---

### **DEFINITION**

Under the direction of a Dean or assigned supervisor or manager, perform technical and clerical work in an instructional lab setting in the subject of Healthcare Careers.

### **DISTINGUISHING CHARACTERISTICS**

The Instructional Assistant class is distinguished from the Instructional Lab Technician class in that positions assigned to the class of Instructional Assistant provide instructional assistance to students and instructors in an instructional lab designated for a specific academic or vocational subject area. Under the direction of an administrator or specified faculty member, incumbents operate independently and perform a wide variety of technical and clerical duties, requiring experience in the field of specialty. Incumbents assigned to the class of Instructional Lab Technician oversee a complex instructional lab for an academic or vocational area and must possess more extensive technical or academic training and experience in the field of specialty.

### **EXAMPLE OF DUTIES**

1. Assist students in the effective use of supplies, materials, and equipment.
2. Monitor and direct students in the open laboratory and assist at-risk students with skill acquisition related to identified clinical deficiencies.
3. Assist instructors in the Healthcare Careers laboratory and the clinical laboratory when needed.
4. Prepare equipment for instructor demonstration, student practice, and evaluation.
5. Assist instructors and students in the effective use of laboratory supplies, audiovisual materials, computer hardware and software, nursing equipment, and relevant instructional procedures.
6. Order, receive, catalog, and store supplies, materials, and equipment; maintain inventory of same ensuring that adequate quantities are available.
7. Oversee students' use of equipment during laboratory sessions and assist students by answering routine questions regarding use of equipment and safe performance of healthcare procedures.
8. Operate and maintain a variety of instructional materials, supplies, and equipment.
9. Assist in the preparation of the laboratory budget and monitor budget expenditures.
10. Maintain detailed, confidential student records in accordance with the requirements of the regulatory agency; assist in the preparation and maintenance of program reports.
11. Maintain instructional laboratories in a clean and orderly manner.
12. Perform routine clerical duties, such as answering telephones, taking messages, providing information regarding the healthcare careers program, greeting the public, and maintaining records and files.
13. Perform related duties as assigned.
