Student Services Update

June 2015

IN THIS ISSUE

- SDCCD: The Talk of the Fair

- Title IX Student Training in Development

- Campus Solutions Update

- New Additions to the Team!

Fun Fact

Campus Solutions is converting over **2.5** million student records that's equivalent to the population of **Chicago in 2007** **OR** the entire state of **New Mexico**

The San Diego Community College District's annual outreach event at the San Diego County Fair was a huge success. Thanks to the City College Cosmetology Program, there were lines of fair-goers waiting for haircuts, manicures and face painting. The SDCCD booth and activities were the talk of the fair. The Outreach team spent the day distributing information about the colleges and Continuing Education to prospective students highlighting many of the district programs and services.

Special thanks to the many volunteers, staff, faculty and students who helped make such a strong presence for the district.

Title IX Student Training in Development

District Student Services is completing final development for the new online student training on sexual assault awareness and prevention. These online trainings are part of the district's efforts to promote a safe learning environment for all students and in response to recent legislative changes. San Diego City, Mesa and Miramar Colleges and Continuing Education students will be able to start the online training in early August.

Campus Solutions Updates

While Summer may slow down for some, the Campus Solutions team is hard at work on configuration of the new system and conversion. The team is in the process of converting the entire course catalog history (over 40,000 course catalog records) into Campus Solutions. Additionally, the conversion of the student biographical information has begun, and will be an ongoing process since there are over 2.5 million student records to bring into the new system!

We would also like to welcome the new Ciber Advising and Conversion consultants who are working with the team on advising functions and conversion in Campus Solutions.

New Additions to the Student Services Team!

Please join us in welcoming our two new Evaluators to District Student Services, Helen Houillion and Emily Ball.

Helen Houillion started her career with the San Diego Community College District in 1998 and has worked at a variety of positions throughout the district. Her dedication, knowledge of student records and commitment to students will be a valuable addition to the Evaluator team.

Emily Ball joins the district from the College of Charleston in South Carolina where she has served as an Administrative Specialist and Academic Advisor for seven years. Her responsibilities included course articulation, admission and transfer requirements, and academic advising. Emily brings a deep understanding of degree requirements and the community college pathway to the university.

Key Dates

Summer 2015

- Summer grades available on Reg-E: **July 13**

Fall 2015

- Last day to apply, complete assessment, orientation and education planning to receive a priority registration date: **July 1**

- Notifying students of their registration appointments: **July 2**

- Registration by appointment: **July 13 to July 31**

- Open registration: **August 3**

- Classes begin: **August 24**

- Add/Drop/Refund deadline for semester length courses: **Sept 4**
