), neonatal testing, long-term epilepsy monitoring, pediatric tests, transcranial doppler (TCD) studies, nerve conduction (NCV) studies and others. The clinical experience provides students a supervised application of previously learned techniques and skills at an advanced level and progressing toward entry level. The focus is on safe, legal and professional behavior. This course also fosters the development of communication skills and interpersonal relationships required for
Supervision of the students is provided by a neurodiagnostic technologist and/or physician of the affiliating institution and is coordinated by the college faculty. This course is designed for students enrolled in the Neurodiagnostic Technology Program. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

### 150 Nutrition

**3 hours lecture, 3 units**

**Grade Only**

**Advisory:** English 101 with a grade of "C" or better, or equivalent.

This course is a study of the scientific concepts of nutrition relating to the functioning of nutrients within the human body. Emphasis is placed on nutritional needs throughout the life cycle, food source of nutrients, and current nutritional issues. Students utilize computer technology to analyze dietary intake and evaluate nutritional status. Included is a personal dietary analysis indicating nutritional issues. Students operate computer assisted program available. This course is intended for students majoring in nutrition and all students interested in the science of nutrition. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org; C-ID NUTR 1 10.

**Note:** Students interested in earning a Dietetic Service Supervisor Certificate of Achievement must take NUTR 150 at San Diego Mesa College.

### 153 Cultural Foods

**3 hours lecture, 3 units**

**Grade Only**

**Limitation on Enrollment:** This course is not open to students with previous credit for Culinary Arts/ Culinary Management 150.

This course examines the regional, ethnic, cultural, religious, historical and social influences on food patterns and cuisine, as well as how food is viewed as an expression of cultural diversity. Traditional foods of geographic areas and cultures, geographic factors in food availability, global food issues, dietary habits, religious influences and an overview of nutritional problems of ethnic groups are discussed and assessed. Connection is drawn between major historical events and how and why these events affected and defined the culinary traditions of different societies. Also presented are nutrition consequences of ethnic food choices, sanitation and safety practices, and applications of food and nutrition services. This course is for students interested in a career in nutrition, dietary service supervisor certificate, culinary, hospitality management, and those with an interest in ethnic cuisine. (FT) AA/AS; CSU; UC.

### 155 Advanced Nutrition

**3 hours lecture, 3 units**

**Grade Only**

**Prerequisite:** Nutrition 150, Biology 107, Chemistry 100, and Chemistry 100L or Chemistry 152, and Chemistry 152L, each with a grade of "C" or better, or equivalent.

**Advisory:** English 101 with a grade of "C" or better, or equivalent.

This course is an in-depth study of the functioning of nutrients in the basic life processes from a biochemical and cellular approach. Emphasis is placed on the investigation of certain diets in relation to disease, current legislation relating to nutritional issues, and consumer nutritional practices. This course is intended for Nutrition and Allied Health majors. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

### 160 Foods for Healthy Lifestyles

**3 hours lecture, 3 units**

**Grade Only**

This course emphasizes scientific concepts of nutrition and food relating to health promotion. Health benefits and food sources of nutrients, healthy food preparation and food technologies are discussed. This class is intended for students majoring in nutrition and all students interested in attaining or promoting good health through nutrition. (FT) AA/AS; CSU.
Oceanography (OCEA)

101 The Oceans
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Science 120.
This course is a study of the major features and processes of the world’s oceans. Topics include the origin and history of ocean basins; atmospheric and ocean circulation; and the dynamics of waves, tides, and coastlines. Students explore the oceans as a resource for people and analyze and evaluate human impacts on marine environments. This course is intended for all students interested in the world’s oceans. (FT) AA/AS; CSU; UC.

Personal Growth (PERG)

110 Introduction to College
1.5 hours lecture, 1.5 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: This course is not open to students with previous credit for Personal Growth 127.
This course introduces the knowledge and skills necessary to survive and thrive during the first year in college. Students examine higher education structures, the opportunities and resources available, and the requirements to successfully complete a certificate, degree and transfer. Emphasis is placed on the transition to college learning and college life, self-reflection and self-advocacy, goal setting, academic policies, major selection and educational planning. Students develop and apply critical analysis skills, information literacy, and successful attitudes and behaviors in joining a college community. This course is intended for first time and re-entry college students. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

Office Information Systems (OFCE)
See Computer Business Technology (CBTE), page 383.
This course teaches success strategies to enhance academic and lifelong learning skills. Students explore topics such as discovering self-motivation, accepting personal responsibility, mastering self-management, employing interdependence, gaining self-awareness, goal setting, decision-making strategies, critical and creative thinking, personal health topics, interpersonal communication, developing emotional intelligence, and learning and personality theories, as well as other techniques for maximizing their abilities to succeed as lifelong learners. Students apply these topics as they relate to their personal and professional self-development and to the discovery of many new options for improving all aspects of their lives. This course is intended for new college students or those seeking to develop their academic and lifelong learning skills. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

130 Career – Life Planning
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
This course is designed for students interested in self-exploration, career transitions, and career-life planning in order to achieve success in a diverse society. Various assessments are utilized through a systematic approach to career development by examining values, interests, skills, and personality types. Other topics include life roles, personal self-management, decision making, and goal setting throughout the lifespan. This course is intended for students who are considering a career change or are undecided about their future career field or college major. (FT) AA/AS; CSU; UC.

140 Life Skills and Personal Adjustment
1 - 3 hours lecture, 1–3 units
Letter Grade or Pass/No Pass Option
In this course students develop their emotional, social, educational, and professional life skills. It is a practical study of the principles and application of strategies that assist in the development of coping and life skills. Topics include self-esteem and compassion, self-discipline, self-responsibility, self-assertion, and living a consciously balanced life in pursuit of defined educational, career, and life goals. This course is intended for students beginning college or anyone seeking to balance educational, career, and life goals. (FT) AA/AS; CSU.

160 Stress Management & Well-Being in the Modern World
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English Language Acquisition 35 with a grade of “C” or better, or equivalent.
This course is an opportunity to explore, assess, and evaluate stress management and holistic well-being across the lifespan. The course explores the mind-body relationship (psychophysiology) of stress, stressors across the lifespan, coping skills, and interventions. Emphasis is placed on managing stress and anxiety in the modern world. Topics include well-being in relation to career, physical and mental health, finances, relationships, and community connection. This course is designed for students seeking help with stress management, holistic well-being, and life balance. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Philosophy (PHIL)

100 Logic and Critical Thinking
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course explores the relationship of communications and critical thinking with a focus on good reasoning and impediments to its mastery. It emphasizes the development of skills in logical analysis including familiarity with the more common fallacies. This course is designed for students learning to apply principles of critical thinking to the
101 Symbolic Logic  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent; Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50.  
This course is a study of the elements of symbolic logic, sentential calculus and quantification theory. Topics include identity, definite descriptions, natural deduction and structure of language. This course is intended for philosophy majors and students pursuing studies in computer science. (FT) AA/AS; CSU; UC; C-ID PHIL 210.

102A Introduction to Philosophy: Reality and Knowledge  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.  
This course is an introductory study of the aims, methods, types and problems of philosophy and philosophical inquiry. Emphasis is placed on the nature of reality and knowledge. Materials for this survey of philosophy may draw from classical and contemporary thinkers. Students are encouraged to articulate, analyze, and evaluate their own beliefs/positions in the context of meaningful philosophical inquiry. This course is intended for anyone concerned with human existence and humanity’s place in the universe. (FT) AA/AS; CSU; UC; C-ID PHIL 100.

102B Introduction to Philosophy: Values  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.  
This course provides an introductory study of the aims, methods, types, and problems of philosophy focusing on values and their place in an individual’s daily life. Materials for this survey may be drawn from classical and contemporary thinkers. Students are encouraged to articulate, analyze, and evaluate their own beliefs/positions in the context of meaningful philosophical inquiry regarding value theory. This course is for anyone interested in the origin and justification of values and their application to everyday life. (FT) AA/AS; CSU; UC; C-ID PHIL 120.

103 Historical Introduction To Philosophy  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.  
This course is an introduction to the issues and problems exemplified in the process of meaningful activity in Western philosophy from the pre-Socratics to the present. Students in this course survey the major philosophers in their historical contexts. Materials may be drawn from classical and contemporary thinkers. Students are encouraged to engage in independent research, analysis and formulation. This course is intended for students pursuing studies in History and Humanities, and anyone interested in the history of philosophy. (FT) AA/AS; CSU; UC.

104A History Of Western Philosophy: Ancient to Medieval  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.  
This course is an introduction to the issues and problems exemplified in the process of meaningful philosophical activity related to the history of western philosophy from the pre-Socratics to the close of the Medieval age. Students in this course survey representative theories and philosophical reflections related to the history of early western philosophy. Students are encouraged to engage in independent research, analysis and formulation. This course is intended for students pursuing studies in History and Humanities, and anyone interested in the history of western philosophy. (FT) AA/AS; CSU; UC.

104B History of Western Philosophy: Modern to Contemporary  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.  
This course is an introduction to the issues and problems exemplified in the process of meaningful philosophical activity related to the history of western philosophy from the Modern period through the 20th Century. Students in this course survey representative theories and philosophical reflections related to the history of philosophy from the Modern to Contemporary periods. Students are encouraged to engage in independent research,
analysis and formulation. This course is intended for students pursuing studies in History and Humanities, and anyone interested in the history of western philosophy. (FT) AA/AS; CSU; UC.

105 Contemporary Philosophy
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course explores the issues and problems associated with philosophy in the 20th and 21st centuries. Emphasis is placed on the representative thinkers of the modern and post-modern eras. Students are encouraged to engage in independent research, analysis and formulation. This course is designed for students interested in contemporary society and current events. (FT) AA/AS; CSU; UC.

106 Asian Philosophy
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course explores issues in the philosophical study of Asian philosophy, including questions relating to the nature of the universe, the status and meaning of humankind, and the qualities characterizing the good life. This course may be of special interest to students pursuing Pacific Rim or International Studies. (FT) AA/AS; CSU; UC.

107 Reflections on Human Nature
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course is an introductory study of the issues and problems exemplified in the process of meaningful philosophical activity relating to the topic of human nature. Students in this course survey representative theories and philosophical reflections relating to the notions of human nature, the individual person, and human characteristics in general. Material for this survey may be drawn from classical and contemporary thinkers or scientific and religious orientations. Students are encouraged to engage in independent research, analysis and formulation. This course is intended for students pursuing studies in behavioral and/or social sciences. (FT) AA/AS; CSU; UC.

108 Perspectives on Human Nature and Society
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course is an introduction to the issues and problems exemplified in the process of meaningful philosophical activity relating to the topics of human nature and human societal configurations. Students in this course survey representative theories and philosophical reflections related to the notions of human nature and human societal configurations such as the nature of society, the state, and government, with an emphasis on experiential elements of meaningful human existence, and notions of ideal society. Students are encouraged to engage in independent research, analysis and formulation. This course is intended for students pursuing studies in behavioral, social or political science, and anyone interested in philosophy of human nature. (FT) AA/AS; CSU; UC.

109 Issues in Social Philosophy
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course is an introduction to the issues and problems exemplified in the process of meaningful philosophical activity related to social philosophy. Students in this course survey representative theories and philosophical reflections related to the notions of social ethics and concepts in social philosophy such as types of government, the issues of sovereignty, natural law and natural rights, the philosophy of law, and issues of justice. Students are encouraged to engage in independent research, analysis and formulation. This course is intended for students pursuing studies in pre-law, and/or political, behavioral or social sciences, and anyone interested in social philosophy. (FT) AA/AS; CSU; UC.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
110 Philosophy of Religion
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of "C" or better, or equivalent.
This course explores issues associated with the philosophical understanding of religious phenomena and belief. It analyzes philosophical arguments relating to religious beliefs and includes discussions of Western as well as non-Western belief systems. This course may be of interest to students pursuing religious and cultural studies. (FT) AA/AS; CSU; UC.

111 Philosophy In Literature and Other Fiction
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of "C" or better, or equivalent.
This course is an introduction to the issues and problems exemplified in the process of meaningful philosophical activity related to philosophy in literature and fiction in general. Students in this course survey representative theories and philosophical reflections related to philosophy in literature such as the nature of reality, the notion of the self, the issue of choice and determinism, the problem of good and evil, and the characteristics of the good life. Students are encouraged to engage in independent research, analysis and formulation. This course is intended for students pursuing studies in literature and media theory, the Behavioral and/or Social Sciences, and anyone interested in philosophy in fiction. (FT) AA/AS; CSU; UC.

112 Philosophy of Science
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of "C" or better, or equivalent.
This is an introductory course exploring the presuppositions, concepts, principles, criteria and methodology of science and scientific investigation. This course is intended for students seeking a basic understanding of the nature of science and its philosophical underpinnings. (FT) AA/AS; CSU; UC.

125 Philosophy of Women
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of "C" or better, or equivalent.
This course is an introduction to the issues and problems exemplified in the process of meaningful philosophical activity related to philosophy of women. Students in this course survey representative theories and philosophical reflections related to philosophy of women such as concepts of womanhood and feminism as they have found expression in mythic, classic, medieval and major modern philosophical traditions. Students are encouraged to engage in independent research, analysis and formulation. The course is intended for students pursuing women’s studies and/or political, behavioral or social sciences, and anyone interested in philosophy of women. (FT) AA/AS; CSU; UC.

126 Introduction to Philosophy of Contemporary Gender Issues
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of "C" or better, or equivalent.
This course provides an introduction to the concepts of gender and gender relations for the student interested in the development of contemporary gender issues as they relate to philosophy. The images, roles, and beliefs about gender and gender relations as they vary across cultures will be explored with respect to their impact in our everyday lives and the larger societies within which we live. This course is intended for students pursuing gender studies or women’s studies. (FT) AA/AS; CSU; UC.

130 Philosophy of Art and Music
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course employs philosophical methods to explore the concepts, principles, and criteria used in the creation and evaluation of art and music. In addition to students interested in philosophy, this course is designed for any student seeking to gain a better understanding of why we appreciate art and music and how we develop standards for evaluating them. A variety of arts may be discussed including painting, sculpture, architecture, design, music, dance, theatre, and literature. (FT) AA/AS; CSU; UC.
131 Environmental Ethics
3 hours lecture, 3 units
Grade Only
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent; Philosophy 100 with a grade of “C” or better, or equivalent.
This course allows students to gain an understanding of the field of moral philosophy as it pertains to environmental issues. Ethical theories are analyzed through application to issues such as: population growth, future generations, biodiversity, animal rights, pollution, energy use and consumption. This course is intended for students interested in Sustainability, Environmental Science, Philosophy, Biology, Sociology, Geology, Ecology, and Peace Studies. (FT) AA/AS; CSU; UC.

