

San Diego Community College District

CLASSIFICATION DESCRIPTION

Title: Director, Facilities Services

Unit: Management

Page: 1 of 3
Job Code: C3520
Original Date: 04/1995
Last Revision: 07/2023
Staff Type: Classified
FLSA status: Exempt
Salary Range: 6

DEFINITION

Under the general supervision of the Vice Chancellor, Facilities Management, or assigned manager, plan, organize, coordinate, and direct functions, programs, and services of the Facilities Services Department. Plan, schedule, assign, coordinate, supervise, review, and evaluate activities and personnel for maintenance and operations functions, including buildings and grounds maintenance, custodial, gardening, HVAC and electrical, energy management, preventive maintenance, equipment repair, business processes, construction and other improvement projects, space inventory activities, and health and safety programs, including hazardous materials management.

EXAMPLE OF DUTIES

1. Manage district functions, including repair of buildings; utility services; equipment repair; maintenance and repair/replacement of heating, air conditioning, and ventilating systems; warehousing; inventory; energy management; and material delivery.
2. Direct, plan, organize and evaluate district custodial and gardening services; coordinate and implement safety compliance programs, space inventory reports, energy management; ensure safe working conditions of mechanical systems, such as air conditioning, ventilating, and boiler and heating plants.
3. Provide overall administrative direction, technical advice, and supervision to maintenance, custodial, and grounds supervisors, including a wide range of journey-level trades personnel; supervise assigned employees; appraise performance; make employment, transfer, and promotion decisions.
4. Provide leadership in support of the District's sustainability policies, procedures, and initiatives, including solar power generation, green cleaning, waste diversion, water conservation, and smart metering.
5. Provide leadership of lean enterprise management of Facilities Services, including kaizen team support, value stream mapping, and process improvement. Develop appropriate benchmark data and monitor progress toward continuous improvement goals, including participation in APPA Facilities Performance Indices annually.
6. Provide leadership for district compliance with OSHA and safety procedures and rules. Assure that hazardous material spills are handled, stored, and disposed of according to legal requirements and procedures.
7. Plan, implement, and monitor progress of work on capital improvement projects, preventive maintenance program, breakdowns, and equipment repair.
8. Administer program to resolve grievances, general conflict resolution, hiring, firing, disciplining, and evaluating employees.
9. Analyze and recommend policies, procedures, and funding required to continue programs. Prepare and submit budget for assigned functions; review periodic budget reports to compare actuals against forecasts; provide explanations of variances as necessary.
10. Prepare various reports; accumulate data and prepare narrative explanations.
11. Supervise energy management efforts and conduct technical investigations of facility and equipment improvement projects; conduct on-site inspections of planned work and work in progress.

12. Assure that district facilities are inspected regularly to ensure compliance with building and fire codes, maintenance, cleanliness, and energy use standards.
13. Assure that fuel for district vehicles is stored and dispensed safely and efficiently.
14. Serve as resource for classified collective bargaining process.
15. Perform related duties as assigned.
