

San Diego Community College District

CLASSIFICATION DESCRIPTION

Title: Instructional Assistant / Power Sewing

Unit: Office Technical

Page: 1 of 2
Job Code: J1230
Original Date: 07/1992
Last Revision: 05/2016
Staff Type: Classified
FLSA status: Non-exempt
Salary Range: 18

DEFINITION

Under the direction of an instructor, Instructional Lab Technician, or assigned supervisor or manager, assist students and instructors and provide technical support in an instructional lab setting for power sewing; assist in the preparation of instructional materials and perform related clerical duties as assigned.

DISTINGUISHING CHARACTERISTICS

The Instructional Assistant class is distinguished from the Instructional Lab Technician class in that positions assigned to the class of Instructional Assistant provide instructional assistance to students and instructors in an instructional lab designated for a specific academic or vocational subject area. Under the direction of an administrator or specified faculty member, incumbents operate independently and perform a wide variety of technical support duties, requiring training and/or experience in the field of specialty. Incumbents assigned to the class of Instructional Lab Technician oversee a complex instructional lab for an academic or vocational area and must possess more extensive technical or academic training and experience in the field of specialty.

EXAMPLE OF DUTIES

1. Assist students in assignments related to clothing construction and power sewing.
2. Tutor students individually or in small groups, reinforcing or following up on instructions provided by the instructor.
3. Explain concepts, principles, and terminologies to students.
4. Control the circulation of instructional supplies, materials, tools, and equipment to students and instructors by checking items in and out, maintaining appropriate records and inventories, and ordering replacement items as necessary according to approved procedures.
5. Assist students in the proper selection, operation, and care of instructional materials and equipment; assist students to understand assignments by reinforcing instruction provided by the instructor.
6. Perform clerical duties, such as answering telephones, taking messages, opening and routing mail, scheduling appointments, collecting fees, scoring and recording student assignments, preparing reports, and maintaining records and files.
7. Process incoming supplies, materials, tools, and equipment by identifying and labeling items and maintaining appropriate records.
8. Operate a variety of equipment related to power sewing; advise students of safety procedures and minor maintenance of equipment.
9. Prepare materials and equipment for demonstrations by instructors or for use by students.
10. Provide information to students, instructors, and others as requested; ensure that appropriate safety procedures are observed by students.
11. Assist in preparing, administering, scoring, and recording student tests; provide relevant information to instructors regarding student progress.

12. Maintain instructional materials, supplies and equipment; schedule repairs for all lab equipment according to approved procedures.
13. Provide training and work direction to student aides and hourly assistants.
14. Maintain instructional area in a clean and orderly manner; ensure the security of the facilities as assigned.
15. Perform related duties as assigned.

DESIRABLE QUALIFICATIONS

Knowledge:

- Basic knowledge of clothes construction and power sewing.
- District organization, operations, policies, and objectives.
- English usage, grammar, spelling, punctuation, and vocabulary.
- General needs and behavior of students of various ethnic, racial, and cultural backgrounds.
- Instructional methods and techniques.
- Operation, maintenance, uses, and characteristics of a wide variety of equipment used in instructional labs and learning centers for clothes construction and power sewing.
- Oral and written communications skills.
- Principles and practices of work direction and training.
- Record-keeping techniques.
- Safety regulations involving field of specialty.
- Technical aspects of clothes construction and power sewing.

Skills and Abilities:

- Advise students in the proper operation and use of sewing machines according to different type of fabrics and the use of clothing construction equipment.
- Assist students in the cutting and construction of garment using factory techniques.
- Communicate effectively both orally and in writing.