205 Critical Thinking and Writing in Philosophy
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This critical thinking and writing seminar in Philosophy is designed to enhance the student’s critical thinking, writing, and research skills in preparation for upper division academic activity. Issues addressed in this class may involve various areas of human experience and aspiration: metaphysical, cosmological, scientific, political, ethical, aesthetic, and religious. Together with the application of basic principles of deduction and induction, special attention is given to identifying and avoiding fallacies in reasoning, and to techniques and aids to research, reasoning, and writing. This course is designed for students who want to hone their writing and critical thinking skills in Philosophy. (FT) AA/AS; CSU; UC.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is for students who wish to conduct additional research, a special project or problem, or learning activities in the field of philosophy. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

70 Phlebotomy
1.5 hours lecture, 3 hours lab, 2.5 units
Grade Only
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Phlebotomy 50.
This course provides basic and advanced training in capillary puncture and venipuncture through didactic and clinical instruction as required by the State of California, Department of Health Services-Laboratory Field Services. The basic lecture portion of this course includes anatomy and physiology of the body systems with emphasis on the circulatory system, medical terminology and infection control. The advanced lecture portion of this course includes advanced infection control and biohazards, risk factors and appropriate responses to complications, anatomical site selection, quality assurance, pre-analytical source of error and ethical and legal issues related to phlebotomy. The clinical component of this course provides students with hands-on training in capillary puncture and venipuncture. Students apply knowledge of theory to the clinical setting. This course is intended for students in the Phlebotomy Training Program. (FT) Not applicable to the Associate Degree.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
80 Phlebotomy Directed Clinical Practice  
72 hours other, 1.5 units  
Grade Only  

Prerequisite: Phlebotomy 70 with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Phlebotomy 60.  
This course is an unpaid clinical experience designed for students to gain additional experience in phlebotomy. Students complete 50-100 venipunctures, 10-25 capillary punctures and observe 2 arterial punctures at an appropriate clinical site. Students apply knowledge of theory to the clinical setting. This course is intended for students in the Phlebotomy Training Program. (FT) Not applicable to the Associate Degree.

105 Physical Science for Elementary Education  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  

Advisory: English 47A or English 48, and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50; Mathematics 46 with a grade of “C” or better, or equivalent or Milestone M30.  
This course is an introductory survey of fundamental concepts in physics and chemistry. Emphasis is placed on developing a deep conceptual understanding of these topics. This course is especially designed for those interested in teaching science in a primary school setting in which students must understand scientific methodologies and master content in the physical sciences. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

114 Weather and Climate  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  

Advisory: English 101 with a grade of “C” or better, or equivalent; Mathematics 38 with a grade of “C” or better, or equivalent or Milestone M30.  
This course is an introduction to weather and climate. Emphasis is placed on the principles of solar radiation and energy transfer, atmospheric structure and composition, cloud development, precipitation, atmospheric pressure, and winds. Topics include the origin and development of storms, the greenhouse effect, and Earth’s changing climate. The scientific method is illustrated as it relates to analyzing meteorologic problems. This course is appropriate for students with an interest in weather and climate. (FT) AA/AS; CSU; UC.

215 Introduction to Teaching Science  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50; Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50.  
This course is a practical study of the middle/secondary school science classroom environment from the teacher and student perspectives. Emphasis is placed on the ways in which middle and secondary
students learn science and on effective teaching modalities. Students observe a variety of classroom environments in order to assess how human learning translates into effective teaching practice. This course is designed for students interested in teaching at all levels, especially the middle and secondary school classroom environments. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Advisory: Physical Science 100 and Physical Science 101, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is for students who wish to conduct additional research, a special project, or learning activities in the field of physical science. It is not intended to replace an existing course in the discipline. In this course students will have a written contract with their instructor for activities such as preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Physical Therapist Assistant (PHYR)

210 Introduction to Physical Therapy
2 hours lecture, 2 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Physical Therapist Assistant 110 or Physical Therapist Assistant 50.
This course provides general information regarding the field of physical therapy. The course focuses on the history, development, goals and current issues of the profession, an introduction to basic abbreviations and medical terminology and the American Physical Therapy Association (APTA). General legal and ethical principles, as well as state laws, relating to the delivery of physical therapy services are examined. The relationship of physical therapy to the health care delivery system in the United States, the settings utilized in the delivery of therapy, and an exploration of the roles and functions of the workers in the field and their part on the healthcare team are explored. This course fosters the development of communication skills, interpersonal relationships, collaboration, and professionalism required for the health care field. The need of the health care worker to develop a therapeutic presence which includes sensitivity to diversity and cultural competency are also presented. This course is designed for students interested in profession of physical therapy and those applying to the Physical Therapist Assistant Program. (FT) AA/AS; CSU.

215 Documentation Skills
1 hour lecture, 1 unit
Grade Only
Limitation on Enrollment: Special Admission - must be admitted to program.
This course provides an introduction to physical therapy chart review in line with application of the International Classification of Functioning, Disability and Health (ICF) and review of patients’ medical and treatment documentation. Students learn the formats used in both paper and electronic medical record documentation. Emphasis is placed on accurate and timely documentation that is consistent with institutional, legal, billing requirements and insurance models involved in physical therapy services. This course is designed for students enrolled in the Physical Therapist Assistant program. (FT) AA/AS; CSU.

220 Growth, Development, and Aging
3 hours lecture, 3 units
Grade Only
Limitation on Enrollment: Special Admission - must be admitted to program.
This course will introduce physical therapist assistant (PTA) students to concepts and physical therapy principles applied to the development process from conception through aging. Topics will include
normal and abnormal growth and development from conception, through adolescence, and adulthood. Emphasis will be placed on the developmental sequence, testing, and treatment principles in pediatrics, as well as aging changes that affect function in geriatric rehabilitation. Appropriate nutrition and wellness concepts across the lifespan will be considered. (FT) AA/AS; CSU.

225 Acute Care Techniques
2 hours lecture, 2 units
Corequisite: Physical Therapist Assistant 225L.
Limitation on Enrollment: Special Admission - must be admitted to program.
This lecture course provides the future Physical Therapist Assistant (PTA) with an exposure to the duties that relate to the PTA scope of practice with an emphasis on the acute and post-acute care settings. These duties include the principles of patient care management, safety within the facility, vital signs, patient positioning, basics of transfer and gait training with assistive devices for general orthopedic problems, wheelchair safety, basic wound care management to include universal precautions and infection control, and appropriate selection and progression of interventions based on physical therapist’s plan of care. The course also fosters the development of communication skills, interpersonal relationships, and professionalism required for the health care field. (FT) AA/AS; CSU.

225L Acute Care Techniques Lab
6 hours lab, 2 units
Corequisite: Physical Therapist Assistant 225.
Limitation on Enrollment: Special Admission - must be admitted to program.
This laboratory course provides the future Physical Therapist Assistant (PTA) with an exposure to the duties related to the PTA scope of practice with an emphasis on the acute and post-acute care settings. These duties include the principles of patient care management, safety within the facility, vital signs, patient positioning, basics of transfer and gait training with assistive devices for general orthopedic problems, wheelchair safety, basic wound care management to include universal precautions and infection control, and appropriate selection and progression of interventions based on physical therapist’s plan of care. The course also fosters the development of communication skills, interpersonal relationships, and professionalism required for the health care field. (FT) AA/AS; CSU.

230 Introduction To Human Movement
2 hours lecture, 3 hours lab, 3 units
Advisory: Biology 160 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Physical Therapist Assistant 114 or Physical Therapist Assistant 54. This lecture and lab course introduces the student Physical Therapist Assistant to the relationship between physical laws and the biomechanical principles of joint motion. The concepts of normal posture and human locomotion are contrasted with obvious posture and gait deviations. An understanding of kinesiology is applied to major joints in the body utilizing basic exercise applications for patients/clients with common orthopedic and neurologic conditions. (FT) AA/AS; CSU.

240 Introduction to Pathology
3 hours lecture, 3 units
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Physical Therapist Assistant 122 or Physical Therapist Assistant 62. This course focuses on the etiology and characteristics of diseases of the body’s systems as they relate to physical therapy, and includes a consideration of the general principles of tissue injury, inflammation, and healing. The course is designed for students enrolled in the Physical Therapist Assistant Program with an emphasis on identification of red flags that may occur with various pathologies and impact treatment decisions. (FT) AA/AS; CSU.

250 Introduction to Therapeutic Exercise
1 hour lecture, 3 hours lab, 2 units
Prerequisite: Physical Therapist Assistant 230 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Physical Therapist Assistant 63 or Physical Therapist Assistant 123. This lecture and lab course provides physical therapist assistant (PTA) students with the basic principles of therapeutic exercise and measurement
techniques used in the field of physical therapy. Students will learn and practice the following skills: range of motion, goniometry, manual muscle testing, and proprioceptive neuromuscular facilitation. Basic upper and lower extremity exercises will be introduced. (FT) AA/AS; CSU.

260 Topics in Neurology and Rehabilitation
2 hours lecture, 2 units
Grade Only

Prerequisite: Physical Therapist Assistant 225, and Physical Therapist Assistant 225L, each with a grade of “C” or better, or equivalent.

Corequisite: Physical Therapist Assistant 260L.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Physical Therapist Assistant 138 or Physical Therapist Assistant 78.

This course provides physical therapist assistant (PTA) students with the principles of functional activities and rehabilitation procedures relating to the management of clients with neurological diagnoses. Topics include rehabilitation of cerebral vascular accidents, traumatic brain injuries, spinal cord injuries, other neurological conditions, cardiopulmonary conditions, amputations, lymphedema, and pediatric conditions. The focus is on the safe, legal, ethical and appropriate use of rehabilitation procedures including physiological and therapeutic effects of treatment. The course also fosters the development of communication skills, interpersonal relationships, and professionalism required for the health care field. (FT) AA/AS; CSU.

260L Topics in Neurology and Rehabilitation Lab
6 hours lab, 2 units
Grade Only

Prerequisite: Physical Therapist Assistant 225, and Physical Therapist Assistant 225L with a grade of “C” or better, or equivalent.

Corequisite: Physical Therapist Assistant 260.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Physical Therapist Assistant 138L or Physical Therapist Assistant 78L.

This course for physical therapist assistant (PTA) students deals with the clinical application of functional activities and rehabilitation procedures relating to the management of clients with neurological diagnoses. Topics include rehabilitation of cerebral vascular accidents, traumatic brain injuries, spinal cord injuries, other neurological conditions, cardiopulmonary conditions, amputations, lymphedema, and pediatric conditions. The focus is on the safe, legal, ethical and appropriate use of rehabilitation procedures including physiological and therapeutic effects of treatment. The course also fosters the development of communication skills, interpersonal relationships, and professionalism required for the health care field. (FT) AA/AS; CSU.

263 Patient Management
3 hours lab, 1 unit
Grade Only

Prerequisite: Physical Therapist Assistant 250 with a grade of “C” or better, or equivalent.

Advisory: Physical Therapist Assistant 240, and Physical Therapist Assistant 260, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program.

This laboratory course provides physical therapist assistant (PTA) students with an opportunity to apply knowledge and skills from previous courses to actual patient scenarios. Students will review patient evaluations including plans of care and design appropriate beginning, intermediate, and advanced treatment plans. Emphasis will be placed on developing critical thinking and communication skills needed in a patient care environment. (FT) AA/AS; CSU.

264 Therapeutic Modalities
1.5 hours lecture, 1.5 units
Grade Only

Corequisite: Physical Therapist Assistant 264L.

Limitation on Enrollment: Special Admission - must be admitted to program.

This lecture course introduces the student Physical Therapist Assistant to the fundamental principles, physiological effects, and application techniques in the use of biophysical agents. Biophysical agents include soft tissue mobilization, thermotherapy, cryotherapy, compression therapy, hydrotherapy, ultrasound, electrotherapy, biofeedback, light therapy, and manual/mechanical traction procedures. Emphasis will be placed on indications,
contraindications, and safe application of the above techniques, as well as assessment of technique effectiveness. The course also fosters development of patient communication and appropriate documentation of modality treatments. (FT) AA/AS; CSU.

264L Therapeutic Modalities Lab
4.5 hours lab, 1.5 units
Grade Only

Corequisite: Physical Therapist Assistant 264.
Limitation on Enrollment: Special Admission - must be admitted to program.
This lab course introduces the student Physical Therapist Assistant to the fundamental principles, physiological effects, and application techniques in the use of biophysical agents. Biophysical agents include soft tissue mobilization, thermotherapy, cryotherapy, compression therapy, hydrotherapy, ultrasound, electrotherapy, biofeedback, light therapy, and manual/mechanical traction procedures. Emphasis will be placed on indications, contraindications, and safe application of the above techniques, as well as assessment of technique effectiveness within the laboratory setting. The course also fosters development of patient communication and appropriate documentation of modality treatments. (FT) AA/AS; CSU.

275 Orthopedic Exercise and Rehabilitation
3 hours lecture, 3 units
Grade Only

Prerequisite: Physical Therapist Assistant 250 with a grade of "C" or better, or equivalent.
Corequisite: Physical Therapist Assistant 275L.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Physical Therapist Assistant 137L or Physical Therapist Assistant 77L. This lecture course provides the physical therapist assistant student with a kinesiology based approach to the clinical applications used in the treatment and rehabilitation of the patient/client with orthopedic and related diagnoses. The focus is on safe, legal, ethical and appropriate use of manual and therapeutic exercise interventions and screening assessment procedures within the physical therapist assistant scope of practice. Students will demonstrate the critical thinking skills needed in the application and modification of physical therapy interventions including indications, precautions, contraindications, and physiological and therapeutic effects of various techniques as applied to various orthopedic and related diagnoses. In addition, this course fosters the development of communication skills, interpersonal relationships, and professionalism required in the health care field. (FT) AA/AS; CSU.

280 Organization of Physical Therapy
2 hours lecture, 2 units
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Physical Therapist Assistant 141 or Physical Therapist Assistant 81. This course provides physical therapist assistant (PTA) students with the fundamentals of ethics, values, and responsibilities in physical therapy as described by legal practice standards, including federal, state, and institutional regulations related to patient/client care and fiscal management. Topics include American Physical Therapy Association (APTA) guidelines for ethics and values, California Physical Therapy Practice Act and regulations, reporting requirements, insurance regulations, productivity, management, supervision, performance evaluations, professional liability.
insurance, career development, lifelong learning, and leadership skills. Students will assess their strengths and limitations as a PTA and their reactions to illness and disability with a diverse patient population. (FT) AA/AS; CSU.

291 Directed Clinical Practice I
144 hours other, 3 units
Grade Only
Prerequisite: Physical Therapist Assistant 225, Physical Therapist Assistant 225L, and Physical Therapist Assistant 250, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Physical Therapist Assistant 142A or Physical Therapist Assistant 70 or Physical Therapist Assistant 292.
This course provides the Physical Therapist Assistant (PTA) student a moderate to maximum supervised application of previously learned techniques and skills in the rehabilitation of patients in one selected clinical facility affiliated with the college. The focus is on intermediate level application in the safe, legal, ethical and effective use of physical therapy interventions. Emphasis is placed on intermediate level skills of professional communication and interpersonal relationships necessary for the healthcare field. Students are placed in either an inpatient or outpatient facility. Supervision of the student is at the intermediate level progressing to advanced intermediate, and is provided by the staff of the affiliating institution and is coordinated by the college faculty. This course is the first of three Directed Clinical Practice courses in the PTA program. (FT) AA/AS; CSU.

295 Directed Clinical Practice II
240 hours other, 5 units
Grade Only
Prerequisite: Physical Therapist Assistant 291 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Physical Therapist Assistant 80 or Physical Therapist Assistant 297.
This course provides the Physical Therapist Assistant (PTA) student a minimum to entry-level supervised application of previously learned techniques and skills in the rehabilitation of patients in one selected clinical facility affiliated with the college. The focus is on entry-level application in the safe, legal, ethical and effective use of physical therapy interventions. Emphasis is placed on entry-level skills of professional communication and interpersonal relationships necessary for the healthcare field. Students apply a higher level of critical thinking related to the implementation, modification and progression of physical therapy rehabilitation programs. Although under the supervision of a physical therapist, students are expected to apply their skills independently with minimal input from the clinical instructor. Students are placed in either an inpatient or outpatient facility. Supervision of the student is at the minimal level progressing to entry-level, and is provided by the staff of the affiliating institution and is coordinated by the college faculty. This course is the final of three Directed Clinical Practice courses in the PTA program. (FT) AA/AS; CSU.

298 Directed Clinical Practice III
240 hours other, 5 units
Grade Only
Prerequisite: Physical Therapist Assistant 295 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Physical Therapist Assistant 80 or Physical Therapist Assistant 297.
This course provides the Physical Therapist Assistant (PTA) student a minimum to entry-level supervised application of previously learned techniques and skills in the rehabilitation of patients in one selected clinical facility affiliated with the college. The focus is on entry-level application in the safe, legal, ethical and effective use of physical therapy interventions. Emphasis is placed on entry-level skills of professional communication and interpersonal relationships necessary for the healthcare field. Students apply a higher level of critical thinking related to the implementation, modification and progression of physical therapy rehabilitation programs. Although under the supervision of a physical therapist, students are expected to apply their skills independently with minimal input from the clinical instructor. Students are placed in either an inpatient or outpatient facility. Supervision of the student is at the minimal level progressing to entry-level, and is provided by the staff of the affiliating institution and is coordinated by the college faculty. This course is the final of three Directed Clinical Practice courses in the PTA program. (FT) AA/AS; CSU.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

### Physics (PHYS)

#### 100 Introductory Physics
3 hours lecture, 3 hours lab, 4 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50.
This course is designed for transfer-level students or for those wanting to acquire basic knowledge in physics with a minimum preparation in mathematics. A comprehensive coverage of subject matter in physics is presented, including mechanics, wave motions, thermodynamics, optics, electromagnetism, and atomic and nuclear physics. Emphasis is on the conceptual aspects, including explanation of natural phenomena. Concepts are reinforced through laboratory work. (FT) AA/AS; CSU; UC.

#### 125 General Physics
4 hours lecture, 3 hours lab, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Physics 124A, Physics 125A, Physics 181B, Physics 195B or Physics 196.
Prerequisite: Mathematics 104 or Mathematics 116, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 120B, Physics 124A, Physics 125B, Physics 181B, Physics 195B or Physics 196.
This second course in a two-part introductory survey explores the concepts and principles of physics. Topics include electricity, magnetism, light, and modern physics. This course is intended for students taking liberal arts and/or pre-professional courses that do not require physics with calculus. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org; C-ID PHYS 110.

#### 180A General Physics I
4 hours lecture, 4 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 116 with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Mathematics 121 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 120A and Physics 125A or Physics 124A.
This course is an introductory survey of the concepts and principles of physics. Emphasis is placed on developing an understanding of the properties of matter, mechanics, heat and sound in order to make calculations and solve fundamental physics problems. This course is designed for students interested in biological sciences. (FT) AA/AS; CSU; UC.

#### 180B General Physics II
4 hours lecture, 4 units
Letter Grade or Pass/No Pass Option
Prerequisite: Physics 180A and Mathematics 121, each with a grade of “C” or better equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 120B and Physics 125B or credit or concurrent enrollment in PHYS 124B.
This course is an introductory survey of the concepts and principles of physics. Emphasis is placed on developing an understanding of the properties of electricity, magnetism, light and modern physics in order to make calculations and solve fundamental physics problems. This course is designed for
students interested in biological sciences. (FT) AA/AS; CSU; UC.

181A General Physics Laboratory I
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Corequisite: Completion of or concurrent enrollment in: Physics 180A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 121A.
This laboratory course is a hands-on study of the properties of matter, mechanics, heat and sound through laboratory experiments. This course is designed for students interested in the biological sciences. (FT) AA/AS; CSU; UC.

181B General Physics Laboratory II
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Physics 180A with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Physics 180B with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 121B.
This laboratory course is a hands-on study of the principles of electricity, magnetism, light and modern physics through laboratory experiments. This course is designed for students interested in the biological sciences. (FT) AA/AS; CSU; UC.

195 Mechanics
4 hours lecture, 3 hours lab, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 150 with a grade of “C” or better, or equivalent.
Advisory: Completion of or concurrent enrollment in Mathematics 151 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 195A and Physics 196A.
This is the first of a three-semester calculus-based general physics sequence designed for scientists and engineers. Topics include linear kinematics, Newton’s Laws, energy, rotational kinematics, rigid-body rotation, momentum, fluid mechanics, gravity, oscillatory motion, and thermodynamics. This course is intended for students majoring in the physical sciences or engineering. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org; C-ID PHYS 205.

196 Electricity and Magnetism
4 hours lecture, 3 hours lab, 5 units
Grade Only
Prerequisite: Physics 195 and Mathematics 151, each with a grade of “C” or better, or equivalent.
Advisory: Mathematics 252 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 195B and 196B.
This is the second course of a three-semester calculus-based general physics sequence. Topics include the basic principles and applications of electrostatics; magnetostatics; time-varying electric and magnetic phenomena; direct and alternating current circuits; elementary electronics; and electromagnetic waves. Emphasis is placed on the mathematical analysis of physical problems. Laboratory work on various aspects of electric and magnetic phenomena emphasizing direct current (DC) and alternating current (AC) circuits is included. This course is intended for students majoring in the physical sciences or engineering. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org; C-ID PHYS 210.

197 Waves, Optics and Modern Physics
4 hours lecture, 3 hours lab, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Physics 196 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 195C and Physics 196C.
This is the third semester of a three semester calculus-based Physics course designed for prospective scientists and engineers. Topics include the fundamental principles of physics of waves, the behavior of light, and an introduction to relativity, quantum physics and the atomic and nuclear properties of matter. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org; C-ID PHYS 215.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option

Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is designed for students who wish to conduct additional research, a special project, or learning activities in the field of physics. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Political Science (POLI)

101 Introduction to Political Science
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is an introduction to the field of political science. Emphasis is placed on the concepts and methodologies used in the study of political institutions, political participation, public opinion, and the international political system. Other topics include a survey of political theory and the history of American political ideology and culture. This course is intended for students majoring in Political Science and those interested in the field of political science. (FT) AA/AS; CSU; UC; C-ID POLS 150.

102 Introduction to American Government
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This comprehensive survey course provides an in-depth study of American Government, including both the Federal government and the California government. The Federal and California governments are studied from the perspective of constitutional frameworks and political institutions, processes, issues, and policies. Other topics include political participation; political parties and interest groups; social movements and minorities; civil liberties; and the role of political ideology, culture, and the mass media in shaping public opinion and policymaking. This course is intended for transfer students, political science majors, or students interested in American government. (FT) AA/AS; CSU; UC; C-ID POLS 130.

103 Comparative Politics
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Political Science 130.
This course is an introduction to comparative politics. Emphasis is placed on analyses of various political systems using the fundamental concepts and methodologies of comparative politics. This course is designed for political science majors and anyone interested in comparative and/or international politics. (FT) AA/AS; CSU; UC; C-ID POLS 130.

121 American Political Development
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course provides an overview of American political development. Students engage in a historical analysis of the evolution of governmental institutions in the United States, and study how political ideas, political practices, and political actors (including ethnic groups, women, political parties, interest groups, and social movements) shape and are shaped by these institutional factors. This course is intended for transfer students, political science majors, or students interested in the American political system. AA/AS; CSU; UC.

123 Gender and Politics
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course explores central issues in the study of gender and politics. Topics include the impact of
gender on political representation, participation, law and the state, political violence, and the global economy. It draws on contemporary examples from the United States and around the world. This course is intended for women’s studies majors, political science majors, transfer students, and students interested in these topics. AA/AS; CSU; UC.

124 Power and Justice: An Introduction to Political Theory

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is an exploration of the relationship between power and justice in modern society.
Topics include various accounts of the meaning of power and justice, how political institutions harness power, and the ways in which political power can both impede and advance justice. Materials include classic and contemporary texts, films, and literature.
This course is intended for political science majors, transfer students, and students interested in these topics. AA/AS; CSU; UC; C-ID POLS 120.

140 Contemporary International Politics

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a study of world politics including the various approaches to international relations and international political economy. Emphasis is placed on the roles of nationalism, nation-states, transnationalism and international organizations in the making of contemporary world politics as well as on issues of national security, power and diplomacy, economic competition, international law and the environment. This course is intended for students majoring in political science or anyone with an interest in world politics. (FT) AA/AS; CSU; UC; C-ID POLS 140.

201 Elementary Statistics for Political Science

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 92, or Mathematics 96, or Mathematics 109, each with a grade of “C” or better or equivalent; or Milestone M40 or M50; or Corequisite: Students with Milestone M30 or above may enroll in LCOM 201X (which pairs Political Science 201 with support course Political Science 31).
Advisory: English 101 with a grade of “C” or better, or equivalent.
This is an introductory course on statistical methods for political and social sciences. Emphasis is placed on basic data analysis techniques as well as elementary statistical and probability concepts. Topics include descriptive statistics; probability and sampling distributions; statistical inference; correlation and linear regression; analysis of variance, chi-square and t-tests; and application of technology for statistical analysis based on data from disciplines including business, social and behavioral sciences, life science, health science, and education. This course is designed for Political Science majors, other Social Sciences majors, and anyone interested in statistics. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org; C-ID SOCI 125.

290 Independent Study

3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is for students who wish to study special topics in political science. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports and meeting with the instructor at specific intervals. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.
Public Administration (PADM)

110 Introduction to Law and Society
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of "C" or better, or equivalent.
This is an introductory course on the American legal system and its impact on society. Topics include different sources of law such as the federal and state constitutions and statutes, court cases, and administrative agency rules. Emphasis is placed on review of basic legal reasoning, the history and structure of the American legal system, and the way the application of the law shapes society, democracy, civil liberties, and equal rights. This course is intended for students pursuing a major in political science, public administration, and other related fields. (FT) AA/AS; CSU.

Psychology (PSYC)

31 Social and Behavioral Sciences Statistics Support
1 hour lecture, 1 unit
Letter Grade or Pass/No Pass Option
Corequisite: Psychology 258.
Limitation on Enrollment: This course is not open to students with previous credit for Political Science 31. This course provides additional hands-on experience in basic mathematical and statistical concepts. Students review key terms and definitions and practice foundational skills. This course is intended for students who require additional support to succeed in transfer-level Social and Behavioral Science statistics course. (FT) Not applicable to the Associate Degree.

101 General Psychology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of "C" or better, or equivalent.
This course is a survey of the concepts, principles and terminology of psychology as a science. Emphasis is placed on introducing students to the diverse areas that make up the field of psychology, preparing students for further study in the behavioral sciences and providing students with greater insight into human behavior. This course is designed for students planning to take advanced courses in the Social and Behavioral Sciences and/or students majoring in Psychology. (FT) AA/AS; CSU; UC; C-ID PSY 110.

111 Psychological/Social Aspects of Aging, Death, and Dying
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of "C" or better, or equivalent.
This course is a study of the psychological, physiological and social factors influencing behavior throughout the aging process, including the aspects of death and dying. This course is intended for students majoring in psychology and for all students interested in the psychology of aging. (FT) AA/AS; CSU; UC.

112 Interpersonal Relations
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of "C" or better, or equivalent.
This course explores human behavior in the context of a variety of interpersonal relationships including family, group, personal, and workplace. Both in-person and technology-aided interactions are discussed. Topics include the science of interpersonal relations, dynamics of verbal and nonverbal communication, listening, cultural differences, self-disclosure, trust, group process, and conflict resolution. This course is intended for students with an interest in psychology and interpersonal relations. (FT) AA/AS; CSU; UC.

121 Introduction to Child Psychology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of "C" or better, or equivalent.
This course is a study of child growth and development from conception through adolescence. Topics include environmental management and interpersonal relations. This course is designed for psychology and child development majors as well as anyone interested in child psychology. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.
125 Introduction to Behavior Modification  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent.  
This course is an introduction to the basic principles of behavior modification. Emphasis is placed on applied learning theory as it pertains to life-style issues including exercise, weight and diet, time management, and stress and relaxation. This course is intended for Psychology majors and all students interested in the practical applications of learning theory. (FT) AA/AS; CSU.

133 Psychology of Women  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent.  
This course is a study of the psychology of women, the nature of women’s lives, and the various roles that women play. Emphasis is placed on an historical, ethnic, and cross-cultural treatment of women in the United States and abroad. Topics include women’s sexuality, health, lifespan development, and socio-political status in the world today. This course is intended for psychology and women’s studies majors. (FT) AA/AS; CSU; UC.

135 Marriage and Family Relations  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent.  
This course is a study of the behaviors related to courtship, engagement, marriage, and family life. Emphasis is placed on the historical, cross-cultural, and social perspectives of families. Topics include interpersonal communication, economic management, and sexuality as they relate to the family. This course is intended for psychology and child development majors as well as all students interested in the psychology of interpersonal communication. (FT) AA/AS; CSU; UC.

137 Human Sexual Behavior  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent.  
This course is a study of the psychological, social, and physiological dimensions of human sexual behavior. Emphasis is placed on the diversity of human sexual development and current research. This course is designed for psychology majors and all students interested in human sexual behavior and related issues. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org

155 Introduction to Personality  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent.  
This course is a survey of the fundamental personality theories. Emphasis is placed on the personal life experiences of each of the major personality theorists, their research and assessment methods, and applications of their theories. This course is designed for psychology majors and anyone seeking a stronger understanding of psychological theory. (FT) AA/AS; CSU; UC.

161 Introduction to Counseling  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent.  
This course is an introductory study of the history and complexity of the counseling relationship. Emphasis is placed on the skills required to be an effective counselor. Topics include various counseling approaches and settings as well as related legal and ethical issues. This course is intended for psychology majors and anyone interested in the therapeutic aspects of counseling psychology. (FT) AA/AS; CSU.

166 Introduction to Social Psychology  
3 hours lecture, 3 units  
Grade Only  
Advisory: English 101 with a grade of “C” or better, or equivalent.  
Social psychology examines how individuals are influenced by their social environment. Special attention is given to social cognition and perception, self-justification, conformity, group dynamics, prejudice, aggression, prosocial behavior and applied social psychology. Emphasis will be (FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable  
Milestone formerly referred to as Skill Level
placed on developing critical and integrative ways of thinking about theory and research in social psychology. This course is for anyone who is interested in the subject of social psychology. (FT) AA/AS; CSU; UC; C-ID PSY 170.

201 Academic and Career Opportunities in Psychology
1 hour lecture, 1 unit
Pass/No Pass
Prerequisite: Psychology 101 with a grade of “C” or better, or equivalent.
Advisory: 30 units of college course work.
This course is a study of career options in the field of Psychology. Emphasis is placed on the identification of career-related strengths and interests and information on post-baccalaureate options in psychology and related fields. This course is designed for students interested in majoring in psychology. (FT) AA/AS; CSU.

211 Learning
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Psychology 101 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Psychology 210.
This course is a study of the basic principles and research in animal and human learning. Topics include scientific versus nonscientific approaches to behavior studies, operant and respondent conditioning, observational and cognitive learning, and motivation as related to self-control. This course is designed for students majoring in psychology or interested in the field. AA/AS; CSU; UC.

230 Psychology of Lifespan Development
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Psychology 101 with a grade of “C” or better, or equivalent.
This course is a study of the psychological development of humans in all their sociocultural diversity from conception to death. Emphasis is placed on the major theoretical paradigms related to growth and change and the variety of factors that shape similarities and differences in life. This course is intended for students majoring in psychology. (FT) AA/AS; CSU; UC.

245 Abnormal Psychology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is a comprehensive survey of recognized patterns of abnormal behavior. Emphasis is placed on the theoretical models as they relate to assessment, diagnoses, etiology, treatment, and prognosis of recognized disorders. Topics also include legal and ethical issues related to abnormal psychology. This course is designed for psychology majors and all students interested in abnormal psychology. (FT) AA/AS; CSU; UC.

255 Introduction to Psychological Research
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Psychology 101 and Psychology 258 or Mathematics 119 or Biology 200, each with a grade of “C” or better, or equivalent.
This course is an introduction to scientific methodology in psychology. Emphasis is placed on descriptive, experimental, and applied research. Students use the American Psychological Association writing style for empirical report writing. This course is intended for psychology majors and majors with components of the research process. (FT) AA/AS; CSU; UC; C-ID PSY 200.

258 Behavioral Science Statistics
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 92 or Mathematics 96, each with a grade of “C” or better or equivalent; or Milestone M40 or M50; or Corequisite: Students with Milestone M30 or above may enroll in LCOM 258X (which pairs Psychology 258 with support course Psychology 31).
Advisory: English 101 with a grade of “C” or better, or equivalent.
This course is an introductory study of statistics for the behavioral sciences. Emphasis is placed on acquainting students with the concepts underlying statistical methods and research approaches; basic statistical analyses; and principles. Topics include data collection; descriptive and inferential statistics; sampling distributions; measures of central tendency, dispersion, relative standing, and relationship; probability; prediction; hypothesis evaluation; and tests for treatment effects. This course is intended for students majoring in the behavioral/social sciences or those interested
in applied statistics. (FT) AA/AS; CSU; UC, for UC
Transfer Limitations see a Counselor or reference
ASSIST.org; C-ID SOCI 125.

259 Behavioral Science Statistics Laboratory
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Corequisite: Completion of or concurrent enrollment
in Psychology 258 with a grade of “C” or better, or
equivalent.
This laboratory course offers students practice in
using statistical analysis software for the behavioral
sciences. Emphasis is placed on data entry, graphing,
hypothesis testing and statistical analyses. This
course is intended for psychology and other
behavioral science majors and anyone interested
in using statistical analysis software for research
purposes. (FT) AA/AS; CSU; C-ID PSYC 258 + PSYC 259
= MATH 110.

260 Introduction to Physiological Psychology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Psychology 101 with a grade of “C” or
better, or equivalent.
This course is a study of the biological bases of
behavioral and cognitive processes. Emphasis is
placed on neuroanatomy and neurophysiology as
a means for understanding how basic neurological
processes impact perception, movement,
consciousness, sexuality, hunger, emotions, and
mental disorders. This course is designed for
students majoring in psychology and all students
interested in physiological psychology. (FT) AA/AS;
CSU; UC; C-ID PSY 150.

276 Field Work in Psychological Services
2 hours lecture, 48 hours other, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or
equivalent.
This supervised field experience course enables the
student to be of service to the community while
learning about the function of human care services.
Emphasis is placed on providing students with the
chance to explore the varied career choices in the
field of psychology as well as on practical experience
with basic helping skills in current social service
situations. This course is intended for students who
want to work with people in human care services.
(FT) AA/AS; CSU.

283 Introduction to Cognitive Psychology
3 hours lecture, 3 units
Grade Only
Prerequisite: Psychology 101 with a grade of “C” or
better, or equivalent.
This course is a study of the theory and research
on cognitive processes. Emphasis is placed on
perception, attention, learning, memory, language,
thought, visual cognition, problem solving, and
applications of cognitive psychology. This course is
intended for students majoring in psychology and all
students interested in cognitive processes. (FT) AA/
AS; CSU; UC.

401 Organizational Psychology for the
Healthcare Professional
3 hours lecture, 3 units
Grade Only
Prerequisite: Psychology 101 with a grade of “C” or
better, or equivalent.
Limitation on Enrollment: Special Admission - must be
admitted to program.
This course examines the methodology and content
of Industrial and Organizational (I/O) Psychology.
This is the branch of psychology that examines
people in the workplace and all the factors that
affect how people behave at work. The concepts
include individual, group, and organizational issues
that enhance the understanding of the world of
healthcare. Research findings involved in the study
of how people behave, think about, influence, and
interact with each other at work, with an emphasis
on factors that affect job performance are also
discussed. This course is designed for health
information management majors. (FT)

This discipline may offer specialized instruction
in one or more of the following areas: Supervised
Tutoring (44), Experimental Topics (265),
Independent Study (290), Individualized Instruction
(296), Service Learning (277), or Work Experience
(270). Detailed course descriptions are listed on
page 328. Please refer to the class schedule and/or
see the dean or department chair for availability.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
Radiologic Technology (RADT)

60 Venipuncture for Radiology
1.5 hours lab, 0.5 units
Grade Only
Advisory: Biology 160 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course provides students with supervised training in venipuncture and meets the California Health and Safety Code requirements for venipuncture certificate. This course is for Radiologic Technology students and community Radiologic Technologists. AA/AS.

70L Orientation to X-Ray Equipment
24–27 hours lab, 0.5 units
Grade Only
Limitation on Enrollment: Special Admission - must be admitted to program.
This is an introductory lab course for students admitted into the Radiologic Technology program. Topics include the diagnostic x-ray system, radiographic body positions and projections, x-ray production and units, radiation safety, basic exposure, and image receptor techniques. (FT) AA/AS.

86 Fluoroscopy and Radiation Safety
2.5 hours lecture, 2.5 units
Grade Only
Corequisite: Completion of or concurrent enrollment in: Radiologic Technology 240 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course is for students enrolled in the Radiologic Technology program. Topics include fluoroscopy regulations and radiation safety, fluoroscopic equipment, image intensifiers, closed-circuit equipment, image recording and image recording equipment, special fluoroscopic equipment, mobile image intensified units, anatomy and physiology of the eye and three-dimensional and radiologic anatomy. (FT) AA/AS.

101 Basic Radiologic Technology
2 hours lecture, 2 units
Grade Only
Advisory: English 101 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This is an introductory course for students in the Radiologic Technology program. Topics include the role and function of the radiographer, professional organizations, medicolegal principles, state and federal regulations, radiographic terminology, basic radiation production and radiation safety. (FT) AA/AS; CSU.

110 Recording Media
2 hours lecture, 2 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Radiologic Technology 121 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This is an advanced course in fluoroscopy and radiation protection for students enrolled in the Radiologic Technology program. Topics include fluoroscopy regulations and radiation safety, fluoroscopic equipment, image intensifiers, closed-circuit equipment, image recording and image recording equipment, special fluoroscopic equipment, mobile image intensified units, anatomy and physiology of the eye and three-dimensional and radiologic anatomy. (FT) AA/AS; CSU.
121 Radiographic Exposure

3 hours lecture, 3 units Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 120A or Radiologic Technology 121A. This is a course for students in the Radiologic Technology program. Topics include the selection of proper exposure factors and accessories to obtain optimal image quality while reducing patient dose. (FT) AA/AS; CSU.

121C Radiographic Exposure Laboratory

3 hours lab, 1 unit Grade Only

Corequisite: Completion of or concurrent enrollment in Radiologic Technology 121 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 120B or Radiologic Technology 121L or Radiologic Technology 121B.

This is a laboratory course for students in the Radiologic Technology program. Topics include radiation safety, selection of exposure factors, image processing and evaluation of image quality. (FT) AA/AS; CSU.

131 Patient Care

3 hours lecture, 3 units Grade Only

Corequisite: Completion of or concurrent enrollment in Radiologic Technology 190 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 130.

This is an introductory level course for students enrolled in the Radiologic Technology program. Topics include integrated patient care within the radiology department, physical and psychological needs of the patient, patient privacy laws, patient safety and assessment, routine and emergency patient care procedures, body mechanics with patient transfer, infection control, venipuncture assisting, use of contrast media, common drug nomenclature and basic concepts of pharmacology. (FT) AA/AS; CSU.

190 Radiographic Positioning I

1 hour lecture, 1 unit Grade Only

Corequisite: Completion of or concurrent enrollment in Radiologic Technology 131 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 199.

This is an introductory level lecture course for students enrolled in the Radiologic Technology program. Topics include radiographic positioning and image critique of the chest, abdomen, pelvis and extremities. (FT) AA/AS; CSU.

190L Radiographic Positioning-I Laboratory

3 hours lab, 1 unit Grade Only

Prerequisite: Radiologic Technology 70L with a grade of "C" or better, or equivalent.

Corequisite: Completion of or concurrent enrollment in Radiologic Technology 190 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 199.

This is an introductory laboratory for students in the Radiologic Technology program. Topics include radiographic positioning and image critique of the chest, abdomen, pelvis and extremities. (FT) AA/AS; CSU.

192 Image Analysis for Radiologic Technology

2 hours lecture, 2 units Grade Only

Corequisite: Completion of or concurrent enrollment in Radiologic Technology 256C and Radiologic Technology 110, each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
This course is designed for students enrolled in the Radiologic Technology program. Topics include image analysis criteria for: chest and abdomen; upper extremity; shoulder; lower extremity; pelvis, hip and sacroiliac joints; cervical and thoracic vertebrae; sternum and ribs; lumbar, sacral and coccyx vertebrae; some cranium, facial bones and paranasal sinuses; and digestive system. (FT) AA/AS; CSU.

201 Radiographic Positioning II
1 hour lecture, 1 unit
Grade Only
Prerequisite: Radiologic Technology 190 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 200.
This is an intermediate course for students in the Radiologic Technology program. Course topics include radiographic positioning and image critique of the vertebral column, as well as shoulder girdle, bony thorax and some advanced and/or uncommon orthopedic views of extremities and pelvis. (FT) AA/AS; CSU.

201L Radiographic Positioning II Laboratory
3 hours lab, 1 unit
Grade Only
Corequisite: Completion of or concurrent enrollment in Radiologic Technology 201 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 200.
This is an intermediate laboratory course for students in the Radiologic Technology program. Course topics include radiographic positioning and image critique of the vertebral column, as well as shoulder girdle, bony thorax and some advanced and/or uncommon orthopedic views of extremities and pelvis. (FT) AA/AS; CSU.

210 Radiographic Positioning III
1 hour lecture, 1 unit
Grade Only
Prerequisite: Radiologic Technology 201 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 211.
This is an advanced course for students in the Radiologic Technology program. Course topics include radiographic positioning and image critique of cranial structures and contrast media examinations of the gastrointestinal, urinary, musculoskeletal, reproductive, vascular and central nervous systems. Mobile and trauma procedures are also discussed. (FT) AA/AS; CSU.

210L Radiographic Positioning III Lab
3 hours lab, 1 unit
Grade Only
Corequisite: Completion of or concurrent enrollment in Radiologic Technology 210 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 211.
This is an advanced course for students in the Radiologic Technology program. Course topics include laboratory radiographic simulation and image critique of cranial structures and contrast media examinations of the gastrointestinal, urinary, musculoskeletal, reproductive, vascular and central nervous systems. Mobile and trauma procedures are also discussed. (FT) AA/AS; CSU.

221 Advanced Imaging Techniques
2 hours lecture, 2 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Radiologic Technology 121 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 220.
This is an advanced level course for students in the Radiologic Technology program. Topics include radiographic digital imaging, quality control and quality assurance, as well as introductory concepts in advanced imaging modalities, including Computed Tomography (CT), Magnetic Resonance (MR), Cardiac Interventional (CI), Vascular Interventional (VI), Ultrasound (US), Nuclear Medicine (NM) and Dual Energy X-ray Absorptiometry (DEXA). (FT) AA/AS; CSU.
230 Radiologic Science
2 hours lecture, 2 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Radiologic Technology 121 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This is a course for students in the Radiologic Technology program. Topics include the theoretical principles in radiation physics, x-ray production, interaction of x-rays with matter and the function of x-ray equipment components. (FT) AA/AS; CSU.

231 Pathology for Imaging Sciences
2 hours lecture, 2 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Radiologic Technology 210 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This is an advanced course for students in the Radiologic Technology Program. Topics include: Pathologic Processes and Imaging Strategies for the Skeletal, Respiratory, Gastrointestinal, Hepatobiliary, Urinary, Reproductive, Circulatory, Nervous and Endocrine Systems. Contrast media selection and use for pathologic visualization is also discussed. This course is designed for students admitted into the Radiologic Technology program. (FT) AA/AS; CSU.

240 Radiation Biology
1 hour lecture, 1 unit
Grade Only
Corequisite: Radiologic Technology 230.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course includes an overview of the principles of the interaction of radiation with living systems. Radiation effects on molecules, cells, tissues and the body as a whole are presented. Factors affecting biological responses are also presented, including acute and chronic effects of radiation. This course is for students enrolled in the Radiologic Technology program. (FT) AA/AS; CSU.

241 Sectional Anatomy
1 hour lecture, 1 unit
Grade Only
Corequisite: Radiologic Technology 275.
Limitation on Enrollment: Special Admission - must be admitted to program.
This is an advanced course for students in the Radiologic Technology program. Topics include differentiation of head, neck, thorax, abdomen, pelvis and extremity anatomy demonstrated on sectional images from various imaging modalities. (FT) AA/AS; CSU.

242 Organization of Radiology
1 hour lecture, 1 unit
Grade Only
Corequisite: Radiologic Technology 257C.
Limitation on Enrollment: Special Admission - must be admitted to program.
This is an advanced level course for students in the Radiologic Technology program. Emphasis is placed on radiologic technologist responsibilities, compliance, imaging advancements and certifications. (FT) AA/AS; CSU.

256A Directed Clinical Practice I
240–270 hours other, 5 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Radiologic Technology 131, Radiologic Technology 190, and Radiologic Technology 190L, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 251A or Radiologic Technology 254A.
This is a beginning level course for students in the Radiologic Technology program. This course provides students with supervised clinical training at a District clinical affiliate. Topics include basic patient and radiographic care, medical ethics and safety, and effective healthcare communication. Exam competency focuses on basic exposure principles and radiographic procedures of the chest, thorax, abdomen, pelvis and extremities. Supervision is shared by the staff of the clinical education center and college faculty. (FT) AA/AS; CSU.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
256B Directed Clinical Practice II
360–405 hours other, 7.5 units
Grade Only
Prerequisite: Radiologic Technology 256A with a grade of "C" or better, or equivalent
Corequisite: Completion of or concurrent enrollment in Radiologic Technology 121, Radiologic Technology 121C, Radiologic Technology 201, and Radiologic Technology 201L, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 251C, Radiologic Technology 251B, or Radiologic Technology 254B.
This is a course for students in the Radiologic Technology program. This course provides students with supervised clinical training at a District clinical affiliate. Topics include increased skills in patient and radiographic care, medical ethics and safety, and effective healthcare communication. Exam competency focuses on basic exposure principles and radiographic procedures of the spine and fluoroscopic procedures of the gastrointestinal, urinary and biliary systems. Supervision is shared by the staff of the clinical education center and college faculty. (FT) AA/AS; CSU.

256C Directed Clinical Practice III
288–324 hours other, 6 units
Grade Only
Prerequisite: Radiologic Technology 256B with a grade of "C" or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Radiologic Technology 192 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 252A or Radiologic Technology 254C.
This is an intermediate course for students in the Radiologic Technology program. Course material provides students with supervised clinical training at a District clinical affiliate. Topics include the advancement of patient care and radiographic skills while employing appropriate medical ethics and safety and effective healthcare communication. Supervision is shared by the staff of the clinical education center and college faculty. (FT) AA/AS; CSU.

257A Directed Clinical Practice IV
360–405 hours other, 7.5 units
Grade Only
Prerequisite: Radiologic Technology 257A with a grade of "C" or better, or equivalent
Corequisite: Completion of or concurrent enrollment in Radiologic Technology 210, Radiologic Technology 210L, Radiologic Technology 221, Radiologic Technology 230, and Radiologic Technology 231, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 252B or Radiologic Technology 255A.
This is an advanced course for students in the Radiologic Technology program. This course provides students with supervised clinical training at a District clinical affiliate. Topics include the advancement of skills in patient care and radiographic skills while employing appropriate medical ethics, safety and effective healthcare communication. Exam competency focuses on radiographic procedures of cranio-facial structures and fluoroscopic examinations of the musculoskeletal, reproductive, vascular and central nervous systems. Supervision is shared by the staff of the clinical education center and college faculty. (FT) AA/AS; CSU.

257B Directed Clinical Practice V
360–405 hours other, 7.5 units
Grade Only
Prerequisite: Radiologic Technology 257B with a grade of "C" or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Radiologic Technology 86, Radiologic Technology 86L, Radiologic Technology 240, Radiologic Technology 241, and Radiologic Technology 275, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 253A or Radiologic Technology 255B.
This is an advanced course for students in the Radiologic Technology program. This course provides students with supervised clinical training at a District clinical affiliate. Topics include the advancement of skills in patient and radiographic care while employing appropriate medical ethics, safety and effective healthcare communication. Exam competency focuses on trauma, pediatric, operative and mobile radiographic procedures. Supervision is shared by the staff of the clinical
education center and college faculty. (FT) AA/AS; CSU.

257C Directed Clinical Practice VI
288–324 hours other, 6 units
Grade Only

**Prerequisite:** Radiologic Technology 257B with a grade of "C" or better, or equivalent.
**Limitation on Enrollment:** Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 253B or Radiologic Technology 255C.
This is an advanced course for students in the Radiologic Technology program. This course provides students with supervised clinical training at a District clinical affiliate. Topics include the advancement of skills in patient and radiographic care while employing appropriate medical ethics and safety, as well as effective healthcare communication. Supervision is shared by the staff of the clinical education center and college faculty. (FT) AA/AS; CSU.

257D Directed Clinical Practice Computed Tomography
288–324 hours other, 6 units
Grade Only

**Prerequisite:** Radiologic Technology 275 with a grade of "C" or better, or equivalent.
**Limitation on Enrollment:** Special Admission - must be admitted to program.
This course is for clinical rotations in computed tomography in one of our affiliate hospitals. This course introduces Radiologic Technology students to the clinical environment in computed tomography. (FT) AA/AS; CSU.

271 Digital Mammography
2 hours lecture, 2 units
Grade Only

**Corequisite:** Completion of or concurrent enrollment in Radiologic Technology 210 with a grade of "C" or better, or equivalent.
**Limitation on Enrollment:** This course is not open to students with previous credit for Radiologic Technology 248 or Radiologic Technology 249. Special Admission - must be admitted to program.
This is an advanced course for the students in the Radiologic Technology program. Topics include basic principles of mammography and clinical application in diagnosing breast disease. Emphasis is placed on developing appropriate care and communication in mammography, image quality, and correct film and digital processing parameters. (FT) AA/AS; CSU.

271L Digital Mammography Laboratory
1.5 hours lab, 0.5 units
Grade Only

**Corequisite:** Completion of or concurrent enrollment in: Radiologic Technology 271 with a grade of "C" or better, or equivalent.
**Limitation on Enrollment:** Special Admission - must be admitted to program. This course is not open to students with previous credit for Radiologic Technology 249.
This is a course for mammography students to have experience with Quality Assurance (QA) and Quality Control (QC) of mammography equipment. This course provides hands on training of breast tissue to the required views needed in the clinical setting. (FT) AA/AS; CSU.

275 Computed Tomography Imaging
2 hours lecture, 2 units
Grade Only

**Corequisite:** Completion of or concurrent enrollment in Radiologic Technology 241 with a grade of "C" or better, or equivalent.
**Limitation on Enrollment:** This course is not open to students with previous credit for Radiologic Technology 246. Special Admission - must be admitted to program.
This is a course for radiologic technology students to study the imaging modality of Computed Tomography (CT). The underlying physical principles, imaging method, instrumentation, imaging manipulation and clinical use of the modality in diagnostic imaging are explored. (FT) AA/AS; CSU.

275L Computed Tomography Imaging Laboratory
1.5 hours lab, 0.5 units
Grade Only

**Corequisite:** Radiologic Technology 275.
**Limitation on Enrollment:** Special Admission - must be admitted to program.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
Real Estate (REAL)

101 Real Estate Principles
3 hours lecture, 3 units
Grade Only
This course is a study of the economics and transfer of land ownership. Emphasis is placed on the roles and responsibilities of the broker, the owner and the purchaser in the buying and selling of property. This course is designed for students majoring in real estate and anyone interested in the principles of real estate. This course applies toward the State’s educational requirements for the real estate salesperson’s license examination and as an elective for the broker’s license exam. This course is intended for current or future real estate professionals. (FT) AA/AS; CSU.

105 Legal Aspects of Real Estate
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50. This course is a study of California Real Estate law. Emphasis is placed on the practical application of the law to legal problems arising from real estate transactions; statutory enactment and case law; legal instruments; zoning ordinances; and city and county planning decisions. This course applies toward the State’s educational requirements for the broker’s examination and as an elective for the real estate salesperson’s license exam. This course is intended for current or future real estate professionals. (FT) AA/AS; CSU.

110 Principles of Real Estate Appraisal I
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50; Mathematics 38 with a grade of “C” or better, or equivalent or Milestone M30. This course is a study of basic appraisal principles, market analysis, and highest and best use. Topics include an overview of real property concepts and characteristics; legal consideration; value influences; real estate finance; types of value; economic principles; real estate markets and analysis; and ethics in appraisal practice. Course content also includes the tools needed to properly collect and analyze market data including market segmentation and disaggregation; supply side analysis; demand analysis; and highest and best use. This course applies toward the State’s educational requirements for the broker’s examination and the real estate appraiser trainee examination, and as an elective for the real estate salesperson’s license exam. This course is intended for current or future real estate professionals. This course is intended for investors and current or future real estate professionals. (FT) AA/AS; CSU.

115 Real Estate Finance
3 hours lecture, 3 units
Grade Only
Advisory: Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50. This course is a study of real estate finance. Emphasis is placed on the types of real estate lenders, the sources of income for lending purposes, and buyer qualifications. This course is designed for students majoring in real estate and for anyone interested in real estate finance. This course applies toward the State’s educational requirements for the broker’s examination and as an elective for the real estate salesperson’s license exam. This course is intended for current or future real estate professionals. (FT) AA/AS; CSU.

120 Real Estate Practice
3 hours lecture, 3 units
Grade Only
This course examines the principles of real estate practice as they pertain to day-to-day operations in a real estate office. Topics include listings, valuations, prospecting, selling, financing, exchanges, taxation, and specialized brokerage operations. Professional
and ethical activities are stressed. This course applies toward the State’s educational requirements for both the broker’s and the real estate salesperson’s examination. This course is intended for current or future real estate professionals. (FT) AA/AS; CSU.

125 Real Estate Economics

3 hours lecture, 3 units
Grade Only
Advisory: Mathematics 96 with a grade of “C” or better, or equivalent or Milestone M50.
This course deals with trends and factors that affect the value of real estate; the nature and classification of land economics; the development of property, construction, and subdivision; economic values and real estate evaluation; real estate cycles and business fluctuations; residential market trends; and real property and special purpose property trends. This course applies toward the State’s educational requirements for the broker’s examination and as an elective for the real estate salesperson’s license. This course is intended for current or future real estate professionals. (FT) AA/AS; CSU.

130 Real Property Management

3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Milestone R50 and W50.
This course is a practical approach to the principles and practices of managing income properties. Emphasis is placed on marketing, leasing, and maintenance of real property. This course applies toward the State’s educational requirements for the broker’s examination and as an elective for the real estate salesperson’s license exam. This course is intended for current or future real estate professionals. (FT) AA/AS; CSU.

101 First Course in Russian

5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Advisory: English 48 with a grade of “C” or better, or equivalent or Milestone R50.
This is an entry level course designed to introduce students to the Russian language and cultures of the Russian-speaking world. In this interactive course, students learn and use the language by speaking, listening, reading, and writing at the novice level. Basic language structures and vocabulary for communication are examined and explored in Russian. This course is intended for all students interested in the Russian language and culture. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org

102 Second Course in Russian

5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Russian 101 with a grade of “C” or better, or equivalent or two years of high school Russian or equivalent.
This course is the second in the Russian language series. Emphasis is placed on developing language competency and an understanding of the Russian culture. In this interactive course, students listen, read, speak, and write beyond the novice level. Students develop their receptive and productive competencies to the low-intermediate or mid-intermediate level. Additional language structures and vocabulary for communication are examined and explored in Russian. This course is intended for all students interested in the Russian language and culture. (FT) AA/AS; CSU; UC.

201 Third Course in Russian

5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Russian 102 with a grade of “C” or better, or equivalent or three years of high school Russian.
This is the third course in the Russian language sequence. In this interactive course, students use the language through speaking, listening, reading, and writing at the intermediate level. More complex language structures and vocabulary for communication are examined and explored as well as the literary and historical aspect of Russian culture. This course is appropriate for students interested in continuing their study of the Russian language and culture as well as for students who need to meet language proficiency or general education requirements in the humanities. (FT) AA/AS; CSU; UC.
This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

**Sociology (SOCO)**

101 Principles of Sociology  
3 hours lecture, 3 units  
**Letter Grade or Pass/No Pass Option**  
This course is an introductory study of the basic concepts, theoretical approaches, and methods of sociology. Topics include the scientific study of social interaction, structure, and organization; groups; socialization and the self; social stratification; culture and diversity; social change; and global dynamics. Topics and examples emphasize present-day America, including cross-cultural and multicultural analysis. This general education course is intended for students interested in the social sciences and those considering careers in counseling, teaching, social work or nursing. (FT) AA/AS; CSU; UC; C-ID SOCI 110.

110 Contemporary Social Problems  
3 hours lecture, 3 units  
**Letter Grade or Pass/No Pass Option**  
**Advisory:** English 101 with a grade of "C" or better, or equivalent.  
This course requires students to identify and analyze present day social problems in the United States, with emphasis on sociological factors involved, including cross-cultural and multicultural analysis. Students use scientific methods and criteria for evaluating proposals for social betterment. This course is useful for students pursuing careers in criminology, counseling, education, law, and medicine. (FT) AA/AS; CSU; UC; C-ID SOCI 115.

125 Sociology of the Family  
3 hours lecture, 3 units  
**Letter Grade or Pass/No Pass Option**  
This course is a study of the structures and functions of the family as a social, cultural and historical institution in the United States and throughout the world. Emphasis is placed on an analysis of the family's relationship to economic structures, political institutions and belief systems. Topics include definitions of family, gender roles and family stability. This course is intended for students majoring in sociology, psychology, social work and counseling as well as any student interested in the study of the family as an institution. (FT) AA/AS; CSU; UC; C-ID SOCI 130.

145 Health and Society  
3 hours lecture, 3 units  
**Letter Grade or Pass/No Pass Option**  
**Advisory:** Completion of or concurrent enrollment in English 101 with a grade of "C" or better, or equivalent.  
This course presents a broad introduction of sociological concepts and ideas related to the study of health and illness in the United States (US). Emphasis is placed on the relationship between social forces and health, the cultural meanings associated with health and illness, and the social behavior of health care professionals and patients. Further focus includes the political and economic consequences and effects surrounding health care and the structure of social institutions that constitute the health care industry. In addition, race, gender, age, social class, sexuality, and disability are a focal point of analysis throughout this course as these identities influence the experience of health and illness. This course is designed for sociology majors and/or those interested in better understanding health and illness as social experiences in the US. (FT) AA/AS; CSU.

150 Sociology of Latinos/Latinas  
3 hours lecture, 3 units  
**Grade Only**  
**Advisory:** English 101 with a grade of "C" or better, or equivalent.  
This course is an in-depth sociological examination of Latino communities in the United States. Topics include family structure, gender roles, and sexuality; religion; economics; racism; social movements; U.S./Mexico border issues and immigration policy; and education. Emphasis is placed on social interactions, the politics of identity formation, and social processes impacting the status of U.S. Latinos. This course is intended for sociology majors or any student interested in the social sciences. (FT)AA/AS; CSU; UC.
201 Advanced Principles of Sociology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of "C" or better, or equivalent.
This course is a study of the origins of sociological theory. Principal contributors are presented and examined in detail, with special attention to their model of human action, the nature of empirical fact, and implications for public policy. With an emphasis on critical analyses of science and the humanities, this course is designed to provide a standard theory foundation for transfer students majoring in the arts, sciences, or social sciences. AA/AS; CSU; UC.

207 Introduction to Race and Ethnicity
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of "C" or better, or equivalent.
This course is a sociological analysis of race, ethnicity, racism, and discrimination. Students examine the cultural, political, and economic practices and institutions that support or challenge racism and discrimination and racial and ethnic inequalities. Other topics include the historical and contemporary patterns of interaction between various racial and ethnic groups. This course is intended for students majoring in sociology or ethnic studies, or those interested in race and ethnicity. (FT) AA/AS; CSU; UC.

220 Introduction to Research Methods in Sociology
3 hours lecture, 3 units
Grade Only
Prerequisite: Sociology 101 with a grade of "C" or better, or equivalent.
Advisory: English 47A or English 48, and English 49, each with a grade of "C" or better, or equivalent; Psychology 258 with a grade of "C" or better, or equivalent.
This course introduces students to the fundamental elements of sociological research. Topics include the role of theory in research, issues of ethics, key steps of research design, a review of data collection methods, quantitative and qualitative analyses, and development of a research report. This course is intended for students majoring in Sociology or other fields of social science. (FT) AA/AS; CSU.

223 Globalization and Social Change
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of "C" or better, or equivalent; Sociology 101 with a grade of "C" or better, or equivalent.
This course evaluates the social and political changes brought on by globalization among industrialized, industrializing, and underdeveloped nations. It presents arguments and theories for and against globalization supplemented with empirical examples. The course is useful for those considering careers in law, politics, business, teaching, or non-profit organizations dealing with human rights issues, political advocacy, or international affairs. (FT) AA/AS; CSU; UC.

270 Work Experience
60–300 hours other, 1–4 units
Letter Grade or Pass/No Pass Option
A program of on-the-job learning experiences for students employed in a job related to the field of Sociology. See Work Experience section for further information. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. AA/AS; CSU.

290 Independent Study
3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is designed for students who wish to conduct additional research, a special project, or learning activities in the field of sociology. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
Spanish (SPAN)

101 First Course in Spanish
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Advisory: English 43 with a grade of “C” or better, or equivalent or Milestone W40.
Limitation on Enrollment: This course is not open to students with previous credit for or concurrent enrollment in Spanish 100.
This interactive course introduces students to the Spanish language and the cultures of the Spanish speaking world. Students use basic Spanish language structures and vocabulary to speak, listen, read, and write in cultural context at the novice level. This course is intended for all students interested in gaining proficiency in the Spanish language for academic purposes and/or personal enrichment. (FT) AA/AS; CSU; UC. C-ID SPAN 100.

102 Second Course in Spanish
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Spanish 101 with a grade of “C” or better, or equivalent or two years of high school Spanish with a grade of ‘C’ or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for or concurrent enrollment in Spanish 100.
This interactive course is the second in the Spanish language series. Students use increasingly complex Spanish language structures to speak, listen, read, and write in cultural context at the novice-high level. This course is intended for all students interested in gaining proficiency in the Spanish language for academic purposes and/or personal enrichment. (FT) AA/AS; CSU; UC. C-ID SPAN 110.

125 Spanish for Health Care Professionals I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Spanish 101 with a grade of “C” or better, or equivalent or equivalent or two years of high school Spanish with a grade of ‘C’ or better, or equivalent.

This Spanish course develops comprehension and fluency and introduces medical terminology and content at the novice-high level through culturally and medically relevant materials. Students acquire the specialized vocabulary needed in medical professions, dramatize professional medical interactions, and develop the grammatical and cultural competency needed to succeed as health professionals. Culturally sensitive oral communication is emphasized and context-specific grammatical structures particular to the health profession introduced. This course is intended for students preparing to work in the medical and health fields. (FT) AA/AS; CSU.

201 Third Course in Spanish
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Spanish 102 with a grade of “C” or better, or equivalent or three years of high school Spanish. This interactive course is the third in the Spanish language series. Students use increasingly complex language structures and vocabulary to develop the functional competence required to communicate beyond survival needs and to discuss and express opinions on abstract topics related to the arts, lifestyle, linguistics, and literature at the intermediate level. This course is intended for students majoring in Spanish and anyone interested in gaining proficiency in the Spanish language for academic purposes and/or personal enrichment. (FT) AA/AS; CSU; UC. C-ID SPAN 200.

202 Fourth Course in Spanish
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Spanish 201 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Spanish 200.
This interactive course is the fourth in the Spanish language series. Emphasis is placed on the use of complex language structures and vocabulary to communicate beyond casual conversation and to express opinions and offer hypothetical possibilities related to abstract issues and plans, cultural norms and values, and interpersonal relationships. Students are encouraged to think critically by analyzing linguistic structures and making cross cultural comparisons related to the Spanish speaking world. This course is intended for students majoring in Spanish and anyone interested in gaining proficiency in the Spanish language for academic purposes and/
or personal enrichment. (FT) AA/AS; CSU; UC; C-ID SPAN 210.

210 Conversation and Composition Spanish I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Spanish 102 with a grade of “C” or better, or equivalent.
This course further develops oral comprehension and fluency as well as written communication at a mid-intermediate level in Spanish through culturally relevant materials. Students increase vocabulary, dramatize everyday topics of conversation, interpret and describe materials, and compare and contrast Latin American and Spanish cultures with U.S. culture both orally and in writing. Writing strategies are emphasized and literature is introduced. This course is intended for students who want to enhance their skills in the Spanish language. (FT) AA/AS; CSU; UC.

211 Conversation and Composition Spanish II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Spanish 210 with a grade of “C” or better, or equivalent.
This course further develops oral comprehension and fluency as well as written communication at an advanced-intermediate level in Spanish through culturally relevant materials. Students further increase vocabulary; dramatize everyday topics of conversation; interpret and describe materials; and compare and contrast Latin American and Spanish cultures with U.S. culture both orally and in writing. Pre-reading strategies introduced in the prerequisite course are used as a basis upon which to build course emphasis in reading. In addition, more literature is introduced. This course is intended for students who want to further enhance their skills in Spanish. (FT) AA/AS; CSU; UC.

215 Spanish for Spanish Speakers I
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: This course is not open to students with previous credit for Spanish 201.
This course is designed for students who are fluent in spoken, informal Spanish and who need to improve their writing, reading, and grammar skills. Emphasis is on the mastery of formal, written communication skills in Spanish at the intermediate level, and the study of Hispanic and Chicano culture through reading relevant, authentic materials. The course focuses on language challenges particular to Spanish speakers such as orthography, the inappropriate mix of English and Spanish in certain contexts, and contrasts between standard Spanish and regional variations. This course is conducted entirely in Spanish. (FT) AA/AS; CSU; UC; C-ID SPAN 220.

216 Spanish for Spanish Speakers II
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Spanish 215 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Spanish 202, nor to Spanish speakers who have received the equivalent of a high school degree in a Spanish speaking country.
This course is the second of a two-course sequence in Spanish for Spanish Speakers. It is designed for students who are fluent in spoken, informal Spanish and who need to improve their writing, reading, and grammar skills. It furthers the mastery of formal, written communication in Spanish at the intermediate-advanced level, while integrating instruction in Hispanic and Chicano culture through increased practice in intermediate-advanced level readings, relevant, and authentic materials. The course focuses on language challenges that Spanish speakers still encounter at intermediate-advanced level, such as orthography, the inappropriate mix of English and Spanish in specific contexts, and standard Spanish as contrasted with regional variations. This course is conducted entirely in Spanish. (FT) AA/AS; CSU; UC; C-ID SPAN 230.

221 Hispanic Literature for Spanish Speakers
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Spanish 215 with a grade of “C” or better, or equivalent.
This course provides second year of study for Spanish speakers. It introduces Latin American and Peninsular literature. Students analyze literature and recognize the relationship of featured texts to cultural manifestations and the relevance to their reading.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
own lives. They hone their written, oral, and aural skills learned in first year of Spanish for Spanish Speaker courses. The course emphasizes reading, writing, and analysis of fiction, drama, and poetry, and the use of current technologies to research class topics. Spanish 221 is conducted entirely in Spanish. (FT) AA/AS; CSU; UC.

222 Hispanic Culture and Civilization for Spanish Speakers

5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Spanish 216 with a grade of “C” or better, or equivalent.
This course provides a second year of study for Spanish Speakers. It introduces Latin American and Spanish culture and civilization building on skills acquired in first-year Spanish-speaker language courses. Students analyze and find relevance in historical and cultural phenomena from the perspective of Spanish speakers and draw comparisons between the featured texts and media to their own lives. They hone previously-learned critical thinking, written, oral, and aural skills such as orthography, accentuation, and proper grammatical and sentence structures. Students also read, write, and analyze issues related to demography, sociology, and popular culture using technology and various media to research class topics. This course is taught entirely in Spanish. (FT) AA/AS; CSU; UC.

290 Independent Study in Spanish

3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is designed for intermediate students who wish to work on special projects and to further develop their communication skills in Spanish. It is not intended to replace an existing course in the discipline. In this course students have a written contract with their instructor for activities such as: preparing problem analyses, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

SPECIAL EDUCATION
(See Disability Support Programs and Services, page 407)

SPEECH COMMUNICATIONS
(See Communication Studies, page 380)

Sustainability (SUST)

101 Introduction to Sustainability
3 hours lecture, 3 units
Grade Only
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent.
This course introduces students to an interdisciplinary examination of the theory and practices of sustainability. Sustainability can be defined as meeting the needs of the present generation without compromising the ability of future generations to meet their own needs. Topics include restoring ecological and environmental health, creating economic welfare, and ensuring social justice. This course is intended for students interested in sustainability, environmental ethics, and peace studies. (FT) AA/AS; CSU; UC.

270 Sustainability Work Experience
60–300 hours other, 1–4 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Sustainability 101 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Must obtain a permission number from the instructor for enrollment.
This course provides on-the-job learning experiences for students employed in a job or internship. Students develop workplace competencies, critical thinking skills, and problem solving abilities through the creation and achievement of workplace sustainability learning objectives. One unit of credit may be earned for each 75 hours of paid employment or 60 hours of volunteer work. The combined maximum credit for all Work Experience courses from all subject areas may not exceed 16 units. This course is intended for students majoring in Sustainability or those interested in the sustainability field. (FT) AA/AS; CSU.

Veterinary Technology (VTAH)

100A Animal Care and Management
4.5 hours lab, 1.5 units
Grade Only
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open
to students with previous credit for Animal Health Technology 100A.
This introductory course provides students with practical experience in the basic husbandry of many animal species. Students learn methods of housing nutrition and feeding, sanitation and hygiene in an animal setting. Students are actively involved in the daily care of the program’s resident animals. Applicable veterinary medical and animal husbandry terminology is included. This course is for students enrolled in the Veterinary Technology program. (FT) AA/AS; CSU.

100B Advanced Animal Care and Management
4.5 hours lab, 1.5 units
Grade Only
Prerequisite: Veterinary Technology 100A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 100B.
This course provides students with significant responsibility in the resident animal care and advanced techniques in the general husbandry of many animal species. These techniques include advanced methods of housing or caging, nutrition and feeding, sanitation and hygiene in an animal setting. Students are actively involved in the daily care of the program’s resident animals. Applicable veterinary medical and animal husbandry terminology is included. This course is for students enrolled in the Veterinary Technology program. (FT) AA/AS; CSU.

115 Veterinary Office Procedures
2 hours lecture, 2 units
Grade Only
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 115.
This veterinary office procedures course is designed to introduce Veterinary Technology students to the development and facilitation of client care, staff management, financial guidelines, patient management and record keeping in a veterinary setting. Topics include: client and staff communication, veterinary medical ethics, veterinary logs and legalities, computer usage, medical math and financial management, and purchasing and inventory management in relationship to a veterinary establishment. Resume writing and job interviewing skills are also covered. Appropriate veterinary terminology is included. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.

125 Veterinary Clinical Pathology
3 hours lecture, 3 units
Grade Only
Prerequisite: Veterinary Technology 140 with a grade of “C” or better, or equivalent.
Corequisite: Veterinary Technology 125L.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 125.
This course provides Veterinary Technology students with an introduction to the clinical examination of blood, urine, feces, dermal, and other commonly analyzed samples found in the veterinary field. Topics include: the safe and proper collection of diverse samples, the safe and proper handling of samples, the various methods of sample analysis, and the significance of normal and abnormal results. The identification, life cycle, and clinical importance of ectoparasites, endoparasites, and fungal parasites are discussed. Appropriate stains, reagents, and terminology are included. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.

125L Veterinary Clinical Pathology Laboratory
6 hours lab, 2 units
Grade Only
Prerequisite: Veterinary Technology 140 with a grade of “C” or better, or equivalent.
Corequisite: Veterinary Technology 125.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 125L.
This clinical pathology laboratory course provides students with the opportunity to practice the

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
principles and procedures of clinical pathology. Techniques for the safe and proper collection, handling, and storage of blood, urine, fecal, ear, vaginal, milk, and skin samples in various species are introduced and practiced by the student. Students perform analytical tests appropriate for each sample type and evaluate the results. Safe operation and proper maintenance of laboratory equipment commonly used in the veterinary field is stressed. Appropriate veterinary medical terminology is presented. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.

**135 Veterinary Pharmacology**

2 hours lecture, 2 units  
Grade Only

**Prerequisite:** Veterinary Technology 145, and Veterinary Technology 205, each with a grade of "C" or better, or equivalent.  
**Limitation on Enrollment:** Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 135.  
This course provides Veterinary Technology students with an introduction to the actions and uses of pharmacological agents: drug classifications, modes of action, indications and contradictions, routes of administration, and mechanisms of elimination. Dispensing and pharmacy management, as well as, the laws regulating controlled substances are covered. Students are expected to correctly solve medical math problems and calculate drug doses. Appropriate medical terminology is included. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.

**140 Veterinary Microbiology and Immunology**

2 hours lecture, 2 units  
Grade Only

**Advisory:** Biology 107, Chemistry 100, and Chemistry 100L, each with a grade of "C" or better, or equivalent.  
**Limitation on Enrollment:** This course is not open to students with previous credit for Animal Health Technology 140.  
This course covers the fundamentals of veterinary microbiology and immunology. This includes the taxonomy, structure, physiology, reproduction, growth, and diversity of micro-organisms of importance in the veterinary field. Also covered are the basic techniques for culturing, staining, identifying, and controlling the various micro-organisms found in this field. Appropriate veterinary terminology is included. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.

**145 Veterinary Anatomy and Physiology**

3 hours lecture, 3 units  
Grade Only

**Prerequisite:** Veterinary Technology 140 with a grade of "C" or better, or equivalent.  
**Limitation on Enrollment:** Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 120 or Animal Health Technology 145.  
This lecture course introduces the Veterinary Technology student to the comparative normal anatomy and physiology of selected domestic animal species. The eleven anatomical systems are covered and material presented ranges from the microscopic cellular level to the level of the full organism. Relevant application of structure and function to the clinical medical situations is addressed. Appropriate veterinary medical terminology is included with each system. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.

**145L Veterinary Anatomy and Physiology Lab**

3 hours lab, 1 unit  
Grade Only

**Corequisite:** Veterinary Technology 145.  
**Limitation on Enrollment:** Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 120 or Animal Health Technology 145L.  
This veterinary anatomy and physiology laboratory course provides the Veterinary Technology student with the opportunity to investigate and study the principles of normal anatomy and physiology presented in the corresponding lecture course. Techniques for the safe and proper dissection are introduced and practiced by the student during the extensive animal dissection. All eleven anatomical systems are studied through actual dissection or models. Relevant application of structure and function to the clinical medical situations is addressed. Appropriate medical terminology is included with each system. Animal dissection is carried out by each student. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.
155 Fundamentals of Veterinary Technology
3.5 hours lecture, 3.5 units
Grade Only

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 105 or Animal Health Technology 155. This introductory lecture course defines the role of the Veterinary Technician in private veterinary practice, research institutions, regulatory agencies and zoos. Topics covered include basic animal care and management, identification of species and breeds, animal restraint and handling techniques, physical examination techniques, sanitation and personal hygiene, medicating, zoonotic disease risk factors, basic animal nursing skills, instruments and equipment, and identification of domestic animal breeds. Appropriate veterinary terminology is included. This course is designed for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.

155L Fundamentals of Veterinary Technology Laboratory
6 hours lab, 2 units
Grade Only

Corequisite: Veterinary Technology 155.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 105L or Animal Health Technology 155L. This introductory course utilizes demonstrations, laboratory exercises, group activities, and lectures to illustrate the fundamentals of veterinary technology. Course work fulfills the student's need to learn and practice "essential" and "recommended" tasks from the American Veterinary Medical Association's Knowledge, Skills, and Abilities Task List. These tasks include animal restraint and handling skills, physical exam basics, medicating techniques, breed and species identification, basic animal nursing skills, surgical equipment and veterinary medical equipment identification, basic nutrition, sanitation/sterilization, and personal hygiene. Appropriate veterinary medical terminology is also included. This course is for students enrolled in the Veterinary Technology program. (FT) AA/AS; CSU.

205 Diseases of Domestic Animals
3 hours lecture, 3 units
Grade Only

Prerequisite: Veterinary Technology 145 with a grade of "C" or better, or equivalent.
Corequisite: Veterinary Technology 125.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 205. This course provides Veterinary Technology students with an introduction to infectious, non-infectious, and zoonotic diseases and conditions of domestic animals. Material covered includes the etiology, pathogenesis, pathophysiology, and clinical signs of each disease. This course also details any disease/condition-specific nursing care, treatments or diagnostic test methods. Appropriate veterinary medical terminology is included. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.

215 Veterinary Radiography
3 hours lecture, 3 units
Grade Only

Prerequisite: Veterinary Technology 135, and Veterinary Technology 145, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 215. This course introduces Veterinary Technology students to the use of radiography and role of radiography and other imaging modalities in the veterinary medical fields. Topics include radiation, x-ray beam production, intensifying screens, cassettes, grid usage, latent and visible image formation, film processing, alternative imaging methods, and legal requirements. Protocols for commonly used radiographic studies and introductory radiographic film interpretation are included. Special emphasis is placed on radiation safety for the patient and all personnel. Also included is the proper use and maintenance of all veterinary radiographic and processing equipment.
Appropriate imaging terminology is included. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.

**215L Veterinary Radiography Laboratory**

3 hours lab, 1 unit

*Grade Only*

**Prerequisite:** Veterinary Technology 145 with a grade of "C" or better, or equivalent.

**Corequisite:** Veterinary Technology 215.

**Limitation on Enrollment:** Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 215L.

This course is designed to provide Veterinary Technology students with the opportunity to practice the concepts of radiology. The students utilize established veterinary positioning and technical protocols. They expose and process radiographs to develop a technique chart for commonly used veterinary radiographic studies, including contrast studies. The students also practice radiographic film evaluation techniques, radiation log production, and radiographic equipment maintenance. Darkroom procedures and practices that prevent artifacts are employed including equipment maintenance. An introduction to performing an ultrasound abdominal exam is provided including handling and maintenance of the equipment. Also included is an introduction to digital dental exam, including handling and maintenance of the equipment. Procedures and protocols for radiation safety of patient, handler, and equipment are stressed. Appropriate veterinary imaging terminology is included. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.

**225 Animal Nursing Techniques and Anesthesiology**

3 hours lecture, 3 units

*Grade Only*

**Prerequisite:** Veterinary Technology 145 with a grade of "C" or better, or equivalent.

**Limitation on Enrollment:** Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 225.

This lecture course is designed to introduce the Veterinary Technology student to veterinary anesthesia, surgical and medical nursing techniques, dental hygiene, emergency first aid, and correct legal documentation. Emphasis is placed on the appropriate use of veterinary medical terminology to explain techniques of intravenous and inhalation anesthesia, surgical asepsis, instrument sterilization, patient monitoring, and pre operative, operative, post operative and after care nursing. Additional topics include fluid therapy, bandaging/splints/casts, and commonly performed medical procedures. Appropriate pharmacological agents are discussed throughout the course with emphasis on classification, dosage, method of action, method of administration, dispensing procedures and pharmacy management. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.

**227 Veterinary Surgical and Nursing Procedures Lab**

3 hours lab, 1 unit

*Grade Only*

**Prerequisite:** Veterinary Technology 145, Veterinary Technology 155, and Veterinary Technology 155L, each with a grade of "C" or better, or equivalent.

**Corequisite:** Completion of or concurrent enrollment in Veterinary Technology 225 with a grade of "C" or better, or equivalent.

**Limitation on Enrollment:** Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 226A or Animal Health Technology 227.

This surgical nursing and anesthesia laboratory course provides students with the opportunity to practice the principles and procedures of surgical nursing and anesthesia. Topics include surgical asepsis, instrument sterilization, patient monitoring, surgical and medical nursing, dental prophylaxis, emergency first aid, bandages, splints, casts, catheters, suturing patterns, collection and analysis of clinical pathology samples, blood transfusion therapy and cardio-pulmonary resuscitation. Students calculate anesthetic doses, fluid drip rates, and post-operative medication doses and practice safe operation and proper maintenance of anesthetic machines, anesthetic-surgical monitoring equipment, crash carts, and laboratory equipment commonly used in the veterinary field. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.
229 Advanced Surgical Nursing Procedures Lab

3 hours lab, 1 unit
Grade Only

Prerequisite: Veterinary Technology 135, Veterinary Technology 225, and Veterinary Technology 227, each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 226B or Animal Health Technology 229. This lab course is designed to introduce students to the practical application of veterinary anesthesia, surgical and medical nursing techniques, dental hygiene, emergency first aid, and correct legal documentation. Techniques of intravenous and inhalation anesthesia, surgical asepsis, pre-operative, operative, post-operative, after care nursing and patient monitoring are performed by assisting the veterinarian. Instrument sterilization, fluid therapy, bandaging/splints/casts, and commonly performed medical treatments and procedures are practiced by each student. Appropriate pharmacological agents are discussed, and utilized including classification, dosage, method of action, method of administration, calculation, dispensing procedures and pharmacy management. Appropriate veterinary medical terminology is applied. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.

260 Laboratory Animal Medicine

2 hours lecture, 2 units
Grade Only

Prerequisite: Veterinary Technology 225 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 250, Animal Health Technology 255 or Animal Health Technology 260. The course covers the use of animals in biomedical research with an emphasis on common laboratory species, animal welfare legislation and the philosophy of laboratory animal management. The course includes handling, restraint, husbandry, care and observation of laboratory species. Methods and procedures involved in laboratory animal breeding, injections, anesthesia, sample collection, medicating, nutrition, euthanasia and necropsy are also covered. Appropriate terminology is included. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.

260L Laboratory Animals Medicine Laboratory

1.5 hours lab, 0.5 units
Grade Only

Prerequisite: Veterinary Technology 125L or Veterinary Technology 225, each with a grade of "C" or better, or equivalent.

Corequisite: Veterinary Technology 260.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 250, Animal Health Technology 255L or Animal Health Technology 260L. This course provides the Veterinary Technology student with the opportunity to practice the procedures and techniques of safe and proper animal restraint, anesthesia, injection techniques, and sample collection. Students also perform tattooing, ear notching and other procedures commonly utilized in the research setting. Students are required to perform a necropsy following established guidelines. Appropriate veterinary and research terminology is included. This course is for students enrolled in the Veterinary Technology Program. (FT) AA/AS; CSU.

270 Veterinary Work Experience

60–300 hours other, 1–4 units
Grade Only

Prerequisite: Veterinary Technology 115, Veterinary Technology 125, and Veterinary Technology 125L, each with a grade of "C" or better, or equivalent.

Corequisite: Completion of or concurrent enrollment in Veterinary Technology 135, Veterinary Technology 225, and Veterinary Technology 227, each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 270. This course is for Veterinary Technology students to acquire on-the-job training in an approved veterinary facility. Students must complete a minimum of 240 hours (4 units) to graduate. This work experience course of supervised internship is approved by the state board of veterinary medicine. (FT) AA/AS; CSU.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Milestone formerly referred to as Skill Level
work or employment is designed to assist students to acquire career awareness, work habits, attitudes and skills related to the field of veterinary medicine. Students must work 75 paid hours or 60 non-paid hours per unit earned. The combined maximum credit for all work experience course work from all disciplines may not exceed 16 units. This course is for students enrolled in the Veterinary Technology Program. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (44), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 328. Please refer to the class schedule and/or see the dean or department chair for availability.

Vietnamese (VIET)

101 First Course in Vietnamese
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
This is the first course in Vietnamese with emphasis on understanding, speaking and reading the language of everyday life. In this interactive course, the elements of grammar are examined with practice in writing Vietnamese, using the subject matter relating to the culture and traditions. Basic language structures and vocabulary for communication are examined and explored in Vietnamese. This course may especially be of interest to students preparing for a career in education. (FT) AA/AS; CSU; UC, for UC Transfer Limitations see a Counselor or reference ASSIST.org.

102 Second Course in Vietnamese
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Vietnamese 101 with a grade of "C" or better, or equivalent.
This is the second course in the Vietnamese language sequence. In this interactive course, students use listening, reading, speaking and writing at more complex levels. The students further develop their receptive and productive competencies to the intermediate low or mid level. The elements of grammar are examined with practice in writing Vietnamese, using the subject matter relating to the culture and traditions. This course is intended for students interested in languages and for those interested in further academic study of Vietnamese. (FT) AA/AS; CSU; UC.

201 Third Course in Vietnamese
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Vietnamese 102 with a grade of "C" or better, or equivalent.
This is an intermediate course and it is the third in the Vietnamese language sequence. In this interactive course, students use the language through speaking, listening, reading, and writing at the intermediate level. More complex language structures and vocabulary for communication are examined and explored as well as the literary and historical aspect of Vietnamese culture. (FT) AA/AS; CSU; UC.

290 Independent Study in Vietnamese
3–9 hours other, 1–3 units
Pass/No Pass
Limitation on Enrollment: Obtain Permission Number from Instructor.
This course is for students who wish to conduct additional research, a special project, or learning activities in Vietnamese. It is not intended to replace an existing course in the discipline. In this course students will have a written contract with their instructor for activities such as: preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

Web Development (WEBD)

127 Creating User-Centered Content
2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only
Advisory: Completion of or concurrent enrollment in Multimedia 100 or Multimedia 121, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Multimedia 127.
This course teaches strategies and processes for developing websites and multimedia projects that are user-centered and meet industry standards of usability. User-centered content is ADA (Americans with Disabilities Act) accessible, functional, and searchable by search engines. Students learn how
to design a user-centered website and multimedia projects using a succinct writing style, well-designed navigation, and effective design. Students create a user-centered project. This course is designed for students pursuing a career in multimedia, web development, business, or communication. (FT) AA/AS; CSU.

152 Beginning Web Development: HyperText Markup Language (HTML) and Cascading Style Sheets (CSS)
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
*Limitation on Enrollment:* This course is not open to students with previous credit for Web Development 162.
This course introduces students to sound practices in creating a Website using HyperText Markup Language (HTML) and Cascading Style Sheets (CSS). Students create, validate, and publish Websites to the Internet following Web standards. This course is intended for beginning Web design students and anyone interested in a career that requires skills and knowledge in Website construction. (FT) AA/AS; CSU.

164 Javascript Fundamentals for Web Development
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
*Advisory:* Web Development 152 and Web Development 168, each with a grade of "C" or better, or equivalent.
*Limitation on Enrollment:* This course is not open to students with previous credit for Web Development 170.
This course is a practical study of Javascript and jQuery for Web development. Students use Javascript and jQuery in the Web Page creation process to enhance the user experience. This course is designed for students and professionals who wish to develop skills in Javascript and jQuery. (FT) AA/AS; CSU.

166 PHP: an Introduction
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
*Advisory:* Web Development 152 with a grade of "C" or better, or equivalent.
This course is a hands-on study of the fundamentals of PHP: Hypertext Preprocessor (PHP) coding.

Students create dynamic-driven webpages in accordance with current professional standards. This course is designed for all students and professionals who wish to acquire skills in dynamic website creation and development. (FT) AA/AS; CSU.

167 Using Web Databases
2.5 hours lecture, 1.5 hours lab, 3 units
*Grade Only*
*Advisory:* Web Development 152 with a grade of "C" or better, or equivalent.
*Limitation on Enrollment:* This course is not open to students with previous credit for Web Development 153.
This course provides a hands-on introduction to relational databases in a Web environment. Emphasis is placed on hand-coding Structured Query Language (SQL), specifically MySQL. Students master an open source database editor, XAMPP, to create and work with a database. Basic PHP: Hypertext Preprocessor (PHP) is used to bind data on a Web page. This course is designed for students studying web design and professionals updating their skills. (FT) AA/AS; CSU.

168 Intermediate HTML (HyperText Markup Language) and CSS (Cascading Style Sheets) for Web Design
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
*Advisory:* Web Development 152 with a grade of "C" or better, or equivalent.
*Limitation on Enrollment:* This course is not open to students with previous credit for Computer Business Technology 168.
This course is a hands-on study that builds on the foundational level HyperText Markup Language (HTML) and Cascading Style Sheets (CSS) skills. Students write intermediate level HTML5 and CSS2 and CSS3 techniques for creating complex and functional websites that meet accessibility requirements. Topics include coding with standards based HTML, intermediate and advanced CSS positioning, navigation, designing for mobile devices using responsive design, and integrating audio
169 Website Development Using Open Source Content Management Systems
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Multimedia 100, Web Development 127, and Web Development 152, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Computer Business Technology 169.
This course is a hands-on study of website development using open source Content Management Systems (CMS). Emphasis is placed on creating, customizing, securing and maintaining the content, data and design of the Website using Content Management Systems. Open source CMS tools such as WordPress, Joomla, and Drupal are used. This course is intended for students studying web design and professionals updating their skills. (FT) AA/AS; CSU.

171 Advanced JavaScript for Web Development
2 hours lecture, 3 hours lab, 3 units
Grade Only
Prerequisite: Web Development 164 with a grade of "C" or better, or equivalent.
This course is an advanced study of JavaScript and its frameworks for Web development. Students use JavaScript frameworks and libraries to create web applications. Frameworks including React and Angular are covered. Exploration into full stack environments with front end technologies is included in the course. This course is designed for students and professionals who wish to extend and advance their front end development skills in JavaScript. AA/AS; CSU; UC.

173 E-Commerce Website Creation
2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only
Advisory: Web Development 152 and Web Development 166, each with a grade of "C" or better, or equivalent.
This course provides students with the knowledge and skills required to create professional e-commerce websites. Students analyze clients’ needs to develop appropriate e-commerce solutions and incorporate them into secure websites using either custom databases or content management systems (CMS). Students implement best practices as they design the visual interface, develop databases using My Structured Query Language (MySQL) and Hypertext Preprocessor (PHP), create catalogs, set up shopping carts, including order, payment, and fulfillment processes. Security implementation adheres to current industry standards. This course is designed for students studying web design and professionals updating their skills. (FT) AA/AS; CSU.

191 Professional Practices in Web Design
2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only
Advisory: Web Development 166, 168, and 169, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Computer Business Technology 191.
In this capstone course, students design and develop an advanced Website. Emphasis is placed on the processes and methodologies used in industry, including working with the client, creating website content, and optimizing the site to ensure usability, findability and accessibility. This course is designed for students studying web design and professionals updating their skills. (FT) AA/AS; CSU.

101 Introduction to Gender and Women's Studies
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of "C" or better, or equivalent.
This course is an interdisciplinary introduction to Gender and Women's studies. This course helps students learn the appropriate tools of analysis and scholarship, address gender issues in education and the workforce, and women’s role in the formation and transformation of family structures. Students also focus on the intersections of race/ethnicity and gender in the shaping of these and other institutions over time. This course is useful for students considering careers in business, the social sciences, teaching, counseling, and nursing and for students interested in further studies in Gender and Women's Studies. (FT) AA/AS; CSU; UC.
OCCUPATIONAL WORK EXPERIENCE is a program of on-the-job learning experiences for students employed in jobs related to an occupationally oriented major. The goals and course assignments for completion of the courses are formulated with industry under the direction of the college instructor assigned to teach Work Experience 270. The grading system is the same as for other subjects offered by the college, and the time spent for preparation and training is comparable. Adequate records are maintained to determine satisfactory progress and attendance.

Student Learning Outcomes
Students will be able to:

- Apply critical thinking, research, analysis and resolution for work-related and personal objectives.
- Convert classroom instruction to the employment environment through the development and attainment of three (3) learning objectives.
- Write Specific, Measurable, Achievable, Relevant and Timely (S.M.A.R.T.) objectives related to new or expanded workplace responsibilities.
- Develop and apply personal skills, attitudes, and competencies in the workplace and within course-related activities.
- Demonstrate effective communication and technological awareness through the use of technologies (internet, email and telephone) in ways appropriate to the course.
- Demonstrate accountability for their personal actions at work and as it relates to course.
- Research resources for education and/or career options.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

270 Occupational Work Experience
60–300 hours other, 1–4 units
Grade Only

Limitation on Enrollment: Must obtain a permission number from Work Experience Coordinator for enrollment.
This course provides on-the-job learning experiences for students employed in a job or internship related to an occupational major. Students develop workplace competencies, critical thinking skills, and problem solving abilities through the creation and achievement of job-related behavioral learning objectives. One unit of credit may be earned for each 75 hours of paid employment or 60 hours of volunteer work. This course may be taken up to four times. However, the combined maximum credit for all Work Experience courses from all subject areas may not exceed 16 units. This course is intended for students majoring or interested in an occupational field of study. AA/AS; CSU.

272 General Work Experience
60–225 hours other, 1–3 units
Grade Only

Limitation on Enrollment: Must obtain a permission number from Work Experience Coordinator for enrollment.
A program of on-the-job learning experiences designed to assist the student in developing occupational effectiveness. Employment need not be related to vocational or occupational major. This course may be taken for a maximum of six units. However, the combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. AA/AS; CSU.

Hospitality
A.S., State University of New York, Delhi
B.S., State University of New York, Buffalo
M.S., Roosevelt University

LESTER, Kim M.
Exercise Science
B.S., San Diego State University
M.Ed., Azusa Pacific University

LÓPEZ, César
Chicano Studies
B.A., University of Southern California
M.A., Ph.D., University of California, Berkeley

LORENCZ, Laurie
English, Reading
B.A., University of Massachusetts
M.Ed., University of Washington

LUNA, Carl
Political Science
B.A., University of San Diego
Ph.D., The American University

LY, Pearl
Dean, School of Social/Behavioral Sciences & Multicultural Studies
B.A., University of San Diego
M.A., M.L.I.S., University of California, Los Angeles
Ed.D., University of California, San Diego/Calfornia State University San Marcos

MacNEILL, Andrew
Dean, School of Learning Resources and Academic Support
B.A., California State University, Chico
M.A., School for International Training, Brattleboro, Vermont
Ed.D., San Diego State University

MACIEL, Tara
Accounting
B.S., University of San Diego
M.S., San Diego State University

MALINIS, Bryan
Communication Studies
B.A., M.A., California State University, Long Beach
Ed.D., San Diego State University, Educational Leadership

MANASSE, Mark
Instructional Learning Assistance Coordinator
B.A., University of California, Berkeley
M.A., Monterey Institute of International Studies
Ph.D., University of San Diego

MARRUJO, Guillermo
Counselor
A.A., San Diego Mesa College
B.A., University of California, Santa Cruz
M.A., San Diego State University

MATHIS, Laura
Counselor
B.A., UC Berkeley
M.S., San Diego State University

MAXEY, Larry
Dean, Student Success and Equity
B.A., San Diego State University
M.A., Bellevue University

MAYASA, Thekima D.
Black Studies
B.A, Afro-American Studies; B.A., Economics,
M.A., Ed.D., San Diego State University

McDANIELS, Symone
Learning Resources
B.A., University of California, Berkeley
M.A., San Diego State University

MECKSTROTH, Phyllis
Mathematics
B.A., M.A.T, San Diego State University
MILLER, Victoria  
Dean of Student Affairs  
B.A., University of California, San Diego  
M.A., University of San Diego

MILLS, Kimberly  
Radiologic Technology  
B.S., M.S., University of St. Francis Joliet, Illinois

MILNER, Adrienne  
Computer and Information Science  
B.S., University of California, San Diego  
M.S., University of Southern California

MIYOSHI, Dina  
Psychology  
B.A., University of California, San Diego  
M.A., University of San Diego  
Ph.D., University of California, Riverside

MOCTEZUMA, Alessandra  
Art  
B.A., M.F.A., University of California, Los Angeles

MOHSENZADEH, Morteza  
Engineering  
B.S., M.S., San Diego State University

MONA, Claude O.  
Physics  
B.A., B.S., University of California, San Diego  
M.S., San Diego State University

MONGELLUZZO, Ryan  
Anthropology  
B.A., Boston University  
M.A., University of California, Los Angeles

MOORE, Danica  
Chemistry  
B.S., University of California, San Diego  
M.S., University of Oregon

MORENO IKARI, Jill  
English  
B.A., University of California, San Diego  
M.A., University of Southern California  
Ed.D., San Diego State University

MOTALEB, Pegah  
English  
B.A., California State University, Northridge  
M.A., California State University, San Marcos  
Ed.D., Joint Doctoral Program at University of California San Diego and California State University, San Marcos

NAIMARK, Katherine  
Mathematics  
B.S., Tel Aviv University, Israel  
Ph.D., Weizmann Institute of Science, Israel

NASCHAK, Bruce Stephen  
English  
B.A., M.A., San Diego State University

NIEMAN, Rebecca  
Business  
B.S., University of Minnesota, Minneapolis  
J.D., DePaul University College of Law

O’CONNOR, Isabel  
Vice President of Instruction  
B.A., University of Alicante  
B.A., Loyola Marymount University  
Ph.D., University of California, Los Angeles

ODASSO, Dave  
Communication Studies  
B.A., University of California, San Diego  
M.A., California State University Long Beach

ONWUCHEKWA, Edeama  
Equity and Engagement Librarian  
B.A., University of Nigeria  
M.A., University of Ghana  
MS CIS., California Miramar University  
Ph.D., University of South Africa

ORNELAS, Uriel  
French  
A.A., Ventura College  
B.A., San Francisco State University  
M.A., San Diego State University

ORONA, Celia  
English/ELAC  
B.A., University of California, San Diego  
M.A., M.A., Eastern Michigan University

PACHECO, Miriam  
Counselor  
B.A., San Diego State University  
M.S., San Diego State University

PADILLA BARAJAS, Hannah L.  
Spanish  
B.A., Macalester College  
M.A., University of California, Santa Barbara

PALACIOS, Katie  
Instructional Designer  
B.A., B.S., University of California San Diego  
M.A., San Diego State University

PALLARES, Valerie  
Counseling  
Mt. San Antonio College  
B.A., California State University, Dominguez Hills  
M.A., Loyola Marymount University, Los Angeles

PARKER, Juliette A.  
Articulation Officer  
B.A., M.P.A., San Diego State University

PARKER, Kari B.  
Counselor  
B.A., San Diego State University  
M.A., University of San Diego
PARSONS, Michelle A.
Program Manager/HSI
B.A., M.A., Ed.D., San Diego State University

PARVINI, Shahrokh
Mathematics
B.S., M.S., Oklahoma State University, Stillwater
Ed.D., Alliant University

PERIGO, Kimberley J.
Communication Studies
B.A., M.A., Ed.D., San Diego State University

PICKFORD, Robert E.
English
B.A., M.A., San Diego State University

PLAMBEK, Scott D.
Communication Studies
B.A., California State University Channel Islands
M.A., San Diego State University

POGUE-CELY, Kirsten
Counselor
B.A., Grinnel College in Iowa
M.A., University of San Diego

PRIMOZA, Alison
Spanish
B.A., M.A., Ph.D., University of California, Berkeley

RATTNER, Mariette
Business
B.A., California State University, Long Beach
M.B.A., University of Southern California

RAY, Waverly
Geography
B.A., Virginia Tech
M.A., Texas State
Ph.D., Texas State

RECALDE, Tina
Dean, School of Health Sciences and Public Health
B.S., University of California, San Diego
M.S., Middle Tennessee State University
DPT, University of Southern California

REDDA, Connie
Health Information Technology
B.S., Santa Clara University
M.A., College of St. Scholastica
Duluth, Minnesota
M.A., San Diego State University

REESCH, Nathan P.
Exercise Science
A.A., Foothill College
B.A., University of California, Santa Barbara
M.A., Ball State University

REUSS, Anthony
Counselor
B.A., M.Ed., University of San Diego
M.A., National University

RICO, Cynthia
Counselor
B.A., San Diego State University
M.A., San Diego State University

RODRIGUEZ, Michelle
Political Science
B.A., University of South Florida, Tampa
M.A., George Washington University
Ph.D., Johns Hopkins University

RODRIGUEZ, Patricia
Counselor
B.A., San Diego State University
M.S., National University

RODRIGUEZ, Raul
Counselor
B.A., CSU San Bernardino
M.S., CSU San Bernardino

ROGERS, Denise
Fine Art (Art History)
B.A., University of California, San Diego
M.A., San Diego State University
Ph.D., University of California, Irvine

ROMERO, Monica
Dean, Business and Technology
B.A., San Diego State University
M.A., San Diego State University

ROSENSTAND, Nina
Philosophy
Exam.Art (B.A.), University of Copenhagen, Denmark
Magister Artium (Ph.D.), University of Copenhagen, Denmark

RUSSELL, Rachel
Digital Technology
B.A., George Washington University
M.A., Arizona State University
Ph.D., University of Southern California

SABALLET, Alfonso
Computer Business Technology/Multimedia
B.S., Loyola University, Chicago
M.S., National University, San Diego
SAIDANE, Saloua  
Chemistry  
B.S., M.S., Ph.D., University of Tunis, Tunisia

SALINE-STYLES, Leslie A.  
American Sign Language  
B.A., M.A., Gallaudet University

SAMANIEGO, Lindsay  
Exercise Science  
B.S., San Diego State University  
M.S., Azuza Pacific University

SANCHEZ, Robert J.  
Fine Art (Painting & Drawing)  
B.F.A., Memphis College of Art  
M.A., University of New Mexico, Albuquerque

SANDVICK, Ronald  
Math  
B.A., San Diego State University  
M.A., University of New Hampshire

SARDO, Jessica  
Chemistry  
B.S., Fairfield University  
Ph.D., University of California, San Diego

SCHOENBRUN-FERNANDEZ, Dora I.  
Spanish  
B.A., University of California, Berkeley  
M.A., San Diego State University

SCHOUGAARD, Allan  
Computer and Information Sciences  
M.S., University of Copenhagen  
M.A., San Diego State University  
M.B.A., National University

SECOR, Kristian  
Web Development  
B.S., Syracuse University  
M.S., Quinnipiac University  
Ed.D., Argosy University

SEIGER, Leslie  
Biology  
B.S., Wright State University  
Ph.D., George Washington University

SEXTON, Barbara A.  
Fine Art (Drawing and Painting)  
B.A., University of South Florida  
M.A., San Diego State University

SHAPIRO, Lisa  
Business  
B.A., University of California, Berkeley  
M.S., Antioch University in New Hampshire

SHARMA, S.K.  
Ph.D., California Institute of Technology

SHI, Xiaoguang (Shannon)  
Chinese (Mandarin)  
B.A., Lanzhou University, Lanzhou, China  
M.A., Chinese Academy of Social Sciences, Beijing, China  
Ph.D., University of California, San Diego

SHIMAZAKI, Leslie  
Dean, Arts and Languages and Acting Dean, School of Social & Behavioral Sciences/Multicultural Studies  
B.A., University of San Diego  
M.A., Alliant International University

SHUMAKER, Ryan  
Dean, Exercise Science, Health Education, Dance, and Athletics  
B.S., MBA, Southern Illinois, Carbondale  
Ed.D., San Diego State University

SIME, Jennifer  
Anthropology  
B.A., University of California, Berkeley  
M.A., Ph.D., Columbia University

SMILEY, Jordyn  
Fashion  
B.S., California Polytechnic State University  
M.F.A., San Diego State University

SMITH, Wendy  
English  
B.A., University of California, San Diego  
M.A., San Diego State University

SMULEVITZ, Cara  
B.A., University of Illinois, Chicago  
M.A., School of Art Institute of Chicago  
Ph.D., University of Illinois, Chicago

SNOYDER, Jennifer  
Physical Sciences  
Ph.D., Western Michigan State

SOJOURNER, Raquel  
Counselor  
B.A., University of California, Irvine  
M.A., San Diego State University

SONG, Xiaochuan  
Business/Economics  
B.A., M.A., Liaoning University, Shenyang, China  
M.S., Brigham Young University  
Ph.D., University of Southern California, Los Angeles

SPOON, Kelly  
Mathematics  
B.A., University of California San Diego  
M.S., San Diego State University

STARBUCK, Scott  
English  
B.S., Western Oregon State College  
M.F.A., Eastern Washington University, Cheney

STELLMACHER, Krista L.  
Director of Resource Development  
B.A., University of California San Diego

STOJIMIROVIC, Irena  
Ph.D., University of Massachusetts (Amherst)
STOLL, Dawn  
DSPS, Counselor  
B.A., University of California, Santa Cruz  
M.S., San Diego State University

SUAREZ, Scott  
Anthropology  
B.A., College of William & Mary  
M.A., Ph.D., Stony Brook University

SULLIVAN, Chris  
English  
B.A., M.A., San Diego State University  
Ed.D., San Diego State University

SUNDAYO, Judy  
Counselor  
B.A., American University  
M.A., United States International University  
M.A., Ph.D., Professional School of Psychological Studies

SVOBODA, George (Jiri)  
Music (Performance Studies)  
B.A., M.A., San Diego State University  
Degree from State Conservatory of Pilsen, Czechoslovakia

SZYNDLAR, Jerzy  
Exercise Science, Soccer  
B.A., M.A., Gdansk University, Poland

TEMPLE, Michael V.  
Counselor  
A.A., Grossmont College  
B.A., University of Montana, Missoula  
M.A., San Diego State University

TIFFANY, Caitlin  
Assistant Professor, Biology  
B.S., University of California, Davis  
M.S., San Diego State University

TORRES, Oscar  
Psychology  
B.S., M.A., Ph.D., University of Texas, El Paso

TOTH, Juan Carlos  
Multimedia  
B.A., Keene State College  
M.F.A., San Diego State University

TOTO, Joseph, Chemistry  
B.S., Albright College, Reading, PA  
M.S., Ph.D. University of California, Santa Barbara

TRAN, Ngoc Kim  
Mathematics  
B.A., University of California, San Diego  
M.A., University of California, Santa Barbara

TUTTLE, Tracy C.  
Accounting  
B.A., M.S., University of Nevada, Las Vegas

VARGAS, Paloma  
El Paso Community College  
B.S., Biology, University of Texas at El Paso  
M.S., Ph.D., Medical and Molecular Parasitology, New York University School of Medicine  
IRACDA, Post-Doctoral Fellowship, Northwestern University

VELEZ, Manuel J.  
Chicano Studies  
B.A., M.F.A., University of Texas, El Paso

VILLALOBOS, Jorge  
English/ELAC  
B.A., California State University, San Marcos  
M.A., California State University, San Marcos

VOLATIER, Christina Sanchez  
Sociology  
B.A., University of San Diego  
M.A., San Diego State University  
Ph.D., University of Miami

WADE, Lauren  
Accounting  
B.A., M.A., University of San Diego

WAIT, Karen  
Program Director, Dental Assisting  
R.D.A., C.D.A.  
B.S., California Baptist College

WALKER, Tracey  
English/ELAC  
B.A., M.A., San Diego State University

WATKINS JR., Gary  
Exercise Science  
B.A., Chapman University  
M.A., American Military University

WEAVER, Benjamin F.  
Counselor  
B.S., M.S., San Diego State University

WESLEY, Walter Duane  
Computer and Information Science (CISC)  
B.S., M.S., National University, San Diego

WHITE, Todd C.  
Biology  
B.S., University of California San Diego  
Ph.D., University of Arizona

WHITFIELD, Tonya  
Culinary Arts/Culinary Management  
A.A., Mesa College  
B.A., Colorado State University

WILLIAMS, Melissa  
Counselor, DSPS  
B.S., M.S., San Diego State University
**WONG, Robert**  
Architecture  
B.S., M.S., Woodbury University

**YE, George**  
Drama  
B.A., Emporia State University  
M.A., University of North Carolina at Chapel Hill  
M.F.A., Florida Atlantic University

**ZABALETA, Francisco S.**  
Spanish  
B.A., M.A., San Diego State University  
Ph.D., University of California, Santa Barbara  
Degree in Master Industrialist Studies, Don Bosco Polytechnic Institute, Pasajes, Guipuzcoa, Spain
